1. **Policy.** Repatriated Prisoners of War (POWs) are, as a general rule, initially assigned to the duty of their choice provided they can perform a useful service in that area. Primary emphasis is on the individual's preference of duty assignment.

a. Repatriated POWs are not reassigned to units, which would expose them to recapture in the same area by the same country, or by nations sympathetic to that country, prior to cessation of hostilities with the capturing country.

2. **Assignment**

a. Assignment officers will monitor returnee assignments very closely and provide the necessary counseling for an early return to the established sea/shore career pattern.

b. Returnees who are not physically qualified or do not desire to return to a previous operational status should be counseled to whatever extent necessary to make them qualified and competitive for subspecialty career, if practical.

c. The following phrase will be added to the personnel (PRSN) screen of each repatriated POW's Officer Assignment Information System (OAIS) file:

"Ref: Geneva Convention Art 117 not to be assigned to combat or combat support billet without clearance."

MILPERSMAN 1301-225

OFFICER SPECIAL ASSIGNMENTS - LIMITED DUTY (LIMDU)

Responsible Office	NAVPERSCOM (PERS-821)	Phone:	DSN	882-3229
			COM	(901) 874-3229
			FAX	882-2622

References	(a) NAVMED P-117, Manual of the Medical Department (MANMED)
	(b) EPMACINST 5000.3D (Transient Personnel Administration (TPA) Users' Manual)
	(c) SECNAVINST 1850.4E

1. **Policy.** The assignment of officers approved for limited duty (LIMDU) is based on the recommendations of a medical board convened per reference (a).

a. Officers in this category are normally assigned to duty ashore by the assignment detailer, Navy Personnel Command (NAVPERSCOM). These assignments will be made in close proximity to a Navy medical facility where an officer is to receive follow-up care and reevaluation. These officers are disqualified for assignment to duty afloat or duty involving flying. Other specific duty assignment limitations/restrictions will be indicated in the approved medical board, or in the recommendation of Chief, Bureau of Medicine and Surgery (BUMED).

b. Thirty days prior to expiration of the specified period of LIMDU, the officer is reevaluated and is recommended for an additional period of LIMDU, restored to full duty, or referred for review by the Physical Evaluation Board (PEB).

c. All periods of LIMDU recommended by a medical treatment facility (MTF) for officer personnel must be approved by NAVPERSCOM, Disability, Retirement, and LIMDU Section (PERS-4821) prior to assignment detailer issuing orders. Per reference (a), a completed medical board forwarded for departmental review is required in these cases.

2. **Definition.** "Limited duty" is defined as a temporary assignment ashore based on the recommendations of a medical board.

3. **Procedures.** Medical boards normally recommend LIMDU status for a period of 6 months and require reexamination 30 days prior to LIMDU expiration. When approved, officers will be assigned to

duty compatible with the physical limitations dictated in the medical board. All medical boards recommending LIMDU for officers will be forwarded to NAVPERSCOM (PERS-4821) for determination. Upon official notification of NAVPERSCOM (PERS-4821) LIMDU authorization message, the member's assignment officer will issue the appropriate orders as follows:

a. **Member will remain at current shore duty station.** No permanent change of station (PCS) orders required. Upon receipt of the LIMDU authorization message by the servicing Personnel Support Activity (PERSUPPACT)/Personnel Support Activity Detachment (PERSUPP DET), the appropriate Navy Standard Integrated Personnel System (NSIPS) action will be performed to change the officer's accounting category code (ACC) from 100 to 105. The projected rotation date (PRD) will only be adjusted for those assigned to a normal shore tour if LIMDU expiration date exceeds the PRD.

b. **Member will be detached from current duty station.** PCS orders will be issued by the assignment officer detaching the member from present duty station (ACC: 100 in most cases) and direct member to report to a new duty station ashore in a LIMDU status (ACC: 105). The member may be assigned against a valid billet, if available. Otherwise, assignment will be made to a 99990 billet sequence code (BSC). Normal Officer Assignment Information System Version 2 (OAIS2) PCS order writing procedures may be followed. The officer's PRD will be the month/year the approved LIMDU period is to expire as indicated by NAVPERSCOM (PERS-4821).

c. **Tracking System for LIMDU Officers.** When an officer is assigned to a LIMDU status, the servicing PERSUPP DET/personnel office of the member will establish a tracking system for the officer. Tracking systems and status update reports required from PERSUPP DETs/personnel offices are the same for officer and enlisted personnel, and are described in detail in reference (b).

d. **LIMDU Reevaluation.** Thirty days prior to the expiration of the LIMDU period, the officer will be reevaluated as specified by reference (a). Each component of the LIMDU reevaluation system (the officer, the officer's command/cognizant PERSUPP DET and the cognizant medical facility) should assist in ensuring that the medical reevaluation is promptly completed and that the required reports are quickly processed.

(1) When the local medical board recommends the officer not be retained on active duty, the case shall be referred to the PEB for a fitness determination.

(2) When officers retained on active duty in less than a full duty status become unable to perform their duties properly because of a physical disability, they will be referred to a Navy hospital in continental United States (CONUS) for evaluation, treatment if indicated, and appropriate disposition.

e. When an officer is reevaluated and either returned to duty or separated, an Officer Availability Report is submitted by the servicing PERSUPP DET/personnel office to make an officer available for reassignment or separation per MILPERSMAN 1301-010. Appropriate orders will be issued by the officer's assignment officer (reassignment) or NAVPERSCOM, Career Progression Division (PERS-48) (separation).

f. If the officer is recommended for additional periods of LIMDU by the MTF, the case is forwarded to NAVPERSCOM (PERS-4821) for another departmental review. Upon officer notification, the member's PRD will be adjusted by the member's Detailer/Assignments Officer.

4. **Permanent Limited Duty (PLD)**. An officer declared unfit for continued Naval Service by the PEB may apply for retention on active duty in a PLD status per reference (c). Officers retained in a PLD status will be placed in a LIMDU status in ACC 105 and their PRDs will be adjusted to the approved PLD date. The officer will remain in a LIMDU status until separated/retired from active duty.

MILPERSMAN 1301-226

OFFICER SPECIAL ASSIGNMENTS - TRAINING INSTRUCTOR DUTY

Responsible Office	Naval Service Training Command (NSTC) (N13)	Phone:	DSN	792-7600
			COM	(847) 688-7600
			FAX	(847) 688-5589

References	(a) OPNAVINST 1500.75A
-------------------	------------------------

1. **Policy**. Officers assigned to training instructor billets must be sent to instructor training (COI A-012-0077) en route to their assignment. Only officers with high potential for promotion will be assigned to instructor billets.

2. **Screening for High Risk Training**. Assignment to training instructor billets is classified as high-risk, requiring in-depth medical screening. Completion of enclosures (1) through (3) of reference (a) for high-risk courses is required. It is the responsibility of the receiving activity to notify the detaching activity of the requirement.

MILPERSMAN 1301-227

OFFICER SPECIAL ASSIGNMENTS – OFFICERS WITHOUT SECURITY CLEARANCES

Responsible Office	NAVPERSCOM (PERS-834)	Phone: DSN COM E-mail:	882-2090 (901) 874-2090 PERS-834@navy.mil
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone: Toll Free	1-866-U ASK NPC

References	(a) SECNAVINST 1920.6C (b) SECNAV M-5510.30 Personnel Security Program Manual
-------------------	---

1. Policy

a. Department of the Navy policy promotes the readiness of the naval service by maintaining the highest standards of conduct and performance in the officer corps. An officer who fails to attain or maintain a security clearance falls short of this standard per reference (a).

b. Should an officer's security clearance eligibility revocation and or denial be upheld after all appeals as described in reference (b), the officer must be processed for administrative separation from the naval service. The commanding officer must submit an administrative separation request to Navy Personnel Command (NAVPERSCOM), Officer Performance and Separations Branch (PERS-834).

c. Officers whose security clearance eligibility has been revoked or denied, or whose clearance revocation and or denial actions pending, will not be transferred without approval from NAVPERSCOM (PERS-834).

2. Submission of Administrative Separation Request. Follow personally identifiable information guidelines published on Navy Personnel Command Web site under NAVPERS (PERS-834) organization code at <http://www.public.navy.mil/bupers-npc/organization/Pages/NPCWebDirectory.aspx>.

A sample letter format for an administrative separation request follows:

From: Commanding Officer
To: Commander, Navy Personnel Command (PERS-834)
Via: (1) Subject Officer
(2) Commanding Officer
(3) ISIC (if CO is not a Flag officer)
(4) First Flag Officer (if ISIC is not a flag officer)

Subj: REQUEST FOR ADMINISTRATIVE SEPARATION ICO [rank, name, USN, or USNR, designator]

Ref: (a) SECNAVINST 1920.6C
(b) MILPERSMAN 1301-227

Encl: (1) Department of Defense Central Adjudication Facility Navy Section (DoDCAF) ltr [Ser], of [date]

1. As per enclosure (1), DoDCAF denied [rank, name] security clearance due to [reason for denial]. Per references (a) and (b), request [rank, name] be administratively separated with an honorable discharge as continued retention on active duty is not consistent with the interests of national security.

2. [rank, name] does/does not have an active duty obligation. [explanation]

3. [rank, name] will have 10 business days upon receipt of this letter in which to file a statement, the first endorsement to this request, concerning any matters he/she may wish Commander, Navy Personnel Command to consider. Should he/she not desire to make a statement, he/she should express that intention in writing in the first endorsement to this request. Navy Personnel Command will consider any and all materials that [rank, name] wishes to include.

4. My POC for this matter is [rank, name, telephone number, e-mail].

			COM	(901) 874-4320
			FAX	882-2186

References	(a) OPNAVINST 6110.1G
------------	-----------------------

1. **Policy.** Reference (a) describes the administrative action to be taken for members who are in non-compliance with physical readiness standards.

a. Failure of physical fitness assessments (PFAs) will not limit assignments except when a member cannot obligate for the minimum sufficient obligated service (OBLISERV) to complete the proposed assignment.

b. Officers who are out of body fat standards may permanent change of station (PCS) transfer; however, assignment to some designated duties (e.g., instructor, recruiter, etc.) will continue to be restricted to members who are within standards at time of transfer.

MILPERSMAN 1301-229

OFFICER SPECIAL ASSIGNMENTS - NAVAL INSPECTOR GENERAL (NAVINGEN) ASSIGNMENTS TO STAFFS OF MAJOR COMMANDS

MILPERSMAN 1301-230
OFFICER SPECIAL ASSIGNMENTS - REASSIGNMENT OF
DISABLED OFFICERS

Responsible Office	NAVPERSCOM (PERS-821)	Phone:	DSN	882-3229
			COM	(901) 874-3229
			FAX	882-2622

1. **Policy**

a. Officers who are amputees, have unilateral blindness, or suffer other disabling injuries may be considered for continuation of active duty **even though unfit** because of physical disability.

b. They can still serve with appropriate assignment limitations. The phrase "serve with appropriate assignment limitations" means an assignment limitation based on the specific impairment involved (i.e., members may be assigned to any duty, except flying, which they are physically capable of performing).

2. **Guidelines**

a. The following guidelines are used in evaluating disabled members who may desire to remain on active duty:

(1) **Amputees.** A member who has suffered a loss of any extremity and cannot be fitted with a functional prosthetic device shall not be considered for retention. A member who has suffered the loss of an extremity and been fitted with a functional prosthetic device may be considered for retention on active duty not involving flying.

(2) **Unilateral Blindness.** Members shall not be considered for retention when they have lost the use of a previously healthy eye by reason of trauma and there are other residual eye disabilities requiring frequent medical care or hospitalization. In those cases where there are no other residual eye disabilities, members may be considered for retention on active duty not involving flying.

(3) **Other Disabling Injuries.** Members unfit because of physical disability involving disabling injuries to other organs

and parts of the body, can still serve with appropriate assignment limitations. The same criteria for retention on active duty are applied as in para. 1b above.

b. Members will not be continued on active duty solely to increase benefits, nor will they be continued unless their employment is justified as being of value to the service.

(1) A member continued under this policy will be reevaluated periodically to assure that further continuance or separation is uniform with the best interest of the government and the member.

(2) Unless the disqualifying condition has progressed to the point where the member becomes unable to serve with appropriate assignment limitations, the member will remain liable to complete any service obligation incurred.

c. Navy Personnel Command (NAVPERSCOM) will consider each case on an individual basis and the final decision will be based upon the circumstances and the needs of the service.

(1) No specific years of service will be required to qualify and members will not be excluded from consideration for continuation solely because they are young or inexperienced.

(2) Requests will be processed by assignment officers, and members who are considered qualified under this policy will be recommended for retention to Secretary of the Navy (SECNAV).

MILPERSMAN 1301-232

OFFICER SPECIAL ASSIGNMENTS - INFORMATION PROFESSIONAL (IP) OFFICER ASSIGNMENTS TO MILESTONE BILLETS

Responsible Office	NAVPERSCOM (PERS-471)	Phone:	DSN	882-3512
			COM	(901) 874-3512
			FAX	882-2477

1. **Policy.** Any officer who is screened for Information Professional (IP) milestone (MILPERSMAN 1301-807) in grade will be assigned to a milestone billet unless the officer indicates in writing an unwillingness to serve (see MILPERSMAN 1300-027), is de-screened by a later selection board, fails to select to next rank, or is unable to meet medical requirements of milestone billet.

2. **Milestone Bank.** In order to maintain a viable bank of milestone eligible officers and provide maximum opportunity for milestone screening, officers not desiring to be assigned to a milestone billet should decline milestone assignment within 6 months of milestone selection notification.

3. **Preparation and Approval of IP Milestone Screen Slates.** Following screening of officers for IP milestone, the IP community senior detailer prepares IP milestone slates assigning screened officers to respective milestone billets.

a. Priority will be given to the slating of officers who will be in zone for promotion. The senior detailer will make every effort to match officer experience and qualifications with the appropriate milestone billet.

b. Screened officers who are not immediately slated will remain in the bank and can expect to be slated to a milestone billet at the earliest possible date.

c. The slate is reviewed by IP flag leadership and approved by the senior IP flag officer.

4. **Detailing to IP Milestone Billets.** General policy is that only officers screened for IP milestone will be assigned to milestone billets. Every effort will be made to assign officers

screened for milestone first, and then officers selected Eligible No Quota (ENQ).

a. Exceptions to this policy may arise when there are no screened officers and no ENQ officers available, thus necessitating assignment of a non-board screened officer for the reason of maximizing fleet readiness.

b. A non-board screened officer slated to fill a milestone billet will be administratively screened by the senior IP detailer, reviewed by community flag leadership, and approved by the senior IP flag officer. The senior IP detailer will base administrative screening proposals on remaining looks, performance, and availability to fill the billet.

5. **Milestone Tour Lengths**. As a general rule, IP milestone tour lengths are 24 months. An officer must successfully complete a minimum of 12 months to receive milestone credit. MILPERSMAN 1301-110 contains detailed information on prescribed tour lengths for all types of officer assignments.

MILPERSMAN 1301-233

OFFICER SPECIAL ASSIGNMENTS – SPECIALTY CAREER PATH

Responsible Office	NAVPERSCOM (PERS-41)	Phone:	DSN COM FAX	882-3927 (901) 874-3927 874-2757
---------------------------	-------------------------	--------	-------------------	--

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone: Toll Free	1-866-U ASK NPC
------------------------------------	------------------	-----------------

Reference	(a) NAVADMIN 049/10
------------------	---------------------

1. **General Information.** The Specialty Career Path (SCP) Program was expanded to all Unrestricted Line (URL) communities per reference (a). Prior to expansion beyond the surface warfare community, it has been a successful initiative that has developed a cadre of officers with critical skills in key Navy mission areas. The SCP Program provides alternatives to the traditional command at sea career path and supports the demand for URL lieutenant commanders, commanders, and captains expertise in growing and expanding mission areas. The following SCP options are open to qualified candidates:

Anti-Submarine Warfare (ASW)
Anti-Terrorism/Force Protection (ATFP)
Education/Training Management (ETMS)
Financial Management (FM)
Missile Defense (MD)
Mine Warfare (MIW)
Naval Operational Planner (NOP)
Operations Analysis (OA)
Shore Installation Management (SIM)
Strategic Sealift (SS)

2. **Policy.** This article defines the policy, responsibilities, and authorities for the management of SCP personnel to maximize career opportunities for SCP officers and optimize manning of SCP billets.

3. **Stakeholders.** For each mission area, the following stakeholders have roles which are outlined below:

a. **Enterprise Lead Agent (ELA)**. The ELAs shall coordinate with the Navy Personnel Command (NAVPERSCOM) Assistant Commander Navy Personnel Command, Career Management Department (PERS-4) for a career management liaison to:

(1) Maintain the SCP billet base, to include commanding officer (CO) and executive officer (XO) equivalent billets for their respective SCP;

(2) Submit input to be considered for inclusion in the SCP selection board convening order;

(3) Define training requirements for their SCP; and

(4) Provide recommendations for NAVPERSCOM (PERS-4) approved nominations to SCP leadership positions.

Prior to the release of ref (a), the following ELAs were assigned:

SCP	ELA
ASW	Naval Mine and ASW command (NMAWC)
ATFP	Naval Expeditionary Combat Command (NECC)
ETMS	Naval Education and Training command (NETC)
FM	OPNAV N82
MD	Navy Air and Missile Defense Command (NAMDC)
MIW	NMAWC
NOP	OPNAV N3/N5
OA	OPNAV N81
SIM	Commander, Navy Installations Command (CNIC)
SS	Military Sealift Command (MSC)

b. **NAVPERSCOM (PERS-4) Liaison Divisions**. The role of NAVPERSCOM (PERS-4) liaison divisions is to act as a single point of contact (POC) for the respective SCP mission area ELAs. The NAVPERSCOM (PERS-4) liaison divisions shall:

(1) Coordinate with the ELAs to maintain SCP billet coding and allocation. The SCP billet base will be validated and updated annually in March;

(2) Prepare and route the convening order when responsible for conducting the annual board;

(3) Communicate SCP training requirements;

(4) Coordinate closely with placement officers on SCP billet and personnel issues.

NAVPERSCOM (PERS-4) liaison divisions are designated as follows:

Specialty Career Path	PERS-4 Liaison
Anti-submarine Warfare (ASW)	PERS-42
Anti-terrorism/Force Protection (ATFP)	PERS-41
Education/Training Management (ETMS)	PERS-43
Financial Management (FM)	PERS-44
Missile Defense (MD)	PERS-41
Mine Warfare (MIW)	PERS-41
Naval Operational Planner (NOP)	PERS-44
Operations Analysis (OA)	PERS-44
Shore Installation Management (SIM)	PERS-43
Strategic Sealift (SS)	PERS-41

c. **Command Placement Officer.** Placement responsibilities for every command containing SCP billets will remain unchanged to ensure a single NAVPERSCOM POC for each command to use when addressing command manning issues.

d. **NAVPERSCOM (PERS-4) SCP Coordinator.** NAVPERSCOM, Surface Officer Distribution Division (PERS-41), with the direct support of the deputy division directors, will oversee SCP progress and issues while making recommendations to NAVPERSCOM (PERS-4) regarding policy and execution actions required.

4. **Selection for SCP.** Selection for SCP and screening for SCP milestones will be accomplished by administrative boards convened by Commander, NAVPERSCOM and announced via naval administrative messages. The selection and screening boards will typically be accomplished within the same week with the same board membership. NAVPERSCOM (PERS-4) will assign NAVPERSCOM (PERS-41) or NAVPERSCOM (PERS-43) to sponsor the board on an alternating annual schedule. Selection for SCP and or screening for SCP milestones do not guarantee assignment to either an SCP billet or SCP leadership position. Projected rotation date, the needs of the Navy, and career progression will continue to impact the assignment process. The assignment process outlined below will attempt to maximize opportunity to develop a cadre of experienced officers within each mission area while maximizing promotion opportunity.

5. Assignment Policy

a. **Posting Process**

(1) SCP coded billets will be advertised for fill to all detailers of appropriately screened SCP officers.

(2) SCP billets will be identified in the Officer Assignment Information System (OAIS) with a two-digit alpha-character. The first character will represent the SCP area and the second character will represent the milestone (e.g. DH, XO, CO).

(3) If an SCP officer is not identified for a posted billet within 180 days of the required fill date, the cognizant placement desk will coordinate with NAVPERSCOM, Distribution Management Division (PERS-45) to task the billet to a distribution division through the billet fill decision process for fill by a non-SCP officer.

b. **Detailer Role.** NAVPERSCOM (PERS-4) liaison divisions and associated detailers will monitor the demand signals for various SCP officers and coordinate fills from the inventory of SCP screened officers. Detailers shall endeavor to fill SCP coded billets with SCP coded officers. If an SCP officer is available and it is determined to be an appropriate assignment, the officer will be detailed to the SCP billet.

c. **Approval of CO and XO Equivalent Assignments.** SCP officers will be approved for CO and XO equivalent assignments using a process similar to the current high visibility nomination process.

(1) The responsible placement desk for a CO or XO equivalent assignment will issue a demand signal to the URL distribution divisions no later than 6 months in advance of the desired fill date.

(2) The distribution divisions will advertise the assignment, solicit for interested officers, and provide a nomination or regret prior to 4 months in advance of the desired fill date.

(3) The responsible placement desk will forward nomination packages including a recommendation for the best candidate to NAVPERSCOM (PERS-4) for approval.

(4) NAVPERSCOM (PERS-4) will approve the nominee(s) to be forwarded to the gaining command for approval.

(5) ELAs may recommend assignment of milestone screened SCP officers. Final approval authority rests with NAVPERSCOM (PERS-4) and the gaining command.

References	(a) OPNAVNOTE 5450 Sequential and Major Command Lists (b) OPNAV N13 PDM on O-5 Command Shared Apportionment Plan (c) CNP Decision Memorandum ICO HR Community Milestone Billet List (d) OPNAVINST 1412.14 (e) BUPERSINST 1401.5A
-------------------	--

Note: Paragraphs 1-7 apply to the Human Resources (HR) Active component only. HR Reserve component milestone screening and slating is delineated on the HR page of Navy Personnel Command's (NAVPERSCOM's) Web site at <http://www.public.navy.mil/BUPERS-NPC/OFFICER/DETAILING/RLSTAFFCORPS/HR/Pages/default.aspx>.

1. **Policy.** The HR community conducts milestone and major command screening boards annually. The function of these boards is to screen HR officers for commander (CDR) and lieutenant commander (LCDR) milestone and major command. The term milestone is used to designate a significant point of development requiring an officer that is screened. An officer who is screened for milestone may be assigned to a milestone billet, unless the officer indicates in writing an unwillingness to serve, is de-screened by a subsequent milestone screening board, fails to meet promotion standards, or does not meet any additional requirements of a milestone billet. All officers assigned as commanding officer in commands outlined in references (a) through (c) will be screened via a milestone screening board and will be subject to the command qualification process outlined in reference (d).

2. **Milestone Screening.** Officers will be screened for LCDR milestone, CDR milestone, and major command.

a. Milestone screening opportunity is based on the quantity of officers considered for screening and the number of quotas available with established goals of group selection at each look. Quotas determined by NAVPERSCOM, HR Community Management/Assignment Branch (PERS-4421) are the maximum allowed, but the screening board can select fewer if candidate quality is found to be insufficient.

b. Officers selected for promotion to LCDR, CDR, or captain (CAPT) will have three consecutive opportunities for milestone screening at each pay grade. The screening process commences the milestone board following selection for promotion to the next rank. Officers who screen on their first look will be slated for assignment or banked until assigned to a milestone billet. Officers not screened will have two additional looks. The records of officers in the bank will be reviewed annually to ensure the officer remains eligible for future milestone assignment. If a milestone screened officer indicates in writing an unwillingness to serve, is descreened by a subsequent screening board, fails to meet promotion standards, or does not meet any additional requirements of a milestone billet, the HR detailer will discuss future assignment options with the HR flag leader.

c. A limited number of officers who fully meet screening standards, but for whom no opportunity is available, will be screened as alternates. Alternates may be called upon at any time during the screening eligibility period if milestone screened officers are unavailable for assignment and if utilized, will receive appropriate milestone credit upon completion of milestone. Alternates electing not to accept a milestone billet will not be required to submit a milestone declination letter. All alternates who are not utilized will be rescreened at subsequent boards if they are still within consideration of their three looks.

d. LCDR selects and above selected for lateral transfer or accession into the HR community will be considered for milestone screening during the board immediately following selection into the community. These officers will be given at least one look, regardless of promotion year, but the number of opportunities

varies depending on the promotion year considered before the board.

e. Officers can request special "additional looks" subject to approval by the board president when it can be demonstrated that the officer was disadvantaged or the officer's record was unfairly considered during the normal screening process.

(1) All additional looks are subject to approval by the board president.

(2) Petition is made in writing to the board president via NAVPERSCOM (PERS-4421), is due by the board correspondence deadline, and shall include the reason for the additional look.

(3) Officers who request a special additional look will be notified after the board adjourns as to whether their request was granted.

f. The milestone eligible list is generated by NAVPERSCOM (PERS-4421) and submitted to NAVPERSCOM, Personnel Information Management Department (PERS-3) within prescribed timeline and updated accordingly until the board convenes.

3. **Milestone and Major Command Board Membership.** Screening is by formal administrative board action per reference (e). NAVPERSCOM (PERS-4421) is the sponsor for the board. The board membership shall consist of one HR flag officer who serves as the president and four HR CAPTs (Active component (AC) and full time support (FTS)) who have completed or are in their O-6 milestone. Membership changes with each board and no CAPT (AC and FTS) may serve on two consecutive boards as a member. NAVPERSCOM (PERS-4421) will nominate the members, head recorder, and assistant recorders, as required. Records for CDR and LCDR milestone and major command are screened by the same panel of board members, but eligible HR officers compete only against officers in the same component (AC and FTS) and pay grade.

4. **Milestone Declination.** In order to maintain a viable bank of milestone screened officers and provide maximum opportunity for milestone screening, officers not desiring to serve in a milestone assignment should review MILPERSMAN 1301-818 and indicate these intentions in writing.

a. Officer's Responsibility

(1) Officers who do not want to be considered for milestone prior to the board should submit a written request for nonconsideration (a "do not pick me" letter) to the president by the board correspondence deadline.

(2) Officers screened for milestone who do not desire orders to a milestone assignment shall submit a written statement declining milestone assignment to NAVPERSCOM, Staff/Restricted Line Officer Career Management Division (PERS-44) via NAVPERSCOM (PERS-4421).

(3) Officers declining milestone assignment may include in their declination a statement regarding their reasons for doing so, if desired.

(4) Officers who decline assignment to a milestone billet remain eligible for assignment to nonmilestone billets, subject to the needs of the Navy.

b. NAVPERSCOM Responsibility. NAVPERSCOM (PERS-44) will endorse an officer's declination letter and ensure appropriate action is taken to ensure compliance with this article.

5. Milestone Slates. Following board screening results, HR detailers prepare milestone slates assigning screened officers to respective milestone billets.

a. Milestone screened officers will be assigned to a milestone billet, as soon as practical, to ensure the officer receives milestone credit prior to the officer's "in zone" look for promotion to the next pay grade. The officer must be flexible and willing to take the milestone assignment when offered to accomplish this goal.

b. A list of milestone billets projected to be filled will be prepared by the HR detailers. All milestone selects, upon notification of results, as well as all banked milestone screened officers, will review the milestone billet list and provide a ranked order preference to the HR detailer by the deadline provided.

c. HR detailers will build the milestone slate taking into consideration skill sets, projected rotation dates, proposed fill dates, subspecialty experience required, preferences, and

needs of the Navy. Alternates may be called upon at any time during slating or screening eligibility period and should remain flexible to a milestone opportunity, if needed.

d. Once the proposed slate is approved by the HR flag leader, officers slated for milestone assignment will be notified of their next assignment. Any milestone screened officer who does not accept this assignment during the slating process will be asked to submit a declination letter.

e. Milestone screened officers not slated will remain in the bank and be considered as openings become available or as needed.

6. **Milestone Notification.** Selects will be notified by the HR flag leader of milestone board results upon approval of official board results. The HR head detailer will notify first and second look nonselects and alternates. Officers not selected on their third look will be notified by their respective detailers.

7. **Milestone Screening Exceptions.** General policy is that only milestone screened officers will be assigned to milestone billets. Every effort will be made to first assign screened officers, then assign alternates, if required.

a. On rare occasions, exceptions to this policy may arise when there are neither milestone screened officers, nor alternates available, thus necessitating assignment of a nonboard screened officer with the proper skill sets to a milestone billet.

b. Any nonboard screened officer slated to fill a milestone billet will be administratively screened by the HR executive board that will make a recommendation to the HR flag leader.

8. **Milestone Tour Lengths.** Milestone tour lengths are addressed in MILPERSMAN 1301-110.

9. **Milestone Credit.** Milestone credit will generally be awarded upon successful completion of the milestone tour. Officers assigned to billets that are subsequently identified for addition or removal to the milestone billet list will be awarded credit, as appropriate. A minimum of 18 months must be completed in order for credit to be awarded, unless an extenuating community need dictates an even earlier rotation and

has HR flag leader approval. XO to CO fleet-up models will require completion of the command tour before awarding credit.

10. **Command Qualification.** Per reference (d), all officers eligible for command are required to complete the minimum command qualification standards in the manner prescribed by the HR community prior to assuming command. Successful completion of the following subsections designates an officer as qualified for command. HR officers assigned to command positions designated in references (a) and (b), with the exception of Navy operational support center (NOSC) command, are subject to the following command qualification process. Officers assigned to a NOSC command will comply with the Navy Reserve command qualification instruction. Additional guidance regarding fulfillment of the below requirements will be maintained by NAVPERSCOM (PERS-4421) and posted to the HR community Web site.

a. **Professional Qualification Standards (PQS).** The PQS is designed to provide comprehensive knowledge of the HR community and demonstrate professionalism. As such, the PQS will measure broad knowledge across the four core competency areas (CCAs). PQS completion may occur primarily through the HR Center of Excellence (HRCOE) courses. Officers unable to attend the appropriate HRCOE course may be required to complete the PQS via alternate methods prior to assuming command. All HR LCDR selects through CAPT may complete the PQS for command prior to successful milestone screening and slating.

b. **Oral Board.** The oral board must consist of three current or prior HR COs of the pay grade under consideration (e.g., the board screening an O-4 for an O-5 command must consist of three officers who are in or have completed O-5 command). The board will measure the prospective CO's understanding of the CCA commensurate with the assignment. To the greatest extent practical, oral boards should be held in person. If necessary due to geographical constraints, boards may be held via video teleconference or telephone conference. An HR flag must certify in writing an officer's preparedness for command upon completion of the PQS and oral board.

c. **Command Leadership School (CLS).** All officers slated to command positions will successfully complete all CLS requirements prior to assuming command, unless waived by Chief of Naval Personnel.

d. **XO to CO Fleet-Up.** The XO to CO fleet-up model requires COs who will be relieved by their XOs to certify in writing, to their immediate superior in charge, that the XO is ready to assume command.

e. **Exceptions.** Exceptions to HR command qualification procedures prescribed within may be recommended only by the HR officer flag leader (via head detailer, NAVPERSCOM (PERS 4421)) and must be at the request of the officer seeking command qualification. Full documentation of why the procedures could not be met must be provided.

MILPERSMAN 1301-235

COMMAND POLICIES AND PROCEDURES – SPECIFIC POLICIES RELATED TO SCREENING ENGINEERING DUTY OFFICERS TO COMMAND OR MAJOR PROGRAM MANAGER ASSIGNMENTS

Responsible Office	NAVPERSCOM (PERS-445)	Phone:	DSN	882-4090
			COM	(901) 874-4090
			FAX	874-2676
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone: Toll Free	1-866-U ASK NPC	

References	(a) DON DAWIA Operating Guide of 21 Dec 11 (b) OPNAVINST 1412.14 (c) NAVSEAINST 5400.55H
-------------------	--

1. **Policy.** A commanding officer (CO) or major program manager (MPM) must be a person of unfailing integrity with exceptional judgment and technical acumen who has proven their excellence in both operational and acquisition related assignments with the ability to provide the requisite leadership of large and complex organizations or programs. Prior to being assigned as CO or MPM, all engineering duty officers (EDs) will be command screened to determine eligibility. After successful screening, officers will be assigned as CO or MPM by a separate slating process, per reference (a), or the normal detailing process.

a. The function of the screening board is to recommend and establish a list of officers eligible for command and major acquisition command assignments to include major shore command (MSC) and MPM of activities identified as major acquisition commands and other Assistant Secretary of the Navy (ASN), Research, Development and Acquisition (RDA) special interest positions (i.e., acquisition critical major shore commands, acquisition categories (ACAT) I & II program managers, deputy program managers, and Navy major program managers) per reference (a). Not every officer who is screened as eligible for command will be assigned to command.

b. The majority of ED command opportunities occur at the captain and captain select grades as MSC and MPM positions.

Four command opportunities are available to commanders, but these billets are not MSC or MPM.

2. Prerequisites for Command Screening

a. Per reference (b), minimum standards are required for every officer to be eligible to be screened for command via board action and serve in command. For EDs, this standard is met by completing the requirements of the Engineering Duty Qualification Program and achieving certification as an ED per reference (c).

b. In addition to achieving certification as an ED, every ED who is to be screened as eligible for command is required to have attended the 2-week Engineering Duty Senior Course after being selected for commander. Additionally, all officers selected for captain must attend the 2-day new captain training session. During each of these required events, all eligible officers will receive oral reviews of command leadership expectations, accountability, and ethics that are personally delivered by ED flag officers. These oral reviews are designed to ensure that all eligible officers are maintaining the appropriate standards of command eligibility and meet the standards required for assignments of increased responsibility within the community.

3. Command Screen Board

a. An engineering duty command screen board will be convened annually to recommend officers for command. Navy Personnel Command (NAVPERSCOM), Engineering Duty Officer Branch (PERS-445) will be the board sponsor.

b. **Membership.** The command screening board will consist of an ED flag officer (1440) who will serve as the board president, and at least four ED (1440) captains (O-6) who are serving or have served as MSC or MPM and (if possible) are senior to those eligible for the board.

c. Officers in the grade of commander (O-5) in designated year groups or with specified additional qualification designation (AQD), as specified in the convening order, will be screened for command, if O-5 commands will require CO fills.

d. Officers in the grade of captain (O-6), or selected for captain, will be screened as eligible for MPM, MSC, both, or neither.

(1) New captain selects will be screened for the first time. Any captain who has not previously screened for either major program manager or major shore command will also be screened.

(2) Officers who have previously screened, only for major program manager, will be screened to determine if their status should be changed to both major program manager and major shore command.

(3) Officers who have previously screened only for major shore command will be screened to determine if their status should be changed to both major shore command and major program manager.

e. Officers who have previously screened, but have not been assigned command, will be rescreened to ensure they remain eligible for command.

f. **Report.** Upon completion of its deliberations, the command screen board shall report the board's results to Commander, Navy Personnel Command (COMNAVPERSCOM) for approval. Selection by the command screen board and approval of the board report designates an officer as command screened. The report shall contain a list of all eligible officers. Commanders and captains/captains select should be separated, arranged in alphabetical order, and indicate the following:

(1) Screened for command (commanders only)

(2) Screened for major program manager;

(3) Screened for major shore command; and

(4) Screened for both major program manager and major shore command.

g. **Responsibilities**

(1) **NAVPERSCOM (PERS-445).** Reference (a) establishes COMNAVPERSCOM support for command screening boards. Commander,

Naval Sea Systems Command (COMNAVSEASYSCOM) will annually request NAVPERSCOM (PERS-445):

(a) Announce command screen board deadlines and procedures.

(b) Schedule and administer a command screen board in advance of the annual slating process.

(c) Provide COMNAVSEASYSCOM with a list of all O-5 command billets that will be available in the next fiscal year.

(d) Document each officer's screening results in the Officer Assignment Information System.

(2) Navy Sea Systems Command (**NAVSEA**), **Engineering Duty Officer Plans and Policies (10TM)**. Prepare the command screen board convening order to guide the board in selecting the best and fully qualified officers for command. The convening order should not duplicate guidance provided in the annual administrative selection board precept issued by COMNAVPERSCOM. The convening order will be endorsed by COMNAVSEASYSCOM and approved by COMNAVPERSCOM.

4. **Command Slating**. Per reference (a), system commands convene command slating panels periodically throughout the year to slate MSC COs and MPMs of activities identified as major acquisition commands within NAVSEA, Space and Naval Warfare Systems Command (SPAWAR), and their affiliated program executive officers. Boards will take place according to a schedule promulgated annually and reviewed by ASN (RDA). All other CO assignments are made through the normal detailing process.

MILPERSMAN 1301-236

OFFICER SPECIAL ASSIGNMENTS – AVIATION ACQUISITION CORPS (AC) UNRESTRICTED LINE (URL) MAJOR PROGRAM MANAGER (MPM) CAREER PATH

Responsible Office	NAVPERSCOM (PERS-434A)	Phone:	DSN COM FAX	757-6203 (301) 757-6203 (301) 757-1526
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

References	(a) NAVADMIN 165/09 (b) DAWIA Operating Guide of 21 Dec 2011 (c) NAVPERS 15839I, Manual of Navy Officer Manpower and Personnel Classifications
-------------------	--

1. **Purpose.** This article addresses the need to maintain a sufficient pool of Aviation Acquisition Corps (AC) unrestricted line (URL) officers qualified to lead major acquisition programs.
2. **Background.** The aviation AC URL major program manager (MPM) career path was established, per reference (a), to develop a select group of AC URL aviators to achieve statutory requirements for MPM selection. Direct association with a major acquisition program, statutory Defense Acquisition Workforce Improvement Act (DAWIA) certification and experience requirements (see reference (b)), and selection as an AC member (see MILPERSMAN 1301-700) are prerequisites for career progression and ultimately for selection as a MILPERSMAN. In particular, acquisition experience requirements result in career patterns different from URL officers who serve exclusively in their primary warfare specialties.
3. **Aviation AC URL MPM Career Path Selection.** Selection for the aviation AC URL MPM career path is accomplished by administrative board convened by Commander, Naval Air Systems Command (NAVAIR) and announced via naval administrative message. The selection board will typically be held semi-annually, concurrently with the NAVAIR slating panel, and no more than six

officers per year may be selected. Eligible aviation URL officers must submit a signed application to be considered by the board. Selection does not obligate officers to enter the aviation AC URL career path.

4. Eligibility Guidelines

- a. Must be aviation command screen board selected;
- b. Must be AC member or AC eligible (see note below); and
- c. Must have Level II DAWIA certification in any career field.

Note: Department of the Navy Director, Acquisition Career Management eliminated the AC eligible option from the Navy Personnel Command (NAVPERSCOM) sponsored administrative AC selection board process in 2013, reserving the AC eligible designation for internal use and management by the AC URL officer community leadership. For aviation URL officers, the AC eligible designation will only be given to those officers who apply for the aviation AC URL MPM career path and can achieve full AC membership within 2 years of assignment to an acquisition billet.

5. Assignment Policy

- a. Officers who are selected must accept entry into the aviation AC URL MPM career path by official correspondence.
- b. Accepted officers will be assigned to acquisition billets to compete for major acquisition command and will not compete for aviation major operational command.
- c. Accepted officers will be designated via an additional qualification designator (AQD) code per reference (c). The assigned AQD code for aviation AC URL career path officers is "A2E."
- d. For accepted officers, joint specialty officer (JSO) and joint qualified officer requirements for appointment to O-7 will be waived according to the science and technology waiver (see MILPERSMAN 1301-700) for officers not able to complete JSO requirements due to acquisition related experience requirements.

e. Officers selected who do not accept will not be considered for future acceptance into the aviation AC URL MPM career path, but may continue to apply for acquisition billets through the normal NAVPERSCOM, Aviation Officer Career Management Division (PERS-43) detailing process.

f. For accepted officers, withdrawal from the aviation AC URL MPM career path must be done by official correspondence and will not restore the officer's eligibility for aviation major operational command. Additionally, withdrawal will return the officer to the normal NAVPERSCOM (PERS-43) detailing process.

			COM	(901) 874-3170
			FAX	882-2620

References	OPNAVINST 1420.1 SECNAVINST 1500.8A
-------------------	--

1. Limited Duty Officer/Warrant Officer Programs

a. Procedures for requesting appointment in the U.S. Navy or Naval Reserve as a limited duty officer (LDO) or chief warrant officer (CWO) are contained in OPNAVINST 1420.1 and an annual NAVADMIN announcing application deadline dates.

b. Eligibility requirements contained therein are specified by Secretarial Regulations. Active duty LDOs and CWOs are selected by the In-service Procurement Board that meets annually. Inactive duty LDOs and CWOs are selected by separate In-Service Procurement Board that meets annually.

c. In-Service Procurement Board results are published by NAVADMIN. Individual notification is not made. Candidates selected for appointment are normally appointed by increments commencing **1 October** following the board. CWOs are appointed as permanent officers. LDO ensigns (active duty) are appointed as temporary officers with permanent enlisted status. CWOs (active duty) appointed to LDO Lieutenant Junior Grade (LTJG) will receive permanent appointment to LDO.

d. Upon selection, Navy Personnel Command (NAVPERSCOM), Selection Board Technical Support Branch (PERS-801G) submits appropriate changes to the enlisted master file to flag the candidate as a selectee to facilitate removal of the appointee from the enlisted files and creation of an officer master record.

e. All newly appointed LDOs and CWOs are ordered to duty via Naval Aviation Schools Command (NAVAVSCOLSCOM), Pensacola, FL for indoctrination training. Exceptions are made

only on rare occasions for some LDO and CWO appointees selected for staff corps designators who receive separate indoctrination training, Naval Reactors Field Office Representative selectees, or those officers required for immediate assignment to duty. The spirit and intent is that all LDOs and CWOs attend this orientation training upon commissioning.

2. Medical Service Corps

a. Procedures for requesting appointment in the Medical Service Corps are contained in OPNAVINST 1420.1 and an annual NAVADMIN announcing application deadline date.

b. Naval Medical Education Training Command (NMETC) receives applications and checks them for eligibility requirements. The selection board is convened annually during the **October/November** time frame. Results are published by NAVADMIN.

3. Medical Enlisted Commissioning Program

a. Eligibility requirements and application procedures for requesting appointment to commissioned status in the Nurse Corps, U.S. Naval Reserve are contained in OPNAVINST 1420.1 and an annual NAVADMIN announcing application deadline date.

b. Applications are sent to NMETC. The selection board convenes annually during the **December** time frame. Results are published by NAVADMIN.

4. Uniformed Services University of the Health Sciences (USUHS)

a. Procedures for requesting admission to the School of Medicine, Uniformed Services University of the Health Sciences are contained in SECNAVINST 1500.8A.

b. NAVPERSCOM (PERS-801G) coordinates with the appropriate assignment officer in granting applicants permission to apply. Subsequent to approval of USUHS board results, NAVPERSCOM, Enlisted Separations Branch (PERS-832) grants conditional releases for active duty applicants. Selectees must be made available to NAVPERSCOM, Medical Assignment/Placement Branch (PERS-4415) in time to meet the class convening date in **July**.

5. Seaman to Admiral - 21 (STA-21)

a. Eligibility requirements and application procedures for requesting selection to, and subsequent commissioning as a result of completing, STA-21 are contained in OPNAVINST 1420.1. Supplemental criteria, procedures, and application deadlines are published annually by NAVADMIN. Program information can be found at <https://www.sta-21.navy.mil/>.

b. The selection board meets annually. Results are announced by NAVADMIN.

MILPERSMAN 1301-500

CONSIDERATION OF ACCESSIONS, INTERSERVICE TRANSFERS, AND RECALLS FOR ACTIVE DUTY PROMOTION SELECTION BOARDS

Responsible Office	CNO (N132D)	Phone:	DSN	223-2325
			COM	(703) 693-2325
			FAX	(703) 614-1189

References	(a) SECNAVINST 1420.1B (b) OPNAVINST 1427.2 (c) DODD 1300.4 of 15 Nov 96
-------------------	--

1. Policy

a. The following members are placed on the active duty list of precedence under provisions contained in MILPERSMAN 1320-150 and references (a), (b), and (c):

(1) Staff Corps appointees (e.g., Medical Corps, Dental Corps, Medical Service Corps, Nurse Corps, Judge Advocate General (JAG) Corps, Chaplain Corps) ordered to active duty with constructive time.

(2) Officers who have transferred into the Navy from other military services.

(3) Officers recalled to active duty.

b. Placement on the Active Duty List (ADL) may often result in eligibility for consideration of these officers for promotion, in zone or above zone, by an active duty promotion selection board within 1 year. This consideration may not always be in the best interest of individual officers.

c. Officers, except Judge Advocate General Corps and Chaplain Corps lieutenants junior grade, who would be eligible for consideration by a promotion board as an in zone or above zone eligible within 1 year of placement on the ADL will be informed that their eligibility for such

consideration will be deferred unless they specifically request consideration. Deferment of eligibility is intended to provide officers who otherwise would have been in zone or above zone an opportunity to obtain active duty experience, qualifications, and significant evaluation before being considered by a promotion selection board. The officer may waive this deferment and request consideration for promotion, in writing, to the following:

Navy Personnel Command (NAVPERSCOM)
5720 Integrity Drive
Millington TN 38055-0801

The request must be received by NAVPERSCOM (PERS-4802) no later than the convening date of the board.

MILPERSMAN 1301-600

VOLUNTARY AND INVOLUNTARY RECALL/MOBILIZATION OF NAVY'S RESERVE COMPONENT (RC) PERSONNEL

Responsible Office	NAVPERSCOM (PERS-9)	Phone:	DSN	882-4517
			COM	(901) 874-4517
			FAX	882-2910

References	DODD 1215.6 of 14 Mar 1997 10 U.S.C. 12301(a) OPNAVINST 1001.20B OPNAVINST 3060.7A SECNAVINST 1811.4E SECNAVINST 1001.33C SECNAVINST 1300.14B SECNAVINST 3060.2 OPNAVINST 1001.24 JP 4-05, Joint Doctrine for Mobilization Planning
------------	--

1. **Policy.** This article provides an overview of legal references and policy or procedural references which should be consulted for the specific details associated with a given type of recall or mobilization at any given time. That detail may change with time and circumstance.

2. **Background.** The Navy's Reserve Component (RC) is composed of various groups of Reserve and Regular personnel as established by law and Department of Defense (DOD) guidance.

a. In peacetime, as well as in times of crisis or national emergency, units and members within these groups may be called to active duty to augment the Active Component (AC) in fulfilling its mission requirements.

b. Each RC member is subject to the recall/mobilization obligations of the group to which assigned based upon member's assignment at the time a recall or mobilization is declared.

3. **Categories.** RC recall to active duty and order-writing fall into two general categories, which need to be understood when considering the recall or mobilization of RC members per DODD 1215.6.

a. **Training-type orders.** These orders are divided into two subordinate categories.

(1) Inactive Duty Training orders (including regularly scheduled training periods, additional training periods, equivalent training periods, and muster duty).

(2) Active Duty for Training (ADT) (including annual training (AT). Initial Active Duty Training (IADT) and Other Training Duty (ODT).

(a) These type orders are used in peacetime to assign and train RC members.

(b) The majority of these orders are written by Commander, Naval Reserve Force (COMNAVRESFOR) or a designated subordinate to organize the drilling members of the RC into units or individual assignments and to train them.

(c) Commanding Officer, Naval Reserve Personnel Center (NAVRESPERSCEN) New Orleans, LA (a field activity of NAVPERSCOM) also issues these type orders to support training objectives for RC members who assigned under his purview, do not drill regularly, and are not managed in peacetime by COMNAVRESFOR.

b. **Active Duty other than for Training-type (ADOT) orders.** ADOT orders are used to recall or mobilize RC members to active duty under a legal authority to one of various types of active duty.

(1) Understanding these authorities and ADOT-types of orders and their uses is the principal purpose of this article.

(2) Included in ADOT orders are the following:

(a) Active Duty for Special Work (ADSW).

(b) Active Guard and Reserve (AGR) (within Navy, TAR) duty.

(c) Involuntary Active Duty under 10 U.S.C. 12301, 12302/12304.

(3) These orders are always issued by Navy Personnel Command (NAVPERSCOM) or a designated subordinate to authorize the recall or mobilization of RC personnel.

(4) Recall differs from mobilization in that it may be either voluntary or involuntary and does not require a declaration of national emergency by the President or Congress.

(5) The primary voluntary and involuntary ADOT orders used by Navy for members of the RC are as follows:

(a) Voluntary recall for ADSW or One Year Recall (OYR) programs per 10 U.S.C. 12301(d) authority. See OPNAVINST 1001.20B for further guidance.

(b) Voluntary recall for Three Year Recall (3YR) program under 10 U.S.C. 12301(d) authority. See MILPERSMAN 1132-010 for further guidance.

(c) Voluntary Officer General Assignment Recall. See MILPERSMAN 1320-150 for further guidance.

(d) Enlisted General Assignment Recall. See MILPERSMAN 1306-1400 for further guidance.

(e) Enlisted TAR Recall. See MILPERSMAN 1306-1500 for further guidance.

(f) Voluntary recall for medical treatment, studies, or evaluation under 10 U.S.C. 12301(h) authority. See OPNAVINST 3060.7A for further guidance.

(g) Voluntary recall/retention of retired members to/on active duty under 10 U.S.C. 688 authority. See SECNAVINST 1811.4E for further guidance.

(h) Involuntary recall of Selected Reserve (SELRES) and certain members of the Individual Ready Reserve (IRR) for Presidential Reserve Callup (PRC) under 10 U.S.C. 12304 authority. See OPNAVINST 3060.7A for further guidance.

1. Condition: When the President determines it is necessary to augment the AC for an operational mission.

2. Limits: Up to 200,000 members from all services at one time of which not more than 30,000 may be IRR.

3. Duration: Up to 270 days per individual.

(i) Involuntary mobilization of any RC member determined to be in a captive status under 10 U.S.C. 12301(g) authority. Applies to any RC member determined to be in subject

status, regardless of initial recall/mobilization status. See OPNAVINST 3060.7A for further guidance.

(j) Involuntary mobilization for Partial Mobilization of the Ready Reserve (SELRES and IRR combined) under 10 U.S.C. 12302 authority. See OPNAVINST 3060.7A for further guidance.

1. Condition: Declaration of a national emergency by the President.

2. Limits: Up to 1,000,000 Ready Reserve members from all services at one time.

3. Duration: A maximum period of 24 months of active duty for each member. Does not have to be continuous.

(k) Involuntary mobilization for Full Mobilization of the RC (all categories, including Fleet Reserve and Retired USN/USNR) under 10 U.S.C. 12301(a) authority. See OPNAVINST 3060.7A for further guidance.

1. Condition: Declaration of a national emergency by Congress.

2. Limits: None. All units and individuals of the RC regardless of category.

3. Duration: Duration of the conflict plus 6 months.

4. **Additional Resources.** The following instructions are related to RC recall and mobilization information above and may provide additional assistance for specific situations, when required.

a. SECNAVINST 1001.33C, Uniform Training and Retirement Categories for the Department of the Navy Reserve Components.

b. SECNAVINST 1300.14B, Management and Mobilization of Retired Military Members).

c. SECNAVINST 3060.2, Accessing, Activation, Mobilization and Demobilization of the Ready Reserve.

d. OPNAVINST 1001.24, Navy Individual Augmentation Policy and Procedures.

PROFESSIONAL APPRENTICESHIP CAREER TRACK (PACT) PROGRAM

Responsible Office	BUPERS-32, Enlisted Community Manager	Phone: DSN COM FAX E-mail:	882-3096 (901) 874-3096 (901) 874-2041 career_waypoints@ navy.mil
---------------------------	--	-------------------------------------	---

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone: Toll Free E-mail:	1-866-U ASK NPC uasknpc@navy.mil
---------------------------------------	-----------------------------	---

References	(a) COMNAVCRUITCOMINST 1130.8 (b) BUPERSINST 1430.16F
-------------------	--

1. General Information

a. This article provides policy and execution guidance related to the Professional Apprenticeship Career Track (PACT) Program. It codifies existing policies and supersedes all prior policy guidance. PACT Sailors will use Career Waypoints - PACT designation (C-WAY - PACT designation) module to apply for rating entry, see section 5.

b. The Navy PACT Program requires an initial 4-year active obligation, and in return, guarantees initial apprentice skill training and a career development plan with viable career opportunities for Sailors who maintain eligibility. Additionally, the PACT Program may provide enlistees guaranteed assignment to one of six homeports upon successful completion of recruit and apprenticeship training based upon the enlistment contract NAVCRUIT 1133/53 Professional Apprenticeship Career Track (PACT) Program Enlistment Guarantees. NAVCRUIT 1133/53 may be accessed by using the following Web address:
https://mpte.portal.navy.mil/sites/NRC/NRC%20Forms/Forms/AllItems.aspx?Paged=TRUE&p_SortBehavior=0&p_FileLeafRef=NAVCRUIT%201133%5f120%20%283%2d2015%29%2epdf&p_ID=130&PageFirstRow=91&SortField=LinkFilename&SortDir=Asc&&View={D2AB408C-C43B-4DB7-B88D-D56669E3CEC3}

2. Policy

a. The PACT Program provides a required general workforce to support operational readiness and is designed to enlist Sailors into a monitored, general apprenticeship program that provides apprentice-level formal and on-the-job training, leading to a viable career field within 2 years on board their permanent duty station (PDS). To stabilize PACT Sailor force manning levels and standardize rating entry eligibility timelines for rating entry paths for all PACT Sailors, eligibility to apply for rating entry within all designation paths begins upon the PACT Sailors' completion of 12 months' service on board their PDS. PACT Sailors should be on pace to designation approval within 24 months of an initial enlistment, or after serving a minimum of 12 months on board their PDS, whichever occurs last per reference (a). In addition, for those PACT Sailors who are not selected for a rate designation in the aforementioned times; Head, Enlisted Community Manager (BUPERS-32) may assign them a rating via direct designation based on the needs of the Navy. The PACT Program includes three apprenticeship career tracks:

- 1) Aviation PACT (A-PACT);
- 2) Engineering PACT (E-PACT); and
- 3) Surface PACT (S-PACT).

b. An established set of Navy ratings is aligned to each PACT located at the following Web address: <http://www.public.navy.mil/bupers-npc/career/careercounseling/Pages/C-WAY.aspx>. It is the goal of the program to match each PACT Sailor into one of the ratings aligned within the Sailor's contracted apprenticeship career track, depending on minimum rating entry requirements and Navy needs.

c. PACT Program eligibility standards were developed for each apprenticeship career track based on the list of associated ratings. Sailors in receipt of an initial accession contract into one of the three tracks must meet the established minimum requirements for their chosen track. These requirements are listed in reference (b).

d. Sailors accepted into the PACT Program will attend an initial PACT apprenticeship course for their respective track

and receive follow-on assignment determined by needs of the Navy to a fleet unit. Sailors dropped from a previous course of instruction and reclassified into the PACT Program will receive permanent change of station (PCS) orders determined by the needs of the Navy. As a result, these Sailors may or may not attend the PACT apprenticeship course.

e. All PACT Sailors will have a 24-month projected rotation date (PRD) at their PDS. PACT Sailors, who are subsequently designated, may have their PRD adjusted to the appropriate prescribed sea tour (PST) for that rating, unless the initial assignment is regulated by a DoD area tour.

f. Rating eligibility screening and career progression plans will be developed during the PACT Sailor's reporting career development board (CDB). A rating eligibility screening is conducted using the C-WAY System's general eligibility screening functionality. Step-by-step instructions on using the C-WAY System are available in the C-WAY User Guide located on the C-WAY Web site at the following Web address: <http://www.public.navy.mil/BUPERS-NPC/CAREER/CAREERCOUNSELING/Pages/C-WAY.aspx>. Rating eligibility screening produces a list of ratings for which the Sailor is qualified. In addition, command career counselors (CCCs) should encourage their Sailors to use the Job Opportunities in the Navy (JOIN) Web site to identify their interests, and the career exploration module (CEM) within C-WAY to identify eligibility requirements for additional ratings of interest. Based on the results of the general rating qualification and Sailor's interest profile, a career progression plan will be developed. The Career Information Management System (CIMS) is used to document CDBs. All four required CDBs must be conducted and documented in CIMS (reporting, 6-month, 12-month, and 18-month CDBs conducted for PACT Sailors).

3. **Definitions**

a. PACT is the specific apprenticeship career path into which the Sailor was accessed when entering the Navy, or into which was later reclassified during training.

b. Rating designation is the process by which a Sailor submits an application to designate into a rating, receives approval, and ultimately becomes a rated Sailor.

c. Designation pathway is the method the Sailor chooses to become designated. Possible methods are described in paragraph 5d of this article.

d. Rack and stack is the methodology used to compare all submitted Sailor applications against each other based on a set algorithm. Sailors are compared within the same year group (YG) and enlisted manning code (EMC) cohort. Most qualified top performers receive approval to designate into their requested EMC.

4. Responsibilities

a. **OPNAV (N13)** - Director, Military Personnel Plans and Policy (N13) is responsible for approval of enlisted force management policy in support of the Deputy Chief of Naval Operations (N1). As such, OPNAV (N13) is the approving authority for C-WAY-PACT designation policy and C-WAY-PACT designation quota management plan business rules.

b. **OPNAV (N132)** - Director, Enlisted Force Plans and Policy (N132) is responsible for developing enlisted force management policy in support of the Deputy Chief of Naval Operations (N1). As such, OPNAV (N132) will establish all applicable C-WAY-PACT designation policies and coordinate with BUPERS-32 to establish and update C-WAY-PACT designation quota management plan business rules.

c. **BUPERS-32** - Director, Enlisted Community Management (BUPERS-32) will manage individual rating quota plans. Additionally BUPERS-32 will develop an annual PACT Inventory and Designation Plan to submit to OPNAV (N132) for approval and provide monthly execution updates. In concert with OPNAV (N132), BUPERS-32 is responsible for developing and updating (as required) C-WAY-PACT designation quota management plan business rules for OPNAV (N13) approval.

d. **BUPERS-33** - Director, Career Waypoints (C-WAY) Program adjudicates all C-WAY-PACT designation pathway and apprenticeship change pathway applications as directed by OPNAV (N13) and delineated by BUPERS-32. Career Waypoints Branch (BUPERS-33) is responsible for C-WAY Program execution, processing all C-WAY-PACT designation pathway and apprenticeship

change pathway applications as directed by OPNAV (N13) and delineated by BUPERS-32.

e. **Immediate Superior In Command (ISIC).** ISIC career counselors will monitor C-WAY via "ISIC level" access to ensure subordinate commands are complying with all policies related to C-WAY-PACT designation. Designated representatives can gain C-WAY System access as detailed in OPNAV 5239/14 System Authorization Account Request Navy (SAAR-N). Detailed instructions may be accessed by using the following Web address: <http://www.public.navy.mil/BUPERS-NPC/CAREER/CAREERCOUNSELING/Pages/C-WAY.aspx>.

f. **Command Responsibility.** Commanding officers (COs) and officers in charge (OICs) are responsible for managing the careers of PACT Sailors serving on board their commands. COs and OICs must balance PACT work requirements with designation needs and desires of PACT Sailors. They will ensure the completeness and accuracy of all C-WAY-PACT designation applications, and that personnel understand and comply with all policies related to C-WAY-PACT designation. Failure to submit administrative error(s) and or inaccurate applications can result in denial of opportunity for Sailors. Additionally, commands must:

(1) Ensure their CCC and or designated representatives obtain C-WAY System access;

(2) Ensure applications for all Sailors under their cognizance, to include those concurrently assigned elsewhere (e.g., individual augmentee (IA), temporary additional duty (TAD), etc.) are submitted monthly in C-WAY-PACT designation module, identifying current designation intentions, as required. If a PACT Sailor is eligible for designation but is not recommended at the current time due to existing PACT work requirements at the command, an application with a "Not-Recommended" status using "Other" as a reason should be submitted. CCC must type in an explanation for the recommendation in the space provided.

(3) Validate all Sailor C-WAY-PACT designation application data, including Sailors' intentions and qualifications for chosen designation ratings.

(4) Designate representatives to submit C-WAY-PACT designation applications for all subordinate unit identification codes (UICs), or designate a representative for each subordinate UIC.

(5) Ensure the Career Waypoints helpdesk is contacted for guidance when application questions arise or additional clarification is required: Phone: (901) 874-2102 (DSN 882), or e-mail the Career Waypoints help desk at: career_waypoints@navy.mil.

g. **Navy Personnel Command (NAVPERSCOM), Shore Special Assignments Branch (PERS-4010).** NAVPERSCOM (PERS-4010) is responsible for processing approved designations, adjusting PRDs, and writing PCS orders for PACT Sailors.

h. **Sailor Responsibility.** Sailors are ultimately responsible for their own careers. Lack of awareness of Navy policies or a PACT-designation application status will not justify additional reviews.

(1) Sailors should use their most recent CDB as a guide in making their career decisions. Additionally, Sailors are encouraged to engage other Sailors already designated in ratings in which they have interest to better understand duties, rating requirements, and skillsets unique to each rating.

(2) Sailors are encouraged to ensure, with the assistance of their CCC, that all required C-WAY-PACT designation applications are submitted accurately and on time, and indicate their desires.

(3) Sailors should utilize their immediate chain of command and CCCs to address C-WAY-PACT designation questions.

Note: Sailors are encouraged to utilize CDBs and the CEM in order to determine correctable deficiencies that would otherwise render them ineligible for desired ratings (e.g., retake the Armed Forces Classification Test (AFCT) to improve their scores in order to expand their rating designation opportunities or earn a driver's license, etc.).

5. Requesting Rating Designation

a. **Request Procedures.** CCCs will submit all rating designation request applications for eligible Sailors via the C-WAY-PACT designation (formerly Fleet RIDE-REGA) module. Applications are submitted on a monthly basis. The deadline for submitting rating designation applications is 2359 Central Standard Time (CST) on the last day of each month.

b. Eligible applicants are compared against each other within their same YG and submitted for the same EMC using the rack and stack process. Rack and stack results are reviewed by the ECM technical advisors on a monthly basis, and are published each month via the C-WAY-PACT designation module. Normally, results are published within 10 business days after the application window closes. PACT Sailors have three designation pathways and one apprenticeship change pathway:

(1) Fleet "A" School designation pathway;

(2) Participation in the Navy-wide advancement examination (NWAE) designation pathway;

(3) Direct rating entry designation (RED) pathway; and
or

(4) Apprenticeship change pathway.

c. CCC responsibilities include the following:

(1) Review and update C-WAY-PACT designation applications each month (including application notes) once the PACT Sailor becomes eligible to designate. This action will change C-WAY-PACT designation applications from the "Initial - Action Required" or "Saved-Action Required" to the "Submitted" status. Commands are required to update applications to reflect changes to Sailors' designation eligibility status or desired rating designation choices;

(2) Certify that all applications are accurate by selecting the block that states "I have validated the information in this application with the Sailor. I, on behalf of the CO, certify it to be correct, and the CO recommends approval as requested;"

(3) Submit applications by the application deadline. The deadline for submission of applications for eligible Sailors is 2359 CST on the last calendar day of each month; and

(4) Include the Sailor's most current evaluation in the application.

Note: Commands encountering issues with submitting applications by the established deadlines should forward application information to their ISICs for submission. Commands ISICs may submit C-WAY-PACT designation applications for each UIC under their authority. Applications submitted beyond established deadlines will not be adjudicated and will result in a "Failed to Submit" status.

d. The C-WAY-PACT designation module will auto-generate partially-populated applications for PACT Sailors who have completed 12 months on board their PDS. Opportunities within NWAEE designation path also require time in-rate (TIR) eligibility to participate in the E-4 NWAEE (must have 6 months TIR as an E-3 based on the next NWAEE terminal eligibility date (TED)). Depending on the designation pathway, the following rules apply:

(1) **Requests for "A" School.** After 12 months onboard, PACT Sailors are eligible to submit their "A" School request via C-WAY-PACT designation module through their CCC. PACT Sailors who receive approval to attend "A" School must have a minimum of 18 months on board prior to transfer, per MILPERSMAN 1306-602, and will be transferred depending on "A" School seat and PCS funds availability.

(2) **Requests to Participate in the NWAEE.** After 12 months onboard, PACT Sailors who meet all the prerequisites, per reference (b), are eligible to submit a request to participate in the next NWAEE via the C-WAY-PACT designation module. Approved applications are authorized for only one advancement cycle. The application windows for the NWAEE are

(a) March-August (September NWAEE); and

(b) September-February (March NWAEE).

(3) **Requests to designate via RED.** After 12 months onboard, PACT Sailors are eligible to be directly designated

into a rating that does not require an "A" School when a valid billet exists on board their command. CCCs on behalf of their COs and OICs must identify a valid gapped billet on board. A gapped billet is defined as either currently vacant or projected to be vacant through projected on board in 9 months (POB9). PACT Sailors are eligible to submit a request for RED designation into ratings that are gapped at their current commands. RED authorization quotas are preferred because Sailors are designated in the same month as the quotas are approved. Additionally, direct designation is advantageous for Sailors because it provides viable career paths and eligibility to participate in the NWAEE as a rated E-3. PACT Sailors on this path may perform better on the NWAEE, increasing their chances for advancement since they will have more opportunity to gain experience and study in their new rating prior to the exam.

(4) Sailors with Interrupted Service at First Command.

Sailors who are transferred from first command due to limited duty, medical hold, legal hold, pregnancy etc., and subsequently reassigned upon return to full duty may request adjustment of their C-WAY time onboard counter to ensure credit for time served onboard first command to meet 12-month time onboard requirement. The reasons listed above are not all inclusive. Contact C-WAY Helpdesk at Phone: 901-874-2102 with questions.

e. Apprenticeship Change Pathway. After 6 months on-board their PDS, PACT Sailors who desire to move into a rating outside of their current apprenticeship career path must request conversion to the appropriate apprenticeships via C-WAY-PACT designation module, and only if quotas are available (e.g., SN-FN, FN-AN). PACT Sailors must receive approval for apprenticeship conversions prior to requesting rating designation in the new apprenticeship career path. All changes to an apprenticeship career pathway must be approved by BUPERS-32.

f. Continued Eligibility Screening. C-WAY-PACT designation rating eligibility screening is required to ensure PACT Sailors are placed into ratings for which they are qualified and where available quotas exist.

g. Cancellation of an Approved "A" School Request. Personnel who do not desire, are no longer eligible to attend, or desire to cancel an approved "A" School must submit NAVPERS 1306/7 Enlisted Personnel Action Request to BUPERS-32 via

NAVPERSCOM (PERS-4010) detailers. NAVPERS 1306/7 may be accessed by using the following Web address:

<http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>

Note: PACT Sailors designated via the NWAEE at a UIC that does not have a vacant billet will be made available for transfer. In addition, PACT Sailors designated via the NWAEE or RED, who are in career waypoint-reenlistment (C-WAY-REEN) window (i.e., 13 months prior to SEAOS or 12 months prior to PRD with less than 24 months between PRD and SEAOS) may immediately request a C-WAY quota to reenlist.

6. Qualifications

a. **Eligibility.** PACT Sailors must maintain their eligibility for the prospective rate per MILPERSMAN 1306-618. Sailors must be entered into C-WAY and screened. Additionally, Sailors must:

(1) Have no NJP within 12 months of "A" School class convening date;

(2) Have passed most recent PFA and be within body composition standards;

(3) Have no mark below 3.0 on most recent performance evaluation; and

(4) Maintain world-wide assignment eligibility (this applies only to RED and "A" School designation pathways).

b. **Obligated Service (OBLISERV).** The Sailor may be required to obtain additional OBLISERV to attend "A" School as required per MILPERSMAN 1306-604. While C-WAY-REEN approval is not required for assignment to Fleet "A" School, regardless of additional OBLISERV, a conditional reenlistment can be requested from NAVPERSCOM, Active Enlisted Programs Branch (PERS-811), if additional OBLISERV required is beyond the 24 months aggregate as outlined in MILPERSMAN 1160-030.

7. Disqualifications

a. **Substandard Performance.** Substandard performance or disciplinary problems are cause for cancellation of a Sailor's PACT Program guarantee (e.g., "A" School assignment). Commands are required to document substandard performance issues in the C-WAY-PACT designation module.

b. **Rescission of Retention and or Advancement Recommendation.** If a Sailor has his or her retention or advancement recommendation rescinded by his or her CO or OIC, the Sailor is no longer qualified to receive the PACT Program guarantee.

c. **Subsequent Disqualification.** Any disqualification that occurs after rating approval must be documented by that Sailor's current command and reported to the respective ECM. In addition, if a PACT Sailor received "A" School approval and is subsequently disqualified to attend, that Sailor's current command must notify NAVPERSCOM (PERS-4010) via naval message.

8. Reclassifications to the PACT Program

a. **Accession "A" School drops may be reclassified to the PACT Program.** Any Sailors in the accession pipeline who are dropped from a previous course of instruction and reclassified into the PACT Program must have their PCS orders written to include a 24-month PRD per MILPERSMAN 1306-126. "A" School drops will fall into the needs of the Navy category under the Bureau of Naval Personnel (BUPERS), Production Management Office (PMO) (BUPERS-6) reclassification guidance per MILPERSMAN 1236-020. After reporting to their PDS, reclassified PACT Sailors are subject to all requirements outlined in the PACT annex of the enlistment documents in reference (a) and this article.

b. **PACT Program School Drops**

(1) PACT Sailors who fail to complete assigned PACT training may be subject to separation per MILPERSMAN 1910-125.

(2) PACT Sailors approved to designate via "A" School designation pathway and who subsequently fail or drop may be subject to separation per MILPERSMAN 1910-133.

9. **Processing of Designated Sailors.** Processing of designated Sailors will depend on their designation pathway.

a. Sailors who are designated via "A" School will receive their next set of PCS orders from the appropriate rating assignment detailer based on needs of the Navy.

b. Sailors who designate via NWAEE will either remain on board their present command or be transferred to another command where a vacancy exists. NAVPERSCOM, Enlisted Distribution Division (PERS-40) and the command will make this determination based on present command manning. Sailors who remain on board will have their PRDs adjusted to the appropriate PST for that rating, unless the initial assignment is regulated by a DoD area tour. For guidance on Sailors who PCS to another command use MILPERSMAN 1306-104 and 1306-126.

c. Sailors who chose to designate via RED will remain on board their present command by filling a previously gapped billet. These Sailors will have their PRDs adjusted to the appropriate PST for that rating, unless the initial assignment is regulated by a DoD area tour. Upon receipt of the approved RED designation lists from BUPERS-32, NAVPERS, Record/Data Maintenance Quality Division (PERS-33) will process the rating changes, and NAVPERS (PERS-40) will adjust PRDs (as appropriate).

Note: PACT Sailors who have completed "A" School and have been designated are required to obtain C-WAY-REEN authorization prior to reenlisting or extending to OBLISERV for follow-on orders per MILPERSMAN 1160-140. If the Sailors are not currently in their C-WAY-REEN window, then the CCC must submit a "special circumstance-other" application with notes stating "Sailor recently designated via PACT "A" School is not in C-WAY-REEN window, but requires OBLISERV in exception to policy outlined in MILPERSMAN 1160-030 regarding short term extensions (STE)." If Sailors, due to timing of rating designation, enter "Convert Only" C-WAY-REEN application windows, or are within 6 months of SEAOS, contact the cognizant ECM to request in-rate reset.

10. **Apprenticeship Change Pathway Disposition.** Sailors who are approved for an apprenticeship change pathway will remain on board their command. They can request designation during the next processing month. Once approved for designation, follow processing guidelines in paragraph 9 of this article.

MILPERSMAN 1301-700

ACQUISITION CORPS (AC)

Responsible Office	NAVPERSCOM (PERS-447)	Phone:	DSN COM FAX	882-3837 (901) 874-3837 882-2632
---------------------------	--------------------------	--------	-------------------	--

References	(a) DOD Instruction 5000.66 of 21 Dec 2005 (b) DAWIA Operating Guide of 5 Jan 2007 (c) NAVPERS 15839I, Manual of Navy Officer Manpower and Personnel Classifications (d) 10 U.S.C. 619 and 1735 (e) CJCSI 1331.01C of 22 Jul 2005
-------------------	---

1. **Policy**. The acquisition workforce includes all military members who encumber acquisition-coded billets, who have acquisition Additional Qualification Designators (AQDs), or who are members of the Acquisition Corps (AC). The more junior (Lieutenant Commander (LCDR) and below) workforce billets available for assignment will serve as important experience builders for Navy's future AC.

a. Overall career management of the Navy's acquisition workforce, **both military and civilian**, is the responsibility of Director, Acquisition Career Management (DACM) on the Assistant Secretary of the Navy Research, Development, and Acquisition (ASN (RD&A)) staff (see references (a) and (b)).

b. Certain aspects of an acquisition officer's assignment may require DACM approval, such as waivers to leave a critical position prior to completion of tenure, or to enter a critical position without being a member of the AC. Among other things, the DACM's office administers a centralized acquisition training and education program and maintains a management information system to support the acquisition workforce.

c. Navy Personnel Command (NAVPERSCOM), Acquisition Workforce Management Branch (PERS-447) is the point of contact (POC) for the Navy's military acquisition workforce and AC issues.

2. Assignment of Officers to Acquisition Billets

a. All acquisition billets are identified by a Billet Additional Qualification Designator (BAQD) (either primary or secondary) which starts with the letter "A*.*" The second letter of the BAQD denotes the acquisition career field of the billet, and the third letter indicates whether the billet is "critical" or not. These BAQDs are defined in reference (c).

b. Assignment of officers to non-critical acquisition positions is conducted using the normal order writing process.

c. Assignment to critical positions is closely monitored and controlled. There are statutory restrictions imposed by the Defense Acquisition Workforce Improvement Act (DAWIA) on critical billets (see references (b) and (c)).

d. NAVPERSCOM (PERS-447) chops all orders to and from acquisition billets to ensure statutory and regulatory acquisition requirements are met.

3. Acquisition Certification and Training

a. **Certification process.** All acquisition billets require certification within 24 months of reporting to a command.

(1) The **billet rank** determines the **level**, and the **second letter of the BAQD** indicates the **career field**.

(2) Certification ensures the officers meet the minimum DAWIA required training, education, and experience for the specific billet occupied.

(3) Once those requirements are met, a certification request is submitted to the Register-Now Web site (<https://www.atrrs.army.mil/channels/registernow/rnswitch.asp>) via the designated approving official at the officer's command for approval.

(4) Once approved, an E-mail confirmation of the approval letter will be sent to NAVPERSCOM (PERS-447) for assignment of an appropriate AQD in the personnel record.

b. **Training.** Acquisition training course quotas are controlled by the Register-Now Web site and Defense Acquisition University (DAU).

(1) Permanent change of station (PCS) en route training is coordinated by the placement officer working with the gaining command.

(2) Other questions concerning acquisition training (tuition assistance, per diem, etc.) should be directed to the DACM.

4. **Acquisition Corps (AC)**. The AC consists of officers with certain minimum levels of acquisition experience, education, and training selected primarily from the following:

- Unrestricted Line (URL)
- Engineering Duty (ED)
- Aerospace Engineering/Maintenance Duty (AED/AMD)
- Civil Engineer Corps (CEC)
- Supply Corps (SC)

A small number of qualified officers from other communities may also become members of the AC.

a. AC members are assigned a wide variety of the more senior (O-5 and above) billets ashore dealing with the entire life cycle of the acquisition process, from research and development to disposal considerations. Membership in the AC is voluntary.

b. The purpose of the AC is to develop a solid corps of professional officers (and civilians) who are well versed in the acquisition process; this community is then carefully tracked in the areas of career management, individual assignments and qualifications, and promotion rates. Data regarding these facets of the AC are regularly provided to the Office of the Secretary of Defense (OSD) and Congress by the Navy's DACM.

c. The Navy military officer portion of the AC is sponsored by NAVPERSCOM (PERS-447). A semi-annual administrative board selects officers for the AC, resulting in the assignment of an AQD of **APM**. **The APM AQD is the sole indicator that an officer is a member of the AC.**

d. There are nearly 800 critical acquisition billets spread among the communities listed above.

(1) To fill one of these billets, an officer must be a Commander (CDR (sel)) or senior and be a member of the AC prior to assignment.

(2) Waivers must be submitted to NAVPERSCOM (PERS-447) and approved by DACM prior to detailing non-AC members to critical acquisition billets.

5. Unrestricted Line (URL) Officer Acquisition Policy

a. URL officers, excluding aviation community, shall not be selected into the AC until screened/served for Commander Command. Prior to being screened for Commander Command, an officer interested in acquisition should treat it as additional training/qualifications and should take acquisition assignments when non-community tours are possible.

b. An officer may not be appointed to O-7 unless the officer has completed a full tour of duty in a joint duty assignment (JDA) per reference (d); however, this requirement may be waived per section 619a of reference (d) and reference (e) if the officer's selection for promotion was based primarily upon Sci-Tech qualifications for which sufficient joint requirements do not exist. When determining whether a waiver is allowed on Sci-Tech qualifications for a community, "sufficient joint requirements exist" when there are general or flag officer billets on the joint duty assignment list (JDAL) for that community.

c. Officers granted Sci-Tech waivers for compliance of the law for promotion to O-7 must serve continuously in the specialized acquisition career field. If assignment to other duty is anticipated, the individual will be required to first serve in a JDA.

6. Flag Officer Assignment. In general, flag acquisition positions require 10 years of acquisition experience, which must include 4 years in a critical billet.

a. Additional restrictions apply to specific positions such as Program Executive Officers (PXOs).

b. References (a) and (b) delineate Department of Defense (DOD) DAWIA policy concerning reference (d) restrictions on acquisition flag billets.

MILPERSMAN 1301-710

COMMAND POLICIES AND PROCEDURES – ACTIVE COMPONENT CHAPLAIN CORPS OFFICER SCREENING AND ASSIGNMENT TO COMMANDER AND CAPTAIN MILESTONE BILLETS

Responsible Office	NAVPERSCOM (PERS-4414)	Phone:	DSN	882-4092
			COM	(901) 874-4092
			FAX	882-2676
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

References	(a) SECNAVINST 1730.7D
	(b) SECNAVINST 5351.1
	(c) CNO memo 1300 Ser 3U-146055 Milestone Billet Decision Memorandum
	(d) Joint Travel Regulations (JTR)

1. Background

a. Per references (a) and (b), the Office of the Chief of Naval Operations (OPNAV), Chief of Chaplains (N097) is the Department of the Navy's Director of Religious Ministry and the Chaplain Corps (CHC) community leader. OPNAV (N097) is responsible for providing advice to Navy leadership on the organization, utilization, and distribution of CHC officers and to the Chief of Naval Personnel for screening boards for CHC milestone billets. Reference (c) lists the milestone billets for commanders and captains and can be found on the CHC detailer Web page on the Navy Personnel Command Web site.

b. Officer communities may designate a limited number of their billets as milestones which represent positions of leadership analogous to command. Similar to the command screening process, milestone screening identifies individuals whose records indicate that they possess the leadership abilities required to successfully execute the duties associated with commander and captain milestone billets. Screening for milestone duty is based on determinations of who is best and fully qualified, and no officer will be disadvantaged because of their race, religion, color, gender, or national origin.

2. Milestone Board

a. The milestone screening and selection process is completed by a formal administrative board. Navy Personnel Command (NAVPERSCOM), Chaplain Assignment and Placement Branch (PERS-4414) or a designated alternate serves as the board sponsor. At a minimum, the board membership shall consist of the following:

1	CHC flag officer who serves as the president and senior member;
1	CHC captain who has an additional qualification designation (AQD) for a captain milestone tour; and
5	Unrestricted line captains.

b. No officer may serve on two consecutive boards as a member.

3. Eligibility

a. CHC officers in the grade of commander or selected for promotion to commander, and whose names appear on the commander promotion list are eligible to have their records screened at the next milestone board conducted. Commanders who have failed to select for captain are not eligible for commander milestone billets.

b. CHC officers in the grade of captain are eligible to have their records screened at the first milestone board after serving 12 months in the grade of captain.

c. CHC officers with approved resignations or retirements are not eligible. CHC officers with a statutory retirement date within 36 months after the milestone screening board are not eligible. CHC officers who have failed to successfully screen after three opportunities are no longer eligible.

d. Eligible officers shall be notified of their eligibility by Navy Personnel Command (NAVPERSCOM) (PERS-4414), and may send letters to the board per MILPERSMAN 1420-010.

4. **Board Screening Process**

a. NAVPERSCOM (PERS-4414), in consultation with the Chief of Chaplains (N097), shall establish the number of CHC officers that may be selected by the board. The number may be 15 to 20 percent larger than the number of anticipated vacancies in milestone assignments in order to allow slating in compliance with MILPERSMAN 1301-104.

b. Eligible CHC officers shall have their official military personnel file (OMPF) screened by three consecutive boards.

c. NAVPERSCOM (PERS-4414) shall maintain a roster of CHC officers who have been selected for milestone duty.

d. Selected CHC officers shall remain on the milestone roster subject to the conditions of paragraph 9.

5. **Milestone Slate**

a. NAVPERSCOM (PERS-4414) shall prepare milestone slates recommending assignment of officers to respective billets per MILPERSMAN 1301-104. The purpose of the slate is to ensure that milestone billets are filled by milestone screened officers and to ensure that an officer's experience, qualifications, and other factors, as determined by OPNAV (N097), are appropriate for the intended milestone assignment. OPNAV (N097) shall review the milestone slate, amend it as necessary, and approve the slate prior to assignment.

b. CHC officers who are nominated or interviewed for a milestone assignment, but not approved by the gaining command will remain on the roster available for nomination to another milestone assignment.

c. Beginning in FY 2017, officers placed on the milestone roster and selected for a milestone assignment must complete the Naval Chaplaincy School and Center's Professional Naval Chaplaincy Advanced Leadership Course (CIN #V-5G-4304, CDP # 07A1).

6. **Needs of the Navy.** Needs of the Navy may sometimes require assignment of a CHC officer to a milestone billet, who has either never been screened for a milestone billet, or has failed to be selected by a milestone board. The milestone screening

board shall review the individual's record and make a decision on placing the officer's name on the milestone roster. Assignment of an AQD is pursuant to the standards outlined in paragraph 8.

7. **Milestone Tour Lengths.** CHC milestone tour lengths are governed by joint tour length requirements and officer distribution guidelines pursuant to reference (d) and MILPERSMAN 1420-010.

8. **AQD**

a. To receive milestone credit and the associated AQD, an officer must appear on the milestone roster, complete a minimum of 18 months in the assigned milestone billet, and must not have an OMPF that indicates misconduct or substandard performance as defined in MILPERSMAN 1611-020.

b. Time accrued from separate milestone tours may be combined to meet the 18 month requirement, if the records from both assignments do not indicate misconduct or substandard performance as defined in MILPERMAN 1611-020. Officers who accrue the 18 months from separate milestone tours will be awarded the AQD from the tour of greater length.

c. Officers who are assigned to milestone tours with different AQDs are eligible to receive more than one AQD if they meet the 18 month minimum for each assignment.

d. Officers are required to contact NAVPERSCOM (PERS-4414) to request assignment of the AQD. NAVPERSCOM (PERS-4414) is responsible for assigning the AQD.

9. **Removal of Names from Milestone Roster**

a. CHC officers on the milestone roster who are nominated and approved for a milestone assignment, but decline the assignment for reasons other than approved NAVPERSCOM waivers (i.e., Exceptional Family Member Program, overseas screening failure, etc.), shall be removed from the milestone roster.

b. Chaplains on the milestone roster who submit a request to retire shall be removed from the milestone roster.

c. The milestone screening board shall screen the OMPF of

each officer whose name appears on the milestone roster and whose OMPF indicates misconduct or substandard performance, as defined in MILPERSMAN 1611-020. The board is authorized to remove the officer's name from the milestone roster.

d. Officers selected for promotion to the next rank, officers who fail to select for promotion to captain, or officers who are within 36 months of statutory retirement shall be removed from the milestone roster.

e. NAVPERSCOM (PERS-4414) shall notify officers whose names have been removed from the milestone roster.

-------------------	---

1. **Purpose.** This article defines "command" and establishes criteria and eligibility for all types and grades of commands.
2. **Commanding Officer (CO)** Per reference (a), "a commanding officer refers to an officer, either of the line or of a staff corps, detailed to command by competent authority that has authority over all officers or other persons attached to the command, whatever their rank, and whether they are of the line or of a staff corps."
3. **Command at Sea.** Per reference (a), "command at sea" refers to those afloat, deploying, and or operational units defined as sea-going commands under the operating forces of the Navy and Marine Corps found in reference (b). Only administratively screened and selected unrestricted line (URL) officers are eligible for command at sea.

4. **Command Ashore**. Per reference (a), "command ashore" refers to those activities whose defined missions comprise the Shore Establishment of the Department of the Navy, and those shore activities under the operating forces of the U.S. Navy found in reference (b). All administratively screened and selected line and staff corps officers are eligible for command ashore, as appropriate to that officer's line community or staff corps.

5. **Screened for Command**. Per reference (c), every CO, regardless of line community or staff corps, and regardless of the type or grade of command, must be screened. MILPERSMAN 1301-802 and 1301-804 address command screening and command selection.

6. **Command Opportunity**

a. This is defined as the opportunity for an officer to have at least one screened command in grade. Command opportunity is obtained by dividing the community's number of designated and apportioned commands in grade available per year (annual fills) by the number of community officers selected for promotion in a given fiscal year (total year group).

b. Command opportunity is used to determine a community's demand signal for officers. It demonstrates the percentage of officers at a particular grade **going to** command.

7. **Selection Opportunity**

a. This is defined as the opportunity for an officer to select for command across multiple looks. Selection opportunity is obtained by dividing the community's number of designated and apportioned commands in grade available per year (annual fills) by the community's administratively established population of eligible officers (community screen group).

b. Selection opportunity is used to determine a community's selectivity for command. It demonstrates the percentage of officers being **selected for** command.

8. **Grades of Commands**

a. **Major Command - Sequential** (formally "sequential command):" A second screened command to which a captain (CAPT)

is assigned, as designated by the Chief of Naval Operations in reference (d), for which a previous major command is a prerequisite;

b. **Major Command:** A screened command to which a CAPT is assigned, as designated by the Chief of Naval Operations in reference (d) for which commander (CDR) command is a prerequisite for URL officers, and for which CDR milestone or CDR command is a prerequisite for restricted line or staff corps officers;

c. **CAPT Command:** A screened command to which a CAPT is assigned, as designated in reference (e), for which a previous command is not a prerequisite;

d. **CDR Command - Sequential:** Formerly "second in-grade (or bonus) command." A second screened command to which a CDR is assigned, as designated in reference (f), for which a previous CDR command is a prerequisite;

e. **CDR Command:** A screened command to which a CDR is assigned, as designated in reference (f);

f. **Early Command:** A screened command to which a lieutenant commander (or below) is assigned, as designated in reference (g).

9. **Classification of Command.** Billets designated as command are those identified by the following Navy officer billet classification codes listed in reference (h):

a. **Major Command - Sequential**

- CO Afloat (CAPT) - 9236
- CDR Operating Forces Selected (SEL) - 9006
- Area Commander - 9009
- CO Shore Activity (SEL) - 9422
- Major Project Manager (SEL) - 2161

b. **Major Command**

- CO Afloat (CAPT) - 9236
- CDR Operating Forces (SEL) - 9006
- Area Commander - 9009
- CO Shore Activity (SEL) - 9422
- Military Sealift Command (MSC) Commander - 9950
- Major Project Manager (SEL) - 2161

- Naval Attaché * - 9635 See Note 1
- Naval Engineering Research Project Officer - 7959
- Supervisor of Shipbuilding, Conversion, and Repair - 7996

c. **CAPT Command**

- CO Afloat (CDR) - 9235
- CDR/CO Shore Activity - 9421
- Aviation Squadron CO - 8670
- CO Fleet Marine Forces (FMF) Company - 0055
- Convoy Commodore - 9018
- CDR Operating Forces - 9005
- Professor Naval Science - 3277
- Commander, Engineering Assessment - 9345
- Naval Engineering Research Project Officer - 7959
- Supervisor of Shipbuilding, Conversion, and Repair - 7996

d. **CDR Command - Sequential**

- CO Afloat (CDR) - 9235
- CO Special Warfare - 9290
- CDR/CO Shore Activity - 9421
- Aviation Squadron CO - 8670
- CO Construction Forces - 4305
- CO FMF Company - 0055
- CDR Operating Forces - 9005
- Commander, Engineering Assessment - 9345

e. **CDR Command**

- CO Afloat (CDR) - 9235
- CO Special Warfare - 9290
- CDR/CO Shore Activity - 9421
- Aviation Squadron CO - 8670
- CO Construction Forces - 4305
- CO MSC Office - 9470
- CO FMF Company - 0055
- CDR Operating Forces - 9005

f. **Early Command**

- CO Afloat (LCDR) - 9234
- CO Afloat (LT) - 9233
- CO Construction Forces - 4305
- CDR/CO Shore Activity - 9421

Note 1: Only major defense attaché billets specified in reference (c) are major commands.

10. **Command Submission.** The major command review board (MCRB) is convened annually, or as required by the Chief of Naval Personnel per references (c) and (d). The MCRB will be convened to address, validate, or approve all CO billets.

a. The command review board is convened as part of the MCRB to specifically address those commands not designated as major commands, and those commands below the grade of CAPT;

b. The Chief of Naval Personnel will update and publish reference (d) annually based on the results of the MCRB;

c. Office of the Chief of Naval Operations (OPNAV), Director, Military Personnel Plans and Policy (N13) will update and publish references (e) through (g) annually based on the results of the command review board;

d. OPNAV, Head, Officer Plans and Policy (N131) is the point of contact for all CO billet submissions and questions.

-------------------	---

1. Policy

a. **Command.** As delineated in Chapters 8 and 9 of reference (a), billets designated as command are those identified by the following Navy officer billet classification codes listed in reference (b).

Billet	Classification Code
CO Afloat	9233, 9234, 9235, 9236, 9222
Squadron CO	8670
CDR, Operating Forces Command	9005, 9006
CO, Special Warfare Team	9290
CO, Naval Construction Forces	4305
CO, Naval Shore Activity	9422
CDR/CO Shore Activity	9421
MSC Commander	9950
CO, MSC Office	9470
Area Commander	9009
Professor of Naval Science	3277
Area Commander	9009
Major Project Manager	2161
Convoy Commodore	9018
Major Defense Attaché (Note 1)	9635
Joint Special Operations Task Force	9006, 9293

Note 1: Not all major defense attaché billets are major commands, except for those specified in reference (c). Joint special operations task force billets are also specified in reference (c).

b. **Command Qualification Standards.** The Command Qualification Program ensures personnel demonstrate required competencies and be board screened by a panel of flag officers prior to performing specific duties as a commanding officer (CO). Command qualification delineates the minimum knowledge and skill sets an individual must demonstrate before being assigned command and performing duties as a CO. COs shall be in compliance with the specific guidance established by each community.

c. **Command Equivalent.** Additionally, in some contexts, the following are considered command equivalents, even though these activities do not fit reference (a) description of command:

Billet	Classification Code
Designated Project Manager	2160
Naval Engineer Research Project Officer	7959
Naval Attaché	9635

d. **Screened Command.** Every CO is to be screened by an administrative board, to include restricted line and staff. In the context of command definitions, "screened" means "selected", not "looked at" for command.

(1) Officers screened for captain (CAPT) command and commander (CDR) command will be notified by official correspondence signed by Commander, Navy Personnel Command.

(2) Types of screened commands include the following:

(a) **Major Command.** A command designated by the Chief of Naval Operations (CNO) as a major command in reference (c) and first screened command to which a CAPT is assigned. The command may be either afloat or ashore;

(b) **Second Command in Grade.** The second screened command to which an officer of any rank is assigned. An example is command of a fleet readiness squadron;

(c) **Sequential Command.** A second screened sea command for a CAPT, for which a previous CAPT grade sea command is a prerequisite. An example is command of a nuclear aircraft carrier;

(d) **Post Major Command.** An unrestricted line CAPT grade command for which a completed successful major command is a prerequisite;

(e) **Administrative Command.** Any command to which officers are not selected for command in paragraph 1d(2)(a) through (d) may be assigned. These commands are primarily ashore; and or

(f) **Commander Command.** A command designated by the CNO as a CDR command in the approved policy decision memorandum for the current fiscal year.

e. **Command Opportunity.** The opportunity for an officer to have at least one screened command in grade. It is obtained by dividing the community's total number of screened and apportioned commands by the number of officers selected for promotion in a given fiscal year.

f. **Selection Opportunity.** The opportunity for an officer to select for command across multiple looks. Selection opportunity is a metric of community health and is calculated by dividing the number of annual community command fills (discrete and apportioned) by the community screen group. A community screen group is calculated by a community's current fiscal year promotions and the previous year's officers not selected for command. Each individual community determines the screen group size to meet community command requirements. Selection opportunity is calculated by determining the number of times per year a command can be filled (fill rate), and is divided by the total year group and or screen group population.

g. **Command Screen Code.** A five-character alphanumeric code which gives an officer's status in command selection. This code is recorded on the member's Officer Data Card. The meaning of each element can be found in reference (d).

COMMAND POLICIES AND PROCEDURES – SPECIFIC POLICIES RELATED TO COMMAND

Responsible Office	OPNAV (N131)	Phone: DSN COM E-MAIL	664-5037 (703) 604-5037 <u>nxag n131e@navy.mil</u>
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone: Toll Free	1-866-U ASK NPC

References	(a) OPNAVNOTE 5450 Ser N131/14U114074 of 28 Jul 2014 (Canc: Jul 2015) (b) OPNAV (N131) PDM for Shared Captain Command Apportionment Plan (c) OPNAV (N131) PDM for Shared Commander Command Apportionment Plan (d) OPNAV (N131) PDM for Shared Early Command Apportionment Plan (e) OPNAVINST 1412.14 (f) NAVPERS 15839I, Manual of Navy Officer Manpower and Personnel Classification, Volume II, The Officer Data Card (g) NAVPERS 15839I, Manual of Navy Officer Manpower and Personnel Classification, Volume I, Major Code Structures (h) SECNAVINST 5510.30B
-------------------	--

1. **Purpose.** This article outlines policies and procedures for screening, selecting, and assigning officers to command of units identified in references (a) through (d), and MILPERSMAN 1301-800.

2. **Command Eligibility Screening.** Per reference (e), every commanding officer (CO), regardless of line community or staff corps, and regardless of the type or grade of command, must be screened for command eligibility.

3. **Command Screen Code.** Officers who have been selected for command are assigned a command screen code. It is a five-position alpha-numeric code that describes fiscal year considered, board sponsor, the type of command for which selected or deselected, and the standing (e.g., primary, alternate, etc.). This code is recorded on the member's officer data card. The meaning of each element can be found in reference (f).

4. **Additional Qualification Designation (AQD) Code.** Officers will be assigned a Command Qualification Program AQD code (2D1, 2D2, or 2D3) based on that officer's eligibility for command, qualification for command, and or qualification for major command. AQD code criteria and prerequisites can be found in reference (g).

5. **Executive Officer (XO) to CO Fleet-Up.** Per reference (e), COs who will be relieved by their XOs as part of a community's fleet-up program shall certify (in writing) the XO is ready to assume command and provide written certification to the immediate superior in command (ISIC) who will endorse the certification to the type commander or community leader (as applicable) with copy to Commander, Navy Personnel Command. This certification will be made prior to the XO assuming command and will discuss the XO's demonstrated leadership performance, personal behavior on-and-off duty, and other professional characteristics as delineated by the type commander or community leader. Officers screened for CO or XO must maintain the necessary performance and qualifications commensurate with their responsibilities or be de-screened per MILPERSMAN 1301-818.

6. **Early Command Policy.** Early command is considered to be equivalent to assignment as an XO (non-fleet-up) or department head. Successful completion of early command does not qualify as subsequent command eligibility screening.

7. **Shore Installation Command Screening.** Navy Personnel Command (NAVPERSCOM) maintains a memorandum of understanding with Commander, Naval Installations Command (CNIC) requiring that all communities receive CNIC endorsement for all shore establishment command slates.

8. **Command Tour Lengths.** All tour lengths are specified in references (a) through (d) and MILPERSMAN 1301-110.

9. **Number of Command Tours and Exceptions.** It is general policy that an officer is assigned to only one screened command in grade. Unrestricted line officers may be assigned to additional commands in grade as detailed in references (a) through (d) and MILPERSMAN 1301-800.

10. **Policy for Full-Time Support (FTS) Officers.** To ensure FTS community progression, the following procedures shall be utilized for administrative boards and officer placement:

a. All administrative boards that screen FTS officers will have a representative from the FTS officer community who will be utilized as members of selection and screening boards for which their experience and performance qualify them;

b. FTS pilots and naval flight officers are screened for Navy Reserve commands during the aviation major command screen board and aviation command screen board;

c. FTS officers may be considered by all appropriate screening boards and compete on the basis of qualifications;

d. Quotas will not be established for FTS officers in the screening process; however, boards will be briefed on the unique aspects of FTS officer career patterns;

e. Command of reserve force units (echelon 4 and 5) will alternate between Selected Reserve (SELRES) officers and active duty officers (either FTS or USN). A SELRES officer in an active duty status for the duration of the XO and or CO tour may fill the position of the active duty officer.

11. **Security Clearance Requirements.** Officers ordered to CO or XO billets must comply with reference (h) clearance and access level requirements.

12. **The Charge of Command.** All ISICs will ensure prospective COs review exhibit 1 and sign a copy of exhibit 2 prior to assumption of command. ISICs will retain signed copy for official record. This applies to all officers in command, to include flag officers.

13. **Transfer of Command Reports.** When orders are generated ordering an officer to command of any Navy activity (at sea and ashore), Chief of Naval Operations (OPNAV) UIC 00011 is to be included as an "info addressee".

14. **Major Command - Sequential Screen Procedures.** Major command - sequential screening is by administrative board action. NAVPERSCOM, Career Management Department (PERS-4) community codes will be the board sponsors, and will designate recorders for each of its separate boards. MILPERSMAN 1301-804 specifically addresses major command - sequential screening.

15. **Major Command Screen Procedures.** Major command screening is by administrative board action. NAVPERSCOM (PERS-4) community codes will be the board sponsors, and will designate recorders

for each of its separate boards. MILPERSMAN 1301-804 specifically addresses major command screening.

16. **Captain Command Screen Procedures**. Captain command screening is by administrative board action. NAVPERSCOM (PERS-4) community codes will be the board sponsors, and will designate recorders for each of its separate boards. MILPERSMAN 1301-804 specifically addresses captain command screening.

17. **Commander Command - Sequential Screen Procedures**. Commander command - sequential screening is by administrative board action. NAVPERSCOM (PERS-4) community codes will be the board sponsors, and will designate recorders for each of its separate boards. MILPERSMAN 1301-804 specifically addresses commander command - sequential screening.

18. **Commander Command Screen Procedures**. Commander command screening is by administrative board action. NAVPERSCOM (PERS-4) community codes will be the board sponsors, and will designate recorders for each of its separate boards. MILPERSMAN 1301-804 specifically addresses commander command screening.

19. **Early Command Screen Procedures**. Early command screening is by administrative board action. NAVPERSCOM (PERS-4) community codes will be the board sponsors, and will designate recorders for each of its separate boards. MILPERSMAN 1301-804 specifically addresses early command screening.

20. **Preparation and Approval of Command Screen Slates**

a. Following screening of officers for command, the respective community distribution division prepares command slates, assigning screened officers to commands.

b. All slates must be reviewed and endorsed by the respective community leaders.

21. **Command Submission**. The major command review board (MCRB) is convened annually or as required by the Chief of Naval Personnel per references (a) and (e). The MCRB will be convened to address, validate, or approve all major command billets.

a. The command review board is convened as part of the MCRB to specifically address those commands not designated as major commands and those commands below the grade of captain;

b. The Chief of Naval Personnel will update and publish reference (a) annually based on the results of the MCRB;

c. Office of the Chief of Naval Operations (OPNAV), Director, Military Personnel Plans and Policy (N13) will update and publish references (b) through (d) annually based on the results of the command review board;

d. OPNAV, Head, Officer Plans and Policy (N131) is the point of contact for all CO billet submissions and questions.

WASHINGTON, DC 20350-2000

5370
Ser N00/100107
8 Nov 11

MEMORANDUM FOR ALL PROSPECTIVE COMMANDING OFFICERS

Subj: THE CHARGE OF COMMAND

Ref: (a) U.S. Code Title 10 and Title 50
(b) Navy Regulations Chapters 8 through 11
(c) Navy Standard Organization and Regulations Manual
(SORM) Chapter 3

1. Command is the foundation upon which our Navy rests. Authority, responsibility, and accountability are three essential principles which are the heart and soul of Command. Effective command is at risk if any of these principles are lacking or out of balance. Further, a Commanding Officer's authority must be commensurate with his or her responsibility and accountability. This immutable truth has been the very foundation of our Navy since 1775.

2. As a prospective Commanding Officer, you have been identified as worthy of Command. You are to be entrusted with all of the authorities commensurate with your responsibilities. The decision to select you for Command was not made lightly; you were selected based on your demonstrated successful past performance and a determination by Senior Officers who have served in Command that you have the capacity to command, to accomplish the missions assigned and to uphold the standards of our Navy. This selection is an indication of the trust placed in you.

3. Just as Navy purposefully and deliberately selected you for Command, so too must you accept the extraordinary responsibility of Command with full regard for its consequences. It is the duty of every Commanding Officer to understand his or her authorities and responsibilities, prior to assuming Command.

4. While certain authorities and responsibilities will be specific to your command, there are some which are universal to all Commanding Officers: they are rooted in law, regulation,

Exhibit 1
(Page 2 of 4)

Subj: THE CHARGE OF COMMAND

doctrine, and Navy tradition. The key laws and regulations that both empower and bind Commanding Officers are detailed in references (a) through (c).

5. Included as a part of your responsibilities is the charge that you will be held accountable to the highest standards of personal and professional conduct. The requirement for exemplary conduct by a Commanding Officer was included in the establishment of our Navy; Article I of the "Rules for the Regulation of the Navy of the United Colonies of North America," from 1775 stated:

"The Commanders of all ships and vessels belonging to the thirteen United Colonies are strictly required to show themselves a good example of honor and virtue to their officers and men."

Today, the requirement for exemplary conduct of Commanding Officers is mandated by law. Title 10 Section 5947 of US Code states:

"All Commanding Officers and others in authority in the naval service are required to show in themselves a good example of virtue, honor, patriotism, and subordination; to be vigilant in inspecting the conduct of all persons who are placed under their command; to guard against and suppress all dissolute and immoral practices, and to correct, according to the laws and regulations of the Navy, all persons who are guilty of them; and to take all necessary and proper measures, under the laws, regulations, and customs of the naval service, to promote and safeguard the morale, the physical well-being, and the general welfare of the officers and enlisted persons under their command or charge."

It is your responsibility to meet the highest standards of personal and professional conduct at all times. Indeed, meeting these standards of conduct is as critical as meeting our high standards of material, personnel, and operational readiness.

6. There are two accountability standards that we use to measure officers in Command. The first is the standard for measuring criminal behavior. This standard belongs to the

Exhibit 1
(Page 3 of 4)

Subj: THE CHARGE OF COMMAND

courts and uses rules of evidence and procedure to determine, beyond a reasonable doubt, whether a violation of a specific criminal code has occurred. The second accountability standard is trust. Our Navy's decentralized command and control structure is built on trust. Without trust, we cannot delegate authority. Without authority, we cannot fulfill our responsibilities. Therefore, without the delegation of authority, we simply cannot effectively operate our Navy. Trust is a fundamental building block of our command and control structure and our ability to achieve mission success.

7. As a Commanding Officer, you must build trust with those Officers and Sailors under your command. You build trust through your character and in your actions which demonstrate professional competence, judgment, good sense, and respect for those you lead. This trust can only be built through personal interaction on a daily basis at every level in your chain-of-command. Human interaction remains the dominant factor in leading Sailors; do not fall prey to the belief that a variety of contact through electronic media can substitute in a meaningful way for the direct contact afforded by daily Quarters, Officer's Call or similar "face-to-face" leadership opportunities.

8. Once built, that trust is sustained by personal accountability - accountability to those same standards to which you hold those you lead. When trust and accountability are institutionalized in the routine of a command, the result is long-term success. When accountability is not enforced, the command and control structure, which is held together by trust, falls apart and the command eventually fails. Sustaining trust is what makes accountability critical to command. The Wall Street Journal captured this very well in an editorial column some years ago:

"It is cruel, this accountability of good and well-intentioned men. But the choice is that or an end to responsibility and finally, as the cruel sea has taught, an end to the confidence and trust in the men who lead, for men will no longer trust leaders who feel themselves beyond accountability for what they do. And when men lose confidence and trust in those who lead, order disintegrates into chaos and purposeful ships into uncontrollable derelicts." - Hobson's Choice Wall Street Journal, May 14, 1952

Exhibit 1
(Page 4 of 4)

SUBJ: THE CHARGE OF COMMAND

9. A Commanding Officer must possess professional competence, intelligent good sense, the "nicest sense of personal honor" and meet our high standards of personal conduct and leadership. Our Navy has determined that you possess these attributes, and therefore, has entrusted you with the privilege and immense responsibility of Command. I congratulate you on this singular achievement and charge you to conduct yourself everyday in a manner worthy of the responsibility you have been given.

JONATHAN W. GREENERT

			FAX	223-1189

1. **Major Command Screen, Designators 1110/1130/114X/11X7.**

Screen is by formal administrative board action. Navy Personnel Command (NAVPERSCOM), Surface Officer Distribution Division (PERS-41) is the recorder for the board. Designated flag officers are members, and membership changes with each board. Screening commences following promotion to commander (CDR) plus 5 years.

a. Selection opportunity is 50 to 60 percent with 50 percent of the year group quota selected on the first look, 30 percent on the second look, and 20 percent on the third look.

b. A special "additional look" will be available upon constituent petition when it can be shown the officer was somehow disadvantaged or the officer's record unfairly considered during the normal selection process.

(1) Petition is made in writing to the selection board president, via NAVPERSCOM (PERS-41), to include or exclude the petitioner's record from the board.

(2) Additional look selectees will count against the last normal look select quotas for the next junior year group.

2. **Major Command Screen, Designators 1100/1200.** Screen is by formal administrative board action. NAVPERSCOM, Staff Corps/Restricted Line Officer Distribution Division (PERS-44) is the recorder for the board. Designated flag officers are members, and membership changes with each board.

3. **Captain (CAPT) Command Screen, Designators 1310/1320.** Screen is by formal administrative board action. NAVPERSCOM, Aviation Captain Assignment Division (PERS-43) is the recorder for the board. Designated flag officers are members, and membership changes with each board.

4. **CAPT Command Screen, Designators 1120.** Screen is by formal administrative board action. NAVPERSCOM, Submarine Officer

Distribution Division (PERS-42) is the recorder for the board. Designated flag officers are members, and membership changes with each board.

5. CDR Command Screen, Designators 1110/1115/1117/113X/114X/6XXX. Screen is by formal board action. The board consists of at least three surface warfare flag officers, the senior of whom serves as senior member and president, and at least six CAPTs who have successfully completed their CDR sea commands. Screening commences when eligible for CDR (2 years below zone).

a. Selection opportunity is 45 to 55 percent with 40 percent of the year group quota selected on the first look, 40 percent on the second look, and 20 percent on the third.

b. A special "additional look" will be available upon constituent petition when it can be shown the officer was somehow disadvantaged or the officer's record unfairly considered during the normal selection process.

(1) Petition is made in writing to the selection board president, via NAVPERSCOM (PERS-41), who will recommend to the board president to include or exclude the petitioner's record from the board.

(2) Additional look selectees will count against the last normal look select quotas for the next junior year group.

6. CDR Command and Lieutenant Commander (LCDR) Command Screen, Designator 113X. Screen is by formal board action. The board consists of 1 special warfare flag officer who serves as senior member, and 10 CAPT/CAPT (Sel) who have successfully completed their command sea tours. Screening commences for CDR command when selected by statutory board for CDR, and LCDR command when selected by statutory board for LCDR.

a. Selection opportunity is 50 percent through three looks and LCDR command selection opportunity is 75 percent through three looks.

b. A special "additional look" will be available upon constituent petition when justified by exceptional circumstances.

7. Initial Command Screen, CDR/LCDR, Designator 13XX

a. Screen for aviation squadron command will be by formal administrative board action. The Aviation Command Screen Board is composed of designated aviation officers from the various operational communities.

(1) Representation will reflect as wide a distribution as feasible from these communities, as well as one representative each from Commander Naval Air Force Atlantic (COMNAVAIRLANT), Commander Naval Air Force Pacific (COMNAVAIRPAC), and Commander Naval Air Force Reserve (COMNAVAIRRES).

(2) Individual members will be officers who have served in aviation commands, and who preferably are serving or have served in a "bonus eligible" billet as a CDR.

(3) Members may be the rank of CAPT or CAPT (Sel). The senior member is an aviation flag officer. NAVPERSCOM, Aviation Commander Assignment Branch (PERS-431) is the sponsor and senior recorder for the board.

b. Competitive grouping for selection is arranged by the screening group within the individual operational communities.

(1) The initial opportunity for screening occurs the year prior to being in zone for promotion to CDR.

(2) Screen opportunity for a specific screen group continues for 3 years, with the first and second years primarily for operational commands, and the third and final year generally utilized for special mission commands.

(3) A screened executive officer (XO) in an aviation squadron normally fleets up to CO upon completion of a successful XO tour.

8. Bonus Eligible, CDR, Designator 13XX

a. The Aviation Command Screen Board is also responsible for selection of a bank of officers to fill the below bonus-eligible billets:

- (1) Aircraft Carrier
- (2) Nuclear Powered (CVN)/Aircraft Carrier (CV)
- (3) Amphibious Assault Ship (Helicopter) (LPH) (XO)
- (4) Second Command-in-Grade (Tactical Aircraft (TACAIR))
- (5) Rotary Wing Fleet Replacement Squadrons

b. Eligibility begins after an officer has received a meaningful fitness report as a commanding officer (CO) and continues for 3 years or until selection for promotion to CAPT.

9. CDR Command Screen, Designator 1120/62XX/6400. Officers will be screened for command of submarines by formal board action. Board procedures and composition are as follows:

a. The Submarine Command Selection Board will be convened annually by NAVPERSCOM.

b. The board will consist of at least one rear admiral (RADM) and four CAPTs. All board members will have prior experience as submarine COs. Representation will be from both fleets as well as the Navy Department.

c. NAVPERSCOM (PERS-42) will establish the eligibility zones and provide a list of officers to be considered by the board.

d. The board will review the records of all officers being considered, and will assign each officer to one of the following classifications:

(1) Cleared for command of nuclear powered submarines.

(2) Cleared for auxiliary repair dock (ARD) command.

(3) Cleared for command of nuclear powered submarines (submarine support) (COSS).

(4) Cleared for command of diesel-powered submarines.

(5) Unresolved.

(6) Not cleared for command.

e. The precept letter to the senior member of the board may require a relative priority listing. Eligible officers will have at least three opportunities for command selection, and will compete for available command quotas allotted to that officer's year group.

10. Designator 1120/Limited Duty Officer (LDO), Designator 62XX/64XX. Officers are screened for assignment to submarine service (SS) and auxiliary floating dry dock (ARD) commands in LCDR grade. SS and ARD commands are considered to be equivalent to command in the CDR grade.

11. **ARD Command.** Screening of officers for command of ARDs will be accomplished by board action, and is the responsibility of NAVPERSCOM (PERS-42).

12. **LCDR Command Screen, Designators 111X/114X.** Screening is performed by the same formal administrative board utilized for LCDR screening (XO screening). The board consists of at least 1 flag officer and 9-13 post command CAPTs/CDRs.

a. This screen is a "three look" procedure that begins following selection to LCDR. XO selection opportunity is 60 to 75 percent with 50 percent of the year group quota selected on the first look, 30 percent on the second look, and 20 percent on the third look.

b. All officers who screen successfully in their first or second look for XO will have their records screened for LCDR command by the same board.

c. Those officers who request (in writing) to be screened for LCDR command will have their records reviewed.

d. Because 80 percent of a promotion year group's quotas are selected in the first two of three looks, nuclear trained surface warfare officers (SWO(N)) with less than 12 months conventional department head experience are extremely unlikely to screen.

(1) For protection of SWO(N) officers' screen opportunities that have been disadvantaged because of assignment demands, NAVPERSCOM (PERS-41) recommends to NAVPERSCOM, Career Management Department (PERS-4), via NAVPERSCOM (PERS-41N), that SWO(N)s be removed from the screening process with further looks held in abeyance until completion of SWOs department head course and at least 12 months of conventional department head experience.

(2) These officers' records will then be placed before the LCDR CO/XO screen board per normal procedures. No officer's records will be withheld for more than two LCDR CO/XO screening boards.

13. **LT CO Afloat Ships, Designator 111X.** The following qualifications are required for screening and assignment of 111X officers to LT CO afloat ships:

a. All first tour 111X department heads may compete for coastal patrol (PC) command. Screening is initiated upon written request of the interested officer. The following process applies:

(1) Requesting officers submit written request to their CO.

(2) Officer's CO convenes a PC Command Qualification Board consisting of three other currently serving COs Afloat. The CO of the requesting officer may not be included on the board.

(3) The PC Command Qualification Board makes a determination on the fitness for command of the requesting officer, and the Board's recommendation is forwarded to the first flag officer in the chain-of-command for endorsement.

(4) After flag officer endorsement, the PC Command Screening package is forwarded to NAVPERSCOM (PERS-412) for inclusion in the quarterly PC Command Screening Board held by NAVPERSCOM (PERS-41).

(5) The results of the NAVPERSCOM (PERS-41) PC Board are forwarded to NAVPERSCOM (PERS-4) for final approval.

b. Principal screening criteria for each applicant includes competitive ranking with one's peers as both a division officer and department head. While no minimum eligibility requirements are established, desirable candidates include those officers with a broad range of functional experience (i.e., previous tours in a variety of ship platforms and departments (such as engineering officer of the watch (EOOW) and tactical action officer (TAO) qualifications)).

c. There is no PC command bank. Slating to PC command is dependant on successful screening as well as availability at PRD. PC CO's are slated on the Second Tour Department Head Slate, which is approved by NAVPERSCOM (PERS-41). Officers screened for PC command but not slated are assigned to another department head tour per the Department Head Sequencing Plan.

14. Incumbents of Designator 1000 LCDR XO/CO Billets.

Incumbents of any designator filling 1000 LCDR XO/CO billets are not normally granted voluntary tour extensions.

15. Limited Duty Officer (LDO) below Grade of CDR and Chief Warrant Officer (CWO), Designator 61XX/71XX. Screen is by informal board.

a. The assignment officer will initiate action by proposing officers for command. Such proposals will normally be on the basis of availability.

b. Board procedures will be such that each member of the board will recommend either approval or disapproval of the proposed assignment with the senior member making the final decision.

References	(a) U.S. Navy Regulations (1990)) (b) OPNAVINST 5400.45 Standard Navy Distribution List (c) OPNAVINST 1412.14 (d) CNICINST 1412.1 (e) OPNAVNOTE 5450 Ser N1/3U121000 of 22 Jan 2013 (f) DON DAWIA Operating Guide of 21 Dec 2011 (g) OPNAVINST 1211.8C
-------------------	--

1. **Purpose.** This article defines "command ashore" and establishes procedures for the nomination and designation of all types and grades of command ashore, as well as eligibility, selection, and assignment criteria for commanding officers of commands ashore. "Command at sea" is addressed in MILPERSMAN 1301-800.

2. **Command Ashore.** "Command ashore" refers to those activities whose defined missions comprise the shore establishment of the Department of the Navy and those shore-based activities of the Navy operating forces.

3. **Command Ashore - Installations.** Per references (a) and (b), "command ashore - installations" refers to command of regions, installations, and activities under the command of the Commander, Navy Installations Command (CNIC).

a. **Officer Eligibility, Selection, and Assignment Criteria.** CNIC establishes eligibility criteria, selection, and assignment procedures for command of Navy installations. All administratively screened and selected officers are eligible for command ashore - installations per references (a), (c), and (d).

b. **Command Nomination Criteria and Designation Procedures.** CNIC designates installations as commands or major commands, and submits a list of commands to the major command review board (MCRB) for review and approval per reference (e).

4. **Command Ashore - Shore Activity.** Per reference (a), "command ashore - shore activities" are activities that comprise the shore establishment of the Department of the Navy or the shore-based activities of the Navy operating forces found in reference (b).

a. **Officer Eligibility, Selection, and Assignment Criteria.** All administratively screened and selected officers are eligible for command ashore - shore activity (as appropriate) to an officer's line community or staff corps per references (a) and (c).

b. **Command Nomination Criteria and Designation Procedures.** MCRB stakeholders nominate activities for command designation to the MCRB for final promulgation per reference (e). When considering an activity for designation as a command ashore, both objective and subjective support factors and capabilities will be considered. Such factors and capabilities include:

(1) Mission with regard to organizing, training, equipping, or otherwise supporting the naval combat forces for prompt and sustained combat incident to operations at sea;

(2) Responsibility with regard to the preparation of naval combat forces necessary for the effective prosecution of war;

(3) Responsibility as immediate superior in charge (ISIC), or authority over subordinate commands;

(4) Military and civilian manning levels;

(5) Operations and maintenance funding levels;

(6) Operational tempo; and

(7) Plant replacement cost.

5. **Major Program Manager.** Major program manager billets are those acquisition programs whose responsibility and authority,

management complexity, technical factors, business factors, and priority designate them by the Assistant Secretary of the Navy (Research, Development and Acquisition) (ASN(RDA)) as equivalent to major command. Major program managers are authorized to wear the command ashore insignia per MILPERSMAN 1210-180.

a. Officer Eligibility, Selection and Assignment Criteria.

All acquisition-qualified and administratively selected officers are eligible for assignment to a major program manager billet per reference (f).

b. Major Program Manager Billet Nomination Criteria and Designation Procedures. ASN(RDA) designates acquisition programs as major program manager billets and establishes selection and assignment procedures per reference (g), and submits a list of major program manager billets to the MCRB for promulgation per reference (e).

6. Procedures for Command Ashore Nomination and Designation.

The MCRB is convened annually or as required by the Chief of Naval Personnel per references (c) and (e). The MCRB will be convened to address and validate or approve all commanding officer ashore billets.

a. The command review board is convened as part of the MCRB to specifically address those commands not designated as major commands and those commands below the grade of captain.

b. The Chief of Naval Personnel will update and publish reference (e) annually based on the results of the MCRB.

c. Director, Military Personnel Plans and Policy (OPNAV N13) will update and publish the list of captain, commander, and early commands annually via policy decision memorandum, based on the results of the command review board.

d. Head, Officer Plans and Policy (OPNAV N131) is the point of contact for all commanding officer billet submissions and questions.

MILPERSMAN 1301-807

COMMAND POLICIES AND PROCEDURES - INFORMATION PROFESSIONAL (IP) COMMUNITY (DESIGNATOR 1600) MILESTONE AND LIMITED DUTY OFFICER (LDO) (DESIGNATOR 6420) COMMANDER COMMAND SCREENS

Responsible Office	NAVPERSCOM (PERS-471)	Phone	DSN	882-3512
			COM	(901) 874-3512
			FAX	874-2744

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone	Toll Free	1-866-U ASK NPC
---------------------------------------	-------	--------------	-----------------

1. **Milestone Screen, Lieutenant Commander, Commander, or Captain Milestone Duty.** Screen is by formal administrative board action. Navy Personnel Command (NAVPERSCOM), Information Professional (IP) Assignments Branch (PERS-471) is the recorder for the board. The board membership shall consist of the following:

1	IP flag officer who serves as the senior member
3	IP captains who have completed or are in their O-6 milestone
1	Post O-5 milestone commander
1	Senior (captain or commander) IP limited duty officer (LDO)
3	Unrestricted line (URL) officers

Membership changes with each board, and no officer may serve on two consecutive boards as a member. Screen commences following selection for promotion to lieutenant commander, commander, or captain. For officers recalled to active duty or selected for lateral transfer to 1600, screen will be at the board immediately following selection for lateral transfer or recall.

a. Selection opportunity is based on the size of the screen group and the number of quotas available, with a goal of 50 percent of the screen group quota selected on the first look, 30 percent on the second look, and 20 percent on the third look.

b. A special "additional look" will be available upon constituent petition when it can be demonstrated that the officer was disadvantaged, or the officer's record was unfairly considered during the normal selection process.

(1) Petition is made in writing to the selection board president, via NAVPERSCOM (PERS-471), to include the petitioner's record in board proceedings.

(2) Additional look selectees will count against the last normal look select quotas for the next junior year group.

c. A limited number of officers who fully meet selection standards, but for whom no quota is available, will be selected **eligible no quota (ENQ)** and serve as alternates if a milestone screened officer is unavailable for assignment. ENQ officers who are not offered a milestone assignment will be returned to their screen group for the following board and will not automatically be included in the bank.

d. Records of officers in the bank are reviewed annually to verify continued eligibility for milestone, and monitored for declining performance (any performance mark below 3.0 or an individual promotion recommendation of **significant problems** or **progressing**). Officers in the O-4 or O-5 milestone bank who fail to select for promotion will be removed from their current milestone bank unless they are under orders to their milestone tour, in which case the IP detailer will consult with the senior IP flag.

e. Control grade IP officers are considered for milestone screening at the next milestone board after selection for promotion or accession into the community (e.g. lateral transfer, recall to active duty, force shaping, etc.). Control grade new IP accessions may request to defer, for up to one year from date of re-designation, consideration for milestone screening to allow time to enhance competitiveness of their record. Requests shall be submitted in writing to PERS 471 and member will be counseled on implications of requesting deferral of consideration.

2. Limited Duty Officer, Information Systems (6420) Commander Command Screen. Screen is by formal administrative board action. NAVPERSCOM (PERS-471) is the recorder for the board. The board membership shall consist of the following:

1	IP flag officer who serves as the senior member
3	IP captains who have completed or are in their O-6 milestone
1	Post O-5 milestone commander
1	Senior (captain or commander) 6420 LDO
3	URL officers

Membership changes with each board. An officer will be eligible for command screen in the fiscal year the officer is promoted.

a. There is no annual quota for LDO commander command selection, and opportunity is based solely upon the individual record being screened. The 6420 LDO commanders will be afforded two commander command screen opportunities.

b. A special "additional look" will be available upon constituent petition when it can be demonstrated that the officer was somehow disadvantaged, or the officer's record was unfairly considered during the normal selection process. Petition is made in writing to the selection board president, via NAVPERSCOM (PERS-471), to include the petitioner's record in board proceedings.

c. Records of officers in the bank are reviewed annually to verify continued eligibility for command, and monitored for declining performance. An officer who fails to select for promotion will be removed from the bank unless they are under orders to the command tour, in which case the IP detailer will consult with the senior IP flag.

MILPERSMAN 1301-808

COMMAND POLICIES AND PROCEDURES - ACQUISITION CORPS (AC) MAJOR ASSIGNMENT

Responsible Office	NAVPERSCOM (PERS-447)	Phone:	DSN	882-3837
			COM	(901) 874-3837
			FAX	882-2632

1. **Policy**. Each officer community major command screening board reviews records of Acquisition Corps (AC) qualified Captains and Captains (Sel) to identify those assignable to major acquisition commands.

a. Selectees are placed in a "pool" of assignable officers, which are then available for the Systems Commands slating panels and subsequent Acquisition Workforce Officer Community (AWOC) review in the case of major programs.

b. These officers compete with other candidates, which may include civilians and Marine Corps officers per the best-qualified policy. For more information on the AC program, see MILPERSMAN 1301-700.

MILPERSMAN 1301-809

COMMAND POLICIES AND PROCEDURES – FOREIGN AREA OFFICER (FAO) ASSIGNMENTS TO MILESTONE BILLETS

Responsible Office	NAVPERSCOM (PERS-473A)	Phone:	DSN	882-3226
			COM	(901) 874-3226
			FAX	882-2744
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC
Reference	(a) NAVSO P-6034, Joint Federal Travel Regulations (JFTR)			

1. **Milestone Screen for Commander (O-5) Milestone Duty.**

Milestone screening is by formal administrative board action. Navy Personnel Command (NAVPERSCOM), Foreign Area Officer Assignment (PERS-473A) is the sponsor for the board. The board membership shall consist of the following at a minimum:

1	Flag officer who serves as the president and senior member (normally the senior foreign area officer (FAO), flag officer, or FAO community sponsor).
3	FAO captains (at least one of whom has experience as a voting member of a statutory board).
1	FAO commander (commander milestone complete).

Required membership changes with each board. With the exception of the board president, no officer may serve on two consecutive boards as a member. Milestone screening will commence approximately 1 year prior to in-zone eligibility for selection to O-5. Eligible FAO candidates are welcome to submit a letter to the board for emphasis or clarification of the official military personnel file (OMPF) contents (if desired). Letters must be submitted to NAVPERSCOM, Customer Relations Management Department (PERS-1), per standard board correspondence procedures.

a. Selection opportunity for commander milestone duty is based on the size of the screen group and the number of quotas available. The goal will be approximately 60 percent selection rate.

b. In rare cases, individual FAOs may receive a special additional look. An additional look may be approved upon constituent petition where it can be demonstrated that the officer was disadvantaged for selection, or that the officer's record was unfairly considered during the normal selection process.

(1) A petition must be made in writing by the requesting member to the community flag sponsor. The petition must be received no later than 30 days prior to the board convening. Approval is at the sole discretion of the community flag sponsor.

(2) Officers awarded a special additional look will count against the current screen groups.

c. The screen board may elect to designate officers as qualified insufficient opportunity (QIO). Officers designated QIO will be considered eligible to serve in a milestone tour and receive the appropriate additional qualification designators (AQDs). QIO status will expire at the convening of the subsequent board.

d. Milestone screened officers who have not yet been assigned to a FAO commander milestone billet are held in the bank. The records of officers in the bank are rescreened annually by the board to verify continued eligibility for milestone assignments. Records shall be monitored for declining performance (e.g., any mark below 3.0 or individual promotion recommendation of "**significant problems or progressing**"). Officers in the commander milestone bank who fail to select for promotion to O-5 will be removed from the milestone screened bank.

2. Milestone Screen for Captain (O-6) Major Milestone Duty.

Milestone Screening is by formal administrative board action. NAVPERSCOM (PERS-473A) is the sponsor for the board. The board membership shall consist of the following at a minimum:

1	Flag officer who serves as the president and senior member (normally the senior FAO, flag officer, or FAO community sponsor)
2	FAO captains (major milestone complete)

Required membership changes with each board. With the exception of the board president, no officer may serve on two consecutive boards as a member. Screening will commence approximately 1 year prior to in-zone eligibility for selection to O-6. Eligible FAO candidates are welcome to submit a letter to the board for emphasis or clarification of the OMPF contents (if desired). Letters must be submitted to NAVPERSCOM (PERS-1), per standard board correspondence procedures.

a. Selection opportunity for captain major milestone duty is based on the size of the screen group and the number of quotas available. The goal will be approximately 40 percent selection rate.

b. In rare cases, individual FAOs may receive a special additional look. An additional look may be approved upon constituent petition where it can be demonstrated that the officer was disadvantaged for selection or that the officer's record was unfairly considered during the normal selection process.

(1) A petition must be made in writing by the requesting member to the community flag sponsor. The petition must be received no later than 30 days prior to the board convening. Approval is at the sole discretion of the community flag sponsor.

(2) Officers awarded a special additional look will count against the current screen groups.

c. The screen board may elect to designate officers as QIO. Officers designated QIO will be considered eligible to serve in a milestone tour and receive the appropriate AQDs. QIO status will expire at the convening of the subsequent board.

d. Milestone screened officers who have not yet been assigned to a FAO captain major milestone billet are held in the bank. The records of officers in the bank are rescreened annually by the board to verify continued eligibility for milestone assignments. Records shall be monitored for declining performance (i.e., any mark below 3.0, or individual promotion recommendation of "**significant problems or progressing**"). Officers in the captain milestone bank who experience a failure of selection for promotion to O-6 will be removed from the milestone screened bank.

3. **Policy.** Any officer who screens for FAO commander milestone or major milestone duty will be assigned to a milestone billet at the earliest opportunity per standard detailing procedures, unless the officer:

- a. Indicates in writing an unwillingness to serve;
- b. De-screens by a later selection board;
- c. Fails to select to commander or captain; or
- d. Is unable to meet the security or overseas screening requirements of the milestone billet.

4. **Milestone Bank.** In order to maintain a viable bank of milestone eligible officers and provide maximum opportunity for milestone screening, officers not desiring to be assigned to a milestone billet must decline milestone assignment within 6 months of milestone selection notification.

a. Officers declining FAO milestone assignment shall acknowledge this in writing. If approved, their declination will become part of their OMPF.

b. NAVPERSCOM, Information Dominance Corps (IDC)/FAO Assignment Division (PERS-47) will endorse statements declining FAO milestone assignment and take action to ensure appropriate documentation and compliance with this article. The written statement declining FAO milestone assignment and official endorsements will be made part of the officer's OMPF (privileged information/field code 17, see MILPERSMAN 1070-020). This information will be available for review by future promotion selection boards.

c. The FAO milestone slate is approved by the FAO community sponsor or the senior FAO flag officer prior to execution.

5. **Detailing to FAO Milestone Billets.** In general, only officers screened for FAO milestone billets will be assigned to FAO milestone billets. Exceptions to this policy may arise when there are no screened officers available, thus requiring assignment of a non-board screened officer for the reason of maximizing community readiness and meeting operational distribution requirements.

6. **Milestone Tour Lengths.** FAO milestone tour lengths are per reference (a), appendix Q1. As a general rule, an officer must successfully complete a minimum of 12 months in a milestone billet to receive milestone credit. Waivers for less than 12 months may be requested from the FAO officer community manager.

MILPERSMAN 1301-810

COMMAND POLICIES AND PROCEDURES - COMMAND OF MAJOR LABORATORIES

Responsible Office	NAVPERSCOM (PERS-444E)	Phone:	DSN	882-4101
			COM	(901) 874-4101
			FAX	882-2676

1. Policy

a. Captains (CAPTs) of several designators are eligible to command major laboratories. The growth of major projects in naval systems commands has required the qualification of CAPTs in weapon systems acquisition techniques to direct them.

b. Chief of Naval Personnel (CHNAVPERS) takes a direct, personal interest in the selection of commanding officers (COs) for these vital major commands.

2. Selection Criteria. The criteria for selection of officers to command naval systems commands' research and development centers closely resembles those used for selection to a major program manager (MPM).

a. Unrestricted Line (URL) CAPTs must have screened for either major shore command or as MPM.

b. Restricted Line (RL) CAPTs must have screened as MPM.

c. Laboratory COs are

- proposed by Navy Personnel Command (NAVPERSCOM) from major shore commander candidate lists;
- selected by Chief of Naval Research (CNR); and
- approved by Assistant Secretary of the Navy Research, Development and Acquisition (ASN (RD&A)).

d. Placement officers ensure concurrence of ASN (RD&A) prior to issuing orders for COs.

MILPERSMAN 1301-811

POLICIES AND PROCEDURES – MEDICAL COMMUNITY SCREENING FOR COMMANDING OFFICER AND EXECUTIVE OFFICER

Responsible Office	NAVPERSCOM (PERS-4415)	Phone:	DSN COM FAX	882-4053 (901) 874-4053 882-2680
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone: Toll Free	1-866-U ASK NPC	

1. **Policy.** All medical community officers assigned to commanding officer (CO) and executive officer (XO) positions at medical treatment facilities (MTF), research or support commands, and operational commands worldwide will be screened prior to assignment by an administrative board convened by Commander, Navy Personnel Command (COMNAVPERSCOM).

a. Officers will be screened to ensure only the best and fully qualified officers are ordered to CO and XO positions.

b. Navy Personnel Command (NAVPERSCOM) Head, Medical Assignment and Placement Branch (PERS-4415) will be the board sponsor of the administrative screening board.

2. **Eligibility.** Officers in the Medical Corps (2100), Dental Corps (2200), Medical Service Corps (2300), and Nurse Corps (2900) designators are eligible for CO and XO screening consideration. Additionally, officers in these designators must meet the following requirements:

a. Must be captain (O-6) at the time the board convenes;

b. Must be worldwide assignable;

c. Must meet body composition assessment and physical fitness assessment standards;

d. CO applicants must be able to complete a full 2-year CO tour before reaching 62 years of age, the statutory age for mandatory retirement;

e. XO applicants must have at least 5 years remaining on active duty before reaching 62 years of age, the statutory age for mandatory retirement; and

f. Officers must apply by the advertised deadline to be considered by the board.

3. Application Process

a. The Deputy Surgeon General (DSG) will release guidance in the second quarter of each fiscal year announcing the CO and XO screening board dates, the application process, and the deadline for application submission. The announcement will be distributed throughout the Navy medicine communities and published on the Navy medicine's senior executive medicine (SEM) Web page on Navy Knowledge Online (NKO).

b. Officers desiring to be screened for the upcoming year must submit an application containing the following documents before the advertised deadline in the announcement from the DSG:

(1) Completed screening application with signature, date, and identification of the SEM categories for which member is requesting to be screened;

(2) CO's letter of recommendation;

(3) An endorsement from the regional commander or immediate superior-in-charge (flag grade officer);

(4) Current fitness report;

(5) Curriculum vitae and biography; and

(6) Official military photo taken within 12 months of board convening date.

c. The preferred method for submitting an application is via encrypted e-mail with scanned copies of signed documents attached. Signed applications will also be accepted via mail or FAX. Applications must be sent to the contacts that will be listed in the DSG guidance on NKO.

d. Applicants must successfully complete an oral board process conducted by Navy medicine regional commanders per Bureau of Medicine and Surgery (BUMED) guidance. Results of the

oral board shall be forwarded in writing to NAVPERSCOM (PERS-4415); officers not recommended by the oral board will not be considered by the command screen board.

e. Only applicants who submit an application package prior to the submission deadline and pass their oral board will be eligible for screening.

4. **Membership.** The board membership shall consist of the following:

1	Medical department flag officer who serves as the president;
4	Corps Chief flag officers; and
2	Medical department flag officers with operational and or research experience.

Membership changes with each board except in cases where there is only one flag officer available to represent a specific corps. NAVPERSCOM (PERS-4415) will assign the head recorder and assistant recorders as required.

5. **Quota Determination.** CO and XO screening quotas are established annually by the Navy Surgeon General based upon the number of leadership opportunities coming available in the upcoming fiscal year.

6. **Screening Board.** In order to ensure only the best and fully qualified candidates are selected for these leadership positions, applicants will compete within the following SEM categories:

a. MTFs to include:

- (1) Naval medical centers;
- (2) Naval hospitals (teaching and non-teaching);
- (3) Naval health clinics;
- (4) Hospital ships; and

(5) Jointly staffed MTFs (i.e. Walter Reed National Military Medical Center, Tripler Army Medical Center, and Fort Belvoir Community Hospital).

- b. Research activities;
- c. Support activities; and
- d. Major operational commands.
 - (1) Dental battalions or naval dental centers.
 - (2) Medical battalions.
 - (3) Field medical training battalions.

7. **Release of Results**

- a. The results of the screening board are approved by Commander, NAVPERSCOM. Approved board results are forwarded by COMNAVPERSCOM to the Surgeon General (SG).
- b. The SG or DSG releases the results of the board via the various corps chiefs to make personal notifications before posting results publicly on the Navy Medicine Web page on Navy Knowledge Online (NKO).
- c. Screening for SEM positions is valid for 1 year only. Applicants not selected may apply in subsequent years if they meet eligibility criteria.

8. **CO and XO Slating.**

- a. Following approval of the board screening results, medical department detailers will prepare command leadership slates, proposing screened officers to respective billets, taking into consideration skill sets, projected rotation dates, proposed fill dates, subspecialty experience required, preferences, and the needs of the Navy.
- b. The proposed slate will be vetted through the deputy corps chiefs and submitted to the DSG and BUMED, Council of Corps Chiefs for approval and submission to the SG. Upon SG approval, officers slated for CO or XO assignment will be notified of their next assignment. Any officer who refuses assignment after approval of the CO or XO slate will be required to submit a declination letter per MILPERSMAN 1301-818.

c. Command screened officers not slated will remain available for consideration if unplanned openings occur during the fiscal year in which they were screened. If no assignment is available, officers will be required to rescreen the following year.

9. **Command Screening Exceptions.** General policy is that only command screened officers will be assigned to CO or XO billets. Every effort will be made to assign screened officers prior to any alternate being assigned.

a. On rare occasions, exceptions to this policy may arise when there are no command screened officers or alternates available, thus necessitating assignment of a nonboard screened officer with the proper skill sets to a command leadership billet.

b. Any nonboard screened officer slated to fill a command leadership billet will be administratively screened by BUMED, Council of Corps Chiefs and the DSG who will forward a recommendation for approval to the Navy Surgeon General.

---------------------------------------	--------	--------------	-----------------

Reference	(a) OPNAVINST 1412.14 (b) COMNAVRESFORCOMINST 1412.1B (c) OPNAV N13 PDM on O-5 Command Shared Apportionment Plan
------------------	---

1. **Policy.** All officers assigned to Reserve Component commands (RCC) and Navy operational support centers (NOSC) will be administratively screened prior to assignment. These officers are subject to the command qualification processes outlined in references (a) and (b). Additionally, full time support (FTS) human resources (HR) officers assigned to command positions (other than RCCs and NOSCs) and designated in reference (c) are subject to the command qualification processes outlined in references (a) and MILPERSMAN 1301-234.

a. Officers will be screened to ensure only fully qualified officers of the appropriate grade are ordered to command.

b. Navy Personnel Command (NAVPERSCOM), Full Time Support Distribution and Augmentation Division (PERS-46) is the board sponsor of the administrative screen board.

2. FTS Unrestricted Line (URL) and HR Captain Major Command Screening for RCC Major Command. Officers selected for Reserve Major Command must meet the "best and fully qualified" criteria. To be eligible, officers must

- a. not have an approved resignation or retirement;
- b. not previously declined command;
- c. not have been selected for non-continuation; or
- d. be continued past their first gate.

3. Command Screening of FTS URL and HR Captains and Captain (selects) for O-6 NOSC Command. Officers selected for O-6 NOSC command must meet the "best and fully qualified" criteria. To be eligible, officers must

- a. not have an approved resignation or retirement;
- b. not previously declined command; or
- c. not have been selected for non-continuation.

4. Command Screening of FTS, Active Duty, and Selected Reserve Commanders through Lieutenants for NOSC O-5 and Below Command. The following procedures apply to all NOSC commanding officer billets below the rank of captain. Officers selected for NOSC command must meet the "best and fully qualified" criteria. To be eligible, officers must

- a. not have an approved resignation or retirement;
- b. not previously declined command;
- c. not have an interservice transfer pending; or
- d. not be a one-time failure of selection (FOS) to lieutenant commander or captain.

5. Command Screening of FTS HR Officers for Commands Other Than RCCs and NOSCs. FTS HR officers selected for command other than RCC or NOSC must meet the "best and fully qualified" criteria. To be eligible, officers must

- (a) not have an approved resignation or retirement;
- (b) not previously declined command;
- (c) not have an interservice transfer pending;
- (d) not be a one-time failure of selection to lieutenant commander or captain; or
- (e) have completed the HR PQS and HR command qualification oral board

			COM	(703) 693-2303
			FAX	223-1189

1. **Policy.** Quality leadership through the assignment of qualified fleet support officers (FSOs), limited duty officers (LDOs), chief warrant officers (CWOs), and E-9s is necessary at Pay/Personnel Administrative Support System (PASS) activities.

a. Accordingly, only highly qualified individuals who have demonstrated professional competence and leadership ability are considered for assignment to these billets. Specifically

(1) FSOs, LDOs, CWOs, and E-9s will be considered for assignment as commanding officers (COs)/officers in charge (OICs) of Personnel Support Activity (PSA)/Personnel Support Detachment (PERSUPP DET) activities. These personnel must be capable of carrying out all the functions the billet requires.

(2) Unrestricted Line (URL) ensigns (ENS) and lieutenant junior grades (LT(jg)) will not be assigned as OIC of PERSUPP DETs.

b. Prospective OICs of PERSUPP DETS will receive en route 2 days temporary duty (TEM DU) training at the parent PSA for PASS indoctrination and briefings on issues unique to the individual PERSUPP DET.

MILPERSMAN 1301-816

COMMAND POLICIES AND PROCEDURES - NAVY RECRUITING DISTRICT EXECUTIVE OFFICER (XO) TO COMMANDING OFFICER (CO) FLEET-UP POLICY

Responsible Office	OPNAV (N131)	Phone:	DSN COM	664-5013 (703) 604-5013
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Policy.** Navy recruiting district (NAVCRUITDIST) commanding officers (COs) will be afforded greater exposure to the recruiting process and environment prior to assuming command by serving as executive officers (XOs) at the NAVCRUITDIST which they are slated to command.

2. **Procedures**

a. Officers screened for command will spend 18 months in the XO billet followed by 18 months as CO.

b. Officers will be required to fleet up regardless of their past recruiting experience.

c. Selection for NAVCRUITDIST command will be via a formal community administrative command screening board process.

d. The following courses will be incorporated into the established NAVCRUITDIST command training pipeline:

(1) Navy Recruiting Prospective Executive Officer Course;

(2) Command Leadership Course; and

(3) Prospective Commanding Officer/Prospective Executive Officer Navy Military Justice Course.

MILPERSMAN 1301-818

PROCEDURES FOR OFFICERS NOT DESIRING ORDERS TO COMMAND OR EXECUTIVE OFFICER

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN COM	882-3516 (901) 874-3516
-------------------------------	--------------------------	--------	------------	----------------------------

References	(a) OPNAVINST 1811.3
-------------------	----------------------

1. **Policy.** In those instances when an officer has been screened for commanding officer (CO) or executive officer (XO) but does not desire orders, the following procedures apply:

a. Officers indicating non-acceptance of these orders will be required to submit an official notification to Navy Personnel Command (NAVPERSCOM). This letter and the results of subsequent actions will become part of the officer's official record.

b. Upon receipt of a written request to decline orders to command, cognizant NAVPERSCOM division directors will originate a memorandum to Chief of Naval Personnel (CHNAVPERS) for NAVPERSCOM, Assistant Commander Navy Personnel Command for Career Management (ACNPC) (PERS-4) signature discussing the circumstances.

c. If retirement in lieu of orders is contemplated, reference (a) and MILPERSMAN 1810-020 also apply.

d. Final disposition of all cases will be determined by Commander, Navy Personnel Command (COMNAVPERSCOM).

e. The decision to decline command is a professional decision by the officer concerned.

(1) This decision is limiting, however, only with respect to assignment to command.

(2) Officers who have turned down command remain eligible for assignment to billets, ashore or afloat, in their warfare specialty or subspecialty, subject to needs of the Navy.

2. **Command De-Screening.** Prior to assignment of screened officers to command, NAVPERSCOM assignment officers, placement

officers, and assignment division directors will screen each record to ensure there has been no decline in an officer's performance.

a. Recommendations for de-screening will be forwarded from ACNPC (PERS-4) to CHNAVPERS for the final decision. An appropriate type of notification letter signed by CHNAVPERS shall be sent to the affected officer.

b. Command boards will review records of those officers previously screened but not yet assigned to ensure there is no decline in performance subsequent to the original screening.

c. Officers de-screened as a result of the review will be notified by letter signed by CHNAVPERS.

3. **Procedures for Officers not desiring an XO Assignment.** In those instances when an officer has been screened for XO but does not desire orders to an XO billet, that officer will be required to submit an official letter to ACNPC (PERS-4) declining such an assignment.

a. ACNPC (PERS-4) will respond to an officer's declination letter with a de-screening letter that will be sent to the officer and to the officer's permanent official record.

b. These officers will remain eligible for assignment to other billets subject to needs of the Navy.

4. **Procedures for De-Screening for XO.** XO boards will review records of those officers previously screened but not yet assigned to ensure no decline in performance subsequent to original screening.

a. Officers de-screened as a result of the screening board review will be notified by letter, signed by COMNAVPERSCOM.

b. Officers will also be de-screened as a result of their declination of an XO assignment.

c. ACNPC (PERS-4) will respond to an officer's declination letter with a de-screening letter that will be sent to the officer and to the officer's permanent official record.

MILPERSMAN 1301-820

COMMAND POLICIES AND PROCEDURES - COMMAND - EXECUTIVE OFFICER (XO) ASSIGNMENT COORDINATION

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-4187
			COM	(901) 874-4187
			FAX	882-2693

1. **Policy.** Grade assignment officers carefully coordinate assignment of commanding officers (COs) and executive officers (XOs) with placement officers.

a. To the extent feasible, assignments will be made for effectiveness of the two top leadership positions within the chain of command.

b. At least 8 weeks will separate the rotation dates of the CO and XO of a command, except for aviation squadrons in which the XO fleets up to CO.

c. Exceptions may be authorized by Navy Personnel Command (NAVPERSCOM) placement division directors, after the cognizant activity placement officer has liaised with the command and taken all possible action to alleviate adverse impact.

2. **CO and XO 1000 Designator Billets.** The list of Unrestricted Line (URL) commander (CDR) commands will be validated annually by Chief of Naval Operations (CNO), Military Personnel Plans and Policy Division (N13) and NAVPERSCOM, Distribution Department (PERS-4).

a. An equitable apportionment of 1000/1050 designator CDR billets will be established by CNO (N13) annually.

(1) Based on this apportionment and projected vacancies, a command allocation plan will be published annually after NAVPERSCOM (PERS-4) approval.

(2) This plan will identify the specific commands and the number of commands to be allocated to each of the URL communities.

b. Once the official apportionment has been promulgated by CNO (N13), the following procedures apply:

(1) NAVPERSCOM, Allocation and Statistics Branch (PERS-452) will prepare a list of all CDR 1000/1050 designator command billets which will become available within a minimum 24-month period beginning with October of that year. NAVPERSCOM (PERS-452) will send this list to placement officers for review.

(2) Placement officers will review this list for completeness, correct projected rotation dates (PRDs) of incumbents, and annotate billets to reflect requests for particular designators based on known requirements (if any). Placement officers will return these changes to NAVPERSCOM (PERS-452).

(3) NAVPERSCOM (PERS-452) will then send an updated list to the appropriate assignment officers.

(4) From this list, assignment officers will identify the billets they desire and forward this information to NAVPERSCOM (PERS-452). Billets which have been previously allocated to a specific community are not available for selection unless a mutually agreed upon exchange is approved by NAVPERSCOM (PERS-4).

(5) NAVPERSCOM (PERS-452) will chair a meeting of the appropriate assignment and placement officers to discuss the proposed allocation of command billets. The proposed allocation plan will be subject to final approval by NAVPERSCOM (PERS-4), then immediately distributed to assignment and placement officers.

(6) NAVPERSCOM, Distribution Management and Procedures Branch (PERS-451) will arbitrate cases of conflict and prepare documentation to forward to NAVPERSCOM (PERS-4) for a final decision, when necessary.

(7) Placement officers may post the identified billets, once NAVPERSCOM (PERS-4) has approved the allocation plan.

c. Lieutenant commander (LCDR) 1000/1050 designator CO and XO billets are not involved in the above procedure. These billets will be allocated in the normal billet fill decision (BFD) process based on inventory and placement officer recommendation.

3. COs And XOs of Medical Treatment Facilities (MTFs) Providing Inpatient Care

a. Normally, the CO or the XO will have a Master's degree in management. NAVPERSCOM retains waiver authority.

b. XO's will normally "fleet up" to CO.

(1) Naval Hospitals San Diego, CA; Oakland, CA; Portsmouth, VA; and National Naval Medical Center Bethesda, MD are exempt.

(2) CO/XO total tour length will generally be 36-48 months (allowing 18-24 months XO/18-24 months CO rotation).

4. **Officers assigned as CO, XO, or Diving Officer of ships.** Officers assigned as CO, XO, or diving officer of ships with a primary mission involving diving are to be experienced divers per MILPERSMAN 1210-140. COs and XOs of a Destroyer Tender (AD), Repair Ship (AR), or Submarine Tender (AS) are not required to be experienced divers.

			COM	(901) 874-4040
			FAX	882-2676

References	OPNAVINST 1500.49C
------------	--------------------

1. **Policy.** All prospective commanding officers (PCOs) and prospective executive officers (PXOs) ordered as commanding officers (COs)/executive officers (XOs) of commands specified in enclosure (1) of OPNAVINST 1500.49C will attend the Joint Maritime Tactics Course (JMTTC) at Dam Neck, VA or San Diego, CA.

a. All commanders and captains en route to their first command will attend the Command Leadership Course (CLC) at Newport, RI prior to assuming command. Officers en route to lieutenant commander (LCDR) command afloat will also attend the Command Leadership Course. If career timing and Bureau of Naval Personnel (BUPERS) funding permit, officers en route to lieutenant (LT) command afloat will attend the Command Leadership Course.

(1) Quota Control, the Command Leadership School, will assign quotas to each PCO on an as available basis via the appropriate placement officer or their assistant.

(2) If a quota is not available for the PCO, they will be prioritized for attendance by Quota Control. The priorities will be as follows:

(a) Priority 1 - Deploying commanding officers (afloat) and overseas shore commanders.

(b) Priority 2 - Shore commanders.

(3) This policy does not prevent the attendance of an officer slated as a PCO from attending CLC in a temporary additional duty (TAD) status.

(4) Waivers, in the event CLC cannot be completed prior to assuming command, will be initiated by Navy Personnel Command (NAVPERSCOM) division director heading the placement function for the PCO's activity forwarded to NAVPERSCOM via Quota Control.

(5) Waivers for extenuating circumstances may be granted only by Chief of Naval Personnel (CHNAVPERS).

b. PXOs (LCDR and above) who have not previously attended CLC will attend the Executive Officer Leadership Course at the Command Leadership School in Newport, RI.

c. LTs en route to afloat XO billets (i.e., Mine Countermeasures (MCM)/Coastal Mine Hunters (MHC)/Rescue and Salvage Ships (ARS)) will attend the Executive Officer Leadership Course in Newport, RI, if career timing and funding support.

1. **Policy**. The major fleet readiness center (FRC) commanding officers (COs) will be afforded greater exposure to the industrial manufacturing process and environment prior to assuming command by serving as executive officers (XOs) at the FRCs at which they are slated to command.

2. **Procedures**

a. Officers screened for command will spend 24 months in the XO billet followed by 24 months as CO.

b. Selection for major FRC command will be via Naval Air Systems Command Acquisition Corps assignment slating panel.

c. The Major Command Leadership course will be required as part of the command training pipeline for the FRCs.

MILPERSMAN 1301-826

COMMAND POLICIES AND PROCEDURES - SHORE STATION SENIOR LEADERSHIP (SSSL) TRAINING REQUIREMENTS

Responsible Office	NAVPERSCOM (PERS-440/444)	Phone:	DSN	882-4040
			COM	(901) 874-4040
			FAX	882-2676

1. Policy

a. The Shore Station Senior Leadership (SSSL) Course is a program of instruction conducted over several weeks and facilitated by Commander, Navy Installations Command (CNIC) in Washington, DC. The SSSL Course seeks to prepare senior shore installation leaders, with emphasis on prospective commanding officers (PCOs), to more effectively lead and manage assigned resources in order to provide cost-wise shore services and support of Shore Force capabilities.

b. The SSSL Course is mandatory for PCOs, prospective executive officers (PXOs), and chiefs of staff (COS) of regional and installation commands. On an available basis, command master chiefs (CMCs) of these commands are also welcome to attend the course. Navy Personnel Command (NAVPERSCOM), Special Placement Branch (PERS-440)/Shore Placement Branch (PERS-444) manage quotas for officers attending SSSL classes under NAVPERSCOM sponsorship.

2. Procedures for Ordering Students to the SSSL Course:

a. **Students Attending Incident to Permanent Change of Station (PCS) Orders.** Normal order writing procedures apply in addition to the following:

(1) Proposals will be routed via NAVPERSCOM (PERS-444) for quota control.

(2) Provide a copy of the orders to the following:

Commander, Navy Installations Command (N1)
Shore Station Senior Leadership Course
716 Sicard Street, Building 111
Washington, DC 20388

b. **Students Attending Temporary Additional Duty (TEMADD) under NAVPERSCOM Orders.** Students, whose en route timing will not permit attendance incident to PCS orders, will attend the course TEMADD prior to detaching from their present duty station. Funding will be provided by their parent commands.

3. **Reporting.** Students ordered to the course shall be directed to report to the

"CNIC Shore Station Senior Leadership Course, Washington, DC, no later than 0800, (date of class start), temporary duty under instruction (TEMDUINS) about three weeks."

4. **Special Notes.** It is recognized that some conflicts will arise in scheduling students to this course. The following notes should be considered:

a. The practice of ordering students TEMADD from their present command to a school, in order to benefit a future command, is the exception, not the rule.

b. Secretary of the Navy (SECNAV) shares a strong interest in its success. These procedures have been adopted following serious consideration and acknowledgment of the program's importance to the Navy.

c. Scheduling problems should be resolved on a case-by-case basis with the officer's present command/detailer.

5. **Exhibits.** The following exhibits are provided for information:

- Exhibit 1: Approved Unit Identification Codes (UICs) for Enrollment in the Shore Station Senior Leadership (SSSL) Training Curriculum
- Exhibit 2: Shore Station Senior Leadership (SSSL) Course

EXHIBIT 2
SHORE STATION SENIOR LEADERSHIP (SSSL) COURSE
(Page 1 of 2)

1. **Course Background and Overview:** The Shore Station Senior Leadership (SSSL) Course is a program of instruction conducted over several weeks and facilitated by **Commander, Navy Installations Command (CNIC)** in Washington, DC. Begun in 1978 as a 4-week Management Training Program for prospective commanding officers (PCOs), the SSSL Course was spawned from a need expressed by incumbent commanding officers (ICOs), fleet commanders, and headquarters (HQ) commands for greater preparation of future installation commanders. Following the move toward regionalization, CNIC assumed responsibility for the course, and recognized the need for more of a "business focus" during the transformation of shore installation management (SIM).

2. **Objective:** To prepare senior shore installation leaders, with emphasis on PCOs, to more effectively lead and manage assigned resources to provide cost-wise shore services and support.

3. **Quota Eligibility:** The SSSL Course is mandatory for PCOs, prospective executive officers (PXOs), and chiefs of staff (COS) of regional and installation commands. On an available basis, command master chiefs (CMCs) of these commands are also welcome to attend the course. Navy Personnel Command (NAVPERSCOM), Special Placement Branch (PERS-440)/Shore Placement Branch (PERS-444) manage quotas for officers attending SSSL classes under NAVPERSCOM sponsorship. Student contact information should be provided as soon as possible in order to receive a welcome package upon receipt of orders.

------------	--

1. **General Information.** The subspecialty management system is structured to ensure technical and managerial requirements of the Navy are met by developing subspecialty expertise in officers.

a. Subspecialties are developed through concentrated experience in a subspecialty field, or by virtue of graduate education.

b. Because over 85 percent of the requirements for captains (CAPTs) are ashore, with over half of these billets specifically requiring subspecialists, it is essential that officers realize career progressions in subspecialty areas as an adjunct to their warfare development.

c. Such development is necessary to ensure a sufficient base of senior grade officers with the expertise required across the spectrum of top management positions.

d. Lists of subspecialty codes can be found in reference (a).

e. Other MILPERSMAN articles pertaining to graduate education and service colleges are as follows:

Topic	See MILPERSMAN
Graduate Education	1301-902
Service Colleges	1301-904

2. **Graduate Education and the Subspecialty System.** Graduate education constitutes the heart of the subspecialty system. To develop the officer inventory to meet subspecialty requirements, the Postgraduate (PG) Quota Plan is developed at Chief of Naval Operations (CNO) (N131E3).

a. Fundamental to the PG Quota Plan methodology is the assumption that officers, once educated, will be assigned to a series of subspecialty billets throughout their careers.

b. Assignment of officers to other than subspecialty development tours when available for such assignment (e.g., not operational or student) results in not meeting technical and managerial requirements. Additionally, PG education rapidly becomes outdated if not put to use in a timely manner.

c. Department of Defense (DOD) guidelines require graduates of military service-funded education programs to be properly utilized.

d. To help meet the professional development system goal of blending the sea/operations specialist with the technical/managerial subspecialist, many officers with the required academic qualifications and proven professional performance standards and personal desire receive full-time graduate education. This education normally takes place during the first or second shore tour.

e. This graduate education supports the officer subspecialty system and is designed to complement the officer's operational training. Most officers attend Naval Postgraduate School (NAVPGSCOL) in Monterey, CA while others attend civilian institutions at government expense. For more information refer to reference (b).

3. **Subspecialist Assignment Policy.** As outlined in reference (b), any assignment of officers who have received Navy-funded graduate education outside of their warfare specialties

should achieve maximum utilization of subspecialty qualifications.

a. An officer completing a Navy-sponsored graduate education program is assigned to a utilization tour "at first opportunity."

(1) Normally, this immediately follows the duty under instruction (DUINS) period; however, this is not to preclude key operational tours essential to warfare qualifications.

(2) If an immediate utilization tour would deter the officer from a key operational tour (such as department head, executive officer (XO), or command), the utilization tour may be postponed until completion of the operational tour.

(3) All aviation officers (13XX) graduating from naval graduate education programs and being assigned to operational tours will, whenever possible, be assigned to flying billets (DIFOPS). This policy is in effect so that aviation career incentive pay (ACIP) flight gate problems will not interfere with subsequent shore subspecialty utilization tours.

(4) This policy does not apply to those few senior officers who have already satisfied flight gate requirements. Bonus or follow-on operational tours in grade for subspecialists are closely examined in light of total Navy requirements.

b. Assignments of officers with Navy-funded graduate education are to direct utilization, operational or student tours, or be waived by Navy Personnel Command (NAVPERSCOM), Assistant Commander Navy Personnel Command for Career Management Department (PERS-4) through the procedures outlined in this article.

c. In making assignments for subspecialists, positive utilization in the subspecialty field is expected. Assignment of **all** subspecialty-coded officers (graduate educated, proven subspecialist) requires approval from NAVPERSCOM, Subspecialty Management Branch (PERS-45E). The assignment officer will submit assignment waiver forms per procedures in this article.

d. All assignments requiring a waiver are resolved by the assignment officer prior to preparation of any order nomination or external dissemination of nomination packages.

4. **Subspecialty Accountability.** Since significant funds are allocated to the education of officers leading to designation as subspecialists, high congressional interest exists in ensuring these funds are properly utilized.

a. The Navy has been tasked by DOD to track the utilization of service-funded education in complying with DOD education utilization guidance. Oversight agencies routinely verify the success of the officer distribution process in complying with DOD policy. **NOTE:** NAVPERSCOM (PERS-4) employs a "utilization code" concept to analyze the utilization of subspecialties in response to congressional, DOD, and other high-level inquiries. The code is entered on the Officer Assignment Information System (OAIS) assignment proposal.

b. Utilization codes (Exhibit 1) are based on the relative degree of utilization of an officer's subspecialty. Primary emphasis is placed on utilization of graduate education. The various utilization codes are dependent on the officer's most significant subspecialty level. NAVPERSCOM (PERS-45E) determines the appropriate utilization code for each assignment involving a subspecialty-coded officer upon receipt of the OAIS proposal.

5. **Subspecialty Waivers.** A waiver granted by NAVPERSCOM (PERS-4) is required for the assignment of all officers (O-3 to O-6) who have received Navy-funded graduate education (subspecialty codes G, F, P, Q, M, N, C, or D).

- a. The only exceptions are when the proposed assignment is
- (1) a direct or closely related utilization tour in the officer's primary subspecialty (utilization code D or E);
 - (2) an operational tour required to keep current in the officer's warfare specialty (utilization code A); or
 - (3) an educational tour (utilization code B).

b. On proposals requiring waivers, assignment officers explain any special circumstances that preclude a utilization tour using the "Assignment Notes" field of the proposal section of OAIS.

(1) To avoid potential embarrassment in the case of waiver disapproval, assignment and placement officers do not commit to their constituents on subspecialty assignments until the waiver has been approved.

(2) In cases involving assignment of officers without a subspecialty code, submission of a waiver is not required.

c. Assignment officers are encouraged to look ahead and plan assignments for their officers, which allows the individual to

pursue subspecialty development and permits the Navy to maximize the return of the graduate education investment. When an assignment will require a waiver under the guidelines of this article, assignment officers are to request a waiver in advance of order preparation to avoid last-minute waiver reviews, possible disapproval, and the attendant delay and potential embarrassment.

6. Assignment of Officers Possessing Ph.D. Education.

Ph.D. officers below flag rank are assigned to Ph.D. utilization billets whenever they are not being assigned to key operational tours, or whenever there are not overriding circumstances approved by NAVPERSCOM, Restricted Line (RL)/Staff Corps Officer Distribution/Specialist Division (PERS-44).

a. If a properly coded Ph.D. billet is not available, the Ph.D. officer is assigned to a lesser-coded requirement, such as a Q or P code. NAVPERSCOM (PERS-440) will not do this without a thorough billet search.

b. Conversely, no non-Ph.D. officer is assigned to a Ph.D. billet without a thorough inventory search by NAVPERSCOM (PERS-440).

c. Recognizing DOD interest in personnel stability and NAVPERSCOM (PERS-4) policy on adherence to projected rotation dates (PRDs) to optimize Ph.D. utilization, PRD adjustments outside of the normal window are almost certainly required.

d. In all assignments involving Ph.D. officers and/or Ph.D. billets, assignment officers consult with NAVPERSCOM (PERS-440).

7. Description of Graduate Education Programs

a. **Doctoral Programs.** Reference (c) refers. This program allows study at the doctoral level in fields consistent with needs of the Navy, undertaken at NAVPGSCOL Monterey, CA, and for some curricula, at certain civilian education institutions. This program includes those who are continued on from PG programs as well as direct inputs to doctoral level studies.

b. **Postgraduate Programs.** Reference (c) refers. These programs allow for extension of previous studies at the PG level to meet education skill requirements supporting billet requirements. They are conducted at the NAVPGSCOL Monterey, CA; civilian educational institutions; and DOD-sponsored schools.

c. **Scholarship Program.** Reference (d) refers. This program permits selected military personnel to accept deserved honors and relieves the government of some training expenses. Military personnel are authorized to attend school as scholarship students while on active duty, subject to an annual quota and contingent upon sustained professional performance.

d. **Law Education Program.** Reference (e) refers. This is a fully funded program, which permits board-selected officers to pursue a law degree as full-time students at an accredited law school. Orders under this program are contingent upon an officer's acceptance of the program's obligated service (OBLISERV) and the agreement to change to designator 250X.

e. **Olmsted Scholars**

(1) The Olmsted Scholars Program allows five Navy or Marine Corps officers per year to study overseas. Per reference (f), Olmsted scholars are afforded an opportunity to obtain a United States (U.S.) recognized Master's degree.

(2) Olmsted Scholars are given this opportunity to obtain their Master's degree within the following guidelines:

(a) Olmsted Scholars are afforded an opportunity to complete an U.S. recognized Master's degree either immediately following Olmsted schooling or following an operational tour.

(b) Olmsted Scholars can complete a U.S. recognized Master's degree at NAVPGSCOL Monterey, CA or a civilian university. Officers electing to complete their Master's degrees at a civilian university will bear the educational costs themselves. The Olmsted Scholar Program provides an Advanced Degree Program Grant (currently \$2500) to assist officers attending civilian universities.

(c) Olmsted Scholars have up to 1 year to complete their Master's degrees at NAVPGSCOL Monterey, CA or a civilian university. Officers who complete their degree requirements stateside will receive a P subspecialty code. Officers who do not complete their degree requirements will receive a G subspecialty code.

(d) Exceptions to the above policy require NAVPERSCOM (PERS-4) approval.

f. **Voluntary Graduate Education Program.** Reference (g) refers. A fully funded program, which permits a limited number of highly qualified Naval Academy midshipmen to receive P-coded

graduate education from Washington, DC area universities during period covering last semester at the Naval Academy and first 6 months after commissioning.

-------------------	--

1. Policy

a. Administrative screening and selection boards are utilized to select officers for graduate education. Assignment to any course of study depends on the availability of the individual officer, yearly quotas in the particular curriculum, and agreement by the officer to incur the required obligated service (OBLISERV).

b. Administrative Screening for Postgraduate (PG) Education

(1) Administrative screening is required for Unrestricted Line (URL) and Restricted Line (RL) officer (except 14xx and 18xx communities) for selection to PG education.

(2) Administrative screening for Staff Corps PG education pertains only to officer names that do not appear on the current board selected list of PG eligible candidates, and are considered only when banked assets have been exhausted and curriculum input goals cannot be achieved.

2. Screening Requests

a. Formal or informal administrative screening requests for PG education shall be initiated only when the officer

(1) will fulfill a community PG requirement,

(2) has the educational background (or is established on a Naval Postgraduate School (NPS) approved academic improvement program) which satisfies the entrance requirements for the proposed academic program, and

(3) is considered promotable within the community.

b. In no case will an administrative screen be conducted that does not address a specific community/Navy need.

3. Administrative Screening Procedures

a. A **Postgraduate Education Nomination Form**, Exhibit 1, furnished by Navy Personnel Command (NAVPERSCOM), Professional Development Education/Subspecialty Branch (PERS-440), is originated by the assignment officer and forwarded with the Officer Master Personnel File (OMPF) and Officer Data Card (ODC), **via** the assignment division officer director **to** NAVPERSCOM, Graduate Education/NROTC Placement (PERS-440B).

b. NAVPERSCOM (PERS-440) then routes the board sheet to NAVPERSCOM, Restricted Line/Staff Corps Officer Distribution/Specialist Branch (PERS-44) for final determination.

4. **Selection Procedures for Captain (CAPT)/Commander (CDR) for Graduate Education**. Each potential CAPT/CDR input into a graduate program will be screened.

a. The following officers will do the screening:

(1) The candidate's cognizant division director.

(2) NAVPERSCOM (PERS-440) for determination of requirements.

(3) NAVPERSCOM (PERS-44).

(4) NAVPERSCOM, Career Management Department (PERS-4) (Commander, Naval Personnel Command (COMNAVPERSCOM) for Captains) for final determination.

b. The assignment officer initiates this screen by drawing the candidate's OMPF record, attaching a CAPT/CDR education board sheet (available from NAVPERSCOM (PERS-440)), and routing the package through the appropriate review chain for comment.

c. Final approval from NAVPERSCOM (PERS-4) is required **prior** to nominating the individual for orders.

5. **Curriculum Shifts for Graduate Education.** Curriculum shifts for enrolled officer students are considered only when it is clearly in the best interest of the students and the Navy.

a. Curriculum shifts are limited to the following categories of officers:

(1) When shifting from one technical curriculum to another technical curriculum.

(2) When shifting from a nontechnical curriculum to a technical curriculum.

(3) When shifting from a nontechnical curriculum to another nontechnical curriculum.

(4) When academic difficulty dictates.

b. Staff Corps officers desiring a shift from their board selected curriculum must request so in writing to their detailer. The detailer then initiates an administrative screening.

c. URL officers desiring to enroll in curricula limited to certain RL, the RL/Staff Corps transfer board must select Staff Corps.

d. Curriculum Shift Procedures:

(1) Upon receiving written request and endorsement letter from officer, NAVPERSCOM (PERS-440B) will forward approval sheet to the assignment branch head for review. The assignment branch head will initial eligibility determination and route sheet to NAVPERSCOM (PERS-440).

(2) NAVPERSCOM (PERS-440) then routes the Board Approval Sheet to NAVPERSCOM (PERS-44) for final determination.

6. Reporting, Convening and, Graduating Dates Policy.

NAVPERSCOM (PERS-44) promulgates reporting, convening, and graduating dates for the various graduate education courses each year. Normally an officer is ordered to report for duty under instruction (DUINS)/duty involving flying denied under instruction (DIFDENINS) not later than 3, nor earlier than 3, working days prior to the class convening date (CCD).

a. **Reporting.** Officers ordered for DUINS for PG education will be assigned by COMNAVPERSCOM to report for administrative purposes to the nearest geographically available naval activity capable of providing this support.

b. **Slating.** NAVPERSCOM (PERS-440) promulgates loading plan quotas required from each assignment section to meet the Navy's requirements. Final slating for each input is completed not later than 6 months prior to the scheduled convening date. Chief of Naval Personnel (CHNAVPER) is committed to maximum filling of graduate education quotas with quality officers.

c. **Detachment Policy.** The detachment date for graduating officers from education programs is on or before the third working day following graduation. Exceptions to this policy must be approved in advance by NAVPERSCOM (PERS-44).

7. Graduate Education in English, History, and Physical Education. No officers will be ordered into full-time, fully funded education programs in support of billets requiring studies in English, History, or Physical Education fields.

8. Dual Master's Degree

a. NAVPERSCOM (PERS-44) has final approval authority (on a case-by-case basis) for officers to attend a second fully funded PG education program provided that

(1) the officer has laterally transferred, and

(2) the officer does not have a level "P" or higher subspecialty code that is utilized in the gaining community.

b. Nominations are submitted by the gaining community assignment officer to NAVPERSCOM (PERS-440B) utilizing the **Postgraduate Education Administrative Screening Sheet**.

c. Officers with Master's degrees obtained at other than Navy expense which satisfies all criteria for subspecialty code assignment are assigned to PG Master's curricula only after all other sources have been exhausted.

(1) The cognizant detailing division director files appropriate documentation of the need to send such an officer in the officer's personal record.

(2) Officers with Master's degrees which were non-Navy-funded and which do not meet requirements for coding as a subspecialist at the Master's level are designated a general **P subspecialty code** and are eligible for selection and assignment to PG school.

9. OBLISERV Requirements

a. Active duty (ACDU) officers participating in Navy-funded graduate education on a full-time, part-time or off-duty basis will incur an ACDU obligation of 3 years after completion of, or withdrawal from, education programs. This obligation will be served concurrently with any other obligation

(1) This includes both residential and distributed learning programs, unless otherwise specified.

(2) This does not apply to educational programs leading to a certificate or a certification or to education received as a result of voluntary education programs such as tuition assistance, the Veterans' Education Assistance Program (VEAP), or the Montgomery GI Bill (MGIB). These programs are covered under separate directives and instructions.

(3) This does not apply to graduate education in health and theology disciplines, the law education program, PHD programs, education received at Service Colleges, scholarship, or fellowship programs. These programs are covered under separate directives and instructions.

(4) Nuclear trained officers should refer to MILPERSMAN 1520-050 for more information.

(5) Naval Reactor Engineering Officers (1220)
should refer to reference (a).

b. **Determination.** In determining OBLISERV incurred for all other professional development education, specific governing directives listed below must be consulted in each case. The entire period of DUINS status from each date of reporting to date of detachment is used as the basic multiple when computing OBLISERV.

<u>PROGRAM</u>	<u>GOVERNING DIRECTIVE</u>
<u>Fully-funded:</u>	
Graduate Education	OPNAVINST 1520.23B and current NAVADMIN
Doctoral Program	OPNAVINST 1520.23B
Armed Forces Health Profession Scholarship	OPNAVINST 1520.39
Law Education Program	SECNAVINST 1520.7F
<u>Non-fully funded:</u>	
Scholarship/Fellowship Tuition Aid	OPNAVINST 1520.24B CNETINST 1560.3D
<u>Professional Development Non-Degree:</u>	
White House Fellows	MILPERSMAN 1301-904
Navy Federal Executive Fellowship	OPNAVINST 1500.72F
Naval Aviation	MILPERSMAN 1542-010
Naval Nuclear Power	MILPERSMAN 1520-050
Naval Submarine School	MILPERSMAN 1520-030
Surface Warfare Dept Head	MILPERSMAN 1520-040
Line/Staff Transfer	MILPERSMAN 1212-010

c. **Release from OBLISERV.** Upon receipt of a request for resignation or release from active duty (RAD), the assignment officer needs to ensure that OBLISERV arising from education related agreements has been fulfilled, or if it is determined an officer may be separated before the end of OBLISERV, the officer must repay monies on a prorated basis prior to final separation. The waiver of OBLISERV is at the discretion of the Navy and will usually not be approved.

10. **Medical Corps Officers Utilization.** The Surgeon General has asked that Medical Corps assignment policy reflect **4-year** minimum utilization for specialists. The following distribution policy is in effect:

a. Medical Corps officers awarded a subspecialty code upon completion of residency/fellowship training will be assigned only to appropriately coded billets for a minimum of 4 years. This does not imply that the 4 years must be served at the same duty station.

(1) Beyond this initial 4-year utilization requirement, Medical Corps assignment policy will continue to match billet and officer qualifications, ensuring assignment of best-qualified officers within other current assignment policy constraints.

(2) Exceptions will be granted at the NAVPERSCOM division director's level following prior coordination with Bureau of Medicine and Surgery (BUMED).

b. **Graduating Medical Interns.** All graduating interns (general medical officers (GMOs)) will be assigned to an operational tour prior to selection to Graduate Medical Education Level 2 (GME2). Waivers will be considered on a case-by-case basis. The approving authority for these waivers is NAVPERSCOM (PERS-44).

11. **Processing of Transcripts.** All transcripts of undergraduate and graduate course work completed by an officer must be forwarded to NAVPERSCOM, Subspecialty Management (PERS-45E) for entry into the ODC. NAVPERSCOM (PERS-45E) will forward transcripts to NAVPERSCOM, Receipts Control Section (PERS-312C) for entry into the OMPF. Officers should also send transcripts to NPS (Code 01B3), Monterey, CA, at the earliest feasible date following completion of such work.

a. **Academic Profile Code (APC).** NPS is responsible for assigning APCs to all officers. This code consists of a **3-digit** number, which describes an officer's academic background. NAVPERSCOM (PERS-440B) uses the APC to determine curriculum eligibility of officers. The APC is derived as follows:

(1) **1st digit** - Quality Point Rating (QPR) code representing the cumulative grade averaging on a **0 to 5 scale**.

(2) **2nd digit** - Math qualifications code on a 0 to 6 scale. The scale is directly keyed to the math requirements for various curricula and completely ordered so that a **grade of 3**, for example, would satisfy the requirements typified by 3, 4, 5, or 6.

(3) **3rd digit** - Technical qualification code on a 0 to 5 scale. This code is used for technical curricula requiring a calculus-based physics sequence for entrance.

(4) The following tables are used to assign the codes:

QPR CODE		
Code No.	Grade	QPR Range
0	A-/A	3.60-4.00
1	B+	3.20-3.59
2	B-/B	2.60-3.19
3	C+	2.20-2.59
4	C	1.90-2.19
5	C-	0-1.89
NOTE: Repeat courses and failures are included in the QPR calculations.		

MATH CODE	
Code No.	Meaning
0	Significant post-calculus math with B average.
1	Two or more calculus courses with B+ average.
2	Two or more calculus courses with C+ average.
3	One calculus course with a grade C or better.
4	Two or more pre-calculus courses with B average or better.
5	At least one pre-calculus course with C grade.

TECHNICAL CODE		
Code No.	Significant Upper Division Courses in Pertinent Physics (Calculus-Based)	Courses in Engineering/Physical Science
0	Ignore	B+ average
1	Ignore	C+ average
2	Complete sequence taken	B+ average
3	Complete sequence taken	C+ average
4	At least one course with	C grade
5	None	
NOTE: Significant coverage includes a major strong minor in a pertinent (ME, AE, EE, physics) discipline.		

b. Example of the assignment and use of APCs in determining if an officer is qualified for direct or indirect input:

(1) An officer has an **overall QPR of 3.10**, has taken pre-calculus courses with **grades of A and B**, a full year of physics with **grades of C and C+**, and no engineering courses. The **AP Code is 243**.

(2) The officer desires to enter a technical curriculum with entrance requirements as follows:

For direct entry: 323
For indirect entry: 334
(3 months Engineering Science)

NOTE: These codes are unique to each curriculum.

c. The above officer is **not** qualified for entry. Completion of calculus with a C or better via self-study would qualify the officer for indirect entry via Engineering Science.

------------	---

1. General Information

a. Service and joint colleges include the Naval War College (NWC), National Defense University (NDU) (comprised of the National War College, the Dwight D. Eisenhower School for National Security and Resource Strategy (ES), and the Joint Forces Staff College (JFSC)), the service colleges of the other armed services, and the international service colleges. The list of service and joint colleges (which is subject to change) is provided in Exhibit 1. Those institutions that have been accredited by the Chairman, Joint Chiefs of Staff (CJCS), satisfy an officer's requirement for joint professional military education (JPME), a prerequisite for designation as a joint qualified officer (JQO). See references (a), (b), and (c).

b. These colleges have historically played a major role in the professional development of the leadership of the Armed Forces of the United States (U.S.) by providing broadening education to prepare officers for greater responsibility.

c. The individual service and joint colleges and their varying curricula emphasize different aspects and levels of

service and joint functions, resource management, and national strategy and policy.

d. Attendance at a service or joint college is considered a significant milestone in the professional development of a naval officer. This opportunity is designed to enhance the competence of officers with high promotion potential who are selected for attendance through advanced professional military education. This improves their capability to provide intellectual leadership and to exercise sound judgment in defense matters.

2. Policy

a. Chief of Naval Personnel is committed to filling service and joint college quotas with quality officers.

b. Any officer proposed and accepted by Navy Personnel Command (NAVPERSCOM), Officer Education Placement Branch (PERS-440) for a Service and Joint College student quota is not to be detailed elsewhere, unless a fully qualified replacement is identified and specifically approved by NAVPERSCOM (PERS-440).

3. Assignment Policy for JPME. Reference (c), §661 directs the Navy to ensure that approximately one-half of O-5 and above joint duty assignment list (JDAL) billets are filled by officers who have the appropriate level of joint qualification.

a. To the maximum extent that career timing may allow, JPME Phase I and Phase II should be viewed as en route preparation for a joint tour. To most effectively use the Navy's limited Phase I and Phase II quotas, and meet expectations of joint commanders, a concerted effort is needed to identify officers for joint follow-on duty as early as possible in the professional military education process.

(1) Navy personnel policy mandates that all unrestricted line (URL) commanding officers will complete JPME I prior to assuming command. Navy officers, whose career timing does not support in-residence attendance, or for whom no in-residence quota is available, have several options for completion of JPME I, including non-resident fleet seminar programs and other distance learning programs which contain JPME I embedded in certain curricula at the Naval Postgraduate School.

(2) Reference (c), §619A mandates all active duty list officers must be JQO prior to promotion to flag rank. Secretary

of Defense (SECDEF) waivers are available for officers whose promotion is based primarily upon scientific and technical qualifications for which joint requirements do not exist and in the case of medical, dental, nurse, medical service corps, chaplain, and judge advocate officers. JPME II is only offered via in-resident service colleges or at JFSC. Logical candidates for JPME II at JFSC are officers with a projected rotation date within 1 month of the start of the JPME II class who completed JPME I, but have not completed JPME II.

b. NAVPERSCOM, Special Assistant for Joint Officer Management Branch (PERS-45J) will assign Phase II quotas at JFSC and provide class date information to assignment and placement officers.

4. **Assignment Policy for NDU.** Reference (c), §663 directs the assignment of all JQOs, and greater than 50 percent (defined as 50 percent plus one) of all other officers graduating from NDU (ES, NWC, and JFSC) to joint duty as their next assignment. The joint duty assignment requirement for JQOs may be waived by SECDEF on a case-by-case basis. Of the 50 percent plus one NDU outplacement requirement, at least one-half of the officers are required to report directly to a joint duty assignment. However, for NWC and ES, a maximum of one-half of that 50 percent plus one requirement can be deferred by one tour to accommodate career milestone and timing requirements as allowed by SECDEF procedures. For officers graduating from the Joint Advanced Warfighting School (JAWS), 100% must be assigned to JAWS graduate coded joint duty as their next assignment. Director of the Joint Staff-level waivers may be considered on a case-by-case basis.

Example: With an ES graduating class of 100 Navy officers, a minimum of 51 officers from that graduating class is required to go to a joint duty assignment following graduation. Of those 51 officers, no more than 25 may be deferred by one tour.

a. A joint duty assignment is defined as one that provides significant experience in joint matters. SECDEF publishes a JDAL of qualifying billets. Joint billets are identified with a billet additional qualification designation of JD1 (non-critical joint billet). A JD2 billet requires fill by a JQO.

b. Prior to assignment to NDU, detailers shall indicate to NAVPERSCOM (PERS-45J) the joint follow-on assignment expectation

for each proposed student to aid in tracking and planning follow-on assignments per statutory requirements.

c. At least 6 months prior to graduation, detailers will provide inputs to NAVPERSCOM (PERS-45J) for a follow-on assignment for each student to comply with statutory requirements.

5. Eligibility

a. Service college programs are for selected active duty, Selected Reserve, Inactive Reserve, and full time support officers in grades of O-5 and O-6 for senior level colleges (SLC) and in the grade of O-4 for intermediate level colleges (ILC).

b. Resident attendance at an ILC is not a prerequisite to selection for a SLC, nor should it preclude resident attendance at an SLC. However, JPME I is a prerequisite for SLC attendance.

c. Normally, an officer is assigned to only one service college at a given level; however, a very limited number of officers may attend more than one course at the senior level.

6. Service College Quotas. Office of the Chief of Naval Operations (OPNAV), Information, Analysis, and Development Division (N15) promulgates the JPME quota plan which directs the necessary distribution of Navy officers to the various service and joint colleges. The CJCS mandates the level of participation of naval officers at other military service and joint colleges according to statutory requirements for those institutions to maintain joint accreditation.

a. Quotas to service and joint colleges are distributed among various detailing communities per community inventory and representation on the JDAL.

b. Officers shall be assigned to service and joint colleges per the JPME quota plan and community inventory.

7. Service College Selection

a. Chief of Naval Operations (CNO) strongly supports the importance of service college attendance as a significant milestone in the professional development of a naval officer.

The overall objective is to develop a cadre of professional naval officers who are able to lead, plan for, and employ naval, joint and combined forces in support of national objectives. In the long term, CNO desires that only our top performing officers, primarily post-command officers, attend SLC programs.

b. Service and joint college selection is made in conjunction with selection for promotion to the ranks of lieutenant commander (LCDR) and commander (CDR).

c. **Selection Period.** Officers remain selected for a service or joint college until they fail to select to the next higher rank, with the exception of a selection failure to the rank of captain (CAPT)) after the maximum number of eligible looks.

d. Officers will be screened in conjunction with milestone screen boards for ILC and SLC respectively. Officers who have screened for, or who have remaining looks for the next community milestone, are considered due-course and are eligible for service and joint college assignments. Exhibit 2 provides eligibility requirements for all officers. Exceptions to these requirements will be adjudicated on a case basis by NAVPERSCOM (PERS-440).

e. All officers selected for promotion to CAPT are considered to be selected for SLC, unless they have previously attended while holding the rank of CDR.

f. To ensure officers attending service and joint colleges demonstrate the potential to provide intellectual leadership and sound judgment at the highest levels of defense, all nominations for service and joint colleges shall be administratively screened within NAVPERSCOM to ensure continued eligibility before final assignment. Nominees for these programs must be the highest quality officers.

g. The following minimum qualifications must be met before an officer is assigned to a service or joint college:

(1) All O-5 officers must have no more than 23 years of commissioned service at class convening date. All O-6 officers must have no more than 24 years of commissioned service at class convening date. There is no maximum age for an O-6 provided the officer has sufficient time on active duty remaining to complete the required obligated service (OBLISERV).

(2) Minimum rank of O-4 select for ILC course and minimum rank of O-5 select for SLC. Rank waiver approval rests with NAVPERSCOM, Career Management Department (PERS-4). Detailers will initiate waiver requests and route to NAVPERSCOM (PERS-4) for approval via NAVPERSCOM (PERS-440C) and NAVPERSCOM, Staff/RL Officer Career Management Division (PERS-44). Rank waivers are only considered for officers attending the Navy ILC and SLC. Education waiver approval guidelines are listed in Exhibit 2. Any exceptions to these guidelines will be vetted through NWC. The waiver package will consist of an endorsement by the detailing division director and the officer's performance summary record.

(3) Undergraduate degree from an accredited institution;

(4) Personal desire to attend;

(5) Ability to perform and contribute at the graduate level;

(6) Community recommendation;

(7) Potential for continued leadership and management growth;

(8) Potential to promote to CDR (failure of selection disqualifies an officer from attending). Failure of selection to O-6 is allowable.

(9) Follow-on joint duty potential;

(10) Must have passed or been excused from the most recent physical fitness assessment;

(11) SLC to include NDU, JFSC, and the service colleges will exclusively teach JPME Phase II and completion of JPME Phase I credit will be a prerequisite. Direct entry waiver (DEW) approval for officers who do not have JPME I and who are proposed for SLC rests with the joint staff and are limited by law to no more than 10 percent of the convening class. DEW for Navy personnel will be routed via NAVPERSCOM (PERS-440) for forwarding by NAVPERSCOM (PERS-45J) to the joint staff for approval;

(12) Officers attending an international college must be sufficiently fluent in the language of the host country to undertake the course of instruction. Preparatory language training may be provided (if necessary);

(13) Sufficient time for service obligation must be considered in the assignment process.

8. **NDU and Service College Descriptions**

a. **NWC.** The mission of the NWC is to enhance the professional capabilities of its students to make sound decisions in both command and management positions and to conduct research leading to the development of advanced strategic and tactical concepts for the future employment of naval forces. Courses available include the College of Naval Warfare Course for CDRs and CAPTs, and the Command and Staff Course for LCDRs.

b. **NDU:**

(1) NDU is involved with the development of officers for the exercise of joint high-level policy and staff functions. Focus is placed on the study of interdependence of the factors of national power, as well as the economic and industrial aspects of national security and resource management.

(2) Officers may attend the National War College or the ES only if their effective date of promotion to the grade of O-5 falls on or before 1 August of each respective academic year. This policy ensures the desired level of seniority for students attending these institutions, thereby enhancing the overall educational experience.

c. **JFSC:**

(1) The mission of the Joint and Combined Warfighting School (JCWS) is to produce graduates capable of creatively and effectively planning operational level warfighting for joint and combined military forces while integrating the effects of the U.S. Government, nongovernmental organizations, and international organizations to ensure the success of combatant and joint task force commanders operating within an uncertain operating environment.

(2) The mission of JAWS is to populate the joint staff and combatant commands with officers expert in the joint planning processes and capable of critical analysis in the application of all aspects of national power across the full range of military operations. Students must be capable of synergistically combining existing and emerging capabilities in time, space, and purpose to accomplish operational or strategic objectives.

d. Other Service Colleges:

(1) Assignment of naval officers to other service colleges is critical to promote understanding of Navy capabilities and achieving the joint diversity required for each institution to maintain its JPME accreditation status.

(a) As the institution authorized to grant JPME accreditation, CJCS has directed that the seminar mix for both ILC and SLC institutions should include at least one officer from each of the two non-host military departments.

(b) Per reference (c), §2155, the percentage of students enrolled in any joint professional military education who are officers of the host service, may not exceed 60 percent with the remaining services proportionally represented. The JPME quota plan promulgated by OPNAV (N15) is based on annual CJCS direction that distributes quotas among the various sea service components, Navy, Marine Corps, and Coast Guard.

(2) Navy officers shall be assigned to the Air Force, Army, and Marine Corps service colleges per JPME quota plan.

(3) Unrestricted line officers shall be assigned to various international military colleges where PME is provided.

(4) Exchange and country-to-country agreements have been established. Quotas for international military colleges shall be incorporated into the JPME quota plan.

9. OBLISERV for Service Colleges

a. Officers accepting orders to the U.S. or international service colleges incur an active duty obligation of 2 years, commencing upon completion of the course of instruction. The obligation is served concurrently with any other service obligation. While completing JPME requirements at an ILC or

SLC, officers may earn a master's degree if offered by the institution. There is no additional service obligation for a master's degree obtained as a result of pursuing JPME (i.e., a master's degree from a war college obtained while attending JPME I or JPME II).

b. A member will incur a 2-month obligation for each month of language training provided in preparation for assignment to an international military college. This obligation as a result of language training commences upon completion of the language training and is served concurrently with any other service obligation.

c. No OBLISERV is incurred by attendance at JCWS.

10. **Fellowship Programs.** JPME credit for participation in certain fellowship programs such as the Federal Execution Fellowship, White House Fellowship, SECDEF Corporate Fellowship, and the Legislative Fellowship do not satisfy joint matters learning areas specified by reference (c), §107 for award of JPME credit.

EXHIBIT 1
SERVICE COLLEGE LIST

DOMESTIC SERVICE COLLEGES:

Senior	Intermediate
College of Naval Warfare (CNW) at Naval War College (NWC)	College of Naval Command and Staff (CNCS) at Naval War College
Air War College (AWC)	Air Command and Staff College (ACSC)
Army War College (USAWC)	Army Command and General Staff College (ACGSC)
USMC Top Level School (MCWAR)	Marine Corps Command and Staff College (MCCSC)

JOINT JPME INSTITUTIONS:

Senior	Intermediate
National War College	
Dwight D. Eisenhower School for National Security and Resource Strategy (ES)	
Joint Advanced Warfighting School (JAWS)	
Joint Combined Warfighting School (JCWS)	

INTERNATIONAL MILITARY COLLEGES:

Senior	Intermediate
Argentine National Defense School	Argentine Naval War College in Command
Australian Defense College	Australian Joint Staff College
Indian National Defense College	Brazilian Naval War College
Inter-American Defense College	Canadian Forces Command and Staff College
Israeli Defense Force National Defense College	Baltic Defense College
Japanese National Institute for Defense Studies	Belgian Defense College Advanced Staff College
NATO Defense College	Brazilian Naval War College
Pakistan National Defense College	Canadian Forces Joint Command and Staff College

Senior	Intermediate
Peruvian Naval War College	Chilean NWC
South African Navy Command and Staff College	French Joint Defense College
Turkish National Security College	German General/Admiral Staff College
	Indian Defense Service Staff College
	Indonesia Naval Command and Staff College
	Italian Joint Services College
	Japanese Maritime Self Defense Force Staff College
	Korean Naval Command and Staff College
	Singapore Command and Staff College
	Spanish Armed Forces Joint Staff and Command Course
	Western Hemisphere Institute for Security Cooperation
	Uruguayan Naval War College

EXHIBIT 2
WAR COLLEGE ELIGIBILITY GUIDELINES

SENIOR WAR COLLEGE		
Rank	Candidate Pool	Eligibility Requirement
CAPT	All CAPT	Must have no more than 24 years of commissioned service at class convening date.
CDR	All CDR	Due course officers who have screened for or still have looks remaining, competitive for next career milestone at the O-5/O-6 pay grade, and have no more than 23 years of commissioned service at class convening date.

INTERMEDIATE WAR COLLEGE		
Rank	Candidate Pool	Eligibility Requirement
LCDR	URL RL and Staff Corps	Due course officers who have screened for or still have looks remaining and are competitive for next career milestone at the O-4 pay grade.

EXHIBIT 3
NAVPERSCOM (PERS-4) RANK WAIVER GUIDELINES

SENIOR WAR COLLEGE		
Rank	Candidate Pool	Eligibility Requirement
LCDR	Post Department Heads	Clear contenders for CDR command (must be in-zone for next O-5 board, competitive hard break out with a #1 or 2 ranking)
LCDR	RL and Staff Corps	Clear contenders for O-5 Milestone (must be in-zone for next O-5 board, competitive hard break out with a #1 or 2 ranking)
<p>** NWC is the only service college that will accept LCDRs into senior course. Waiver authority is at NAVPERSCOM (PERS-4). Exceptions adjudicated by NAVPERSCOM (PERS-4) on a case basis. No more than 25 percent of the rolling class can be waived.</p>		

INTERMEDIATE WAR COLLEGE		
Rank	Candidate Pool	Eligibility Requirement
LT	Post Second Sea Tour (Aviation)	Competitive hard break out with an early promotion (EP) recommendation (if possible) and at least 8 years of commissioned service
LT	Post Division Officer (Surface, Subs)	Competitive hard break out with an EP recommendation (if possible) and at least 8 years of commissioned service
<p>** Naval War College is the only service college that will accept LTs into an intermediate course. Waiver authority is at NAVPERSCOM (PERS-4). Exceptions will be adjudicated by NAVPERSCOM (PERS-4) on a case basis. No more than 12 percent of the rolling class can be waived.</p>

References	(a) OPNAVINST 1412.14 (b) OPNAVNOTE 5450 Ser N131/14U114074 of 28 Jul 2014 (Canc: Jul 2015) (c) NAVPERS 15839I, Vol I (d) CHNAVPERS Memo For The Record of 10 Jul 13 (NOTAL)
-------------------	---

1. **Purpose.** To establish procedures for officers to attend leadership training courses.
2. **Background.** Reference (a) sets the minimum standards for qualifying and screening officers for command. Reference (b) publishes the fiscal year (FY) 2014 to FY 2018 unrestricted line (URL) command - sequential; URL major command at sea; URL major command ashore; URL major defense attaché; restricted line (RL) and Staff Corps major command lists. Reference (c) includes all approved additional qualification designators (AQD). Reference (d) directs and specifies attendance at Navy officer leadership continuum training.
3. **Policy**
 - a. Most officers in communities with established training pipelines en route to division officer (DO) and department head (DH) billets receive the required leadership training course as

a portion of that pipeline. Officers who are in career fields without en route pipelines and who need DO or DH courses will receive the leadership training courses at one of the Center for Personal and Professional Development (CPPD) learning sites. Exhibit 1 delineates which officer communities receive the courses during an existing pipeline and which will necessitate an intermediate stop for leadership training at a CPPD learning site.

b. Reference (a) states that command leadership training is mandatory for all officers serving in command positions. All prospective commanding officers (PCOs) receive this training via an intermediate stop at the Naval Leadership and Ethics Center (NLEC), attending the Commanding Officer Leadership Course (COLC). O-6 officers en route to initial command shall attend the COLC prior to assuming command. O-6 officers en route to subsequent command of a command listed in reference (b) shall attend the Major Command Leadership Course (MCLC) prior to assuming command. O-6 officers en route to subsequent command who have attended COLC and successfully completed O-5 command (not milestone billet) will attend the MCLC. To comply with reference (a), prospective major command officers who have not previously completed the COLC will attend a hybrid course consisting of 1 week at the COLC followed by 1 week at the MCLC.

c. Officers who have attended the COLC or MCLC, who served in a commander command or major command billet, and are subsequently ordered to a second command in the same billet grade, are not required to attend the same NLEC Course if it has been less than 4 years since last attendance. If it has been greater than 4 years since last attendance, the officer must attend the appropriate NLEC course again. Officers en route to all aviation and surface executive officer (XO) fleet-up to commanding officer (CO) billets and Navy recruiting district XO billets that fleet-up to command shall attend the COLC.

d. Post-major command officers heading to sequential command of a command listed in reference (b) may attend the 2-day Sequential Major Command Course (SMCC), which typically convenes on a quarterly basis.

e. All prospective XOs receive their leadership training via an intermediate stop at the NLEC while on permanent change of station (PCS) orders en route to their leadership assignment. Officers who have previously attended the Executive Officer Leadership Course (XOLC) will not be required to attend the

course again upon selection to a subsequent XO assignment. Officers en route to an officer in charge (OIC) tour may attend the XOLC on a case-by-case basis.

f. The Command Spouse Leadership Course (CSLC) is offered at the NLEC for the spouses of PCOs. The intention is for spouses to attend this course one time only while the active duty member is attending command leadership training. An invitation for spouses will be included in the PCO's orders, with the requirement to confirm the spouse's attendance with the NLEC.

4. **Action**. Detailers remain responsible for ensuring the appropriate CPPD or NLEC course quota(s) are obtained prior to completing orders for their constituents. Additional direction includes:

a. PCS orders for officers en route to leadership tours who do not receive leadership training during an existing pipeline, to include training received at initial accessions sources, will include an intermediate stop for leadership training at a CPPD learning site or NLEC.

b. Utilize the matrix in exhibit 1 to determine leadership training attendance via existing pipeline, through a CPPD learning site, or NLEC during PCS transfer.

c. Quotas are obtained directly through the Enterprise Naval Training Reservation System, except as outlined in paragraph 4f of this article. Exhibit 2 lists primary sites where NLEC and CPPD officer leadership courses are delivered. Contact information for Navy Personnel Command (NAVPERSCOM), Allocations and Statistics/Space Cadre Branch (PERS-452) is also provided for quota support only.

d. Any officer unable to attend the appropriate DO or DH leadership course must receive a waiver from Deputy Chief of Naval Personnel (BUPERS-00B). This waives attendance en route only.

e. Per reference (c), upon successful completion of the applicable leadership course, detailers will ensure the appropriate AQDs are updated in the Officer Assignment Information System.

f. Attendance at NLEC is mandatory prior to assuming command, unless waived by Chief of Naval Personnel per reference (a). Quotas for the MCLC, COLC, XOLC, and SMCC are requested through NAVPERSCOM (PERS-452) and guided by the below business rules:

(1) Orders to NLEC must be approved and written at least 6 weeks prior to class convening dates. NLEC must approve any orders written within 6 weeks to ensure adequate time for the attending officer to complete specified prerequisites, which include the 360 evaluation process.

(2) Detailers will coordinate with NAVPERSCOM (PERS-452) in the selection and management of MCLC, COLC, XOLC, and SMCC quotas. NAVPERSCOM (PERS-452) shall maintain and make available to the appropriate stakeholders a listing of available course quotas. These will be further disseminated to each division on a fair share basis in order to facilitate maximum course effectiveness and even course loading. Maximum/minimum student loads for each course are: COLC 42/15; XOLC 25/8; MCLC 14/6.

(3) As a variety of designators is essential for peer-to-peer interaction and learning, the COLC should be limited to no more than 15 officers of a single designator, with 8 being the limit for the XOLC, and 3 for the MCLC.

EXHIBIT 1
OFFICER LEADERSHIP DEVELOPMENT COURSES

Division Officer Leadership Course (DIVOLC) [CIN: P-7C-0100]

Communities receiving during pipelines		Communities receiving at CPPD (en route PCS)
Special Warfare	Judge Advocate General	Special Operations
Submarine	Limited Duty Officer and Chief Warrant Officer	Aviation Maintenance Duty Officer
Aviation	Civil Engineer Corps	Public Affairs Officer
Information Warfare	Chaplain	Nurse Corps (Reserve Officer Training Corps (ROTC) option)
Intelligence	Supply	
Dental, Nurse, and Medical Service Corps	Surface O-1 and O-2 (part of Basic Division Officer Course (BDOC))	

Department Head Leadership Course (DHLC) [CIN: P-7C-0101 and P-7C-0103]

Communities Receiving During Pipelines	Communities Receiving at CPPD (en route PCS)	
Surface (O-3)	Aviation	Medical, Dental, Nurse, and Medical Service Corps
Submarine	Special Operations	Aviation Maintenance Duty Officer
Supply	Special Warfare	Aviation Engineering Duty Officer
	Information Warfare	Chaplain
	Intelligence	Judge Advocate General
	Limited Duty Officer and Chief Warrant Officer	Public Affairs Officer
	Oceanographer	Civil Engineer Corps
	Information Professional	Human Resources

Executive Officer Leadership Course (XOLC) [CIN: P-1B-0005]

For officers, typically O-4 and above, going to designated XO or "XO equivalent" billets and officers en route to OIC tours.

Commanding Officer Leadership Course (COLC) [CIN: P-1B-0004]

The COLC is required of all PCOs, lieutenant through captain. O-6 officers en route to initial command shall attend the COLC prior to assuming command. Officers who have attended COLC and served in a commander command billet and are subsequently ordered to a second command in the same billet grade are not required to attend the COLC if it has been less than 4 years since last attendance. If it has been greater than 4 years, the officer must attend the COLC again. Officers en route to all aviation and surface XO fleet-up to CO billets and Navy recruiting district XO billets who fleet-up to command shall attend the COLC.

Major Command Leadership Course (MCLC) [CIN: P-1B-0060]

O-6 officers en route to subsequent command of a command listed in reference (b) shall attend the MCLC prior to assuming command. O-6 officers en route to subsequent command, who have attended COLC and successfully completed O-5 command, will attend MCLC. Prospective major command officers, who have not previously completed COLC, will attend a hybrid course of 1 week at the COLC and 1 week at the MCLC.

NOTE: Quotas for the MCLC, COLC, XOLC, and SMCC should be obtained directly from NAVPERSCOM (PERS-452) point of contact provided in exhibit 2.

ASSIGNMENT AND CLASSIFICATION OF PERSONNEL ASSIGNED A LIMITED DUTY (LIMDU) DESIGNATOR

Responsible Office	NAVPERSCOM (PERS-4821)	Phone:	DSN	882-3229
			COM	(901) 874-3229
			FAX	882-2622

1. **Policy**. Directives provide for retention on active duty for specified periods of time certain personnel whose physical condition falls below the standard normally acceptable for retention. When such members are retained on active duty they will be assigned to duty after classification by Navy Personnel Command (NAVPERSCOM), Disability/Retirement/LIMDU Section (PERS-4821) into one of the following categories:

Designator Number	Status
L-1	Approved for Temporary Limited Duty by NAVPERSCOM (PERS-4821).
L-2	Pending Physical Evaluation Board proceedings.
L-3	Return to duty (RTD).
L-4	Approved for Permanent Limited Duty by NAVPERSCOM (PERS-4821). CONUS or overseas shore duty.
L-5	Approved for Permanent Limited Duty by NAVPERSCOM (PERS-4821). CONUS shore duty only.
L-6	Pending Temporary Disability Retirement.
L-7	Pending Permanent Disability Retirement.
L-8	Pending Separation Intentional Misconduct or Willful Neglect (IMWN) or Incurred During Unauthorized Absence (IDUA).
L-9	Pending Disability Separation with Severance Pay.
L-M	Approved Assignment Limited Designation by NAVPERSCOM (PERS-40BB).
L-T	Pending Disability Separation without Severance Pay Existed Prior to Service (EPTS/EPTE).

2. **Change/Removal**. These designators shall not be changed or removed unless authorized by NAVPERSCOM (PERS-4821) or NAVPERSCOM, Enlisted Distribution Division (PERS-40BB).

References	(a) BUPERSINST 1080.53, Enlisted Distribution and Verification Report Users' Manual (EDBRMAN) (b) OPNAVINST 1000.16K
-------------------	---

1. **Purpose**. This article addresses the Enlisted Distribution Management System for active duty United States Navy (USN) personnel.

2. **Background**

a. Billet control, personnel procurement, training, and distribution are processes in the Enlisted Distribution Management System. Authorized billets are the Navy's yardstick for measuring personnel management's ultimate objective of placing the right Sailor in the right job.

b. Procurement and training managers, major manpower claimants, and fleet commanders are continually striving to build the personnel base to support the requirements while personnel distributors (Navy Personnel Command (NAVPERSCOM) and manning control authorities (MCAs)) are faced with the challenge of how to best assign personnel excesses and shortages to most nearly meet the billet requirements.

3. **Distribution Management Controls**

a. **Functions of Distribution Management Controls.** To support Deputy Chief of Naval Personnel's (DEPCHNAVPER) responsibility for controlling assignment of enlisted personnel and fleet commander's responsibility for readiness of activities under their command, three distinct and separate functions of

enlisted distribution management controls were established. These are **allocation control**, **manning control**, and **assignment control**.

(1) **Allocation Control**. Allocation control is the function of allocating available personnel resources to the MCAs, NAVPERSCOM, and or U.S. Fleet Forces. **For USN/Full Time Support (FTS) personnel**, this control is exercised by NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013).

(2) **Manning Control**. Manning control consists of two functions - manning and placement.

(a) **Manning** is the function of determining the quality, quantity, and priority for assignment of personnel to all billets within a composite.

(b) **Placement** is the function of communicating unit personnel vacancies to the assignment control authorities (ACAs) and directing the order in which these vacancies are to be filled.

(3) **Assignment Control** is selecting, detailing, and ordering of particular Sailors to fill requisitions per manning levels and priorities designated by the MCA.

(a) **For USN/FTS personnel**. NAVPERSCOM, Enlisted Distribution Division (PERS-40) is the ACA for all USN/FTS personnel.

(b) **Availability Time Table**. A Sailor becomes available to the ACA for detailing purposes 9 months prior to the Sailor's projected rotation date (PRD), but the ACA cannot move them more than 3 months early or 4 months late without MCA concurrence.

b. **Assignment of an Activity to an MCA**. All activities are assigned to one of two MCAs. All sea commands and commands in direct support of the fleet fall under Commander Fleet Forces Command. All other shore duty relating to training, recruiting, and joint commands remain under Commander Naval Personnel Command.

c. **Availability Time Table**. A Sailor is an asset under the control of the MCA from the time of issuance of orders to an activity under that MCA, until 3 months prior to the Sailor's PRD.

4. Supporting Information Systems

a. To support allocation, manning, and assignment control functions, three automated personnel management information systems have been developed. They are as follows:

(1) **Projection System**, supporting the allocation control function.

(2) **Navy Manning Plan (NMP)**, supporting the manning function.

(3) **Personnel Requisition System**, which supports the placement function.

b. These systems assist personnel managers to allocate total Navy personnel resources to the major composites, apportion available personnel assets among activities within a composite, and measure personnel needs while establishing activity's priorities for the assignment of personnel.

5. Projection System

a. **Functions.** The projection system has two major functions as follows:

(1) **Personnel Strength Projection.** The first function is to predict what the Navy distributable personnel strength will be 9 months in the future. **NOTE:** These predictions are based on the number of personnel already assigned to commands, a survey of Sailors who are under orders to be transferred from one requirement to another, and measurement of personnel available for assignment.

(2) **Personnel Allocation.** The second function is to equitably allocate available personnel assets to each composite.

b. **Distributable Communities.** For distribution purposes, Navy enlisted personnel are assigned to distributable communities. Distributable communities are specified Navy Enlisted Classifications (NECs) or ratings composed of billets. They are also personnel who are on board for duty and not in the Sailors' account as students, transients, patients, prisoners, or holdees who are counted using the assigned rate fields in Exhibit 1, or distribution NEC fields as shown in reference (a).

(1) **Management of Distributable Community.** NAVPERSCOM (PERS-4013) exercises management control over all distributable communities by establishing, maintaining, publishing and controlling the hierarchy of the structure of distributable communities. They analyze and coordinate actions on all recommended changes and implement approved changes to the structure of distributable communities.

(2) **Management by Ratings or NEC.** Normally, personnel assets and billets are managed by ratings; however, because of highly specialized training, certain members and billets are managed by NEC independent of rating. When NAVPERSCOM (PERS-4013) determines that an NEC will be managed as a distributable community, independent of rating, the NEC is designated either "**Closed Loop**" or "**Transitory**." The distinction between these two NEC categories is based on the manner in which personnel are projected for assignment.

(a) **Closed Loop NEC.** The Closed Loop NEC distributable community consists of personnel who are projected and assigned to consecutive tours within that NEC skill area.
NOTE: A Closed Loop NEC distributable community is normally associated with one rating or group of ratings sharing a common occupational skill in which the Sailor has earned a highly specialized talent within Sailor's general rating experience. This Sailor is managed based solely on this NEC skill.

(b) **Transitory NEC.** The Transitory NEC distributable community consists of a variety of ratings sharing a common supplemental skill which may not be generically associated with the Sailor's actual rating.

1. This Sailor is managed by the NEC only during the period in which the Sailor is serving in a requirement requiring that NEC skill. Upon completion of a Transitory NEC tour, the member is reassigned to a requirement within Sailor's primary rating.

2. A complete list of distributable community NECs and ratings is available through the Active Readiness Information System program.

3. All enlisted personnel and billets belong either to an NEC distributable community or a rating distributable community.

4. Rating distributable communities are normally established within both the sea **and** shore composites; however, NEC distributable communities may be established in either the sea composite, shore composite, or both.

5. NECs which are not defined as distributable communities, but which are used to identify **special categories** of personnel assignments, are called **pseudo distributable community NECs**.

6. NAVPERSCOM (PERS-4013) also maintains the pseudo distributable community NEC listing. See Exhibit 2.

c. Billet Structure Subdivision

(1) **Subdivision by Detailing Composites.** Having determined the Sailors and billets which will be managed by rating or NEC, the total Navy billet structure is subdivided into detailing composites.

(a) **Sea or Shore Subdivision.** The first division designates billets as either sea or shore. This sea/shore division indicates whether a billet is counted as sea duty or shore duty for personnel rotation.

1. **Shore Composite.** If an activity has a sea/shore Type Duty Code "1" (CONUS shore duty) or "6" (overseas preferred shore duty), the activity's billets are placed in the **shore composite**.

2. **Sea Composite.** The remainder of the billets (i.e., sea/shore Type Duty Codes "2," "3," and "4") are placed in the **sea composite**.

a. **Sea Composite Subdivisions.** The sea composite is further subdivided into the following:

(1) **Submarine billets.**

(2) **Non-submarine billets.** The non-submarine composite is termed the "sea-surface/air" composite.

(b) **Shore, Sea-Surface/Air, and Sea-Submarine Subdivisions.** The shore, sea-surface/air, and sea-submarine composites are again subdivided into seven pay grades (e.g. pay

grades E-1 through E-3 are considered one pay grade in this division).

(c) **Pay grade Subdivisions.** Finally, each pay grade is subdivided into two MCAs representing the billets for which each MCA has responsibility.

(2) **Strength Projection/Personnel Asset Allocation.** The end result is to project future personnel strength and allocate personnel assets to each MCA by pay grade within the rating or NEC.

6. **Navy Manning Plan (NMP).** Since distributable personnel assets rarely equal manpower requirements, distribution managers are faced with the problem of how best to utilize assets, which are short, or in excess of manpower requirements.

a. **Manning Plan for Distribution of Assets.** Solution of this problem requires a "manning plan" which will determine how shortages and excesses shall be distributed. This plan is termed the NMP. Using the projected level of assets for a composite and the billets authorized (BA) each activity, the NMP determines the most equitable level of manning an activity can expect for each detailing composite.

b. **Normal or Directed Manning Procedures.** The manning plan of a rating is determined under either "**normal**" or "**directed**" manning procedures.

(1) **Normal.** Determination of an activity's NMP under normal procedures indicates the activity plan is representative of its "fair share" of the predicted personnel assets for the MCA and composite.

(2) **Directed.** Directed manning indicates a Chief of Naval Operations (CNO) or MCA's decision to man the activity at a level other than normal manning.

c. **NMP Procedure Determination Rule.** The procedure under which an activity's manning plan has been determined is indicated by the NMP rule displayed per section 5 of reference (a).

(1) A **numeral 1** or **2** as the first digit of the NMP rule indicates the activity's manning plan was determined under directed manning procedures. **NOTE: Numeral 1** indicates manning at a level other than 100 percent and **numeral 2** indicates 100 percent manning of BA.

(2) The **numeral 9** means the activity's manning was determined under normal (fair share) procedures. Since directed manning reflects a CNO or MCA decision, no "fair share" computation techniques are applied to these plans.

(3) Prior to computing a **normal** manning plan, all **directed** manning billets and personnel assets committed to those billets are **subtracted** from the total number of billets and assets allocated to the MCAs.

7. **Personnel Requisition System.** The Projection System predicts the level of personnel assets and provides a base upon which the MCA can build a manning plan to apportion the assets to each activity. Each MCA must communicate their activities' qualitative and quantitative personnel needs to the ACA. This communication is provided by the Personnel Requisition System.

a. Personnel Requisition Functions

(1) Measure activity personnel needs to bring the activity first to its manning plan and second, if assets become available, from manning plan to full BA. These needs are communicated as personnel requisitions.

(2) Communicate to the ACA in what priority sequence personnel are to be assigned to activities to fill their requisitions.

b. Measurement of Personnel Needs. The Personnel Requisition System measures the personnel needs of each activity for the forthcoming 9 months by comparing projected on board assets to the NMP and NMP to BA.

(1) The result of this measurement is a personnel requisition indicating to the ACA the rating or NEC required by the activity and the month in which the Sailor is required on board.

(2) The requisition specifies whether the Sailor is needed to bring the activity to NMP ("N" requisition); BA ("A" requisition); or represents a pay grade imbalance ("P" requisition).

c. Sequence of Assignments - Priority to Certain Activities for Personnel Assignment. The CNO and the MCAs have directed that certain activities be given priority in the assignment of

personnel assets. These priorities are termed **CNO Priority 1 and 2**, and **MCA Priority 3**.

(1) Reference (b) contains a detailed explanation of these priorities, their usage, and how personnel assets are allocated to meet the priorities.

(2) The priority that is assigned to a rating or NEC within an activity is indicated by the second digit of the NMP rule displayed in section 5 of reference (a).

(a) A "0" indicates no priority.

(b) A "1," "2," or "3" indicates a **CNO priority 1 or 2**, and **MCA priority 3**.

(3) Within each priority, the MCAs have further directed that requisitions be arranged in a sequence based on a sum of factors as the date the member is needed (take-up month), the activity's percentage of manning, deployment status, and mission assignment.

(4) The result is an arrangement of all activity requisitions in a priority order, which indicates to the detailee the MCA's desired sequence in which the requisitions are to be filled.

8. **System Dynamics**. The supporting systems for enlisted distribution operate to optimize future assignments considering all personnel transactions that are planned and recorded in the personnel management information system. This information is constantly changing.

a. **Accurate Accounting is Critical**. Correct reflection of an activity's needs in the personnel requisition is completely dependent on timely and accurate personnel and billet accounting. It is extremely important that activities thoroughly review reference (a) and manpower authorization to ensure their accounts are accurate.

b. **Reassignments**. The re-assignment of personnel prior to established PRD adversely impacts unit stability and Sailor morale; therefore, reassignments will not be made solely for the purpose of "leveling" where excesses have been created as a result of advancements.

(1) Efforts to achieve planned levels of NMP will be primarily concentrated on reduction of excesses by normal attrition and assignment of rotating personnel and accessions to NMP vacancies.

(2) Should normal rotation of personnel not satisfy a critical manning situation, reassignments of Sailors prior to their PRD may be required.

(3) Such reassignments shall be kept to a minimum and will be accomplished only upon the direction of NAVPERSCOM (PERS-4013) with approval from the respective MCA.

(4) Reassignment due to decommissioning/inactivation or major billet reductions shall be per MILPERSMAN 1306-1100 procedures.

c. **Operational Readiness is Paramount.** The ACA must issue orders as far in advance as practical when responding to the needs and desires of Sailors. The MCA must continually refine vacancies and priorities in evaluation of ever changing unit readiness. These two goals sometimes operate in opposition to each other; however, the readiness of operational units is paramount. Although the initial assignment decision rests with the ACA, the operational requirements of the MCA will be a primary factor in the process.

9. Inquiries and Correspondence

a. **Point of Contact (POC) for Unit Enlisted Manning.** Since the ACA responds only to deficiencies and priorities identified and directed by the MCAs, activities must ensure that all inquiries and correspondence regarding unit enlisted manning are addressed to NAVPERSCOM (PERS-4013), which performs the placement function as agent for the MCAs.

b. **POC - For Enlisted Personnel Matters that Affect Unit Manning.** Exhibit 3 provides the POC for correspondence concerning enlisted personnel matters that affect unit manning.

1. Policy

a. **Rotation Pattern**

(1) The normal rotation pattern, also referred to as "sea/shore flow," throughout a career is a repetition of assignments at sea and ashore. The type of duty to which a Sailor will be reassigned is dependent upon completion of the sea or shore tour as specified in this article. To the maximum extent possible, initial assignments will be to sea duty afloat upon completion of initial entry training.

(2) This sea/shore flow pattern may be modified in individual cases due to variables such as assignment to duty overseas (either at sea or ashore) or for an entire rating with a billet orientation that is primarily within the continental United States (CONUS) and outside the continental United States.

b. **Discipline/Reassignment/Detachment for Cause**

(1) Nonperformance of duty or "problem personnel" will not be sufficient reason to transfer Sailors in response to command efforts "to get rid of them."

(2) In all cases of detachment for cause, full documentation and a determination of the advisability of separation processing will be made prior to reassignment.

Commander, Navy Personnel Command (NAVPERSCOM) has final approval authority for all enlisted detachments for cause.

c. **Assignment.** Enlisted detailers will adhere to the following policies pertaining to the assignment of enlisted Sailors. Neither race, creed, color, national origin, nor sex (except where stipulated per reference (a)) will be factors in nomination and assignment of Sailors.

(1) **Required Skills.** Sailors' skills must be appropriate for the billet, or training en route will be accomplished when possible.

(2) **Cost Factors.** Permanent change of station (PCS) orders will emphasize minimizing monetary expenditures while maximizing use of personnel skills and qualifications.

(3) **Family Considerations.** When possible, Sailors who have family member(s) in primary or secondary school will transfer during school breaks.

(4) **Equitable Distribution - Activity.** Sailors will be equitably distributed to all activities by experience and skill in proportion to billets authorized (BA) or Navy manning plan. Manning of an activity in excess of authorized billets is not authorized, unless Navy-wide excesses exist in a specific community.

(5) **Equitable Distribution - Personal.** Sailors will be assigned to a variety of duty assignments to gain experience necessary to advance and excel within their rating.

2. **Background**

a. Rotation among sea, shore, and overseas activities is directly influenced by the number of personnel available for assignment, BA, qualifications of Sailors, time on station, and PCS funding. Obligated service (OBLISERV) is required for transfer to a new duty location to provide for both personnel and command manning stability. Using projected authorizations, personnel inventory projections, and historical data sea/shore flow lengths have been developed for all communities.

b. DoD has established overseas tour lengths for all overseas areas where Sailors are stationed, and they generally reflect the desirability of duty in that area.

c. Tour lengths applied to the sea duty commencement date, shore duty commencement date, or date of departure from CONUS determine a Sailor's projected rotation date (PRD). The PRD is a planning date and reassignment may occur at other than the PRD due to needs of the Navy.

3. **Orders Negotiation.** The orders negotiation window is defined as the **9 to 7 month** period prior to the first day of a Sailor's PRD month per reference (b).

a. Early engagement prior to the negotiation window by the command retention team (to evaluate a Sailor's career aspirations and requirements) is highly encouraged.

b. At **9 months** prior to PRD, Sailors may begin negotiating with detailers and applying for jobs via **Career Management System/Interactive Detailing**.

c. Sailors who fail to negotiate orders upon reaching the **6-month** mark prior to PRD will be considered for a "Needs of the Navy" assignment and will be issued priority manning control authority (MCA) orders.

4. **Transfers Necessitated by or Restricted as a Result of Civil Involvement or Military Disciplinary Action.** When a Sailor commits or is accused of committing a civil or military offense which necessitates the Sailor's continued presence in the area for the purpose of civil or military hearings, trials, etc.; the Sailor will not normally be reassigned from the area.

a. For purposes of this article only, the following circumstances constitute reassignment:

(1) Transfer to a new duty station.

(2) Expiration of temporary additional duty (TEMADD) orders from a parent activity away from the area which would require the Sailor's return to the parent activity's locale. In circumstances involving military offenses only, returning to parent activity for disciplinary action may be appropriate.

(3) If a Sailor is attached to a mobile activity (e.g., ship, squadron, etc.), departure of the activity from the area.

b. Requests for disposition instruction in all such cases will be forwarded via the chain of command to NAVPERSCOM, Enlisted Distribution Division (PERS-40).

c. Requests for professional apprentice (E, A, S PACT) personnel will be addressed to NAVPERSCOM, Shore Special Programs Assignment Section (PERS-4010).

d. Requests must include details of the circumstances surrounding the case and recommended course of action.

5. **Sea and Shore Tour Lengths and Variations.** The length of tours at sea and ashore for each rating depends primarily on the ratio of shore billets to sea billets. Every effort is made to achieve the Chief of Naval Operations goal of a **3-year-sea/3-year-shore** rotation pattern.

a. The minimum tour at sea is **3 years**; the maximum is **5 years**.

b. Tour lengths are published by naval administrative messages.

6. **Sea Intensive Ratings**

a. A sea intensive rating is defined as a rating that has a sea/shore flow of 48/36 or greater.

b. Sea/shore flow ratios of 47/36 or 48/37 are not classified as sea intensive.

7. **Sea/Shore Flow**

a. Changes in sea/shore flow will be implemented so that Sailors within **6 months** of PRD will not be affected.

b. If a tour length is decreased, Sailors whose PRDs fall in the next fiscal year will remain in that fiscal year.

8. **Cross-Decking.** Cross-decking is the permanent reassignment of Sailors prior to PRD for the purpose of improving manning in critical skill areas and must be approved by the cognizant MCA.

a. Cross-decking is a last resort action when manning deficiencies cannot be resolved through the normal assignment process.

b. PCS costs will be considered when cross-decking and the use of Sailors already in the same homeport will be maximized.

c. A minimum period of **6 months** between deployments is required for Sailors who are cross-decked from one ship or squadron to another (except for assignments to SSBN/SSGNs).

d. Due to the unique nature of Ship, Submersible Ballistic Nuclear (SSBN)/Ship, Submersible Guided Nuclear (SSGN) operations; a minimum period of **30 days** in an off-crew status is required for Sailors who are cross-decked from an SSBN/SSGN to another submarine.

e. Sailors who volunteer may be reassigned earlier than the **6-month** period between deployments.

f. Sailors should have a minimum of **7 months** OBLISERV remaining, except when the proposed transfer is a cost transfer outside the same homeport/corporate limits, in which case the Sailor should have a minimum of **24 months** OBLISERV remaining.

g. Based on readiness requirements, the cognizant MCA may (with an approved NAVPERSCOM waiver) authorize cross-decks from new construction ships (after commissioning) prior to the Sailor completing 24 months on board.

9. **Diverts**. Diverts are order modifications of Sailors due to higher priority requirements. Diverts must have MCA concurrence.

10. **TEMADD Assignments**. TEMADD is a short-term additional duty assignment directed and executed by the type commander, as authorized by the appropriate MCA. The TEMADD assignments are normally between units of a similar type duty.

11. **Partial Sea Duty Credit Compensation for TEMADD Periods Spent at Sea while Attached to Shore**. Sailors who are assigned to an activity classified as shore duty (i.e., sea/shore type duty code "1" or "6") and are directed by higher authority to perform TEMADD **on board** an activity classified as sea duty

(i.e., Sea/Shore Type Duty Code "2" and "4") may request compensation in the form of partial sea duty credit from NAVPERSCOM, Distribution Management and Procedures Branch (PERS-451).

a. TEMADD from Type Duty Code "1" or "6" to Type Duty Code "2" and "4." Sailors may request extension of current PRD or reduction of Prescribed Sea Tour (PST) upon return to sea duty. **Each** occurrence must meet the "days away" requirement based on the adjustment scale below. Sailors under orders at time of request will have their PST reduced for the TEMADD period **at sea**.

b. Partial sea duty credit may be authorized on a case-by-case basis under certain circumstances by NAVPERSCOM (PERS-451) for TEMADD assignment to a sea duty activity. Sea duty must be classified as Type Duty Code "3" or permanent assignment to a unit that requires Sailors to be on board a Type Duty Code "2" or "4" command while at sea, depending on but not limited to such factors as the type of mission, environment, and conditions under which the mission is performed. Requests from Sailors permanently assigned to units that require duty on board vessels while at sea (e.g., Afloat Training Group) must include actual day-by-day accounting of time spent on board while at sea in lieu of TEMADD orders.

DAYS AWAY	CREDIT MONTHS
1-30	0
31-60	1
61-90	2
91-120	3
121-150	4
151-180	5
181-210	6
211-240, etc.	7

c. Each request must indicate the Sailor's choice of current PRD extension or reduction of PST. The following substantiating documents are required:

(1) TEMADD orders detailing exact "from" and "to" dates.

(2) A letter signed by the Sailor's Commanding Officer ("By direction" not authorized) showing number of days actually

on board a command classified as Type Duty Code "2" or "4" sea duty.

d. Certified copies of TEMADD orders must show the **exact** departure and return dates, also the time onboard a command classified as Type Duty Code "2" or "4" sea duty for the days to count. Sailor must have reported onboard a command classified as Type Duty Code "2" or "4" sea duty for the time to be credited as sea duty.

e. Sailors will not normally receive sea duty credit if they are on full per diem (i.e., messing **or** berthing out in town).

f. Forward requests for PRD extension on shore duty to the Sailor's detailer with supporting documentation indicated above.

g. Forward requests for PST reduction to the Sailor's detailer with supporting documentation as indicated above.

12. **Pregnancy Assignments.** Sailors who become pregnant while assigned to sea duty will be transferred to shore duty prior to their 20th week of pregnancy. Sailors will be transferred to shore duty for the duration of the pregnancy and 12 months post delivery per references (c) and (d).

13. **Limited Duty (LIMDU) Assignments.** Sailors who become sick or injured while assigned to sea duty will be transferred to a servicing Transient Personnel Unit (TPU) until an Abbreviated Medical Review Board is completed. TPU will submit a YH availability report to NAVPERSCOM, Transient Prisoners Patients and Holdees Division (PERS-4013C1), which will make the LIMDU assignment as per MILPERSMAN 1306-1202.

MILPERSMAN 1306-102

TYPE DUTY ASSIGNMENT CODES

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN COM FAX	882-4186 (901) 874-4186 882-2693
---------------------------	--------------------------	--------	-------------------	--

References	(a) OPNAVINST 1300.15A (b) OPNAVNOTE 5400 (Standard Naval Distribution List (SNDL))
-------------------	--

1. **Type Duty Classification Codes.** Five types of duty designations or "types" are used to identify commands for establishment of sea/shore rotation. Each of these types of duty is credited as sea or shore duty for rotation purposes.

a. The types of duty are reflected in each command's Enlisted Distribution and Verification Report (EDVR) as a sea/shore code (SSC).

b. These codes are assigned and, when required, changed by Navy Personnel Command (NAVPERSCOM), Distribution Department (PERS-4).

c. To determine Type Duty Codes, the following criteria applies:

(1) **Shore Duty (Sea/Shore Type Duty Code "1"):**

(a) Duty performed in United States (U.S.) (including Hawaii and Anchorage, Alaska) land-based activities where members are not required to be absent from the corporate limits of their duty station in excess of 150 days per year.

(b) Long term schooling of 18 or more months.

(2) **Sea Duty (Sea/Shore Type Duty Code "2"):**

(a) Duty performed in commissioned vessels and deployable squadrons homeported in the U.S. (including Hawaii and Alaska).

(b) U.S. land-based activities and embarked staffs, which require members to operate away from their duty station in excess of 150 days per year.

(3) **Overseas Remote Land-based Sea Duty (Sea/Shore Type Duty Code "3"):** Duty performed in a land-based activity, which does not require members to be absent more than 150 days per year, but is credited as sea duty for rotational purposes only due to the relative undesirability of the geographic area.

(4) **Overseas Sea Duty (Sea/Shore Type Duty Code "4"):**

(a) Duty performed in commissioned vessels and deployable squadrons homeported overseas.

(b) Overseas land-based activities and embarked staffs, which require members to operate away from their duty station in excess of 150 days per year.

(5) **Overseas Shore Duty (Sea/Shore Type Duty Code "6"):** Duty performed in overseas land-based activities, which are credited as shore duty for rotational purposes. Members are not required to be absent from corporate limits of their duty station in excess of 150 days per year.

2. **Type Duty Redesignation.** When the mission, functions, or the relative desirability of the location of an activity changes, it may be appropriate to submit a request for change in Type Duty Code as described below. Periodic reviews of type duty designations will be requested to ensure compliance with the criteria established in para. 1.

a. Submit the request to NAVPERSCOM, Distribution Management and Procedures Branch (PERS-451) via the appropriate chain of command.

b. The appropriate immediate superior in the chain of command (ISIC) and manpower claimant must endorse all requests. Requests will be returned without action if not accompanied by the proper endorsements.

c. Minimum supporting documentation must include the following:

(1) Mission description.

(2) Individual personnel TEMPO (ITEMPO) concerns.

(3) For Sea/Shore Type Duty Code "3" requests, completed Tour Site Survey Data Sheet (included in reference (a)).

(4) Tabulation of number of days away from parent command during the last 2 years (6 months for newly established commands), using the format below.

NOTE: Divide number of days away by the total number of billet incumbent(s). 24 hours = 1 day.

SAMPLE FORMAT:

UIC: 01234

From: 1 October 2003

To: 1 October 2004

BSC	AUTH BILLETS	#PERS ASSIGNED	#DAYS AWAY
0010-PNC	1	1	150
0020-YNCR	1	1	160
0030-SK1	1	0	0
TOTAL	3	2	310

$310/2 = 155$

3. Type Duty Designation for Remote Land-Based Sea Duty.

Relative desirability of a geographic area will be considered when establishing type duty designation for remote tours and for Navy billets assigned to non-DOD activities.

a. Requests must be submitted using reference (a) Tour Site Survey Data Sheet in addition to the guidelines established in para. 2.

b. When two or more activities are in the same geographic area, the area coordinator (OPNAVNOTE 5400, part 2 section 4) is responsible for submitting a coordinated request.

c. The Tour Site Survey must include general information on the activity, population, geographic location, climate, housing, medical and dental support, education support, support services, transportation, social customs, and sociopolitical conditions.

MILPERSMAN 1306-104

PROJECTED ROTATION DATE (PRD)

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN COM FAX	882-4185 (901) 874-4185 882-2693
---------------------------	--------------------------	--------	-------------------	--

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone: Toll Free	1-866-U ASK NPC
------------------------------------	------------------	-----------------

Reference	(a) CNO Washington DC 031833Z Dec 12 (NAVADMIN 361/12)
------------------	---

1. **Policy**. A projected rotation date (PRD) for a member's next tour is established when assignment orders are written. This PRD is based on a member's pay grade or projected pay grade (in the case of selects) at the time orders are written, and the community in which member will serve at the new duty station. There is no requirement to move members at their PRD, unless they are completing a required Department of Defense (DoD) tour overseas, or they have served the maximum amount of consecutive sea duty. The following applies:

a. Once established, PRDs may or may not be affected by advancement or reduction in rate.

b. A PRD will not normally be changed once established, unless there is a change made to the current sea/shore flow enlisted career path outlined in reference (a).

c. Navy Personnel Command (NAVPERSCOM), Career Management Department (PERS-4) is authorized to adjust a PRD to that of the senior pay grade for members who are advanced in grade during their current tour.

d. Decisions to adjust a PRD will be based on overall manning within the command, projection of future assets to fill to the new PRD, and most importantly, to enhance the career development of the incumbent at the new pay grade.

2. **Establishing PRDs**. PRD determinations are based upon the following guidelines:

- a. Distribution rates and Navy enlisted classification;
- b. Spouse co-location tours, which are typically aligned with the member going to sea duty;
- c. DoD area tours;
- d. PRD is determined without regard to obligated service (OBLISERV), except for overseas tours;
- e. PRDs will be established to reflect an accompanied tour for members with primary family members, or the all others tour for members who elect an unaccompanied tour;
- f. PRDs are established as follows:
 - (1) **Continental United States (CONUS)** - Month member reports to new duty station.
 - (2) **Outside continental United States** - Month member departs CONUS.
 - (3) **Sea Duty (Type 2)** - Based on full prescribed sea tour (PST) and sea shore flow enlisted career path outlined in reference (a).
- g. For first-term members, see MILPERSMAN 1306-126.

3. **Recording PRDs**. When assignment orders are written, the PRD will be reflected in the ultimate activity's Enlisted Distribution and Verification Report (EDVR).

4. **PRD Verification**. PRD verification is the responsibility of both the transferring and receiving activities. Tour length options available to the member, whether made before transfer or after being received aboard the new duty station, directly affect the PRD; therefore, it is essential that all such decisions be reported immediately by the transferring command or within 90 days after the member reports for duty by the receiving command. Reports shall be submitted to the cognizant assignment control authority, including circumstances and a recommended PRD.

a. PRDs will be verified in conjunction with service record and EDVR verification. If a PRD has not been assigned or appears erroneous, submit a PRD adjustment request.

b. A certified copy of NAVPERS 1070/605 History of Assignments will be forwarded to the appropriate detailer. NAVPERS 1070/605 may be accessed via the following link provided: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

5. **PRD Adjustment/Change**

a. PRDs cannot be changed by personnel diary entry.

b. NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013) will continue to process requests for submarine-designated 1 and 2 members.

c. All inquiries for Professional Apprentice Career Track SN/AN/FN will be addressed to NAVPERSCOM, Shore Special Programs Branch (PERS-4010).

d. PRD inquiries for situations not listed above will be addressed to the appropriate NAVPERSCOM code.

e. Requests for PRD adjustment for the following reasons will be addressed to the NAVPERSCOM (PERS-4013) contact listed on command's EDVR:

(1) Enlisted Manning Inquiry Report for a careerist indicating intention not to reenlist at expiration of active obligated service;

(2) Discrepancies found by NAVPERSCOM (PERS-4013) placement coordinators when staffing pre-deployment Personnel Manning Report or EDVR; and

(3) Members assigned to new construction or transitioning units.

f. Requests for adjustments of overseas tour PRDs shall be submitted by letter to NAVPERSCOM (applicable detailer). Such requests must contain sufficient information to facilitate an accurate determination. Examples of situations in which PRDs require adjustments:

- (1) Correction of erroneous PRDs;
- (2) Members reporting without family members, with movement of family members subsequently authorized;
- (3) Family members arriving in a "tourist status," or newly acquired family members who subsequently become "command sponsored" family members;
- (4) Return of family members not at the option of member, or as a result of misconduct; or
- (5) Member voluntarily elects to serve accompanied tour.

6. **PRD Detailing Window.** Detailers may issue orders directing transfer up to 6 months prior to PRD, and up to 6 months after the established PRD. This PRD detailing window provides flexibility for an individual in negotiating orders, and for the detailer to accommodate duty preferences while meeting enroute-training requirements. It also provides a larger pool of members to match to requirements, improving fleet readiness by reducing billet gaps of key positions at sea and correcting sea/shore imbalances in some ratings.

7. **Special Procedures for PRD Management of Advanced Electronic Field (AEF) Program Members.** AEF Program members may be assigned to sea after completion of "A" School for a period of 18 months to gain at-sea experience prior to assignment to their guaranteed advanced training.

a. PRDs for these members are phased to ensure that sufficient members return to training to fill established "C" School quotas.

b. Consideration for adjustment of these PRDs will be given on a case basis (e.g., to complete a cruise, complete submarine qualifications) contingent upon favorable endorsement by the command and no resulting vacant "C" School seat.

8. **PRD Adjustments/Order Modifications to Accommodate Delivery Dates for Family Member's Child (Baby Holds).** On a case-by-case basis, requests for PRD adjustments/modification of orders will be considered, and normally approved, to preclude family members' travel within 6 weeks on either side of estimated delivery date.

a. If special circumstances warrant, extensions beyond 6 weeks may be granted. A doctor's statement is not required by NAVPERSCOM; however, command approval shall be based on locally available documentation.

b. Unless otherwise directed, message request shall be submitted to NAVPERSCOM (info all concerned), and provide estimated delivery date in addition to any substantiating information.

9. **Broken Service**. Members separated from naval service while serving on sea duty, and subsequently returned to active duty within 90 days or within 6 months of separation (if assigned RE-R1 reenlistment code) will be assigned as follows:

a. **Zero to Six Months Remaining on PST** - Assigned to shore duty.

b. **Seven Months or More Remaining on PST** - Assigned to sea duty for a period of 12 months or the completion of PST, whichever is greater.

c. For members serving ashore and electing to be separated from active duty, their shore tour will be considered completed, regardless of the amount of time remaining on their normal shore tour. In the event such members later reenlist, they will normally be reassigned to sea duty.

MILPERSMAN 1306-106

TIME ON STATION (TOS) AND RETAINABILITY/OBLIGATED SERVICE (OBLISERV)

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN COM FAX	882-4185 (901) 874-4185 882-2693
---------------------------	--------------------------	--------	-------------------	--

References	(a) DODI 1315.18 of 12 Jan 2005 (b) Joint Federal Travel Regulations, Volume 1, Appendix Q (c) DODD 1100.4 of 12 Feb 05 (Guidance for Manpower Management)
-------------------	--

Exhibit	1. Personnel Arrival without OBLISERV Report
----------------	--

1. **Purpose.** When considering members for permanent change of station (PCS) transfer, time on station (TOS) and retainability prescribed by reference (a) and this article must be reviewed.

2. **Policy**

a. The following general policies apply to the assignment and reassignment of members unless exempted by other articles, or Navy Personnel Command (NAVPERSCOM) specifically approves a waiver. Authority to deviate from these policies rests with NAVPERSCOM.

b. Low cost move (LCM) is a PCS move for which the total expected cost, including the member's travel and transportation allowances and dislocation allowance (DLA), if applicable, does not exceed \$1,000.00. LCMs are not curtailments and do not require general or flag officer waivers of TOS that are required for other moves. It is not necessary to adjust the member's original tour completion date, nor for the member to have retainability beyond the original tour completion date.

3. **TOS Requirement for Reassignment.** TOS is the minimum amount of time a member is required to spend in the same geographic area in the continental United States (U.S.) (CONUS), overseas or at sea before executing a PCS transfer. Transfer within the

same geographic area is considered to be a PCS move for which the total cost, including the member's travel and transportation allowances and DLA does not exceed \$1000.00.

a. TOS requirement is established to enhance operational readiness by stabilizing members in units, to help reduce PCS costs and improve the quality of life by reducing personal and/or family turbulence.

b. When all other factors are equal, TOS is the primary consideration in selecting members for reassignment.

c. TOS requirement for all assignments within or from CONUS is 36 months, or the applicable (unaccompanied or accompanied) Department of Defense (DOD) area tour for overseas locations listed in reference (b), and may be satisfied by one or more tours within the same geographic location. For example:

(1) A PCS transfer before completing a 36-month tour from a command in Norfolk, VA to a command in Little Creek, VA would not break the TOS requirement because the commands are in the same geographic area (approximately 12 miles apart). A transfer from Arlington, VA to Norfolk, VA before completing 36 months on board would break TOS because the areas are not considered to be in the same geographic region (approximately 193 miles apart).

(2) A PCS transfer within the same overseas geographic area before completing the required DOD Area Tour would not break TOS, or create the requirement to restart a new DOD area tour at the new command. Care must be taken, however, to consider the loss of Consecutive Overseas Tour (COT)/In-place Consecutive Overseas Tour (IPCOT) entitlement if less than the equivalent of two back-to-back unaccompanied tours is completed.

d. TOS in CONUS is computed from the month of arrival to the month of departure, inclusive. TOS overseas is computed from the date of departure from CONUS to the date of return to CONUS.

e. Members may be reassigned before completing the minimum TOS requirement under certain circumstances. Waivers of TOS requirements may be granted on a case-by-case basis by NAVPERSCOM.

f. In the case of two PCS transfers within the same fiscal year, a Secretary of the Navy Finding (SECNAVFIND) may be required for payment of a second dislocation allowance (DLA). See MILPERSMAN 1300-400.

g. Authorized exceptions (TOS waiver not required) to TOS requirements are as follows:

(1) Reassigned to an overseas or sea tour.

(2) Members in sea-intensive (48/36 sea/shore rotation or greater) rates are assigned from shore to sea duty. Requires 24-months TOS prior to transfer.

(3) Members are accessed, reassigned to a different duty station for initial skill training or are separated.

(4) Members are reassigned to a different duty station for training or educational purposes.

(5) Members are reassigned due to major weapon-system change or unit conversion (e.g., change of one type of aircraft to another). Does not include replacement of members selected for new systems or unit.

(6) Members are permitted the option to retrain into a new specialty and location in conjunction with reenlistment. Requires 12-months TOS prior to transfer.

(7) Members are permitted the option to select another location in conjunction with an established program to keep military couples together (spouse co-location). Requires 12-months TOS prior to transfer.

(8) Members are assigned to the Office of the Secretary Defense (OSD), Joint Chiefs of Staff (JCS), or defense agency where tenure is limited by statute or the provisions of reference (a) to a shorter tour.

(9) Members are serving under reference (c), which prescribes different assignments for management positions in the support activities.

(10) Members are reassigned under the Exceptional Family Member Program (EFMP) or for humanitarian reasons (HUMS).

(11) Members are reassigned to a different duty station in preparation for a unit deployment/move.

(12) Members being considered for reassignment are first-termers.

(13) Members in professional skills, such as doctors and lawyers, serving in assignments designated by Secretary of the Navy (SECNAV) for the purpose of validating professional credentials or for developing expertise in selected specialized skills before being assigned to independent duty without supervision.

(14) Members are disqualified for duty as a result of loss of security clearance, professional certification, nuclear certification, or medical qualification to perform, if no vacant billet exists within the limits of the same geographic location in which the member may serve pending re-qualification or re-certification.

(15) Members are reassigned as prisoners including assignments to and from confinement or reassigned for the purpose of standing trial.

(16) Members are reassigned from patient status.

(17) Members are curtailed for the purpose of traveling outside of the travel restriction for pregnancy of the member or spouse, or reassigned for the purpose of receiving adequate medical care, including curtailments of female members from unaccompanied tours because of the lack of adequate obstetric care.

(18) Members are involved in incidents that cause serious adverse publicity or embarrassment for the U.S. Government, that may jeopardize the mission, or that indicate the member is a potential defector.

(19) Members or their dependents are threatened with bodily harm or death and circumstances are such that military and civilian authorities are unable to provide for their continued safety. Appropriate investigative agencies (e.g., Navy Criminal Investigative Service (NCIS) and Office of the Judge Advocate General (JAG)) must verify the threats and circumstances.

(20) Members complete or are eliminated from a training or education program.

(21) Members are reassigned on a LCM as defined in para. 3 above.

(22) Secretary of Defense (SECDEF) waives completion of a full tour of duty in a joint assignment, and the action would otherwise require a waiver of a TOS requirement

(23) Members are rendered in excess due to the following:

(a) Unit inactivation

(b) Base closure or consolidation

(c) Organization or staffing changes

(d) Reclassification or other actions changing the occupational specialty or skill designator of a member.

(e) Disqualification for duty as a result of loss of security clearance, professional certification, nuclear certification, or medical qualification to perform, or relief from duty for cause.

(f) Promotion to O-6 or E-9

4. **Retainability/Obligated Service (OBLISERV) Requirements for Reassignment.** Retainability is the minimum amount of active OBLISERV a member must have upon arrival at a new duty station after a PCS transfer, both in CONUS and overseas. For members executing a LCM, additional retainability beyond the original tour completion date is not necessary.

a. OBLISERV is required before reassignment to ensure members complete the prescribed tour. Waivers of OBLISERV requirements may be granted on a case-by-case basis by NAVPERSCOM.

b. Members shall not be transferred from their present duty station without obtaining the required OBLISERV for the prescribed tour.

c. The transferring command is required to obtain the applicable OBLISERV, or report non-compliance via naval message to COMNAVPERSCOM within 30 days of receipt of PCS orders. If PCS orders do not specify any required OBLISERV, the minimum standards listed in this article will apply.

d. OBLISERV will be acquired by reenlistment or extension of enlistment. For members who could suffer possible monetary loss (Selective Reenlistment Bonus (SRB)/Enlistment Bonus (EB) entitlement), see paras. 4g and 4h below.

e. Early SRB reenlistment/extension can be granted for personnel in receipt of PCS orders to meet the OBLISERV requirement (see the latest SRB NAVADMIN message).

f. The following requirements are minimums only. Additional OBLISERV may be required for special programs or schools. Fleet Reserve eligible personnel must comply with MILPERSMAN 1830-040.

TRANSFER FROM	TRANSFER TO	OBLISERV
CONUS Shore or Sea	CONUS Shore Duty	2 Years
CONUS Shore	CONUS Sea Duty	1 Year
Anywhere	OVERSEAS Sea or Shore Duty	DOD Area Tour
Overseas	CONUS Sea or Shore Duty	1 Year

g. If reenlistment and/or obtainment of OBLISERV within 30 days of receipt of PCS orders would cause potential monetary loss, and the servicemember is not qualified to participate in the OBLISERV to train (OTT) program, commands/Personnel Support Activity Detachments (PERSUPP DETs), are authorized to use a combination of extension(s) and/or NAVPERS 1070/613 (7-06), Administrative Remarks entry in lieu of all hard OBLISERV.

h. Two extensions may be used if needed per MILPERSMAN 1160-040, para. 4f. One conditional extension to extend the servicemember's expiration of active obligated service (EAOS) past graduation date from a school which will result in an SRB qualifying Navy Enlisted Classification (NEC) being earned, and a second extension for the maximum allowable period that can be cancelled with no SRB loss will be done to get as much up-front hard OBLISERV for the Navy with no loss of SRB for the servicemember.

i. Information on the maximum allowable period to cancel inoperative extension(s) upon reenlistment with no SRB loss (currently 24 months), the required length of the reenlistment and the OTT program can be found in the latest SRB NAVADMIN message, available at <http://www.npc.navy.mil/ReferenceLibrary/Messages/>.

(1) If using the maximum allowable (cancelable) extension period possible will not satisfy the OBLISERV required on the PCS orders, commands/PSDs are authorized to use a NAVPERS 1070/613 entry in lieu of hard OBLISERV for periods **not to exceed 12 months**. NAVPERS 1070/613 entries are not authorized for assignments listed in paragraph 4j below.

(2) To calculate total OBLISERV required, subtract member's current EAOS (month and year) from the OBLISERV required on the PCS orders. To determine extension length for school or other SRB qualifying event (if applicable), subtract member's EAOS from school graduation (or other event) date.

(3) **For example:** Member has orders for transfer in May 03 with an SRB qualifying school in route to the ultimate command. Member's EAOS is 25 May 03, school graduation date is 14 Sep 03, and required OBLISERV on the orders is Nov 05. Total OBLISERV required is 30 months (05-11 minus 03-05). The member needs a 4-month extension (which will go operative) to get past school graduation date (03-09-14 minus 03-05-25), leaving 26 months of OBLISERV needed. A second extension for 24 months (current maximum the member can cancel with no SRB loss) is done to get maximum up-front hard OBLISERV for Navy. The member will cancel this second extension after graduation from school). This brings the total hard OBLISERV obtained by the two extensions to 28 months. A NAVPERS 1070/613 entry for 2 months of OBLISERV is used to obtain the remaining OBLISERV and bring the total to the required 30 months. **Or:**

EAOS = 25 May 2003 (03-05-25)
REQUIRED OBLISERV = Nov 2005 (05-11)
GRAD DATE = 14 Sep 2003 (03-09-14)

05-11	03-09-14	30	26
-03-05	-03-05-25	-4	-24
02-06 = 30 months	00-03-19 = 4 months	26 months	02

months

Final result: 4-month extension + 24-month extension + 2-month NAVPERS 1070/613 entry = 30 months.

Sample NAVPERS 1070/613 entry:

(Date): In consideration of assignment to _____, being unable at this time to incur additional obligated active service without potential monetary loss, I agree to an active duty obligation for ____ months to gain the total OBLISERV required by BUPERS Order #_____ until _____ (month/year). I agree to reenlist/extend when eligible for a period of ____ years, and understand that if I do not reenlist, I will not be eligible for any SRB/EB award, and these orders may be cancelled. This NAVPERS 1070/613 agreement is not valid for transfer to any overseas area, including Hawaii and Alaska.

j. NAVPERS 1070/613s in lieu of hard OBLISERV for periods over 12 months are not authorized without written approval from NAVPERSCOM, Distribution Management and Procedures Branch (PERS-451). Waivers of the 30-day requirement to obtain OBLISERV and/or use of NAVPERS 1070/613 entries for periods of more than 12 months may be requested from NAVPERSCOM (PERS-451) by

- E-Mail to pers451@navy.mil,
- naval message,
- letter, or
- facsimile (FAX) to DSN 822-2693;

E-Mail preferred. OBLISERV requirements will only be satisfied by reenlistment or extension and **not** by NAVPERS 1070/613 entries for the following:

(1) Transfer to overseas duty (land-based or afloat).
A NAVPERS 1070/613 in lieu of reenlistment or extension may be used up to the date of departure from CONUS.

(2) Initial enlistment school assignment programs.
School guarantee, occupational specialty, nuclear field, advanced electronics field, programmed school input, non-school enlistee in recruit training, and obligating for school assignment.

(3) Selective Training and Reenlistment (STAR) program.

(4) Some "A" and "C" Schools and factory/contractor training.

(5) Advancement to E-7, E-8, or E-9.

(6) Accelerated advancement program.

(7) Assignment to school as a reenlistment incentive per MILPERSMAN 1306-1000 through 1306-1006.

(8) Assignment to Navy/Marine Corps Intranet (NMCI) Network Operations Center (NOC) per MILPERSMAN 1306-967.

k. Activities receiving personnel with insufficient OBLISERV shall report OBLISERV violations via a **Personnel Arrival without OBLISERV Report** message (Exhibit 1) to transferring command; info the transferring command's immediate superior in command (ISIC), COMNAVPERSCOM (appropriate detailer and PERS-451), and cognizant manning control authority (MCA).

NOTE: The purpose of this monitoring effort is to eliminate the negative impact on unit readiness that results from short tours and to preclude the expenditure of PCS funds for less than prescribed tour lengths.

5. **Personnel Approaching Fleet Reserve/Retirement Eligibility.**
Personnel who have completed 17 or more years active duty, in addition to OBLISERV requirements, must sign a NAVPERS 1070/613 entry in their service record agreeing to remain on active duty for the period of time required to complete the applicable tour prescribed for the overseas area to which assigned.

a. Transfer to the Fleet Reserve or Retired List will not normally be authorized prior to completion of the prescribed overseas tour.

b. Personnel approaching retirement eligibility are cautioned the requirement to complete the applicable tour for the overseas area may disallow their eligibility to request a twilight tour.

MILPERSMAN 1306-108

ENLISTED MANNING INQUIRY REPORT (EMIR)

Responsible Office	NAVPERSCOM (PERS-4013)	Phone: COM FAX	(901) 874-4360 874-4360
---------------------------	---------------------------	-------------------	----------------------------

1. **Purpose**. This article establishes a Navy-wide Enlisted Manning Inquiry Report (EMIR) for personnel shortages having a significant effect on unit readiness.

2. **Policy**

a. All activities, except submarines and submarine support staffs, will submit an EMIR message report to Navy Personnel Command (NAVPERSCOM), Enlisted Personnel Readiness and Support Branch (PERS-4013) in the format of Exhibit 1 on the occasion of an enlisted personnel manning concern meeting the criteria outlined in this article.

b. NAVPERSCOM (PERS-4013) serves as the manning control authority (MCA) agent for the following:

(1) Commander, U.S. Fleet Force Command (COMUSFLTFORCOM)

(2) Commander, Navy Personnel Command (COMNAVPERSCOM)

c. NAVPERSCOM (PERS-4013) evaluates the manning status and generates appropriate enlisted personnel requisitions to meet manpower requirements of all Navy activities, per policies established by the two MCAs, using personnel information available in the Enlisted Distribution Verification Report (EDVR), the Navy manning plan (NMP), Navy Personnel Command (NAVPERSCOM) personnel projection, and various other enlisted manning reports.

d. NAVPERSCOM (PERS-4013) is cognizant of the projected enlisted personnel gains and losses to an activity through use of the foregoing reports, and this information is compared to each activity's billet authorization and NMP to determine the appropriate enlisted personnel requisitions to be submitted to the assignment control authority (ACA).

3. Applicability

a. The EMIR is applicable to all Navy activities with enlisted billets authorized, except submarines and submarine support staffs.

b. Submarines and submarine support staffs, sea and shore, will report personnel deficiencies per fleet and force commanders' directives.

4. EMIR Procedures. The following procedures are applicable to the EMIR:

a. **Shortage Notification and Criteria.** The EMIR notifies NAVPERSCOM (PERS-4013) of a unit's concern regarding significant enlisted personnel shortages. To qualify for submission of an EMIR, the personnel shortage should meet one of the following criteria:

(1) **Manning.** Current on board (COB) manning or projected on board (POB) manning in the applicable rating or closed loop/transitory Navy Enlisted Classification (NEC) code is below NMP or billets authorized (BA), whichever is less.

(2) **Category.** Shortage is in one of the following categories:

(a) Careerist not reenlisting.

(b) Personnel being administratively separated.

(c) Death.

(d) Humanitarian reassignment.

(e) Non-volunteers removed from duty involved with flying, diving, explosive ordnance disposal (EOD), disquals, pregnancy, HIV, etc. (Immed Avails)

(3) **Readiness.** In the opinion of the commanding officer (CO), the personnel shortage has a significant effect on unit readiness.

b. **EMIR Limitation.** The EMIR is not to be used to report general manning problems in the activity, or for reporting

unplanned loss of personnel who do not have a significant effect on unit readiness.

c. **EMIR Submission**

(1) Do not submit an EMIR until the member is a permanent loss from the activity. The appropriate loss entry must be submitted via the

- Diary Message Reporting System (DMRS),
- Source Data System (SDS), or
- Navy Standard Integrated Personnel System (NSIPS)

to initiate appropriate personnel requisition action.

(2) During minimize submit reports by message (minimize considered) utilizing format outlined in Exhibit 1.

d. **NAVPERSCOM (PERS-4013) Acknowledgement.** Receipt of all manning inquiries will be acknowledged by NAVPERSCOM (PERS-4013). Such acknowledgement will contain a statement of the requisition status including a requisition fill date projected 5 months out (POB5) and will be based on the best information available at that time.

e. **Assignment of Replacement.** The actual assignment of a replacement is subject to the availability of personnel assets and will be consistent with established MCA manning priorities.

ENLISTED MANNING INQUIRY REPORT (EMIR) MESSAGE FORMAT

Classification: Normally UNCLAS unless classification is dictated by report content.

Report Control Symbol: BUPERS 1306-2.

Subject: ENLISTED MANNING INQUIRY REPORT (EMIR) UIC _____.
(The activity unit identification code (UIC) is displayed in block 2 of the EDVR.)

Message Items:

Item	Definition
ALPHA	Rate of manning concern, i.e., SM manning.
BRAVO	This item is to reflect the rate or closed loop/transitory NEC manning requirements as shown in the command's latest EDVR (columns 1 through 4) and actual current on board (ACOB) as computed locally (column 5); and projected on board (known gains and losses to the command) at POB4 and POB9 (columns 6 and 7) shown in the command's EDVR.
CHARLIE	A brief explanation of each difference occurring between the figures in columns (4) and (5) (COB compared to ACOB) of item BRAVO. If this EMIR is submitted because of a recent personnel loss, include the member's name, last 4 digits of SSN and Diary Message Reporting System (DMRS), Source Data System (SDS), or Navy Standard Integrated Personnel System (NSIPS) loss entry or other references (i.e., desertion reports, casualty reports, immediate availabilities, etc.).
DELTA	Comments the CO considers pertinent regarding the manning of this rating. (Optional)

EXHIBIT 1
(Page 3 of 4)
ENLISTED MANNING INQUIRY REPORT (EMIR) MESSAGE FORMAT

Glossary of Terms:

Item	Term	Explanation
(1)	"RATING" or closed loop/transitory "NEC" designation.	In the case of an NEC, the NEC designation will be followed by the paygrade, i.e., 9518(E-6).
(2)	"P9BA" (Billets Authorized).	Projected 9 months in the future.
(3)	"P9NMP" (Navy Manning Plan).	Projected 9 months in the future.
(4)	"COB" (Current on Board) or "POB" (Projected on Board).	As appropriate.
(5)	"ACOB" (Actual Current on Board).	As calculated locally.
(6)	"POB4" (Projected on Board 4 months from current month).	Projected on board figures at P-4 includes all prospective gains and losses through the next 4 months.
(7)	"POB9" (Projected on Board 9 months from current month).	Projected on board figures at P-9 includes all prospective gains and losses through the next 9 months.

MILPERSMAN 1306-110

ENLISTED DUTY PREFERENCE

Responsible Office	NAVPERSCOM (PERS-40)	Phone: Toll Free	1-866-U ASK NPC
---------------------------	-------------------------	------------------	-----------------

1. **Policy.** Recognizing that sea/shore rotation requirements of Naval Service necessitate permanent changes of station during a career, the Navy has provided a vehicle, the Enlisted Duty Preference, by which members may express assignment desires to their assignment control authority (ACA).

a. The Enlisted Duty Preference provides the ACA with valuable, timely information to consider when effecting Sailor assignment decisions.

b. Detailers often have a range of assignment options available in a given circumstance. In cases where members have no Enlisted Duty Preference, assignments may be made to the highest priority requirement without consideration of member's preferences.

2. **Submitting Enlisted Duty Preference.** Detailing is a process whereby the detailer matches available personnel assets and their desires with existing Navy-wide requirements. The preferred submission of desires is through the Career Management System Interactive Detailing (CMSID) portal between the member's 13- to 10-month projected rotation date (PRD) window; however, the Enlisted Duty Preference form can be submitted at any time to convey the member's duty desires. In the event a short-fused requirement is levied, detailers would prefer to offer the billet to a member desiring the billet/location, vice forcing someone else into it.

a. **Member's Responsibility.** It is emphasized that submission of Enlisted Duty Preference is a member's responsibility.

b. **Submission Method.** The method of submitting Enlisted Duty Preference is online via <https://www.cmsid.navy.mil/>.

c. **Calculation of Preferences.** The submission of realistic duty preferences is important. Individual preferences annotated

on the Enlisted Duty Preference are used in calculating the presentation on the Sailor's homepage. The table present on the Sailor's homepage called "First 5 Jobs Matching Your Preferences" display open positions matched to the Sailor's rate, paygrade, and Navy Enlisted Classifications (NECs) and preferences.

d. **Provide Additional Information.** The remarks section has been incorporated to allow members to indicate any information for which no provision is available and which would be useful to the detailee. Examples of such information are as follows:

(1) Any skills possessed by the member not identified by NEC.

(2) Amplifying Exceptional Family Member (EFM) or Individual Education Plan (IEP) affected family members.

(3) Expected delivery date, if wife is pregnant.

(4) When married to another servicemember, list spouse's full name, military service, SSN, rate, and present duty station.

e. **Submission Time.** It is recommended Enlisted Duty Preference be submitted at the mid-tour point, or no later than 13 months prior to PRD, or anytime thereafter when changes in significant personal data occur (family member status, location of household goods (HHG), etc.).

MILPERSMAN 1306-112

NAVPERS 1306/7 ENLISTED PERSONNEL ACTION REQUEST

Responsible Office	NAVPERSCOM (PERS-40)	Phone:	COM DSN	(901) 874-4184 882-4184
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Background.** NAVPERS 1306/7 Enlisted Personnel Action Request was devised and automated to provide a standard Navy-wide format for authorized command representatives to assist Sailors in the submission of requests to cognizant enlisted detailers.

2. **Submission of Requests.** Multiple requests on the same form are not allowed. All requests shall be processed and forwarded to the cognizant ACA by authorized command representatives regardless of the command's positive or negative recommendation or endorsement.

a. **Transmission Method.** Requests to Navy Personnel Command (NAVPERSCOM), Enlisted Distribution and Readiness Branch (PERS-40) or Reserve Personnel Management Division (PERS-913) can be submitted via <https://www.bol.navy.mil> mail, or encrypted e-mail to the cognizant NAVPERSCOM assignment desk.

(1) Bureau of Naval Personnel (BUPERS) Online (BOL) provides pull-down menus to aid authorized command representatives in submitting requests to the correct department and provides a copy to the submitting command. An electronic (on-line) submission provides personnel security and eliminates mailing or facsimile transmission of requests. The electronic submission is the preferred method of submission, except for "A" School requests and extension of enlistment cancellation requests which must be submitted via hard-copy due to required documentation.

(2) Attachments to the electronic NAVPERS 1306/7 can be made after the "submit request" has occurred. The command point of contact line will be used by the system to generate a return copy of the text version. Once this has been received by the

command, attachments can be scanned and forwarded with the request to the cognizant NAVPERSCOM assignment desk.

(3) If being mailed or sent via encrypted e-mail, addresses and office codes can be located online at <http://www.public.navy.mil/bupers-npc/Pages/default.aspx>

(a) All electronic correspondence (e-mail) regarding Navy personnel which contains names, SSNs, or other identifying information, shall be digitally signed and public key infrastructure encrypted. In the event that encryption is not possible, the only other authorized means of electronically transmitting personally identifiable information is through use of safe access file exchange (SAFE). SAFE can be accessed via the following web link: <https://safe.amrdec.army.mil/safe/Welcome.aspx>.

(b) Any hard-copy correspondence must be pre-coordinated before mailing to the BUPERS or NAVPERSCOM codes for action. If used, all hard-copy correspondence regarding Navy personnel which contains names, SSNs, or other identifying information shall:

(c) Be double-wrapped with the inner layer labeled "FOR OFFICIAL USE ONLY-PRIVACY SENSITIVE. Any misuse or unauthorized disclosure may result in both civil and criminal penalties."

(1) Use DD 2923 Privacy Act Data Cover Sheet (as appropriate).

(2) Be mailed to only those with an official need to know.

(3) Be sent via a mailing service that can provide tracking information.

(4) Be handled and destroyed per Department of Defense privacy directives.

b. **Addressees.** Requests are to be sent directly to the following:

	Send request to...	for...
(1)	NAVPERSCOM, Shore Special Programs Assignment Branch (PERS-4010)	non-designated Professional Apprenticeship Career Track Sailors (PACT) (aviation, A-PACT; engineering, E-PACT; and surface, S-PACT).
(2)	NAVPERSCOM, Shore Special Programs Assignment Branch (PERS-4010S)	"A" School requests (only hard copies accepted).
(3)	NAVPERSCOM, Nuclear Power/Submarine Assignment Branch (PERS-403)	submarine program volunteers.
(4)	NAVPERSCOM, Enlisted Career Administration Division (PERS-81)	whether the command endorsement is favorable or unfavorable.
(5)	Enlisted Community Management Division (BUPERS-32)	high year tenure waivers.

3. **Resubmission of Requests.** Although resubmission is by no means discouraged, consideration should be given to the processing time required and the large volume of correspondence processed by each office. The possibility of a member's request being lost is an unfortunate reality. When a reasonable length of time (30 days from receipt date) has passed since original submission and no reply has been received, recommend contacting the responsible office prior to resubmitting the request.

4. **Cancellation of Requests.** To cancel a request, submit a new NAVPERS 1306/7 requesting cancellation. The request should provide specifics as the member may have more than one request on file (do not include new requests). This requirement is specifically intended to eliminate confusion with new desires and cancellation requests.

5. **Limitations of NAVPERS 1306/7 Usage.** Although the title "Enlisted Personnel Action Request" implies universal application for requests of any nature, in many cases the form is used incorrectly.

a. As a general guideline, the form is to be used to request any **program, school, reassignment, or special duty** for which a particular requesting format is not already specified.

(Some examples for which particular formats are specified include humanitarian assignment and reenlistment incentives.)

b. The most common misuse of NAVPERS 1306/7 is the **unsubstantiated request for reassignment**. A member must have sufficient justification to warrant reassignment prior to projected rotation date. If sufficient justification is provided, request will be brought to the cognizant detailing authority's attention.

6. **Endorsement Considerations**. This article will not dictate the command's in-house process for submitting NAVPERS 1306/7. Commands are responsible for pre-screening members for program eligibility prior to endorsing the request. Requests submitted by the command's designated representative will be considered endorsed by the commanding officer unless otherwise indicated in the comments section. To prevent manning presumptions, endorsements should address acceptable gap, relief requirement, and waiver issues (as applicable). Unless otherwise held by factors contained in the command endorsement, detailers will attempt to fulfill the request for the period indicated in the "Requested Action" block.

7. **Additional Clerical Instructions**. To ensure a timely and correct response is afforded each request, the information contained therein must be complete, current, and verified for accuracy. The below items are sources of inordinate delay and may result in an inappropriate or delayed response:

a. **Invalid points of contact addresses, incorrect phone numbers, and incorrect e-mail addresses**. These cause serious problems when the command cannot be contacted and missed opportunities occur.

b. **Request is submitted to the wrong department**. This severely impacts submissions that require deadlines. NAVPERSCOM is a large organization with many departments that handle various administrative tasks. Correct department information can be located on-line at <http://www.public.navy.mil/bupers-npc/organization/Pages/NPCWebDirectory.aspx>.

c. **Inaccurate personal data (name, rate, SSN, last four digits of SSN, etc.)**. Verification of the member's name and last four of SSN is an absolute must as the enlisted master file searches by name and last four of SSN.

MILPERSMAN 1306-114

EARLY RETURN FOR CAUSE (ERFC) OF ENLISTED PERSONNEL

Responsible Office	NAVPERSCOM (PERS-40HH)	Phone :	DSN	882-3542
			COM	(901) 874-3542
			FAX	882-2647
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone :	Toll Free	1-866-U ASK NPC

1. Policy:

a. Service members assigned duty overseas act as ambassadors of the United States (U.S.) and the U.S. Navy. As such, their performance within a host country must continue to bring credit and maintain the highest standards of personal behavior. **Early Return for Cause (ERFC)** is the removal of enlisted personnel from an overseas tour before their normal projected rotation date (PRD), as a result of proven unfavorable interactions with the host nation, or as a result of disciplinary action that calls into question the ability of a member to continue in an overseas assignment.

b. ERFC is one of the strongest administrative actions used and should only be requested when all other efforts (i.e., training, counseling, guidance, treatment, etc.) are exhausted. ERFC will not be used in lieu of disciplinary action or administrative discharge, nor is it an excuse to transfer a problem Sailor to another command. It will not be used to transfer a member with sub-standard work performance or evaluation marks. ERFC is not necessarily a bar to either retention or re-enlistment eligibility.

c. Commands requesting ERFC of members should understand that approval of their request will result in a gapped billet until a relief can be identified. Judicious use of the article is cautioned since all approvals of ERFCs will require the use of unexpected and unplanned permanent change of station (PCS) funds which could result in delay or cancellation of some other priority manning action.

2. **Procedures:**

a. **Report Submission:**

(1) All requests for **Fault Early Returns** must be submitted as an **Early Return for Cause Request (ERFCR)** (Exhibit 1) by message.

(2) Ensure the ERFCR is submitted in the format provided in Exhibit 1 including all "to" and "info" addressees. Failure to comply could result in unnecessary processing delays.

(3) Requests for early return will be submitted expeditiously and ensuring all required information is provided. These requests may involve situations requiring timely action to be taken due to the nature of the circumstances involved. An understanding of all the factors that necessitated the request submission is required prior to making a decision. Submission of a partial request is discouraged as it delays the timely processing of the request. Inclusion of additional information to ensure clarity and provide justification for submitting the request is strongly recommended.

(4) Requests for ERFC will be submitted to Navy Personnel Command (NAVPERSCOM), Enlisted Distribution Division (PERS-40HH). Type commanders (TYCOMs) must notify NAVPERSCOM (PERS-40HH) within 5 days of requesting commander's message date/time/group of their concurrence or non-concurrence with the submitting commander's request.

b. **Transfer/Assignment Decision.** NAVPERSCOM will decide each case on its merits. If request for early return is approved, ensure the appropriate service record entry is completed on NAVPERS 1070/613, Administrative Remarks, indicating reason for submission of request.

(1) Approved requests will result in the transfer of member and family member(s) to an assignment for which eligible. Eligibility will be based upon requisition priority and sea/shore rotation to valid billets of member's rate. Assignments made due to ERFC issues do not alter sea or shore rotation.

(2) Orders directing transfer will normally be issued within 21 days. Detachment from current duty station will be directed to take place within 60 days of orders being released.

c. **Improper Overseas Screening.** Ensure all facts that are related to an improper screening are documented and reported in an Overseas Screening Deficiency Report (OSDR) as required, per MILPERSMAN 1300-306, prior to submitting an ERFCD. The OSDR will be listed as a reference in the ERFCD.

d. **Host Nation Relationship.** Incidents whereby the Navy's relationship with the host nation is discredited or there is a negative reflection on the U.S. because of a Sailor's behavior in the local community, will not be tolerated. Such incidents will be given prompt attention and ERFCDs will be acted on immediately. Our Sailors represent not only the Navy overseas, but are also ambassadors of the U.S. Their conduct in the local civilian community must be above reproach.

3. Early Return for Cause Request (ERFCD)

a. An ERFCD will be submitted when an overseas command determines that justification exists to meet the criteria established in paragraph 1.

b. The ERFCD (Exhibit 1) is sent to the following:

For...	Message Addressee...	And...	Info...
Enlisted Members (to include FTS and non-designated SN/FN/AN)	COMNAVPERSCOM MILLINGTON TN (PERS-40/PERS-40HH)	* MCA * TYCOM	* Fleet Commander * ISIC * Last Permanent Duty Station (improper screening)

PRESCRIBED SEA TOUR (PST)/NORMAL SHORE TOUR (NST)

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-4187
			COM	(901) 874-4187
			FAX	882-2693
	NAVPERSCOM (PERS-40MM)	Phone:	DSN	882-4965
			COM	(901) 874-4965
			FAX	882-2647

Exhibit	1. Sample SDCD Correction Letter
---------	----------------------------------

1. **Prescribed Sea Tour (PST)**. Sea tours are prescribed for communities as reflected in the current sea/shore rotation NAVADMIN message. Normally, the sea tour shall not exceed 5 years or be less than 3 years in duration.

a. Once members commence a sea tour, they are expected to complete the PST for the rate/rating held (or selectee rate/rating held) at time of the initial assignment to sea duty regardless of subsequent advancement (i.e., an IT3 ordered to sea duty will complete a 45-month PST, even though subsequently advanced to IT2 and reassigned to a new duty station during that sea tour).

b. Sea tours listed in latest effective NAVADMIN are subject to revision as manning considerations allow.

c. See MILPERSMAN 1306-104 for projected rotation date (PRD) changes when sea/shore rotation changes for an entire community.

d. PST for first-term personnel will be established per MILPERSMAN 1306-126.

e. Rotation for female personnel is outlined in MILPERSMAN 1306-114.

2. **Sea Duty Commencement Date (SDCD)**. A tour of sea duty starts when an individual reports to a permanent duty station (PDS) classified as sea duty (type duty code 2, 3, or 4).

a. Once the sea tour has started, the SDCD will be adjusted forward for periods of 30 days or more served in the following types of duty:

- (1) Unauthorized Absence (UA).
- (2) Duty Under Instruction (DUINS).
- (3) Temporary Duty/Temporary Additional Duty (TEM DU/TEM ADD).
- (4) Limited Duty (LIM DU).
- (5) Humanitarian Assignment (HUMS).
- (6) Separation from active Naval Service for a period of up to 3 months.
- (7) Pregnancy Tour.
- (8) Special Programs.

b. The adjustment period is computed **from** the day member departs from a sea duty command **to** the day member reports back to a sea duty command. Only full 30-day periods will be counted. For example:

DETACH DATE	REPORT DATE	TOTAL TIME SPENT	ORIGINAL SDCD	NEW SDCD
11 NOV 01	08 FEB 02	2 months, 28 days	OCT 99	(+) 2 months = DEC 99
25 FEB 02	28 MAR 02	1 month, 3 days	JAN 02	(+) 1 month = FEB 02
05 APR 99	17 SEP 00	1 year, 5 months, 13 days	DEC 97	(+) 17 months = MAY 99

c. Sea tours will be terminated upon a member's transfer to a PDS classified as shore duty (type 1 or 6), to TEM DU or TEM ADD 18 months or longer, or separation from active Naval Service for more than 3 months.

d. Historically, members reverting to enlisted status from warrant or limited duty officer (LDO) have been immediately assigned to sea duty to start the PST for their rating.

(1) Since new warrant or LDOs are initially assigned to sea duty, this will result in a double sea tour in some cases.

(2) Members reverting to enlisted status will receive consideration for sea duty served as an officer.

e. The SDCD must be recorded on NAVPERS 1070/605 (7-06), History of Assignments, in the service record. In block 2 of NAVPERS 1070/605 record SDCD (e.g., **USS NEVERSAIL (DD-101) NORVA SDCD: 99NOV**).

f. **To correct SDCD**, forward requests by E-Mail (preferred), letter, or facsimile (fax) to Navy Personnel Command (NAVPERSCOM), Distribution Management and Procedures Branch (PERS-451) using the sample format in Exhibit 1 (not required for E-Mail). For a small number of corrections, provide the same information for the member(s) shown in Exhibit 1 in the body of the E-Mail. For larger numbers of corrections, use a table or spreadsheet and attach to the E-Mail.

(1) A point of contact with E-Mail address and phone number is required on all requests.

(2) Copies of NAVPERS 1070/605 are not required, nor desired, unless specifically requested by NAVPERSCOM (PERS-451).

(3) E-Mail requests to pers451@navy.mil.
Mail/fax to:

Navy Personnel Command (PERS-451)
5720 Integrity Drive
Millington, TN 38055

Fax: (DSN) 882-2693, or
(COM) (901) 874-2693

3. **Normal Shore Tour (NST)**. NSTs are prescribed for each rate and some Navy Enlisted Classifications (NECs) as reflected in the latest effective NAVADMIN.

a. The tour length is directly affected by the ratio of sea billets to shore billets.

b. In order to provide stability and an opportunity for a reasonable period of time ashore with family and friends, a minimum normal continental United States (CONUS) shore tour of 24 months is established.

c. For first-term personnel, see MILPERSMAN 1306-126.

4. **Shore Duty Commencement Date (SHDCD)**. Tours of shore duty commence when members first report for duty at an activity designated type 1 or 6 duty, and terminate when members complete the NST for their rating, or voluntarily return to sea duty prior to completion of NST.

a. If last PDS was classified **sea duty** (type 2, 3, or 4 duty), SHDCD will be established as month and year reported.

b. If last PDS was classified **shore duty** (type 1 or 6 duty), SHDCD should already be recorded in service record and no further entry need be made. **If SHDCD is not recorded, request determination from NAVPERSCOM (PERS-451).**

c. Shore duty commencement dates will be automatically updated when the member is diaried on board; however, commands should enter newly established SHDCDs on NAVPERS 1070/605 in the enlisted service record upon the member's reporting aboard. The date should be verified once reflected in the Enlisted Distribution and Verification Report (EDVR).

d. SHDCD will be reviewed when service record is verified.

(1) In the event SHDCD cannot be determined, or it appears to be erroneous, request determination from NAVPERSCOM (PERS-451).

(2) When SHDCD is reflected in the EDVR, make entry on NAVPERS 1070/605 in the Enlisted Service Record, citing EDVR as authority. No diary entry required.

5. **Shore Duty Curtailment**. Personnel serving on a NST who desire to return to sea duty may submit NAVPERS 1306/7 (1/03), Enlisted Personnel Action Request to NAVPERSCOM via their commanding officer (CO) for shore tour curtailment.

a. Favorable consideration will be given such requests provided

(1) member is not serving in a critical billet, (i.e., MAGG, Joint Command, Company Commander, etc);

(2) member is serving on type duty classified as sea/shore code 1 or 6;

(3) non-career member agrees to obligate for at least 24 months from date of reporting on board new command;

(4) member will have completed at least 24 months onboard at transfer; and

(5) such transfer is in the best interest of the Navy.

b. Requirement of remaining on board current shore duty for 2 years will be waived on a case-by-case basis. Factors that will affect a waiver of the 2-year onboard requirement are

(1) projected manning at present duty station.

(2) sea-to-shore manning of member's rate/rating.

(3) permanent change of station (PCS) costs for member and required relief.

(4) whether or not a Secretary of the Navy Finding (SECNAVFIND) is required for a second dislocation allowance (DLA) payment within the same fiscal year.

c. Members whose approved early reassignment would create a vacancy at current activity, requiring PCS move for relief, will not normally be approved unless by command endorsement; a gapping of billet will be acceptable.

d. Members who voluntarily terminate their tour of shore duty by executing the option to return to sea, as specified in this article, will commence a new PST on reporting to their new sea command.

e. Requests for voluntary shore duty curtailment by members on recruiting duty shall be submitted by members via their chain of command to NAVPERSCOM, Shore Special Programs Assignment Branch (PERS-4010).

(1) Each case will be evaluated by NAVPERSCOM based upon available PCS funds and overall manning at sea in the member's rating.

(2) Upon approval, the member will be transferred to sea duty without a relief.

(3) The command will not receive a relief prior to the member's original PRD.

6. GENDETS Advance to an Aviation Rating, Sea/Shore Rotation.

GENDETS advanced to aviation ratings in activities where no billets exist will be reassigned. Upon notification of advancement, members should contact their rating detailer to determine their options. If no contact is made within 60 days, it will be assumed member is not willing to obligated service (OBLISERV) and will be assigned accordingly.

References	(a) DODI 1315.18 of 12 Jan 05
------------	-------------------------------

1. **Policy.** Members in certain ratings who have otherwise completed the required DOD area tour identified in reference (a) may still have time remaining on their Prescribed Sea Tour (PST) or Normal Shore Tour (NST). The following procedures are in effect for the reassignment of such members.

2. **Procedures for Members Completing DOD Area Tour (Type Duty Code "3" and "4").** Members who complete a DOD area tour and have time remaining on their PST will be reassigned per the following:

a. **0-6 months.**

(1) Remain on board to complete PST or longer tour.

(2) Transfer to shore duty for normal tour. Members must have, or agree to acquire, a minimum 12 months obligated service (OBLISERV) to be eligible for assignment ashore.

(3) Members who do not desire to acquire necessary OBLISERV will be extended on board to complete PST or expiration of active obligated service (EAOS), whichever is less.

b. **7-11 months.**

(1) Remain on board to complete PST or longer tour.

(2) Transfer to continental United States (CONUS) sea duty to complete 12-month minimum tour. For members with a 5-year PST, the activity tour will be 12 months or completion of PST, whichever is longer. The remaining PST may be waived by Navy Personnel Command (NAVPERSCOM), Distribution Department (PERS-4) for additional OBLISERV.

(3) Members must have, or agree to acquire, a minimum of 12 months OBLISERV at new command to be eligible for assignment to CONUS. If member elects a Chief of Naval Operations (CNO) Priority 2 shore assignment (i.e., recruiting, physical security, recruit division commander (RDC) billet), a waiver of up to 24 months PST will be considered.

c. 12 months or more.

(1) Remain on board to complete PST or longer tour.

(2) Transfer to CONUS sea duty with projected rotation date (PRD) established to provide 12 months at new command or to complete PST, whichever is longer.

(3) Members must have, or agree to acquire, a minimum of 12 months OBLISERV at new command to be eligible for assignment to CONUS. If member has less than 24 months remaining on PST, a waiver of up to 24 months will be considered if member elects a CNO Priority 2 shore assignment (i.e., recruiting, physical security, RDC billet).

d. The maximum involuntary extension for sea duty aboard a unit homeported in any overseas area will not exceed PST or EAOS, whichever is less.

e. Members whose EAOS is within 11 months after the PRD from the members' current area tour will be automatically extended to EAOS if necessary OBLISERV is not acquired for normal rotation.

f. Members assigned from overseas units (Type Duty Code "4" less Hawaii) to CONUS-based sea duty to complete their PST will be ordered for a period of 1 year or time required to complete PST, whichever is longer. Members must have, or agree to acquire, a minimum of 12 months OBLISERV at new command to be eligible for assignment to CONUS.

3. Procedures for Members Completing DOD Area Tour (Type Duty Code "6" less Hawaii). Members who complete a DOD area tour and have time remaining on their NST will be offered the following options:

a. 1-6 months.

(1) Remain on board to complete NST.

(2) Transfer to sea duty to start PST. Requires 12 months retainability per MILPERSMAN 1306-106.

b. **7-11 months.**

(1) Remain on board to complete NST.

(2) Transfer to sea duty to start PST. Requires 12 months retainability per MILPERSMAN 1306-106.

(3) Transfer to shore duty to complete their NST; however, in the interest of cost effectiveness this would be a move to a **fleet** concentration area where the member can expect to receive orders for follow-on assignment to sea duty. Members must have, or agree to acquire, a minimum of 12 months OBLISERV at new command to be eligible for assignment to CONUS.

c. **12 months or more.**

(1) Remain on board to complete NST.

(2) Transfer to sea duty to start PST.

(3) Transfer to another shore duty activity near a **fleet** concentration area for completion of NST.

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone: Toll Free	1-866-U ASK NPC
---------------------------------------	------------------	-----------------

References	(a) FLTFORCOM/NAVPERSCOMINST 1300.1A (b) OPNAVINST 1300.15A (c) 10 USC §5540 (d) DoD 7000.14-R, Financial Management Regulation Manual, Vol 7a
-------------------	--

1. **Policy.** As outlined in reference (a), an operational hold (OPHOLD) is a personnel action which impacts a member under orders from a sea duty command, serving in any type 4 duty unit (overseas sea) or type 2 duty (continental United States sea). An OPHOLD can significantly disrupt the lives of Sailors and the efficiency of the distribution system. It shall be reserved for extraordinary circumstances at sea duty commands only.

a. Commanding officers (COs) of type 2 duty units may request OPHOLD for members with orders for up to 12 months.

b. COs of type 4 duty units may request OPHOLD for members with orders for up to 2 months beyond the Department of Defense (DoD) area tour applicable to the member. Per reference (b) and on a case-by-case basis, Navy Personnel Command (NAVPERSCOM), Career Management Department (PERS-4) may also involuntarily extend members up to 180 days if their presence is required to meet critical and immediate operational needs.

2. Guidance

a. COs may request OPHOLD status for members in the following circumstances:

(1) When loss of the member results in or exacerbates a degradation of personnel operational capability on a type 2 or type 4 duty unit.

(2) When, in the opinion of the CO, other appropriate justification exists.

b. COs should **not** request OPHOLD in the following circumstances:

(1) If the services of the member can be spared without affecting mission accomplishment.

(2) Members may not be involuntarily extended beyond their expiration of active obligated service (EAOS) without specific approval. MILPERSMAN 1160-050 refers.

c. During the OPHOLD decision process, the member's orders will be evaluated by Commander, Navy Personnel Command (COMNAVPERSCOM) for potential cancellation.

(1) If the orders are cancelled, the member will be required to re-negotiate via Career Management System-Interactive Detailing (CMS-ID). No adjustments to the member's current projected rotation date will be made, unless directed by COMNAVPERSCOM and agreed to by the manning control authority.

(2) OPHOLDS submitted for personnel under orders issued to honor a reenlistment incentive shall note this fact and contain comment concerning the member's desire to delay, cancel, or request an alternate incentive.

d. Premium pay for being held past an EAOS, under certain conditions, which is authorized under reference (c) and implemented in MILPERSMAN 1160-050, is triggered by holding someone at an afloat command, in foreign waters, involuntarily, for operational purposes, in the public interest (as determined by the senior officer afloat), past his or her EAOS. Reference (d), chapter 1, section 010304 also gives specific eligibility criteria.

3. **OPHOLD Reporting.** COs who wish to delay execution of orders, per this article, shall request such action by message to COMNAVPERSCOM MILLINGTON TN//PERS4013// with a copy to:

- unit commander,
- type commander,
- fleet commander,
- Commander, United States Fleet Forces Command (COMUSFLTFORCOM) NORFOLK VA
- Commander, United States Pacific Fleet (COMPACFLT) PEARL HARBOR HI
- COMNAVPERSCOM MILLINGTON TN (appropriate detailee), and
- receiving command.

This report is to be made as soon as the necessity for an OPHOLD is determined.

a. Except in emergency situations, this report should be made at least 90 days prior to transfer month.

b. This report will indicate the month and year to which orders are requested to be delayed.

c. Request will indicate if the member is a volunteer or not.

MILPERSMAN 1306-122

PERMANENT CHANGE OF STATION (PCS) AND PERMANENT CHANGE OF ACTIVITY (PCA) MOVE DETERMINATION

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-4198
			COM	(901) 874-4198
			FAX	882-2693

References	DODI 1315.18 of 12 Jan 05
-------------------	---------------------------

1. General Information

a. **Permanent Duty Station (PDS)** is defined as follows:

(1) The post of duty or official station, including a ship to which a member is assigned or attached for duty other than "temporary duty (TDY)" or "temporary additional duty (TAD)."

(2) The limits of such posts of duty or official station will be the ship, or the corporate limits of the city or town in which the member is stationed.

b. **Moves** are classified as either **permanent change of station (PCS)** or **permanent change of activity (PCA)** as defined below:

(1) **PCS:** The assignment, detail, or transfer of a member of a unit to a different PDS under competent orders that do not specify the duty as temporary nor provide for further assignment to a new PDS, or direct return to the old PDS.

(2) **PCA:** Any no-cost (zero cost) assignment, detail, or transfer of a member from one unit identification code (UIC) to another UIC within the same PDS.

2. **Classification of Moves**. Moves are further classified per their associated costs as follows:

a. **Cost PCS Move**

(1) A change of PDS for which the PCS costs exceed \$1,000.

(2) This type of move always requires the follow-on assignment of full Department of Defense (DOD) or Secretary of the Navy (SECNAV) prescribed tour length, as applicable.

b. **Low-cost PCS Move**. Any change of PDS for which the PCS costs do not exceed \$1,000. There is no requirement to adjust the original tour completion date, see reference (a).

c. **No-Cost PCA Moves**

(1) A reassignment which does not involve a change of PDS. For example, an In-Place Consecutive Overseas Tour (IPCOT) or a reassignment from the Navy Annex (Arlington) to the Pentagon (Arlington).

(2) There are no entitlements associated with PCAs, except for Consecutive Overseas Tour leave travel in the case of IPCOT.

MILPERSMAN 1306-124

TOUR EXTENSIONS AND SPLIT TOURS

Responsible Office	NAVPERSCOM (PERS-40)	Phone: Toll Free	1-866-U ASK NPC
---------------------------	-------------------------	------------------	-----------------

1. **Voluntary Tour Extensions.** Members desiring to extend their current tour of duty should initiate a NAVPERS 1306/7 (Rev. 1/03), Enlisted Personnel Action Request to Navy Personnel Command (NAVPERSCOM), Enlisted Distribution Division (PERS-40). The request should be submitted between 9 to 12 months prior to the member's projected rotation date (PRD) and be recommended by the member's commanding officer (CO).

a. To be eligible for consideration of tour extension under the provisions of this article, personnel must

(1) not be in receipt of permanent change of station (PCS) orders.

(2) have CO's recommendation.

b. Requests from personnel serving on types 3, 4, and 6 duty must contain a statement concerning suitability for continued overseas service per MILPERSMAN 1300-300. **The suitability determination shall include family member considerations if on an accompanied tour.**

2. **Voluntary Tour Extension Approval Criteria.** Extensions will normally be granted in 12-month increments on a case basis, considering fleet/sea/shore balances for each rating. After approval of an extension by NAVPERSCOM (PERS-40), the extension will not normally be canceled unless an exceptional hardship exists.

a. Extensions of less than 12 months in length may be approved in special circumstances (e.g., to complete deployment, etc.).

b. Request for extension in current command (type 2, 3, or 4 duty) will normally be approved so long as such extension does not result in manning in excess of billets authorized in the command's manpower authorization for the member's rating.

c. Request for extension in current command (type 1 and 6) is normally not solicited nor approved, except in times of PCS constraints.

d. Non-career designated personnel must incur sufficient obligated service (OBLISERV) requirements to complete tours as extended.

e. If extension on board is not feasible due to manning in excess, member will be offered the option of transferring to another sea duty command in the same homeport/area.

f. If another command in the same homeport/area is not available, member may extend for assignment to a command in another homeport/area with the following stipulations:

(1) A minimum of 2 years OBLISERV will be required.

(2) Where en route training in excess of 4 weeks is necessary, a minimum of 2 years OBLISERV plus training time will be required.

g. To avoid the inequity that could result from an individual serving for an extended period in a preferred assignment, extensions will always be considered on a case basis.

h. Requests to extend overseas are covered in MILPERSMAN 1300-310 and 1306-300.

i. Personnel shall submit NAVPERS 1306/7 via the chain of command to request sea tour extensions.

j. Personnel submitting a NAVPERS 1306/7 request to adjust PRD to expiration of active obligated service (EAOS) with the intent to separate will have their enlisted master file record flagged.

(1) Depending on active duty time remaining, the request may be disapproved and needs of the Navy orders issued.

(2) If a request to match PRD to EAOS is received with no stated reason, it will be considered intention to separate.

3. Involuntary Tour Extensions

a. During periods of PCS funding constraints, NAVPERSCOM may be required to extend personnel involuntarily on tours in the same unit or homeport/area.

b. Maximum Department of Defense (DoD) area tour for accompanied by family member/all others will not be exceeded, except as provided per MILPERSMAN 1300-308.

4. Split Tour. **Split tours** are defined as PCS assignment between two activities in the same geographic location.

a. **Same geographic location** is defined as any PCS move for which the total expected cost, including member's travel and transportation entitlements, does not exceed \$1,000.00.

b. Any PCS move that exceeds the \$1,000.00 becomes a cost move and is considered as an assignment outside of the geographic location.

c. Except as indicated below, members may request split tour reassignments effective at any time after they have served 24 months at the same activity, and provided at least 24 months remain on their current sea or shore tour, or continental United States (CONUS) or outside continental United States (OCONUS) tour.

(1) Members whose sea or shore, CONUS or OCONUS, tour is less than 49 months may request a split tour after 24 months, if they agree to serve 24 months (regardless of prescribed sea tour/normal sea tour) at the second assignment and have sufficient obligated service to complete the 24 months.

(2) Split tour assignments will be made at no cost to the government.

5. Split Tour Eligibility Requirements

a. The following requirements must be met prior to submission of request for a split tour:

(1) Overall evaluation of no lower than 3.0 for the past 24 months.

(2) No mark below 3.0 in the past 24 months.

(3) Have a clear record, no nonjudicial punishment (NJP) during the previous 24 months.

(4) Recommended for advancement and retention.

b. Favorable consideration of the above request is contingent upon

- manning level at present command,
- availability of billet requested within the geographic location of present duty station,
- training and/or travel costs involved, and
- recommendation by the CO.

c. Eligible personnel should submit requests on NAVPERS 1306/7.

d. An approved request will be effected 5 to 7 months after receipt of request in order to program a relief.

e. Split tour assignment is contingent upon

(1) member's prior execution of NAVPERS 1070/613 (7-06), Administrative Remarks entry acknowledging the conditions of the assignment; and

(2) executing NAVPERS 1070/621 (1/00), Agreement to Extend Enlistment to acquire sufficient OBLISERV, if required, prior to transfer.

References	(a) DODI 1315.18 of 12 Jan 2005 (b) OPNAVINST 1300.17A (c) FLTFORCOM/NAVPERSCOMINST 1300.1
-------------------	--

1. **Background.** In keeping the fleet appropriately manned with quality Sailors, judicious use of permanent change of station (PCS) funds is a strategic imperative for the Navy. Sailors not willing to obligate for their next set of orders have a negative impact on overall manpower readiness, retention, and advancement opportunities for their fellow Sailors. When considering members for PCS transfer, detailers must consider time on station (TOS) and retainability requirements as prescribed by MILPERSMAN 1306-106 and references (a) and (b). MILPERSMAN 1306-106 further details that members are required to obligate service (OBLISERV) before reassignment to ensure they complete the prescribed tour, except where Department of Defense (DoD) tours are greater. In addition, waivers of OBLISERV requirements may be granted on a case-by-case-basis by Navy Personnel Command (NAVPERSCOM).

2. **Policy.** Sailors who elect not to meet the minimum (OBLISERV) requirements for their reassignment will have their enlisted master file record flagged. This includes Sailors who:

a. Submit a NAVPERS 1306/7 Enlisted Personnel Action Request to adjust projected rotation date (PRD) to match expiration of active OBLISERV, as extended (expiration of active obligated service (EAOS)/soft expiration of active obligated service (SEAOS)), stating their intention to separate. Per MILPERSMAN 1306-124, a record will also be flagged if the

request is to match PRD to EAOS/SEAOS with no stated reason listed on the NAVPERS 1306/7;

b. Submit NAVPERS 1306/7 requesting early separation;

c. Submit a NAVPERS 1306/7, message, or correspondence to their respective Bureau of Naval Personnel (BUPERS), Enlisted Community Manager (BUPERS-32), indicating intent to separate at EAOS/SEAOS;

d. Refuse to OBLISERV for orders. If a Sailor refuses to OBLISERV to their prescribed tour, but has sufficient contract time to meet retainability, as outlined in MILPERSMAN 1306-106, orders may be modified to complete follow-on tour assignment until EAOS.

3. **Implications.** Once a Sailor's enlisted master file record is flagged, the Sailor:

a. Forfeits his or her Career Waypoints-Reenlistment (C-WAY-REEN) application quota approval (if in receipt of one). The quota will be revoked and the Sailor will be counted as "Intends to Separate (ITS)" in C-WAY-REEN;

b. Will be issued needs of the Navy orders, if the Sailor has 12 months or more remaining between PRD and EAOS/SEAOS. In certain cases, orders may be issued to an immediate deployer despite the Sailor having less than 12 months until EAOS/SEAOS.

4. **Personnel Manning Reports (PERSMARs).** Requirements for PERSMAR submission are delineated in reference (c). When a PERSMAR is received by Navy Personnel Command's (NAVPERSCOM), Enlisted Personnel Readiness and Support Branch (PERS-4013), and a Sailor is listed as "Intends to Separate," in most cases, the PRD will be adjusted to the EAOS/SEAOS, and the record will be flagged for separation. However, if a Sailor is listed as "Intends to Separate," no action will be taken regarding PRD adjustment or record flag until a NAVPERS 1306/7 or signed NAVPERS 1070/613 Administrative Remarks (Page 13) is received, stating the Sailor's intent to separate. Commands are reminded that when submitting a command PERSMAR, if the Sailor is unsure or is early in his or her career, it is best to list the Sailor's career intentions on the PERSMARs as "Undecided," vice "Intends to Separate."

5. **Requirements for Removal of Record Flag/NAVPERSCOM Action.** If a Sailor later changes his or her mind and would like to remain on active duty, the following actions will take place:

a. Sailor must submit a NAVPERS 1306/7 to his or her rating detailer, requesting removal of the record flag and stating the Sailor's career intent.

b. Detailer will staff the request to NAVPERSCOM's Special Assistants Branch (PERS-4015) for review, who will then attach the original request that caused the flag and forward it to NAVPERSCOM's Special Assistant to the Director, Enlisted Distribution Division (PERS-40BB) for review.

c. NAVPERSCOM (PERS-40BB) will staff to the Career Waypoints (C-WAY) help desk at BUPERS-32 for Enlisted Community Manager (ECM) review and concurrence. Any changes made by BUPERS-32 which reset the Sailor's status in C-WAY must be annotated in the Sailors' C-WAY notes files.

d. NAVPERSCOM (PERS-40BB) will make the final decision, based on BUPERS-32's input, and will inform rating detailer and C-Way help desk of approval or disapproval.

e. If the request to delete the flag is approved and the Sailor previously had a C-WAY-REEN quota, that quota will be reinstated. If the Sailor never received a C-WAY-REEN quota, the application will be reset to compete for a reenlistment quota.

6. **Summary**

a. Requests for record flag removal will not normally be approved for Sailors within 6 months of their EAOS/SEAOS; each request for flag removal will be adjudicated on a case-by-case basis by NAVPERSCOM and BUPERS-32.

b. Chains of command and command career counselors should counsel Sailors regarding their decision to separate, utilizing career development boards (CDB), prior to any submission of notification of the Sailor's intent to NAVPERSCOM.

FIRST-TERM PERSONNEL ASSIGNMENT POLICY

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-4185
			COM	(901) 874-4185
			FAX	882-2693

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone: Toll Free	1-866-U ASK NPC
------------------------------------	------------------	-----------------

References	(a) OPNAVINST 1300.15A (b) DoD Instruction 1315.18 of 12 Jan 05 (c) NAVSO P-6034, Joint Federal Travel Regulations (JFTR), Volume 1, Appendix Q
-------------------	---

1. **Policy.** First-term members are those who are serving on their first enlistment contract including operative extensions (other service veterans (OSVET) and Navy veterans (NAVET) are not first termers).

a. **Members on a 3-year or less contract** will be given no more than one assignment (**exclusive of initial basic and skills training**) before their expiration of active obligated service (EAOS). If required to serve in a dependent-restricted tour overseas, they will be assigned to no more than two different geographic locations.

b. **Members on an initial enlistment of more than 3 but less than 4 years** will be given no more than one continental United States (CONUS) assignment before their EAOS following **initial basic and skills training**. The member will be issued a planned rotation date (PRD) equal to his/her prescribed sea tour (PST) for their initial assignment, unless the initial assignment is regulated by a Department of Defense (DoD) area tour. If overseas assignment is required, members shall be given no more than two assignments before their EAOS.

c. **Members on an initial enlistment of more than 4 but less than 5 years** will be given no more than two assignments in different locations before their EAOS following **initial basic and skills training**, regardless of tour length. The member will be issued a PRD equal to his/her PST for their initial

assignment unless the initial assignment is regulated by a DoD area tour.

d. **Members on an initial enlistment of more than 5 years** will not be given more than three assignments in different locations, provided one is an overseas location before their EAOS following **initial basic** and **skills training**, regardless of tour length. The member will be issued a PRD equal to his/her PST for their initial assignment unless the initial assignment is regulated by a DoD area tour.

e. **Members on their second assignment** can be ordered overseas if they have the required obligated service (OBLISERV) for the Department of Defense (DoD) area tour.

f. **Members electing to reenlist** will complete their PST at their initial assignment, unless the initial assignment is regulated by a DoD area tour or they are authorized to curtail their sea tour by negotiating through a reenlistment incentive program.

g. **Members with 6 years initial OBLISERV** assigned to a sea duty activity for their first permanent duty station (PDS) and guaranteed advanced training, will be reassigned to receive training upon completion of a special 18 to 24-month sea tour. Upon completion of training and reassignment to sea duty, sea duty commencement date and projected rotation date (PRD) adjustments (to coincide with their EAOS or completion of PST, whichever is less) should be requested by the gaining activity, per MILPERSMAN 1306-101.

h. **Professional Apprentice Career Track (PACT)** Sailors will be assigned a 24 month tour length/PRD, regardless of location or type duty of their first permanent duty station assignment, in order to align their rotation date with their contract A-school guarantee. If a PACT Sailor becomes designated during this initial 24-month assignment (via a rating examination), their PRD will be adjusted to the appropriate PST for that rating, unless the initial assignment is regulated by a DoD area tour.

2. PRD and Tour Lengths

a. CONUS

(1) Members **initially** assigned to CONUS shore duty will be assigned a 24-month tour, with the exception of those rates identified as having an INUS/OUTUS (within the continental United States/and outside the continental United States) rotation vice sea shore flow (SSF). Members will be assigned to sea duty (type 2 or 4) upon completion of an initial assignment to a 24-month shore tour.

(2) Members assigned to sea duty home ported in CONUS will be assigned a tour length to match their PST.

(a) PRD will be set to match PST.

(b) Exceptions to this rule are ships and units homeported in CONUS, but operating in an overseas area for 1 year or more. PRD will be set for a 1-year tour for these types of units.

b. Overseas

(1) Members assigned to overseas duty will be assigned a PRD of 36 months or the accompanied tour length, whichever is less, with the exception of Hospital Corpsmen (shore duty) and PACT Sailors, which will be 24 months. First-term duty in Alaska and Hawaii is 36 months unless otherwise specified. After completion of the 36-month tour, first-term members will be assigned per first-term limitations outlined in this article and reference (a) and (b).

(2) First-term members may be eligible for Overseas Tour Extension Incentive Program (OTEIP) benefits. See MILPERSMAN 1306-300 for details.

c. **Ratings without SSF.** Ratings identified as having a career path not defined by SSF will be assigned per the latest effective NAVADMIN for SSF. All outside continental United States (OCONUS) shore duty assignments must comply with DoD area tour lengths listed in reference (c).

d. **Tour length for members ordered to shore duty for their first tour will normally be for a maximum of 24 months.** With some exceptions, the assignment process goal is for first-term

members to be available for assignment to sea duty during their first enlistment.

3. **Floating Dry Dock Assignment**

a. **Four-year obligation personnel.** First 2 years of enlistment will encompass entry level training (Recruit Training Center (RTC) and "A" School) and floating dry dock duty. Last 2 years of enlistment, member will be assigned to sea duty.

b. **Three-year obligation personnel.** Member will not be detailed to floating dry dock.

4. **HM "A" School Graduates.** Members assigned an initial CONUS or OCONUS shore tour will be assigned a PRD of 24 months and sea tour PRD of 36 months.

5. **Members Under Age 18.** At no time will an enlisted member under the age of 18 be issued orders that require **reporting** to an operational command (Type Duty Code 2, 3, or 4).

a. When practical, use the training pipeline to ensure members will reach their 18th birthday before reporting (diaried aboard) to their PDS.

b. In situations where using the training pipeline will not satisfy the age requirement, assign member to Type Duty Code 1 or 6, per this article.

MILPERSMAN 1306-128

ROTATION FOR CONSTRUCTION RATING PERSONNEL

Responsible Office	NAVPERSCOM (PERS-401)	Phone:	DSN	882-3571
			COM	(901) 874-3571
			FAX	882-2716

1. **Policy.** Every Naval Mobile Construction Battalion (NMCB) or Amphibious Construction Battalion (ACB) member (Seabee) can expect to complete an isolated tour sometime during a career. Members assigned to isolated tours can expect a split sea tour by beginning a prescribed sea tour on isolated duty, and then completing a follow on sea tour, generally in a NMCB.

a. Based on the nature of Seabee assignments, occupation field 13 (OF 13) members assigned to isolated tours are no longer eligible for advanced assignment guarantee per MILPERSMAN 1306-200.

b. Personnel shall be assigned to the sea components of ACB without regard for gender.

c. Prior to reporting to either a NMCB or ACB tour, all personnel (OF 13 and non-OF 13) will be required to complete the 2-week Seabee replacement training at either the 20th Seabee Readiness Group located at Gulfport, MS or 31st Seabee Readiness Group located at Port Hueneme, CA.

MILPERSMAN 1306-130

POST-CONFINEMENT ASSIGNMENT PROCEDURES

Responsible Office	NAVPERSCOM (PERS-40)	Phone:	COM	(901) 873-5170
			FAX	(901) 873-5254

1. Policy

a. MILPERSMAN 1626-030 and 1640-060 through 1640-100 state members who are confined for 31 days or more will normally be returned to their previous duty station, and members confined while en route to a new duty station will be reassigned to another comparable duty assignment. Occasionally there will be circumstances in which the return of a released prisoner would not be in the best interest of the command or the individual.

b. In these cases commanding officers (COs) should, **at the time of confinement**, submit a message to Navy Personnel Command (NAVPERSCOM) (applicable detailer) requesting the member **not** be returned to the command. NAVPERSCOM will institute action for reassignment of the member to another comparable duty assignment. The message shall be submitted per the below guidelines:

(1) **For rated/designated members** the message shall be sent to NAVPERSCOM (applicable detailer).

(2) **For non-rated/non-designated members** the message shall be sent to NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013C).

(3) The activity where the brig is located and the local discipline/pass office which serves the brig must be information addressees to allow for proper submission of the availability report.

(4) The message must state the date the member was confined or transferred temporary duty (TEM DU) for confinement and the reason why the member should not be returned to the command, e.g., loss of security clearance, loss of Navy Enlisted Classification (NEC) qualification, morale, and/or member's return would cause high security risk of member's well-being.

2. **Type of Transfers**. Members transferred to a Naval Consolidated Brig (NAVCONBRIG) are divided into the following two separate types of transfers:

a. Members being transferred for 30 days or less, who are assigned under temporary additional duty (TAD) orders.

b. Members who are assigned for 31 days or more who are assigned under TEMDU orders.

3. **Members pending Punitive Discharge**. Chief of Naval Personnel (CHNAVPERS) may suspend a punitive discharge of members confined in NAVCONBRIGs.

a. The CO of a NAVCONBRIG will request reassignment of such member to a duty station other than the member's duty station at the time of court-martial.

b. If applicable, a reassignment request by the brig will address loss of security clearance, loss of NEC qualifications, and change in rate.

MILPERSMAN 1306-132

REASSIGNMENT OF ENLISTED PERSONNEL ASHORE - COMPLETION OF TOUR (COMPTOUR)

Responsible Office	NAVPERSCOM (PERS-4013)	Phone COM	(901) 874-4381
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone: Toll Free	1-866-U ASK NPC

1. **Policy.** A completion of tour (COMPTOUR) is the reassignment of personnel prior to projected rotation date (PRD) from one shore activity to another shore activity for the purpose of resolving a critical manning situation.

a. It is used as a last resort action when manning deficiencies cannot be resolved through the normal process.

b. A nominee for this type of reassignment must be serving in the requested rate and have **12 or more months remaining until PRD.**

c. All attempts will be made to make the reassignments via no-cost permanent change of station (PCS) orders.

d. Reassignments that incur PCS costs must be effected per MILPERSMAN 1306-106.

MILPERSMAN 1306-134

ASSIGNMENT POLICY WHEN NOT IN COMPLIANCE WITH PHYSICAL READINESS STANDARDS

Responsible Office	NAVPERSCOM (PERS-40)	Phone: Toll Free	1-866-U ASK NPC
---------------------------	-------------------------	------------------	-----------------

References	OPNAVINST 6110.1G NAVMED P-117, Manual of the Medical Department
-------------------	---

1. **Policy**. OPNAVINST 6110.1G and NAVADMINs describe the administrative action to be taken for members who are in noncompliance with physical readiness standards.

a. Failure of physical fitness assessments will not limit assignments except when a member cannot obligate for the minimum obligated service (OBLISERV).

b. Members who are out of standards may transfer; however, assignment to certain duties (e.g., instructor, recruiting, etc.) will continue being restricted to members who are within standards. Select schools may require members to report within Body Composition Assessment (BCA) or Physical Readiness Test (PRT) standards in order to be accepted for training, or require members to be within standards to graduate. Contact community detailers or school commands for guidance. Certain communities may require members to remain within BCA or PRT standards to retain standing in that community. Contact community detailers or school command for guidance.

c. Individuals not in standards and currently under sea duty orders shall contact the medical department representative (MDR) performing the screening so that the Sailor's next command can be notified of body composition percent.

d. If individuals report at next command significantly out of body composition percent, are found unable to perform duties on platform, or MDR finds Sailor is not compatible for platform, refer to NAVMED P-117, article 15-30.

MILPERSMAN 1306-136

SECURITY LIMITATIONS FOR SURFACE NUCLEAR POWERED SHIPS

Responsible Office	NAVPERSCOM (PERS-403)	Phone: DSN COM FAX	882-3636 (901) 874-3636 882-2638
---------------------------	--------------------------	--------------------------	--

1. **Policy.** Personnel who are not United States (U.S.) citizens will not be assigned to surface nuclear powered units in commission, overhaul, or new construction with exception of personnel from the following ratings: ABE, ABH, AD, AM, AME, AMH, AMS, AS, AF, PR, PS, and CS.

a. Non-U.S. citizens shall not have access to naval nuclear propulsion information (NNPI) and nuclear propulsion plant spaces.

b. The above ratings (if assigned to an NNPI unit identification code) shall only be assigned to aircraft carriers (nuclear) (CVNs).

2. **Security Limitations for Nuclear Repair Facilities.**

Personnel who are not U.S. citizens will not be assigned to nuclear repair facilities, including the repair departments of nuclear capable submarine and destroyer tenders (AS/AD).

References	(a) OPNAVINST 6000.1 (b) CNO ltr 7220 Ser N13/067 of 26 Apr 13 (PDM 008-13 Sea Duty Incentive Pay Program) (NOTAL)
-------------------	---

1. **Policy**. The Voluntary Sea Duty Program (VSDP) is a voluntary program that encourages Sailors from all ratings and all pay grades to serve on Type 2/3/4 activities (subject to eligibility requirements and restrictions) to extend their enlistment in their current sea duty billet beyond their prescribed sea tour (PST), to terminate shore duty and accept new orders to a sea duty billet, or to accept back-to-back sea duty orders beyond their prescribed sea/shore flow (SSF). The sea duty assignment may be on board ships, squadrons, or other qualified sea duty assignments.

a. Sailors accepted into the VSDP will be able to defer their Career Waypoint-REENLISTMENT (C-WAY-REEN) application window to the minimum obligated service (OBLISERV) required for the orders negotiated as outlined in MILPERSMAN 1306-106. Additionally, volunteers will benefit from geographic stability, the opportunity to negotiate for choice orders, and high year tenure (HYT) waiver consideration.

2. **Policy Exceptions**. Requests for exception to this policy are to be routed via the applicable chain of command and endorsed by Navy Personnel Command (NAVPERSCOM), Career Management Department (PERS-4) with final determinations made by Office of the Chief of Naval Operations (OPNAV), Manpower, Personnel, Training, and Education Policy (OPNAV N13).

3. Eligibility

a. VSDP is open to all ratings and all pay grades volunteering to curtail shore duty and return to sea, extend at-sea, or accept back-to-back sea duty orders as part of VSDP; however, for those Sailors on shore duty beyond normal shore tour (as determined by SSF), in a limited duty status or holding a nuclear Navy enlisted classification (NEC) (33XX), and per paragraph 5 restrictions requests for VSDP will not be approved. Volunteers will be assigned to sea duty commands within the same geographic location as the current shore duty command, if available and requested. Out of area moves will be considered if the Sailor holds a critical NEC or requests a particular geographic location. Full time support Sailors will be considered for assignment to valid USN requisitions. All requests, regardless of command recommendation, will be forwarded to NAVPERSCOM, Enlisted Distribution Division (PERS-40) for disposition. Requests will be reviewed to ensure early transfers will not significantly impact the Sailor's current command. When the command does not support a request and it is determined that the Sailor's skills are in critical need in the fleet, the request will be adjudicated by NAVPERSCOM (PERS-40) after coordination with the manning control authority (MCA). Losing commands may appeal to their respective MCA via their business support office and type commander.

b. C-WAY-REEN Deferment. Sailors will not require a C-WAY-REEN application quota to execute a short term extension (STE) in order to accept orders, or extend in place under VSDP provided they meet the C-WAY-REEN criteria described below. A waiver for STE is not authorized solely to complete the original PST; at least 12 additional months of sea duty is required to use the STE waiver for VSDP. At the conclusion of the STE, a C-WAY-REEN application quota will be required to complete the PST, PCS transfer, or request to reenlist. Eligibility criteria for C-WAY-REEN deferment:

(1) No evaluation performance trait mark below 3.0 for the last 3 years;

(2) No PFA failures during the last 2 years and no more than 1 failure in the previous 4-year-period from the date of screening approval;

(3) No nonjudicial punishment during the last 2 years;

- (4) Pass sea duty screening;
- (5) Be recommended for retention and advancement; and
- (6) Must have at least 1 year remaining until their current projected rotation date (PRD).

c. HYT Waivers. Depending on rating, sea duty manning, and the impact to future advancements, HYT waivers will be considered on a case-by-case basis for enlisted Sailors volunteering to curtail shore duty and return to sea, extend at-sea, or accept back-to-back sea duty orders as part of VSDP. The length of HYT waivers must meet, but not exceed, retainability requirements for the minimum amount of active obligated service a member must have upon arrival at a new duty station, per MILPERSMAN 1306-106, after a permanent change of station (PCS) transfer, both in continental United States (CONUS) and outside the continental United States (OCONUS). If a HYT waiver is approved for VSDP and the Sailor does not execute orders negotiated for this program for any reason, the HYT waiver will be rescinded by the Head, Enlisted Community Manager (BUPERS-32). In addition, once Sailors negotiate and accept orders or extend at sea, subsequent requests to transfer to the Fleet Reserve before the HYT waiver expires will be disapproved.

d. Servicewomen in an operational deferment status are eligible for VSDP, per reference (a), which allows Servicewomen on post-birth 12-month operational deferment to request to terminate deferment at any point after convalescent leave. Waivers will be granted on an individual basis and must include endorsements from the member, current or prospective operational command, and member's health care provider. These Sailors may execute a STE to obtain required OBLISERV for transfer (when necessary) if they return to sea duty at least 6 months early. C-WAY-REEN approval is required if the Sailor desires to reenlist.

e. Sea Duty Incentive Pay (SDIP). Sailors eligible to receive SDIP, per reference (b), are also eligible for VSDP and should request to receive SDIP in conjunction with VSDP. VSDP does not change eligibility or benefits for the SDIP Program. There are three programs associated with SDIP and are summarized as follows:

(1) Sea duty incentive pay - extension (SDIP-E) incentivizes Sailors to voluntarily extend their sea duty assignments on board their current sea duty command when assigned to ships, submarines, or aviation squadrons for rotational purposes by a minimum of 12 months and a maximum of 48 months beyond their PST.

(2) Sea duty incentive pay - back-to-back (SDIP-B) incentivizes Sailors to voluntarily extend their sea duty when assigned to a type 2/4 command for rotational purposes upon transfer to ships, submarines, or aviation squadrons by a minimum of 12 months and a maximum of 48 months beyond their PST.

(3) Sea duty incentive pay - curtailment (SDIP-C) aims at incentivizing Sailors to voluntarily curtail their shore duty assignments a minimum of 6 months prior to their original PRD and return to sea duty assignments on a ship, submarine, or at an aviation squadron for a minimum of 12 months and a maximum of 48 months beyond their PST.

Annotation of the specific SDIP Program the Sailor wishes to apply for must be included on the VSDP NAVPERS 1306/7 Enlisted Personnel Action Request. Approval for SDIP will be sent out in a separate naval message after the VSDP message of approval or disapproval. A Sailor can be approved for VSDP, but disapproved for SDIP based on specific eligibility requirements and vice versa. SDIP eligibility requirements and applications procedures are outlined in reference (b). NAVPERS 1306/7 may be accessed by using the following Web address:
<http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

f. Department of Defense (DoD) Area Tour Considerations. Sailors serving overseas or in a DoD area tour can request to extend their current sea tour, curtail their current shore tour if they remain in the same geographical area, or request back-to-back sea duty in any area of their choice. Per MILPERSMAN 1160-040 policy regarding consecutive overseas tours remains in effect.

g. Special Warfare (SPECWAR) Considerations. Sailors assigned to SPECWAR support in any rating can request to extend their current sea tour or request a back-to-back sea tour as

part of VSDP. Additionally, Sailors serving on an individual augmentation (IA) tour can request back-to-back sea duty as part of VSDP. In both categories mentioned; however, Sailors will not be authorized to curtail their current tour as part of the VSDP.

h. Spouse Co-Location Tour Considerations. Sailors assigned together as part of spouse co-location tours are eligible for VSDP; however, a request for VSDP will be considered a cancellation of their spouse co-location requests. If both spouses wish to participate in VSDP, they should first consult with their respective detailer.

i. Shore Special Program Considerations. Sailors currently serving in a Shore Special Program, but not in a Special Programs billet, may submit a VSDP request (e.g., Sailors attached to an administration department at a school command may be eligible, but impact to the command's mission will be carefully prioritized).

4. **Procedures**. The following procedures and guidelines will be followed:

a. Desirable Orders. Sailors who have applied for VSDP will not be required to accept a billet they do not desire. Detailers will work with them during two Career Management System/Interactive Detailing (CMS/ID) cycles to find desirable orders. If no match is found during this time period, the current VSDP application will expire and those Sailors still interested in VSDP must reapply. VSDP orders will not be cancelled for Sailors who subsequently receive an approved reenlistment quota after VSDP orders have been negotiated.

b. In all cases where PCS orders are required, the orders will be written for the entire PST and a STE on the current enlistment will be used to meet retainability. This STE will not require a C-WAY-REEN application quota. Sailors will be required to apply for a C-WAY-REEN application quota to complete the time remaining for a full sea tour.

c. C-WAY-REEN. Sailors volunteering to curtail shore duty and return to sea, extend at-sea, or accept back-to-back sea duty orders as part of VSDP will be allowed to apply for C-WAY-REEN authorization to OBLISERV for VSDP. Sailors in the C-WAY-REEN eligibility window who wish to apply for VSDP must

have their VSDP application submitted for consideration no later than the last day of the month, 2 months prior to their final in-rate reenlistment application.

d. Geographic Stability and Negotiating of Orders. As a key component and incentive of VSDP, geographic stability and duty station preference requests will be considered by the detailers on a case-by-case basis for Sailors volunteering to curtail shore duty and return to sea, extend at-sea, or accept back-to-back sea duty orders as part of VSDP.

e. Sailors on shore duty must submit their VSDP request through their chain of command no later than 12 months prior to their PRD to ensure receipt by NAVPERSCOM (PERS-40), using NAVPERS 1306/7. Requests received by NAVPERSCOM (PERS-40) beyond that point will be returned without action. VSDP requests for Sailors who have completed less than 24 months on their current shore tour will be considered on a case-by-case basis based on orders requested and current command manning. It is desired that shore duty Sailors complete an 18 to 24 month tour at their present command prior to executing new VSDP orders; however, it is not required.

(1) Upon receipt of NAVPERS 1306/7, the rating detailer will review the Sailor's eligibility for VSDP and forward the request to NAVPERSCOM, Enlisted Placement Management Branch (PERS-4013) for adjudication. If the application is approved, the rating detailer will contact the Sailor and directly negotiate with them using the current month's requisitions. Sailors will be allowed to select from jobs currently advertised on CMS/ID, but will NOT be able to apply for the jobs in CMS/ID due to CMS/ID gate rules. The Sailor **must** coordinate their selections with their detailer. If no advertised billets in CMS/ID interest the Sailor, and after consultation with NAVPERSCOM (PERS-4013), other non-advertised high priority jobs in the geographic area of interest may be made available for selection. If approved for VSDP and an HYT waiver is required, the member will submit an HYT request, per MILPERSMAN 1160-120, once orders have been negotiated. The HYT request shall contain the number of months requested, and duty station negotiated or length of requested extension at current sea duty command. If the application is disapproved or the Sailor is deemed ineligible, the rating detailer will inform the Sailor via official correspondence.

(2) If no agreement can be made within 2 requisition cycles, the request will be returned disapproved. If a job assignment is agreed to by all concerned, the detailee will coordinate the transfer date to optimize training opportunities and meet the requisition fill date. In all cases where PCS orders are required, orders will be written for the entire PST and an STE on the current enlistment used to complete the retainability OBLISERV. This STE will not require a C-WAY-REEN quota. Sailors are required to apply for a C-WAY-REEN quota to complete the time remaining for a full sea tour.

f. Sailors currently on sea duty should submit requests for a back-to-back sea tour 9 to 12 months prior to their PRD. If the request is approved, they will be able to negotiate for a sea duty tour following VSDP guidelines through month 8, at which time, they must have selected a set of orders or have their request returned with no action taken on the request. If returned, they will have 2 months to negotiate for shore duty orders. Approvals of back-to-back sea duty tours should not create a billet gap for the losing sea duty command prior to the Sailor's original PRD, unless readiness requirements for the prospective command override this consideration.

g. Sailors requesting an extension at their current sea duty command should do so prior to entering their order negotiation window not later than 9 months prior to their PRD. Requests to extend at sea may be submitted at any time during the tour provided C-WAY-REEN guidelines in paragraph 4c above are followed.

h. STE Information.

(1) STE increments outlined in MILPERSMAN 1160-040 are waived for VSDP. A C-WAY-REEN quota is not required to execute a STE in order to accept orders or extend in place beyond current PST under the VSDP Program provided applications meet eligibility requirements. A waiver for STE is not authorized solely to complete the original PST; at least 12 additional months of sea duty is required to use the STE waiver for VSDP. A C-WAY-REEN quota will be required once the member re-enters a C-WAY-REEN window for PRD or soft expiration of active obligated service. Sailors desiring to reenlist in order to obtain the required OBLISERV for VSDP must follow C-WAY-REEN procedures contained in paragraph 4c.

(2) Sailors currently in sea duty assignments must extend beyond their PST for a minimum of 12 months, but not to exceed 24 months of additional PST.

(3) Sailors terminating shore duty early to go to sea may extend for 12 months to a maximum of 36 months provided they exactly match the minimum OBLISERV required for the orders accepted (12 months unaccompanied for type 3 duty OCONUS), 24 months for CONUS or unaccompanied OCONUS, or 36 months accompanied OCONUS (e.g., a shore-duty Sailor within 5 months of end of active obligated service (EAOS) would have to extend for 31 months to obtain OCONUS orders).

(4) Sailors who do not execute orders negotiated for this program for any reason will have their extension rescinded. Authority to execute an STE with C-WAY-REEN deferment under this program is granted only after the NAVPERS 1306/7 request has been approved by NAVPERSCOM (PERS-40) and Bureau of Naval Personnel (BUPERS), Enlisted Community Management (BUPERS-32).

i. STE Limitations. STE's in support of this program are limited as follows:

(1) Enlisted contracts cannot be extended for more than 48 aggregate months;

(2) A single extension greater than 36 months is not authorized;

(3) A maximum of three extension agreements, per enlistment, are authorized if the Sailor is accepted for orders under this program. Extension agreements authorized during initial recruit enlistment contracts for 6-year obligation enlistment programs (e.g., nuclear power or advanced training programs) do not count against the three extensions authorized per enlistment contract;

(4) No extension, in any circumstance, can take a Sailor (E-5 and below) beyond 14 years of service, and Sailors must not have more than 13 years of service on the day the STE commences; and

(5) Extensions can be executed without C-WAY-REEN approval once orders have been negotiated with NAVPERSCOM (PERS-

40) and the Sailor has met all eligibility C-WAY-REEN deferment requirements.

5. **Restrictions**. VSDP requests will not be approved for any of the following conditions:

a. Prior C-WAY-REEN application was denied and member was told to separate;

b. The member is currently being processed for administration separation; and

c. The member is not selected for continuation or retention.

6. **Oversight**. NAVPERSCOM (PERS-4013) will provide VSDP Program metrics reports to OPNAV, Force Shaping Plans and Policy Branch (N132) on a monthly basis.

ISOLATED DUTY TOURS

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-4142
			COM	(901) 874-4142
			FAX	882-2693

References	(a) OPNAVNOTE 4600 (annual)
-------------------	-----------------------------

1. **General Information.** Overseas isolated duty consists of the geographical areas noted in MILPERSMAN 1300-304 where family members are not authorized, and USNS ships (except USNS COMFORT and USNS MERCY) and units listed in reference (a).

a. Members assigned to the units identified above will be offered the option of reassignment to their previous continental United States (CONUS) duty station area, or given an advanced assignment to the next duty station area in CONUS if they complete the tour to projected rotation date (PRD) as assigned.

b. Reassignment shall be based on valid requirements and in consonance with the appropriate sea/shore rotation.

c. Enlisted members residing in government quarters in a CONUS fleet concentrated area, who elect an overseas unaccompanied tour where accompanied tours are authorized, are entitled to a home basing guarantee per this article, and may maintain residences for their families in government quarters while serving their unaccompanied tours.

d. Upon selection for an overseas isolated duty tour, members may elect from the following options, subject to eligibility for available billets:

(1) **Return to area of previous CONUS duty station.**
Members electing this option may return to the area of their previous CONUS duty station. The intent is to permit geographic stability for member's family over three assignment periods.

(2) **Choice of the top half of the current requisition.**
Members electing this option must specify a requisition and may

choose an assignment for which they are eligible, or qualify for prerequisite training, from the top half of that requisition.

e. Options should be submitted via www.cmsid.navy.mil.

f. Seabees are not eligible for the above options.

g. The requisition process will provide visibility of available requirements nine months prior to the member's PRD. Detailers will be able to negotiate assignments, based on elected options, after that point.

h. Upon notification of guaranteed assignment, make the following entry on NAVPERS 1070/613 (10/81), Administrative Remarks:

"I understand that my guaranteed assignment may be canceled or changed as the needs of Navy dictate if I execute any of the following family member travel entitlements: Shipment of household goods (HHG) (except those shipped to my isolated duty station for my use); non-temporary storage of HHG (except members without family members); and receipt of with family member dislocation allowance."

MILPERSMAN 1306-250

GUARANTEED CHOICE OF COAST FOR POST-JAPAN, -GUAM, AND -KOREA ASSIGNMENTS FOR ENLISTED PERSONNEL

Responsible Office	NAVPERSCOM (PERS-40)	Phone: Toll Free	1-866-U ASK NPC
---------------------------	-------------------------	------------------	-----------------

1. **Policy.** Sailors will be offered the opportunity to choose the east or west coast in the continental United States (CONUS) for their follow-on assignment for volunteering for duty with sea-going units or shore commands in Japan, Guam, and Korea.

a. Sailors must submit coast selection by NAVPERS 1306/7 (Rev. 1/03), Enlisted Personnel Action Request, 12-15 months prior to their projected rotation date (PRD).

b. Sailors must complete the entire Department of Defense (DOD) area tour to PRD in Japan, Guam, and Korea to receive the choice of coast guarantee. If they do not complete the entire tour through no fault of their own, coast guarantee validity will be determined on a case-by-case basis by Navy Personnel Command (NAVPERSCOM), Enlisted Distribution Division (PERS-40).

c. Post-Japan, -Guam, and -Korea reassignments shall be based on valid requirements and in consonance with sea/shore rotation (SSR).

d. If the desired coast is not available in **Career Management System Interactive Detailing (CMSID)** at the time of selection and Sailors subsequently do not make a selection by the 5-month point of their negotiating window, they may request to their detailer for the highest priority billet not on CMSID for the desired coast. If Sailors do not desire that billet, they may waive their right to coast selection and select a billet from CMSID.

e. If the desired coast has been/is visible in CMSID for selection, Sailors will be assigned to that billet at the 5-month point of their negotiating window.

f. Text shall be included in all permanent change of station (PCS) orders to Japan, Guam, and Korea to read as follows:

"Upon completion of these orders, you are guaranteed a follow-on assignment to the coast of your choice in CONUS if a valid billet exists per MILPERSMAN 1306-250. There is no guarantee of actual homeport. In order to obtain a guaranteed coast, you must submit NAVPERS 1306/7 via the chain of command not later than 12 months prior to your PRD to identify your coast of choice. You must complete this tour to PRD for this guarantee to apply. If you do not complete the entire tour through no fault of your own, guarantee validity will be decided by NAVPERSCOM (PERS-40) on a case-by-case basis."

g. If Sailors choose to waive their guaranteed coast selection, a NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks entry will be made in their service record and a NAVPERS 1306/7 to that effect will be submitted to the detailee (orders will not be released until NAVPERS 1306/7 is received by NAVPERSCOM).

h. Coast selection option is only redeemable upon transfer from Japan, Guam, and Korea, and cannot be "banked" for a future tour. Coast selection shall not be retroactive for those already assigned to Japan, Guam, and Korea billets upon announcement of this program.

MILPERSMAN 1306-300

OVERSEAS TOUR EXTENSION INCENTIVES PROGRAM (OTEIP)

Responsible Office	NAVPERSCOM (PERS-40CC)	Phone:	DSN COM FAX	882-3550 (901) 874-3550 882-2647
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

References	(a) 10 U.S.C. §705 (b) 37 U.S.C. §314 (c) DoD 7000.14-R, Financial Management Regulations, Volume 7A, Military Pay Policy-Active Duty and Reserve Pay, September 2013 (d) NAVSO P-6034, Joint Federal Travel Regulations (JFTR), Volume 1, Uniformed Service Members, Chapter 7, Part J, Section U7305 (e) OPNAVINST 4650.15B (f) Navy DJMS Procedures Training Guide, Chapter 14
-------------------	--

1. **Policy.** Overseas Tour Extension Incentives Program (OTEIP) offers eligible enlisted members the opportunity to choose one of four incentive options for an extension of the Department of Defense (DoD) overseas tour length of 12 months or more.

a. The following options are available:

(1) **Option A** - \$80 per month special pay for each month during the period of the extension.

(2) **Option B** - 30 days rest and recuperation rest and relaxation (R&R) absence during the period of extension.

(3) **Option C** - 15 days R&R absence, plus round trip transportation at Government expense from the location of the extended tour of duty to the port of debarkation in **continental United States (CONUS)** and return during the period of extension. Members authorized OTEIP extensions longer than 12 months are entitled to receive 20 days R&R absence.

(4) **Option D** - \$2,000 lump sum payment on the first day of the 12-month extension.

b. The elected OTEIP option may not be effected prior to the projected rotation date (PRD) extension becoming operative.

c. An extension overseas required for command sponsorship of family member(s) will not be used as an extension for eligibility under this program.

d. The authority and guidance for the OTEIP incentives are contained in references (a) through (f).

e. A request for extension in an overseas area need not be for the same command. An extension of at least 12 months may be granted for a new command or permanent duty station (PDS), if the new assignment satisfies the prescribed DoD tour length at the new activity. This exception is only used in conjunction with a decommissioning or billet reduction when a member is not being reassigned for a full DoD tour. In these circumstances, the extension must be for a minimum of 12 months, or the unaccompanied tour length at the new area, whichever is greater.

f. Incentive options may not be granted without receipt of approval authorization from Navy Personnel Command (NAVPERSCOM), Entitlements Program Manager (PERS-40CC).

g. Consecutive overseas tour (COT) leave entitlement is earned when a member is assigned to back-to-back complete DoD tours. OTEIP is earned for extensions of at least 12 months beyond the current DoD tour.

NOTE: Upon receipt of the OTEIP authorization message, command should retain one copy in member's command career counselor folder, provide a copy to member, and ensure the supporting personnel support detachment (PERSUPP DET) or personnel office (PERSOFF) receives a copy with the appropriate NAVPERS 1070/613 Administrative Remarks as described in paragraph 6, below.

2. **Eligible Members.** The following enlisted members are eligible for OTEIP:

a. Members serving overseas on Type "3", "4", or "6" duty and members serving in Hawaii on Type "2" duty. Personnel must complete the prescribed DoD area tour (accompanied for those

taking family member(s), unaccompanied for those who do not take family member(s)) before being eligible for OTEIP.

b. Members serving outside these areas on temporary additional duty (TEMADD) in excess of 179 days during any 12-month period will not be eligible for OTEIP.

c. A member assigned to a family member-restricted tour location who extends for a minimum of 12 months beyond the prescribed DoD tour length, may elect either the OTEIP or COT leave travel entitlement, not both.

3. **OTEIP Benefits for First-Termers.** First-term members assigned to an overseas PDS will be eligible for OTEIP following completion of the prescribed DoD area tour (accompanied tour length for those with command sponsored family member(s) on station, and an all others tour length for single Sailors or those with family member(s) electing to serve an unaccompanied tour). This policy is modified to include all members whose assigned tour exceeds the DoD tour length by at least 12 months. Hence, a single member assigned to Type "4" duty in Japan for a 36-month sea tour where the DoD unaccompanied and all others tour is 24 months, would be OTEIP eligible for the third year. OTEIP benefits, in this case, are not automatic and must be requested.

4. **Request Procedures.** Submit requests for voluntary extensions of 12 or more months to NAVPERSCOM (PERS-40CC), not more than 18 months or less than 9 months, prior to current PRD.

a. The preferred method of submission is via the BUPERS ON-LINE (BOL) OTEIP Program.

b. Commands without BOL OTEIP Program capability may submit requests via BOL Personnel Action Request (PAR), NAVPERS 1306/7 Enlisted Personnel Action Request, naval message (Exhibit 1), or letter signed by commanding officer (CO) or delegated signing authority. NAVPERS 1306/7 may be accessed via the following link: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Documents/NAVPERS%201306-7.pdf>.

c. Processing times using BOL PAR, NAVPERS 1306/7, naval message, or letter are greater than with the BOL OTEIP Program. Use one method of submission and do not resubmit requests,

unless a request is verified as not received by NAVPERSCOM (PERS-40CC).

d. Requests submitted via BOL PAR, NAVPERS 1306/7, naval message, or letter must include the following:

(1) Recommendation by the command.

(2) The specific time frame of the requested extension period or the specific time frame of OTEIP eligibility, if requesting OTEIP benefits when no PRD adjustment is needed.

(3) Member's elected option (A, B, C, or D).

5. **Approval Factors.** Approval of OTEIP requests will be based on the following factors:

a. Current manning and priorities (needs of the Navy);

b. Need for the member at a Type "2" or "4" unit (shipboard duty), if on Type "3" duty;

c. Status of relief;

d. Timeliness of request (submission cannot be more than 18 months or less than 9 months prior to PRD); and

e. Need for member at a Chief of Naval Operations (CNO) priority billet (i.e., instructor, recruiter).

6. **Approval by NAVPERSCOM:**

a. **Personnel Approved for Incentive Option A**

(1) The command shall:

(a) Prepare the following NAVPERS 1070/613 utilizing Navy Standard Integrated Personnel System (NSIPS). Complete the NAVPERS 1070/613 panel as follows:

Authority: MILPERSMAN 1306-300

Permanent: Yes

Date: Select Date Prepared

Subject: OVERSEAS TOUR EXTENSION INCENTIVE - OPTION A

Remarks: As authorized by MILPERSMAN 1306-300, I desire to exercise incentive Option A for my overseas extension of ____ months for the period ____-____.

Approving Officer Signature: (Signature of commanding officer or designee with "by direction" authority).

Witness Signature: Enter the name and title of the witness in the appropriate blocks followed by the date the member and witness will sign the NAVPERS 1070/613.

Member Signature: Select the date the member will sign.

(b) Print NAVPERS 1070/613, obtain the member and witness signatures, and submit it with a copy of the OTEIP authorization message to the servicing PERSUPP DET or PERSOFF.

(2) The PERSUPP DET or PERSOFF shall:

(a) Verify the NSIPS NAVPERS 1070/613 Administrative Remarks entry and submit the NAVPERS 1070/613 to the Official Military Personnel File (OMPF).

(b) Authorize the OTEIP payment per reference (f).

b. Personnel Approved for Incentive Option B

(1) The command shall:

(a) Authorize R&R absence and complete the NSIPS Administrative Remarks panel as follows:

Authority: MILPERSMAN 1306-300

Permanent: Yes

Date: Select Date Prepared

Subject: OVERSEAS TOUR EXTENSION INCENTIVE - OPTION B

Remarks: As authorized by MILPERSMAN 1306-300, I desire to exercise incentive Option B for my overseas extension of _____ months for the period _____-_____.

Approving Officer Signature: (Signature of commanding officer or designee with "by direction" authority).

Witness Signature: Enter the name and title of the witness in the appropriate blocks followed by the date the member and witness will sign the NAVPERS 1070/613.

Member Signature: Select the date the member will sign.

(b) Print NAVPERS 1070/613, obtain the member and witness signatures, and submit it with a copy of the OTEIP authorization message to the servicing PERSUPP DET or PERSOFF.

(2) The PERSUPP DET or PERSOFF shall verify the NSIPS Administrative Remarks entry and submit the NAVPERS 1070/613 to the OMPF.

NOTE: Option B must be used during operative period of extension and may not be used in conjunction with permanent change of station transfer or separation leave.

c. **Personnel Authorized Incentive Option C.** The accounting data in the NAVPERSCOM OTEIP approval message will be provided to personnel authorized incentive Option C. In order to allow local administrative support personnel sufficient processing time, change requests to Option C should be submitted via BOL PAR, NAVPERS 1306/7, letter, or naval message to NAVPERSCOM (PERS-40CC), not less than 30 days prior to the proposed commencement of travel. Travel for members serving in Type "4"

units electing incentive Option C will originate from and return to the unit's homeport.

(1) The command shall:

(a) Authorize R&R absence, plus round trip transportation at Government expense from the location of the extended tour of duty to the CONUS port of debarkation and return during the period of extension;

(b) Complete the NSIPS Administrative Remarks panel as follows:

Authority: MILPERSMAN 1306-300

Permanent: Yes

Date: Select Date Prepared

Subject: OVERSEAS TOUR EXTENSION INCENTIVE - OPTION C

Remarks: As authorized by MILPERSMAN 1306-300, I desire to exercise incentive Option C for my overseas extension of ____ months for the period ____-____. I plan to travel during the period ____-____. I understand that no per diem, meals, or lodging are authorized in connection with this travel and that no transportation or per diem has been authorized for family member(s).

Approving Officer Signature: (Signature of commanding officer or designee with "by direction" authority).

Witness Signature: Enter the name and title of the witness in the appropriate blocks followed by the date the member and witness will sign the NAVPERS 1070/613.

Member Signature: Select the date the member will sign.

(c) Print NAVPERS 1070/613, obtain the member and witness signatures, and submit it along with a copy of the OTEIP authorization message to the servicing PERSUPP DET or PERSOFF.

(d) Upon receipt of the accounting data, the local command will prepare the necessary travel orders citing the authority for R&R absence as MILPERSMAN 1306-300.

(e) TEMADD orders will reflect, "Travel by Government air is directed where available; otherwise, commercial air authorized as arranged by a Navy Passenger Transportation Office (NAVPTO) or other designated direct port-call activity."

(f) Leave will commence and terminate at the appropriate CONUS port of debarkation and embarkation. Free baggage allowance is two pieces of checked baggage (each piece not to exceed 62 linear inches or 70 pounds) and one "carry-on" bag (not to exceed 45 linear inches). No excess baggage is authorized.

(g) Return transportation should be arranged prior to departure of the member from the overseas location. This may be accomplished by the overseas NAVPTO or other designated direct port-call activity.

(2) The member is entitled to transportation from the location of the extended tour of duty to the nearest port of embarkation providing travel to the United States (U.S.), then to the nearest port of debarkation in the U.S. and return.

(3) The PERSUPP DET or PERSOFF shall verify the NSIPS Administrative Remarks entry and submit the NAVPERS 1070/613 to the OMPF.

d. Personnel Approved for Incentive Option D

(1) The command shall:

(a) Complete the NSIPS Administrative Remarks panel as follows:

Authority: MILPERSMAN 1306-300

Permanent: Yes

Date: Select Date Prepared

Subject: OVERSEAS TOUR EXTENSION INCENTIVE - OPTION D

Remarks: As authorized by MILPERSMAN 1306-300, I desire to exercise incentive Option D payment for my overseas extension of _____ months for the period _____-_____. I understand that if I fail to fully complete the 12-month overseas extension, the Government is authorized to recoup the unearned pro rata portion of the lump sum payment.

Approving Officer Signature: (Signature of commanding officer or designee with "by direction" authority).

Witness Signature: Enter the name and title of the witness in the appropriate blocks followed by the date the member and witness will sign the NAVPERS 1070/613.

Member Signature: Select the date the member will sign.

(b) Print NAVPERS 1070/613, obtain the member and witness signatures, and submit it along with a copy of the OTEIP authorization message to the servicing PERSUPP DET or PERSOFF.

(2) The PERSUPP DET or PERSOFF shall:

(a) Verify the NSIPS Administrative Remarks entry and submit the NAVPERS 1070/613 to the OMPF.

(b) Authorize the OTEIP payment per reference (f).

7. **Changing of Incentive Options.** When member is unable to take advantage of the originally elected option due to operations, schedules, or personal preference; take the following actions.

a. The command shall:

(1) Complete the NSIPS Administrative Remarks panel as follows:

Authority: MILPERSMAN 1306-300

Permanent: Yes

Date: Select Date Prepared

Remarks: As authorized by MILPERSMAN 1306-300, I desire to change my previously elected OTEIP option from ____ to _____. I certify that I have neither received, nor executed any portion of my previously elected option for the period of extension _____ to _____.

Member authorized change of option from ____ to ____ for period of extension from _____ to _____.

Approving Officer Signature: Enter the name and title of the approving officer (must be the CO or designee with "by direction" authority) in the appropriate blocks followed by the date the member and approving officer will sign the NAVPERS 1070/613.

Witness Signature: Enter the name and title of the witness in the appropriate blocks followed by the date the member and witness will sign the NAVPERS 1070/613.

Member Signature: Select the date the member will sign.

(2) Print NAVPERS 1070/613, obtain the member and witness signatures, and submit it with a copy of the OTEIP authorization message to the servicing PERSUPP DET or PERSOFF.

(3) Submit OTEIP change requests to NAVPERSCOM (PERS-40CC) via BOL PAR, NAVPERS 1306/7, naval message, or letter signed by CO or delegated signature authority. Option change requests must indicate which option member was previously authorized, time frame of the previously authorized OTEIP period as verified by NAVPERSCOM authorization message, which OTEIP option member now desires, and the affirmative statement

certifying that the member has not received or executed any portion of the previously authorized OTEIP benefits.

NOTE: BOL OTEIP Program should not be used to request OTEIP option changes.

b. The PERSUPP DET or PERSOFF shall verify the NSIPS Administrative Remarks entry and submit the NAVPERS 1070/613 to the OMPF.

8. Canceling Extensions

a. Cancellation requests may be submitted via BOL PAR, NAVPERS 1306/7, or letter to NAVPERSCOM (PERS-40CC). Cancellation requests must include a justification statement about whether or not the member has used any portion of the OTEIP benefits and a recommendation about whether or not a gap in the billet is acceptable.

b. Members who elect Option D and do not complete the 12-month extension shall refund to the Government a pro rata recoupment of the unearned portion of the benefits. Secretary of the Navy may waive the obligation of a member to reimburse the Navy, if he or she determines that circumstances warrant the waiver.

(1) Waiver requests may be submitted to NAVPERSCOM (PERS-40CC) via BOL PAR, NAVPERS 1306/7, naval message, or letter signed by CO or delegated signature authority.

(2) Waiver requests must include justification.

c. Every effort must be made to ensure the member uses the entitled incentive option during the operative period of extension.

(1) Incentive options involving R&R absence cannot be authorized retroactively.

(2) Retroactive monetary entitlements are payable only with authorization from NAVPERSCOM (PERS-40CC).

(3) Requests for retroactive payment must include the reason why the option was not requested or used during the eligibility period of extension.

(4) The command shall:

(a) Complete the NSIPS Administrative Remarks panel as follows:

Authority: MILPERSMAN 1306-300

Permanent: Yes

Date: Select Date Prepared

Remarks: I acknowledge that I have received no benefits for the period _____ - _____ under the Overseas Tour Extension Incentives Program (OTEIP).

Approving Officer: (Signature of commanding officer or designee with "by direction" authority).

Witness Signature: Enter the name and title of the witness in the appropriate blocks followed by the date the member and witness will sign the NAVPERS 1070/613.

Member Signature: Select the date the member will sign.

(b) Print NAVPERS 1070/613, obtain the member and witness signatures, and submit it to the servicing PERSUPP DET or PERSOFF.

(5) The PERSUPP DET or PERSOFF shall verify the NSIPS Administrative Remarks entry and submit the NAVPERS 1070/613 to the OMPF.

SUBMARINE DUTY

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN COM FAX	882-3633 (901) 874-3633 882-2638
---------------------------	--------------------------	--------	-------------------	--

1. **Purpose.** To provide information and procedures pertaining to submarine duty. For information concerning instructor duty, overseas area assignments, etc., for submarine qualified personnel refer to the applicable article for general procedures. Other MILPERSMAN articles pertaining to submarine duty are as follows:

Topic	See MILPERSMAN
Qualification for Assignment to Submarine Duty	1306-402
Request for Submarine Training and Assignment	1306-404
Reassignment of Qualified Submariners	1306-406
Performance Monitoring Team (PMT)	1306-408
Chief of the Boat	1306-410
New Construction/Overhaul (OVHL)/Depot Modernization Program (DMP)/Conversion or Deactivation/Decommissioning (DECOM)	1306-412
Special Procedures for Assignment of SSBN Personnel	1306-414
Processing of Personnel Disqualified from Submarine Duty	1306-416
Submarine NR-1 and Deep Submergence Unit (DSU) Duty	1306-418
Assignment to Flag Writer Training for Submarine Qualified Yeoman	1306-420
Assignment to Electronic Surveillance/Support (SSEP) Groom Teams	1306-422
Physical Qualifications for Submarine Duty	1306-424

2. **Initial Submarine Training.** Initial submarine training is a 5-week basic course of instruction conducted at Naval Submarine School (NAVSUBSCOL), Groton, CT.

a. The purpose of the school is to provide basic training to assist personnel of all ratings to successfully complete the transition to submarine duty.

b. Enlisted personnel who volunteer for submarine duty are normally assigned to this school prior to reporting to their first submarine.

c. Waivers of attendance at NAVSUBSCOL may only be granted by Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignment Branch (PERS-403), with the approval of

- Commander, Submarine Force U.S. Atlantic Fleet (COMSUBLANT), or
- Commander, Submarine Force U.S. Pacific Fleet (COMSUBPAC),

as applicable.

d. Graduates of NAVSUBSCOL are assigned to duty aboard a submarine in commission or under construction.

e. Nuclear trained personnel will not normally attend NAVSUBSCOL.

MILPERSMAN 1306-402

QUALIFICATION FOR ASSIGNMENT TO SUBMARINE DUTY

------------	---

1. **Policy.** Candidates must exhibit the highest standards of personal conduct and reliability involving the operation and maintenance of submarines. With the exception of nuclear trained personnel who are otherwise screened, all personnel being initially screened for submarine duty should be evaluated, using the standards of eligibility for the Personnel Reliability Program (PRP) (reference (a)).

2. **Qualification Requirements**

a. **Time.** All volunteers for duty in submarines are required to complete **not less** than a 36-month initial sea tour prior to being eligible for shore duty, regardless of prior sea time. This commitment will ensure that all new submariners are given adequate experience in submarines.

b. Statement

(1) All candidates must make the following entry on NAVPERS 1070/613 (7-06), Administrative Remarks prior to transfer to submarine training:

"I hereby volunteer for duty in any type of submarine in the Atlantic or Pacific Fleet. I understand my minimum initial sea tour will be 36 months, regardless of prior sea duty. I also agree to extend my enlistment or to reenlist, if necessary, to meet obligated service (OBLISERV) requirements per MILPERSMAN 1306-604."

Member's Signature

Witnessed: _____
N. J. Weaver
LCDR, USN

(2) If member refuses to sign this entry or is not a volunteer, hold orders in abeyance and notify Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignment Branch (PERS-403).

c. Rate/Rating

(1) The following criteria are required for initial training or initial assignment to submarine duty:

(a) Be in paygrade E-1 through E-6. Personnel in paygrade E-7 will be considered on a case basis by NAVPERSCOM (PERS-403).

(b) Source ratings: HM (Navy Enlisted Classification (NEC) 8402), MM, MS, SK, YN, ET, MT, FT, STS.

(c) Nuclear-trained personnel: ET, EM, and MM.

(2) Volunteers into Advanced Electronics Field (MT) and Submarine Electronics Computer Field (SECF) (ET, FT, STS) ratings must incur the OBLISERV for entry into these ratings as necessary.

(3) Personnel not currently in a submarine source rating must include a rating conversion request (lateral or Selected Conversion and Reenlistment Program) in the submarine volunteer request.

(4) Personnel in the HM rating must have completed 6 years total active service with a minimum of 2 years in paygrade E-5.

d. **Armed Services Vocational Aptitude Battery (ASVAB).** Candidates must meet ASVAB criteria for the following ratings (minimum VE for all rates is 42):

RATING	AR+MK+EI+GS	VE+AR+MK+MC
MM(SS)	N/A	210
CS(SS)	200	200
MT(SS)	222	222
SK(SS)	200	200
YN(SS)	200	200
SECF (ETS,STS,FT)	222	222
HM	200	200

e. **Physical.** Candidates shall be physically qualified for submarine duty per reference (b), article 15-69, except as set forth herein.

(1) A physical for submarine duty must specifically state, "Qualified (or "Not Qualified) for Submarine Duty" in block 77 on DD 2808 (Rev. 10-05), Report of Medical Examination.

(2) Physical examinations more than **1 year** old will not be accepted.

(3) Recommendations for waiver of visual defects, in excess of the standards prescribed in reference (b), article 15-106, to include defective color vision, must be forwarded to NAVPERSCOM (PERS-403), via Bureau of Medicine and Surgery (BUMED) (MED-M3B42) for determination. This is applicable also for all borderline or questionable cases.

(4) The visual acuity standards for submarine duty have been greatly relaxed. Applicants concerned about their physical eligibility for submarine duty in this regard should consult

reference (b), article 15-106. Questions should be referred to NAVPERSCOM (PERS-403), via BUMED (MED-21).

(5) Some activities will not have all the facilities necessary to conduct the entire submarine physical as required by reference (b), article 15-106. To prevent undue delay in preparing a request for submarine training, those portions of the submarine physical which cannot be performed due to lack of facilities may be noted on

- DD 2808 (10-05), Report of Medical Examination, and
- DD 2807-1 (3-07), Report of Medical History,

and forwarded with NAVPERS 1306/7 (Rev. 1-03), Enlisted Personnel Action Request. These portions of the physical will be performed upon arrival at Basic Enlisted Submarine School. Although not required, it is strongly recommended an Undersea Medical Officer review the physical.

f. **Age.** Personnel commencing submarine training may not be more than 30 years of age. NAVPERSCOM (PERS-403) will consider age waivers on a case basis.

g. **Discipline.** Candidates must have a clear record that does not contain official entries indicating a conviction by court-martial or non-judicial punishment (NJP) awarded during the past 24 months. Requests for clear record waivers must be forwarded to NAVPERSCOM (PERS-403) and will be considered on past performance and commanding officer's (CO's) recommendation. A single case of NJP may be waived without reference to NAVPERSCOM (PERS-403) when, in the opinion of the applicant's CO, the offense was minor and not typical of the member's projected performance profile.

h. **Security Clearance**

(1) The course of instruction taught at Basic Enlisted Submarine School requires a CONFIDENTIAL security clearance, and duty in nuclear-powered submarines requires a SECRET clearance. For well-motivated candidates who unquestionably meet all other eligibility requirements for submarine duty, a National Agency Check (NAC) request should be initiated simultaneously with submission of NAVPERS 1306/7, provided an Entrance National Agency Check (ENTNAC) has not previously been completed. If it is apparent that this NAC cannot be completed prior to transfer, a request for an ONI-NAVPERSCOM Record Check, to be used as a

basis for interim clearance, must accompany the request forms. All requests for investigation shall be submitted per references (c), (d), (e), and (f). Also, see MILPERSMAN 5510-010. Strict compliance with the security requirements of this article is mandatory.

(2) Personnel in the YN and ETS ratings must have had a Background Investigation (BI) completed in the past 5 years, or have initiated a request for same.

i. **Performance.** Candidates must have a consistent record of above average performance, or a demonstrated trend towards improved performance. No mark below 3.0 is allowed. This requirement is applicable to the last two regular enlisted evaluations only. Special evaluations on poor performers, submitted only for the purpose of increasing performance marks in order to qualify for submarine duty, will not be accepted. In special cases, NAVPERSCOM (PERS-403) may grant waivers to this paragraph.

j. **Drug Use**

(1) Personnel with a history of in-service drug abuse will **not** be accepted for submarine duty.

(2) Personnel with a history of pre-service experimental use of marijuana may be waived for submarine duty in the following situations:

(a) Disclosure is made and has been waived by Commanding Officer, Naval Recruiting District, per reference (g).

(b) Any disclosure of experimental pre-service use of marijuana after enlistment can be waived **only** by NAVPERSCOM (PERS-403).

(c) Personnel with a history of pre-service drug abuse other than marijuana will not be accepted for submarine duty.

k. **Citizenship.** Only United States citizens are eligible for duty in the submarine force.

MILPERSMAN 1306-404

REQUEST FOR SUBMARINE TRAINING AND ASSIGNMENT

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN	882-3633
			COM	(901) 874-3633
			FAX	882-2638

1. **Submission of Requests for Submarine Training.** Enlisted personnel who meet the requirements of MILPERSMAN 1306-402 may submit their requests via their commanding officer (CO) to Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignment Branch (PERS-403) on **NAVPERS 1306/7 (5/02), Enlisted Personnel Action Request**, with current forms listed below attached:

- DD Form 2807-1 (Rev. 10-03), Report of Medical History
 - DD Form 2808 (Rev. 10-05), Report of Medical Examination
- a. In the "REQUEST ACTION" section of NAVPERS 1306/7, insert "INITIAL SUBMARINE TRAINING." COs shall include specific comments on factors listed in MILPERSMAN 1306-402. All applicable blocks must be completed.
- b. The physical examinations cannot be older than 1 year and must state, "qualified for submarine duty."
- c. Copies of the last two enlisted performance evaluations should be included.

2. **On Board for Duty.** All personnel who are on board for duty at an activity and are not in receipt of orders may apply for Enlisted Basic Submarine School.

- a. With the exception of submarine candidates ordered direct from Class "A" Schools and recruit training, personnel must serve at least 1 year onboard their current activity before they can be **ordered** to Enlisted Basic Submarine School.
- b. It is desirable that applications be submitted approximately 9 months early to permit ordering relief.

3. **Transient Status**

a. Members in a transient status, other than those available to NAVPERSCOM for assignment, are ineligible to apply for initial submarine training/duty until after reporting to their ultimate duty station.

b. Members awaiting assignment by NAVPERSCOM may, if qualified per MILPERSMAN 1306-402, indicate their desire for submarine training in availability reports.

4. **Attending Naval Schools**. Personnel attending naval schools in a nonreturnable status, who desire to volunteer for initial submarine training, may volunteer for initial submarine training per MILPERSMAN 1306-402.

5. **Submarine Duty Assignment**. Personnel selected for submarine training will be ordered to the Naval Submarine School (NAVSUBSCOL), Groton, CT, for the 5-week basic course of instruction. Orders to the school will read "For temporary duty under instruction and for further assignment by NAVPERSCOM to duty in submarines in the Atlantic or Pacific Fleet," or will be issued for ultimate assignment to a submarine via 5 weeks of Enlisted Basic Submarine School.

6. **Inability to Comply with Orders**. Noncompliance with orders to submarine training for any of the following reasons shall be reported as indicated:

a. **Insufficient obligated service (OBLISERV) and member refuses to extend or reenlist as necessary.** Submit message request to NAVPERSCOM (PERS-403) for cancellation of orders, with an information copy to all concerned. Include an explanation of relevant circumstances.

b. **Operational commitments or other factors preclude reporting by date specified.** Hold orders in abeyance. Request modification of the reporting date from NAVPERSCOM (PERS-403) by message, explaining the circumstances.

c. **Member no longer eligible for training because of physical or other reason.** Request cancellation of orders by message from NAVPERSCOM (PERS-403) with an information copy to all concerned. Include a brief explanation of relevant circumstances.

7. **Assignment upon Graduation.** During the fourth week of submarine training, students will receive their ultimate duty station orders. Graduates will be assigned to duty aboard a submarine in commission, or to a submarine under construction for a period of not less than a 36-month tour, regardless of present sea duty commencement date. This does not preclude assignment of submarine school graduates to a service school prior to initial assignment to a submarine.

8. **Submarine Qualification Program.** The submarine qualification program leading to the designation "Qualified in Submarines" is addressed in MILPERSMAN 1220-040.

9. **Reenlistment of Submarine Qualified Navy Veterans (NAVETS).** NAVPERSCOM, Enlisted Community Manager Submarine Personnel Advisory Section (PERS-4011D9) approval is required for an (SS) qualified Navy veteran (NAVET) to reenlist.

a. These personnel are screened to determine if they will be assigned within the submarine community. Personnel not screened, or disapproved for submarine duty prior to reenlistment, are assigned by the surface detailer and are not eligible for Continuous Submarine Pay (CONSUBPAY).

b. If a member was reenlisted without NAVPERSCOM (PERS-4011D9) screening and approval, member must submit a reinstatement request per MILPERSMAN 1306-416.

c. Assignment detailers are not authorized to discuss possible assignment with NAVETS until they have been screened and approved by NAVPERSCOM (PERS-4011D9) and have returned to active duty.

d. Personnel not approved for return to submarine duty are entitled to wear the Enlisted Submarine Warfare Breast Device.

MILPERSMAN 1306-406

REASSIGNMENT OF QUALIFIED SUBMARINERS

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN	882-3617
			COM	(901) 874-3617
			FAX	882-2638

References	(a) NAVMED P-117, Manual of the Medical Department (MANMED)
	(b) OPNAVINST 7220.15

1. **Policy.** Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignment Branch (PERS-403) desires that submarine qualified members be assigned duty within the submarine force if valid manning requirements exist.

2. **Reassignment of Qualified Submariners to Submarine Duty**

a. Enlisted members serving on duty outside the submarine force will be ordered to duty within the force at their projected rotation date (PRD), provided such manning requirements exist.

b. The Job Advertising and Selection System (JASS) found at www.jass.navy.mil may be used to identify submarine duty preferences. Submarine qualified members who no longer hold an Enlisted Designator 1 (Divers, Explosive Ordnance Disposal, Sea-Air-Land, Career Recruiter, etc.) must submit NAVPERS 1306/7 (Rev. 1/03), Enlisted Personnel Action Request for reinstatement of Enlisted Designator 1 and return to submarine duty.

c. Members who converted to a non-submarine source rating (MA, NC, etc.) must include a request for lateral conversion back to a submarine source rating, and if applicable, NAVPERS 1221/6 (6/06), Navy Enlisted Classification (NEC) Change Request for assignment of submarine specific NEC. See MILPERSMAN 1306-416 for amplifying instructions on how to apply for submarine reinstatement.

3. Qualification in Submarines by Members in Non-Submarine Source Ratings

a. MILPERSMAN 1220-040 specifies the criteria to be designated "Qualified in Submarines."

b. Waivers may be granted by NAVPERSCOM (PERS-403) for members serving temporary additional duty (TAD) on board a submarine who complete the on board requirements for qualification. A request for such a waiver must include an endorsement by the submarine commanding officer (CO) and submarine type commander (TYCOM). Members approved for such a waiver will be assigned Submarine Designator 7 (SG). **NOTE: Members in this category are not entitled to Continuous Submarine Pay (CONSUBPAY).**

4. Return to Submarine Duty following Limited Duty (LIMDU).

Non-nuclear trained submarine designated members on LIMDU, found fit for full duty by a Physical Evaluation Board (PEB), require further medical screening per reference (a), article 18 to ensure the member is qualified for submarine duty.

a. Prior to submitting a class "YJ" Availability Report the member's medical record must be screened by an Undersea Medical Officer to verify physical qualification per MILPERSMAN 1306-1200 through 1306-1210. The doctor's name and the statement "found physically qualified for submarine duty" must appear in the remarks section of the YJ Availability Report. A class "YJ" Availability Report submitted without this information will be canceled. If an Undersea Medical Officer is not available, a submarine physical must be completed per reference (a), article 15.

b. Nuclear trained submarine members are addressed separately in MILPERSMAN 1306-1206.

5. Transfer out of the Submarine Force. Members approved for permanent transfer to a community outside the submarine force, or assigned a rating or NEC which is non-submarine specific (i.e., HM training, Career Recruiter Force, Second Class Diver training, etc.), will be assigned Submarine Designator 7 (SG).

a. This entitles the member to wear the submarine warfare breast insignia, but member is no longer eligible for CONSUBPAY. The assignment of Submarine Designator 7 (SG) is made effective the date of the rating change or NEC assignment.

b. If a member requests release from the non-submarine community and desires to return to submarine duty, member must include a request for reinstatement to the submarine force.

c. Reinstatement to submarine duty for these members is not automatic and is approved only by NAVPERSCOM (PERS-403); or for HM Submarine Independent Duty Corpsman (IDC), NAVPERSCOM (PERS-403) and Chief of Naval Operations (CNO), Nuclear Enlisted Program Manager (N133D).

6. **Maximum Tour Length away from Submarine Duty.** Reference (b) allows submarine designated members to draw CONSUBPAY while not serving on board a submarine if they maintain an obligated service (OBLISERV) of 14 months beyond the non-submarine duty PRD (if otherwise eligible), in order for the member to rotate back to submarine duty.

a. The intent of this requirement is that submarine qualified members return to submarine duty on a normal sea/shore rotation throughout their career.

b. Members who remain away from submarine duty for more than 5 years maximum, by virtue of an additional non-submarine tour of duty or PRD extension, will be screened by NAVPERSCOM (PERS-403) prior to returning to submarine duty.

c. Members who elect to remain on non-submarine duty will be assigned Submarine Designator 5 (SQ). This entitles a member to continue to wear the enlisted submarine warfare breast insignia, but member is no longer entitled to CONSUBPAY and is not to be assigned to submarine duty without NAVPERSCOM (PERS-403) approval.

MILPERSMAN 1306-408

PERFORMANCE MONITORING TEAM (PMT)

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN COM FAX	882-4933 (901) 874-4933 882-2638
---------------------------	--------------------------	--------	-------------------	--

1. **Purpose.** To provide information and guidance for submission of request for assignment to Performance Monitoring Team (PMT).

2. **Background.** PMTs, formerly Ship System Maintenance Monitoring Support Detachments, were established in the early 1970s to assist in development and operation of the SSBN Extended Operating Cycle and the accompanying Extended Refit Period. Because this concept proved so successful, additional detachments have been established to support SSN submarines. All detachments have been redesignated as PMTs. PMTs are located at all submarine homeports.

3. **Tour Length**

a. **Non-nuclear personnel.** Due to technical expertise and close contact with civilian technical engineers, PMT tours for non-nuclear personnel will be 36 months. For sea/shore duty determination, the tour will be the same as for the corresponding submarine staff.

b. **Nuclear personnel.** They will be assigned to a 36-month PMT tour in the continental United States (CONUS) to count as shore duty for rotation. Upon completion, they will be reassigned to an operational nuclear powered ship for the prescribed sea tour.

4. **Eligibility Requirements.** Members requesting assignment to a PMT must be eligible for the type duty at the location requested.

a. Nuclear trained personnel must complete a minimum of 48 months at sea in an operational billet prior to assignment and be Engineering Watch Supervisor qualified.

b. Due to the nature of the evaluation and data collection procedures used in a PMT, members in paygrades below those of MILPERSMAN 1306-408 will not normally be assigned to a PMT.

c. All members requesting assignment to a PMT should be of high professional quality and adept at communicating effectively with both civilian and military personnel. Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignment Branch (PERS-403) will screen each volunteer prior to assignment.

5. **Submission of Requests**. The applicant should arrange an interview with an officer in charge (OIC) of a PMT whenever possible. In conjunction with the interview, requests should be submitted to the member's respective detailee on NAVPERS 1306/7 (Rev. 1/03), Enlisted Personnel Action Request, approximately 9 months prior to member's projected rotation date (PRD).

MILPERSMAN 1306-410

CHIEF OF THE BOAT

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN	882-3633
			COM	(901) 874-3633
			FAX	882-2638

References	(a) NAVPERS 18068F, Navy Enlisted Manpower and Personnel Classifications and Occupational Standards, Volume II, Navy Enlisted Classifications (b) OPNAVINST 1306.2D
-------------------	--

1. Policy

a. Chief of the Boat (COB) is assigned by billet and identified by Navy Enlisted Classification (NEC) 9579 as described in reference (a).

b. COB tour lengths are normally 36 months. Extensions of COB tours are normally not approved except for special cases such as overhaul/change of homeport stability.

2. Eligibility. Assets to fill COB billets are members who hold secondary NEC 9579.

a. **Submarine members** must be E-9, E-8, or E-8 selectee to be eligible for this NEC.

b. **Nuclear-trained members**

(1) For nuclear-trained members to be assigned to a COB billet, member must be E-9; or if E-8, must be eligible for transfer to the Fleet Reserve.

(2) Nuclear-trained members who are assigned as COB will not be assigned duties in connection with supervision, operation, maintenance, or training in nuclear propulsion plants. They will concurrently be assigned primary NEC 3359. Strategic Weapons System (SWS) members assigned as COB will concurrently be assigned primary NEC 3349.

3. **Identification/Selection.** Commanders (CDRs)/commanding officers (COs) are responsible for identifying outstanding members who have demonstrated excellence in leadership and managerial qualities for assignment of COB NEC 9579.

a. Upon initial selection of an eligible candidate, CDRs/COs will submit NAVPERS 1221/6 (6/06), Navy Enlisted Classification (NEC) Change Recommendation, recommending assignment of secondary NEC 9579:

Via	To	Copy to
parent submarine group/squadron commander NOTE: For shore-based activities , NAVPERS 1221/6 should be submitted via the submarine group/squadron commander geographically located nearest the member's current command.	NAVPERSCOM, Nuclear Power/Submarine Assignment Branch (PERS-403)	<ul style="list-style-type: none">• Commander Submarine Force U.S. Atlantic Fleet (00A) or Commander Submarine Force U.S. Pacific Fleet (003) (as appropriate)• NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013)

b. Justification required in NAVPERS 1221/6. Block 7 is the commanding officer's recommendation of suitability which verifies the member meets selection requirements outlined in reference (b), section C, and MILPERSMAN 1306-900 for assignment as Command Master Chief.

c. A statement must be made that a NAVPERS 1070/613 (10/81), Administrative Remarks entry has been executed, stating the member is a volunteer for assignment as COB per needs of the Navy.

4. **Interview/Screening/Assignment**

a. The submarine group/squadron commander will form an interview/screening board, which should include the Command Master Chief (CMDCM) and two currently serving COBs.

b. The board will conduct the required interviews/screening and forward a recommendation for the submarine group/squadron commander's recommendation and comments.

c. The group/squadron will subsequently forward the endorsed NAVPERS 1221/6 to NAVPERSCOM (PERS-403).

d. NAVPERSCOM (PERS-403) will formally screen each recommendation and NAVPERS 1221/6 by reviewing the member's service record, the Enlisted Master File, and Navy Central Registry to certify the member meets all qualifications listed in reference (b), section C.

e. Upon assignment as COB, reference (b), sections E, F, G, and I apply.

f. Once assigned NEC 9579, member is eligible for assignment to a COB billet, per needs of the Navy. Assignment to a COB billet is not assured.

5. **Projected Loss**. Since COB reliefs are programmed approximately 6 to 9 months in advance, it is essential that NAVPERSCOM (PERS-403) be advised of the command's intentions and those of the incumbent COB. The following procedures must be utilized to minimize the possibility of gapping this critical billet.

a. If incumbent COBs desire to extend their projected rotation date on board, they must submit NAVPERS 1306/7 (Rev. 01/03), Enlisted Personnel Action Request with the command's endorsement, to NAVPERSCOM (PERS-403) via the appropriate chain of command.

b. If an early relief from NAVPERSCOM (PERS-403) assets is desired/required a message or letter must be submitted per MILPERSMAN 1306-104. Ensure desired reporting date is included.

c. Extensions of COB tours require type commander's approval.

d. Fleet-up to COB from on board assets will not be approved. Should the unplanned loss of the incumbent COB necessitate a temporary fleet-up of an on board asset while a permanent replacement is being located, approval of the type commander is required.

e. Whichever procedure is elected, prompt correspondence with NAVPERSCOM (PERS-403) is essential to facilitate an orderly and timely relief.

6. **Removal of COB Designation NEC 9579**

a. In the event it becomes necessary to disqualify a member from further duty as COB (either for administrative or other reasons), the CO shall submit NAVPERS 1221/6 recommending removal of NEC 9579 to NAVPERSCOM (PERS-403), via the parent submarine group/squadron commander and type commander, together with justification to support NEC removal.

b. In the event NEC removal is derogatory in nature, members will be afforded an opportunity to make a statement in their own behalf.

(1) This statement will be appended to NAVPERS 1221/6.

(2) In lieu thereof, member may signify acknowledgment on NAVPERS 1221/6, block 7.

(3) Removal of a serving COB's NEC requires submission of a "Detachment for Cause" request, per MILPERSMAN 1616-010.

MILPERSMAN 1306-412

NEW CONSTRUCTION, OVERHAUL (OVHL)/DEPOT MODERNIZATION PROGRAM (DMP)/CONVERSION OR DEACTIVATION/DECOMMISSIONING (DECOM)

-------------------	--

1. Policy

a. Members will be ordered to crews of nuclear powered submarines under construction and to SSBNs undergoing overhaul (OVHL) in two or more discrete increments.

b. Certain members of crews of submarines under construction or OVHL should be stabilized, so the submarine commences the construction or OVHL with an adequate number of members who will remain on board throughout the shipyard period, and a reasonable period thereafter, to provide necessary continuity and a training base for members reporting later in the construction or OVHL period. Members who are stabilized will commence rotation off the ship per the following schedule:

(1) **SSN new construction** -- in the 12 months after commissioning.

(2) **SSBN Trident new construction** -- in the 18 months after commissioning.

(3) **SSN OVHL** -- in the 12 months after OVHL completion.

(4) **SSBN (All) OVHL** -- in the 13 months after OVHL completion.

2. **References.** Commanding officers (COs) and executive officers of new construction, OVHL/depot modernization program (DMP)/conversion or deactivation/decommissioning (DECOM) units should review this article for specific requirements. The following additional references should also be reviewed:

Topic	Reference

Dislocation allowance	NAVSO P-6034, Volume 1, chapter 5, part G
Trailer allowance	NAVSO P-6034, Volume 1, chapter 5, part F
Family separation allowance	DOD 7000.14-R, Volume 7A, part 3
Manning requirements	COMSUBLANT/COMSUBPACINST 1306.1
Manning requirements	OPNAVINST 3111.14V

3. **Manning Procedures for New Construction Submarines.** Navy Personnel Command (NAVPERSCOM) will exercise assignment control and manning control for all enlisted manning requirements, with the exception of non-designated SN/FN, until manning control is shifted to NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013) at commissioning. Thereafter, manning requirements will be handled in the normal fashion by the designated Manning Control Authority (MCA).

a. **Filling Requirements.** Enlisted manning requirements for new construction submarines will be filled by volunteers and other eligible members who become available for assignment from sea/shore activities in the appropriate time frame.

b. **Nominating Additional Members.** When these sources are exhausted, the gaining MCA will be required to nominate additional members from the MCA's assets to complete the manning. NAVPERSCOM, Nuclear Power/Submarine Assignment Branch (PERS-403) will issue a modified Personnel Deficiency Report (PDR) to NAVPERSCOM (PERS-4013), with a copy to the gaining MCA,

type commander (TYCOM), and present immediate superior in command (ISIC).

c. **Screening.** All rated members and designated SN/FN volunteers or nominees for assignment to new construction submarines will be screened per this article and approved by NAVPERSCOM (PERS-403) prior to issuance of orders.

d. **NAVPERSCOM (PERS-4013) Responsibility.** NAVPERSCOM (PERS-4013) will ascertain eligibility and issue assignment directives for non-designated SN/FN.

e. **Control Arrival at Submarines.** To provide for efficient utilization of critical, highly trained and skilled manpower, NAVPERSCOM will ensure that members do not arrive at the submarines significantly earlier than when they can be effectively utilized.

f. **Modify Manning Directives.** The status of the submarines will be monitored by NAVPERSCOM, and manning directives will be modified as dictated by changes in the construction schedule.

g. **Issue Manning Directives.** To provide timely manning for submarines, NAVPERSCOM (PERS-403) will issue manning directives to NAVPERSCOM (PERS-4013) per the following schedule:

(1) **Twelve months prior to first increment manning date,** NAVPERSCOM will issue manning directives for new construction submarines to the MCA and NAVPERSCOM (PERS-4013).

(2) **Nine months prior to reporting date for each increment,** NAVPERSCOM (PERS-4013) will ensure manning requirements reflect in the personnel requisition.

(3) **Six months prior to the reporting date for each increment,** NAVPERSCOM (PERS-403) will identify all members who have been approved for assignment. Should NAVPERSCOM (PERS-403) exhaust all options to identify qualified members to meet requirements, NAVPERSCOM (PERS-4013) will be tasked to initiate action to obtain additional qualified members to fill remaining requirements.

(4) **Four months prior to the reporting date for each increment,** NAVPERSCOM will issue assignment directives for members who have been approved for assignment utilizing requisition numbers from the personnel requisition.

(5) Thereafter, assignment directives will be issued as additional members are identified.

(6) When manning of the precommissioning unit has been completed, and in conjunction with the commissioning of the submarine, NAVPERSCOM will notify (PERS-4013), and the MCA will be shifted to the respective fleet commander effective upon the date of commissioning.

4. **Engineering Department Manning**

a. The first increment engineering department allowance of each new construction nuclear submarine will be filled with a majority of sea experienced nuclear propulsion plant operators.

b. The reporting date for these members is keyed to propulsion plant construction events. The remaining nuclear propulsion plant operators will report at a later increment date.

5. **Members Approaching Fleet Reserve Eligibility.** Members with over 17 years active service (as of their tentative reporting date to a new construction submarine) who are volunteers for this duty shall be required to execute the following NAVPERS 1070/613 (Rev. 10-81), Administrative Remarks entry and forward a copy with their request for this duty:

"If selected for new construction submarine duty in a ship with a reporting date of _____, I agree to remain on active duty until 12 (18 months for a Trident submarine) months subsequent to the commissioning date of the submarine to which I am assigned."

Member's Signature

Witnessed: _____
C. J. WIRTZ
LCDR, USN, Personnel Officer

6. **Establishing or Adjusting Projected Rotation Dates (PRD).**

While every command should establish a comprehensive PRD management plan, the following guidelines are provided:

a. **New Construction Submarines.** Members must understand they will be required to remain ordered to crews of nuclear powered submarines under construction, on board for the following:

(1) SSN New Construction: 12 months after commissioning.

(2) SSBN New Construction: 18 months after commissioning.

b. **OVHL/DMP/Conversion Submarines**

(1) Members ordered to a submarine undergoing OVHL, DMP, or conversion will normally be assigned for at least 24 months.

(2) PRDs should thereafter be adjusted to reflect at least 12 months on board after completion for an SSN, and 13 months after completion for an SSBN.

(3) Since a submarine may be delayed in construction or completing a shipyard period, COs should establish department/division rotational plans to ensure an equitable portion of the crew rotates at any one time during and after the shipyard period.

c. As discussed further in this article, the CO will submit a letter to NAVPERSCOM (PERS-403) and will include as an enclosure a personnel manning status which will recommend PRDs for all enlisted members attached to the unit. The forwarding cover letter should contain the "in service" date.

7. **Submission of Requests by Nuclear-Trained Members for assignment to New Construction Submarines.** Except for a small number of prototype graduates ordered directly to new construction duty, nuclear-trained members must complete at least 12 months in an operational nuclear billet prior to being ordered to new construction duty.

a. Members who are sea-experienced should have qualified for watch stations, which are commensurate with their rate and Navy Enlisted Classification (NEC).

b. In addition to meeting the minimum requirements for new construction set forth in this article, nominations will be reviewed in light of the billet for which recommended and the records of members already accepted for that billet.

c. Normally, members awaiting Selective Training and Reenlistment (STAR) or other reenlistment benefits will not receive that benefit until at least 12 months after commissioning (18 months for SSBNs).

d. Obligated service (OBLISERV) requirements associated with a particular benefit must still be met when the member ultimately resubmits a request for the benefit that was previously guaranteed as a reenlistment incentive.

e. COs are requested to furnish NAVPERSCOM the following information with respect to each nominee:

(1) Extent of watch qualifications attained.

(2) Certified copies of the last two NAVPERS 1616/26 (Rev. 03-02), Evaluation Report and Counseling Record (E-1/E-6).

(3) Whether STAR or other reenlistment benefit is pending and whether candidate is willing to defer it, if applicable.

8. **Submission of Requests from Non-Nuclear-Trained Members for Assignment to New Construction Submarines.** Petty Officers and designated strikers who meet the qualifications of this article may submit their requests NAVPERS 1306/7 (Rev. 01-03), Enlisted Personnel Action Request to NAVPERSCOM. Requests from non-designated SN/FN members shall be forwarded to NAVPERSCOM (PERS-4013) via the CO. In the Requested Action section insert "NEW CONSTRUCTION SUBMARINES". A non-career applicant must indicate his willingness to extend his enlistment or reenlist, if necessary, to obtain the **required OBLISERV of 24 months or meet OBLISERV required by this article whichever is longer.** When extensions are executed, insert the following in the reason block of NAVPERS 1070/621 (Rev. 01-00), Agreement to Extend Enlistment: **"New Construction Manning."**

a. Previous Assignment Benefits

(1) Members awaiting STAR and/or reenlistment assignment benefits must indicate in writing they are willing to waive or delay such assignment benefits until they have been onboard 12 months after commissioning (or 18 months for Trident submarines).

(2) OBLISERV requirements associated with a particular benefit must be met when the member ultimately resubmits a request for the benefits, which were previously guaranteed as a STAR and/or other reenlistment incentive.

b. Additional Information on Requests. In the CO's comments and recommendations section of NAVPERS 1306/7, the CO shall provide complete information on the items listed below plus any other relevant comments desired:

(1) Security clearance.

(2) Special training (service schools attended and completion dates of each).

(3) Extent of watch qualifications attained.

9. Training En route to New Construction Crews

a. Categories. En route training requirements for members assigned to the precommissioning crew of a submarine completing construction are classified in distinct categories as follows:

(1) **NEC Training:** Courses of instruction that assign a specific NEC upon completion of training which is required to meet the skill requirements specified in the unit's manpower authorization.

(2) **Factory Training:** Courses of instruction on maintenance and operation of new systems and equipment which are taught only by contractor personnel and which may or may not yield an NEC upon completion. Members will only receive this training en route if class convening dates are available prior to increment manning dates.

(3) **Precommissioning Training:** Non-NEC producing courses of instruction available at fleet training centers (FTC)

which are required to meet designated TYCOM requirements, such as fire fighting, damage control, refresher training, personnel qualification standards (PQS), and human resources management.

(4) Non-NEC Producing Maintenance, Operator, and Team Training: Courses of instruction on maintenance and operation of systems and equipments, which are taught in Navy FTCs and do not assign the member an NEC upon completion of training.

b. Assignment to en route training pipeline. To insure effective management of permanent change of station (PCS) funds (military personnel, Navy (MPN)); temporary duty under instruction (TEMDUINS) funds (training less than 20 weeks); and per diem funds (operations and maintenance, Navy (O&MN)); the following pertains to the assignment of members to the en route training pipeline.

(1) NAVPERSCOM assumes the responsibility for primary NEC training and factory training for equipment and systems to be installed on new construction submarines. With the exception of nuclear-power-trained members, some civilian factory training class convening dates are not available prior to established increment manning dates. Rather than gap those billets, NAVPERSCOM (PERS-403) will directly transfer the member to the new construction submarine, and the member will attend that training on a TAD basis. Precommissioning units should closely monitor and liaison with their TYCOM and ISIC to ensure those members receive training as soon as practical.

(2) NAVPERSCOM will not normally include non-NEC producing maintenance, operator, and team training TEMDUINS assignments in PCS orders. It is assumed this training will be accomplished on a TAD basis (funded by appropriate TYCOM or warfare sponsor) after member's arrival at the permanent duty station; however, in the case of submarines completing construction, non-NEC producing operator and maintenance training may be provided for members assigned to precommissioning crews on an individual case basis. This will be done if it can be reasonably determined the member concerned has not previously had this training or received on the job instruction in these systems.

10. Qualifications to be met Prior to Transfer to New Construction

a. **Disciplinary Record.** The transferring command will conduct a records review of enlisted members ordered to ships under construction to ensure no prior conviction by court-martial or nonjudicial punishment (NJP) and no civil violation other than minor traffic offenses for the previous 12 months.

b. **Minimum Requirements.** The following minimum requirements must be met:

(1) No indebtedness problem of a serious or chronic nature (i.e., the receipt of more than one letter regarding a delinquent account).

(2) No history of instability or serious health problems of a probable recurrent nature during the past 12 months.

(3) No evaluation/fitness report mark below 3.0 in any category for the past 12 months.

(4) For members who have received significant training en route to a new construction unit, a minor deviation from the above standards while undergoing training will not normally result in cancellation of orders to the new construction ship.

c. **OBLISERV.** COs shall notify NAVPERSCOM (PERS-403), within 10 days of receipt of the assignment directive, if the member does not desire to acquire OBLISERV for such assignment.

d. **Disqualification.** If a member fails to meet any of the above minimum requirements, COs shall notify the appropriate assignment control authority (ACA) and NAVPERSCOM, within 10 days of receipt of the assignment directive, of the specific disqualifying factors and hold the assignment directive in abeyance pending direction from the ACA.

e. **Disqualification Waivers**

(1) A waiver of disqualifying criteria may be requested from the appropriate ACA if recommended by the CO.

(2) In other cases where critical skill areas are involved, the ACA may waive disqualifying criteria.

11. **Procedures for Splitting New Construction SSBN Crews.**

The following procedures will be followed in determining the split of the new construction crewmembers for assignment of either **Blue** or **Gold** crews upon commissioning of the submarine.

a. **Unique Situations.** While each member assigned to a new construction SSBN is issued orders to a certain crew, there may develop situations that require moving a few members to the other crew.

b. **Six months prior to scheduled commissioning of an SSBN,** both COs will ensure the following is received by NAVPERSCOM (PERS-403):

(1) **Forward letter.** An SSBN manning letter in the format contained in Exhibit 1 for both Blue and Gold crews. This letter must be forwarded via the SUBGRU Commander and NAVPERSCOM (PERS-4013), with a copy to the parent TYCOM.

(2) **Recommend PRD.** A PRD will be recommended for each member assigned. Equitable distribution of members between both crews by paygrades and experience shall be considered. Three principal assignment constraints should be observed in the recommendation of PRDs:

(a) Members must have completed a minimum 24-month activity tour.

(b) PRDs must conform to the patrol schedule (PRD month in which the 15th day subsequent to exchange of command date falls).

(c) Recommended PRD may not exceed the maximum sea tour (5 years) unless the affected member has signed a NAVPERS 1070/613 entry volunteering to extend his sea tour as required.

c. **Issue Orders.** PCS orders will be issued by NAVPERSCOM (PERS-403) for every enlisted member assigned prior to commissioning of the SSBN.

d. **Moving Members and Families.** Trident submarines **will not** move members and families from new construction location to established homeport on "Homeport Change Certificates."

12. **Procedures For New Construction SSN Crews.** The following action will be completed by the CO of new construction SSNs.

a. **Six months prior to the scheduled commissioning of an SSN,** the CO will ensure the SSN manning letter (in the format of Exhibit 1) is forwarded to NAVPERSCOM (PERS-403) via the parent ISIC and NAVPERSCOM (PERS-4013). The ISIC should ensure a copy is forwarded to the parent submarine group (SUBGRU) and TYCOM at that time.

b. **Recommend PRD.** A PRD will be recommended for each member assigned, utilizing the following three principal assignment constraints:

(1) Members must have completed a minimum of 24 months.

(2) PRDs should support the ship's schedule as known at that time.

(3) Recommended PRD may not exceed the maximum sea tour (5 years) unless the affected member has signed a NAVPERS 1070/613 entry volunteering to extend his sea tour as required.

c. **Two months prior to the scheduled commissioning of the SSN, the following actions should occur:**

(1) NAVPERSCOM will reply to the SSN manning letter. Included in this reply will be PRD adjustments and deviations with an explanation should a requested PRD be disapproved.

(2) Crewmembers and their families will be authorized to move to the newly established homeport per reference (d).

13. **Special Procedures for SSN OVHL/DMP.** To the maximum extent possible, members selected for assignment to an SSN OVHL/DMP should have sufficient OBLISERV to complete the shipyard period, plus 12 months thereafter.

a. **Rotate Personnel.** The CO of the OVHL/DMP period should plan to rotate some members during the shipyard period to avoid high personnel turnover at the completion of the OVHL/DMP.

b. **Pending STAR/Selective Conversion and Reenlistment (SCORE) Benefits.** Members with pending STAR/SCORE benefits should not be assigned to OVHL/DMP if such assignment will cause

undue delay in receiving their benefits and the members are unwilling to accept such a delay.

c. Fifteen months prior to the DMP or 13 months prior to the OVHL commencement date, the following actions should occur:

(1) TYCOM should request augment billets be assigned to the unit by the MCA.

(2) NAVPERSCOM (PERS-4013) should ensure the necessary requisitions are in place to reflect the detailee's 9-month requisitions.

d. Six months prior to the OVHL/DMP commencement date, SSN CO must ensure a letter recommending OVHL/DMP crew makeup is received at NAVPERSCOM (PERS-403) via parent SUBGRU commander and NAVPERSCOM (PERS-4013), with a copy to the parent TYCOM.

(1) As an enclosure to this letter, use Exhibit 1 that will list every billet, including the additional OVHL/DMP augment billets listed in reference (c).

(2) When submitting this letter, nominate non-selectees for a pre-OVHL/DMP PRD which is consistent with the ship's present schedule and which will either coincide with their end of active obligated service (EAOS) or permit completion of 24 months for those members upon their reassignment.

e. Response. NAVPERSCOM (PERS-403) and NAVPERSCOM (PERS-4013) for non-designated SN/FN, will reply to this letter indicating members who will remain aboard for OVHL/DMP and will adjust recommended PRDs as appropriate.

f. Augments

(1) Augment members shall be ordered to report 6 months prior to commencement for SSN OVHL or 4 months prior to commencement of DMP.

(2) The OVHL/DMP executive officer should maintain liaison with NAVPERSCOM (PERS-403) OVHL/DMP coordinator to ensure augment members are identified.

14. **Procedures for SSBN Deactivation/DECOM.** The DECOM crew of an SSBN is comprised of selected members from the pre-DECOM Blue and Gold crews.

a. **OBLISERV.** To the maximum extent possible, members selected for assignment to a DECOM should have sufficient OBLISERV to complete the period of the DECOM.

b. **Pending STAR/SCORE Benefits.** The members with pending STAR/SCORE benefits should not be assigned to the DECOM period if such assignment will cause undue delay in receiving their benefits and the members are unwilling to accept such a delay.

c. **Ten months prior to DECOM commencement date,** NAVPERSCOM (PERS-4013) should ensure the necessary requisitions are in place to reflect in the detailers 9-month requisition.

d. **Six months prior to DECOM commencement date,** the following actions should occur:

(1) SSBN COs must ensure a joint letter recommending DECOM crew makeup is received at NAVPERSCOM (PERS-403) via parent SUBGRU command and NAVPERSCOM (PERS-4013), with a copy to parent TYCOM. Use Exhibit 1 as an enclosure to this letter to list every billet on the most recent Blue crew Enlisted Distribution Verification Report (EDVR), whether or not members can be identified from either crew.

(2) When submitting this crew makeup letter, nominate non-selectees for a pre-DECOM PRD which is consistent with the patrol schedule and which will either coincide with their EAOS or permit completion of a minimum activity tour (24 months) for those members upon their reassignment.

(3) NAVPERSCOM (PERS-403) and NAVPERSCOM (PERS-4013) for non-designated SN/FN, will reply to this letter indicating members who will remain on board for DECOM and will adjust PRDs as appropriate.

15. **Special Procedures for SSN Deactivation/DECOM.** To the maximum extent possible, members selected for assignment to an SSN DECOM should have sufficient OBLISERV to complete the shipyard period.

a. **Pending STAR/SCORE Benefits.** Members with pending STAR/SCORE benefits should not be assigned to the DECOM period

if such assignment will cause undue delay in receiving their benefits and the members are unwilling to accept such a delay.

b. **Ten months prior to the DECOM commencement date**, NAVPERSCOM (PERS-4013) should ensure the necessary requisitions are in place to reflect in the detailers 9-month requisition.

c. **Six months prior to the DECOM commencement date**, SSN COs must ensure a letter recommending DECOM crew makeup is received at NAVPERSCOM (PERS-403) via parent SUBGRU Commander and NAVPERSCOM (PERS-4013), with a copy to the parent TYCOM.

(1) Use Exhibit 1 as an enclosure to this letter to list every billet.

(2) When submitting this letter, nominate non-selectees for a pre-DECOM PRD which is consistent with the ship's present schedule and which will either coincide with their EAOS or permit completion of 24 months for those members upon their reassignment.

(3) NAVPERSCOM (PERS-403) and NAVPERSCOM (PERS-4013) for non-designated SN/FN will reply to this letter indicating members who will remain aboard for DECOM and will adjust PRDs as appropriate.

- (2) Enter "V" or "N" as appropriate.
- (3) In remarks enter:

- 1: NAVPERS 1070/613, agreeing to exceed maximum sea tour.
- 2: NAVPERS 1070/613, waiver/delay STAR school.
- 3: NAVPERS 1070/613, agreeing not to transfer to
Fleet Reserve until completion of OVHL + 1 patrol.

MILPERSMAN 1306-414

SPECIAL PROCEDURES FOR ASSIGNMENT OF SSBN PERSONNEL

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN COM FAX	882-3626 (901) 874-3626 882-3626
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Background.** National priorities accorded the Fleet Ballistic Missile Strategic Weapons System and the Nuclear Power Program dictate an exceptional degree of combat readiness.

a. The unique nature of nuclear submarine operations demands a personnel allowance, which provides a delicate balance between requirements for special skills, watch stations, and submarine safety.

b. To ensure the stability necessary to maintain that balance, special procedures for crew rotation have been established.

2. **Ship, Submersible, Ballistic Nuclear (SSBN) and Ship, Submersible, Nuclear (SSN) Tour Adjustments.** Unanticipated losses caused by illness, disqualification, humanitarian reassignment, etc., may necessitate extending projected rotation dates (PRDs) of remaining members in the same rating or technical experience level to maintain manning stability.

a. Requests for changes to PRDs should be submitted to Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignment Branch (PERS-403) per MILPERSMAN 1306-104.

b. All requests for PRD extensions must indicate whether the member is a volunteer or nonvolunteer, and whether the member has a Selective Training and Reenlistment (STAR)/Selected Conversion and Reenlistment (SCORE) benefit pending.

c. When sufficient qualified/sea-experienced volunteers are not available to fill certain high priority shore duty/new construction requirements in the case of nuclear trained and Trident/Poseidon personnel, NAVPERSCOM (PERS-403) will order

personnel from nuclear submarine crews at PRD as necessary to fill these billets.

3. **Action by the SSBN Commanding Officer (CO).** Members who, upon completion of a deterrent patrol, have insufficient obligated service (OBLISERV) to complete the subsequent patrol must be identified. (Insufficient OBLISERV applies to those cases wherein a member's end of active obligated service (EAOS) is earlier than 5 days subsequent to the post-patrol exchange of command date).

a. To improve the number of days members are assigned to operational units in the billet for which they are trained, the procedure described below is to be followed.

b. During on-crew period A, SSBN COs review noncareer designated members whose EAOS occurs more than 90 days after period C, and who have insufficient OBLISERV to complete period E (see table below for identification of periods A through E).

A	B	C	D	E
ON-CREW	OFF-CREW	ON-CREW	OFF-CREW	ON-CREW
REVIEW/COUNSEL	NOMINATE		TRANSFER	

c. The following sequence of events must take place:

(1) During on-crew period A, members are identified who do not have sufficient active OBLISERV to complete on-crew period E.

(2) Members who decline to OBLISERV to complete on-crew period E will be nominated by the end of the first week of training of off-crew period B for transfer after on-crew period C.

(3) Members will complete on-crew period C, and **within 15 days of return** to homeport, be transferred by NAVPERSCOM (PERS-403). Every effort will be made to assign these members to another submarine in the same homeport.

(4) When the SSBN is establishing its PRD management plan, the following rule will be adhered to:

(a) If the SSBN crew returns from patrol **between the 1st through 15th of a month**, the member's PRD will be established as the same month of return from patrol.

(b) If the SSBN crew returns from patrol **after the 15th of the month**, the member's PRD will be established for the following month.

d. COs must submit a PRD change request for all members identified by the review, or request authority from NAVPERSCOM (PERS-403) to unconditionally extend a member for a period of less than 24 months per MILPERSMAN 1160-040.

e. All applicable members must be informed of the policy, and, after approval of the PRD change request or the unconditional extension by NAVPERSCOM (PERS-403), they will be required to extend their enlistments to coincide with their newly established PRD or for the period of the authorized unconditional extension (as applicable).

f. Extensions will normally be executed on an official Navy Standard Integrated Personnel System (NSIPS) printed NAVPERS 1070/621 Agreement to Extend Enlistment; however, if NSIPS is not available to generate the document prior to the expiration of the Sailors contract, NAVPERS 1070/621 may be downloaded from the NAVPERSCOM Web page and executed manually. All NAVPERS 1070/621's executed manually must be submitted to the servicing personnel office to be entered into NSIPS prior to submission to the official military personnel file. Such extensions will not be beyond the **month in which the 15th day after change of command falls**.

4. **Post-Patrol SSBN Manning Message and Post-Patrol SSBN Manning Report.** Upon completion of the above review and at the beginning of period B, the CO will submit an SSBN Post-Patrol SSBN Manning Message or Post-Patrol SSBN Manning Report (contained in exhibits 1 or 2) to support personnel manning for period E as shown in the above paragraph.

PROCESSING OF PERSONNEL DISQUALIFIED FROM SUBMARINE DUTY

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN	882-3633
			COM	(901) 874-3633
			FAX	882-2638

References	NAVMED P-117, Manual of the Medical Department SECNAVINST 5510.3A SECNAVINST 5510.35A NAVPERS 18068F, Navy Enlisted Manpower and Personnel Classifications and Occupational Standards, Volume II, Navy Enlisted Classifications OPNAVINST 5355.3B SECNAVINST 7220.80E
------------	---

1. **Policy.** Because of the special safety and reliability aspects of operating submarines, the need to provide for disqualification for duty in submarines in certain instances is clear. Disqualification for duty in submarines is an administrative procedure invoked to preclude reassignment of a member to another submarine command.

a. Disqualification for duty in submarines supplements the disciplinary and administrative actions that may be required to effect satisfactory performance, and is not an end in itself.

b. There are a few situations where a member is unable to meet the physical standards for submarine duty through no fault or lack of diligence on the member's part. In these few cases, disqualification is an appropriate course of action by itself.

c. Disqualification for duty in submarines shall not be used as a substitute for required disciplinary and/or administrative action. Particular care shall be exercised to ensure that disqualification is not used to effect the transfer of members to other duty when they do not clearly meet the established high standards for continued Naval Service.

2. **Categories and Reasons.** There are two categories of disqualification for duty in submarines, one of which must be cited in **every** disqualification recommendation.

a. **Disqualified Category.** Members removed from submarine duty in the disqualified category are not normally eligible for return to submarine duty at any future date. Reasons for disqualification are as follows:

(1) Inability to qualify or failure from a training pipeline leading to assignment to submarine duty.

(2) Inability to requalify (SS) members only.

(3) **As a result of disciplinary and/or administrative action resulting in (list one)**

(a) disqualification prior to separation,

(b) discharge detachment for cause,

(c) unauthorized absence in excess of 30 days,

(d) classification as a conscientious objector or homosexuality,

(e) a change in rating,

(f) Navy Enlisted Classification (NEC) removal,

(g) security clearance,

(h) substantiated family advocacy sexual abuse case,

(i) ineligibility for the Personnel Reliability Program (PRP) when such action precludes further service in submarines, or

(j) other such disqualifying action (specify).

(4) Unreliability due to drug/alcohol abuse.

(5) Stress reaction, emotional instability, or suicide attempts/gestures.

(6) Environmental unadaptability (including claustrophobia).

NOTE: Disqualification for stress reactions, emotional instability, suicide attempts/gestures, or for environmental unadaptability must include psychiatric/psychological consultation

b. Physically not Qualified Category

(1) Members found not physically qualified may reapply for return to submarine duty when they again meet the physical requirements set forth in NAVMED P-117, article 15.

(2) Requests for reinstatement must be submitted via the chain of command and Bureau of Medicine and Surgery (BUMED) (MED-21) to Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignment Branch (PERS-403). Reasons for disqualification are as follows:

(a) Failure to meet the physical requirements for submarine duty contained in NAVMED P-117, article 15. For administrative purposes, physical disqualification will be limited to members with a duly diagnosed medical condition such as an ulcer, lung disorder, neurosis, etc. Organic brain syndrome may also be used for physical disqualification.

(b) All too often the medical problem, which renders a member not physically, qualified for submarine duty also renders the member not physically qualified for **all** duties of the member's rate at sea or on foreign service (full duty). When considered appropriate, recommendations for medical board action or administrative separation will be initiated in addition to disqualification for duty in submarines.

(3) A waiver of the physical standards for submarine duty should be considered in all appropriate cases. Waivers may be recommended with qualified and documented medical advice. Considered action will be on the basis of the member's condition, the risk it places on the member's continued health and safe reliable submarine operations.

(4) Waiver requests should be submitted to NAVPERSCOM (PERS-403) via BUMED (MED-21). For members assigned to submarine duty, submit waiver request via immediate superior in command (ISIC), type commander (TYCOM), and BUMED (MED-21).

(5) Questionable Cases. When the category or reason to be cited in a disqualification recommendation cannot be determined, guidance should be requested from NAVPERSCOM (PERS-403).

3. **Disqualification Authorities**. NAVPERSCOM and Commander, Submarine Force, U.S. Atlantic Fleet (COMSUBLANT)/Commander, Submarine Force, U.S. Pacific Fleet (COMSUBPAC) are the ultimate authorities for submarine disqualification.

a. Submarine commanders will act only on the cases of members who are under their administrative or operational command.

b. NAVPERSCOM (PERS-403) will act on all other cases such as members in transit, in school commands not under the force commander's control, or in nonsubmarine shore commands for duty.

c. Except for disqualification involving physical disqualification; or disqualification of submarine-qualified members by reason of environmental unadaptability, stress reaction, or emotional instability which have not been resolved by administrative action; the following commanders are authorized to approve disqualifications:

(1) Submarine group/squadron commanders.

NOTE: Disqualification authority may be delegated in writing to chief of staff/chief of staff officer.

(2) Submarine base commanding officers (COs).

(3) COMSUBLANT Deputy Chief of Staff Personnel Readiness.

(4) COMSUBPAC Assistant Chief of Staff (ACOS) for Personnel and Training.

d. NAVPERSCOM (PERS-403) and COMSUBLANT/COMSUBPAC, as the disqualification authority, will review each disqualification action and retain the prerogative to direct final action and to disqualify members in either disqualification category.

e. In an effort to minimize delays in processing submarine disqualification cases, NAVPERSCOM (PERS-403) has been

designated the NAVPERSCOM point of contact (POC) for these matters.

(1) All message traffic to NAVPERSCOM concerning disqualification matters should be sent to NAVPERSCOM (PERS-403F), who will monitor timely completion of actions.

(2) Procedures for removal of security clearances and eligibility for PRP require written acknowledgments from the member. Correspondence concerning these matters should be addressed to

(a) NAVPERSCOM, Personnel Performance, Security and Separations Division (PERS-83), for security clearance issues per SECNAVINST 5510.3A, and

(b) Chief of Naval Operations (CNO), Special Assistant for Naval Investigation Matters and Security (N09N) for Personal Reliability Program (PRP) issues per SECNAVINST 5510.35A.

4. **Assignment of Designator 8 (SP)**. All members disqualified from submarine duty will normally be assigned to a submarine support command for a 2-year tour, or to complete prescribed sea tour (PST) or normal shore tour (NST), whichever is longer. Submarine Designator 8 (controlled by NAVPERSCOM (PERS-403)) will be assigned.

a. Nuclear-trained members found physically disqualified from submarine duty, but remain qualified for the nuclear field, will be assigned to surface nuclear duty.

b. Members who require forced rating conversion by virtue of PRP decertification or security clearance revocation will normally be converted to a rating consistent with assignment to a submarine support billet.

c. Assignment to submarine support can only be made to a valid billet, and normally in the same geographic area.

(1) If forced rating conversion is not required, members will retain their submarine source rating and, if applicable, Navy Enlisted Classification (NEC) codes.

(2) If there is no valid submarine support billet available, or the cognizant surface detailer has a valid billet

which can be filled by a member, the submarine detailer must receive approval from the manning control authority (MCA) via Enlisted Placement Management Center (EPMAC) to assign a submarine disqualified member directly to duty in the surface fleet.

(3) If authorization is granted by the MCA, the submarine Designator 8 will be removed.

d. Members assigned to a submarine support billet will be assigned a 2-year projected rotation date (PRD). At the completion of the 2-year submarine support tour the following options are available:

(1) Retain Designator 8 and continued assignment to submarine support duty.

(2) Release from Designator 8 and made available for general detailing by the surface community. This may require forced rating conversion. If member decides to be released, member must submit NAVPERS 1306/7 (Rev. 01-03), Enlisted Personnel Action Request, requesting release to surface community and removal of Designator 8 and, if applicable, forced rate conversion. If approved for release, member's command must submit NAVPERS 1221/1 (Rev. 06-92), Navy Enlisted Classification (NEC) Change/Recommendation per NAVPERS 18068F, volume II for NEC removal if NECs are submarine related.

(3) Request reinstatement to submarine duty, as explained in this article.

(4) In cases where members are being administratively separated, a submarine disqualification package (Exhibit 1) will be utilized and forwarded to NAVPERSCOM (PERS-403F) prior to separation.

e. For all members not under disqualification authority of COMSUBLANT or COMSUBPAC (shore commands outside the submarine community, school commands, recruiting, etc.), the recommendation for disqualification will be submitted directly to NAVPERSCOM (PERS-403) in the format of Exhibit 1.

5. **Correspondence.** All correspondence to NAVPERSCOM (PERS-403) or CNO, Nuclear Power Program Manager (N133) relating to submarine disqualification (and associated NEC removals or

rating change) of enlisted members shall also be addressed to NAVPERSCOM (PERS-403F).

a. To speed processing of disqualification cases, message notification of each case must be sent to NAVPERSCOM (PERS-403) as soon as the decision to disqualify has been finalized.

b. Exhibit 2 provides the format for this message. NAVPERSCOM (PERS-403) will act as the NAVPERSCOM POC for all submarine disqualification matters.

c. Correspondence (or copies thereof) to activities external to NAVPERSCOM shall continue to be sent per applicable instructions. NAVPERSCOM (PERS-403) will be notified of all submarine disqualifications. This is a critical tool for management of the submarine enlisted community. All messages or letters for final submarine disqualification must be sent "info" or "copy to" to NAVPERSCOM (PERS-403).

6. **Rating Changes**. When rating changes are required as part of the disqualification process or the removal of a Designator 8, a rating change recommendation should be submitted to NAVPERSCOM (PERS-403) as soon as disqualification action has been approved.

a. To best match the member's previous training, experience, and needs of the Navy, choices should normally be made per the guidance in Exhibit 3.

b. Recommendations from the CO are encouraged in addition to the choices submitted by the member.

c. It is strongly recommended that choices submitted by the member be realistic. Members who have received extensive training in their present rating will not normally be assigned to ratings requiring extensive additional training or to those overmanned in rating and paygrade.

d. If none of the choices made by the member are feasible, a rating selection will be made by NAVPERSCOM per needs of the Navy and recommendations submitted by the CO. **NOTE:** With few exceptions, disqualified members are assigned to a submarine support billet and rating conversion must be consistent with ratings normally assigned to such billets.

e. Rate changes should not be submitted until the following actions have been completed (as applicable):

(1) Permanently PRP decertified.

(2) Security clearance removed/revoked.

(3) Submarine disqualification package received by NAVPERSCOM (PERS-403).

f. Rate change submission **should not** be included in an availability report.

7. **Availabilities**. Members being disqualified shall be made available as follows:

a. Availabilities should not be submitted until the submarine disqualification package has been forwarded to NAVPERSCOM (PERS-403).

b. Nonsubmarine designated E-3 and below. Should be made available to EPMAC as soon as the disqualification is finalized and the member is available for transfer.

c. All availability correspondence for submarine designated E-3 and above shall be addressed to NAVPERSCOM (PERS-403) using class DG avail code. Any other submissions may cause further delay in transfer of disqualified members.

d. Upon receipt of availability, NAVPERSCOM (PERS-403) will ensure the following administrative actions have been completed prior to entering the availability:

(1) Receipt of submarine disqualification package.

(2) Removal of submarine enlisted designator.

(3) NEC removal/change, if applicable.

(4) Rate conversion, if applicable.

(5) Assignment of Designator 8(SP), if applicable, (assigned by NAVPERSCOM (PERS-403)).

8. **Striker Identification Removal**. There is no requirement to **convert** disqualified E-3 submarine members to another rating if they are designated strikers. Striker designator removal may be required for submarine specific ratings. Approval must be

obtained from NAVPERSCOM, Active Enlisted Advancements/
Incentives Branch (PERS-811) for striker designator removal.

9. **PRP/Security Clearance/NEC Removal**. Removal of a member from the PRP or revocation of the member's security clearance can significantly decrease the member's ability to function at a subsequent duty station or in another rating.

a. Removal from the PRP and revocation of security clearance **should not be performed automatically** as part of the disqualification process, but should be based solely upon the merits of each case. Similarly, NECs, which are not unique to the submarine force, should not automatically be recommended for removal.

b. Submarine disqualification by reason of NEC removal will require approval of NAVPERS 1221/1 by EPMAC via NAVPERSCOM (PERS-403), prior to processing for submarine disqualification. Nuclear NEC removal will require approval by CNO (N133D) prior to submarine disqualification.

c. In cases where members are submarine disqualified when forced rating conversion is required and hold a submarine related NEC, submission of NAVPERS 1221/1 is required after submarine disqualification has been completed and forwarded to NAVPERSCOM (PERS-403).

10. **Procedures for Requesting Reinstatement to Submarine Duty**. Members previously assigned the submarine designator (SS)/(SU) may request reinstatement to submarine duty.

a. **Time Frame**. Requests for reinstatement to submarine duty must be submitted within 5 years from the date of disqualification.

b. **Authority**. NAVPERSCOM (PERS-403) is the submarine reinstatement authority in all cases and will assign the (SS)/(SU) submarine designator, as appropriate.

c. **Recertification**. HM Submarine IDC's must request reinstatement from NAVPERSCOM (PERS-403), via CNO, Enlisted Plans and Career Management Branch (N132D), and "clinically" recertify prior to "refresher training" to be eligible for PCS orders to a submarine and reinstatement.

d. **Submarine Designator Assignment Date.** If approved, the submarine designator will be assigned the date the reinstatement approval letter is signed for members who were medically disqualified. For all others, the submarine designator will be assigned upon reporting on board an operational submarine for duty.

e. **Reinstatement for "Physically not Qualified" Members.** Members who were physically disqualified may request reinstatement if the medical problem no longer exists, or has remained asymptomatic for a minimum of 2 years without benefit of medication, special diet, or **continuing therapy**. In all cases, a waiver of the medical standards must be submitted. The format for requesting reinstatement is as follows:

(a) Submit NAVPERS 1306/7 requesting reinstatement of the (SS)/(SU) designator and waiver of physical standards for submarine duty to NAVPERSCOM (PERS-403F) via local chain of command and BUMED (MED-21).

(b) As enclosure (1) include all applicable medical documentation and a current submarine physical as required by NAVMED P-117, article 15-69.

f. **Reinstatement for Alcohol Abuse**

(1) Members disqualified by reason of alcohol abuse per this article may be considered for return to duty in submarines after fulfilling the provisions of OPNAVINST 5355.3B.

(2) A request for reinstatement to submarine duty after disqualification for alcohol abuse must be submitted strictly per OPNAVINST 5355.3B using the format of Exhibit 4.

(3) If reinstated, the member will be assigned to submarine duty in a submarine unqualified (SU) status at PRD using normal assignment procedures. The (SU) designator will be assigned effective the date of reporting to a submarine.

g. **Reinstatement for All Others (Demonstrated Unreliability, Security Clearance Removal, etc.).** Submit NAVPERS 1306/7 requesting reinstatement of the (SS)/(SU) designator and provide a statement concerning the reason for disqualification. Members will include a copy of a current (within 6 months) submarine physical and copies of their last three performance evaluations as enclosures.

11. Pre-Service Drug Abuse Waivers for Previously Undisclosed and/or Undocumented Usage

a. If, subsequent to assignment to submarine duty, a pre-service drug abuse is disclosed or identified and there is no documented waiver, a waiver request must be submitted to NAVPERSCOM (PERS-403), info to the ISIC and TYCOM (directly to NAVPERSCOM (PERS-403) for members not assigned under a submarine TYCOM).

b. A waiver will be considered only for experimental use of marijuana. A signed statement from the member defining the extent of usage is required.

12. Limited Waiver of the Physical Standards for Submarine Duty. Senior enlisted members (generally construed to mean senior E-7 and above), found not physically qualified for submarine duty may be granted a limited waiver of the physical standards for submarine duty.

a. This limited medical waiver will be granted by NAVPERSCOM (PERS-403), only on the advice of BUMED (MED-21) on a case-by-case basis, so the member will be able to ride a submarine for short periods of time (i.e., sea trials, weekly operations).

b. Members will be considered for a limited waiver only if recommended by the cognizant squadron or group commander, TYCOM, and BUMED (MED-21), and only if a valid need for the member's services exists.

c. The member, if approved, shall **not** be assigned to submarine duty, will be assigned submarine Designator 8(SP), and shall **not** be eligible for continuous submarine pay (CONSUBPAY). The limited medical waiver will be granted by letter to the member's parent command.

d. If granted a limited medical waiver, members must notify the staff to which assigned of their medical status, and the staff shall be responsible for ensuring members are physically able to ride a submarine on a limited basis.

e. A verification of the member's medical condition must be made by a submarine medical officer at least annually.

f. Members will be eligible for Operational Submarine Duty Incentive Pay (OPSUBPAY) per SECNAVINST 7220.80E, as they shall be considered "Qualified in Submarines with Limited Medical Waiver." A member granted a limited waiver will not be eligible for assignment to a precommissioning unit or to a submarine in overhaul unless NAVPERSCOM (PERS-403) and the responsible group and TYCOM concur.

g. An member granted a limited waiver currently serving in a precommissioning unit or in a submarine in overhaul may remain aboard that ship until post-shakedown availability (PSA) sea trials or post-overhaul sea trials have been completed.

EXHIBIT 1

RECOMMENDATION FOR DISQUALIFICATION FROM DUTY IN SUBMARINES AND, WHEN APPLICABLE, RELATED ADMINISTRATIVE ACTIONS FOR COMMANDS NOT UNDER COMSUBPAC OR COMSUBLANT DISQUALIFICATION AUTHORITY.

(Use proper letter format containing the following.)

From: Commanding Officer, _____
To: Commander, Navy Personnel Command (PERS-403)

(5) Medical data (for "physically not qualified" category
only)
(6) Any other pertinent data
(7) Copies of counseling sheets (or summary if not
available)

1. Per references (a) and (b), (rate/designator, full name,
branch, SSN, NECs) is recommended for disqualification from duty
in
submarines. Disqualification category is _____. When
applicable, the last sentence in this paragraph should read,

EXHIBIT 1 (Continued)

"Member's signed statement concerning disqualification and the associated administrative actions listed below are contained in enclosure (1)."

2. The following actions have been taken in this case:

a. Temporarily/Permanently (omit one) decertified for duty under the Personnel Reliability Program per reference (c).

b. Personnel security clearance for (indicate level of clearance) has been denied/revoked (omit one) per para. 17-208 of reference (d). Cite applicable portion(s) of para. 16-102.2 which describe the reason(s) for such action. If the member's clearance has been changed from a higher to a lower category for cause other than purely administrative reasons, so state and give specifics.

c. Change of rating to (1)_____, (2)_____, (3)_____, in order of priority, is recommended. The "open rates" list contained in reference (e) has been considered in making this recommendation. Rate/Member's last name, state member's preferences, and commanding officer's concurrence or reason for not recommending them.

d. Recommend enclosure (2) NAVPERS 1221/1 be approved.

3. Detailed comments on this recommendation are as follows:

4. By reference (cite letter or message) subject member is being processed for a discharge per NAVPERS 15560D, article (state appropriate article). Enclosures (1) through (7) refer. If member is not being processed for discharge, a statement is required stating reason for not processing member for discharge.

Copy to:

CNO (N133D) (Nuclear-trained members only (Advance)

EPMAC (EP-42)

Service Record (Transient holding activity if applicable)

EXHIBIT 2

SAMPLE DISQUALIFICATION MESSAGE

(Use the proper message format containing the following.)

```
FROM:  Originating Activity
TO:    COMNAVPERSCOM MILLINGTON TN//PERS403//
INFO:  EPMAC NEW ORLEANS LA//    //
BT
UNCLAS //NO1306//
MSGID/GENADMIN/          /
SUBJ/SUBMARINE DISQUALIFICATION NAVPERSCOM (PERS403)//
RMKS/1.  RATING, NAME, SSN, NEC DISQUALIFIED FROM SUB DUTY ON DATE BY
REASON OF _____.  SNM PERMANENTLY REMOVED FROM PERSONNEL
RELIABILITY PROGRAM.  SECURITY CLEARANCE REMOVED/REVOKED.
RECOMMENDED/NOT RECOMMENDED FOR ASSIGNMENT TO SUBMARINE SUPPORT
ACTIVITY.
BT
```

NOTES:

1. The disqualification message should not be submitted until the submarine disqualification package has been forwarded to NAVPERSCOM (PERS-403).
2. Only applicable information in para. 1 need be submitted. Not all of the actions in the sample will be applicable in every case.
3. Members disqualified from submarine duty, but not processed for discharge from the Naval Service will normally be assigned to a submarine support activity for a minimum of 2 years. Members unsuitable for such assignment should be processed for discharge from the Naval Service.
4. In cases where NEC removal is being recommended for a reason other than drug abuse, for non-nuclear members, submission of NAVPERS 1221/1 is required per NAVPERS 18068F, volume II.
5. Availability Report. After all administrative actions (i.e., rating change, NEC removal, PRP decertification, and security clearance removal/revocation, as appropriate), submit the enlisted availability to NAVPERSCOM (PERS-403) (and other necessary addressees).
6. For nuclear-trained members a NAVPERS 1221/1 must be submitted, for cases other than drug related disqualification, **prior to submission** of the disqualification message. Do not submit disqualification message or availability report until removal of NEC is approved.

EXHIBIT 3

RATING CONVERSION

1. Members being disqualified from submarine duty who are in ratings that are unique to the submarine force or that normally require PRP eligibility must convert to other ratings when disqualified. The choice should normally be made using the following guidance:

MT	STS	TM	FT
OS	*STG	OS	OS
#*AT	OS	MS	FC
EM	EM	BM	IC
*IC	#*AT	BT	EM
*ASE	OT	ABE	MM
MS	*ASE	MM	GM
BM	MS	AK	DS
#*AE (E-4)	BM		
BT (E-4)	#*AE (E-4)		
MM (E-4)	BT (E-4)		
AK (E-4)	MM (E-4)		
	AK (E-4)		
<p>* Must normally be eligible for PRP.</p> <p># When member requests and is recommended for conversion to these ratings. Exhibit 1 must provide additional remarks/information.</p>			

2. Rating conversions should normally be to those ratings consistent with submarine support assignments.

3. The above choices should be forwarded to NAVPERSCOM (PERS-403), in the format of Exhibit 1, by the applicable activity as soon as the disqualification decision has been finalized.

EXHIBIT 4

SAMPLE REQUEST FOR REINSTATEMENT IN SUBMARINE (DRUG/ALCOHOL) (Use proper letter format containing the following.)

From: Name/Rate/SSN
To: Commander, Navy Personnel Command (PERS-403)
Via: (1) Commanding Officer,
(2) Commander Submarine Force, U. S. Pacific Fleet/
U. S. Atlantic Fleet (as applicable)

Subj: REINSTATEMENT IN SUBMARINES

Encl: (1) Most recent Drug/Alcohol Abuse Report on member
(2) List of dates and results of urinalysis tests (if
applicable) since submarine disqualification

Ref: (a) OPNAVINST 5355.3B

1. I request reinstatement in submarines.

2. I was disqualified from submarines due to alcohol dependency
on _____. Since that time I have been made aware of the
physical and mental effects of alcohol abuse and I reject abuse
of alcohol.

3. To substantiate my freedom from substance abuse I volunteer
for participation in a urinalysis screening program for 1 year
after reassignment to a submarine.

MILPERSMAN 1306-418

SUBMARINE NR-1 AND DEEP SUBMERGENCE UNIT (DSU) DUTY

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN	882-4933
			COM	(901) 874-4933
			FAX	882-2638

1. **Submarine NR-1 Duty.** Submarine NR-1 is a nuclear-powered, deep-diving oceanographic vessel home ported in Groton, CT.

a. The crew is composed of 4 officers and 22 enlisted members. Fifteen of the enlisted billets are for nuclear-trained, enlisted members. The remaining 7 enlisted billets are for:

- 1 submarine qualified yeoman
- 1 senior storekeeper (Navy Enlisted Classification (NEC) 2815)
- 1 junior storekeeper
- 1 independent duty corpsman and
- 3 submarine-qualified electronic technicians.

b. Tour length on Submarine NR-1 is 3 years for all personnel.

c. All nuclear-trained enlisted billets are for active nuclear NECs. All nuclear operators assigned qualify as Engineering Officer of the Watch.

d. **Prerequisites** for Submarine NR-1 duty for nuclear-trained enlisted members:

(1) Upper-half class standing at Nuclear Power School and Nuclear Power Training Unit (NAVNUPTWTRAU) (no waivers will be considered).

(2) No performance trait evaluation marks in the lower two marking areas (1.0 and 2.0) in all categories for the last three reporting periods.

(3) Qualified in submarines and as Engineering Watch Supervisor (senior-in-rate watch station qualification will be considered on a case basis).

(4) Paygrade: E-5 or E-6.

(5) Approximately 5 to 12 years experience in the Navy. Approximately 3 years sea experience on an operational nuclear propulsion plant.

(6) Favorable commanding officer (CO) endorsement.

e. Department of Energy, Naval Reactors Representative's Office (NAVREACTREPOFC PH HI) personnel perform **final selection** of nuclear-trained enlisted members for duty on Submarine NR-1 through a series of interviews.

f. **Requests** for Submarine NR-1 duty, including support personnel, should be submitted to Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignment Branch (PERS-403) on NAVPERS 1306/7 (Rev. 01/03), Enlisted Personnel Action Request; last three evaluation reports; and class standings on NAVPERS 1070/604 (Rev. 3-05), Enlisted Qualification History.

2. **Deep Submergence Unit (DSU)**. DSU is a highly specialized command under the cognizance of Commander Submarine Development Squadron 5, based in San Diego, CA.

a. DSU consists of several unique detachments tasked with submarine rescue, oceanographic research, search and recovery operations, and diving/salvage operations.

b. DSU organization is as follows:

- (1) DSU Deep Submergence Unit (parent command).
- (2) DET MYSTIC Deep Submergence Rescue Vehicle (DSRV-1).
- (3) DET AVALON Deep Submergence Rescue Vehicle (DSRV-2).
- (4) DET TURTLE Deep Submergence Vehicle (DSV-3).
- (5) DET SEA CLIFF Deep Submergence Vehicle (DSV-4).
- (6) DET UMV Detachment Unmanned Vehicles.

c. **Prerequisites.** The following requirements are prerequisites for assignment to DSU:

(1) Have successfully completed a prescribed submarine tour (where billet requires).

(2) Be qualified in submarines (where billet requires) and qualified on senior-in-rate watch station.

(3) For assignment to DSRVs or DSVs, be qualified in all respects to attend Navy Scuba School. All candidates must be screened prior to detaching from present command.

(4) For divers assigned to DET UMV, hold required NEC and be current in all required qualifications.

(5) Favorable CO endorsement.

c. **Requests** for DSU duty should be submitted on NAVPERS 1306/7 to:

- NAVPERSCOM (PERS-403) for submarine personnel
- NAVPERSCOM (PERS-401), Seabee/UDT/EOD/SEAL Assignment Branch for divers

MILPERSMAN 1306-420

ASSIGNMENT TO FLAG WRITER TRAINING FOR SUBMARINE QUALIFIED YEOMAN

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN	882-3633
			COM	(901) 874-3633
			FAX	882-2638

1. **Policy.** Submarine qualified yeomen requesting assignment to flag writer training will be screened per MILPERSMAN 1306-900. In the event a member is approved for assignment to flag writer training, they will be assigned Submarine Designator 5(SS). Flag writers desiring reentry into the submarine force will be rescreened, and if manning permits, will be allowed reentry.

MILPERSMAN 1306-422

ASSIGNMENT TO SUBMARINE SURVEILLANCE EQUIPMENT PROGRAM (SSEP) GROOM TEAMS AND SUPPORT BILLETS

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN COM FAX	882-3633 (901) 874-3633 882-2638
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. General Information

a. Submarine Surveillance Equipment Program (SSEP) groom teams certify and calibrate electronic support, periscope, and sound navigation and ranging (SONAR) systems on deploying Atlantic and Pacific fleet submarines. They also install, test, and certify special mission support equipment and recording systems in support of type commander (TYCOM) and Office of Naval Intelligence missions.

b. SSEP groom teams support the TYCOM and are located in Groton, CT and Pearl Harbor, HI. Both contain shore duty billets.

2. Tour Lengths. All assignments to SSEP groom teams (electronic technician (ET) and SONAR technician submarine (STS)) are for a tour length of 42 months, which provide a 6-month on-site training period, followed by a full 36-month tour. Support personnel (i.e., yeoman (YN), logistics specialist (LS), information systems technician (submarine) (ITS)) tour lengths are 36 months. Obligated service to complete the tour length is required prior to transfer.

3. Eligibility Requirements. The following criteria must be met to be qualified for SSEP duty:

a. ET and STS personnel must be submarine-qualified E-5 or above.

b. Minimum 2 years at-sea experience in the maintenance and operation of an SSN, SSBN, or SSGN electronic surveillance or SONAR system (ET and SONAR technician (submarine) STS).

c. Be eligible for a Top Secret sensitive compartmental information clearance based on a favorable single scope background investigation (ET/ITS).

d. Be positively recommended by the current commanding officer (CO) and the officer in charge (OIC) of SSEP (ET/STS/YN/LS/ITS).

e. No nonjudicial punishment for previous 36 months.

f. Must be qualified SONAR supervisor at last sea-going command (**STS only**).

4. Submission of Requests

a. Requests for assignment to SSEP groom teams and support billets must be submitted to Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignment Branch (PERS-403) via the OIC of the SSEP groom team.

b. Requests must include the following:

(1) current copy of NAVPERS 1070/881 Training, Education, and Qualification History and NAVPERS 1070/605 History of Assignments from Navy Standard Integrated Personnel System (NSIPS) electronic service record (ESR). If information is required for assignments prior to 2006, copies of all NAVPERS 1070/604 Enlisted Qualifications History and NAVPERS 1070/605 History of Assignments from the Sailor's official military personnel file is also required;

(2) all NAVPERS 1616/26 Evaluation Report & Counseling Record (E-1 - E-6) or NAVPERS 1616/27 Evaluation & Counseling Record (E-7 - E-9) evaluations for 5 years prior to submission of the request; and

(3) completed NAVPERS 1306/92 Special Program Screening (**all sections**).

5. **Forms**

a. The following NAVPERS forms may be accessed on the NPC Web site by using the following Web address:

<http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

(1) NAVPERS 1616/26

(2) NAVPERS 1616/27

(2) NAVPERS 1306/92

MILPERSMAN 1306-423

ASSIGNMENT TO UNDERSEA SURVEILLANCE DETACHMENT BILLETS

Responsible Office	NAVPERSCOM (PERS-403DH)	Phone:	DSN COM FAX	94-874-3636 (901) 874-3646/3626 874-2638
	NAVPERSCOM (PERS-406)	Phone:	DSN COM FAX	94-874-3769 (901) 874-3769/3791 874-2645
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone: Toll Free	1-866-U ASK NPC	

Reference	(a) DoD Instruction 1315.18 of 12 January 2005
------------------	--

1. General Information

a. Undersea surveillance (UNDERSEASURV) detachments support the theater anti-submarine warfare commander; Commander, Undersea Surveillance (COMUNDERSEASURV), United States defense attaché offices, and other national agencies in support of theater and national mission requirements. These billets support the anti-submarine warfare command and tactical forces by detecting, classifying, tracking, and providing timely reporting of information on submarines; gathering long term oceanographic and undersea geological information.

b. UNDERSEASURV detachments are located in Naples, Italy and Oslo, Norway.

2. Tour Lengths. Assignments to UNDERSEASURV detachments in Italy and Norway are per reference (a).

3. Eligibility Requirements. The following criteria must be met to qualify for UNDERSEASURV detachment duty:

a. UNDERSEASURV Detachment Italy:

(1) Minimum of one successful integrated undersea surveillance (IUSS) naval ocean processing facility tour;

(2) Attained IUSS qualification as tactical watch officer and qualification as IUSS watch supervisor;

(3) Hold Navy enlisted classification code 0507;

(4) Complete a Top Secret personal security investigation with eligibility for sensitive compartmented information and special access programs. The Service member may not be eligible for assignment if married to a foreign national or if the family member(s) of the spouse are foreign nationals;

(5) Applicants will be interviewed and approved by COMUNDERSEASURV, Intelligence Directorate (N2); and

(6) Must be suitable for multiple daily liaisons with senior (O5 and above) Commander, Sixth Fleet staff members.

b. **UNDERSEASURV Detachment Norway:**

(1) Minimum of one successful IUSS naval ocean processing facility tour;

(2) Complete a Top Secret personal security investigation with eligibility for sensitive compartmented information and special access programs. The Service member may not be eligible for assignment if married to a foreign national or if the family member(s) of the spouse are foreign nationals;

(3) Applicants will be interviewed and approved by COMUNDERSEASURV (N2); and

(4) Must be suitable for multiple daily liaisons with senior embassy staff and members of a host Government.

4. **Submission of Requests**

a. Requests for assignment to UNDERSEASURV detachment billets will be submitted via Career Management System Interactive Detailing. Navy Personnel Command, Combat Systems Assignments Branch (PERS-406) will select the member as "pending suitable screening" and nominate the member to COMUNDERSEASURV (N2) to begin the screening process. The member's orders to the detachment will be released once the Service member is screened "suitable".

MILPERSMAN 1306-424

PHYSICAL QUALIFICATIONS FOR SUBMARINE DUTY

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN COM FAX	882-3633 (901) 874-3633 882-2638
---------------------------	--------------------------	--------	-------------------	--

References	(a) NAVMED P-117, Manual of the Medical Department (MANMED), Article 15-106
-------------------	---

1. **Policy**. All submarine designated personnel, including those recruited for or who volunteer for submarine duty, must be found physically qualified for submarine duty per reference (a).

2. **Procedures**

a. Prior to transfer to a submarine or to submarine training, the transferring command must ensure a submarine physical has been completed, or is up to date, and no medical waivers are required or pending.

b. Periodic tests, shots, etc., must be complete.

c. All orders issued by Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignment Branch (PERS-403) for submarine duty, or to initial submarine training, must specify the above requirements and be completed **prior to transfer**.

3. **Noncompliance**

a. Personnel transferred without meeting the above physical standards are a detriment to the readiness of the fleet, or may cause the loss of training quotas.

b. The transferring command, receiving command, NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013), and type commander will be notified immediately, by message, of any transfer not in compliance with this article.

MILPERSMAN 1306-500

NUCLEAR POWER TRAINING PROGRAM

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN	882-4933
			COM	(901) 874-4933
			FAX	882-2638

1. **Purpose.** To provide information and procedures pertaining to the Nuclear Power Training Program. Other MILPERSMAN articles pertaining to the Nuclear Power Training Program are as follows:

Topic	See MILPERSMAN
Qualification for Assignments	1306-502
Requests for Assignment	1306-504

2. **Policy.** Highly motivated and trained technicians are required to maintain and operate the Navy's nuclear powered submarines and surface ships, and shore based training facilities. To meet those requirements, the Navy has established a nuclear power training program through which qualified volunteers may attain the necessary expertise.

3. **Naval Nuclear Propulsion Program (Surface/Submarine)**

a. This program consists of approximately 12 months academic training, followed by approximately 6 months operational and maintenance training at a land-based reactor prototype site.

b. Applicants volunteering for this program should be advised that most of the training will be in a new technical field and is not limited to the professional aspects of any particular rating.

c. Training is divided into the following three major phases:

(1) **Nuclear Field "A" School.** Each candidate is classified into one of three ratings: Electronics Technician (ET), Electricians Mate (EM), or Machinist Mate (MM). Each has

a class "A" school with varying course lengths. These courses are taught at the Naval Nuclear Power Training Command (NNPTC) in Charleston, SC. The courses cover in-rate theory and equipment specific to a naval nuclear propulsion plant.

(2) **Basic Nuclear Power Course.** This course is 24 weeks long and is taught at NNPTC in Charleston, SC. Students receive a theoretical background in nuclear propulsion technology and other subjects required for the operational training phase which follows.

(3) **Nuclear Propulsion Plant Operator Course.** This 26-week operational training course is conducted at one of the nuclear propulsion reactor prototype plants (Naval Nuclear Power Training Unit (NAVNUPWRTRAU)) located at Ballston Spa, NY or Charleston, SC. At NAVNUPWRTRAU, students gain realistic practical experience by operating the prototype propulsion plant as a member of a watch section, while working with experienced nuclear propulsion plant operators and supervisors.

MILPERSMAN 1306-502

QUALIFICATIONS FOR ASSIGNMENT TO NUCLEAR PROPULSION PROGRAM SCHOOLS

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN	882-4696
			COM	(901) 874-4696
			FAX	882-2638

References	(a) NAVMED P-117, Manual of the Medical Department (MANMED)
	(b) NAVMED P-5055, Radiation Health Protection Manual
	(c) Manual for Courts-Martial, United States (2005 Edition)
	(d) SECNAVINST 5510.30B

1. Suitability for the Nuclear Propulsion Program

a. **Academic Prerequisites.** The Nuclear Propulsion Program schools are academically difficult, and a sound understanding of mathematics, physics, and chemistry is necessary for successful completion.

b. **Motivation.** Strong motivation, interest in the program, and willingness to work diligently in the academic and operational training phases are important prerequisites for the program.

c. **Reliability.** While the highest standards of personal conduct and reliability are required of all members of the Naval Service, it is especially important that members assigned to duty involving operation, maintenance, and supervision of naval nuclear propulsion plants are of unquestioned reliability.

d. **Applicant Evaluation.** Conscientious efforts are necessary to examine and evaluate each applicant's character, background and potential for meeting program requirements.

2. **Requirements for Assignment to the Nuclear Propulsion Program.** Responsibility for determining members' qualifications rests with the commanding officer (CO). Prior to recommending

members for the Nuclear Propulsion Program, COs interview and evaluate nominees per the following requirements:

a. **Paygrade/Occupational Area.** Be paygrade E-2 through E-6 on active duty.

(1) Members selected for the program will be placed in one of three nuclear operator categories (mechanical, electrical or reactor operator) at the beginning of basic Nuclear Power School based on experience and needs of the program.

(2) Members will be converted to the source rating appropriate to their operator training (MM, EM or ET) upon successful completion of the Nuclear Field "A" School course.

b. **Motivation.** Be motivated for the program and aware of the demanding academic effort required to complete the training program (e.g., general study and class time usually totals at least 12 hours per day).

c. **Scores**

- $MK + EI + GS + AR = 252$, or
- $VE + AR + MK + MC = 252$

Fleet personnel do not have to take the Navy Advanced Placement Test (NAPT).

d. **High School Diploma.** Have a high school diploma.

e. **Algebra.** Have completed at least 1 year of high school level algebra with no less than a "C" (70 - 79% on a 100% base).

f. **Chemistry, Physics, or other Sciences.** Should have completed high school level or higher instruction in chemistry, physics, or other sciences.

g. **Age.** Have not reached 25th birthday on class convening date at Nuclear Power School.

h. **Physical.** Be physically qualified per

(1) reference (a), article 15-106 and reference (b) for members applying for **submarine duty**; or

(2) reference (a), article 15-103 and reference (b) for personnel applying for **nuclear field duty**.

i. **Academic Performance.** Have demonstrated good academic performance at Class "A" and other service schools (evidenced by a standing within the upper half of the class).

NOTE: Members who did not stand in the upper half of the above schools will be considered on a case basis if other evidence of academic achievement clearly indicates potential to successfully complete nuclear propulsion training.

j. **Citizenship.** Be a U. S. Citizen.

k. **Active Service.** Not have completed more than 4 years active service on class convening date for Nuclear Power School. Waivers will be considered on a case basis for particularly outstanding candidates.

l. **Disciplinary Record.** Have a clear record for at least 1 year insofar as the CO can determine by inspection of current service record, and not more than one minor offense during the past 2 years. (A minor offense is defined in reference (c), chapter 128.b.)

(1) **Convictions.** Members convicted of a serious offense will not be accepted. (A serious offense is one that may jeopardize eligibility for security clearance, such as theft or an offense that suggests unreliability.)

(2) **Drug Abuse.** Evidence of drug abuse is disqualifying; however, a waiver may be granted for preservice experimental use of marijuana. This waiver policy applies only to preservice use of marijuana which was of a clearly experimental nature and was acknowledged by the individual during recruitment.

(3) **Other.** Cases may arise which, in the judgment of the CO, do not clearly fall within the disciplinary guidelines provided above. In such cases, recommendations containing supporting information should be submitted to Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignment Branch (PERS-403F) for decision.

m. **Performance.** Must have overall performance marks of 3.0 or better, with no individual performance trait marks below 2.0 for 2 years prior to entry into Nuclear Power School, except for

cases in which one minor offense has resulted in an evaluation trait mark below 3.0. Selection for nuclear propulsion training will depend on the nature of the minor offense and an evaluation of the member's overall performance record.

n. Security Clearance. A security investigation and clearance are required for the Nuclear Propulsion Program.

(1) A SECRET clearance is required for all students prior to the commencement of training in the Nuclear Propulsion Program. The requirements for granting a SECRET clearance are contained in reference (d).

(2) Prior to completion of the CO's endorsement on a member's request for entry into the Nuclear Propulsion Program, it must be determined if the appropriate security documents are available in the service record. If they are not, a National Agency Check (NAC) request must be submitted simultaneously with the submission of member's NAVPERS 1306/7 (Rev. 1/03), Enlisted Personnel Action Request.

(3) The member cannot be ordered to Nuclear Field "A" School until a satisfactory NAC is completed and documented in the service record.

MILPERSMAN 1306-504

REQUESTS FOR ASSIGNMENT TO NUCLEAR PROPULSION TRAINING

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN	882-4933
			COM	(901) 874-4933
			FAX	882-2638

1. Policy

a. Requests for assignment to nuclear propulsion training and ultimate assignment to surface ship or submarine duty shall be submitted by qualified members per MILPERSMAN 1306-502 to Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignment Branch (PERS-403F) on NAVPERS 1306/7 (01/03), Enlisted Personnel Action Request.

b. Members may indicate they are volunteers for submarine duty; however, ultimate assignment to submarine duty cannot be guaranteed unless the applicant is already qualified in submarines (SS designator).

2. Service Record Entry. The following entry must be made on NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks in the member's service record prior to submitting a request for assignment to the Naval Nuclear Propulsion Program:

Date: "I understand the requirements that I must fulfill if selected for the Naval Nuclear Propulsion Program per provisions of MILPERSMAN 1160-040, 1160-080, 1306-502 and 1510-030."

Member's Signature

Witnessed: _____
J. ELLIS
LCDR, USN, Personnel Officer

3. **Forwarding Endorsement**. The following information must be included in the forwarding endorsement:

- a. Member has/has not been selected for officer status.
- b. Member has/has not been previously selected for the Naval Nuclear Propulsion Program.
- c. Statement that applicant has been determined to be physically qualified and that additional physical examination records DD Form 2808 (Rev. 10-05), Report of Medical Examination and DD Form 2807-1 (Rev. 3-07), Report of Medical History have been completed and are submitted as enclosure (1).
- d. Copy of high school transcripts, and college transcripts (if applicable).
- e. Copy of NAVPERS 1070/604 (Rev. 3-05), Enlisted Qualifications History.
- f. Copy of NAVPERS 1616/26 (Rev. 7-95), Evaluation Report and Counseling Record covering the last 2 years.
- g. Justification for waiver of any program eligibility requirements.
- h. Commanding officer's statement as to the applicant's potential to successfully complete Nuclear Propulsion Training.

4. **Previously Assigned to Nuclear Training and Disenrolled for Alcohol Dependency**

- a. Requests for reassignment to nuclear propulsion training for members who were disenrolled for alcohol dependency prior to completion of training may be considered after successful rehabilitation and a 180-day observation period, at least 90 days of which must be at the member's endorsing command.
- b. During this period the member must demonstrate exemplary performance and freedom from alcohol abuse. The following additional information must be included with the request:

(1) Member's statement that he has been made aware of the physical and psychological effects of alcohol abuse, rejects any

further abuse, and supports the Navy and Nuclear Power Program drug and alcohol policy.

(2) A copy of the latest NAVPERS 1616/26 or special evaluation documenting the member's performance and attitude toward further alcohol abuse.

(3) A statement of the type treatment received by member.

5. **Requirements to be Met prior to Transfer.** The member's command shall ensure the requirements listed below are met prior to transfer.

a. **Obligated Service (OBLISERV)**

(1) Members selected for assignment to nuclear propulsion training must have a minimum of 48 months active OBLISERV at time of reporting to Nuclear Power School (NPS).

(2) Members who will have completed less than 2 years active service on reporting to NPS must extend or reenlist to ensure a minimum aggregate active service of 6 years.

(3) Members may reenlist or extend their enlistments, if qualified in all other respects, to obtain the required active OBLISERV.

(4) United States (U.S.) Naval Reserve must convert to U.S. Navy.

(5) Instructions concerning reenlistment and voluntary extensions of enlistment are contained in MILPERSMAN 1160-030 and 1160-040.

(a) Members extending to meet OBLISERV requirements and selected for Nuclear Surface Ship assignment will have the opportunity to reenlist at the completion of prototype training, dropping the inoperative extensions executed to obtain sufficient OBLISERV for nuclear surface operators to compute Selective Reenlistment Bonus (SRB).

(b) If an extension would become operative prior to completion of nuclear propulsion training, then two extensions should be utilized; one extension to allow completion of the training and a second extension to complete the 48-month OBLISERV requirement.

b. **Documentation.** When NAVPERS 1070/621 (1/00), Agreement to Extend Enlistment or NAVPERS 1070/622 (1/00), Agreement to Recall or Extend Enlistment is executed to attain active OBLISERV required, the following entry shall be made as the NARRATIVE REASON for extension:

"Training - Nuclear Field Program (MILPERSMAN 1306-500 and 1510-030). I understand this extension becomes binding upon execution and thereafter may not be cancelled except as set forth in MILPERSMAN 1160-040 and 1160-080."

6. **Cancellation.** If a member does not desire to obligate himself as required, retain member on board and submit message notification to NAVPERSCOM (PERS-403F), who will then issue cancellation orders.

7. **Preparation for NPS**

a. Members interested in the Naval Nuclear Propulsion Program should complete a refresher course in basic mathematics.

b. Additional review in basic physics and chemistry should also be accomplished. Completion of this study, while not mandatory, will assist in the successful completion of Nuclear Propulsion Training.

8. **Assignment to Nuclear Field "A" School.** Members who are selected for Nuclear Propulsion Training will be assigned to Nuclear Field "A" School for up to 28 weeks training.

a. Members whose present rating is EM or ET will be required to successfully complete abbreviated courses covering topics essential to support the NPS curriculum.

b. MM3 and members in other ratings will be required to successfully complete the entire "A" School curriculum prior to commencing NPS.

MILPERSMAN 1306-600

SERVICE SCHOOLS

Responsible Office	NAVPERSCOM (PERS-4010)	Phone:	DSN COM FAX	882-3865 (901) 874-3865 882-2760
---------------------------	---------------------------	--------	-------------------	--

1. **Scope.** This article and its subarticles provide information and procedures pertaining to service schools:

Topic	See MILPERSMAN
Eligibility requirements.	1306-602
Determining obligated service (OBLISERV) requirements.	1306-604
Service school quotas.	1306-606
Class "A" School opportunities.	1306-608
Implementing the Guaranteed Targeted Enlistment Program.	1306-610
Foreign nationals and immigrant aliens.	1306-612
Granting leave in conjunction with such orders, family members' travel, and shipment of household goods (HHG) incident to orders to service schools.	1306-614
Determining the disposition of ineligible candidates who report to service schools.	1306-616
Listing of "A" School requirements.	1306-618

2. **Assignment upon Completion of Course of Instruction**

a. Assignment after training will be determined by the member's eligibility for sea or shore duty.

b. Members who reported to temporary duty under instruction (TEMDUINS) or duty under instruction (DUINS) from sea duty, who have more than 6 months remaining until completion of their prescribed sea tour, shall normally be returned to sea duty for a period of at least 12 months, or until completion of their prescribed sea tour, whichever is longer.

MILPERSMAN 1306-602

SERVICE SCHOOL ELIGIBILITY REQUIREMENTS

Responsible Office	NAVPERSCOM (PERS-4010)	Phone:	DSN COM FAX	882-3865 (901) 874-3865 882-2760
---------------------------	---------------------------	--------	-------------------	--

References	(a) NAVEDTRA 12061, Catalog of Nonresident Training Courses (b) NAVMED P-117, Manual of the Medical Department (MANMED) (c) OPNAVINST 1160.5C (Reenlistment Quality Control Program) (d) OPNAVINST 1514.1B
-------------------	---

1. **Eligibility Requirements.** Service school candidates must meet the general requirements described herein and the specific prerequisites for each school as set forth in reference (a) or other appropriate directives.

a. **Entrance Standards/Security Clearance.** Commanding officers (COs) must screen candidates to ensure they meet school entrance standards, including appropriate security clearance requirements.

b. **Physical.** Members must have passed most current physical readiness test (PRT) and be within body composition assessment (BCA) standards in addition to being physically qualified for transfer per reference (b), article 15-30.

(1) Those requiring medical attention, that will not allow uninterrupted completion of course of instruction, shall not be transferred to school.

(2) Refer to MILPERSMAN 1306-114 for assignment of pregnant Navy members to school. Recommendation from the medical officer must be forwarded to Navy Personnel Command (NAVPERSCOM), Shore Special Programs Assignment Branch (PERS-4010S).

c. **Education.** When high school graduation is a prerequisite for a particular service school, successful passing

of the high school level General Educational Development (GED) test will be accepted for qualification.

d. Suitability Evaluation. COs must ensure that members selected for transfer to Navy service schools are well suited to the course of instruction as well as the type of work associated with the training.

(1) The basis for evaluation should include performance and military behavior, physical characteristics, mental aptitude, applicable scores on Navy tests, civilian occupations, previous training, experience, hobbies, and interests.

(2) Initiative in pursuing college education, completing Navy courses, and participation in Post-Secondary, Adult, and Continuing Education Program courses should be factors in recommending a member for a specific "A" School. Grades received in any of the courses completed will also be considered during the screening process.

(3) All commands are reminded that fleet "A" School candidates will make a permanent impression on recruit accessions who make up most of the "A" School population; therefore, all COs are urged to endorse only the best in the fleet for assignment.

e. Disciplinary Record. Candidates shall not have a record of conviction by any court-martial and not more than one nonjudicial punishment (NJP) during the 18 months preceding assignment to school. Waivers for more than one NJP should be submitted to NAVPERSCOM (PERS-4010S).

f. Reference (a) (NAVEDTRA 12061) School Requirements. Candidates and COs should be cognizant of specific school requirements as set forth in reference (a) prior to submission of documentation to support waiverable selection requests.

g. Time on Board

(1) Fleet applicants may submit request after completion of 12 months on board permanent duty station.

(2) Members assigned to first duty station must have a minimum of 12 months on board prior to submission of requests for temporary duty under instruction (TEMDUINS) or duty under

Instruction (DUINS) assignment to Class "A" Schools, and must have a minimum of 18 months on board prior to transfer.

(a) Rated personnel must have 24 months on board prior to transfer, with the exception of training in hospital corps Navy Enlisted Classifications (NEC) 8402, 8403, 8425, 8491, and 8494 which is reduced from 24 to 18 months.

(b) Participation in Navy-wide advancement examinations for open ratings and assignment via returnable quota (ACC 341 schools only) remain an option for overseas commands. Waivers for up to 12 months of the required Department of Defense (DOD) tour will be handled on a case-by-case basis and must be fully justified on NAVPERS 1306/7 (Rev. 1/03), Enlisted Personnel Action Request.

h. **Incur Active Obligated Service (OBLISERV).** Candidates must be willing to incur active OBLISERV per MILPERSMAN 1306-604 and 1050-300. **NOTE:** They must be eligible to extend or reenlist per reference (c) and MILPERSMAN 1050-300.

i. **Pending "A" School Request/Advancement Examination Participation.** COs' attention is directed towards MILPERSMAN 1440-050 which states, "**non-designated personnel who have an "A" School request pending, or have been approved for attendance at an "A" School, are not authorized to participate in an advancement examination for any other rating until completion of the "A" School.**" Once a member participates in an advancement examination, member may not request an "A" School for a different rating until the results of the Navy-wide advancement examination are released.

2. **Recruit Input.** Recruits are assigned to "A" School by NAVPERSCOM.

a. Based on NAVPERSCOM established standards, some recruits are granted an Armed Services Vocational Aptitude Battery (ASVAB) test score waiver for assignment to Class "A" School.

b. Service record entries or reports of ineligibility set forth in this article are not required for recruits.

3. Submission of Requests

a. Fleet applicants should submit their request to NAVPERSCOM, Shore Special Programs Assignment Branch (PERS-4010) and their respective detailer on NAVPERS 1306/7.

b. Submit requests for "A" Schools to NAVPERSCOM (PERS-4010S); requests for other schools should be addressed to the NAVPERSCOM code specified in reference (a).

c. Members requesting temporary additional instruction (TEMADDINS) (returnable quota) assignment to "A" Schools may submit their NAVPERS 1306/7 as soon as the CO determines the assignment is warranted. **NOTE:** Commands will not be authorized a returnable quota if manning levels for that specific rating is at, or exceeds, 100 percent (e.g., current on board equals or exceeds Navy Manning Plan (NMP)).

4. Requests for Waiver of Eligibility Requirements. Waiver of eligibility requirements (except requirements involving security clearance, OBLISERV, requisite training/physical standards for personal safety) may be requested for members who have exceptional potential.

a. Waiver requests shall be submitted in the CO's endorsement to the quota request and shall include the following:

(1) Specific deficiency and full justification for waiver. In cases of test score waiver, list all available scores separately.

(2) Length of time the member has been striking for the rating for which training is requested, and comments concerning the member's civilian experience as it relates to the requested course of instruction.

(3) Evaluation of the member's overall potential to the Navy, including the member's career intentions and leadership potential.

(4) Courses the member has completed which will enhance the prospect of successful school completion.

(5) NAVPERS 1306/7 must specify if member is applying via the Job Oriented Basic Skills Program (JOBS). Refer to

waiver requirements in reference (d). **NOTE:** The JOBS program is a perfect opportunity for ASVAB deficient applicants to obtain an "A" School upon satisfactory completion of the JOBS course of instruction. If approved, a follow-on "A" School will be added onto the member's orders.

b. When a waiver has been granted, an appropriate NAVPERS 1070/613 (10/81), Administrative Remarks entry must be made prior to the candidate's transfer to school.

MILPERSMAN 1306-604

ACTIVE OBLIGATED SERVICE (OBLISERV) FOR SERVICE SCHOOLS

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN COM FAX	882-4185 (901) 874-4185 882-2693
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

References	(a) NAVPERS 18068F (b) OPNAVINST 1160.8A
-------------------	---

1. **Policy.** Commanding Officers (COs) of transferring activities will ensure the active obligated service (OBLISERV) outlined in this article is completed prior to transfer. Waivers of this requirement normally will not be approved.

a. (Unless otherwise directed in MILPERSMAN 1306-618 or reference (a)) OBLISERV for "A" and "C" schools and factory/contractor training is computed from the class convening date. OBLISERV must be incurred prior to permanent change of station (PCS), temporary additional duty, or temporary duty under instruction transfer to the school by executing either:

(1) NAVPERS 1070/621, Agreement to Extend Enlistment (Rev. 10-00);

(2) NAVPERS 1070/622, Agreement to Recall or Extend Active Duty (Rev. 8-07); or

(3) NAVPERS 1070/601, Immediate Reenlistment Contract (Rev. 1-00).

Note: If the length of the Service member's current enlistment contract is sufficient to cover the OBLISERV required in paragraph 3b below, additional OBLISERV is not required. This policy also applies to returnable quotas.

b. If reenlistment and or obtainment of OBLISERV prior to transfer will cause loss of Selective Reenlistment Bonus (SRB), the member may qualify for the following OBLISERV options:

(1) NAVPERS 1070/613, Administrative Remarks (Page 13), (Rev. 7-06) entry in lieu of hard OBLISERV per MILPERSMAN 1306-106.

(2) Obligated Service to Train (OTT) program per reference (b) and most recent SRB NAVADMIN message.

2. Procedures

a. For non 5/6 year obligor Sailors, when preparing the NAVPERS 1070/621 and or NAVPERS 1070/622, the reason will be "To meet OBLISERV requirements upon graduation from (name of course) course of instruction per MILPERSMAN 1306-604. I understand this extension becomes binding upon execution and thereafter may not be cancelled except as set forth in MILPERSMAN 1160-040."

b. In the event a fleet input student completes the course of instruction in less than scheduled course length, initial OBLISERV may be reduced by the schoolhouse CO to correspond to the actual time spent under instruction. If student transfers from schoolhouse prior to OBLISERV adjustment, correspondence requesting adjustment of OBLISERV under such circumstances shall be forwarded to Navy Personnel Command (NAVPERSCOM), Active Enlisted Program Branch (PERS-811) with copies of all related NAVPERS 1070/604 Enlisted Qualification History (Rev. 3-05) and NAVPERS 1070/613.

c. For non 5/6YO obligor Sailors (in addition to paragraph 2a and 2b requirements), a member acquiring an additional OBLISERV for a course of instruction will also execute and sign a NAVPERS 1070/613 entry of understanding concerning OBLISERV payback for disenrollment. An example is as follows:

"Having executed an extension of my current enlistment to obtain sufficient OBLISERV for (Course of Instruction/Course Identification Number), I understand that in case of disenrollment prior to completion of that course of instruction, the extension may be cancelled and a new extension executed per the service requirements of MILPERSMAN 1306-604."

Member's Signature

Witnessed: _____
L. Kimble
CDR, USN, Personnel Officer"

d. OTT eligible members are required to submit requests via their CO to PERS-811 to request permission to use the OTT option.

3. **Active OBLISERV for Schools.** OBLISERV requirements for members assigned to single service schools or consecutive service schools, will be determined by using the below chart with the total number of weeks of schooling involved.

a. Active OBLISERV shall in no case exceed 72 months.

b. The following table outlines required OBLISERV for schools not identified in MILPERSMAN 1306-618:

Course Length	OBLISERV	Course Length	OBLISERV
01-03 weeks	06 months	15-22 weeks	30 months
04-06 weeks	12 months	23-30 weeks	36 months
07-08 weeks	18 months	31-38 weeks	42 months
09-10 weeks	20 months	39-46 weeks	48 months
11-12 weeks	22 months	47-52 weeks	54 months
13-14 weeks	24 months	53 weeks or greater	60 months

c. The following notes apply to 30-60 months OBLISERV:

(1) The total active OBLISERV requirement for those entering a course of instruction for a critical Navy enlisted classification (NEC) that is listed in the latest NAVADMIN as SRB eligible, will be 36 months from graduation from the NEC course of instruction.

(2) This provision does not apply to "C" schools less than 11 weeks in duration for which 24 months OBLISERV from graduation is required for SRB eligible NECs.

(3) This provision is not applicable to nuclear power NECs 3353-3396 or to training pipelines associated with initial 6-year obligor recruiting programs (Advanced Electronics Field (AEF)/Advanced Technical Field (ATF)). This provision applies for those who have either converted to a rating/skill to be eligible for this training or for those non-designated members who later strike for a rating to be eligible for this pipeline training.

4. **Independent Duty Corpsmen (IDC)**. All IDC Hospital Corpsman (HM-8402, 8403, 8425, and 8494) who are under PCS orders to a ship/submarine, isolated duty station, operational or deployable activity, or duty independent of a medical officer and who have not served onboard a ship for the past two years **must attend the respective "en route" Independent Duty Refresher Training course**. They will receive a two-day type commander, squadron/group, or parent organization (as appropriate) indoctrination en route to the ultimate independent duty activity.

a. Bureau of Naval Personnel (BUPERS), Medical Enlisted Community Manager (BUPERS 325), has authority to remove independent duty corpsmen NECs when:

(1) Official record reveals member is no longer qualified to retain NEC.

(2) The IDC has a documented psychological problem, a substance abuse incident, or a substantiated Family Advocacy abuse case where treatment is refused or member is designated not eligible for treatment which adversely reflects on the member's integrity, professional conduct, or moral character.

NOTE: Such deviations from acceptable behavior or strong moral character may warrant (if retained) removal of the member from a patient care environment, removal of NECs, and forced conversion to an appropriate rating.

(3) NEC removal "for cause" is recommended and supported by the CO or a command requested NEC removal subsequent to documented incompetency.

(4) An IDC fails to maintain "Certification" and the IDC is not assigned/utilized as an IDC for three or more years and there is no opportunity for reassignment to an IDC billet at sea.

(5) An IDC receives disciplinary action by military or civilian authorities for conduct which reflects adversely upon the member's reliability, integrity, trustworthiness, or moral character.

5. **6-Year Obligation Programs.** Various programs require a total of 6 years active duty obligation. The AEF, ATF, and Nuclear Field Programs require a 4-year enlistment and a concurrent two-year extension of active duty obligation. These programs are set forth in MILPERSMAN 1510-030.

6. **5-Year Obligation Programs.** In addition to academic requirements, all members must acquire an aggregate of 5 years total active OBLISERV to qualify for "A" School training in the following ratings (regardless of "A" School length):

(AC) Air Traffic Controller	(ETS) Electronics Technician Sub
(AW) Aviation Antisubmarine Warfare Operator	(FT) Fire Control Technician
(BU) Builder	(HM) Hospital Corpsman/HM DA
(CE) Construction Electrician	(MC) Mass Communications Specialist
(CM) Construction Mechanic	(STS) Sonar Technician Sub
	(SW) Steelworker
(EA) Engineering Aide	(UT) Utilitiesman
(EO) Equipment Operator	

a. Members with an aggregate of 5 years active OBLISERV, who will not have at least the minimum OBLISERV remaining on their enlistment as set forth in this article, must agree to extend their enlistment for the required minimum obligation to become eligible for one of the above schools.

b. The Surgeon General has waived the HM "A" school requirement for SEAL candidates receiving medical training.

c. Fleet inputs or lateral conversions for HM and AC 5-year program "A" school candidates require 48 months minimum OBLISERV as of class convening date.

d. Fleet inputs or lateral conversion Master-at-Arms and Legalman candidates require 36 months minimum OBLISERV upon graduation from course of instruction.

7. **Acquiring Active OBLISERV.** Members may reenlist or extend their enlistments (if qualified) to obtain the required active OBLISERV.

a. Instructions concerning reenlistment and voluntary extensions of enlistment are contained in MILPERSMAN 1160-030 and 1160-040.

b. Hard OBLISERV is required for all members attending "A" and "C" schools and factory/contractor training (**except** those attending "A" and "C" schools under the Selective Conversion, Reenlistment, and Lateral Conversion programs).

c. Waivers of OBLISERV normally will not be approved.

d. Members who fail to incur sufficient OBLISERV (as required) will be dropped from the school upon reporting or at the time discrepancy is discovered.

(1) If not separated, they will immediately be made available for general duty assignment.

(2) If a member is designated and reports to a new command where the OBLISERV discrepancy is discovered, notify NAVPERSCOM (PERS-811) for authority to remove striker designation. If member is in excess as a non-designated Seaman/Airman/Fireman, make member available for Needs of the Navy assignment.

(3) Under no circumstance, will a member be allowed to remain in school, become designated, or remain designated without fulfilling the requirements for OBLISERV as set forth in this article.

(4) All members should be counseled on the requirement for NAVPERSCOM's approval for reenlistment.

8. **Extensions of Enlistment**

a. When NAVPERS 1070/621 or NAVPERS 1070/622 is executed to attain active OBLISERV required for a course of instruction, one of the following entries (as appropriate) shall be made as **narrative reason**:

(1) Fleet input students - refer to paragraph 2.a. of this article.

(2) Initial entry students other than Nuclear Field: "Training for AEF, ATF, Five-Year Obligor (5YO) Program, or other training (cite applicable authority; e.g., PERS-TC, etc.). I understand this agreement becomes binding upon enrollment in the course of instruction for which it is executed and thereafter may not be cancelled, except as set forth in MILPERSMAN 1160-040 and MILPERSMAN 1510-030."

(3) Nuclear Field: "Training (Nuclear Field (NF) Program, accelerated advancement to E-4, MILPERSMAN 1510-030). I understand this extension becomes binding upon execution and thereafter will not be cancelled."

b. **Cancellation or Adjustments of Extensions.** Refer to MILPERSMAN 1160-040. For non-5/6YO members disenrolled from "A" or "C" schools, payback will be computed from the table in this article.

c. **OBLISERV of 5/6 Year Obligor Program disenrollees.** Refer to MILPERSMAN 1160-040 and 1510-030.

MILPERSMAN 1306-606

QUOTA TYPES AND PROCUREMENT

Responsible Office	NAVPERSCOM (PERS-4010)	Phone:	DSN	882-3451
			COM (901)	874-3451
			FAX	874-2646
	NAVPERSCOM (PERS-4011E) SQMO		DSN	882-2976
			COM (901)	874-2976
			FAX	874-2036

1. **Definitions of Types of Quotas.** Types of quotas assigned to attend service schools are as follows:

a. **Temporary Additional Duty under Instruction (TEMADDINS).** These quotas are assigned only for members ordered to course(s) of instruction of less than 20 weeks duration, when it is appropriate the member be returned to the originating command. If a valid billet will exist at the current command for the member upon completion of training, the assignment will normally be made on a TEMADDINS quota.

b. **Temporary Duty under Instruction (TEMDUINS).** Members assigned quotas to course(s) of instruction of less than 20 weeks duration in connection with a permanent change of station (PCS) are assigned to their ultimate permanent duty station in one of two ways:

(a) **Transfer directives, which indicate the ultimate duty station, will be assigned upon completion of schooling.** These members are transferred for TEMDUINS and are made available upon completion of schooling for further assignment by Navy Personnel Command (NAVPERSCOM).

(b) **Transfer directives which include a permanent duty station.** These members are transferred upon completion of schooling to the permanent duty station included in the transfer directives.

c. **Duty under Instruction (DUINS).** All members assigned quotas to a course(s) of instruction of 20 weeks duration or longer are transferred for DUINS, which is considered a PCS. Upon completion of schooling these members are assigned a new permanent duty station by NAVPERSCOM.

d. **Determination in Change of Status from TEMDUINS to DUINS.**

(1) Orders to a course scheduled for less than 20 weeks constitute a temporary assignment. In some instances, unforeseen delays will extend a scheduled course beyond 20 weeks. The possibility of unforeseen delays does not change the fact the orders, based upon the scheduled length of the course, constitute a temporary assignment.

(2) Temporary duty allowances are no longer payable after receipt of an order modification to DUINS, as this constitutes a PCS. NAVPERSCOM is the determining authority for cases not covered by the above paragraph.

2. **Rotation Credit while Attending Course of Instruction.**

Rotation credit while attending a course of instruction shall be determined on the basis of type duty assigned while under instruction as follows:

a. **TEMADDINS.** Rotation credit continues to accrue in the same category as PCS.

b. **TEMDUINS.** No credit for rotation credit.

c. **DUINS.** Rotation credit is determined utilizing previous duty assignment as follows:

(1) For members reporting for DUINS from activities classified as **shore duty** for rotation, the course of instruction is considered to be a continuation of their shore tour.

(2) For members reporting for DUINS from activities classified as **sea duty** for rotation, the course of instruction receives no rotation credit (exception - combined schooling of 18 months or more is considered shore duty).

3. **Quota Procurement.** Quota procurement is as follows:

a. **TEMADDINS Quota Assignment.** Fleet activities may request TEMADDINS quotas per type commander's instructions. For quotas controlled by NAVPERSCOM, Shore Special Programs Assignment Branch (PERS-4010), see para. 3d of this article.

b. **TEMDUINS Quota Assignment.** TEMDUINS quotas for "A" and "C" schools may be requested for members being reassigned when training is required by new duty station.

c. **DUINS Quota Assignment.** Members are normally assigned to "C" schools on a DUINS basis upon normal rotation from shore duty to sea duty, or as a reenlistment incentive per MILPERSMAN 1306-1000.

d. **NAVPERSCOM Quota Control Assignment.**

(1) TEMADDINS school requests for which NAVPERSCOM (PERS-4010) exercises quota control shall be submitted to NAVPERSCOM (PERS-4010) per appropriate type commander instructions, with an information copy to NAVPERSCOM, Enlisted Personnel Readiness and Support Branch, (PERS-4013).

(2) Requests for DUINS and TEMDUINS courses are submitted directly to NAVPERSCOM (PERS-4010) via NAVPERS 1306/7 (Rev. 1/03), Enlisted Personnel Action Request. All quota requests shall contain the following information:

(a) Last three evaluations.

(b) Armed Services Vocational Aptitude Battery (ASVAB) scores.

(c) Correspondence or college course completion.

(d) Statement identifying if member participated in the last Navy-wide advancement examination, and for what rating.

(e) Any specific waivers required as outlined in MILPERSMAN 1306-602.

(f) For returnable quotas, command E3/E4 navy manning plan (NMP) and current on board must be specified for the rating requested.

(g) Name, rate, last 4 digits of social security number, Navy Enlisted Classification (NEC), Sea Duty Commencement Date/Projected Rotation Date, as appropriate, and Expiration of Active Obligated Service (EAOS) (as extended) of the candidate.

MILPERSMAN 1306-608

CLASS "A" SCHOOL OPPORTUNITIES

Responsible Office	NAVPERSCOM (PERS-4010)	Phone:	DSN	882-3884
			COM	(901) 874-3884
			FAX	882-2646

References	(a) NAVSO P-117, Manual of the Medical Department (MANMED)
	(b) SECNAVINST 5510.30B
	(c) OPNAVINST 6420.1
	(d) CNETINST 1500.9C

1. **Policy.** Qualified personnel in paygrades E-1, E-2, and E-3 will be assigned to Class "A" School on an individual request basis. With the exception of rating conversion, designated personnel and those who are to be advanced, or who have advanced to E-4, will not normally be considered for Class "A" School.

2. **Procedures/Information Requirements.** Requests for Class "A" Schools should be forwarded to Navy Personnel Command (NAVPERSCOM), "A" School Management Section (PERS-4010S) using a **hardcopy** NAVPERS 1306/7 (Rev. 1-03), Enlisted Personnel Action Request, **not an electronic BUPERS ACCESS copy**, and shall include the following information:

a. **Command Endorsement.** Command endorsement must certify the candidate has no history of in-service or prior service alcohol or drug abuse, or an offense involving the introduction, possession, or use of marijuana, narcotics, or other controlled substances. Waivers for pre-service experimental (one-time) use of marijuana will be considered on a case-by-case basis. Pre-service or in-service use of other drugs or any abuse of alcohol will not be waived. Required certification may be provided in the comment section of NAVPERS 1306/7, via memorandum or message.

b. **Armed Services Vocational Aptitude Battery (ASVAB) Scores.** All scores in the ASVAB test indicated on NAVPERS 1070/604 (Rev. 3-05), Enlisted Qualifications History.
NOTE: If the member has undergone an ASVAB retest, forward a

certified copy of the new NAVPERS 1070/604 as an enclosure to the member's request.

c. **Waiver(s).** Waiver(s) requested and justification included, if applicable (see MILPERSMAN 1306-602).

d. **Eligibility.** Certification that member is eligible to extend/reenlist for the requested school per MILPERSMAN 1160-030.

e. **Obligated Service (OBLISERV).** Expiration of active OBLISERV.

f. **Comments.** Include month member is available for school if ship or unit will be deployed in near future. Quota requests should be planned to preclude cancellations due to deployment.

g. **Evaluations.** Three most recent NAVPERS 1616/26 (Rev. 7-95), Evaluation Report and Counseling Record (E-1/6).

3. **Information Requirements per Type School.** The following additional information will be provided based upon the type school requested:

a. **For AC "A" School**

(1) Members must be physically qualified per reference (a), article 15-69 within 120 days of the class convening date.

(2) NAVPERSCOM (PERS-4010) will notify the command of selection and request the physical be completed. It is imperative to notify NAVPERSCOM (PERS-4010), before the member transfers, if the physical cannot be completed and/or if the member is not qualified.

b. **For AW "A" School.** Forward copy of completed NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks per MILPERSMAN 1220-010 pertaining to the aircrew program.

c. **For CT/IS "A" School**

(1) All requests for CT and IS "A" School must include a copy (not original) of a newly prepared SF 86 (Rev. 9-95), Questionnaire for National Security Positions and a personal

screening interview by a special security officer (SSO). See reference (b) for general form preparation.

(2) Fingerprint cards are not desired. These items are used solely for screening for the CT/IS ratings. **Do not initiate a Single Scope Background Investigation (SSBI) at this time.** Once selected, orders to school will direct initiation of an SSBI, at which time a complete set of SSBI forms must be completed. **Submit an SSBI as soon as orders to CT/IS "A" School are received.** Any delay in submission of required paperwork to Department of the Navy, Central Adjudication Facility (DONCAF), Washington, DC will preclude student from convening on the scheduled class convening date.

(3) Both the applicant and applicant's immediate family member(s) must be U.S. citizens. A waiver for U.S. citizenship requirement for immediate family may exist due to a "compelling need." Include an Intelligence Risk Assessment and a Foreign Contact Interview with the waiver. Only DONCAF may authorize this based on CT enlisted community manager's (ECM's) recommendation for severely undermanned CT branches.

(4) Moral turpitude offense(s) are generally disqualifying.

(5) Former members of the Peace Corps are not eligible.

(6) Must be a high school graduate or equivalent (General Educational Development (GED), College Preparatory Training (CPT), home study, or other equivalency). If not a diploma graduate, applicant must provide a high school transcript verifying successful completion of the 10th grade.

d. **For CTI "A" School** (in addition to above)

(1) Males may be assigned to duty in submarines or duty involving aerial flight. Reference (a), chapter 15, and reference (c) pertain.

(2) Females may be assigned duty involving flight. Reference (a), chapter 15, and reference (c) pertain.

(3) Defense Language Aptitude Battery (DLAB) requirement for all languages is 95 or better. This minimum score may be waived on a case-by-case basis for native speakers of certain languages. Request DLAB tests through Naval Education and

Training Professional Development and Technology Center (NETPDC), Pensacola, FL. The Defense Language Proficiency Test (DLPT) requires a minimum score of **Listening 2+/Reading 2+** to qualify for direct conversion as a native linguist. Only candidates applying for direct conversion who are fluent in a foreign language need to take this exam per reference (d).

e. **For RP "A" School.** All requests must include

- a chaplain's endorsement,
- the commanding officer's (CO's) endorsement,
- copies of all NAVPERS 1616/26, and
- copy of NAVPERS 1070/604 reflecting ASVAB scores.

f. **For MN "A" School**

(1) Have no uncorrectable condition, which precludes assignment overseas per MILPERSMAN 1306-600 through 1306-618.

(2) Request shall include specific remarks from the CO on the member's suitability for overseas duty.

(3) Temporary medical or dental problems that can be corrected prior to "A" School are not disqualifying.

g. **For HM "A" School**

(1) Applicants must be informed they will be assigned to duties involving direct patient care and clinical services and may be assigned to the Fleet Marine Force (FMF) for duty.

(2) HM "A" School requests must also include a copy of all NAVPERS 1616/26.

(3) COs are encouraged to consult with local medical department representatives to further determine a candidate's suitability for medical duty.

(4) A licensed physician or dentist, or any graduate of a medical or dental school in any country, is not eligible for entrance into the HM rating.

(5) Applicants must be of highest standards as requirements are strictly adhered to for accession into the HM community.

h. For Submarine Ratings

(1) Member must be a volunteer for submarine duty per MILPERSMAN 1306-400, and meet physical standards per reference (a).

(2) Moral turpitude offenses are generally disqualifying.

(3) No history of drug abuse.

(4) Closed to women.

4. **Reinterview/Reclassification.** For reinterview or reclassification of personnel disenrolled from a Class "A" School, read MILPERSMAN 1236-020. Briefly, reclassification to a second "A" School will only be approved if applicant is fully qualified and recommended to a less technical/demanding Class "A" School program. **NOTE:** Voluntary drops will be availed to the fleet as General Detail (GENDET) members.

5. **Temporary Duty under Instruction (TEMDUINS)/Duty under Instruction (DUINS).** All assignments to AW/CT/HM "A" School will be made on a TEMDUINS/DUINS (non-returnable) basis due to follow-on training requirements.

MILPERSMAN 1306-611

PROFESSIONAL APPRENTICESHIP CAREER TRACK (PACT) PROGRAM

References	(a) COMNAVCRUITCOMINST 1130.8 (Series) (b) BUPERSINST 1430.16F
-------------------	---

1. General Information

a. This article provides policy and execution guidance related to the Professional Apprenticeship Career Track (PACT) Program. It codifies existing policies and supersedes all prior policy guidance. PACT Sailors will use Career Waypoints - PACT designation (C-WAY - PACT designation) module to apply for rating entry (see section 5).

b. The Navy PACT Program requires an initial 4-year active obligation, and in return, guarantees initial apprentice skill training and a career development plan with viable career opportunities for Sailors who maintain eligibility. Additionally, the PACT Program may provide enlistees guaranteed assignment to one of six homeports upon successful completion of recruit and apprenticeship training based upon the enlistment contract NAVCRUIT 1133/53 Enlistment Statement of Understanding.

2. Policy

a. The PACT Program is designed to enlist Sailors into a monitored, general apprenticeship program that provides apprentice-level formal and on-the-job training, leading to a viable career field within 2 years on board their permanent duty station (PDS). PACT Sailors should be on pace to designation approval within 24 months of an initial enlistment, or after

serving a minimum of 12 months on board their PDS, whichever occurs last, per reference (a). In addition, for those PACT Sailors who are not selected for a rate designation in the aforementioned times; the Head, Enlisted Community Manager (BUPERS-32) may assign them a rating via direct designation based on the needs of the Navy. The PACT Program includes three apprenticeship career tracks, they are:

- 1) Aviation PACT (A-PACT);
- 2) Engineering PACT (E-PACT); and
- 3) Surface PACT (S-PACT).

b. An established set of Navy ratings are aligned to each PACT track, located at <http://www.public.navy.mil/bupers-npc/Pages/default.aspx>. It is the goal of the program to match each PACT Sailor into one of the ratings aligned within the Sailor's contracted apprenticeship career track, depending on minimum rating entry requirements and Navy needs.

c. PACT Program eligibility standards were developed for each apprenticeship career track based on the list of associated ratings. Sailors that receive an initial accession contract into one of the three tracks must meet the established minimum requirements for their chosen track. These requirements are listed in reference (b).

d. Once accepted into the PACT Program, selected Sailors will attend an initial PACT apprenticeship course for their respective track and receive follow-on assignment determined by needs of the Navy to a fleet unit. Sailors dropped from a previous course of instruction and reclassified into the PACT Program will receive permanent change of station (PCS) orders determined by the needs of the Navy. As a result, these Sailors may or may not attend the PACT apprenticeship course.

e. All PACT Sailors will have a 24-month projected rotation date (PRD) at their PDS. PACT Sailors, who are subsequently designated, may have their PRD adjusted to the appropriate prescribed sea tour (PST) for that rating, unless the initial assignment is regulated by a DoD area tour.

f. Rating eligibility screening and career progression plans will be developed during the PACT Sailor's reporting career development board (CDB). A rating eligibility screening

is conducted using the C-WAY System general eligibility screening functionality. Step-by-step instructions on using the C-WAY System are available in the C-WAY User Guide located on the C-WAY Web site at: <http://www.public.navy.mil/BUPERS-NPC/CAREER/CAREERCOUNSELING/Pages/C-WAY.aspx>. Rating eligibility screening produces a list of ratings for which the Sailor is qualified. In addition, command career counselors (CCCs) should encourage their Sailors to use Job Opportunities in the Navy (JOIN) Web site to identify their interests and the career exploration module (CEM) within C-WAY to identify eligibility requirements for additional ratings of interest. Based on the results of the general rating qualification and Sailor's interest profile, a career progression plan will be developed. The Career Information Management System (CIMS) is used to document CDBs. All four required CDBs shall be conducted and documented in CIMS (reporting, 6-month, 12-month, and 18-month are utilized for PACT Sailors).

3. **Definitions**

a. PACT track is the specific apprenticeship career path which the Sailor was accessed when entering the Navy or into which was later reclassified during training.

b. Rating designation is the process by which a Sailor submits an application to designate into a rating, receives approval, and ultimately becomes a rated Sailor.

c. Designation pathway is the method the Sailor chooses to become designated. Possible methods are described in paragraph 5d of this article.

d. Rack and stack is the methodology used to compare all submitted Sailor applications against each other based on a set algorithm. Sailors are compared within the same year group (YG) and enlisted manning code (EMC) cohort. Most qualified top performers receive approval to designate into their requested EMC.

4. **Responsibilities**

a. **OPNAV (N13).** Director, Military Personnel Plans and Policy (N13) is responsible for approval of enlisted force management policy in support of the Deputy Chief of Naval Operations (N1). As such, OPNAV (N13) is the approving

authority for C-WAY-PACT designation policy and C-WAY-PACT designation quota management plan business rules.

b. **OPNAV (N132).** Head, Enlisted Force Plans and Policy (N132) is responsible for developing enlisted force management policy in support of the Deputy Chief of Naval Operations (N1). As such, OPNAV (N132) will establish all applicable C-WAY-PACT designation policies and coordinate with BUPERS-32 to establish and update C-WAY-PACT designation quota management plan business rules.

c. **BUPERS-32.** Head Enlisted Community Manager (BUPERS-32) and the Career Waypoints(C-WAY) Program Manager, in coordination with OPNAV (N132), is responsible for C-WAY execution. Head, Enlisted Community Manager (BUPERS-32) shall manage individual rating quota plans and adjudicate all C-WAY-PACT designation pathway and apprenticeship change pathway applications as directed by OPNAV (N13) and delineated by BUPERS-3. In concert with N132, BUPERS-32 is responsible for developing and updating as required C-WAY-PACT designation quota management plan business rules for OPNAV (N13) approval.

d. **Immediate Superior In Command (ISIC).** ISIC career counselors will monitor C-WAY via "ISIC level" access to ensure subordinate commands are complying with all C-WAY-PACT designation related policies. Designated representatives can gain C-WAY System access as detailed in OPNAV 5239/14 System Authorization Account Request Navy (SAAR-N). Detailed instructions can be found at <http://www.public.navy.mil/BUPERS-NPC/CAREER/CAREERCOUNSELING/Pages/C-WAY.aspx>.

e. **Command Responsibility.** Commanding officers (COs) and officers in charge (OICs) are responsible for managing PACT Sailors' careers serving onboard their commands. COs and OICs must balance PACT work requirements with designation needs and desires of PACT Sailors. They will ensure the completeness and accuracy of all C-WAY-PACT designation applications. COs and OICs must ensure their command personnel understand and comply with all C-WAY-PACT designation related policies. Failure to submit, administrative error(s) and or inaccurate applications can result in denial of opportunity for Sailors. Additionally, commands shall:

(1) Ensure their CCC and or designated representatives obtain C-WAY system access;

(2) Ensure applications for all Sailors under their cognizance, to include those concurrently assigned elsewhere (e.g., individual augmentee (IA), temporary additional duty (TAD), etc.), are submitted monthly in C-WAY-PACT designation module, identifying current designation intentions, as required. If a PACT Sailor is eligible for designation but is not recommended at the current time, due to existing PACT work requirements at the command, an application with a "Not-Recommended" status using "Other" as a reason should be submitted. CCC must type in an explanation for the recommendation in the space provided.

(3) Validate all Sailor C-WAY-PACT designation application data, including Sailors' intentions and qualifications for chosen designation ratings.

(4) Designate representatives to submit C-WAY-PACT designation applications for all subordinate unit identification codes (UICs), or designate a representative for each subordinate UIC.

(5) Ensure that in all cases where application questions arise or additional clarification is required, the Career Waypoints help desk is contacted for guidance at (901) 874-2102 (DSN 882), or e-mail the Career Waypoints help desk at: career.waypoints@navy.mil.

f. Navy Personnel Command (NAVPERSCOM), Shore Special Assignments Branch (PERS-4010). NAVPERSCOM (PERS-4010) is responsible for processing approved designations, adjusting PRDs, and writing PCS orders for PACT Sailors.

g. Sailor Responsibility. Sailors are ultimately responsible for their own careers. Not being aware of Navy policies or a PACT-designation application status will not justify additional reviews.

(1) Sailors should use their most recent CDB as a guide in making their career decisions. Additionally, Sailors are encouraged to engage other Sailors already designated in ratings in which they have interest to better understand duties, rating requirements, and skill sets unique to each rating.

(2) Sailors are encouraged to ensure, with the assistance of their CCC, that all required C-WAY-PACT

designation applications are submitted accurately and on time, and indicate their desires.

(3) Sailors should utilize their immediate chain of command and CCCs to address C-WAY-PACT designation questions.

Note: Sailors are encouraged to utilize CDBs and the CEM in order to determine correctable deficiencies that would otherwise render them ineligible for desired ratings (e.g., retake the Armed Forces Classification Test (AFCT) to improve their scores in order to expand their rating designation opportunities or earn a driver's license, etc.).

5. Requesting Rating Designation

a. **Request Procedures.** CCCs will submit all rating designation request applications for eligible Sailors via the C-WAY-PACT designation (formerly Fleet RIDE-REGA) module. Applications are submitted on a monthly basis. The deadline for submitting rating designation applications is 2359 Central Standard Time (CST) on the last day of each month.

b. Eligible applicants are compared against each other within their same YG and submitted for the same EMC using the rack and stack process. Rack and stack results are reviewed by the ECM technical advisors (TECHADs) on a monthly basis and are published each month via the C-WAY-PACT designation module. Normally, results are published within 10 business days after the application window closes. PACT Sailors have three designation pathways and one apprenticeship change pathway:

(1) Fleet "A" School designation pathway;

(2) Participation in the Navy-wide advancement examination (NWAE) designation pathway;

(3) Direct rating entry designation (RED) pathway; and
or

(4) Apprenticeship change pathway.

c. CCCs will:

(1) Review and update C-WAY-PACT designation applications each month (including application notes) once the PACT Sailor becomes eligible to designate. This action will

change C-WAY-PACT designation applications from the "Initial - Action Required" or "Saved-Action Required" to the "Submitted" status. Commands are required to update applications to reflect changes to Sailors' designation eligibility status or desired rating designation choices;

(2) Certify that all applications are accurate by selecting the block that states, "I have validated the information in this application with the Sailor. I, on behalf of the CO, certify it to be correct, and the CO recommends approval as requested;"

(3) Submit applications by the application deadline. The deadline for submission of applications for eligible Sailors is 2359 CST on the last calendar day of each month; and

(4) Include the Sailor's most current evaluation in the application.

NOTE: Commands encountering issues with submitting applications by the established deadlines should forward application information to their ISICs for submission. Commands ISICs may submit C-WAY-PACT designation applications for each UIC under their authority. Applications submitted beyond established deadlines will not be adjudicated and will result in a "Failed to Submit" status.

d. The C-WAY-PACT designation module will auto-generate partially-populated applications for PACT Sailors who are time in-rate (TIR) eligible to participate in the E-4 Navy-wide advancement examination (NWAEE) (must have 6 months TIR as an E-3 based on the next NWAEE terminal eligibility date (TED)), and or have at least 12 months on board their PDS. Depending on the designation pathway, the following rules apply:

(1) **Requests for "A" School.** After 12 months on board, PACT Sailors are able to submit their "A" School request via C-WAY-PACT designation module through their CCC. PACT Sailors who receive approval to attend "A" School must have a minimum of 18 months on board prior to transfer, per MILPERSMAN 1306-602, and will be transferred depending on "A" School seat and PCS funds availability.

(2) **Requests to Participate in the NWAEE.** PACT Sailors who meet all the prerequisites, per reference (b), may submit a request to participate in the next NWAEE via the C-WAY-PACT

designation module. Approved applications are authorized for only one advancement cycle. The application windows for the NWAEE are:

(a) March-August (September NWAEE); and

(b) September-February (March NWAEE).

(3) Requests to designate via RED. PACT Sailors who either have 12 months on-board their PDS, or who are TIR eligible for the E-4 NWAEE may request to be directly designated into a rating that does not require an "A" School and where a valid billet exists on board their command. CCCs on behalf of their COs and OICs must identify that a valid gapped billet exists on board. A gapped billet is defined as either currently vacant or projected to be vacant through projected on board in 9 months (POB9). PACT Sailors are encouraged to request RED authorization quotas into ratings that are gapped at their current commands. RED authorization quotas are preferred because Sailors are designated in the same month as the quotas are approved. Additionally, direct designation is advantageous for Sailors because it provides viable career paths and eligibility to participate in the NWAEE as a rated E-3. PACT Sailors on this path may perform better on the NWAEE, increasing their chances for advancement since they will have more opportunity to gain experience and study in their new rating prior to the exam.

e. **Apprenticeship Change Pathway.** After 6 months on-board their PDS, PACT Sailors who desire to move into a rating outside of their current apprenticeship career path must request conversion to the appropriate apprenticeships via C-WAY-PACT designation module, and only if quotas are available (e.g., SN-FN, FN-AN). PACT Sailors must receive approval for apprenticeship conversions prior to requesting rating designation in the new apprenticeship career path. All changes to an apprenticeship career pathway must be approved by BUPERS-32.

f. **Continued Eligibility Screening.** C-WAY-PACT designation rating eligibility screening is required to ensure PACT Sailors are placed into ratings for which they are qualified and where available quotas exist.

g. **Cancellation of an Approved "A" School Request.** Personnel who do not desire, are no longer eligible to attend,

or desire to cancel an approved "A" School must submit a NAVPERS 1306/7 Enlisted Personnel Action Request to BUPERS-32 via NAVPERSCOM (PERS-4010) detailers.

NOTE: PACT Sailors designated via the NWAEE at a UIC that does not have a vacant billet will be made available for transfer. In addition, PACT Sailors designated via the NWAEE or RED, who are in C-WAY-Reenlistment (REEN) window (i.e., 13 months prior to SEAOS or 12 months prior to PRD with less than 24 months between PRD and SEAOS), may immediately request a C-WAY quota to reenlist.

6. Qualifications

a. **Eligibility.** PACT Sailors must maintain their eligibility for the prospective rate per MILPERSMAN 1306-618. Sailors shall be entered into C-WAY and screened. Additionally, Sailors shall:

(1) Have no NJP within 12 months of "A" School class convening date;

(2) Have passed most recent PFA and be within body composition standards;

(3) Have no mark below 3.0 on most recent performance Evaluation; and

(4) Maintain world-wide assignment eligibility (this applies only to RED and "A" School designation pathways).

b. **Obligated Service (OBLISERV).** The Sailor may be required to obtain additional OBLISERV to attend "A" School as required per MILPERSMAN 1306-604. While C-WAY-Reenlistment C-WAY-REEN approval is not required for assignment to Fleet "A" School, regardless of additional OBLISERV, a conditional reenlistment can be requested from NAVPERSCOM, Active Enlisted Programs Branch (PERS-811), if additional OBLISERV required is beyond the 24 months aggregate as outlined in MILPERSMAN 1160-030.

7. Disqualifications

a. **Substandard Performance.** Substandard performance or disciplinary problems are cause for cancellation of a Sailor's PACT Program guarantee (e.g., "A" School assignment). Commands

are required to document substandard performance issues in the C-WAY-PACT designation module.

b. Rescission of Retention and or Advancement

Recommendation. If a Sailor has his or her retention or advancement recommendation rescinded by his or her CO and OIC, the Sailor is no longer qualified to receive the PACT Program guarantee.

c. Subsequent Disqualification. Any disqualification that occurs after rating approval must be documented by that Sailor's current command and reported to the respective ECM. In addition, if a PACT Sailor received "A" School approval and is subsequently disqualified to attend, that Sailor's current command must notify the NAVPERSCOM (PERS-4010) via naval message.

8. Reclassifications to the PACT Program

a. Accession "A" School drops will be reclassified to the PACT Program.

(1) Any Sailor in the accession pipeline who is dropped from a previous course of instruction and reclassified into the PACT Program shall have his or her PCS orders written to include a 24-month PRD per MILPERSMAN 1306-126. "A" School drops will fall into the needs of the Navy category under the project management office (PMO) reclassification guidance per MILPERSMAN 1236-020. After reporting to his or her PDS, the reclassified PACT Sailor is subject to all requirements outlined in the PACT annex of the enlistment documents in reference (a) and in this MILPERSMAN article.

b. PACT Program School Drops

(1) PACT Sailors who fail to complete assigned PACT training may be subject to separation per MILPERSMAN 1910-125.

(2) PACT Sailors approved to designate via "A" School designation pathway and who subsequently fail or drop may be subject to separation per MILPERSMAN 1910-133.

9. Processing of Designated Sailors. Processing of designated Sailors will depend on their designation pathway.

a. Sailors who are designated via "A" School will receive their next set of PCS orders from the appropriate rating assignment detailer based on needs of the Navy.

b. Sailors who designate via NWAEE will either remain on board their present command or be transferred to another command where a vacancy exists. NAVPERSCOM, Enlisted Distribution Division (PERS-40) and the command will make this determination based on present command manning. Sailors who remain on board will have their PRDs adjusted to the appropriate PST for that rating, unless the initial assignment is regulated by a DoD area tour. For guidance on Sailors who PCS to another command use MILPERSMAN 1306-104 and 1306-126.

c. Sailors who chose to designate via RED will remain onboard their present command by filling a previously gapped billet. These Sailors will have their PRDs adjusted to the appropriate PST for that rating, unless the initial assignment is regulated by a DoD area tour. Upon receipt of the approved RED designation lists from BUPERS-32, NAVPERS, Record/Data Maintenance Quality Division (PERS-33) will process the rating changes, and NAVPERS (PERS-40) will adjust PRDs(as appropriate).

NOTE: PACT Sailors who have completed "A" School and have been designated are required to obtain C-WAY-REEN authorization prior to reenlisting or extending to OBLISERV for follow-on orders per MILPERSMAN 1160-140. If the Sailors are not currently in their C-WAY-REEN window, then the CCC shall submit a "special circumstance-other" application with notes stating "Sailor recently designated via PACT "A" School is not in C-WAY-REEN window, but requires OBLISERV in exception to policy outlined in MILPERSMAN 1160-030 regarding short term extensions (STE)." If Sailors, due to timing of rating designation, enter "Convert Only" C-WAY-REEN application windows, or are within 6 months of SEAOS, contact the cognizant ECM to request in-rate reset.

10. **Apprenticeship Change Pathway Disposition.** Sailors who are approved for an apprenticeship change pathway will remain onboard their command. They can request designation during the next processing month. Once approved for designation, follow processing guidelines in paragraph 9 of this article.

MILPERSMAN 1306-612

FOREIGN NATIONALS AND IMMIGRANT ALIENS

Responsible Office	NAVPERSCOM (PERS-4010)	Phone:	DSN	882-3865
			COM	(901) 874-3865
			FAX	882-2760

1. Policy

a. Foreign nationals, except those who are classified as immigrant aliens and who have declared intent to become United States citizens, are not eligible for any type of security clearance.

b. Immigrant aliens erroneously recruited for any school program requiring a security clearance will have the following options:

(1) Retention in a program or rate/rating for which member is qualified.

(2) Honorable discharge for convenience of the government by reason of erroneous enlistment.

(a) Approval of Navy Personnel Command (NAVPERSCOM), Active Enlisted Advancement/Conversions/Incentive Section (PERS-4811) is required for discharge under this provision, except for recruits.

(b) MILPERSMAN 1910-130 is the governing instruction for this type of separation.

MILPERSMAN 1306-614

TRANSFER ORDERS, FAMILY MEMBER TRAVEL, HOUSEHOLD GOODS INFORMATION, AND LEAVE

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-4198
			COM	(901) 874-4198
			FAX	882-2693

References	(a) NAVSO P-6034, Joint Federal Travel Regulation (JFTR), Volume I
-------------------	--

1. **Transfer Orders**. Personnel approved for school quotas will be transferred per provisions of MILPERSMAN 1320-300 and its subarticles. NAVCOMPT 536 (12-79), Standard Transfer Order (STO) should be prepared per MILPERSMAN 1320-300 and its subarticles, and the transfer directive. Information to be included in the STO is as follows:

a. **Type Quota/Convening Date/Authority**. The NAVCOMPT 536 must specify the type of quota (Temporary Duty under Instruction (TEMDUINS) or Duty under Instruction (DUINS)), convening date of the class for which member is being transferred, and authority for transfer.

b. **Transportation**. Government transportation shall be used, where practicable, as outlined in MILPERSMAN 1320-300 and its subarticles.

c. **Travel**. Where applicable, travel is authorized per MILPERSMAN 1320-100.

d. **Travel for Family Members/Shipment of Household Goods**. Entitlement to travel for family members and shipment of household goods, where applicable, shall be per reference (a).

e. **Report Date**. To keep expenditures to a minimum, personnel ordered to TEMDUINS/Temporary Additional Duty under Instruction (TEMADDINS) shall be transferred to report no earlier than the day preceding the class convening date of the school, except when transportation dictates otherwise and greater economy can be effected by use of other modes of travel (i.e., available government transportation).

2. Family Member Travel and Household Goods Information.

Entitlement to travel of family members and movement of household goods under examples of types of quotas listed in MILPERSMAN 1306-606 is as follows:

a. TEMDUINS quotas **do not** constitute a permanent change of station (PCS).

(1) Entitlement to family members' transportation and movement of household goods at government expense **are not** authorized.

(2) A temporary change of station weight allowance for members of eligible paygrade may be authorized at government expense from the member's permanent duty station to the temporary duty station, and then to the new permanent duty station.

b. DUINS quotas are a PCS, and movement of family members and shipment of household goods at government expense **are** authorized, if otherwise eligible.

c. Commands must ensure that enlisted personnel are properly advised, prior to transfer to school, as to whether or not transportation of family members and shipment of household goods at government expense are authorized.

3. Granting of Leave

a. Fifteen days leave will normally be granted upon detachment from apprenticeship training, fundamental training, "A" or "C" schools, as appropriate.

b. Schools will only grant leave to personnel received on TEMADDINS orders upon completion of course of instruction when it is specifically authorized in the transfer order.

MILPERSMAN 1306-616

INELIGIBLE STUDENTS RECEIVED BY TRAINING ACTIVITY

Responsible Office	NAVPERSCOM (PERS-4010)	Phone:	DSN COM FAX	882-3865 (901) 874-3865 882-2760
---------------------------	---------------------------	--------	-------------------	--

1. **Policy.** When a member reports to a school command who is not fit for full duty, is not qualified for the course of instruction (and waiver has not been granted), requires medical attention that will not allow for an uninterrupted course completion, or has administrative action pending from the last duty station, the following procedures shall be followed:

a. Report circumstances to Navy Personnel Command (NAVPERSCOM), Shore Special Programs Assignment Branch (PERS-4010S), by message with an information copy to the member's last duty station.

b. Provide all information required in the availability report and include one of the following recommendations for disposition of the member:

(1) Retain on board for course of instruction.

(2) Do not enroll in course of instruction and ensure the following information is reported:

(a) Type of administrative action pending.

(b) If unfit for medical reasons, include diagnosis, extent of disability, date problem was recorded in health record, the expected duration of the illness, and whether a transfer physical was received.

(c) Present location of family members.

(d) Whether or not dislocation allowance was paid.

2. **Student Identified as a Drug User.** Any student who is found guilty of a drug-related offense (i.e., as having illegally used drugs or possessed drugs/related paraphernalia) while enrolled in an "A" School training pipeline, including prerequisite

courses, will be disenrolled from the course of instruction immediately.

a. Upon completion of appropriate disciplinary action, these members are to be made available for reassignment based on needs of the Navy.

b. Waivers of this policy will not be approved.

c. Members will not be considered eligible for reclassification except as follows:

(1) **Forced/Special Conversions.** Designated/rated members who are not eligible for retention in their current ratings must notify NAVPERSCOM, Active Enlisted Advancement/Conversion/Incentive Section (PERS-4811) by message of circumstances, results of disciplinary action, and rating choices. Members will be considered for direct conversion only.

(2) **Recruiting Selective Conversion and Reenlistment (RESCORE)/Prior Service (PRISE) III Program**

(a) Members attending "A" School in conjunction with enlistment guarantee conversion under the RESCORE/PRISE III program and fail, or are no longer qualified for the specific "A" School, notify NAVPERSCOM (PERS-4010S) as required by MILPERSMAN 1133-060.

(b) Training commands are required to have dropped students undergo a professional development board, endorsing further assignment to another "A" School.

(c) A designated classifier at the school command must screen for ratings for which the student is fully qualified and report recommendations via availability.

(d) School classifiers must provide a minimum of three choices from which NAVPERSCOM (PERS-4010S) will assign a school based on needs of the Navy. Assignment to another "A" School is not guaranteed.

	(b) OPNAVINST 1220.2
	(c) SECNAVINST 5510.35

1. **General Information.** This article provides rating entry and Class "A" School requirements for accessions during initial classification (i.e., individuals enlisting, known as "future Sailors" at military entrance processing stations (MEPS)), reclassification at Navy Recruit Training Command (RTC) or at naval training activities, fleet Sailors who desire lateral conversions referenced in MILPERSMAN 1440-010, fleet Sailors who require forced conversion referenced in MILPERSMAN 1440-011, and Professional Apprentice Career Track (PACT) Program Sailors designating into permanent rating referenced in MILPERSMAN 1306-611. See reference (a) for rating requirements based on accession programs.

2. **Policy**

a. Class "A" School and minimum rating entry requirements are based on continued analysis of training curriculum, training outcomes, and on-the-job performance standards. Minimum rating entry requirements include mental (Armed Services Vocational Aptitude Battery (ASVAB) and special classification tests), medical, security clearance, and conduct attributes. Additional requirements are applicable for certain communities (e.g., legalman, religious personnel, nuclear, and special warfare/special operations). Basic rating entry standards may be accessed on the Navy Personnel Command (NAVPERSCOM) Web site address: <http://www.public.navy.mil/bupers-npc/career/careercounseling/Pages/default2.aspx> and within the Career Waypoints (C-WAY) System. Standards are defined for

classification and reclassification during accession and training, and for conversions and designations in the fleet.

b. Class "A" School and rating entry minimum standards are gender neutral and avoid reference to masculinity and femininity and their cultural associations.

Note: Although motivation is a major factor in completing many courses of instruction, there is a direct relationship between ASVAB test scores and the training success rate required for career progression.

c. C-WAY is the authoritative system for rating entry standards. C-WAY maintains all minimum rating entry qualification standards and provides an estimation of fit between the Sailor and rating match. The C-WAY System provides a functionality to support a comprehensive Sailor screening based on current ASVAB, physical, and conduct standards. C-WAY screening results in a list of ratings in which the Sailor is qualified to perform.

(1) For initial classification at MEPS, classifiers must use the current Navy Recruiting Classification System. The Navy Recruiting Classification System interfaces with C-WAY to provide a list of ratings for which the "future Sailor" is qualified and a classification opportunity exists. Policy and guidance related to initial classification process are available in reference (a).

(2) For reclassification at RTC, Class "A" School, and "C" School, classifiers must use the C-WAY-Reclassification Module. The C-WAY System will provide a list of ratings for which the Sailors are qualified and a reclassification opportunity exists. Policy and guidance related to reclassification processes are available in MILPERSMAN 1236-020 and reference (b).

(3) For PACT Sailor designation, command career counselor (CCC) must use C-WAY-PACT Designation Module within the C-WAY System. The system will provide a list of ratings for which the PACT Sailor is qualified and a designation opportunity exists. Policy and guidance related to PACT Sailor designation policy and processes are available in MILPERSMAN 1306-611.

(4) For lateral conversions, C-WAY applies only to rated Sailors E-3 through E-6 with 14 years or less of service, CCC

must use C-WAY-Reenlistment Module within the C-WAY System, except for nuclear applications processed per MILPERSMAN 1306-504. Rated E-6 Sailors with over 14 years of service and E-7 and above will submit lateral conversion requests per MILPERSMAN 1440-010 and the specific rating MILPERSMAN. The system will provide a list of ratings for which a Sailor is qualified and a conversion opportunity exists. Policies and guidance related to lateral conversions are available in MILPERSMAN 1440-010 and 1160-140.

(5) For forced conversions, CCC must follow the process and policy stated in MILPERSMAN 1440-011.

3. Roles and Responsibilities

a. Office of the Chief of Navy Personnel, Military Personnel, Plans, and Policies Division (OPNAV (N13)) is responsible for approval of enlisted force management policy in support of the Deputy Chief of Naval Operations (OPNAV (N1)).

b. OPNAV, Enlisted Force Shaping Plans and Policies Branch (N132) is responsible for developing enlisted force management policy in support of the Deputy Chief of Naval Operations, (OPNAV(N1)). As such, OPNAV (N132) will establish all applicable Class "A" School and rating entry standards. OPNAV, Navy Selection and Classification Office (N132G) provides oversight for the enlisted classification policy and program. OPNAV (N132G) is responsible for development, evaluation, and improvement of methods, techniques, and procedures for administration of the Enlisted Personnel Classification Program, see MILPERSMAN 1200-050. OPNAV (N132G) is the approving authority for Class "A" School and rating entry standards.

c. Nuclear Enlisted Community Manager (ECM), (OPNAV(N133)) in coordination with OPNAV (N132) and BUPERS, Enlisted Community Management (BUPERS-32) serves as the adjudicator for all nuclear-trained personnel.

d. Navy Recruiting Command (NRC) is responsible for all initial/accession classification actions. NRC, per OPNAV (N132) guidance, recruits applicants to fill accession goals and processes initial classification contracts ensuring compliance with Class "A" School and rating entry requirements.

e. Production Management Office (PMO) (BUPERS-6) is responsible for executing Post Accession Reclassification

Program, see MILPERSMAN 1236-020. PMO must develop reclassification quotas and adjudicate reclassification actions for individuals who require program changes post accession at RTC, "A" School, or "C" School prior to arriving at their permanent duty station (PDS).

f. Head Enlisted Community Manager (BUPERS-32), in coordination with OPNAV (N132), is responsible for managing individual ratings. Head Enlisted Community Manager (BUPERS-32) must manage individual rating quota plans and adjudicate all lateral conversions and PACT designation applications as directed by OPNAV N13 and delineated by Military Community Management (BUPERS-3). Career Waypoints (C-WAY) Program Manager (BUPERS-33) is responsible for C-WAY execution.

g. NAVPERSCOM, Career Administration Division (PERS-81) is responsible for processing and adjudicating forced conversion packages via MILPERSMAN 1440-011.

h. NAVPERSCOM, Shore Special Assignments Branch (PERS-4010) is responsible for processing approved conversions, adjusting PRDs, and writing PCS orders as applicable.

i. NAVPERSCOM, Nuclear Power/Submarine Assignments Branch (PERS-403) is responsible for processing submarine and nuclear-approved conversions, adjusting PRDs, and writing PCS orders as applicable.

j. Immediate Superior in Command (ISIC) career counselors will monitor C-WAY via "ISIC level" access to ensure subordinate commands are complying with all applicable Class "A" School and rating entry standards and C-WAY related policies.

k. Command Responsibility. Commanding officers and officers-in-charge, hereinafter referred to as commanding officers, are responsible for the completeness and accuracy of all applicable C-WAY and other applications. Commanding officers must ensure that their command personnel understand and comply with applicable Class "A" School and rating entry requirements and C-WAY related policies.

l. Sailor Responsibility. Sailors are ultimately responsible for their own careers. Not being aware of Navy policies will not justify additional reviews requesting designation or conversion actions. Sailors should use their most recent career development boards (CDB) as a guide in making

their career decisions. Additionally, Sailors are encouraged to engage other Sailors already designated in ratings, in which they have interest, to better understand duties, rating requirements, and skill sets unique to each rating. Additionally, Sailors are strongly encouraged to use Job Opportunities In the Navy (JOIN) <https://join.sscno.nmci.navy.mil/> to identify their interests and CEM within C-WAY System to identify eligibility requirements for additional ratings of interest.

Note: Career Exploration Module (CEM) assists in determining correctable deficiencies that would otherwise render Sailors ineligible for desired ratings (e.g., retake the Armed Forces Classification Test (AFCT), in-service version of the ASVAB, to improve their scores in order to expand their rating entry opportunities, apply for security clearance, or earn a driver's license, etc.).

4. Waivers

a. All rating requirement waivers for "future Sailors" will be processed per reference (a).

b. BUPERS, Enlisted Community Management (BUPERS-32) ECM or OPNAV, Nuclear Propulsion Program Management Branch (N133) may grant rating requirement waivers under certain conditions for accession and fleet Sailors.

(1) Post accession Sailors at RTC may submit rating requirements waivers to BUPERS-32 or OPNAV N133 per reference (a).

(2) A fleet Sailor who has shown a particular aptitude for a rating and is considered an exceptional candidate may request a waiver via command endorsement, refer to MILPERSMAN 1440-010. Based on command endorsement and quota availability, BUPERS-32 will consider granting waivers on a case-by-case basis for Sailors requesting lateral conversion.

c. ASVAB waivers

(1) No waivers authorized for single score minimum requirement (e.g., Minimum WK = 45);

(2) Six points (maximum) on two test score combinations (i.e., VE + AR);

(3) Nine points (maximum) on three test score combinations, (e.g., VE + MK + GS);

(4) Twelve points (maximum) on a four score combination; including where a score is doubled (e.g., AR + 2MK + GS).

Note: Retest of ASVAB. Although this paragraph provides an avenue for members who do not meet Class "A" School or rating entry requirements, retesting using the AFCT is advised to meet minimum scores, see MILPERSMAN 1236-010.

d. Admitted pre-service drug usage concerning fleet Sailors.

(1) For ratings which stipulate "no history of drug usage," waivers for top performing Sailors with admitted pre-service drug usage will be considered on a case-by-case basis. For waiver requests, submit NAVPERS 1306/7 Enlisted Personnel Action Request to the appropriate NAVPERSCOM (BUPERS-32) ECM. Sailors must be able to obtain the appropriate security clearance to be eligible for the rating to which they are requesting to convert. Sailors will be granted tentative conversion approval pending the adjudication of their security clearance from the Department of Defense Central Adjudication Facility (DODCAF). If the adjudication results in the Sailor not being able to obtain the appropriate security clearance, the Sailor will not be able to convert into that rating.

(2) For submarine and nuclear field duty enlisted ratings, pre-service substance abuse waivers may be granted for marijuana only per MILPERSMAN 1306-402 and MILPERSMAN 1306-502. For these ratings submit NAVPERS 1306/7 waiver request to Navy Personnel Command (NAVPERSCOM) (PERS-403) or OPNAV (N133). Additionally, submarine/nuclear personnel requirements for the Personnel Reliability Program (PRP) are listed in reference (c).

References	(a) DoDI 1315.18 of 12 Jan 05
------------	-------------------------------

1. **Policy.** There are occasions when reassignment of a member to a specific area would be highly beneficial to the member from a morale standpoint, but not operationally necessary or justifiable in view of the expenditure of Government funds required. Permanent change of station (PCS) transfers of this nature must normally be made on a low-cost or no-cost to the Government basis.

a. Low-cost exchange of duty must meet the costing criteria of a low-cost PCS move set forth in reference (a) (currently \$1,000 or less).

b. No-cost exchange of duty must meet the mileage criteria of no more than 30 miles away from Service member's present duty station (geographic location).

c. Exchanges of duty are not authorized for transfers from continental United States (CONUS) to overseas, or vice versa. For personnel stationed overseas, no change of entitlements will occur. Check with the command financial specialists for assistance.

2. **Eligibility Requirements**

a. Complete at least 12 months on board present duty station at the time the exchange of duty actually occurs;

b. Be not in receipt of PCS orders;

c. Be of identical rate and rating, serving in the same type duty classification code, or if present assignment is based on a Navy enlisted classification (NEC) code requirement, the same NEC; and

d. Receive approval by each Service member's commanding officer (CO) and Navy Personnel Command (NAVPERSCOM).

3. **Waivers**. If both COs involved approve of the exchange of duty, detailers and NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013) may authorize waivers of pay grade and or NECs on a case-by-case basis. Refer to the command's Enlisted Distribution Verification Report (EDVR) to verify if specific NECs are required for the billet(s).

4. **Criteria**. Personnel serving on shore duty are eligible for exchange of duty only with personnel serving on shore duty, and those serving on sea duty are eligible for exchange of duty only with those serving on sea duty.

a. Both Service members involved must have sufficient time remaining on their normal shore tour (NST) or prescribed sea tour (PST) to have a minimum of 12 months at the new command.

b. Due to the lengthy qualification time involved with nuclear propulsion plants, nuclear trained personnel are required to have sufficient time remaining to complete a 24-month tour at the receiving command.

c. Submission and approval of a request for exchange of duty will constitute a voluntary extension on sea duty in cases where insufficient time remains on the member's current PST.

d. Exchange of duty requests involving males swapping with females and vice versa must be approved by the NAVPERSCOM Women in Ships Coordinator, (PERS-4013B4H) due to limited female berthing on board some vessels.

e. Travel outside CONUS via air mobility command is not authorized. Fleet commanders may authorize utilization of fleet units for transportation where practicable and feasible.

5. **Procedures**. NAVPERSCOM will provide a database on the BUPERS online Web site <https://WWW.BOL.NAVY.MIL>. Service members can log on and enter their request or search for possible exchange of

duty. Once an exchange of duty is found, each member desiring the exchange of duty must submit NAVPERS 1306/7 Enlisted Personnel Action Request per MILPERSMAN 1306-112. NAVPERS 1306/7 is available at: <http://www.public.navy.mil/BUPERS-NPC/REFERENCE/Pages/default.aspx>

a. The following data is necessary to complete an online exchange of duty request:

(1) Rate (and prospective rate if authorized advancement);

(2) Homeport location (geographic location of current duty station);

(3) Three choices for the new location where member wishes to serve;

(4) Primary NEC code and secondary NEC code if required per member's command EDVR. Do not enter NEC(s) if member's billet does not require them, as it can eliminate others from being able to exchange duty with member;

(5) Expiration of active obligated service - year and month; and

(6) Projected rotation date (PRD) - year and month.

b. Exchange of duty information will be deleted from the BUPERS access data base 12 months prior to member's PRD.

6. **Submission of Request for Exchange of Duty**

a. Once a match is found, submit a NAVPERS 1306/7 at least 30 days prior to the desired date of transfer to the appropriate detailee via both COs, info copy to NAVPERSCOM (PERS-4013).

b. Submit requests from non-designated aviation, engineering, and surface professional apprenticeship career tracks (A-PACT, E-PACT, S-PACT) Sailors to NAVPERSCOM, Shore Special Programs Assignment Branch (PERS-4010).

7. **Forwarding Endorsement on Request for Exchange of Duty.** In the forwarding endorsement, each CO must include the following information:

a. A definite recommendation indicating approval or disapproval. If disapproval is recommended, state reason(s).

b. Any pertinent command-related dates (i.e., scheduled change in homeport, deployment schedules, etc.).

8. **Submission of Expedient Request for Exchange of Duty**

a. In certain instances, the time involved may preclude forwarding exchange of duty requests as delineated above (e.g., deployed units, units facing imminent deployment, and other rare instances where, in the judgment of the CO involved, speed is essential).

b. In these instances, after approval of both COs involved, approval may be obtained from the detailee via message. Allow a minimum of 5 working days for responses.

Exchanges of duty for personnel stationed overseas are only authorized when no change of entitlements will occur. Check with the command financial specialists for assistance.

3. **Waivers**. If both COs involved approve of the exchange of duty, detailers (Assignment Control Authorities (ACA)) and NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013) may authorize waivers of paygrade and/or NECs on a case-by-case basis. Refer to the command's Enlisted Distribution Verification Report (EDVR) to verify if specific NECs are required for the billet(s).

4. **Criteria**. Personnel serving on shore duty are eligible for exchange of duty only with personnel serving on shore duty, and those serving on sea duty are eligible for exchange of duty only with those serving on sea duty.

a. Both servicemembers involved must have sufficient time remaining on their normal shore tour (NST) or prescribed sea tour (PST) to have a minimum of 12 months at the new command.

b. Due to the lengthy qualification time involved with nuclear propulsion plants, nuclear-trained personnel are required to have sufficient time remaining to complete a 24-month tour at the receiving command.

c. Submission and approval of a request for exchange of duty will constitute a voluntary extension on sea duty in cases where insufficient time remains on the member's current PST.

d. Exchange of duty requests involving males swapping with females and vice versa must be approved by the NAVPERSCOM, Women in Ships Coordinator (PERS-402D) due to limited female berthing on board some vessels.

e. Travel outside CONUS via Air Mobility Command is not authorized. Fleet commanders may authorize utilization of fleet units for transportation where practicable and feasible.

5. **Procedures**. NAVPERSCOM will provide a database on the BUPERS Online Web site <https://WWW.BOL.NAVY.MIL>. Servicemembers can log on and enter their request or search for possible exchange of duty. Once an exchange of duty is found, each member desiring to exchange of duty must submit NAVPERS 1306/7

(Rev. 1-03), Enlisted Personnel Action Request per MILPERSMAN 1306-112.

a. The following data is necessary to complete an online exchange of duty request:

(1) Rate (and prospective rate if authorized advancement).

(2) Homeport location (geographic location of current duty station).

(3) Three choices for the new location where member wishes to serve.

(4) Primary Navy Enlisted Classification (PNEC) code and Secondary Navy Enlisted Classification (SNEC) code if required per member's command's EDVR. Do not enter NEC(s) if member's billet does not require them, as it can eliminate others from being able to exchange duty with member.

(5) Expiration of active obligated service (EAOS) - year and month.

(6) Projected rotation date (PRD) - year and month.

b. Exchange of duty information will be deleted from the BUPERS Access data base 12 months prior to member's PRD.

6. **Submission of Request for Exchange of Duty**

a. Once a match is found, submit a request at least 30 days prior to the desired date of transfer on NAVPERS 1306/7 to the appropriate detailer via both COs, info copy to NAVPERSCOM (PERS-4013).

b. Submit requests from non-designated SN/FN/AN personnel to NAVPERSCOM (PERS-4013).

7. **Forwarding Endorsement on Request for Exchange of Duty.** In the forwarding endorsement, each CO must include the following information:

a. A definite recommendation indicating approval or disapproval. If disapproval is recommended, state reason(s).

b. Any pertinent command-related dates (i.e., scheduled change in homeport, deployment schedules, etc.).

8. **Submission of Expedient Request for Exchange of Duty**

a. In certain instances, the time involved may preclude forwarding exchange of duty requests as delineated above (e.g., deployed units, units facing imminent deployment, and other rare instances where, in the judgment of the CO involved, speed is essential).

b. In these instances, after approval of both COs involved, approval may be obtained from the ACA, detailer, or NAVPERSCOM via message. Allow a minimum of 5 working days for responses.

TRANSFER OF PERSONNEL TO OPERATIONAL DUTY (OPERATIONAL SCREENING)

Responsible Office	NAVPERSCOM (PERS-40BB)	Phone:	
		DSN	882-3523
		COM	(901) 874-3523
		FAX	882-2647

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone: Toll Free	1-866-U ASK NPC
---------------------------------------	---------------------	-----------------

References	(a) BUMEDINST 1300.2A
	(b) NAVMED P-117, Manual of the Medical Department
	(c) SECNAVINST 1850.4E
	(d) SECNAVINST 5300.30C

1. **Purpose.** To establish the requirement for commanding officers to perform an operational screening after a member in their command receives permanent change of station (PCS) orders to operational duty.

2. **Policy.** Operational screening determines suitability of Sailors transferring to Type 2, 3, and 4 duty. For Sailors transferring to Remote/Isolated Duty or Overseas Duty (Type 6), refer to MILPERSMAN 1300-300 for applicable screening procedures.

a. The responsibility for operational screening lies with the Sailor's parent command. Screening Military Treatment Facility (MTF) responsibilities are outlined in references (a) and (b). Parent commands will ensure operational screenings are completed within the timelines in paragraph 3.

b. For Sailors transferring to an operational command within their first year of active duty, the Navy's entrance physical examination will be considered to satisfy the requirements of an operational screening.

c. An operational screening must be completed no later than 30 days after a Sailor is under orders to operational duty.

d. For Sailors who have been disqualified from any program (e.g., submarine, nuclear, air crew duty) due to medical limitations and are requesting conversion, an operational screening must be completed prior to any conversion request being considered. Ensure submarine disqualification or medical waiver process has been completed prior to submission of the operational screening report.

3. **Reporting Requirements.** For personnel found able to return to duty (RTD) after temporary limited duty (TLD) or "Fit for Continued Naval Service" by the Physical Evaluation Board (PEB), responsibilities are outlined in MILPERSMAN 1300-801.

a. For medical limitations identified during operational screening, contact the gaining command and Navy Personnel Command (NAVPERSCOM), Enlisted Distribution Division (PERS-40BB/applicable detailer) for acceptance per this article and reference (a).

b. If a delay in operational screening is anticipated, notify the gaining command and NAVPERSCOM (PERS-40BB) utilizing Exhibit 1, with a "status pending" message, stating the reason for delay and anticipated completion date.

c. For Sailors found **Suitable**: The transferring command will document suitability screening using Exhibit 2 and attach to transfer package.

d. For Sailors found **Unsuitable**:

(1) The transferring command will notify the gaining command and NAVPERSCOM (PERS-40BB) using Exhibit 3.

(2) Ensure report of unsuitability contains the following:

(a) Detailed reason(s) for the finding to include ICD-9 code(s).

(b) Recommendations from the screening MTF regarding medical limitations, prognosis, and indicated administrative actions (e.g., placement on TLD, referral to PEB).

(c) Recommendation from the commanding officer.

(3) Commands with officers who are found unsuitable for operational duty will send an operational unsuitability message to their respective detailee.

4. **NAVPERSCOM Action.** Upon receipt of an unsuitable for operational duty message, NAVPERSCOM (PERS-40BB) will place the 0090 (Not Operationally Suitable) Navy Enlisted Classification (NEC) code in the Sailor's Enlisted Master File (EMF).

a. **For enlisted Sailors,** disposition recommendations will come from the respective detailee and enlisted community manager (ECM). NAVPERSCOM, Disability/Retirements/Limited Duty (LIMDU) Branch (PERS-821), Medical Liaison Officer will coordinate with Bureau of Medicine and Surgery (BUMED), force medical officers, ship medical officers, and overseas MTFs as required for those cases where assignment determinations for different type platforms cannot be readily made.

b. **For officers,** recommendations will come from the respective detailee, placement officer, and officer community manager. NAVPERSCOM (PERS-821) Medical Liaison Officer will coordinate with BUMED, force medical officers, ship medical officers, and overseas MTFs as required for those cases where assignment determinations for different type platforms cannot be readily made.

c. **For both officers and enlisted,** one of the following actions will result if the Sailor is not placed on TLD or referred to PEB:

(1) If a prospective gaining command with medical capabilities appropriate for supporting the Sailor's limitations can be identified, assignment orders will be issued.

(2) If a valid requirement exists at the current command, retain the member until expiration of active obligated service (EAOS) or minimum service requirement (MSR), unless needs of the Navy dictate otherwise.

(3) **For enlisted Sailors only**, one of the following additional actions may result:

(a) As dictated by needs of the Navy, an enlisted Sailor may be allowed to extend/reenlist provided the Sailor can be detailed per MCA priorities. This is different from the first option in that it allows Sailors who are unsuitable for some operational jobs to go to other hard-to-fill jobs.

(b) The Sailor will be instructed to contact his/her command career counselor (CCC) regarding submission of a conversion package to NAVPERSCOM, Active/Reserve Enlisted Career Program Division (PERS-81). COs and CCCs should be aware that most Navy ratings require a Sailor to be world-wide assignable and if the Sailor has been found to be operationally unsuitable, the request for conversion may be disapproved.

(c) If none of the above options apply, the enlisted Sailor's command will be directed to initiate administrative separation (ADSEP) processing per MILPERSMAN 1910-120 by reason of "not worldwide assignable."

5. **Administrative Separation (ADSEP)**

a. Sailors administratively separated by reason of being "not world-wide assignable" per MILPERSMAN 1910-120 **must not** have a disability as defined in reference (c).

b. Sailors who are awaiting PEB findings will not be administratively separated until conclusion of the PEB process.

c. If an administrative board is required prior to a separation determination, the administrative board may not disregard or change the diagnosis of a medical officer. Sailors can introduce evidence as to the impact that such diagnosis may have on their potential for productive future naval service.

6. Human Immunodeficiency Virus (HIV) Personnel.

Personnel enrolled in the HIV program are governed under reference (d) and are not included in this article.

References	(a) OPNAVINST 1300.15A (b) BUMEDINST 1300.2A (c) NAVMED P-117, Manual of the Medical Department (d) SECNAV memo, Administrative Separation Policy Guidance of 15 Apr 11 (e) SECNAVINST 1850.4E (f) SECNAVINST 5300.30E
-------------------	---

1. **Purpose.** To establish a requirement to perform an assignment screening for enlisted members being returned to duty following temporary limited duty (TLD) or being found "fit for continued naval service" by the physical evaluation board (PEB). For members with permanent change of station orders to a Type 2 operational command refer to MILPERSMAN 1300-800.

2. **Policy.** Assignment screening determines whether a member is **worldwide assignable** or **not worldwide assignable**. Reference (a) governs the Navy's military personnel assignment policy.

a. Responsibility for assignment screening lies with the member's parent command. Screening military treatment facility (MTF) responsibilities are outlined in references (b) and (c). Parent command will ensure members follow the guidelines of this article and complete assignment screening within the timeline established in paragraph 3. Failure of members to comply may result in disciplinary action.

b. An assignment screening must be completed no later than 15 days after a member is:

(1) Found able to return to duty (RTD) at the conclusion of TLD;

(2) Found "fit for continued naval service" by the PEB;
or

(3) When directed by Navy Personnel Command (NAVPERSCOM) due to unresolved limited duty (LIMDU) (accounting category code (ACC) 105) situations.

c. An assignment screening should not be completed prior to a member being returned to duty or found fit for continued naval service by the PEB.

d. For members completing a period of LIMDU and or having been disqualified from any program (e.g., submarine, nuclear, air crew duty) due to medical limitations who are requesting conversion, an assignment screening must be completed prior to any conversion request being considered.

Note: Ensure submarine disqualification or medical waiver process has been completed prior to submission of the assignment screening report.

3. **Reporting Requirements.** The assignment screening process and report will be completed within 15 days of being found either RTD or "fit for continued naval service." The MTF will either classify a member as **worldwide assignable** or **not worldwide assignable**.

a. For all members whom an assignment screening is conducted, the parent command will forward the screening report to the servicing Personnel Support Detachment (PERSUPP DET) upon receipt. Servicing PERSUPP DET will submit a class "YJ" availability report within 24 hours.

b. For members found **not worldwide assignable**:

(1) The member's parent command will notify the Special Assistant to Director, Enlisted Distribution Division, NAVPERSCOM (PERS-40BB) and the applicable detailee as an information addressee for rated personnel using Exhibit 1. For non-rated personnel, ensure NAVPERSCOM, Shore Special Programs Branch (PERS-4010) is an information addressee.

(2) Ensure not worldwide assignable message contains the following:

(a) Detailed reason(s) for the finding to include ICD-9 code(s), prognosis for improvement, and specific limitations.

(b) Commanding officer's (CO's) recommendation on member's performance and possible administrative actions.

4. **NAVPERSCOM Action.** Upon receipt of the not worldwide assignable message, NAVPERSCOM (PERS-40BB) will place the 0090 (not operationally suitable) Navy enlisted classification (NEC) code in the member's enlisted master file and conduct a thorough review of each case.

a. Disposition recommendations will come from the respective detailer and enlisted community manager. NAVPERSCOM Management/Program Analyst/Operational Screening (PERS-40MM) will liaise with the NAVPERSCOM, Medical Programs Division (PERS-82) to coordinate with Bureau of Medicine and Surgery (BUMED), force medical officers, ship medical officers, and overseas MTFs (as required) for those cases in which assignment determinations for different type platforms cannot be readily made.

b. One of the following actions will result:

(1) If a prospective gaining command with medical capabilities appropriate for supporting member's limitations can be identified and agreed upon between NAVPERSCOM and the gaining command, orders will be issued.

(2) For members with 18 or more years of active service, detailing will be governed by earliest retirement opportunity and needs of the Navy.

c. One of the following additional actions may result:

(1) As dictated by needs of the Navy, an enlisted member may be allowed to extend or reenlist, provided member can be detailed per manning control authority priorities. This is different from the first option in that it allows members unsuitable for some operational jobs to go to a variety of other hard-to-fill jobs or they may carry the necessary skills (i.e., a critical NEC) that are in short supply. An opportunity to reenlist and fill a critical billet may fit needs of the Navy as well as those of the member. A request to reenlist (message) will be sent to BUPERS (BUPERS-32) for approval for those

members who fall under this category as determined by NAVPERSCOM.

(2) Member will be instructed to contact the command career counselor (CCC) regarding submission of a conversion package to NAVPERSCOM, Enlisted Career Progression Branch (PERS-81). COs and CCCs should be aware that most Navy ratings require a member to be worldwide assignable, and if the member has been found to be not worldwide assignable, his or her request for conversion may be disapproved.

(3) If none of the above options apply to Sailors being returned to duty from temporary limited duty in a not worldwide assignable status and a PEB is not warranted, the enlisted member's command may be directed via naval message to initiate administrative separation (ADSEP) processing per MILPERSMAN 1910-120 by reason of "not worldwide assignable."

(4) Sailors found fit for continued naval service by the PEB, and found not worldwide assignable after completing a medical assignment screening, will not be involuntarily separated per reference (d). Sailors' eligibility for reenlistment is established in MILPERSMAN 1160-030.

5. **ADSEP:**

a. Members administratively separated by reason of being found not worldwide assignable, per MILPERSMAN 1910-120, **must not** have a disability as defined per reference (e).

b. If an administrative board is required prior to a separation determination (see MILPERSMAN 1910-500 series), the administrative board may not disregard or change the approved diagnosis of a medical officer. Members can introduce evidence as to the impact that such diagnosis may have on their potential for productive future naval service.

6. **Human Immunodeficiency Virus (HIV) Personnel.** Personnel enrolled in the HIV Program are governed per reference (f) and are not included in this article.

	(b) OPNAVINST 6110.1H
	(c) OPNAVINST 4650.17

1. **Policy.** Personnel assigned to all new construction surface ships will first report to the ship's Pre-Commissioning Unit (PRECOMMUNIT), located at either Fleet Training Center (FTC) Norfolk, VA, or FTC San Diego, CA, depending on the ship's prospective homeport. After a two-month training period, most personnel will report to their respective shipyard.

2. **Entitlements**

a. **Personnel Ordered "For Duty In Connection With Fitting Out" (DUTY CFO)(ACC-106).** A member ordered to either the PRECOMMUNIT or to the shipyard for a period in excess of 6 months will report DUTYCFO. This will entitle the member to move family members/household goods to that location.

(1) Approximately 4 months prior to the ship being placed "In Service," a second set of Permanent Change of Station (PCS) orders will be issued entitling the member to move family members/household goods to the ship's homeport.

(2) Members will receive sea duty credit for the time served in ACC 106, up to a maximum of 12 months.

(3) Members ordered FORDUCFO are **not** entitled to Per Diem.

(4) For specific entitlement information, consult chapter 5, part B of reference (a).

b. **Personnel Ordered For "Temporary Duty In Connection With Fitting Out" (TEMDU CFO)(ACC-352).** Personnel who are assigned to the PRECOMMUNIT for less than 6 months prior to the ship's placement "In Service" will report to that site TEMDU CFO.

(1) Personnel who report TEMDU CFO may be authorized to draw Per Diem. The authorization for per diem will cease when the member reports to an activity for duty.

(2) Personnel who report TEMDU CFO are only authorized to move family members/household goods to the post-commissioning homeport of the activity where they are reporting for duty, if prior to the promulgation date.

(3) Members will not receive any sea duty credit for the time served in ACC 352.

(4) Members will not be entitled to move family members/household goods to the ship's prospective homeport until CNO makes the official homeport announcement.

(5) For more specific entitlement information, consult chapter 4, part C of reference (a).

3. **Qualifications for Assignment.** The Pre-commissioning period of a unit undergoing new construction/conversion is a fast paced, demanding period that requires the highest level of performance from each individual assigned.

a. This period requires intensive effort to establish the administrative and training readiness of the unit for future operations. Additionally, the PRECOMMUNIT is not equipped to handle excessive personnel-related administrative burdens. In view of this, all personnel ordered to duty on new construction surface ships must meet the following minimum standards:

(1) No prior conviction by courts-martial.

(2) No non-judicial punishments (NJP) or civil violations, other than minor traffic offenses, for the past 12 months.

(3) Is member currently within height, weight or body fat standards, and has member passed the most recent regularly scheduled Physical Fitness Assessment (PFA) per reference (b).

(4) No indebtedness problems of a serious or chronic nature.

(5) No history of serious physical or mental health problems of a probable or recurrent nature.

(6) No evidence of drug abuse in the past 12 months. Pre-service drug experimentation is not a disqualifying factor.

(7) No alcohol related incidents in the past 12 months.

(8) Must be a U.S. citizen if assigned to a nuclear powered ship. The following rates are allowed to be assigned to a nuclear aircraft carrier without being a U.S. citizen: ABE, ABH, AD, AM, AME, AS, AF, CS, PR, and PS. Non-U.S. citizens shall not have access to Naval Nuclear Propulsion Information (NNPI) and nuclear propulsion plant spaces.

(9) Performance marks of at least 3.0 on all traits, been recommended for retention and receive promotable or higher recommendation for the previous 24 months.

(10) Member must be able to complete obligated service (OBLISERV) requirements for current or prospective paygrade prior to High Year Tenure. Waivers to High Year Tenure must be approved prior to issuance of orders/authorization to transition.

4. Volunteering for Assignment to Ships Under Construction.

Personnel desiring to volunteer for assignment to ships under construction should contact their respective rating detailers regarding new construction billet availability and to obtain further guidance on requesting new construction duty.

a. **Nuclear Power Trained Personnel.** Except for a small number for prototype graduates ordered directly to new construction duty, nuclear power trained personnel must complete at least 12 months in an operational nuclear power billet prior to being assigned to new construction duty. Members who are sea experienced must be qualified for those watch stations that are commensurate with their rate and NEC.

b. **Previous Benefits.** Members awaiting Selected Training and Retention (STAR)/reenlistment assignment benefits must indicate in writing that they are willing to waive or delay such assignment benefits until they have completed a 24 month OBLISERV requirement after ship's placement "In Service." OBLISERV requirements associated with a particular benefit must be met when the individual ultimately resubmits a request for the benefits, which were previously guaranteed as a STAR/other reenlistment incentive.

c. **Commanding Officer (CO) Endorsement.** COs are required to make comments concerning the member's suitability for assignment utilizing the criteria set forth in paragraph 3. Additionally, COs are requested to provide the following information regarding the member:

(1) Extent of watch qualifications attained.

(2) Special Training (service school attended and completion date of each).

(3) Agreement to incur sufficient OBLISERV, if applicable.

(4) Security clearance.

(5) Whether STAR/other reenlistment benefits are pending, and whether the member is willing to waive or defer it, if applicable.

(6) For nuclear power trained personnel, include certified copies of last two NAVPERS 1616/26 (7-95), Evaluation Report and Counseling Record.

5. **Suitability Determination and Reporting Requirements.** The transferring command will determine suitability/unsuitability for assignment to new construction duty within 15 days of receipt of the assignment directive, and submit a report of suitability/unsuitability to Navy Personnel Command (NAVPERSCOM), Sea Special Programs/Surface New Construction/Sea Placement Branch (PERS-402D) for rated personnel and NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013) for undesignated personnel.

a. Determination of suitability/unsuitability will be based on the criteria identified in paragraph 3 and will include a review of service and medical records.

b. If a member fails to meet any of the minimum standards that are outlined in paragraph 3, submit a report of unsuitability to NAVPERSCOM (PERS-402D)/(PERS-4013) specifying the disqualifying factors and hold the assignment directive in abeyance pending direction.

c. Should circumstances following an initial finding of suitability later make member unsuitable for assignment, submit a report of unsuitability as soon as possible. (**Note:** Transfer evaluation marks below the minimum standards identified in

paragraph 5 are disqualifying and a report of unsuitability is required.)

d. Use of MILPERSMAN 1306-800 Exhibit 1, New Construction Screening Form is required.

6. **Waivers.** If a member fails to meet the minimum requirements, a waiver for disqualifying criteria may be requested from NAVPERSCOM (PERS-402D)/PERS-4013) as appropriate if recommended by the transferring command Commanding Officer. NAVPERSCOM retains final waiver approval.

7. **Personnel Stability.** Members who have completed their Prescribed Sea Tour (PST) will only be considered for assignment to ships under construction if they indicate their volunteer status in writing, or in response to a request submitted to NAVPERSCOM (PERS-402D) and have approval granted to extend at sea for the additional time required to meet the required OBLISERVE.

a. **OBLISERV Requirements.** Personnel assigned to ships under construction/conversion will be required to incur sufficient OBLISERV to complete a minimum of 24 months on board after ship's placement "In Service" or minimum DoD Area Tour for those units assigned overseas. A slippage in the date will **not** incur additional OBLISERV.

(1) Requests for transfer to Fleet Reserve will not be favorably endorsed for effective dates prior to 24 months after ship's placement "In Service."

(2) Must possess required OBLISERV appropriate for the length of training as per MILPERSMAN 1306-604.

(3) Must possess required OBLISERV prior to execution of orders per MILPERSMAN 1306-106.

b. **Assigning PRDs.** In all cases PRDs will be assigned for not less than 24 months from the date of ship's placement "In Service," additionally:

(1) For personnel without prior sea duty, PRDs are assigned:

(a) To PST for members on second or subsequent enlistment.

(b) To PST for members on first enlistment.

(2) For personnel with prior sea duty, PRDs are assigned to PST, but not less than 24 months after ship's placement "In Service."

8. Permanent Change of Station (PCS) Orders to Ships Under Construction at Civilian Shipbuilding Companies or Yards. A PRECOMMUNIT for each ship under construction at a civilian shipbuilding company or yard has been established with its assigned location the same as the civilian shipbuilding company or yard.

a. These units allow processing of electronic PCS orders for members assigned to, and detached from, DUTY CFO or TEMDU CFO at the ships construction site.

b. Reporting and detaching procedures for PCS orders to ships under construction are provided in Exhibit 1 of this article.

EXHIBIT 1

REPORTING AND DETACHING PROCEDURES FOR PCS ORDERS TO SHIPS UNDER CONSTRUCTION

1. DUTY CFO (6 MONTHS OR MORE)

a. Two (2) sets of PCS orders will be issued by NAVPERSCOM when it is determined by the detailer that the delivery date of the vessel will be 6 months or more from the member's EDA at the ship's PRECOMMUNIT based on the Current Ships Phasing Plan (CSPP).

b. The following procedures apply:

(1) Member's first PCS orders will be to the ship's PRECOMMUNIT, located at the construction/conversion site. Upon arrival the member will report to the appropriate reporting senior for "DUTY CFO AT (shipbuilding company/yard)." No per diem entitlements exist. PCS entitlements are to the PRECOMMUNIT's assigned permanent duty station (PDS). Members assigned to DUTY CFO (ACC: 106) may be entitled to transportation costs from ship's construction site to the assigned initial homeport (if different than the construction site) or to where the family members are residing per reference (a), para. U7115-B.

(2) Member's second PCS orders will be issued upon release of the CNO message assigning the initial homeport for the vessel. The UIC of the PRECOMMUNIT will be activated and assigned the area city code (ATC) as of the date of the CNO message. The orders will include the following Personnel Text (PTEXT) (P62038):

"ON _____ CNO ASSIGNED (city, state/country) AS THE HOMEPORT FOR (vessel's name and hull number) EFFECTIVE UPON COMMISSIONING. A COPY OF THIS MODIFICATION MUST BE IMMEDIATELY DELIVERED TO THE PERSONAL PROPERTY TRANSPORTATION OFFICE ARRANGING SHIPMENT OF HOUSEHOLD GOODS; ALSO TO THE NAVY PASSENGER TRANSPORTATION OFFICE ARRANGING DEPENDENT TRAVEL."

c. These orders will detach the member from "DUTY CFO" (ACC-106) with the PRECOMMUNIT and direct the member to report to the vessel for duty (ACC-100) on board when placed "IN SERVICE." No per diem entitlements exist. PCS entitlements are to the homeport as assigned by the CNO, or designated place if assigned to unusual arduous sea duty under reference (a), para. 5222-d and

reference (c). These orders to sea duty meet DoD Time on Station exemption and no waiver is required.

2. TEM DU CFO (LESS THAN 6 MONTHS)

a. Members will be issued one (1) PCS order by NAVPERSCOM when it is determined by the detailer that the delivery date of the vessel will be less than 6 months from the member's EDA at the ship's PRECOMMUNIT based on the CSPP.

b. When orders are issued **after** the CNO message has been released assigning the ship's initial homeport, the member will be ordered to report to the PRECOMMUNIT UIC (intermediate activity) for "TEM DU CFO (ACC-352) AT (shipbuilding company or yard.)" Upon detachment from TEM DU CFO the member will be "DUTY (ACC-100) ON BOARD WHEN PLACED IN SERVICE." The orders will include the following PTEXT (P62038):

"ON _____ CNO ASSIGNED (city, state/country) AS THE HOMEPORT FOR (vessel's name and hull number) EFFECTIVE UPON COMMISSIONING. A COPY OF THIS MODIFICATION MUST BE IMMEDIATELY DELIVERED TO THE PERSONAL PROPERTY TRANSPORTATION OFFICE ARRANGING SHIPMENT OF HOUSEHOLD GOODS; ALSO TO THE NAVY PASSENGER TRANSPORTATION OFFICE ARRANGING DEPENDENT TRAVEL."

c. Per Diem cost will incur if the initial homeport of the vessel is not the same as the construction site. If the initial homeport and the construction site are the same, per diem stops as soon as permanent quarters are occupied, or on the date the member's assignment is changed from TEM DU CFO (ACC-352) to DUTY (ACC-100), per reference (a), para. U4105-A. Also see reference (a), para. U4102-G. PCS entitlements are to the vessel's initial homeport as assigned by CNO, or to designated place if assigned to unusual arduous sea duty under reference (a), para. U5222-D and reference (c).

d. If the member occupies permanent quarters in anticipation of the construction site and the homeport being the same, per diem ceases when the homeport is assigned and it is the same as the construction site. Entitlements to dependents' transportation are not to exceed the cost of that from the old permanent duty station to the initial homeport unless the vessel will be designated unusually arduous sea duty when commissioned. TEM DU CFO is not considered indeterminate temporary duty under purview of reference (a), chapter 4, part G.

3. ORDERS TO A VESSEL REMAINING AT THE CONSTRUCTION SITE FOR 6 MONTHS OR MORE AFTER COMMISSIONING (FOR POST COMMISSIONING WORK) AND CNO ASSIGNS THAT SAME SITE AS SHIP'S INITIAL HOMEPORT.

a. Procedures for assigning members to TEMDU CFO (ACC-352) or DUTY CFO (ACC-106) are same as previously specified.

b. In PCS orders detaching member from DUTY CFO (ACC-106) and directing them to report for DUTY (ACC-100) and the initial homeport assignment location is the same as the PRECOMMUNIT (construction site) no PCS entitlements should incur. However, in some situations they may incur, depending upon decisions made by the member (regarding transportation of family members/household goods) under previous PCS orders to DUTY CFO (ACC-106). These orders to sea duty meet DoD TOS exemption and no waiver is required.

c. In orders where member is directed, upon completion of TEMDU CFO (ACC-352), to report for DUTY (ACC-100) on board when placed in service, PCS entitlements, if any, are from the old permanent duty station to the initial homeport (same as the PRECOMMUNIT UIC location/construction site). Again, once the member occupies permanent quarters, or on the date the member's assignment is changed from TEMDU CFO (ACC-352), OR TAD, to DUTY (ACC-100) entitlements to Per Diem stop per reference (a), para. U4105-A

d. 6 months prior to completion of the post-commissioning work, CNO promulgates a homeport "change" from first (initial) homeport (same as construction site) to the ultimate homeport. When appropriate, members on board will receive a homeport change certificate, which entitles them to a PCS move from the initial homeport (construction site) to the new homeport.

4. PROCEDURES IN CONNECTION WITH SHIP DELIVERY SLIPPAGES

a. All personnel ordered to TEMDU (ACC-352) in connection with precommissioning training at FTCs, or TEMDU CFO (ACC-352) with the PRECOMMUNIT at the construction site, are so ordered with the understanding that "no period of TEMDU at any one location, from the best information available at the time orders are written, is anticipated to be in excess of 6 months." When it is officially determined by appropriate authority that a slippage in ship delivery of the vessel will occur, NAVPERSCOM will be notified by the Program Office.

b. To ensure that per diem payments to members assigned to TEMDU (ACC-352) at FTCs, or TEMDU CFO (ACC-352) are not suddenly

terminated, NAVPERSCOM or CO, PRECOMMUNIT/PCO, will be responsible for the following procedures:

(1) Additional Period "Exceeds" 6 Months. When slippage occurs after personnel have reported for TEMDU (ACC-352) Pre-commissioning training at FTCs, or TEMDU CFO (ACC-352) with PRECOMMUNIT at the construction site, and the remaining time from the date the determination is made until the new projected commissioning date will exceed 6 months. NAVPERSCOM (PERS-402D) and (PERS-4013) for non-designated enlisted personnel, will issue appropriate order modifications changing the member's status at:

(a) **FTCs:** Status from TEMDU (ACC-352) Pre-commissioning training to DUTY (ACC-106) commissioning training; or

(b) **PRECOMMUNITs:** From TEMDU CFO (ACC-352) to DUTY (ACC-106)

(c) **FTCs and PRECOMMUNITs:** disband the precommissioning detail in the case of extreme (greater than 6 months) slippage of ship's delivery date.

(2) Additional Period is "Less" Than 6 Months. When slippage occurs after personnel have reported to Fleet Training Centers for TEMDU (ACC-352) Pre-commissioning training, or PRECOMMUNITs for TEMDU CFO (ACC-352) and the remaining period of time until the vessel's commissioning, or placement in service (for USNS ships), date is less than 6 months, the following procedures will apply for:

(a) **FTCs:** NAVPERSCOM (PERS-402D) and (PERS-4013) for non-rated/designated enlisted personnel, will issue appropriate order modifications. These modifications will either change the member's status from TEMDU (ACC-352) Pre-commissioning training to DUTY (ACC-100) Pre-commissioning training, or extend present period of TEMDU (ACC-352) Pre-commissioning training for an additional period (not to exceed 6 months from date of NAVPERSCOM or EMPAC order modification).

(b) **PRECOMMUNITs:** the PCO of the vessel under construction is authorized, under MILPERSMAN 1320-030 to modify NAVPERSCOM or EMPAC orders of military personnel under their command to extend their present period of TEMDU CFO (ACC-352). The modification will be an endorsement to member's orders to extend their present period of TEMDU CFO for an additional period not to exceed 6 months from date of endorsement. The endorsement will include:

1. Date the TEMDU CFO is extended;
 2. Reason for such extension;
 3. New estimated date of completion of TEMDU CFO (which cannot exceed 6 months (or 180 days) from the date the TEMDU CFO is extended); and
 4. Copies of endorsement modification(s) will be forwarded to: NAVPERSCOM (PERS-402D) or (PERS-4013) for all non-rated/designated enlisted personnel. NAVPERSCOM will use these copies to "manually" update the member's master record/file accordingly.
- c. In order to account and protect payments of per diem, orders which specify any kind of TEMDU (including CFO) followed by the words "FOR APPROXIMATELY ____ DAYS" must be modified to reflect any additional, or expanded period of assignment. This is not necessary for relatively insignificant extensions of 7 days or less when the period of TEMDU or TEMDUINS is more than 30 days, or 3 days or less when the period of TEMDU or TEMDUINS is less than 30 days.
- d. If any additional slippage of commissioning, or placement in service of USNS ships date occurs, appropriate action(s) outlined above will again be required.

MILPERSMAN 1306-803

SPECIAL PROCEDURES FOR NEWLY ESTABLISHED/ RECOMMISSIONED NAVAL CONSTRUCTION FORCE (NCF) UNITS

Responsible Office	NAVPERSCOM	Phone:	DSN	882-3655
	(PERS-401)		COM	(901) 874-3655
	(PERS-4013)		FAX	882-2716

1. Policy

a. The procedures in this article are applicable to newly established or newly recommissioned Naval Construction Force (NCF) Units.

b. Navy Personnel Command (NAVPERSCOM), Seabee/SEAL/SWCC/EOD Diver Assignments Branch (PERS-401) is the placement monitor for newly established or recommissioned NCF Units.

2. Manning Levels. NCF Units newly established or recommissioned are manned to levels directed by Commander, U.S. Fleet Forces Command (COMUSFLTFORCOM).

3. Manning Increments

a. **Newly Established/Recommissioned Units.** Personnel assigned to all new NCF Units will report to the Precommissioning Unit (PRECOMMUNIT), located at either Naval Construction Battalion Center (NCBC) Gulfport, MS or NCBC Port Hueneme, CA, depending on the unit's prospective homeport.

b. **Nucleus Crew.** The nucleus crew consists of 80 percent of the unit's manning, will receive precommissioning (PRECOM) training at the appropriate NCBC, and report 12 months prior to the unit deploying. They are responsible for the establishment of the unit's organization.

4. Training. The en route training requirements for personnel assigned to the PRECOM crew of newly established/recommissioned units are classified into the following categories:

a. **Navy Enlisted Classification (NEC) Training.** Courses of instruction that assign a specific NEC upon completion of training and are required by the activity's manning documents.

b. **Seabee Replacement Training (SERT).** Non-NEC producing courses of instruction, which are required to meet type commander (TYCOM) requirements or can be completed at the Naval Construction Regiments (NCR).

5. **Funding Policy.** To ensure effective management of permanent change of station (PCS) and training funds, NAVPERSCOM will only fund en route NEC and SERT training.

6. **Personnel Stability.** Members who have completed their prescribed sea tour (PST) will only be considered for assignment if they indicate their volunteer status via a NAVPERS 1306/7 (Rev. 1-03), Enlisted Personnel Action Request submitted to NAVPERSCOM (PERS-401) and have approval granted to extend at sea for the additional time required to meet the projected rotation date (PRD).

a. **Obligated Service (OBLISERV) Requirements.** Personnel assigned to newly established/recommissioned units will be required to incur sufficient OBLISERV to complete a minimum 24 months on board.

(1) Requests for transfer to Fleet Reserve will not be favorably endorsed for effective dates prior to 24 months on board.

(2) Personnel must possess required OBLISERV appropriate for the length of training per MILPERSMAN 1306-106.

b. **Assigning PRDs**

(1) In all cases PRDs will be assigned for not less than 24 months upon reporting on board.

(2) For personnel without prior sea duty, PRDs are assigned

(a) to PST for members on second or subsequent enlistment.

(b) to expiration of active obligated service (EAOS) for members on first enlistment.

MILPERSMAN 1306-804

NEWLY ESTABLISHED OR TRANSITIONING AIRCRAFT SQUADRONS

Responsible Office	NAVPERSCOM	Phone:	DSN	882-2325
	(PERS-404EL)		COM	(901) 874-2325
	(PERS-4013)		FAX	882-2642

1. **Policy.** The procedures outlined in this article are applicable to newly established squadrons, squadrons transitioning to a new model aircraft and the introduction of prototype aircraft into the fleet.

a. Transitioning and newly established squadrons will be manned per fleet manning levels except in those cases where priority manning has been authorized by Chief of Naval Operations (CNO).

b. In some instances, aviation units faced with major configuration changes having an effect on manning requirements in selected ratings do not fall into the above categories. Examples would be the installation of a new fire control system or Anti-Submarine Warfare (ASW) sensor system. In these cases, type commanders (TYCOMs) should request that Navy Personnel Command (NAVPERSCOM) implement the special stability options discussed later in the article for those ratings or Navy Enlisted Classification (NEC) codes most affected by the update.

c. NAVPERSCOM Points of contact concerning assignments and manning for newly established and transitioning aircraft squadrons:

- New Construction Section (PERS-404EL) and
- Enlisted Personnel Readiness and Support Branch (PERS-4013)

d. In transitioning aircraft squadrons, all personnel will remain on board to complete prescribed sea tour (PST)/normal shore tour (NST) except those personnel in ratings receiving transition training. These personnel are subject to other criteria as outlined in this article.

2. **Assignment Qualifications.** Assignment criteria set forth herein will apply to personnel reporting to newly established or transitioning aircraft squadrons within **12 months** of establishment or commencement of transition.

a. Reassignment under the provisions of this article will not normally be approved once an individual has reported on board a newly established or transitioned squadron for duty.

b. Members volunteering for/ordered to duty in newly established or transitioning aircraft squadrons must meet the following requirements:

(1) **Indebtedness.** No indebtedness problem of a serious or chronic nature (waiverable).

(2) **Health.** No history of instability or serious health problems of a probable recurrent nature during the past **12 months.**

(3) **Performance.** No mark below 3.0 in any category or below 3.0 overall during the previous **24 months.** Evaluation marks received from Navy Recruit Training Command, Service School Commands, on members who have never served at a permanent duty station; or marks received during active duty for training for USNR members, are not considered disqualifying for duty in newly established or transitioning aircraft squadrons.

(4) **Disciplinary History.** No prior conviction by courts-martial, nonjudicial punishment (NJP), and no civil violations other than minor traffic offenses for the past **12 months.**

(5) **Obligated Service (OBLISERV).** Members must be able to complete OBLISERV requirements for current or prospective paygrade prior to high year tenure (HYT). Waivers to HYT must be approved prior to issuance of orders/authorization to transition.

3. **OBLISERV Requirements.** The following applies to personnel being assigned to an establishing or transitioning aircraft squadron.

a. **OBLISERV for a newly establishing aircraft squadron.** Minimum OBLISERV of **24 months** from the establishment date or completion of transition is required for personnel being assigned to an establishing/transitioning aircraft squadron that is moving from CONUS to CONUS.

b. **Prior to transfer the individual is required to incur the required additional OBLISERV.**

(1) Minimum OBLISERV of **24 months** from the establishment date or completion of transition is required for personnel being assigned to an establishing/transitioning aircraft squadron that is moving **from OCONUS to CONUS**.

(2) Members moving from **CONUS to OCONUS** have to complete the DOD minimum tour of the area being assigned from the establishment date or completion of transition for an establishing/transitioning aircraft squadron.

(3) Prior to transfer the individual is required to incur the required additional OBLISERV.

c. **OBLISERV for a transitioning aircraft squadron.** The following applies to personnel that elect to remain on board a transitioning aircraft squadron and receive transition training:

(1) Amount of OBLISERV requirement/extension of projected rotation date (PRD) in order to receive transition training is computed from class graduation date and is dependent on the length of training received. The following is to be utilized when calculating OBLISERV/PRD extension requirements.

Length of Training	Amount of required OBLISERV/PRD extension
1-3 weeks	6 months
4-6 weeks	12 months
7-8 weeks	18 months
9-10 weeks	20 months
11-12 weeks	22 months
13 or more weeks	24 months

(2) Personnel who volunteer to remain on board to complete the transition and receive additional training must incur additional OBLISERV and agree to extend on board if required per the above chart up to a maximum of **24 months**.

(3) The following NAVPERS 1070/613 (Rev. 7-06)), Administrative Remarks entry must be made for personnel who require an extension beyond their normal PST:

Date: "In consideration for assignment to _____ transition program, I agree to remain on sea duty for a period of (refer to chart above) months from completion of transition training, unless such requirement is specifically waived by NAVPERSCOM."

Member's Signature

WITNESSED: _____
Name, Rank, and Title of Witnessing Officer

(4) Additional OBLISERV requirements for personnel who volunteer to remain on board to receive transition training cannot be satisfied by a NAVPERS 1070/613 entry in member's service record.

4. **Stability Period.** To afford maximum stability, personnel who arrive onboard a newly established or transitioning aircraft squadron will not normally be eligible for transfer until they have completed **24 months** on board after transition or establishment. This requirement may be waived where members are on board in excess of both rating/NEC allowances, with the approval of the manning control authority (MCA).

5. **Previous Assignment Benefits.** Members guaranteed previous assignment benefits (Selective Training and Reenlistment (STAR), Selected Conversion and Reenlistment Program (SCORE), Reenlistment Incentive, etc.) must indicate in writing that they are willing to waive or delay such benefits until they have been on board **24 months** after transition or establishment.

a. OBLISERV requirements associated with a particular benefit must be met when the member ultimately resubmits a request for the benefits previously guaranteed.

b. A copy of the member's waiver/delay shall be forwarded to NAVPERSCOM (PERS-404EL).

6. **Request Procedures.** Personnel desiring to volunteer for newly established or transitioning aircraft squadron duty shall submit requests utilizing the NAVPERS 1306/7 (Rev. 1-03), Enlisted Personnel Action Request.

a. Commanding officers (COs) are required to make comments concerning the member's suitability for assignment utilizing criteria set forth in this article.

b. Additionally, include comments concerning member's special training (service schools attended and completion dates) and agreement to incur sufficient OBLISERV, if applicable.

7. **Transferring Command's Responsibility**. The transferring command will conduct a review of the member's service record to ensure that the member meets the criteria and OBLISERV set forth in this article.

a. COs shall notify NAVPERSCOM (PERS-404EL) within **10 days** of receipt of the assignment directive if a member fails to meet the minimum requirements or does not desire to acquire OBLISERV (specify disqualifying factors).

b. Hold assignment directive in abeyance pending NAVPERSCOM (PERS-404EL) determination. If NAVPERSCOM (PERS-404EL) reply is not received within **30 days**, initiate tracer action.

8. **Transitional Assets**. COs of transitioning aircraft squadrons shall screen all on board personnel to determine that the requirements of this article have been complied with. Personnel not qualified for transitioning aircraft squadrons shall be made available for reassignment.

9. **Adjustment of Sea Duty Commencement Date (SDCD)**. SDCDs will be established and reported per MILPERSMAN 1306-116. COs of units undergoing construction, conversion or transition should refer to MILPERSMAN 1306-116 for adjustment procedures.

10. **Adjustment of PRD**. PRDs of all personnel assigned to newly established or transitioning aircraft squadrons will be established to allow for required **24 months** after establishment or completion of transition or member's PST for their rating/NEC, whichever is greater.

a. In order to ensure that all key members are not transferred immediately at the end of the stabilization period, **12 months** prior to the end of the stabilization period, the CO shall review the command's Enlisted Distribution and Verification Report (EDVR) and make PRD adjustment recommendations, with a certified copy of NAVPERS 1070/605 (Rev. 7-06), History of Assignments to NAVPERSCOM, Enlisted Distribution Division (PERS-40), with information copy NAVPERSCOM (PERS-4013).

b. PRD adjustments will be a **maximum plus or minus 90 days** from the original PRD.

c. When recommending PRD adjustments, such factors as time remaining on active duty, time remaining on PST, and the desires of the individual should be considered.

d. Waiver requests must be made to NAVPERSCOM (PERS-404EL) and include justification.

e. Adjustment of OBLISERV requirements will be handled on a case-by-case basis.

11. **Assignment of Personnel to Activities Involved in the Introduction of Prototype Aircraft.** NAVPERSCOM (PERS-404EL) will assign all personnel to duties directly related to the introduction of prototype aircraft, which will include factory training, acceptance, evaluation trials, and fleet introduction phases.

a. NST lengths will be adjusted to ensure that critical skills continue to be used where required.

b. Personnel specially selected/trained for new basic model aircraft introduction will be distributed apart from normal rotation since their assignment to duties directly related to the new aircraft program is essential.

c. NAVPERSCOM (PERS-404EL) will promulgate a notice soliciting volunteers, establishing eligibility requirements, and specifying the method of submitting requests for duty in the introduction of prototype new basis model aircraft. The notice will be distributed approximately **24 months** prior to fleet introduction of the aircraft.

12. Newly Established or Transitioning Aircraft Squadrons
Time Table

Legend: BTD - Beginning Transition Date MCT - Member Completes Training CTD - Complete Transition Date ED - Establishment Date		
Date	Action	Responsibility
12 months prior to BTD/ED	Determination of ED or BTD, BTD/CTD and Official Notification of ALCON	Cognizant Type Commander
12 months prior to BTD (transition only)	Screen on board personnel for transition eligibility and desires.	Squadron CO
	Submit message to NAVPERSCOM (PERS- 404 and PERS-4013) of transitioning personnel and non-transitioning personnel with avail date for reassignment. (Refer to Exhibit 1 for proper format.)	Squadron CO
	Execute OBLISERV agreement for transitioning personnel and notify NAVPERSCOM.	Squadron CO
9 months prior to BTD/ED	Generate requisitions to fill vacancies created by non-transition personnel and new billets as provided by OPNAV.	NAVPERSCOM (PERS-4013)
9-6 months prior to BTD	Assign personnel to squadron via appropriate training pipeline or direct (as required) to fill any vacancy not filled by on board assets.	NAVPERSCOM
BTD/ED	Begin transition/establishment	SQUADRON CO
BTD/ED & 12 months	Screening requirement for newly assigned personnel terminate per MILPERSMAN 1306-804.	NAVPERSCOM
CTD	Complete transition	SQUADRON CO
CTD/ED & 12 months	OBLISERV requirements from CTD/ED and 24 months for prospective gains ceases.	NAVPERSCOM
	Review unit EDVR and make staggered PRD adjustment recommendations to NAVPERSCOM.	SQUADRON CO

-------------------	--

1. **Policy.** To request assignment to a special program, contact rating detailer for release to a special program assignment or submit NAVPERS 1306/7 Enlisted Personnel Action Request to applicable detailer at Navy Personnel Command (NAVPERSCOM) approximately 12-15 months prior to member's projected rotation date.

a. It is the responsibility of the commanding officer, command master chief, chief of the boat, or senior enlisted advisor, as well as several other key personnel, to ensure all applicants are fully endorsed/qualified for the specific program.

b. This article provides basic procedures for screening, reporting, and requesting information for transfer to a special program. Refer to other pertinent MILPERSMAN 1306 articles for further screening requirements.

(1) NAVPERS 1306/92 Special Program Screening form will be completed as required. Access to this form is located at <http://www.npc.navy.mil/ReferenceLibrary/Forms/NAVPERS/>.

(2) Exhibit 1, Special Program Suitability/Unsuitability Report will be submitted for all special program applicants once a suitability determination has been made.

(3) Exhibit 2, Special Program Waiver Request will be utilized when a wavier is warranted.

(4) Exhibit 3, Special Program Screening Deficiency Report will be submitted as required when deficiencies in the screening process are noted.

2. Background

a. In order to provide guidance on the ever-increasing complexity of the Navy's mission, it is frequently necessary to establish special programs to perform support functions that are not identified by existing ratings.

b. The following MILPERSMAN articles provide information on specific programs and their additional requirements.

3. **Qualifications.** Commands will ensure the following requirements are met prior to transfer:

a. Members requesting a special program must understand that these programs coincide with normal sea/shore rotation. If member is bound for sea duty, the special program will be a sea going program. If member is bound for shore duty, the special program will be for shore.

b. Members must be released by their rating detailer to qualify for a special program.

c. Individuals selected for special programs are expected to meet or exceed Navy physical fitness standards per reference (a).

d. Any person selected for a special program involving the education or orientation of military or civilian personnel will have a favorable national agency check or entrance national agency check on file. Many special programs require a security clearance and member is to acquire the security clearance specified in the program description prior to transfer per reference (b).

e. Individuals qualified for a special program will have the required obligated service (OBLISERV) to complete the normal tour of duty.

(1) Members must have current approval from Career Waypoint Reenlistment process or have sufficient OBLISERV on current contract prior to issuance of permanent change of station orders.

(2) Careerist with 15 or more years of active service must complete minimum tour of duty prior to being authorized to transfer to the Fleet Reserve. A NAVPERS 1070/613 Administrative Remarks entry will be made certifying the member understands and agrees.

(3) Members who are unwilling to incur required OBLISERV are not eligible for transfer to special programs. Retain member on board and send an unsuitability report to NAVPERSCOM (appropriate code) via message.

f. Commanding officers will ensure members are fully qualified for assignment. The commanding officer's signature on NAVPERS 1306/92 is the endorsement.

(1) Report suitability/unsuitability determinations utilizing Exhibit 1.

(2) Submit a waiver (if warranted) utilizing Exhibit 2.

4. **Waivers**. Special screening qualifications are required for all special programs; however, waivers are granted on a case-by-case basis.

a. With the exception of security clearances and prerequisite training required for personal safety, waivers of published requirements will be considered if the member has exceptional potential for success in a given program.

b. Waivers are submitted to NAVPERSCOM (applicable code or specified special program manager).

c. Supporting documentation and the commanding officer's endorsement should accompany all waiver requests.

d. Use the message format in Exhibit 2 for waiver messages.

NOTE: Several qualifications will indicate non-waiverable in the MILPERSMAN associated with a given special program. These requirements cannot be waived for that specified program.

5. **Unsuitable After Transfer to a Special Program.** After a member has been transferred to a special program and has been determined unsuitable, due to no fault of the member (e.g., medical, program disestablishment, etc.), the member will be considered for other special programs for which the member is qualified or released back to his or her rating detailer via message to NAVPERSCOM, Enlisted Distribution Division (PERS-40) and rating detailer.

a. Negotiations with member and detailer for reassignment will occur for the remainder of the prescribed sea/shore tour. If member is within 12 months of completion of normal shore tour, the member will return to sea duty.

b. If the reassignment is the fault of the member, then the member will be reassigned by the in-rate detailer based on requisition priority.

6. **Special Programs Screening Deficiency Report (SPSDR).** Exhibit 3 provides the format for submitting a SPSDR. This message is used to report discrepancies discovered as a result of the screening, which is conducted by the transferring command and sent to PERS-4010 and applicable detailer (Info the receiving command).

MILPERSMAN 1306-901

NAVY FOOD MANAGEMENT TEAMS (NFMTs)

Responsible Office	NAVPERSCOM (PERS-402B)	Phone:	DSN	882-3741
			COM	(901) 874-3741
			FAX	882-2637

1. **Background.** Navy Food Management Teams (NFMTs) provide technical and management assistance to Culinary Specialists (CS) in operation of enlisted dining facilities and afloat officer messing facilities, with on-the-job instruction in areas of food preparation and service, mess management, and sanitation.

a. Their mission is to assist both fleet units and shore activities in improvement of food service operations staffed with Navy CSs. These teams are located at Norfolk, VA; New London, CT; Yokosuka, JA; Bremerton, WA; Mayport, FL; San Diego, CA; and Pearl Harbor, HI.

b. Tour length will be normal CS shore tour or Department of Defense (DOD) area tour for overseas assignments.

2. **Requirements/Qualifications**

a. NFMTs are composed of CSs in paygrades E-7 and above who have completed CS "C" School, Management Principles Course, and Instructor's Training prior to reporting for team duty.

b. Complete section A of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form (Exhibit 1 of MILPERSMAN 1306-900).

c. Required obligated service (OBLISERV) for this program is 36 months.

MILPERSMAN 1306-902

REGIONAL MAINTENANCE CENTER (RMC)/SHIP REPAIR FACILITY (SRF) PROGRAM

Responsible Office	NAVPERSCOM (PERS-402)	Phone:	DSN	882-3610
			COM	(901) 874-3610
			FAX	882-2734

1. Policy

a. Duty assignments at Regional Maintenance Center (RMC)/Ship Repair Facility (SRF) are in fleet concentration areas both continental United States (CONUS) and overseas.

b. Duty with RMCs/SRFs is classified as shore duty.
Exceptions are as follows:

Location	Classification
RMC/SRF detachments in Manama, Bahrain	Type 3, Overseas Shore Duty- Shore Duty Credit
Naples, Italy	Type 4, Non-Rotated Sea Duty
Yokosuka and Sasebo, Japan	Type 6, Preferred Overseas Shore Duty

2. Background

a. RMCs and SRFs provide a cadre of versatile, technical personnel to improve fleet engineering, electronics, logistics, and weapons readiness through informal classroom training at the various RMC/SRF sites and by providing technical assistance through on-the-job training on board fleet units.

b. Tour length will be the prescribed rating shore tour or Department of Defense (DoD) area tour for overseas assignments.

3. Requirements/Qualifications

a. Members in paygrades E-6 through E-9 that are applying for technical or fleet assist type billets must first be screened and approved by the local RMC/SRF based on the following:

(1) Broad background in various type hulls, mechanical, electrical, weapons, or electronics equipment, as appropriate.

(2) Excellent technical ability; ability to work on own initiative and with others.

(3) Suitability for duty; no record of drug or alcohol abuse, or any infraction that would impede member's ability to perform the RMC/SRF mission.

(4) Overall performance evaluations of "Promotable" or better for the past 4 years.

(5) Instructor/facilitator training prerequisite is desired; however, instructor training may be gained enroute.

b. It is expected that RMC/SRF leadership will engage the rating assignment officers (RAOs) on personnel that they have observed and desire to be ordered to these billets. RAOs, branch heads, and Navy Personnel Command (NAVPERSCOM), Enlisted Distribution Division (PERS-40) will ensure that any concerns from RMC/SRF leadership are taken into consideration when making final decisions on filling these billets.

c. Transferring commanding officers must complete Sections A, C, and D1 and D2 of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form (Exhibit 1 of MILPERSMAN 1306-900) on behalf of candidates' nomination for this duty.

MILPERSMAN 1306-904

BRIG/TRANSIENT PERSONNEL UNIT (TPU) STAFF

Responsible Office	NAVPERSCOM (PERS-4010E3)	Phone:	DSN	882-3869
			COM	(901) 874-3869
			FAX	882-2646

1. **Background.** Brig/Transient Personnel Unit (TPU) staff has facilities located throughout the United States and at a few overseas locations.

a. Assignment to Brig/TPU staff provides exceptional opportunities for members to enhance their leadership qualities without regard to their military specialty.

b. Tour length will be 36 months or Department of Defense (DOD) area tour for overseas assignments.

2. **Requirements/Qualifications.** Members in paygrades E-4 and above who have completed at least 24 months active duty, who are mature and emotionally stable, no history of financial difficulties, no civil court convictions since joining the military other than minor traffic violations, and no documented in-service drug use are eligible for assignment.

a. **TPU.** Members being screened for TPU should demonstrate leadership and supervisory abilities.

b. **Brig Staff only.** Members contemplating brig staff should be aware that any obvious disfigurement, physical or speech impediment, might subject them to contempt or ridicule by prisoners or undermine their control of prisoners. Members selected for assignment to a brig staff will be ordered via Corrections Specialist Training (NEC 9575) at NTTC Lackland AFB. Due to members' job requirements in which possession of weapons may be authorized, members with open Family Advocacy Program (FAP) cases are ineligible.

c. **Correctional Counselor.** In addition to the general selection criteria for Corrections Specialist (NEC 9575) or Correctional Custody Unit (CCU) staff, members being considered for duty as a Correctional Counselor must

(1) have 6 months experience on a brig or CCU staff,

(2) be in paygrade E-5 or above,

(3) have at least 1 year remaining on board upon completion of training, and

(4) be screened by the brig or correctional custody officer prior to being ordered to Correctional Counselor Training (NEC 9516) at NTTC Lackland AFB.

d. Complete sections A, B, (and D3 for TPU) of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form (Exhibit 1 of MILPERSMAN 1306-900).

e. Required obligated service (OBLISERV) for this program is 36 months.

MILPERSMAN 1306-905

COMMAND CAREER COUNSELOR PROGRAM

			COM	(901) 874-3737
			FAX	882-2637

References	(a) NAVPERS 15878J, Career Counselor Handbook
-------------------	---

1. Background

a. The Command Career Counselor Program allows members in ratings other than Navy Counselor to assume full-time command career counselor billets. These members are assigned to assist commanding officers (COs)/unit commanders in maintaining an effective career counseling program as outlined in reference (a).

b. Tour length will be 36 months.

2. Requirements/Qualifications

a. To qualify for selection as a command career counselor, the member must be in a paygrade E-6 through E-9.

b. Required Armed Services Vocational Aptitude Battery (ASVAB) scores:

(1) VE + AR = 105.

(2) Minimum AR = 50.

c. Complete section A of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form (Exhibit 1 of MILPERSMAN 1306-900).

d. Required obligated service (OBLISERV) for this program is 36 months.

References	(a) NAVPERS 18068F, Manual of Navy Enlisted Manpower and Personnel Classifications and Occupational Standards, Volume 1, Navy Enlisted Occupational Standards (b) OPNAVINST S1510.9G
-------------------	---

1. **Background.** The requirement exists for a small number of the following submarine and surface qualified members to participate in the Acoustic Intelligence (ACINT) Specialist Program:

a. **Surface Sonar Technicians (STG)** at the Office of Naval Intelligence (ONI), Suitland, MD (Washington, D.C. area) and all ACINT Specialist fleet support concentration areas.

b. **Submarine Sonar Technicians (STS)** at the Office of Naval Intelligence, (ONI), Suitland, MD (Washington, D.C. area) and all ACINT Specialist fleet support concentration areas.

2. **Requirements/Qualifications**

a. Applicants for assignment to this program must:

(1) Meet requirements set forth in reference (a).

(2) Be in pay grade E-6 through E-8 with 15 years or less active service at the beginning of training. E-7 and E-8 candidates with greater than 15 years will be considered on a case-by-case basis.

(3) Interview/screen with a qualified ST-0416.

(4) Have outstanding command of oral and written English language. Reference (b) refers.

b. Complete sections A and C of NAVPERS 1306/92 Special Program Screening and exhibit 1 of MILPERSMAN 1306-900.

c. Required obligated service for this program is 48 months after receiving the ST-0416 Navy enlisted classification (NEC).

d. The following qualifications and requirements are recommended prior to applying for the ACINT Specialist Program:

(1) Qualified senior at sea watch stations sound navigation and ranging (SONAR) supervisor;

(2) Chief of the watch;

(3) Duty chief;

(4) Diving officer of the watch;

(5) Combat systems officer of the watch;

(6) Combat systems coordinator; and

(7) Surface warfare coordinator.

3. **Manpower Management/Billeting Responsibilities**

a. Deputy Director, Farragut Technical Analysis Center is the overall billet manager for all ST-0416 NEC coded billets per reference (b). All ST-0416 billets world-wide (STS and STG) will not be dissolved, moved, or converted without concurrence from Deputy Director, Farragut Technical Analysis Center or ACINT Specialist Program Manager.

b. The ACINT Specialist Program Manager, designated by the Deputy Director, Farragut Technical Analysis Center, will coordinate manpower fill requirements with Navy Personnel Command (NAVPERSCOM), Combat Systems Assignment Branch (PERS-406EU) and NAVPERSCOM, Submarine Weapons Branch (PERS-403) for generation of PCS orders. Detailers will coordinate with the ACINT Specialist Program Manager prior to adjusting projected rotation dates and generating orders.

NAVY CEREMONIAL GUARD

Responsible Office	NAVPERSCOM (PERS-4010F)	Phone:	DSN	882-3880
			COM	(901) 874-3880
			FAX	882-2643

References	(a) DoD Directive 5210.55 of 15 Dec 98
	(b) DoD Instruction 5210.87 of 30 Nov 98

1. Policy

a. Non petty officers (POs) are assigned directly from Recruit Training Command (NAVCRTITRACOM). Recruits who volunteer and are accepted for Ceremonial Guard duty must execute NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks, acknowledging the delayed entry into whatever guaranteed program they enlisted for, until completion of the prescribed tour with the Ceremonial Guard.

b. Members who did not enlist for a guaranteed program may request any program for which they qualify within 9 months prior to completion of their tour. This does not preclude any member of the Ceremonial Guard from subsequently requesting "A" School or transfer to sea duty. Requests of this nature can be expected to receive favorable consideration if the member is otherwise eligible and a requirement exists.

c. Chief petty officers (CPOs) and POs eligible for shore duty will be released by their rating detailer to

 Navy Personnel Command (NAVPERSCOM),
 Shore Special Programs Assignment Section,
 Washington, DC Placement Detailer (PERS-4010F1).

NAVPERSCOM (PERS-4010F1) will send a **Flag Officer (Staff) Duty** screening message to the command concerned. The command will

comply with MILPERSMAN 1306-945 in completion of the screening. Additionally, within 10 days the command will submit the member's

- last six evaluations,
- awards (Navy Achievement Medal and above),
- a full length photo in the uniform of the day, and
- Physical Readiness Information Management System (PRIMS) information.

2. Background

a. The U.S. Navy Ceremonial Guard, a component of Naval District (NAVDIST), Washington, DC, is the official ceremonial unit of the Navy.

b. Tour lengths for Ceremonial Guard personnel are as follows:

(1) E-1 to E-3 personnel will serve 24 months.

(2) E-4 to E-9 personnel will serve 36 months.

(3) Officers who are screened and selected will serve 36 months, or the normal shore tour for their community, whichever is longer.

(4) Members successfully completing a Ceremonial Guard assignment, and having an initial 4-year enlistment with guaranteed "A" School training, must have at least 18 months of remaining obligated service (OBLISERV) upon completion of training.

(5) Members successfully completing "A" School will not incur any additional OBLISERV for training. Members who were not guaranteed "A" School training upon initial enlistment must have the required OBLISERV remaining for the course of instruction desired.

3. Requirements/Qualifications

a. Prospective members of the Ceremonial Guard, E-1 to O-5, except administrative support personnel (YN, SK, and SH), shall meet the following minimum qualifications:

(1) Height (waivers considered).

(a) Male: Minimum 6'0".

(b) Females: Minimum 5'10".

(2) Be able to participate in public ceremonies without glasses (contact lenses are acceptable).

(3) Be capable of strenuous marching, drilling, and prolonged standing.

(4) Have outstanding appearance and military bearing.

(5) Possess facial features free of acne, scars, and other unusual distinguishing features.

b. Prospective POs and E-4 to E-9 members must have the following additional qualifications:

(1) No trait below 3.0 for the past three evaluation periods.

(2) Be high-caliber individuals to serve as sharp military role models for junior members.

(3) Overall physical fitness test (PFT) category **Good** or higher and within body composition assessment (BCA) standards.

c. Commandant Navy District (COMNAVDIST), Washington, DC, and commanding officer (CO) will personally interview all prospective staff officers.

d. The CO will personally interview all prospective staff CPOs.

e. A command master chief (CMC) position is a Chief of Naval Operations (CNO) directed billet and must be filled by a qualified and screened candidate meeting all other Ceremonial Guard qualifications.

f. All prospective members of the Ceremonial Guard must meet the criteria for nomination to Presidential support activities, per reference (a); and reference (b), enclosure 4.

g. COs will verify, via administrative entry in the member's service record, that candidate meets requirements for nomination to Presidential support activities.

h. Members must have a favorably completed National Agency Check with Local Check (NACLC) within the last 36 months preceding nomination to Presidential support activities.

i. Complete sections A, B, D1, D2, and D5 of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form (Exhibit 1 of MILPERSMAN 1306-900).

j. Special instructions are as follows for electronic transmission of security clearance submission forms to Defense Security Service (DDS):

(1) **Item 1**, "Return Results to:" "Director, Department of Navy Central Adjudication Facility, 716 Sicard Street SE, WNY Building 176, Washington, DC 20388-5389."

(2) **Item 2**, under "Type of Investigation," select "5" (NAF other, enter "NACLC").

(3) **Item 6**, "Reason for Access:" (1) Select, "Secret," (2) Select, "XX (other)," then enter "Initial Assignment for Presidential Support Activity as member of USN Ceremonial Guard (YANKEE WHITE) Washington, DC EDA ()." Indicate estimated date of arrival (EDA).

k. Required OBLISERV for this program is 36 months.

MILPERSMAN 1306-908

NAVY PERSONNEL COMMAND (NAVPERSCOM) TRANSIENT MONITORING UNIT (TMU)

Responsible Office	NAVPERSCOM TMU	Phone:	DSN	882-3107
			COM	(901) 874-3107
			FAX	882-2637

References	(a) SECNAVINST 5216.5D, Department of the Navy (DoN) Correspondence Manual, of 29 Aug 96
------------	--

1. **Background.** Navy Personnel Command (NAVPERSCOM) Transient Monitoring Unit (TMU) was established to monitor the movement of personnel through the Transient, Patient, Prisoner, Holdee (TPPH); Student; and Limited Duty (LIMDU) Pipelines.

a. As an agent for Chief of Naval Personnel (CHNAVPERS), NAVPERSCOM TMU conducts on-site audits of transient, TPPH, and LIMDU personnel processing activities to ensure proper administration and management procedures are in place.

b. NAVPERSCOM TMU is located in Millington, TN. Assignment to this unit is classified as Type 2 sea duty.

c. Tour length will be 36 months.

2. **Requirements/Qualifications**

a. To qualify for assignment to NAVPERSCOM TMU, applicant must

(1) be a Personnel Specialist (PS) in paygrade E-6 or above.

(2) be a Hospital Corpsman (HM) in paygrade E-6.

(3) be warfare qualified.

(4) have a current background investigation and be eligible for a security clearance.

(5) be in possession of, or be eligible for, a Government Travel Charge Card (GTCC).

(6) possess and demonstrate a superior degree of rating knowledge and competence. PS applicants must possess an expert working knowledge of the Navy Standard Integrated Personnel System (NSIPS).

(7) have demonstrated the ability to communicate effectively.

(a) Must be able to verbally articulate in a logical and coherent manner and must possess the tact and composure to brief senior enlisted and officer personnel.

(b) Must be familiar with reference (a) and be able to write reports using proper sentence structure, correct noun/verb agreement, and punctuation.

(8) be willing to sign a NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks, stating that the applicant understands that any abuse or misuse of the GTCC or associated payments will result in immediate reassignment to a fleet activity for completion of prescribed sea tour (PST) as appropriate.

b. Request for assignment to NAVPERSCOM TMU shall be submitted to NAVPERSCOM as follows:

Officer in Charge
Navy Personnel Command
Transient Monitoring Unit
5720 Integrity Drive
Millington, TN 38055-0000

c. Complete sections A, C, and D3 of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

-------------------	---

1. **Background.** A limited number of construction rating personnel are needed as underwater construction technicians (UCT) for underwater construction, repair, maintenance, and inspection.

2. **Purpose.** This article discusses personnel aspects of the Seabee UCT Program. The following topics are covered:

Topic	See Paragraph
Suitability for Assignment	3
Navy Enlisted Classification (NEC) Codes	5
Program Entry Requirements	6
Applying for the Program	7
Program Screening Requirements	8
Program Screening Process	9
NAVPERS 1200/6 U.S. Military Diving Medical Screening Questionnaire	9
Transfer to Initial Training	10
Voluntary NEC Revocation	11
Involuntary NEC Revocation	12
Reinstatement	13
Supervisory Status	14
Periodic Requalification	15
Rotational Patterns for UCT Personnel	16
Advanced Diver Training	17
Disenrollment from Advanced Diver Training	18
Insignia and Designation	19
Report of Screening for Seabee UCT Program	Exhibit 1
UCT Physical Screening Testing Standards and Procedures	Exhibit 2

3. **Suitability for Assignment.** The distinct purpose and nature of duties involved in the Seabee UCT Program requires strict adherence to eligibility criteria, application procedures, and policy for assignment in the Seabee UCT Program.

4. **Professional Performance.** While the highest standards of personal conduct, reliability, and judgment are required of all members in the Navy, it is especially important that members assigned to duty involved with the performance and supervision of Navy diving and Seabee UCT operations have unquestioned personal conduct, reliability, judgment, and adherence to military regulations.

5. **Navy Enlisted Classification (NEC) Codes.** The Seabee UCT Program consists of the following NEC codes: 5931, 5932, and 5933. Reference (a) further describes each of the NEC codes to include qualification requirements.

NEC	Designation
5931	Advanced Underwater Construction Technician
5932	Basic Underwater Construction Technician
5933	Master Underwater Construction Technician Diver

6. **Program Entry Requirements.** Unless specified "no waiver," Bureau of Naval Personnel (BUPERS), Expeditionary Branch (BUPERS-329) may waive one or more entry requirements, if the applicant is considered otherwise qualified. Due to the cost of permanent change of station orders, historical high attrition training rates, and to prevent undue delay in training; commands and personnel submitting requests for UCT training must strictly adhere to the policy and requirements specified in this article as set forth below:

- a. **Duty Status.** Be on active duty.
- b. **Source Rating.** Be in one of the following Seabee ratings: BU, SW, EA, UT, CE, EO, or CM. Conversion to the Seabee ratings will be conducted per MILPERSMAN 1440-010.
- c. **Experience.** Have at least 18 months or one fleet readiness training plan cycle in-rate experience, preferably Seabee combat warfare qualified in a naval mobile construction battalion or amphibious construction battalion. Exceptions will be considered based on performance and experience. All exceptions must be approved by BUPERS-329.
- d. **Gender.** No restrictions.
- e. **Age Requirement.** Be 30 years of age or less when application is received at Navy Personnel Command (NAVPERSCOM), Seabee/SEAL/SWCC/EOD/Diver Assignment (PERS-401C).
- f. **Rank.** Be in pay grade E6 or below. **No waivers.**
- g. **Armed Services Vocational Aptitude Battery (ASVAB).** Seabee UCT candidates already meet ASVAB rating requirements as part of their current rating.

h. **Medical Requirements.** Meet medical standards as specified in reference (b), article 15-102, Diving Duty Examination and Standards.

i. **Examination Waivers.** Request for waiver of physical standards for personnel who do not meet minimum standards must be submitted per reference (b), article 15-102. Medical waivers originate from the member's commanding officer (CO), addressed to BUPERS-329 via Bureau of Medicine and Surgery (BUMED), Undersea Medicine and Radiation Health (M95). Consult with a local Navy undersea medical officer (UMO) for content and format for medical waivers (if necessary).

j. **Hyperbaric Pressure Test.** Administered per reference (c), hyperbaric pressure tests may be waived if a hyperbaric chamber facility is not accessible due to geographic isolation.

k. **Obligated Service (OBLISERV).** The OBLISERV requirement for attending Seabee UCT initial training is 36 months from class graduation date, or until completion of previous OBLISERV, whichever is greater, unless released earlier by Chief of Naval Personnel (CHNAVPERS). COs must ensure applicants understand "OBLISERV to train" options specified in MILPERSMAN 1306-106 and reference (d). **No waivers.**

l. **Performance Standards.** Evaluation trait marks 3.0 or above in last three evaluation reports.

m. **Non-judicial Punishment (NJP) or Court Conviction.** The applicant may not have an NJP, court-martial, or serious civil court conviction during the 12 months prior to the application.

n. **Security Clearance.** Meet eligibility requirements for a Secret clearance based on a national agency check with local agency and credit checks. **No waivers.**

o. **Physical Fitness.** Pass the physical screening test per Seabee **UCT physical screening testing standards and procedures** in 1306-912, exhibit 1. **No waivers.**

p. **Recommendation.** Be recommended for initial training by the member's current CO.

7. **Applying for the Program.** Applicants who are applying for the program must take the following steps:

Step	Action
1	Contact NAVPERSCOM Seabee UCT detailer (PERS-401C) to locate the nearest approved screening activity at: Phone: 1-901-874-3559, DSN 882.
2	Undergo screening process.
3	Receive Report of Screening for Seabee UCT Program, exhibit 1.
4	Assemble program screening package.
5	Mail or e-mail application package to (encrypted e-mail preferred method) : Mail: Navy Personnel Command (PERS-401C) 5720 Integrity Drive Millington, TN 38055-5402 E-Mail: p401c@navy.mil

8. **Program Screening Requirements.** Applicants will be screened by approved personnel and activity.

a. **Approved Screening Personnel.** A civil engineer corps diving officer or master UCT diver (NEC 5933) can conduct the screening.

b. **Approved Screening Activity.** Only commands with adequate facilities for screening applicants will conduct screening.

(1) An approved screening activity is any diving EOD/SEAL/SWCC UCT command or Navy Recruit Training Command (NAVCRUITRACOM). UCT commands should be the priority screening activity as it relates to the applicant's primary mission and capability.

(2) Screening conducted by other commands, due to geographic isolation or absence of approved screening personnel, must be coordinated through and approved by NAVPERSCOM (PERS-401C).

9. **Program Screening Process.** The screening activity must ensure the following:

Step	Action	Per
1	Interview the applicant.	Para 9a
2	Complete a diving medical examination on NAVPERS 1200/6 and annotate on NAVMED 6150/2 Special Duty Medical Abstract. NAVMED 6150/2 may be accessed by using the following Web address: http://www.med.navy.mil/directives/testnewdesign/Pages/NAVMEDForms.aspx .	Para 9b
3	Conduct a physical screening test.	Para 9c
4	Conduct a hyperbaric pressure test.	Para 9d
5	Submit a request for program entry.	Para 9e

a. **Interview the Applicant.** The interview is necessary to examine and evaluate each applicant's character, traits, background, motivation, and potential for successfully completing training and subsequent Seabee UCT career assignments. The interviewer will conduct the following:

(1) Discuss the nature of the Seabee UCT Program with the applicant to include training, duty assignments, operational employment, career development, pay, advancement, etc.

(2) Review the applicant's service record to fully assess past performance, program entry effect on professional development, and potential for successfully completing initial training.

(3) Determine the applicant's comfort level in the water. Member must have considerable comfort level when in a waterborne environment. This should not be determined solely by the physical screening test.

(4) Determine the applicant's physical fitness level.

(5) Review entry requirements with the applicant to determine which requirements are met and which requirements require a waiver.

(6) Complete the Report of Screening for Seabee UCT Program, exhibit 1.

(a) All program entry requirement waivers must be specified and supported with justification for approval.

(b) A negative response to any of the questions or traits identified in the applicant's service record could indicate unsuitability for the program.

(c) Provide a positive or negative endorsement stating the suitability to attend initial training.

b. Conduct a Diving Medical Examination, Complete Medical Screening on NAVPERS 1200/6, and Annotate NAVMED 6150/2. Per reference (b), diving medical examinations are completed using DD 2807-1 Report of Medical History and DD 2808 Report of Medical Examination. DD 2808 may be accessed by using the following Web address: <http://www.dtic.mil/whs/directives/forms/dd/ddforms2500-2999.htm>. Reference (b) provides all requirements for completing the diving medical examination. The screening activity must ensure that all documentation is correctly completed and that the applicant meets the physical qualification standards for diving duty, and document it on the Report of Screening for Seabee UCT Program, exhibit 1.

(1) **Approved Location.** The diving medical examination may be conducted at any military medical facility capable of accomplishing or coordinating all required examination elements.

(2) **Approved Medical Examiner.** Per reference (b), article 15-102, the diving medical examination may be conducted by any physician or other licensed independent practitioner, but a UMO must review and countersign all examinations. By definition, a UMO has completed the Undersea Medical Officer Course at the Naval Undersea Medical Institute, which includes the Diving Medical Officer (DMO) Course given at the Naval Diving and Salvage Training Center. BUMED (M95) can provide contact information for regional UMOs for activities without ready access to local UMO support.

(3) **Medical Documentation.** Required medical documentation follows:

(a) Diving Medical Examination

1. DD 2807-1 Report of Medical History
2. DD 2808 Report of Medical Examination

(b) NAVPERS 1200/6 must be completed at the time of the initial diving medical examination and placed in the Service member's medical record. The screening activity must ensure that this form, along with the diving medical examination, is reviewed and updated within 1 month of actual transfer for training. NAVPERS 1200/6 may be accessed using the following Web address: <https://author.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

(c) NAVMED 6150/2 will also be completed at the time of the diving medical examination. If the Service member was found physically qualified for diving duty, the annotation is "PQ Diving Duty."

(4) **Validity.** The initial diving medical examination is valid for a 24-month period prior to reporting to training. Candidates who have not reported to UCT training within the 24-month period must have their diving medical examination (using DD 2807-1 and DD 2808) and NAVPERS 1200/6 performed by a UMO, then re-submitted to NAVPERSCOM (PERS-401C).

c. **Conduct the Physical Screening Test.** The physical screening test is designed to assess the applicant's physical ability to undergo initial and advanced training.

(1) Administer the physical screening test per exhibit 2 of this MILPERSMAN article.

(2) No alterations to the test are permitted. The test must be administered exactly as indicated.

(3) Testing Males and Females. Physical screening test standards are identical for both male and female applicants.

d. **Conduct a Hyperbaric Pressure Test.** The hyperbaric pressure test is designed to determine if the applicant can successfully adapt to increased atmospheric pressure without adverse physiological reaction. This test is conducted in a hyperbaric recompression chamber per reference (c). Hyperbaric pressure test is waived if a hyperbaric chamber facility is not accessible due to geographic isolation.

e. **Submit a Request for Program Entry.** Upon satisfactory completion of the screening process, applicants will forward their request to NAVPERSCOM (PERS-401C) with a copy to the applicant via NAVPERS 1306/7. NAVPERS 1306/7 may be accessed by using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

(1) NAVPERS 1306/7 will reference MILPERSMAN 1306-912 and must include the following statement:

"Per MILPERSMAN 1306-912, I volunteer for Seabee UCT duty and request assignment to initial training. I agree to serve on active duty for a period of 36 months from class graduation date or until completion of previously obligated service, whichever is greater, unless released earlier by Navy Personnel Command (NAVPERSCOM). I also agree to serve the period of minimum obligated service specified, regardless of whether I retain qualification as a Seabee UCT and NEC 5392 during that period."

(2) COs are required to provide a statement concerning the applicant's suitability for type of training and assignment to duty.

(3) Required enclosures are listed below:

Enclosure 1	DD 2807-1 Report of Medical History
Enclosure 2	DD 2808 Report of Medical Examination
Enclosure 3	NAVPERS 1200/6 U.S. Military Diving Medical Screening Questionnaire
Enclosure 4	NAVMED 6150/2, Special Duty Medical Abstract
Enclosure 5	MILPERSMAN 1306-912, exhibit 1 Report of Screening for Seabee Underwater Construction Technician (UCT) Program
Enclosure 6	NAVPERS 1616/26 Evaluation Report and Counseling Record (E1-E6) (for previous 3 years including any special or transfer evaluations).
Enclosure 7	Armed Services Vocational Aptitude Battery scores, as documented on NAVPERS 1070/886 Member Data Summary.
Enclosure 8	Hyperbaric Pressure Test Results. (Provide memorandum stating waiver justification if not completed).

10. **Transfer To Initial Training**

a. **Physical Condition Verification.** The member's physical condition must be verified by performing the physical screening test approximately 30 days prior to transfer to initial training. Test results will be placed in the member's service record. Personnel who fail the physical screening test 30 days prior to transfer will retest approximately 15 days prior to transferring. If members fail again, they will have their orders held in abeyance and NAVPERSCOM (PERS-401C) will be notified by message.

b. **Medical Rescreening.** The screening activity will ensure that the Service member's diving medical examination and NAVPERS 1200/6 are reviewed for correctness, and updated (as needed) within 1 month prior of actual transfer for training. This process is to identify any changes in health that have occurred since the original exam that may be disqualifying for diving duty. This review must involve a review of the medical record to include the electronic health record and also directly asking the candidate if there have been any significant changes to his or her health since the initial exam and screening. This review and update can be conducted by a diving medical technician (DMT, DMT-IDC, or NECs 8493 or 8494) or UMO. SF-600 Chronological Record of Medical Care entry must be made indicating whether or not the member continues to meet the physical qualification standards, and whether or not his or her medical documentation is in order. The importance of this review cannot be overstated. Members found to be not physically qualified when reporting for dive training will be returned to the fleet. SF-600 may be accessed by using the following Web address:
<http://www.gsa.gov/portal/forms/type/SF>.

c. **Disqualifying Condition.** Personnel in receipt of orders to attend initial training who develop any possible disqualifying condition, to include physical conditioning, medical issues, performance standards, non-judicial punishment, or security clearance eligibility are required to notify NAVPERSCOM (PERS-401C) by naval message.

11. **Voluntary NEC Revocation**

a. **Request for Removal of NEC.** Members assigned Seabee UCT NEC codes may request removal of their NEC **via** their CO, to BUPERS-329. Personnel are required to submit:

(1) NAVPERS 1306/7 Enlisted Personnel Action Request;
and

(2) NAVPERS 1221/6 Navy Enlisted Classification (NEC) Change Request. NAVPERS 1221/6 may be accessed by using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

b. **Request Reasons and Statement.** The request must include the member's reasons for removing NEC and the following statement:

"I understand removal of my assigned Navy enlisted classification (NEC) (fill in) will result in termination of special or hazardous duty pay and reassignment to a non-NEC billet, not necessarily at my present command."

c. **Further Training/Assignment/OBLISERV.** Members who voluntarily request NEC removal normally will not be approved for further voluntary training or assignment in other diver, EOD, SEAL, or UCT programs; however, member must serve remainder of original OBLISERV incurred as the result of initial training in a non-NEC billet, unless released at an earlier date by CHNAVPERS. Contact BUPERS-329 for information on reverting to a component diving NEC.

12. Involuntary NEC Revocation

a. **CO Determination.** COs may recommend revocation of a member's NEC(s) by submitting NAVPERS 1221/6 to BUPERS-329. This revocation must not be used as a punitive measure, but based on the CO's determination that the member is no longer suitable for assignment to billets requiring the NEC. NAVPERS 1221/6 must substantiate that determination by providing sufficient background and reasonable justification for removal of member's NEC.

b. **Required Statement.** Recommendations to revoke an NEC must include the statement in paragraph 11b and one or more of the following statements:

"The member is considered suitable for assignment to rate or rating billets not requiring NEC (fill-in)."

"The member may reapply for reinstatement of NEC (fill-in) after completing at least 2 years assigned to a non-NEC billet."

"The member is considered unsuitable for reassignment and will be recommended for administrative discharge by separate action."

c. **Revocation Reasons.** Primary reasons for revocation of NEC include (but are not limited to) the following:

(1) **Non-Performance of Duties.** Failure or unwillingness to perform duties required of the NEC;

(2) **Failure to maintain NEC eligibility; or**

(a) Permanent revocation by Department of the Navy, Central Adjudication Facility (DON CAF) of the member's security clearance.

(b) Permanent physical disability.

(3) **Professional Performance**

(a) Culpable negligence.

(b) Breaches of diving safety or regulations.

(c) Loss of CO's faith and confidence in the member's ability to exercise sound judgment, reliability, and personal conduct.

(4) **Alcohol Abuse Disorder.** Personnel identified as having alcohol abuse disorder will be locally suspended by their CO from duty pending the outcome of screening, disciplinary counseling, and or rehabilitation procedures as outlined in reference (e). At any time during or upon completion of those proceedings, COs have the following options:

(a) If a counseling and rehabilitation program appears **likely to succeed**, the member will remain assigned to the command in a non-UCT program NEC status, and will have a program developed per reference (e). Commands will submit NAVPERS 1221/6 to BUPERS-329 to affect suspension of the Seabee UCT Program-related NEC. Upon successful completion of the

rehabilitation program, the CO may request reinstatement of the member's Seabee UCT Program related NEC.

Note: Alcohol abuse disorder of any severity is disqualifying for diving duty, per reference (b), and the Service member will require a waiver of the physical standards granted by BUPERS-329 prior to a return to diving duty.

(b) If the member **fails rehabilitation treatment**, the CO may certify that the member has no potential for further useful service and must initiate separation procedures. The command will submit NAVPERS 1221/6 to BUPERS-329 to revoke the Seabee UCT Program-related NEC.

(c) Personnel who **voluntarily refer themselves** for treatment in the **absence of either an alcohol-related violation** (of local, state, or Federal law; or the Uniform Code of Military Justice) **or substandard service**, and who are found in need of treatment will be placed in a non-diving related NEC status pending outcome of required treatment. Commands will submit NAVPERS 1221/6 to BUPERS-329 to suspend the Seabee UCT Program-related NEC. Upon successful completion of the rehabilitation program, the CO may request reinstatement of the member's Seabee UCT Program related NEC.

(5) **Drug Abuse.** Members identified as having abused drugs, as defined in reference (e), are not eligible for diving duty or future reinstatement. Members will be processed for administrative separation as specified in MILPERSMAN 1910-146. Commands must submit NAVPERS 1221/6 to BUPERS-329 to revoke the Seabee UCT Program-related NEC.

Note: NEC revocation must not be used as a substitute for required disciplinary, punitive, and or administrative action. Particular consideration must be exercised to ensure that NEC revocation is not used to transfer members to other duty when they do not clearly meet the established high standards for continued naval service.

13. Reinstatement

a. **Request.** Personnel whose NEC was previously removed by administrative action may request reinstatement of their former NEC by submitting NAVPERS 1306/7 to BUPERS-329 via their present CO. If approved, COs will submit NAVPERS 1221/6 to BUPERS-329.

b. **Request from Personnel Separated.** Personnel separated from the Navy may request reinstatement of their former NEC, if qualified and recommended for reenlistment in the NEC at time of separation, by submitting NAVPERS 1306/7 to BUPERS-329.

14. **Supervisory Status.** There are certain situations in which personnel are unable to meet the physical standards for Seabee UCT duties, to include diving and demolition operations, through no fault or lack of diligence on the member's part. In these few cases, personnel whose significant Seabee UCT experience is of continued value to the Navy may apply for "Supervisory status" designation and remain in the Seabee UCT Program.

a. **Eligibility.** Personnel serving in pay grades E7 through E9 with NEC 5931 or 5933 may request designation for "Supervisory Status" by submitting NAVPERS 1306/7 **via** their CO and BUMED (M95), **to** BUPERS-329. Request must contain the following:

Enclosure (1)	Results of a recent diving physical examination.
Enclosure (2)	A brief synopsis of previous NEC-related experience.

b. **Designation.** If approved, BUPERS-329 will designate personnel in either "Supervisory Status, Diving" or "Supervisory Status, Non-diving," based on the following considerations:

(1) Favorable endorsement of the member's request by the CO.

(2) BUMED recommendation concerning waiver of physical standards.

(3) The member's eligibility, as specified in NECs below:

Supervisory Status Only (Categories) Eligibility Criteria	5931/5933
Diving Status (requalification dives only)	Yes
Minimum years service in NEC	N/A
Maximum years total service	30
Qualified for sea duty	Yes
Non-Diving Status	Yes
Minimum years service in NEC	N/A
Maximum years total service	30

(4) Personnel designated "Supervisory Status, Diving" or "Supervisory Status, Non-diving" will be limited to a maximum of 5 percent of an activity's onboard diving related billet allowance, or less, if the number will be detrimental to operational capability.

c. **Disapproval.** If disapproved, members will have their Seabee UCT NEC revoked per paragraph 12 of this article.

d. **Periodicity of Supervisory Status.** Designation of personnel for "Supervisory Status, Diving" or "Supervisory Status, Non-diving" must be made to coincide with required diving duty physical examination tenure. Extension of "Supervisory Status" must be requested to coincide with completion of diving duty physical examinations. Personnel designated "Supervisory Status, Diving/Non-diving" may retain that status, dependent upon the receiving command's requirements, if transferred during the normal tenure of diving duty physical examination.

e. **Assignments.** Personnel designated "Supervisory Status, Diving" are assignable to sea duty, eligible for diving pay per their current NEC, and limited to performing supervisory, inspection, and or re-qualification dives only as specified in MILPERSMAN 1220-260.

f. **Sea Duty and Diving.** Personnel designated "Supervisory Status, Non-diving" will not normally be assigned to sea duty, unless the number of divers in a full diving status at an activity is sufficient to conduct safe diving operations. Personnel assigned in a "Supervisory Status, Non-diving" must not dive.

15. **Periodic Regualification**

a. **Maintain Proficiency.** Periodic requalification of Seabee UCT Program personnel is necessary to maintain individual proficiency and unit capability. Personal safety during hazardous operations is directly related to proficiency. COs are directed to afford every opportunity for maintaining individual qualification without lapse.

b. **Specific NEC Requalification.** For policy on specific NEC requalification, refer to MILPERSMAN 1220-260 Diving Requalification. Documentation of diving operations is described in reference (c).

16. **Rotational Patterns for UCT Personnel**. Rotation of Seabee UCTs is in a "closed loop" of billets for NECs 5931, 5932, and 5933. Billets outside the Seabee UCT primary Navy enlisted classification (PNEC) code community are available on an exceptional basis to enhance construction rating skills. These limited assignments are made jointly by the Seabee UCT and rating detailers. While assigned these billets, members will retain their PNEC and are required to maintain diving qualification per MILPERSMAN 1220-260. The assignment is considered duty involving the performance of diving, and the member is entitled to applicable pay per reference (f). Upon completion, and prior to the return to a Seabee UCT billet at projected rotation date (PRD), diver qualification must be verified by NAVPERSCOM (PERS-401C).

17. **Advanced Diver Training**. Volunteers for advanced diver training (NECs 5931 and 5933) must satisfy specific requirements stated below; be physically qualified under reference (b), article 15-102; and be recommended by the command master diver (MDV) (NEC 5933) with CO's concurrence prior to assignment to advanced diver training.

a. **Advanced UCT Training (NEC 5931) Minimum Requirements.** Volunteers much currently be qualified as follows:

(1) Basic UCT (NEC 5932), with a minimum of a complete sea tour as a UCT in an NEC 5932 billet.

(2) Pay Grade E5 or Above. Personnel in pay grade E4 may apply for a waiver to attend advanced training. Waivers will be issued on a case by case basis by BUPERS-329.

(3) OBLISERV for 36 months from class graduation date.

(4) Personnel Qualification Standards (PQS). Completion of military diver PQS items as currently required by local command PQS.

b. Master UCT Diver (NEC 5933) Course (A-433-0019)

(1) Location. Naval Diving and Salvage Training Center (NAVDIVESALVTRACEN) conducts periodic MDV courses, it is the only command authorized to qualify MDVs, and is the prerequisite to achieving master UCT diver (NEC 5933).

(2) Recommendation and Endorsement. Command master UCT diver of diving activities will recommend advanced UCT (NEC 5931) personnel for CO approval. COs will endorse the application for participation in the Master Diver Course as specified in MILPERSMAN 1220-100 exhibit 3, Request for Master Diver Course, provided the candidate fulfills all prerequisites below.

(3) Review of Packages. NAVPERSCOM (PERS-401C) and BUPERS-329 will annually review all submitted packages and categorize packages for attendance.

(4) Prerequisites. Member must:

(a) Have served a minimum of 2 years from date of frocking or advancement to E7.

(b) Hold NEC 5931 Advanced Underwater Construction Technician.

(c) Complete the following career progression through the Seabee community:

E1-E5	Attended construction rating "A" School and completed a minimum 24-month Seabee tour.
E3-E6	Achieved 5932 NEC and served one sea tour.
E5-E7	Achieved 5931 and served one tour.
E-7	Served as an UCT construction dive detachment leader for one 18-month fleet response training plan cycle.

(d) Be qualified at the highest level of diving supervisor at present command and must have been qualified as a surface supplied air diving supervisor as an advanced UCT (NEC 5931).

(e) Be qualified Seabee combat warfare specialist as advanced UCT and all required command qualifications at present command.

(f) Have no marks less than 3.0 in the last 36 months on the below listed reports as applicable. Must be marked promotable for advancement.

1. NAVPERS 1616/26 Evaluation Report and Counseling Record (E1-E6);

2. NAVPERS 1616/27 Evaluation and Counseling Record (E7-E9); or

3. NAVPERS 1610/2 Fitness Report and Counseling Record (W2-06).

(g) Have 36 months OBLISERV from class graduation date to fill a normal 36-month master UCT diver (5933) tour.

(h) Have successfully passed written Master Diver Course pretest administered by NAVDIVESALVTRACEN. The validity of this test must be for 12 months from the date of the letter notification of test results. Failure to maintain eligibility by annual completion of the test will remove individuals from consideration for training.

(i) Have completed Salvage Diving Officer Course of instruction via Navy E-Learning.

(j) Have qualified surface supplied complete mixed gas (Helium Oxygen) Course and MK16 Course.

(5) Package Submission. Submit course request, MILPERSMAN 1220-100, Exhibit 3, Request for Master Diver Course; and completed package to NAVPERSCOM (PERS-401C) with the following enclosures:

(a) Copy of service record NAVPERS 1070/613 Administrative Remarks entry indicating the individual's designation as a qualified diving supervisor.

(b) Copies of NAVPERS 1616/26, NAVPERS 1616/27, or NAVPERS 1610/2 regular, transfer, and special evaluations/fitness reports for the most recent 3 years.

(c) Local screening/training process letters of completion.

(d) Awards and letters of recommendation/appreciation pertinent to determining performance, professionalism, potential, etc.

(e) NAVPERS 1070/613 entry agreeing to satisfy 36 months OBLISERV from class graduation date.

(f) Special duty request on NAVPERS 1306/7 Enlisted Personnel Action Request indicating a desire to participate in Master Diver Course.

(g) CO Recommendation Letter. Recommendation must address candidate's leadership, supervisory abilities, and technical expertise.

18. **Disenrollment from Advanced Diver Training**

a. Involuntary Disenrollment

(1) Advanced UCT Training. Members involuntarily removed from advanced UCT training for failure to meet physical or academic standards will retain their NEC 5932 and be made available to their detailer for assignment. These personnel will be required to return for advanced UCT training at the end of their next duty assignment. A second failure will result in NEC 5932 revocation and assignment to a non-diving billet.

(2) MDV Evaluations. Members involuntarily removed from MDV evaluations for failure to meet academic standards will retain their NEC 5931 and be made available to their detailer for assignment. NAVPERSCOM (PERS-401C) will reassign personnel to the Master Diver Evaluation Course based on the recommendation of the MDV evaluation panel.

b. Voluntary Disenrollment

(1) Advanced UCT Training. Members who voluntarily disenroll from advanced UCT training for other than emergency

reasons must have their NEC 5932 revoked and be assigned to a non-diving related billet. The training activity may provide a valid justification and recommend approval for disenrollment to BUPERS-329.

(2) MDV Evaluations. Members who voluntarily disenroll from MDV evaluations for other than emergency reasons will retain their NEC 5931 and be made available to their detailer for assignment. NAVPERSCOM (PERS-401C) will not reassign these personnel to the Master Diver Evaluation Course. Personnel disenrolling for emergency reasons may be reassigned to the course based on seat availability. Recommendation of valid justifications for disenrollment will be made by the training activity to BUPERS-329 for approval.

19. **Insignia and Designation**

a. **Diving Insignia.** Upon fulfillment of the appropriate course of instruction, Seabees will be authorized to wear the following diving insignia per reference (g):

(1) Underwater Insignia, Diver, Second Class. This insignia is authorized upon successful completion of basic UCT training and award of NEC 5932.

(2) Underwater Insignia, Diver, First Class. This insignia is authorized upon successful completion of advanced UCT training and award of NEC 5931.

(3) Underwater Insignia, MDV. This insignia is authorized upon successful completion of MDV evaluations and award of NEC 5933.

b. **Diver Designation**

(1) When a member has been qualified as a basic UCT, the following permanent administrative remarks entry on NAVPERS 1070/613 will be made in the member's electronic service record (ESR) and submitted to the official military personnel file (OMPF):

"(Date): Qualified Basic Underwater Construction Technician this date and assigned the "DV" designator."
--

(2) When a member has been qualified as a master UCT diver, the following permanent administrative remarks on NAVPERS 1070/613 will be made in the member's ESR and submitted to the OMPF:

"(Date): Qualified Master Underwater Construction Technician Diver this date and assigned the "MDV" designator."

c. Disqualification or NEC Removal

(1) Upon voluntary removal of NECs 5932, 5931, or 5933 per paragraph 11, or when NECs 5932, 5931, or 5933 are removed through disciplinary or administrative action per paragraph 12, members are considered disqualified as UCT.

(2) Members who are Disqualified as a Basic UCT or Advanced UCT. The following permanent administrative remarks entry on NAVPERS 1070/613 must be made in the member's ESR and submitted to the OMPF:

"(Date) Failed to maintain qualification as an underwater construction technician (include specifics for disqualification). Member has been informed that, as of this date, member is disqualified and no longer authorized to wear diving insignia or use the "DV" designator as a part of member's rate."

After being notified of their disqualification, members must have appropriate comments entered in the next periodic fitness report or evaluation and are no longer authorized to wear the diving insignia.

(3) Members who are Disqualified as a Master UCT Diver. The following permanent administrative remarks entry on NAVPERS 1070/613 must be made in the member's ESR and submitted to the OMPF:

"(Date) Failed to maintain qualification as an underwater construction technician (include specifics for disqualification). Member has been informed that, as of this date, member is disqualified and no longer authorized to wear diving insignia or use the "MDV" designator as a part of member's rate."

After being notified of their disqualification, members must have appropriate comments entered in the next periodic fitness report or evaluation, and are no longer authorized to wear diving insignia.

(4) Members whose NECs 5932, 5931, or 5933 are involuntarily removed as a result of a permanent physical disqualification are authorized to continue to wear the appropriate diving insignia and continue to utilize the appropriate designator if recommended by the member's CO and approved by BUPERS-329.

EXHIBIT 1
REPORT OF SCREENING FOR SEABEE UNDERWATER CONSTRUCTION
TECHNICIAN (UCT) PROGRAM
(Use proper letter format.)

From: (screening activity)
To: Commander, Navy Personnel Command (PERS-401C)
Subj: REQUEST FOR SEABEE UNDERWATER CONSTRUCTION TECHNICIAN PROGRAM
Ref: (a) MILPERSMAN 1306-912

1. (rank or rate, name), currently attached to (member's present command), was screened for conversion to the Navy diver (ND) rating as specified in reference (a).

2. The member completed the screening as indicated below:

a. Interview conducted by: (name, rank, position, command, date) (interviewer should include any significant findings pertinent to selection or non-selection of member for requested training.)

(1) Does the applicant totally understand the mission and scope of the rating? Yes _____ No _____

(2) Does the applicant fully understand the training regimen during ND "A" School and what will be expected of him or her? Yes _____ No _____

(3) Do you believe the applicant's motivation for entry into the program is a sincere desire for professional growth and achievement, and not solely for the money or as a method to escape his or her present circumstances, etc? Yes _____ No _____

(4) Does the applicant have the ability to adapt to the requirements of the ND rating? Yes _____ No _____

(5) Is the applicant mentally prepared for the arduous training? Yes _____ No _____

(6) Does the applicant have any financial, marital, or other hardships that would impede his or her ability to concentrate on and complete the training? Yes _____ No _____

b. Physical screening test conducted by: (name, rank, position, command, date)

(1) Swim Time: _____ min _____ sec

EXHIBIT 1
REPORT OF SCREENING FOR SEABEE UNDERWATER CONSTRUCTION
TECHNICIAN (UCT) PROGRAM
(Continued)

(2) Run Time: ___ min ___ sec

(3) Sit-ups: ___, Push-ups: ___, Pull-ups: ___

c. Hyperbaric test conducted by: (name, rank, position, command or facility, date) or waived (state justification.)

d. Medical Screening. The diving medical examination, NAVPERS 1200/6 U.S. Military Diving Medical Screening Questionnaire, and NAVMED 6150/2 Special Duty Medical Abstract, were correctly completed/annotated and the Service member was found physically qualified for diving duty by an undersea medical officer? Yes ___ No ___

e. Eligible for Secret security clearance based on a national agency check with local agency and credit checks? Yes ___ No ___

3. Based on (satisfactory or unsatisfactory) completion of this screening and per rating conversion entry requirements specified in reference (a), the member (is or is not) recommended for the Seabee UCT Program. (If member is not recommended, state reason(s).)

(Signature)

Copy to:
Member's present command

EXHIBIT 2
UNDERWATER CONSTRUCTION TECHNICIAN
PHYSICAL SCREENING TESTING STANDARDS AND PROCEDURES

1. **Overview:** The underwater construction technician (UCT) physical screening test (PST) must be completed as a single event. All candidates must meet the minimum scores listed below to receive a contract or to maintain eligibility in their programs. Candidates will complete each required physical event per standards outlined in paragraph 2 and in the following sequence:

a. **PST Sequence**

- 500 yard swim
- 10 minutes rest
- Maximum push-ups in 2 minutes
- 2 minutes rest
- Maximum curl-ups in 2 minutes
- 2 minutes rest
- Maximum pull-ups (no time limit)
- 10 minutes rest
- 1.5 mile run

b. **Minimum Scores:** All candidates must meet the minimum standards for their respective programs at each phase of the selection and training pipeline. Minimum scores are subject to change via this medium or Commander, Navy Recruiting Command (COMNAVCRUITCOM); Navy Recruit Training Command (NAVCRUITRACOM); or enterprise instruction as applicable. As soon as feasible, new scores will be updated in this article. Candidates should strive to achieve significantly more than the minimum standards listed below.

(1) **UCT Minimum Standards:**

Swim:	14:00
Push-ups:	42
Curl-ups:	50
Pull-ups:	6
Run:	12:45

2. Event Standards and Test Procedures

a. **Swim Event**

(1) The swim is a timed 500-yard (450 meter) swim. The participant must complete the swim as quickly as possible using the side-stroke or the breaststroke. Both strokes must be conducted without an overhand recovery (i.e., the swimmer's hand must remain below the surface of the water).

(2) Event must only be conducted in a standard 25- or 50-yard/meter swimming pool.

(3) The uniform for the swim portion must be any swimsuit.

(4) The swim event must be conducted as follows:

(a) Swimmers enter water.

(b) Timer must signal start.

(c) Participant will call out lap number as each lap is completed.

(d) Swimmers may push off from sides with hands and feet after each pool length.

(e) Resting is permitted by holding side of pool or treading water. Participant must not stand on the bottom of the pool.

(f) Goggles or facemasks are optional, but swimmers may **not** use swim caps, ear plugs, fins, snorkels, wetsuit, flotation and or propulsion devices.

(g) Upon completion of final lap, participant will call out "Time," and the timer will call out the time to the nearest second.

(h) Participant then reports time to recorder.

(5) Event is ended if participant:

(a) Completes the prescribed distance.

(b) Receives or requires assistance from lifeguard or other person.

(c) Uses an overhand recovery at any time.

(d) Uses the bottom of the pool to stand or rest.

b. Push-ups Event

(1) The push-up event will be conducted per reference (h) and these pictures will help testers evaluate whether a push-up is performed properly. Push-ups executed by the candidate using improper form should not be counted toward the candidate's total.

Figure 1: The "Up" position of the push-up - notice the arms are straight and the back, buttocks, and legs are in line.

Figure 2: The "Down" position of the push-up - notice the arms form right angles and the back, buttocks, and legs are in line.

Figure 3: The "Down" position of the push-up.

(2) Push-ups must be performed on a firm or suitably padded, level surface.

(3) Push-ups must be performed as follows:

(a) Participant must begin in "front-leaning rest" position, palms of hands placed on floor directly beneath or slightly wider than shoulders. Both feet must be together on floor.

(b) Back, buttocks, and legs must be straight from head to heels and must remain so throughout test. Toes and palms of hands must remain in contact with floor. Feet must not contact a wall or other vertical support surface.

(c) Timer must signal start for participant and call out 15-second time intervals until 2 minutes have elapsed.

(d) Participant must lower entire body as a single unit by bending elbows until the arm forms a right angle.

(e) Participant must return to starting position by extending elbows, raising body as a single unit until arms are straight.

(f) Participant may only rest in the up position while maintaining arms, back, buttocks, and legs in straight position.

(4) Push-ups are repeated correctly as many times as possible in 2 minutes and are counted aloud by the participant's partner. Incorrect push-ups must not be counted. Participants will receive a verbal warning for any incorrect push-up. Results for event ended in less than 2 minutes must be number of push-ups properly performed at time of termination.

(5) Event is ended if participant:

(a) Touches deck with any part of body except hands and feet.

(b) Raises one or both feet or hands off deck or ground.

(c) Fails to maintain back, buttocks, and legs straight from head to heels.

(d) Receives more than two verbal warnings for executing incorrect procedures.

C. Curl-Ups Event

Figure 4: The "Down" position of the curl-up - Notice the partner holding the member's feet. Any other means of securing the member's feet is not authorized. Participant's buttocks remain on ground throughout curl-up, about 10 inches from heels.

Figure 5: The "Up" position of the curl-up - notice elbows touch thighs no more than 3 inches below the knees while hands remain in contact with shoulders and chest.

(1) Event must be conducted with partner on a level surface, a blanket, mat, or other suitable padding.

(2) Curl-ups are conducted as follows:

(a) Participant must start by lying flat on back with knees bent, heels approximately 10 inches from buttocks. Arms must be folded across and touching chest with hands touching upper chest or shoulders.

(b) The participant's feet must be held to the deck by a partner's hands. Any other means of securing the member's feet is not authorized.

(c) Timer must signal start for participant and call out 15-second time intervals until 2 minutes have elapsed.

(d) Participant curls body up, touching elbows to the thighs no more than 3 inches below the knees while keeping hands in contact with chest or shoulders.

(e) After touching elbows to thighs, participant lies back, touching lower edge of shoulder blades to deck.

(f) Participant may rest in the up or down position, but hands must remain touching upper chest or shoulders. When resting in the up position, participant may not place elbows on top of knees to rest. Participant must only rest with elbows touching thighs.

(3) Curl-ups are repeated correctly as many times as possible in 2 minutes and are counted aloud by the participant's partner. Incorrect curl-ups must not be counted. Participants will receive a verbal warning for any incorrect curl-up. Results for event ended in less than 2 minutes must be the number of curl-ups properly completed at time of termination.

(4) Event is ended if participant:

(a) Lowers legs;

(b) Raises feet off ground or floor;

(c) Lifts buttocks off ground or floor;

(d) Fails to keep arms folded across and touching chest;

(e) Fails to keep hands in contact with chest or shoulders;

(f) Remains in the down position for more than 5 seconds; or

(g) Receives more than two verbal warnings for executing incorrect procedures.

d. Pull-Ups Event

Figure 6: The "Down" position of the pull-up - notice the arms are fully extended.

Figure 7: The "Up" position of the pull-up - notice the up position has been reached once the chin is even with the top of the bar.

- (1) Event must be conducted at a pull-up bar.
- (2) Proctor will inform the participant to begin the event, at which time participant mounts the bar and begins the event at own pace.
- (3) Pull-ups are conducted as follows:
 - (a) Participant must mount the bar, starting with arms and shoulders fully extended in a dead hang.
 - (b) Participant must pull body up to bar until chin is even with or above the top of the bar.
 - (c) Participant must not use lateral, forward, or backward "kipping" motion while performing a pull-up. Participant may cross or uncross legs if desired.
 - (d) After chin has passed the bar, participant must return to the starting position to complete the repetition.

(e) Participant may rest in the hanging position at any time.

(f) Event is completed when participant dismounts the bar.

(4) Pull-ups are repeated correctly as many times as possible with no time limit and at participant's own pace. Incorrect pull-ups must not be counted. Results for event must be the number of pull-ups properly completed upon dismounting the bar.

(5) Event is ended if participant:

(a) Touches anything other than the horizontal portion of the pull-up bar.

(b) Removes hands from bar.

(6) Participant will report push-ups, curl-ups, and pull-ups completed to the recorder after completing the pull-ups.

e. Run Event

(1) The run is a timed 1.5-mile run to be completed as quickly as possible. Uniform for the timed run is running shoes and shorts.

(2) Event must be conducted on a flat, solid surface as follows:

(a) Participant must stand at start line.

(b) Timer must signal start and call out time intervals until completion of test.

(c) Participant calls out lap number when passing timer.

(d) Upon completion of final lap, participant will call out "Time," and the timer will call out the time to the nearest second.

(e) Participant then reports time to recorder.

(3) Event is ended if participant:

(a) Stops running or walking other than to retie shoelace or remove foreign object from shoe.

(b) Completes 1.5 miles.

(c) Deviates from prescribed course.

FLAG WRITER (NEC 2514)

Responsible Office	NAVPERSCOM	Phone:	DSN	882-3732
	(PERS-44ES1)		COM	(901) 874-3732
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. Background

a. Flag writers (Navy enlisted classification (NEC) 2514) are assigned to the personal staffs of flag and general officers and senior level civilians for the purpose of assisting those individuals with administrative details so they may devote a larger portion of their time to other important matters.

b. Assignments will be made without regard to sea or shore rotational considerations. Assignments to sea billets will be made as requirements dictate, with consideration given to enhancing future advancement opportunities in each individual case.

c. Flag writer projected rotation dates (PRDs) are initially established to coincide as closely as possible with the anticipated rotation of the incumbent flag or general officer, or senior level civilian. Once in the program, any requests to change a PRD must be submitted via the administrative chain of command to Navy Personnel Command (NAVPERSCOM), Executive Services Branch (PERS-44ES1) utilizing NAVPERS 1306/7 Enlisted Personnel Action Request.

d. Tour lengths will vary depending on the billet and the PRD requirement, but will normally be 18-24 months.

e. Sailors who enter the Flag Writer Program will remain in the program for a minimum of 36 months, which will begin upon reporting to their first flag writer assignment.

2. **Requirements/Qualifications.** To qualify for selection as a flag writer, a member must possess the following qualifications:

a. Be a warfare qualified YN1 on second or subsequent enlistment with a minimum of 6 years total service or at least 1 year time in rate on active duty in the Regular Navy.

b. Have outstanding verbal communications ability and free of speech impediment.

c. Be emotionally able to handle stressful environments and possess the flexibility to work arduous hours. Applicants married to other military members and military single parents should give due consideration to assignment policies governing flag writers before applying for this program.

d. Complete sections A, B, C, D1, D2 (SBI), D5, and D6 on NAVPERS 1306/92 Special Program Screening. NAVPERS 1306/92 may be accessed on the NPC Web site by using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

e. Required obligated service (OBLISERV) for this program is 36 months.

f. Physical Fitness Assessment (PFA) Standard. Members must currently be within body fat standards and have passed the most recent PFA. Members who were medically waived from the most recent PFA must pass the regularly scheduled PFA prior to attending the YN "C" School. All members attending YN "C" School will have a check-in body composition assessment (BCA) upon reporting for training, and any member found not to be within BCA standards will be dropped from training and made available for immediate needs of the Navy detailing.

g. Members will be required to sign NAVPERS 1070/613 Administrative Remarks recognizing that their personal conduct, both on- and off-duty, must always be of the highest caliber. If a flag writer is unable to maintain good order and discipline, receives any civil or military conviction (less minor traffic violations), is unable to maintain physical readiness standards, or is deemed unsuitable for flag writer duty by the flag or general officer, it will serve as grounds

for release from the program and the member will be returned to the normal rating detailer for assignment.

DATE _____

By signing this NAVPERS 1070/613 Administrative Remarks upon completion of YN "C" School, I agree to the following standards:

PHYSICAL READINESS

Per MILPERSMAN 1306-913, I understand that I must maintain physical readiness standards per OPNAVINST 6110.1J. I also understand that if I am unable to maintain physical readiness standards, I will be released from the program and returned to the normal rating detailer for follow-on assignment based on the needs of the Navy.

PERSONAL CONDUCT

I understand that my personal conduct, both on- and off-duty, must always be of the highest caliber. If I am unable to maintain good order and discipline, receive any civil or military conviction (less minor traffic violations), or if I am deemed unsuitable for flag writer duty by the flag officer, it will serve as grounds for release from the program and I will be returned to the normal rating detailer for follow-on assignments based on the needs of the Navy.

PROGRAM ENTRY REQUIREMENT

I understand that I have entered the flag writer community for a minimum period of 36 months. The 36 months will start on the report date of my first flag writer assignment. I understand that I may be released from the community at any time for any of the above reasons and returned to my normal rating detailer. I may request to return to my normal rating detailer upon completion of the 36 months, provided I complete the tour to which I am assigned at that time.

SIGNATURE

h. Waivers of the minimum qualifications will not normally be granted.

3. **Flag Writer Interview**

a. Prior to submitting an application for the Flag Writer Program, members should contact the Flag Writer Detailer/Placement Coordinator, NAVPERSCOM (PERS-44ES1) to discuss qualification criteria and further program details.

b. The prospective candidate must be interviewed by a flag writer and recommended to the regional coordinator for further processing. The regional coordinator will then contact the applicant and set up an interview with a minimum of three other flag writers from the area (if possible) using NAVPERS 1236/13 Flag Writer Interview Sheet. NAVPERS 1236/13 may be accessed on the Navy Personnel Command Web site by using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>. The purpose of the interview is to

(1) discuss the nature of the program with the applicant to include training, duty assignments, advancement, etc;

(2) determine the applicant's reasons for volunteering and assess the motivation to serve as a flag writer and complete initial training; and

(3) review entry requirements with the applicant to determine which requirements are met and which require a waiver (if applicable).

c. **Performance Evaluation Review.** As part of the interview process, the applicant's performance evaluations must be reviewed to

(1) fully assess past performance;

(2) fully assess potential for development;

(3) identify traits which could be beneficial to the community; and

(4) identify traits which could be detrimental to the community.

d. **Interview Questions.** The interviewer should attempt to answer the following questions during the interview and advise the applicant accordingly:

No .	Questions
1	Does the applicant completely understand the mission of the Flag Writer Program?
2	Does the applicant fully understand the initial training and what will be expected?
3	Is the applicant's motivation for entry into the program a sincere desire for personal growth and achievement, and not solely as a method to escape present circumstances, etc.?
4	Does the applicant have the ability to adapt to the requirements of the Flag Writer Program?
5	Is the applicant mentally prepared for arduous duty? Does the applicant have any financial, marital, or other hardships that would impede their ability to concentrate on and complete the training, or fulfill obligations as a flag writer?
6	Does the applicant possess a considerable comfort level for working in the Flag Writer environment?
7	Does the applicant understand the entry requirements of the Flag Writer Program, YN "C" School requirements, reasons for being dropped from the program, and the 36-month program requirement?

e. **Negative Answers.** A negative response to any of the questions could indicate unsuitability for the program. The interviewer should further ascertain the applicant's motivation for the program and discuss with NAVPERSCOM (PERS-44ES1).

4. **Requests**

a. Requests must be submitted to NAVPERSCOM, Admin/Deck/Supply Branch (PERS-405) via the administrative chain of command utilizing NAVPERS 1306/7 for approval of release to the Flag Writer Program. Upon receipt of package, NAVPERSCOM (PERS-44ES) and NAVPERSCOM (PERS-405) will coordinate possible release and acceptance into the Flag Writer Program for a minimum of 36 months which will begin upon reporting to the first flag writer billet. Packages will include the following:

- (1) Full front and side view digital photographs in service uniform;
- (2) A biography listing all duty stations with dates and duties;
- (3) Evaluations for the past 5 years;
- (4) Interview appraisal sheet from the regional coordinator; and
- (5) Commanding officer's letter of recommendation.

b. Selected candidates will be required to attend the 5-week Flag Writer Course (YN "C" School) at Naval Technical Training Center, Meridian, MS. Upon successful completion of the course, students will be awarded NEC 2514.

c. The 36-month community requirement will begin upon reporting to the first flag writer billet.

d. Release from the flag writer community will be based on the requirements below:

(1) If the member violates any portion of the NAVPERS 1070/613 entry in paragraph 2g above, release from the community will be automatic. The member will be released to the normal rating detailer for assignment.

(2) If the member desires release from the flag writer community following completion of the 36-month requirement (only if the member has completed their current tour) must be submitted to NAVPERSCOM (PERS-44ES1) via the administrative chain of command utilizing NAVPERS 1306/7 for approval of release to NAVPERSCOM (PERS-405).

5. Attendance at YN "C" School

a. **Permanent Change of Station (PCS).** Prospective flag writers will receive PCS orders to YN "C" School enroute to their first flag writer assignment.

b. **Temporary Duty (TDY).** Sailors requesting to attend the YN "C" School under TDY orders may submit a special request chit via their commanding officer to NAVPERSCOM (PERS-44ES1) to obtain a course quota. All course quota requests will be approved or disapproved by NAVPERSCOM (PERS-44ES1). Sailors attending the YN "C" School under an approved TDY quota will be funded by their parent command.

6. **Program Requirements.** Upon successful completion of the course, the following are program requirements:

a. The 36-month community requirement will begin upon reporting to the first flag writer billet. A flag writer may request release from the program upon completion of the 36 months. Requests must be submitted to NAVPERSCOM (PERS-44ES1) via the administrative chain of command utilizing NAVPERS 1306/7 for approval of release to NAVPERSCOM (PERS-405).

b. Detailing for assignments is coordinated with NAVPERSCOM (PERS-44ES1) outside of the Career Management System/Interactive Detailing. Flag writers are expected to complete their assigned tour with their flag or general officer before requesting a new assignment. Tour lengths will initially be set to the flag or general officer's PRD and a tour will be considered complete upon the flag or general officer's transfer or retirement.

c. Flag writers will automatically be released from the program for violating any portion of NAVPERS 1070/613 entry described in paragraph 2g above and will be returned to the normal rating detailer for follow-on assignment.

MILPERSMAN 1306-914

MILITARY ASSISTANCE ADVISORY GROUPS (MAAGS), MILITARY GROUPS, NORTH ATLANTIC TREATY ORGANIZATION (NATO) COMMANDS, JOINT STAFFS, ATTACHÉ (EMBASSY) DUTY, AND SIMILAR ACTIVITIES

Responsible Office	NAVPERSCOM (PERS-4010G)	Phone:	DSN	882-3872
			COM	(901) 874-3872
			FAX	882-2646

1. Background

a. This article prescribes the procedures by which enlisted members may request assignment to duty in Military Assistance Advisory Groups (MAAGS), Military Groups, North Atlantic Treaty Organization (NATO) commands, Joint Staffs, Attaché (Embassy) Duty, and similar activities.

b. The largest percentage of billets presently established within these special activities are for the YN, IT, and ET ratings (paygrades E-4 thru E-8).

c. Some requirements do exist, however, for a variety of other ratings/Navy Enlisted Classifications (NECs) and interested members may contact the MAAGS desk at Navy Personnel Command (NAVPERSCOM), Shore Special Programs Assignment Branch (PERS-4010G) to determine whether a requirement exists for a particular rating, paygrade, or NEC.

d. Tour lengths will be 36 months in the continental United States (CONUS), or Department of Defense (DoD) area tour for overseas assignment.

2. Requirements/Qualifications

a. For assignment to some activities, foreign language qualifications are desirable but not mandatory. Members assigned to billets with mandatory foreign language qualifications will be assigned a course of instruction at Defense Language Institute (DLI).

b. Members being considered for assignment to embassy duty shall meet the following minimum qualifications:

- (1) Paygrade E-5 or higher.
- (2) Must be able to obtain a Top Secret Sensitive Compartmented Information (SCI) security clearance.
- (3) No nonjudicial punishment (NJP) or civilian convictions within the last 36 months.
- (4) No record of drug or alcohol abuse.
- (5) Excellent moral character and sound judgment.
- (6) No financial problems.
- (7) Member and all immediate family member(s) must be United States (U.S.) citizens.
- (8) Member and family member(s) must be screened for isolated overseas duty.
- (9) Minimum Defense Language Aptitude Battery (DLAB) score of 100 (for countries requiring language training). If qualified, members will be required to submit a nomination package to Office of Naval Intelligence (ONI), Washington, D.C. for final approval.

c. Complete sections A, B, C, and D of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

d. Required obligated service (OBLISERV) for this program is 36 months.

		E-mail:	uasknpc@navy.mil	

1. Background

a. This program requires assignment of members to full-time instructor duty ashore, earning Navy enlisted classification (NEC) 9518.

b. Tour lengths will be 36 months or Department of Defense area tour for overseas assignments.

2. Requirements/Qualifications

a. Required Armed Services Vocational Aptitude Battery (ASVAB) scores: Combined WK-GCT/AR-ARI of 101 or 2-year college degree or higher.

b. Must have a warfare designator (if afforded the opportunity).

c. Must be a petty officer E-6 through E-9.

d. Must present a sharp military appearance and obtain a personal interview with the nearest center for personal and professional development (CPPD) location, coordinated through CPPD headquarters at NAS Oceana/Dam Neck Annex, Virginia Beach, VA.

e. Complete sections A and D of NAVPERS 1306/92 Special Program Screening. NAVPERS 1306/92 may be accessed using the following link: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

f. Required obligated service for this program is 36 months.

g. Personnel requesting orders to CPPD headquarters staff (UIC - 3474B) will be assigned to a training management position and must meet the following requirements:

(1) Be in pay grades E7-E9

(2) Hold NEC 9518 or be able to complete training to gain NEC prior to reporting for duty.

(3) Meet one or more of the following:

(a) Completed a previous instructor tour (NEC 9502) (certified master training specialist or afloat training specialist designation is strongly recommended).

(b) Completed a previous training manager or learning standards office tour.

(4) Completed a personal interview with a CPPD headquarters representative prior to receiving orders.

3. **Waiver Requests.** Requests for waivers of above criteria must be approved by the Director of Training, CPPD.

MILPERSMAN 1306-916

NAVY DRUG AND ALCOHOL COUNSELOR AND INTERN

Responsible Office	NAVPERSCOM (PERS-4010D1)	Phone:	DSN	882-3862
			COM	(901) 874-3862
			FAX	882-2646

References	(a) OPNAVINST 6110.1G (b) OPNAVINST 5350.4C (c) NAVEDTRA 12061, Catalog of Nonresident Training Courses (CANTRAC)
-------------------	---

1. Program Background

a. This program requires assignment of personnel to full-time counselor duty afloat and ashore. Members first earn Secondary Navy Enlisted Classification Code (SNEC) 9522 as a Navy Drug and Alcohol Counselor Intern. After serving as a SNEC 9522 for a minimum of 12 months and meeting all qualifications per the Naval School of Health Science (NSHS), members may submit approval documentation to NSHS for assignment of SNEC 9519, Navy Drug and Alcohol Counselor. Once SNEC 9519 is assigned, component SNEC 9522 will be automatically dropped.

b. Personnel rotating from an existing counselor shore billet will be screened by Navy Personnel Command (NAVPERSCOM), Shore Special Programs Assignment Branch (PERS-4010D1) for a counselor sea billet (Type Duty Code "2," "3," "4"). If one is available, the member may be assigned to that billet. If no counselor sea billet is available, the member will be returned to the rating detailer for an in-rate assignment.

c. When certified counselors approach their projected rotation date (PRD) while in non-counselor billets, the rating detailers will nominate them to NAVPERSCOM (PERS-4010D1) for assignment to valid counselor billets. If no billets exist, members will be returned to their detailer for assignment.

d. Initial counselor tour length with a SNEC of 9522/9519 will be 36 months or Department of Defense (DOD) area tour length.

2. Requirements/Qualifications

a. Qualifications for duty as a Navy Drug and Alcohol Counselor Intern SNEC 9522 are as follows:

(1) Express a desire and willingness to perform the required duties and tasks.

(2) Be a petty officer E-5 through E-9.

(3) Be able to communicate well in both oral and written formats and able to successfully complete college-level courses of instruction.

(4) If recovering from substance dependency, must have 2 years continuous sobriety and be actively involved in a recovery program. If member has a history of substance abuse and treatment, there must be no indications of abuse in past 2 years.

(5) Have no nonjudicial punishments (NJP)/ court-martial in past 3 years.

(6) Demonstrated stability in personal affairs and present a positive role model.

(7) Be mentally and medically fit for duty.

(8) Meet applicable military physical fitness standards per reference (a).

(9) Must be interviewed and recommended by a certified Substance Abuse Rehabilitation Program (SARP) per reference (b).

(10) Complete the Navy Drug and Alcohol Counselor School in San Diego, CA. The course description and class convening dates are included in reference (c).

b. To qualify for assignment as a Navy Drug and Alcohol Counselor SNEC 9519, member must serve as a SNEC 9522 for minimum of 12 months, meet all requirements per NSHS, and submit approval documentation to NSHS. Once SNEC 9519 is assigned, component SNEC 9522 will be automatically dropped.

c. Complete section A of NAVPERS 1306/92 (Rev. 12-03),
Special Program Screening Form, Exhibit 1 of MILPERSMAN
1306-900.

d. Required obligated service (OBLISERV) for this program
is 36 months.

MILPERSMAN 1306-917

NAVY EQUAL OPPORTUNITY Advisor (EOA)

Responsible Office	NAVPERSCOM (PERS-4010D1)	Phone:	DSN	882-3862
			COM	(901) 874-3862
			FAX	882-2646
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Background.** The Navy's Equal Opportunity Advisor (EOA) Program is a valuable asset which stimulates a free-flow of communication at all levels within the chain of command. EOAs provide briefings, training, and assist visits to subordinate and area commands. Additionally, assigned EOAs strengthen the chain of command by keeping the leadership team aware of existing or potential equal opportunity related issues as well as procedures and practices which affect the mission, readiness, welfare, and morale of Sailors in the command.

a. This program requires assignment of members to a full-time advisor duty afloat and ashore.

b. Assignment to an EOA billet is contingent upon successful completion of both the EOA Primary Course and the Navy Service Specific Course at the Defense Equal Opportunity Manager Institute (DEOMI), and awarding of Navy enlisted classification (NEC) 9515.

c. EOAs are assigned to major shore commands, nuclear aircraft carriers, amphibious assault ships, assault craft units, and DEOMI instructor billets.

d. Members are required to complete two full consecutive EOA tours (one sea and one shore). Office of the Chief of Naval Operations (OPNAV), Director, Navy Equal Opportunity Program Office (N134) has identified EOA billets requiring a second tour EOA. These billets will be filled by second tour EOAs regardless of sea/shore flow requirements. EOAs completing their first tours (who are not waived from second tour as noted in paragraph 1e) upon entering their negotiating window will be detailed to second tour requirements. If no second tour requirement exists, EOAs will be allowed to select another first tour EOA billet consistent with their sea/shore flow. If there

are no EOA billets available when the member is negotiating their second EOA tour, the member may be returned to his or her rating detailer for an in-rate assignment.

e. Navy Personnel Command (NAVPERSCOM) recognizes that some ratings possess critical training/NECs that will not normally allow those personnel to be released by rating detailers for two tours. Additionally, High Year Tenure (HYT) limits may preclude members from completing two tours. Personnel in these situations who are interested in serving a single tour as an EOA may have the second tour requirement waived by the Branch Head, Shore Special Programs Branch, NAVPERSCOM (PERS-4010). Personnel interested in this option should submit a NAVPERS 1306/7 Enlisted Personnel Action Report requesting detail as an EOA with a waiver from the second tour requirement. Members requesting such waiver should specify why they are unable to serve two tours (i.e., nuclear trained, normal sea tour in rate requirements for advancement eligibility, HYT date allows only one assignment, etc.).

f. When EOA applicants approach their projected rotation date (PRD) from non-EOA billets, the rating detailer will nominate them to NAVPERSCOM, EOA/NAVLEAD/CAAC Detailer (PERS-4010D1) for assignment to valid EOA requirements. Personnel interested in EOA duty are encouraged to request release to Special Programs for EOA duty via NAVPERS 1306/7 prior to entering their normal detailing window (10-12 months prior to PRD).

g. Personnel completing their second EOA tour who desire to remain in the EOA Program for a third tour should submit a NAVPERS 1306/7, via OPNAV (N134E) requesting such assignment. Personnel recommended for third tour assignment with endorsement of OPNAV (N134E) and approved by NAVPERSCOM, Enlisted Distribution Division (PERS-40) will be detailed only to billets identified as requiring second tour experience.

h. Tour lengths will be per rating sea/shore flow or Department of Defense area tour for overseas assignment.

2. Requirements/Qualifications

a. To be eligible for selection for an EOA assignment, members must be E-6 through E-9 and be interviewed by an EOA. If an EOA is not stationed within a reasonable commuting distance, contact OPNAV, EOA Community Manager (N134E) to

arrange for a telephone interview: Commercial (901) 874-4283/DSN 882-4283).

b. Complete section A and D of NAVPERS 1306/92, Special Program Screening.

c. Required obligated service (OBLISERV) for each EOA tour is 36 months.

3. **FORMS**

NAVAL SUPPORT UNIT, STATE DEPARTMENT

Responsible Office	NAVPERSCOM (PERS-401)	Phone:	DSN	882-3571
			COM	(901) 874-3571
			FAX	882-2716
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

References	(a) NAVMED P-117, Manual of the Medical Department (MANMED) (b) SECNAVINST 5510.30B (c) NAVSO P-6034, Joint Federal Travel Regulations, Volume I
-------------------	--

1. **Background.** The Naval Support Unit (NSU), State Department provides Seabee support to the U.S. Department of State (DoS) on a continuing basis.

a. This program involves construction, renovation, maintenance, and repair work in sensitive and secure spaces; including installation, maintenance, and repair of technical security systems, high security locks, and security surveillance of foreign contract construction within the DoS facilities overseas.

b. Seabees selected for duty with this unit will undergo approximately 24 weeks of specialized training and indoctrination in the Washington DC metro area prior to assignment to the temporary duty (TDY) pool or a foreign post.

c. Sea duty tours with this unit typically consist of a 6-12 month unaccompanied tour, followed by a 30-36 month overseas accompanied tour. Although members may provide their input on desired assignments and locations, final assignment will be based on operational requirements at the time.

d. Shore duty billets consist of:

(1) One Civil Engineer Corps (CEC) officer (5100)
(officer in charge);

(2) Five occupational field (OF)-7 personnel (E-9 assistant officer in charge, E-8 operations chief, E-7 training chief, E-6 assistant training petty officer, and E-6 assistant operations petty officer); and

(3) Five non OF-7 personnel (PS1 pay and disbursing, PS2 administration and passports, YN1 security manager/awards/EVALS, NC1 career counselor, and yeoman chief (YNC)). All other personnel assigned to naval support unit will be on sea duty.

e. All personnel assigned to the unit are required to wear civilian clothing, unless otherwise directed. A civilian clothing allowance will be paid upon execution of orders to NSU. Officers are not entitled to a clothing allowance.

f. Applications for assignment to the unit are accepted from selected construction ratings (OF-7) and fleet (YN, NC, and PS) personnel.

g. Tour length will be at least 48 months for unit identification code (UIC) 30002 (sea).

h. Tour length will be at least 36 months for UIC 65498 (shore).

2. Requirements/Qualifications

a. Personnel desiring assignment to the NSU must meet the following requirements:

(1) All overseas screening requirements for the member and member's family per MILPERSMAN 1300-300 through 1300-316.

(2) If married, have no more than three family members, including expected.

(3) E-5 and above in one of the following ratings: BU, CE, UT, EA, SW, CM, or EO.

(4) E-5 through E-7 in one of the following ratings: YN, NC, or PS.

(5) Be a United States citizen and speak and write English proficiently.

(6) The Special Program screening shall cover 60 months of service vice 36 months.

(7) Personnel must have a current physical health assessment and be physically qualified per reference (a).

(8) No exceptional family member codes, dependent development concerns, or maintenance phase treatment will be accepted. Only class 1 and 2 dental readiness is accepted.

b. Applications should be submitted to:

<p>Officer in Charge Naval Support Unit SA-14 Suite 210 (DS/STO/NSU) Washington, D.C. 20522-1403</p>
--

(1) Application packages must include:

(a) NAVPERS 1306/7 Enlisted Personnel Action Request with command recommendation;

(b) Last five evaluations; and

(c) Last five physical fitness assessment scores (Physical Readiness Information Management System printout) and a full length color photo; and

(d) NAVMED 1300/1 Medical, Dental, and Educational Suitability Screening for Service and Family Members (overseas screening form).

(2) Appropriate endorsements will be made concerning qualification and shall be forwarded to Navy Personnel Command NAVPERSCOM, Seabee/SEAL/SWCC/EOD/Diver Assignment Branch (PERS-401) for appropriate action.

c. Applicants should verify that their electronic service record is up to date and accurate to ensure full consideration in the screening process.

d. Applicants shall read MILPERSMAN 1306-900 and follow all applicable instructions when applying for assignment to NSU. Complete NAVPERS 1306/92 Special Program Screening. Special screening must cover 60 months vice 36 months.

e. Required obligated service for this program is 48 months on sea (UIC 30002) and 36 months on shore (UIC 65498).

3. **Special Security Requirements.** Per reference (b), applicant's electronic service record must be screened to determine if it contains valid documentation of a satisfactory security clearance eligibility to qualify for a single scope background investigation (SSBI).

a. NSU will initiate a SSBI investigation for the required top secret/sensitive compartmented information access. Do not have your current command initiate your investigation.

b. Investigation packages must be submitted within 10 working days after receipt of NSU's initiation of SSBI e-mail from the NSU Security Manager.

c. The complete investigation package must be submitted electronically via the Electronic Questionnaires for Investigations Processing (e-QIP) System to U.S. Office of Personnel Management.

(1) Forward the following to the address provided below via **Federal Express/UPS/DHL only**:

(a) Two original fingerprint cards (left hand, then right hand).

(b) Signature pages of e-QIP forms signed and dated.

Forward fingerprint card and signature pages via FEDEX/UPS/DHL only to:

<p>Naval Support Unit Attn: Security Manager 1400 Wilson Blvd, Suite 210 Arlington, VA 22209</p>
--

4. **Additional Special Requirements**

a. Prior to an applicant's arrival at NSU, applicants must complete the Navy Electricity and Electronics Training Series Modules 1-4 with no less than 3.0 average; Human Trafficking; Force Protection level I; and Code of Conduct level B on Navy E-Learning for the current fiscal year; as well as any other required training as directed. Upon arrival and check into NSU,

applicants must turn in all completion certificates to the training officer. Personnel reporting for the first class of any fiscal year shall wait until October to complete annual general military training courses.

b. Forward a statement to **operations chief, naval support unit** within 15 working days from the date the applicant has been determined as physically qualified per reference (a), section III. Ensure **SF88 Medical Record - Report of Medical Examination** and **SF93 Medical Record - Report of Medical History** records have been completed and are submitted as enclosure (1). Insert in block 5 of SF-88 and SF-93 the purpose of examination, "NAVSUPPU STATE DEPT CANDIDATE."

c. Housing recommendations for family member(s)

(1) The entire tour at NSU UIC 30002 is considered **sea duty** (sea/shore code 2). When a member initially reports, they may be assigned to the TDY pool.

(2) Upon receiving an assignment to a post at a specific overseas location, the member will receive a set of DOS permanent change of station orders. These orders are unique to the NSU and do not change the official Navy status of the member; the member is still assigned to **UIC 30002, located in Washington, DC, serving on sea duty (sea/shore code 2)**. The member and family member(s) are entitled to only those benefits under reference (c), which apply to members serving on sea duty (sea/shore code 2). Members serve overseas within the DOS, but are considered as serving in Washington, DC for any and all Navy purposes.

(3) Reference (c), chapter 5 describes entitlements and is the correct reference for transportation of family member(s) and household goods (HHG) for personnel assigned to the NSU.

(4) Ensure Sailors understand reference (c), chapter 5 before making any arrangements to move family member(s) and HHG. Members do not qualify for any benefits granted to personnel assigned overseas duty under normal Navy orders. Members remain assigned to Washington, DC for their full tour at the NSU, even though they will be residing overseas within the NSU.

MILPERSMAN 1306-919

NAVY FLIGHT DEMONSTRATION SQUADRON (NAVFLIGHTDEMRON) (BLUE ANGELS)

Responsible Office	NAVPERSCOM (PERS-404)	Phone:	DSN	882-3692
			COM	(901) 874-3692
			FAX	882-2642

1. **Background.** The permanent duty station of Navy Flight Demonstration Squadron (NAVFLIGHTDEMRON) (Blue Angels) is Naval Air Station, Pensacola, FL.

a. Normally, applicants will be interviewed and their records screened by a representative of the Blue Angels.

b. Most billets are for paygrades E-5 and E-6; however, qualified, highly motivated personnel of lower paygrades will be considered.

c. Requirements exist for personnel in the AD, AE, AME, AM, AO, AS, AT, AZ, DM, PH, PR, SK, and YN ratings.

d. Tour lengths will be 36 months.

2. **Requirements/Qualifications**

a. The Blue Angels or the approving authority will contact Navy Personnel Command.

b. Detailed application information is available at www.navy.com/blueangels.

c. Complete sections A, B, C, D3, and D5 of NAVPERS 1306/92 (Rev. 04-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

d. Required obligated service (OBLISERV) for this program is 36 months.

MILPERSMAN 1306-920

USS CONSTITUTION

Responsible Office	NAVPERSCOM (PERS-4010D)	Phone:	DSN	882-3878
			COM	(901) 874-3878
			FAX	882-2646

1. **Background.** USS CONSTITUTION is an important part of American heritage and the history of our Navy. Having earned her nickname "Old Ironside" during the War of 1812, USS CONSTITUTION is the oldest commissioned warship afloat in the world.

a. USS CONSTITUTION is permanently berthed in Boston, MA. The crew is tasked with promoting, protecting, and preserving the ship. The ship receives nearly half a million visitors annually and is the Navy's platform for receiving senior officers, high ranking government officials, and heads of state.

2. **Policy**

a. Non-petty officers are normally assigned directly from Navy Recruit Training Command (NAVCRUITRACOM). Recruits who volunteer and are accepted for USS CONSTITUTION duty must execute NAVPERS 1070/613 (7-06), Administrative Remarks acknowledging the delayed entry into whichever guaranteed program they enlisted for, until completion of their prescribed tour on USS CONSTITUTION.

b. Members who did not enlist for a guaranteed program may request any program for which they qualify within 9 months prior to the end of their tour. Requests can be expected to receive a favorable consideration if the member is otherwise eligible and a requirement exists.

c. Chief petty officers (CPOs) and petty officers (POs) are selected from those eligible for shore duty.

d. Tour lengths are as follows:

(1) E-1 to E-3 personnel will serve 24 months.

(2) E-4 to E-9 personnel will serve 36 months.

e. USS CONSTITUTION is the approving authority for requests and will coordinate with Navy Personnel Command (NAVPERSCOM).

3. Requirements/Qualifications

a. Volunteers seeking duty on USS CONSTITUTION must be able to interact with the public with maturity, tact, and be a model representative of the U.S. Navy. They must have impeccable appearance and military bearing. CPOs and POs must be high-caliber individuals ready to serve as sharp military role models for junior crew members and must be strong leaders.

b. All volunteers being considered for duty on USS CONSTITUTION must meet the following **minimum** qualifications:

(1) Armed Services Vocational Aptitude Battery (ASVAB) scores:

(a) WK = 50

(b) VE = 50

(2) No record of nonjudicial punishment (NJP) within the past 36 months.

(3) No record of alcohol incidents within the past 36 months.

(4) No record of financial instability within the past 36 months.

(5) Have no evaluation/fitness report trait below 3.0 within the past 36 months.

(6) Must be within current body composition standards. Must not have failed any physical fitness assessment (PFA) in the past year. May not have more than one PFA failure in the past 4 years.

(7) Must be fit for full duty (medical/dental) without any limitations or disabilities which would preclude service onboard a ship.

(8) Must possess facial features free of acne, scars, and other unusual distinguishing features.

(9) Must not have any tattoos which are visible in short-sleeves or skirts.

(10) Must have a clear, strong voice free of heavy accents or speech impediments. Must not be afraid of public speaking.

(11) Must not be afraid of heights.

(12) Non-POs must be unmarried and without dependents.

c. Complete all sections of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form MILPERSMAN 1306-900, Exhibit 1.

d. Required obligated service (OBLISERV) for this program is 36 months for E-4 to E-9.

4. Application

a. Volunteers must be released from their community via rating detailee to NAVPERSCOM, Shore Special Programs Assignment Branch (PERS-4010D).

b. Submit the following information to USS CONSTITUTION for screening:

(1) NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form.

(2) Evaluation/fitness reports for the past 36 months.

(3) ASVAB scores (WK, VE).

(4) Height, weight, last three PFA scores, and any failures within the last 4 years.

(5) Commanding officer's (COs) signed letter of endorsement which must include a statement on military appearance and tattoos, an evaluation on the member's speaking ability to include information on heavy accents or speech impediments, and the Sailor's demeanor, professional knowledge, and leadership skills. Commenting on the member's ability to work and lead groups of junior Sailors with little oversight is a favorable characteristic.

(6) Point of contact (POC) and phone number (career counselor, leading chief petty officer (LCPO), command master chief (CMC)).

c. Forwarding command CMC must contact and coordinate application with the following:

USS CONSTITUTION
CMC
Administrative Department
(617) 242-5670

d. Applications can be sent via the following:

E-Mail:
constitution.cc@navy.mil

or

Fax:
(617) 242-2308

e. Once application package is received and reviewed, a telephone interview will be arranged between the member and the USS CONSTITUTION CMC.

MILPERSMAN 1306-921

PERSONNEL EXCHANGE PROGRAM (PEP)

Program Manager	CNO (N13F-PEP)	Phone:	DSN COM FAX	227-3899 (703) 697-3899 693-0533
Responsible Office (officer)	NAVPERSCOM (PERS-461)	Phone:	DSN COM FAX	882-4065 (901) 874-4065 882-2676
Responsible Office (enlisted)	NAVPERSCOM (PERS-4010G)	Phone:	DSN COM FAX	882-3872 (901) 874-3872 882-2646

Reference	(a) OPNAVINST 5700.7H
------------------	-----------------------

1. **Background.** Per reference (a), the Personnel Exchange Program (PEP) provides for an equivalent one-for-one exchange between United States (U.S.) Navy officers or career-designated petty officers, and personnel from other military services, including foreign services. The program objective is to integrate participants into the host organization as though they belonged to the service to which they are assigned, while adhering to applicable technology transfer and classified information disclosure restrictions.

2. **Billets.** A list of authorized billets, broken down by rank/designator or rate/rank and country, may be obtained by contacting Navy Personnel Command (NAVPERSCOM),

- Foreign Area Officer (FAO) Placement Branch (PERS-461) (for **officer** personnel), or
- Shore Special Programs Assignment Branch (PERS-4010) (for **enlisted** personnel).

3. **Tour Length.** Tour length for PEP duty is usually 24 months, based on the date that members report to their ultimate command. One-year tour extensions may be authorized.

4. Requirements/Qualifications

a. Applicants for foreign PEP billets must be able to demonstrate cultural sensitivity and serve as military ambassadors of the U.S.

b. The nature of the PEP is to share professional knowledge with members from other services (and nations); therefore, applicants must be able to serve as subject matter experts in their designator or rate.

c. Applicants desiring to serve in a country whose native language is not English must

- test at a minimum 2/2/1+ (listening/reading/speaking) level on the Defense Language Proficiency Test (DLPT); otherwise,
- they must achieve a qualifying score on the Defense Language Aptitude Battery (DLAB), and
- receive training at the Defense Language Institute Foreign Language Center (DLIFLC) prior to reporting overseas.

Family members may receive language training on a space-available basis.

d. If a security clearance is required, participants are expected to report to their foreign command with a security clearance valid for the duration of the tour.

e. Participants must report with official passports, as they may be required to travel to countries that do not recognize NATO orders.

f. Participants in the PEP will be required to wear their U.S. Navy uniforms unless Force Protection requirements dictate otherwise.

g. Required obligated service (OBLISERV) for this program is 24 months.

5. Administrative support. Upon arriving overseas, personnel must report to their assigned administrative command for an in-processing period of 3 days temporary duty (TEMDU) prior to reporting to their ultimate duty stations. Frequently remote

from the PEP duty station, the administrative command is available to assist participants with

- fitness reports/evaluations,
- pay,
- advancements,
- examinations,
- leave,
- security clearances, and
- other related issues.

The command is also available to provide guidance on Physical Fitness Assessment (PFA), DLPT, and flight physical requirements.

6. **Pay and Allowances**. PEP members receive normal pay and allowances by the U.S. Government and may be entitled to special allowances based on location, such as

- Overseas Housing Allowance,
- Cost of Living Allowance,
- Hardship Duty Pay, and
- Foreign Language Proficiency Bonus.

Participants are not entitled to bonus pay from the host nation. Travel costs and allowances for travel ordered or required by the host nation will be funded by the host nation. Travel costs and allowances for travel ordered or required by the parent service will be funded by the parent service.

7. **Application**

a. **Officers**. Interested officers should contact their detailer in order to compete for a PEP billet.

b. **Enlisted**. Interested enlisted personnel should complete sections A, B, C, and D of **NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form**, Exhibit 1 of MILPERSMAN 1306-900, and submit the form as directed by NAVPERSCOM (PERS-4010). Enlisted personnel will also be required to provide to their administrative command copies of their last four evaluations/fitness reports (FITREPs), a summary of qualifications, as well as details about dependents.

MILPERSMAN 1306-924

MOBILE UTILITIES SUPPORT EQUIPMENT (MUSE) PROGRAM

Responsible Office	NAVPERSCOM (PERS-4011D16)	Phone:	DSN COM FAX	882-2038 (901) 874-2038 882-2987
Point of Contact	NAVPERSCOM (PERS-401C) for MUSE	Phone:	DSN COM FAX	882-3559 (901) 874-3559 882-2716

1. **Background.** The Navy's Mobile Utilities Support Equipment (MUSE) Program supports shore establishment utility systems and cold-iron services throughout the world with supplemental equipment capable of steam and electrical generation, and electrical transformation. MUSE provides siting, hookup, training, and inspection of this equipment. Skill areas include the **mechanical**, **electrical**, and **instrumentation** professions.

a. **Training.** Accepted applicants will undergo a rigorous

- 48 weeks of intensive training in the Primary Power Production Specialist Course conducted at Fort Belvoir, VA, and
- 12 weeks of technical training after transfer to Naval Facilities Expeditionary Logistics Center (NFELC), Port Hueneme, CA.

b. **Course.** The Primary Power Production Specialist Course at Fort Belvoir, VA consists of the following:

(1) **Academic Training - 15 weeks.** Includes algebra review, introduction to physics, fundamentals of electrical and mechanical engineering, chemistry, and corrosion control. Sub course is facilitated by accredited college providing successful students with 31 semester hours.

(2) **Operator Training - 14 weeks.** Includes hands-on training in operating, maintaining, and troubleshooting diesel driven power plants, and other power station systems.

(3) **Specialty Training - 18 weeks.** Based on program requirements and the students' previous training, students enter the instrumentation, mechanical, or electrical specialty phase.

Each phase is designed to provide intensive training in the specialty area as it relates to equipment used in both the Army Prime Power and Navy MUSE Programs.

c. **Navy Enlisted Classification (NEC).** Upon successful course completion, **NEC 5633** is awarded. Graduates will then receive orders to NFELC, Port Hueneme, CA, or one of several overseas locations. Needs of the program and previous duty will dictate the initial duty assignment.

d. **Tour length.** Tour length will be 36 months or Department of Defense (DOD) area tour for overseas assignments.

2. Requirements/Qualifications

a. **Applicant Pool.** Applications for assignment to this program are invited from Seabee personnel who meet the following criteria:

(1) Paygrades E-4 through E-6 in the CE, UT, CM, EO, BU, EA, and SW ratings.

(2) No more than 12 years active duty.

(3) Required Armed Services Vocational Aptitude Battery (ASVAB) scores: WK + AR = 110.

(4) Have completed at least a 1-year course in algebra during high school or through another accredited school, or an equivalent course through Defense Activity for Nontraditional Education Support (DANTES). This requirement will not be waived.

b. **Clearance.** A **SECRET** clearance is required for all trainees prior to the commencement of the Primary Power Production Specialist Course.

c. **Course Convening and Selection Boards.** The Primary Power Production Specialist Course convenes two classes a year, one in **February** and one in **August**. Student selection boards are convened approximately 9 months prior to class start date. The selection board will be comprised of a minimum of four chief petty officers (CPOs) who hold **NEC 5633**. It will meet at NFELC, MUSE Department, Port Hueneme, CA, and screen all complete Navy Personnel Command (NAVPERSCOM) endorsed applications. Selections will be made per manning requirements of the program.

Results of this board are then forwarded to NAVPERSCOM, SEABEE Assignments Section (PERS-401C) to screen for final approval and orders.

d. **Not Selected.** Applications not selected will be retained at Construction Battalion Center, NFELC, MUSE Department, Port Hueneme, CA, for further review at subsequent boards.

(1) Personnel are most often not selected due to incomplete packages and failure to meet projected rotation date (PRD) obligation with their current command.

(2) Applications will be reviewed semi-annually for up to 3 years.

(3) Applicants are invited to update their applications with

- schools,
- awards,
- copy of NAVPERS 1616/26 (Rev. 7-95), Evaluation Report and Counseling Record (E-1 - E-6) for the last 2 years,
- grade transcripts for education,
- applicant's hand-written statement,
- NAVPERS 1070/603 (Rev. 7-06), Administrative Remarks,
- NAVPERS 1070/604 (Rev. 3-05), Enlisted Qualifications History, and
- NAVPERS 1070/605 (7-06), History of Assignments, or
- any other pertinent data during this period.

(4) Any such information should be certified as a true copy and sent via the member's command to the following:

**Commanding Officer
Naval Facilities Expeditionary Logistics Center
MUSE Program Manager Code N33
1000 23rd Avenue
Port Hueneme, CA 93043**

e. **Form.** Complete sections A, B, C, D1 and D2 of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

f. **Obligated Service (OBLISERV).** Required OBLISERV for this program is 60 months after the completion of MUSE training at the Primary Power Production Specialist Course.

g. **High Standards.** MUSE is a demanding, high OPTEMPO special program with extremely high standards. Potential applicants are advised that failure to meet all established standards will result in NEC removal.

MILPERSMAN 1306-925

SENIOR ENLISTED ACADEMIES (SEAs)

Responsible Office	NAVPERSCOM (PERS-40G1)	Phone:	DSN COM FAX	882-3555/4906 (901) 874-3555/4906 882-2647
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Background.** Senior Enlisted Academies (SEAs) provide an opportunity for master, senior, and chief petty officers to engage in studies that broaden their educational experience and assist in fulfilling leadership and managerial responsibilities.

a. The curriculum is designed to be demanding, challenging, diversified, relevant, and comprehensive, giving the student a broad exposure to all facets of leadership and management functions.

b. There are six senior enlisted educational opportunities discussed in this article. Location, the number of seats available, and class convening months are as follows:

(1)	United States Navy Senior Enlisted Academy - Resident Course (USN SEA-RC) : <ul style="list-style-type: none">• Naval Station Newport, RI.• 112 seats per class, convening seven times each year; E-7s limited to 10% of class (typically 10 to 12 seats).• Course duration: 6 weeks in Residence (prerequisites required).• Travel during Permanent Change of Station (PCS) funded by NAVPERSCOM; Temporary Additional Duty (TEMADD) travel funded by the attendees' parent command.• See "Navy Senior Enlisted Academy" Web site for details (http://www.usnwc.edu/colleges/sea).
(2)	United States Navy Senior Enlisted Academy - Non-Resident Course (USN SEA-NRC) : <ul style="list-style-type: none">• Naval Station Newport, RI.• This course is limited to U.S. Navy personnel only.• 48 seats per class open to all E-8/9s. E-7 limited to SELRES only.• Course duration: 4 months Distance Learning, 2 weeks in Residence.

	<ul style="list-style-type: none"> • Temporary Additional Duty (TEMADD) travel funded by the attendees' parent command. • See "Navy Senior Enlisted Academy" Web site for details (http://www.usnwc.edu/colleges/sea).
(3)	United States Army Sergeants Major Academy (USASMA): <ul style="list-style-type: none"> • Fort Bliss, El Paso, TX. • Seven Navy seats per class convening in AUG; E-8 and E9 only. • Course duration: 9 months. • Permanent change of station (PCS) move required. • No geographical bachelor quarters available. • See "USASMA" Web site for details (https://usasma.bliss.army.mil).
(4)	United States Air Force Senior Non-Commissioned Officer Academy (AFSNCOA): <ul style="list-style-type: none"> • Maxwell Air Force Base (AFB), Gunter Annex, Montgomery, AL • Six Navy seats per class, convening six times each year; E8 and E-9 only • Course duration: 6 weeks in Residence • Travel during Permanent Change of Station (PCS) funded by NAVPERSCOM; Temporary Additional Duty (TEMADD) travel is funded by the attendees' parent command. • See "Air Force Senior NCO Academy" Web site for details (http://www.au.af.mil/au/cepme/sncoa).
(5)	United States Special Operations Command (USSOCOM) Joint Special Operations Forces Senior Enlisted Academy (JSOFSEA): <ul style="list-style-type: none"> • MacDill AFB, Tampa, FL. • Special Operations Forces E-8 and E-9 only. • Course duration: 6 months of Distance Learning prerequisites; 2 months in Residence. • Travel during Permanent Change of Station (PCS) funded by NAVPERSCOM; Temporary Additional Duty (TEMADD) travel is funded by attendees' parent command. • See "JSOFSEA" Web site for details (http://jsoupublic.socom.mil/courses/jsoufsea/index.php).
(6)	United States Coast Guard Chief Petty Officer Academy (USCG CPOA): <ul style="list-style-type: none"> • Coast Guard Training Center (TRACEN), Petaluma, CA. • Four Navy seats per class, convening 10 times each year; E-7s only. • Course duration: 4 months Distance Learning; 5 weeks in Residence. See "Navy Senior Enlisted Academy" Web site for prerequisite details. • Travel during Permanent Change of Station (PCS) funded by NAVPERSCOM; Temporary Additional Duty (TEMADD) travel is

	<p>funded by attendees' parent command.</p> <ul style="list-style-type: none">• See "USCG CPO Academy" Web site for additional details (http://www.uscg.mil/hq/cg1/TracenPetaluma/CPOA/default.asp).
--	--

2. **Eligibility Requirements by Pay Grade.** With the exception of the USCG CPOA, SEAs were designed for the E-8/E-9 student. Eligibility for attending the various SEAs are:

- a. **Pay Grade E-9**
 - No additional eligibility requirements.
- b. **Pay Grade E-8**
 - Selectees for E-8 must be frocked or advanced prior to the class convening date.
- c. **Pay Grade E-7 (USN SEA-RC).** E-7 personnel applying for Navy SEA-RC must:
 - be time-in-rate eligible for E-8,
 - have a recommendation for advancement from their current commanding officer (CO),
 - have an Early Promote (EP) on their most recent competitive chief evaluation, and
 - receive an endorsement from the first force or fleet master chief in their chain of command.
 - Note: Special consideration is afforded to those personnel who are command advanced to E-7 under the Navy Sailor of the Year (SOY) program.
- d. **Pay Grade E-7 (USN SEA-NRC).** E-7 personnel applying for Navy SEA-NRC must:
 - be SELRES,
 - be time-in-grade eligible for E-8,
 - have a recommendation for advancement from their commanding officer (CO),
 - have an Early Promote (EP) on their most recent competitive chief evaluation, and
 - receive an endorsement from the Reserve Force Master Chief.
- e. **Pay Grade E-7 (USCG CPOA).** E-7 personnel applying for CG CPOA:
 - can be in a frocked status, and

- must have either a Must Promote (MP) or an Early Promote (EP) on their most recent chief evaluation.

f. **Pay Grade E-7 (All Other SEAs).** E-7 personnel are not eligible to attend USASMA or AFSNCOA.

3. **Other Qualifications and Submission Requirements.**

a. All attendees must be within the Service Body Composition Assessment (BCA) standards for the school they are attending, and must have passed their last Physical Fitness Assessment. Waivers will not be accepted. Failure to meet BCA standards will result in immediate disenrollment from the course.

b. Complete and submit NAVPERS 1306/92, Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900. Submit entire form with sections A and C completed, member's signature in section D, and command endorsement with the CO's signature. Additionally, E-7 personnel must submit NAVPERS 1306/7 and all other requirements within this article.

c. Submit all forms and any other required documents to Navy Personnel Command (NAVPERSCOM), Enlisted Distribution Division (PERS-40G1) via the appropriate chain of command.

d. Required obligated service (OBLISERV) for attending SEA-RC, SEA-NRC, AFSNCOA, CGCPOA, or JSOFSEA is 12 months from course completion. OBLISERV for attending USASMA is 36 months from course completion.

MILPERSMAN 1306-926

JOINT STAFF DUTY WITH MILITARY ENTRANCE PROCESSING STATIONS (MEPS)

Responsible Office	NAVPERSCOM (PERS-4010D)	Phone:	DSN	882-3878
			COM	(901) 874-3878
			FAX	882-2646

1. **Background.** Military Entrance Processing Stations (MEPS) are responsible for aptitude testing, medical evaluations, administrative processing, enlistment, and shipment of applicants for the Armed Forces.

a. Joint Staff Duty billets within headquarters, U.S. Military Entrance Processing (USMEPCOM) whose nation-wide mission is to qualify applicants medically, aptitudinally, and morally for enlistment into the Armed Forces.

b. The billets within MEPS activities are open to all ratings in pay grades E-5 to E-9.

c. Many MEPS activities are in remote locations or in the center of a major city; therefore, members should be advised that financial stability is a must to successfully complete a tour at a MEPS duty station.

d. Tour length will be 36 months.

2. **Requirements/Qualifications**

a. Applicants must complete a financial screening form with a certified Family Service Center (FSC) Financial Counselor or Command Financial Counselor. Submit a certified copy of completed financial screening form to: HQ, USMEPCOM, Attn: HR-PE/Navy, 2834 Green Bay Rd, North Chicago, IL 60064-3094.

b. Complete sections A, C, and D3 of NAVPERS 1306/92 (Rev. 04-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

c. Required obligated service (OBLISERV) for this program is 36 months.

MILPERSMAN 1306-927

NAVY HARBOR PILOT PROGRAM

Responsible Office	NAVPERSCOM (PERS-402B)	Phone:	DSN	882-3713
			COM	(901) 874-3713
			FAX	882-2637

1. Background

a. A Navy Harbor Pilot

(1) **pilots** naval ships of all classes and tonnage, in and out of harbors and naval bases, or to and from docks and berths.

(2) **supervises** naval and civilian personnel in docking, berthing, and mooring of all classes of vessels, floating docks, cranes, and barges.

(3) **directs** operation of pusher boats (YTLs, YTM's, YTB's) in the movement of ships and tows, to and from sea and in harbors.

b. Navy Harbor Pilots are routinely on standby to move at short notice to areas of political unrest or strikes, to ensure smooth flow of military cargo and ships.

c. Tour length will be 36 months, or Department of Defense (DoD) area tour for overseas assignments.

2. Requirements/Qualifications

a. Personnel in paygrades E-6 and above in BM and QM ratings are eligible.

b. Member must be interviewed and subsequently recommended by an active Navy Harbor Pilot, unlimited tonnage.

c. If accepted, and upon completion of training, the applicant should expect at least two consecutive overseas tours before being assigned to duty in continental United States (CONUS). One tour of unaccompanied duty can be anticipated.

d. Complete section A of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

e. Required obligated service (OBLISERV) for this program is 72 months (6 years).

MILPERSMAN 1306-928

NAVY MUSIC PROGRAM (MU)

Responsible Office	USNB (FLEET BAND ACTIVITIES)	Phone:	DSN COM FAX	882-4316 (901) 874-4316 882-2614
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. Background

a. The Navy musician rating (MU) is comprised of personnel who possess musical skills in varying styles, to include martial, classical, jazz, rock, and country/western.

b. Tour lengths will be per rating sea/shore rotation.

2. Policy. Director, Fleet Band Activities has approval authority for all assessment auditions required for assignment to MU "A" school and eventual placement in a fleet/area band.

3. Eligibility. Members seeking lateral conversion to the MU rating must first be granted approval to audition from their current chain of command and their respective enlisted community manager at Bureau of Naval Personnel (BUPERS), Enlisted Community Management (BUPERS-32) prior to taking an audition. Individuals who successfully pass the required instrumental audition are eligible for assignment to MU "A" school.

4. Requirements/Qualifications

a. Members must audition and be certified as musically qualified by U.S. Navy Band Washington, DC (USNB), Fleet Band Activities (FBA) prior to submitting requests for lateral conversion/assignment to MU "A" school.

b. Members auditioning for this program must demonstrate competent performance ability on one primary instrument or voice, as indicated below:

Navy Enlisted Classification (NEC)	Primary Instrument	Secondary Instrument
3801	Flute/Piccolo	(none)
3802	Oboe	(see note)
3803	Clarinet	(none)
3804	Bassoon	(see note)
3805	Saxophone	(none)
3806	Trumpet	(none)
3807	French Horn	(none)
3808	Euphonium (Baritone)	(none)
3809	Trombone	(none)
3811	Tuba	(none)
3812	Guitar	(see note)
3813	Percussion (Drums)	(none)
3814	Piano/keyboard	(see note)
3815	Electric/String Bass	(see note)
3825	Vocalist/Entertainer	(see note)

Note: Guitar, keyboard, electric/string bass, bassoon, oboe instrumentalists, and vocalists receive basic skills instruction in Percussion Techniques during "A" school and perform on auxiliary percussion instruments for ceremonial band, parade band, and similar performance requirements (i.e., bass drum, cymbals, Latin-percussion instruments).

c. Due to the high visibility of Navy bands, Navy musicians must have outstanding appearance and military bearing.

d. Required obligated service for this program is 36 months.

5. Procedures

a. Active duty members must obtain permission from their current chain of command via NAVPERS 1306/92 Special Program Screening. Exhibit 1 of MILPERSMAN 1306-900 is not required. Based on NEC manning levels; Director, Fleet Band Activities, in conjunction with BUPERS-32, determine if there is a current or projected vacancy.

b. If manning levels permit, an audition will be scheduled at an official Navy band site. This audition constitutes the official assessment of the member's overall musical performance ability. Auditions may be administered by any of the 11 official Navy bands located throughout the continental United States (CONUS), and overseas. Contact USNB (FBA) for assistance or location of audition sites.

c. Individual commands may issue "cost" temporary additional duty (TEMADD) orders, but funded travel is not required. Special liberty, leave, or no-cost TEMADD orders may be required by the member to properly affect the audition. Following the audition, members will return to their parent command.

d. Results of the audition will be forwarded to the member by Director, Fleet Band Activities.

e. Successful applicants are guaranteed assignment to MU "A" school upon release from current community.

MILPERSMAN 1306-929

NAVY MANPOWER ANALYSIS CENTER (NAVMAC)

Responsible Office	NAVPERSCOM (PERS-40BB)	Phone: Toll Free	1-866-U ASK NPC
---------------------------	---------------------------	------------------	-----------------

1. **Program Background.** Navy Manpower Analysis Center (NAVMAC) is responsible for developing and documenting wartime manpower requirements for all Navy fleet and shore activities and reviewing documentation for total force manpower requirements of the shore establishment, both peacetime and wartime.

a. NAVMAC conducts detailed analysis of workload, manning standards, and mission statements to determine optimum levels of manpower required for units to meet their respective wartime missions.

b. NAVMAC conducts extensive on-site surveys of workload on ships, staffs, and aviation squadrons and uses collected data to develop ship, squadron, or fleet manpower documents as well as Occupational and Naval Standards (OCCSTDs/NAVSTDs).

c. NAVMAC develops and applies various industrial engineering techniques designed to increase an organization's capability, proficiency, and productivity without increasing resources or existing workload.

d. Ratings assigned to NAVMAC include the following:

AB	Aviation Boatswain's Mate
AD	Aviation Machinist's Mate
AE	Aviation Electrician's Mate
AM	Aviation Structural Mechanic
AS	Aviation Support Equipment Technician
AT	Aviation Electronics Technician
AW	Aviation Warfare Systems Operator
AZ	Aviation Maintenance Administrationman
BM	Boatswain's Mate
CS	Culinary Specialist
CT	Cryptological Technician
DC	Damage Controlman

EM	Electrician's Mate
ET	Electronics Technician
FC	Fire Controlman
GM	Gunner's Mate
GS	Gas Turbine Systems Technician
HM	Hospital Corpsman
HT	Hull Maintenance Technician
IC	Interior Communications Electrician
IS	Intelligence Specialist
IT	Information Systems Technician
MM	Machinist's Mate
OS	Operations Specialist
PS	Personnel Specialist
SH	Ships Serviceman
SK	Storekeeper
STG	Sonar Technician (Surface)
STS	Sonar Technician (Submarine)
YN	Yeoman

e. Tour length will be 36 months.

2. **Requirements/Qualifications**

a. Personnel assigned to NAVMAC manpower analysts' billets must be eligible for a Secret security clearance.

b. Complete sections A and D2 of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

c. Required obligated service (OBLISERV) for this program is 36 months.

MILPERSMAN 1306-930

HISTORIC SHIP NAUTILUS (SSN 571)

Responsible Office	NAVPERSCOM (PERS-403C)	Phone:	DSN	882-4696
			COM	(901) 874-4696
			FAX	882-2638

1. **Background.** The Historic Ship NAUTILUS (SSN 571) is an important part of U.S. Navy history. The ship is located in Groton, CT and hosts more than 150,000 visitors each year.

a. The crew of the NAUTILUS is in constant contact with the public, requiring an outstanding personal appearance, free of obvious skin blemishes, and having excellent natural posture and military bearing.

b. Good moral character with respect to authority, as well as a clear, distinct speaking voice (free from any impediment) are musts.

c. Members fluent in the following languages are highly desired: French, Spanish, German, Arabic, Japanese, Chinese, or Tagalog.

d. Tour length will be prescribed rating shore tour.

2. **Requirements/Qualifications**

a. Male members must be submarine (SS) qualified. Nuclear-trained females who have completed Enlisted Surface Warfare Specialist qualification may be considered upon completion of an AS/CVN tour and favorable endorsement as having the ability to perform Radiological Control (RADCON) duties.

b. E-6 personnel not qualified Engineering Watch Supervisor (EWS)/Propulsion Plant Watch Supervisor (PPWS) for nuclear trained personnel, or Chief of the Watch (COW) for non-nuclear trained personnel must be recommended by the commanding officer (CO) as having the potential to rapidly qualify for the appropriate watch upon returning to sea following the NAUTILUS tour.

c. As required, some nuclear-trained personnel will be ordered via Radiological Control Technician Qualification School, Norfolk Naval Shipyard, VA.

d. Member must not have any visible tattoos.

e. Nuclear trained personnel must possess a valid driver's license.

f. COs must **personally** interview applicants prior to certifying eligibility. This responsibility may not be delegated.

g. Complete sections A, C, D3, and D5 of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900. For item A7, member must be within height-weight standards.

h. Required obligated service (OBLISERV) for this program is 36 months.

MILPERSMAN 1306-931

NAVY ABSENTEE COLLECTION AND INFORMATION CENTER (NACIC)

Responsible Office	NAVPERSCOM (PERS-4010E)	Phone:	DSN	882-3869
			COM	(901) 874-3869
			FAX	882-2646

References	(a) NAVMED P-117, Manual of the Medical Department (MANMED)
-------------------	--

1. **Background.** Navy Absentee Collection and Information Center (NACIC) assigned E-5 - E-9 personnel transport apprehended deserters/absentees to points throughout the United States (U.S.) and overseas.

a. NACIC personnel represent the U.S. Navy as well as the nation, often in extremely high positions of visibility in both civilian and military communities.

b. NACIC personnel have independent duty responsibilities and, therefore, must possess the highest levels of maturity, sound judgement, and integrity.

c. NACIC duty involves extensive temporary additional duty (TEMADD) travel, often with very little notice. Prospective personnel shall be apprised of this requirement.

d. NACIC tour lengths will be 36 months.

2. **Requirements/Qualifications**

a. Medical and dental screening. Members must be medically fit for extensive air travel. Health and dental records are to be screened following guidance in reference (a), and documented in the member's health record. Prior to transfer members are to be, at a minimum, Class II, Dental status.

b. Candidates shall be counseled/evaluated by the command personal financial manager (PFM). Serious financial problems/indebtedness, which are considered unresolved, or a documented

history of indebtedness over the last 3 years is disqualifying for duty at NACIC.

c. Single parents must have a childcare provider available at all times. NAVPERS 1740/6 (Rev. 9-06), Department of the Navy Family Care Plan Certificate must be validated prior to Command Special Program Screening endorsement.

d. Complete sections A, B, C, and D3 of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

e. Required obligated service (OBLISERV) for this program is 36 months.

f. Due to members' job requirements in which possession of weapons may be authorized, members that have been convicted of domestic violence or with an open Family Advocacy Program (FAP) are ineligible.

MILPERSMAN 1306-932

STAFF DUTY WITH THE BROADENED OPPORTUNITY FOR OFFICER SELECTION AND TRAINING (BOOST) PROGRAM

Responsible Office	NAVPERSCOM (PERS-4010K)	Phone:	DSN	882-3874
			COM	(901) 874-3874
			FAX	882-2646

1. Program Background

a. Broadened Opportunity for Officer Selection and Training (BOOST) is a Navy upward mobility program that allows educationally disadvantaged young men and women to prepare themselves to gain entrance to the Naval Academy or to accept Naval Reserve Officer Training Corps (NROTC) scholarships.

b. Tour length will be 36 months.

2. Requirements/Qualifications

a. Complete section A of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

b. Required obligated service (OBLISERV) for this program is 36 months.

MILPERSMAN 1306-934

NUCLEAR TRAINED PERSONNEL ASSIGNED TO NUCLEAR CAPABLE INTERMEDIATE MAINTENANCE ACTIVITIES (IMA)

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN	882-4696
			COM	(901) 874-4696
			FAX	882-2638

References	(a) NAVPERS 18068F, Manual of Navy Enlisted Manpower and Personnel Classifications and Occupational Standards, Volume II, Navy Enlisted Classifications
-------------------	---

1. **Program Background.** Each nuclear capable Intermediate Maintenance Activity (IMA) has a **Radiological Control (RADCON) Division** consisting of Electronic Laboratory Technician (ELT) and non-ELT nuclear trained personnel, and a **Nuclear Planner Division** consisting of non-ELT nuclear trained personnel. Certain nuclear capable IMAs also have a **Nuclear Repair Division** consisting of non-ELT nuclear trained personnel.

a. Billets in AS tenders count as sea duty for rotation.

(1) Locations include the following:

GUAM	LA MADDELENA, SARDINIA
SAN DIEGO, CA	NORFOLK, VA
NEW LONDON, CT	KINGS BAY, GA
PEARL HARBOR, HI	BANGOR, WA

(2) Tour length will be prescribed rating sea tour.

b. Tour length for shore IMAs will be 36 months.

2. **Requirements/Qualifications**

a. Nuclear trained personnel interested in requesting assignment to a nuclear capable IMA must be qualified on those watch stations required by reference (a) for assignment of the Nuclear Propulsion Plant Supervisor Navy Enlisted Classification (NEC) codes.

b. E-6 personnel requesting assignment as Nuclear Planner must be Engineering Watch Supervisor qualified.

c. Requests should include the following:

(1) Nuclear Power School (NPS) class standing (overall standing, not in-rate standing).

(2) Highest nuclear watch station qualification.

(3) Nuclear Instructor Duty screening for personnel requesting follow-on assignment to NPS.

(4) Commanding officer's (CO's) comments for IMA suitability and any requested waivers.

d. Required obligated service (OBLISERV) for this program is a minimum of 36 months.

MILPERSMAN 1306-935

COMMAND MASTER CHIEF (CMC) PROGRAM

Responsible Office	NAVPERSCOM (PERS-40FF)	Phone:	DSN	882-4560

------------	-----------------------

1. **Background.** Fleet Master Chiefs (FLTCM), Force Master Chiefs (FORCM), CNO-Directed Command Master Chiefs (CNOCM), and Command Master Chiefs (CMDCM) are the senior enlisted leaders who report directly to their commanders/commanding officers.

a. They are responsible and accountable for the following:

(1) Lead Sailors and apply their skills to tasks that enable mission accomplishment.

(2) Promote the professional growth and personal development of Sailors.

(3) Communicate the mission requirements, policies, core values, and standards.

(4) Strengthen and support the chain of command through aiding in the formulation and implementation of policy.

b. FLTCMs, FORCMs, CNOCMs, and CMDCMs uphold the highest standards of professionalism and stimulate better communications at all levels of the command throughout the Department of the Navy (DON). They strengthen the chain of command by working as an integrated element to foster better understanding of the requirements for, and viewpoints of, Sailors and their families.

c. Tour length will be 36 months.

2. Requirements/Qualifications

- a. Specific responsibilities, screening, selection, and billet requirements are contained in reference (a).
- b. Required obligated service (OBLISERV) for this program is 36 months.

FLAG CHEF PROGRAM

Responsible Office	NAVPERSCOM (PERS-44ES)	Phone:	DSN COM	882-3871 (901) 874-3871 (901) 874-3458
---------------------------	---------------------------	--------	------------	--

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone: Toll Free E-mail:	1-866-U ASK NPC uasknpc@navy.mil
---------------------------------------	-----------------------------	---

References	(a) SECNAVINST 1306.2D (b) OPNAVINST 1306.3B (c) DoD Instruction 1315.09
-------------------	--

1. Background

a. The Flag Chef Program provides food service and executive level support to flag and general officers, flag messes, and presidential or vice-presidential support activities.

b. Culinary specialists selected for these assignments possess superior performance records, advanced culinary skills often gained through specialized education or experience, impeccable appearance and demeanor, and a strong recommendation from their commanding officer (CO).

c. Tour lengths are normally 36 months or Department of Defense (DoD) area tour for overseas assignment. Assignments to the Flag Chef Program can be up to 8 consecutive years of duty. Tour-length extensions/waivers will be approved or disapproved by Navy Personnel Command (NAVPERSCOM), Flag Chef Program Manager (PERS-44ES2).

2. Program Components. Personnel nominated and selected are detailed to one of four components within the Flag Chef Program.

a. **Enlisted Aide (EA) Duty (NEC-3530)**. Culinary specialists nominated and assigned to flag and general officers, per references (a) through (c) and MILPERSMAN 1306-900, are assigned upon completion of Advanced Culinary Skills Training Course and Enlisted Aide Training Course.

(1) Projected rotation dates (PRD) for personnel are determined by the tour length of the flag or general officer.

(2) Personnel serving as enlisted aides must volunteer in writing prior to execution of orders, and may choose to terminate EA duty at any time.

b. **Flag Mess Duty - Culinary Specialists Assigned to Flag, General, or Executive Messes Afloat or Ashore.** Flag mess personnel have the option to volunteer for assignment as an EA upon successful completion of initial flag mess duty.

c. **Executive Support Duty - Culinary Specialists Assigned to Presidential Food Service, Vice-President's Residence, or Camp David.** Candidates must meet additional eligibility requirements provided by the Flag Chef Program Manager (PERS-44ESB).

d. **Executive Transport Duty - Culinary Specialists Assigned to Fleet Logistics Support Squadron 1 (VR-1), Executive Transport Detachment Pacific, or Executive Transport Detachment Sigonella.** Candidates must meet additional eligibility requirements such as completing a class II swim qualification, a flight physical, and aircrew indoctrination training (Naval Aviation Survival Training Program (NASTP)) for class IV aircraft.

3. Requirements and Qualifications

a. An individual must possess the following qualifications for nomination; waivers of these qualifications will be considered on a case-by-case basis:

(1) Highly motivated for assignment and strongly recommended by the CO;

(2) Ability to work effectively with senior officers and or executive civilians;

(3) Must have at least 2 years experience in food preparation and meal service;

(4) In some cases, experience in bookkeeping or automated accounting is a plus;

(5) A clear record, free from conviction by court-martial, civil court (except minor traffic offenses), and non-judicial punishment (NJP) in the past 3 years;

(6) Able to meet security clearance requirements;

(7) Emotionally stable and able to work arduous hours;

(8) No evaluation marks below 3.0 for past 3 years; and

(9) Unless the most recent physical fitness assessment (PFA) was passed, Sailors who have failed one PFA in the past 3 years will not meet qualifications for nomination.

b. Complete sections A, B, D2, and D3 on NAVPERS 1306/92 Special Program Screening Form and Exhibit 1 of MILPERSMAN 1306-900. NAVPERS 1306/92 may be accessed by using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

c. Required obligated service (OBLISERV) for this program is 36 months.

4. **Application.** Requests for initial and subsequent assignment must be submitted to Navy Personnel Command (NAVPERSCOM), Executive Services Branch (PERS-44ES) via the administrative chain of command on NAVPERS 1306/7 Enlisted Personnel Action Request. NAVPERS 1306/7 may be accessed by using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>. Nomination packages must be submitted 9-12 months prior to member's PRD to allow sufficient time for review of nominees, personal interviews (if required), and final selection. Nomination packages must include the following:

a. Completed NAVPERS 1306/7 Enlisted Personnel Action Request;

b. Completed NAVPERS 1306/92 Special Program Screening Form;

c. Copies of the last three evaluations;

d. Commanding officer or assigned flag officer endorsement on command letterhead;

- e. Personal biography;
- f. Full front and side view color photographs in service dress uniform; and
- g. Signed Flag Chef Program NAVPERS 1070/613 Administrative Remarks. The member must sign the following NAVPERS 1070/613 entry:

I hereby volunteer to be considered for the Flag Chef Program. I understand that by volunteering I am eligible to be detailed to any program component within the Flag Chef Program Community and to any Flag Officer Staff, Flag Mess Ashore, or Flag Mess Afloat. Additionally, if selected, I understand that I will be detailed in conjunction with the needs of the Navy within the Flag Chef Community.

I certify that I have read and understand OPNAVINST 1306.3, including the requirements for confidentiality.

WHITE HOUSE COMMUNICATIONS AGENCY (WHCA)

Responsible Office	NAVPERSCOM (PERS-4010F)	Phone:	DSN COM	882-3886 (901) 874-3886
---------------------------	----------------------------	--------	------------	----------------------------

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone:	Toll Free	1-866-U ASK NPC
---------------------------------------	--------	--------------	-----------------

References	(a) DoDD 5210.55 of 15 Dec 98 (b) DoDI 5210.87 of 30 Nov 98 (c) SECNAVINST 5312.12C
-------------------	---

1. **Background.** The White House Communications Agency (WHCA) provides premier, world-wide communications support that enables the President and the Presidential Staff to lead the nation effectively.

a. The WHCA manages a world-wide screening program to identify personnel for assignment to the agency by traveling to various naval bases. The screening team conducts a record screen of those personnel that meet the initial qualification criteria for assignment to the agency.

b. Eligible candidates selected from the record screen will then attend an orientation and continue on with personal interviews and further security clearance processing. Once selected, a single-scope background investigation will be initiated by the WHCA recruiting team to determine Top Secret and Sensitive Compartmented Information (TS/SCI), and Presidential support duty eligibility.

c. The WHCA screening procedures require time intensive and costly background investigations. TS/SCI and Presidential support duty eligibility may take approximately 12 to 18 months to complete. Therefore, upon notification from a WHCA recruiter, Navy Personnel Command (NAVPERSCOM), Major Washington/Memphis Staff detailer (PERS-4010F) must place a candidate's record in a detailing hold status. This hold status notifies the respective detailers that the candidate is being screened for the WHCA and not to create orders without prior consent from the WHCA. Once a candidate is Presidential support

duty eligible and meets all other requirements per MILPERSMAN 1306-900, the WHCA recruiter will notify NAVPERSCOM (PERS-4010F) to create orders to WHCA.

d. Considering the intense training received at the WHCA, all tour lengths will be 4 years, with the exception of the ITCM billet, which will be a 3-year tour.

2. **Requirements/Qualifications.** Pay grade E-4 may not have more than 5 years total active military service, pay grade E-5 may not have more than 10 years total active military service, and pay grade E-6 and above may not have more than 15 years total active military service. Exceptions will be made on a case-by-case basis.

a. The following additional requirements must also be met:

(1) Must be in the following ratings: BU, CE, CTI (NEC 9201), CTM, CTN, EM, ET, HM, IC, IT, MC, PS, SW, or YN;

(2) Must be a U.S. citizen;

(3) Must be eligible for Presidential support duty per references (a) through (c); and

(4) Applicant must have been awarded a warfare device (if attached to a qualifying unit).

b. Required obligated service for this program is 48 months.

3. **Additional Requirements.** Assignment to WHCA is contingent on the successful completion of a special background investigation for Presidential support duty and the availability of an authorized billet. Online applications may be submitted on the following Web site: <http://www.disa.mil/Careers/WHCA>.

MILPERSMAN 1306-940

NAVAL RESERVE OFFICER TRAINING CORPS (NROTC) TRAINING AND SUPPORT PERSONNEL

Responsible Office	NAVPERSCOM (PERS-402SK)	Phone:	DSN	882-3724
			COM	(901) 874-3724
			FAX	882-2637

1. Program Background

a. Personnel selected for duty as instructors at any Naval Reserve Officer Training Corps (NROTC).

b. Tour lengths are 36 months.

2. Requirements/Qualifications

a. Complete section A of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

b. Required obligated service (OBLISERV) for this program is 36 months.

MILPERSMAN 1306-941

FLEET AND FAMILY SUPPORT CENTERS (FFSCs)

Responsible Office	Policy: NAVPERSCOM (PERS-61)	Phone:	DSN COM FAX	882-4328 (901) 874-4328 (901) 874-6812
	Implementation: CNI (N21)	Phone:	DSN COM FAX	288-4617 (202) 433-4617 (202) 433-0841

1. **Background.** Fleet and Family Support Centers (FFSCs) provide a full range of counseling, education and training, and information and referral services for servicemembers and their families. There are a very limited number of billets for military personnel in FFSCs.

a. Hampton Roads FFSC Information and Referral (I&R) Unit

(1) I&R Specialist Counselors perform specialized I&R/Crisis Intervention duties.

(2) Hotline responses range from individual information requests, to shipboard crisis or world crisis, and potential suicide situations.

(3) I&R Specialists act as an initial contact for servicemembers and their families, providing information on, and referral to, established federal, state, and local programs available to aid military families. I&R includes, but is not limited to: health care resources, personal/family/marital counseling, housing, child care, legal assistance, education resources, religious service/pastoral counseling, and other family support services. I&R Specialists may also receive crisis calls. Duties include: evaluating each situation, calm caller, and make appropriate referrals/coordinate local law enforcement/medical intervention when required.

b. Other general FFSC billets usually operate as single military point of contact (POC) in an FFSC. Duties may include: advising staff members on military-related issues, providing I&R to clients, assisting with educational programs and client self-help computer resource centers, operating Relocation Loan Locker, distribution of Welcome Aboard Packets, and manage facility maintenance and security.

c. Tour length will be prescribed rating shore tour.

2. Requirements/Qualifications

a. Complete sections A and C of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

b. Have **no** history of **child or spouse maltreatment**. Due to the close working relationship with Navy families in crisis, members currently involved in Family Advocacy Program (FAP) are not eligible.

c. Required Armed Services Vocational Aptitude Battery (ASVAB) scores: Combined VE + AR OF 110.

d. Required obligated service (OBLISERV) for this program is 36 months.

3. Screening Questions/Waivers. Questions about the billet or any screening items should be directed to the FFSP Program Director for the Navy region in which the billet is assigned. POC name and phone numbers may be obtained from Commander Navy Installations (CNI) (N21) listed above.

MILPERSMAN 1306-942

USS ARIZONA MEMORIAL

Responsible Office	NAVPERSCOM (PERS-4010D)	Phone:	DSN	882-3451
			COM	(901) 874-3451
			FAX	882-2646

1. **Background.** USS ARIZONA Memorial is a premier tourist attraction in Hawaii. More than 1 million visitors annually pay their respects to the ship and its crew.

a. Volunteers seeking duty at USS ARIZONA Memorial must be able to deal with the public. Non-petty officers (E-3 and below) should preferably have fleet experience. Petty officers should be warfare qualified.

b. Tour length will be Department of Defense (DoD) area tour.

2. **Policy**

a. Non-petty officers are normally assigned directly from Navy Recruit Training Command (NAVCUITRACOM). Recruits who volunteer and are accepted for ARIZONA duty must execute NAVPERS 1070/613 (7-06), Administrative Remarks, acknowledging delayed entry into whichever guaranteed program they enlisted for, until completion of their prescribed tour on ARIZONA.

b. Members who did not enlist for a guaranteed program may request any program for which they qualify within 9 months prior to the end of their tour. Requests can be expected to receive favorable consideration if the member is otherwise eligible and a requirement exists.

3. **Requirements/Qualifications**

a. Required minimum Armed Services Vocational Aptitude Battery (ASVAB) scores:

(1) WK of 50.

(2) VE of 50.

b. Meet the following additional requirements:

(1) No skin blemishes or tattoos that are visible while wearing short sleeve working uniforms.

(2) Clear distinct speaking voice, free from any impediment or heavy accent.

(3) Non-petty officers must be unmarried and without dependents.

(4) No physical disabilities which would preclude service onboard ship.

(5) Qualified second class swimmer.

4. Application

a. Volunteers must be released from their community via rating detailer to Navy Personnel Command (NAVPERSCOM), Shore Special Programs Assignment Branch(PERS-4010D).

b. Submit the following information to NAVPERSCOM (PERS-4010D) for screening:

(1) NAVPERS 1306/92 (Rev. 12-03), Special Duty Screening Form. (Complete all sections of NAVPERS 1306/92, MILPERSMAN 1306-900, Exhibit 1.)

(2) Evaluation/fitness reports for the past 36 months.

(3) ASVAB scores (WK, VE).

(4) Height, weight, last three physical fitness assessment (PFA) scores and any current failures.

(5) Commanding officer (CO) signed letter of endorsement which must include a statement on military appearance and tattoos, an evaluation on the member's speaking ability to include information on heavy accents or speech impediments, and the Sailor's demeanor, professional knowledge, and leadership skills. Commenting on the member's ability to work and lead groups of junior Sailors with little oversight is a favorable characteristic.

(6) Point of contact (POC) and phone number (career counselor, leading chief petty officer (LCPO), command master chief (CMC)).

c. Forwarding command career counselor (CCC) must contact and coordinate application with NAVPERSCOM (PERS-4010D) at (901) 874-3855.

d. Applications can be sent via facsimile (FAX) to (901) 874-2646.

e. In case of new accessions, a copy of DD 4 (1-01), Enlistment/Reenlistment Document Armed Forces of the United States should be forwarded to NAVPERSCOM (PERS-4010D).

f. Required obligated service (OBLISERV) for this program is 36 months.

MILPERSMAN 1306-943

MOBILE ENVIRONMENTAL TEAMS (METs)

Responsible Office	NAVPERSCOM (PERS-404DH)	Phone:	DSN	882-3656

-------------------	---------------------------------

1. **Background.** Mobile Environmental Teams (METs) provide short term, on-scene tactical environmental support to operating units, which do not have meteorological, and oceanographic support personnel assigned.

a. METs are equipped to provide a wide variety of support including meteorological and oceanographic forecasts and observations and upper air observations using portable computers, facsimile equipment, satellite receiving equipment, communications and other equipment.

b. In addition, they provide training in observing, recording and reporting surface weather and oceanographic observations.

c. There are currently eight METs located at Norfolk, VA; Rota, SP; Jacksonville, FL; Pearl Harbor, HI; San Diego, CA; Yokosuka, JA; Bahrain and Whidbey Is., WA.

d. Duty with METs is classified as Type 2 or 4 sea duty. Tour length is prescribed rating sea tour or Department of Defense (DoD) area tour for overseas assignments.

2. **Requirements/Qualifications**

a. Possession of or eligibility to obtain a SECRET security clearance or higher in accordance with SECNAVINST 5510.30A, appendix F is a requirement.

b. Complete sections A and D2 of NAVPERS 1306/92 (Rev. 04-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

c. Required obligated service (OBLISERV) for this program is 36 months.

MILPERSMAN 1306-944

NAVAL SPECIAL WARFARE MOBILE COMMUNICATION DETACHMENTS (MCD)

Responsible Office	NAVPERSCOM (PERS-4013)	Phone:	DSN	882-4252
			COM	(901) 874-4252
			FAX	882-2649

1. **Background.** Naval Special Warfare Mobile Communication Detachment UIC's (58588/58587/00312/57009) provide operational communications support to include training, organizing, integrating new equipment, and development of tactics to provide the highest quality tactical communicators in support of Naval Special Warfare.

a. Billets require duty in arduous field environments (many times isolated and independent) in support of naval special warfare operational forces.

b. Teams are in homeport at Naval Amphibious Base (NAVPHIBASE), Coronado, CA and Joint Expeditionary Base (JEB), Little Creek, VA.

c. All waivers can be sent to:

(1) Officer in Charge, Naval Special Warfare Group One, Mobile Communication Team PLAD: NAVSPECWARGRU ONE MOBCOMMDET.

(2) Officer in Charge, Naval Special Warfare Group Two, Mobile Communication Team PLAD: NAVSPECWARGRU TWO MOBCOMMDET.

d. The following ratings are currently eligible for assignment: ET, IT, PS, LS and YN.

e. Minimum activity tour will be 48 months.

2. **Requirements/Qualifications**

a. Personnel:

(1) Must be eligible for and maintain a Top Secret/Sensitive Compartmented Information clearance.

(2) Must maintain minimum score of Good-low or higher for last 36 months, with no waivers, on the Physical Fitness Assessment.

(3) Must not have any non-judicial punishment or civil offenses in the last 36 months.

(4) With a prior conviction for domestic violence charges are permanently ineligible (No waiver).

(5) Must qualify for and maintain eligibility for a Government travel credit card (GTCC).

(6) Must complete NAVPERS 1306/92 Special Program Screening, sections A, B, C, D2/D3/D4/D6, which can be accessed by the following link http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Documents/NAVPERS%201306-92%20R1-11_RE.pdf

(7) Must have 48 months of required obligated service for this program (all pay grades) due to the extensive naval special warfare communications training, including several high risk courses of instruction.

b. Detailed application information may be obtained by contacting:

(1) NAB Coronado: Comm (619)537-5303 or DSN: 577-7623.

(2) JEB Little Creek: Comm (757)462-7801/763-2671 or DSN: 253-7801/255-2671.

1. **Background.** Navy Exchange Service Command (NEXCOM) Fleet Assistance Teams provide technical and managerial assistance to Ship's Servicemen (SHs) in ships store retail and service operations, as well as provide in-depth assistance in accountable records maintenance. They also provide technical and managerial assistance to engineering personnel in the Electrician's Mate (EM) and Machinist's Mate (MM) ratings in laundry and dry cleaning operations, and the Navy 3M system.

a. These teams are located at Norfolk, VA; Mayport, FL; San Diego, CA; and Yokosuka, Japan.

b. Tour length will be 36 months, or Department of Defense (DOD) area tour for overseas assignments.

2. **Requirements/Qualifications**

a. Requirements for SH:

(1) SH Team Leader: E-8 or E-9.

(2) SH member: E-5 - E-7 with at least one sea tour.

(3) Completed Retail Operations Management (ROM) "C" School and SH Personnel Qualification Standards (PQS) prior to reporting for duty.

b. Requirements for EM/MM:

(1) EM/MM member: E-6 - E-7 with at least one sea tour.

(2) Completed Instructor School (NEC 9502).

c. Complete section A of NAVPERS 1306/92 (Rev. 12-03),
Special Program Screening Form, Exhibit 1 of MILPERSMAN

Responsible Office	NAVPERSCOM (PERS-404)	Phone:	DSN	882-3685
			COM	(901) 874-3685
			FAX	882-2642

1. **Program Background.** Commander Naval Air Forces (CNAF) Aviation Maintenance Management Teams (AMMTs) are responsible for conducting maintenance management evaluations throughout the Fleet and providing expert assistance and training to ensure strict compliance with the Naval Aviation Maintenance Program (NAMP).

a. AMMTs provide organizational and intermediate level evaluations on programs such as central technical publications library, aviation weapons support equipment program, tire and wheel, calibration, electromagnetic static discharge, hazardous material, tool control, ordnance certification, support equipment training and licensing, maintenance department safety, quality assurance audits, and other NAMP programs.

b. AMMT assignments are sea duty (Type Duty Code "2") for rotation purposes and members are required to serve on extended temporary additional duty (TEMADD) assignments.

c. Tour length will be 36 months.

2. **Requirements/Qualifications**

a. Complete sections A and D2 of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

b. Required obligated service (OBLISERV) for this program is 36 months.

MILPERSMAN 1306-949

LANDING CRAFT, AIR CUSHION (LCAC)

Responsible Office	NAVPERSCOM (PERS-402D)	Phone:	DSN	882-2305
			COM	(901) 874-2305
			FAX	882-2649

References	(a) SECNAVINST 5510.30A
-------------------	-------------------------

1. **Background.** The Landing Craft, Air Cushion (LCAC) is a high-speed, ship-to-shore, over-the-beach Air Cushioned Vehicle (ACV) designed to operate from the welldeck of amphibious assault ships.

a. The primary mission is to conduct high-speed, ship-to-shore, and over-the-beach operations in support of Marine amphibious forces.

(1) It is capable of carrying a 60-ton payload at 35+ knots. Launched from the welldeck of amphibious ships (LSDs, LHAs, LHDs, and LPDs), the LCAC can transport to the beach equipment, personnel, and weapons; and is capable of transporting up to 180 troops.

(2) The craft is comprised of 5 crew members.

(a) Craft Master (NEC 0167) duties include maneuvering the craft and supervising all craft activity.

(b) Craft Engineer (NEC 4131) duties include operating the craft engineering, auxiliary, and propulsion equipment.

(c) Craft Navigator (NEC 0304) duties include operation of installed communication and navigation electronic equipment.

(d) Deck Mechanic (NEC 4130) duties include at sea troubleshooting and repair of engineering systems.

(e) Load Master (NEC 0172) duties are to supervise the loading and unloading of all cargo, ensuring proper craft balance, and supervise all seamanship evolutions.

b. Initial tour length for NECs 0167, 4131, and 0304 will be a 60-month sea tour. NECs 4130 and 0172 will be assigned normal prescribed sea tour length.

(1) Upon completion of the initial 60-month sea tour, personnel may be required to complete a follow-on shore tour as an instructor within the LCAC community.

(2) Assignments will be made by Navy Enlisted Classification (NEC) vice rate or paygrade. This shall be done in order to recoup the tremendous investment made in training and qualifying personnel.

2. Requirements/Qualifications

a. Craft Master, Craft Engineer, and Craft Navigator require Armed Services Vocational Aptitude Battery (ASVAB) scores of: AR + MK + GS + EI = 204.

b. Eligible for a Secret clearance per reference (a).

c. Second Class swim qualified.

d. Night blindness will be cause for rejection. Color vision must pass the Farnsworth lantern test or 12 of 14 Pseudoisochromatic Plates (PIP).

e. Hearing must meet the following ISO standards in each ear during required audiogram:

Frequency Range	Better Ear	Worse Ear
500hz	35db	50db
1000hz	30db	50db
2000hz	30db	50db

f. Complete sections A, B, C, and D of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

g. Required obligated service (OBLISERV) for initial tour will be 30 months for NECs 0167, 4131, and 0304; and 24 months for NECs 4130 and 0172.

MILPERSMAN 1306-950

MARINE HELICOPTER SQUADRON ONE (HMX 1) (NIGHTHAWKS)

------------	--

1. Program Background.

a. Marine Helicopter Squadron One (HMX-1) is the designated Presidential helicopter support squadron based at Quantico, VA. Marine and Navy personnel assigned to HMX-1 perform a wide range of duties including the transport of executives and heads of states, as well as provide support to various commands attached to Marine Corps Combat Development Command located at Quantico, VA.

b. Tour length will be 36 months.

2. Requirements/Qualifications.

a. Be a Storekeeper (SK) in paygrade E-3 through E-7, or a Hospital Corpsman (HM) in paygrade E-4 through E-6, possessing Navy Enlisted Classification (NEC) code HM-8406, HM-8409, or HM-8425.

b. Be a United States (U.S.) citizen and, if married, immediate family (including in-laws) be U.S. citizens.

c. Be eligible for assignment to a Presidential support activity per references (a) and (b).

d. Final screening will be conducted by HMX-1. Upon completion of screening, HMX-1 Security Administration will send a message with the results of the screening to the respective Navy Personnel Command (NAVPERSCOM) detailee. If accepted, permanent change of station (PCS) orders will be issued.

e. For additional information regarding duty or security clearance information contact HMX-1 Security Administration at the following:

HMX-1 (Security Administration)
2101 Rowell Rd.
Quantico, VA 22014

			COM	(901) 874-3880
			FAX	882-2646

References	DoDD 1000.17 of 24 Feb 97 DoDD 5132.10 of 14 Dec 73
-------------------	--

1. Background

a. DoDD 1000.17 establishes policy and assigns responsibility for the management and administration of military and civilian personnel supporting non-Department of Defense (DoD) agencies and activities.

b. DoDD 5132.10 establishes policy and assigns responsibility for personnel assigned outside DoD involving individual foreign military sales funded by foreign governments and Military Assistance Groups and Missions.

c. Navy Personnel Command (NAVPERSCOM) (PERS-4010F), Washington/Memphis Staff, is responsible for coordinating the placement of members in agencies outside the DoD.

d. The use of DoD personnel to support non-DoD agencies and activities is rigorously controlled and all new positions are approved in writing by the Office of the Assistant Secretary of Defense (MRA&L). Individuals on their last tours prior to retirement will not normally be assigned outside DoD.

e. Tour length will be prescribed rating sea tour.

2. Requirements/Qualifications

a. Personnel will not be detailed or otherwise assigned to committees of Congress or to the personal staffs of members of Congress except in the case of an assignment to perform duties for a specific duration in a specific project.

(1) Such assignment must be approved in advance by the Navy Comptroller or the Chief of Legislative Affairs, as appropriate, and the Assistant Secretary of the Navy (M&RA).

(2) Department of the Navy (DoN) activities are not authorized to establish independent congressional fellowship programs.

b. Complete sections A, B, and D2 of the NAVPERS 1306/92 (Rev. 04-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

c. Required obligated service (OBLISERV) for this program is 36 months.

INSTRUCTOR DUTY

Responsible Office	NAVPERSCOM (PERS-40BB)	Phone: Toll Free	1-866-U ASK NPC
---------------------------	---------------------------	------------------	-----------------

References	(a) SECNAV M-5510.30, Department of the Navy Personnel Security Program (b) Manual of the Medical Department (NAVMED) (c) OPNAVINST 1500.75A
-------------------	---

1. **Program Background.** Personnel selected for duty as instructors will learn the methods and techniques of training either via instructor school prior to transferring to the appropriate activity for duty as an instructor, or through a command sponsored Instructor Development Training (IDT) program upon arrival at the appropriate activity for duty as an instructor.

a. Reference (a) provides that any person selected for duties in connection with formal programs involving the education and training of military or civilian personnel must have a favorably adjudicated National Agency Check with Local Agency and Credit Checks (NACLC)/Access National Agency Check and inquiries (ANACI) prior to assignment.

b. Tour length is 36 months or prescribed rating shore tour.

2. **Transferring Command Requirements**

a. Complete all sections of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

b. Have local Military Treatment Facility (MTF), Medical Officer, Independent Duty Corpsman (IDC), or Master Training Specialist administer the Reading Aloud Test, as outlined in reference (b), article 15-95, para. (1)(c). Annotate results in Section D of NAVPERS 1306/92.

c. Required obligated service (OBLISERV) for this program is 36 months.

d. Required completion of reference (c), enclosures (1) through (3), for high-risk courses. It is the responsibility of the receiving activity to notify the detaching activity of course requirement.

e. Report suitability/unsuitability determinations to Navy Personnel Command (NAVPERSCOM), Enlisted Distribution Division (PERS-40), rating detailer; and receiving command utilizing Exhibit 2 of MILPERSMAN 1306-900 within 30 days of receipt of Bureau of Naval Personnel (BUPERS) orders. If warranted, submit waiver utilizing Exhibit 3 of MILPERSMAN 1306-900.

f. Submit completed NAVPERS 1306/92 to servicing Personnel Support Activity Detachment (PERSUPPDET) for entry into electronic service record.

g. If Sailor is in excess of body fat but passed the PFA, the commanding officer has the discretion to query the receiving command. Front and side photos will be provided to determine if the Sailor is acceptable.

3. **Receiving Command Requirements.** Special Programs Screening Deficiency Report (SPSDR) is submitted by the receiving command to report discrepancies discovered during the screening conducted by the transferring command. Exhibit 4 of MILPERSMAN 1306-900 provides the format for submitting a SPSDR. It is sent to the transferring command; information copy to NAVPERSCOM, Shore Special Programs Assignment Branch (PERS-4010); and applicable detailer.

MILPERSMAN 1306-954

RECRUIT DIVISION COMMANDER (RDC) DUTY

Responsible Office	NAVPERSCOM	Phone:	DSN	882-3855
	(PERS-4010D)		COM	(901) 874-3855
			FAX	882-2646
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

References	(a) BUMEDINST 1300.2A
-------------------	-----------------------

1. **Background**. Recruit division commanders (RDC) are the single most important factor in preparing new enlisted personnel for a successful Navy career. Few billets are as demanding as those of training recruits.

a. In execution of these duties, personnel assigned to Recruit Training Command (NAVCRUITRACOM) must continually demonstrate superior leadership and motivational skills in demanding and often unique situations.

b. The tasks required are mentally, physically, and emotionally demanding and require proven self-discipline and imaginative problem-solving skills.

c. Above all, RDCs must be highly principled, possessing strong character and personal and professional integrity. They must be committed to reflecting the Navy's core values.

d. Duty as an RDC has many advantages, such as: special duty assignment pay (SDAP), leadership experience that is unmatched in any other billet, (historically) greater advancement opportunity, supplemental clothing allowance rate of \$220 per year, and no cost dry cleaning. The Recruit Training Service Ribbon will be awarded to those RDCs who successfully train 9 divisions.

e. Upon completion of a full 3 or more year tour as an RDC (NEC 9508), personnel will be guaranteed choice of

coast assignment. The member must submit coast selection via NAVPERS 1306/7 Enlisted Personnel Action Request, 12-15 months prior to projected rotation date (PRD).

f. Tour length will be a minimum of 36 months.

2. Requirements/Qualifications

a. Service members must be screened by a qualified medical representative per reference (a). Candidates must disclose the following information to medical personnel:

(1) List any known medical conditions (e.g., recent surgery, injuries, knee problems, back problems, etc.) which would preclude full participation in strenuous daily exercise with recruits and the physical readiness program.

(2) Mental health status. Personnel with any documented psychiatric care or anger management care will be considered unsuitable for RDC duty. Any history of emotional/mental instability (e.g., post-traumatic stress disorder or tendency for violent reaction to stress) must be fully documented and presented to Navy Personnel Command (NAVPERSCOM) and NAVCRUITRACOM for consideration and waiver.

b. Member must be screened by the command drug and alcohol program advisor. Member must not have a history of intemperate use of alcohol in the last 60 months. Personnel with any history of drug usage, possession, or trafficking while on active duty are not considered suitable for RDC duty.

c. Member must be screened by a family advocacy program (FAP) representative.

(1) Substantiated cases are disqualifying while families are in treatment, and for 2 years after treatment.

(2) Applicants with substantiated child sexual abuse cases are permanently disqualified for RDC duty.

(3) All FAP cases require review/comment of screening by their Commanding Officer (CO).

d. Member must be screened by the command equal opportunity (EO) representative. All substantiated cases of equal opportunity program violations which result in non-judicial punishment (NJP), marks of 2.0 in EO on evaluations, conviction at court-martial, or civilian criminal court are disqualifying.

(1) NJP does not constitute a "conviction".

(2) Conviction at a court-martial or in a civilian criminal court.

e. A screening board chaired by member's command master chief (CMC), and a minimum of three other board members must interview the nominee prior to the CO's interview.

(1) Upon completion of the CMC screening board, a NAVPERS 1070/613 Administrative Remarks entry must be completed.

Date: (Rate/Name) was interviewed this date per MILPERSMAN 1306-954 and found to be fully qualified for assignment to Recruit Division Commander Duty.

Command Master Chief's Signature

(2) The following administrative remarks apply to all personnel assigned as RDCs and shall be briefed to all applicants by the CMC screening board:

(a) Member must be committed to and reflect the Navy's core values.

(b) Tobacco use is severely restricted at NAVCRUITRACOM.

(c) Pregnancy is not disqualifying; however, PRD will be lengthened to include limited duty and

convalescent leave associated with pregnancy and childbirth.

(d) Minimum 3-year RDC tour commences upon successful graduation from RDC "C" School.

(e) Member's family must be screened to ensure known medical conditions can be properly cared for.

(f) Exceptional family member (EFM) participation is not disqualifying. Candidates with dependents enrolled in EFM program should be closely screened and counseled concerning the availability of required services and the demanding nature of duty at NAVCRUITRACOM.

(g) Single parent members must be counseled on working hours, duty requirements, and **extended childcare requirements** (documented by a NAVPERS 1070/613 entry). Point of contact for this information is **RDC School LCPO (DSN 792-4994, COMM. (847) 688-4994) at NAVCRUITRACOM Great Lakes.**

(h) Personnel with 15 or more years of service will not be approved for transfer to the Fleet Reserve before completion of the minimum tour. High year tenure waivers for E6's with 17 years of service and E5's with 11 years will not be approved for RDC duty.

f. The CO will personally evaluate and certify that member has been screened.

(1) Upon completion of the CO's interview, a NAVPERS 1070/613 entry must be completed.

Date: (Rate/Name) was interviewed this date per MILPERSMAN 1306-954 and found to be fully qualified for assignment to Recruit Division Commander Duty.

Commanding Officer's Signature

Note: By direction is not authorized and will not be accepted.

(2) The following requirements must be evaluated:

(a) Performance evaluations: No mark below 3.0 on NAVPERS 1616/26 Evaluation Report and Counseling Record (E-1 - E-6) in any trait and must reflect steady or improving trend for the past 36 months.

(b) No NJP, courts-martial, civilian criminal conviction, or significant involvement with civil authorities within the past 36 months.

(c) Must demonstrate strong traits in military bearing and leadership.

(d) E-5: Must have a minimum of 6 years active service with 2 years time-in-rate. E-6 must have a minimum of 6 years active service.

(e) Warfare qualification required (waivers granted on case-by-case basis).

(f) Required Armed Services Vocational Aptitude Battery minimum VE score of 50 (waivers granted on case-by-case basis).

(g) Physical Readiness: Member must have scored "good low" or higher on the most recent physical fitness assessment for his/her age group. Due to the nature of the assignment, the run portion of the Physical Readiness Test (PRT) may not be substituted with any other optional cardiovascular event. The RDC candidate must perform and pass the run portion of his/her most recent PRT for NAVCRUITRACOM, Officer Training Command and United States Naval Academy RDC assignments. Waiver of the run portion of the PRT is disqualifying.

(h) Tattoos: Individuals with excessive or vulgar (nudity/profanity) visible tattoos are not eligible.

Excessive is defined as tattoos that cover over two-thirds of an individual's exposed limbs. Visibility of tattoos must be inspected with the member in PTU's. Any waiver request must have tattoos photographed and submitted to NAVPERSCOM, Shores Special Programs Branch (PERS-4010) for approval.

(i) Permanent No-Shave Chits: Individuals who have been issued medical permanent no-shave chits are disqualified.

g. All candidates must be re-screened by the detaching command 30-45 days prior to detachment. If status has changed, detaching command must notify NAVPERSCOM, (PERS-4010) and NAVCRUITRACOM Great Lakes by message prior to execution of orders.

h. Waivers for the requirements contained in this article will be granted by NAVPERSCOM (PERS-4010), in consultation with CO, NAVCRUITRACOM prior to releasing orders.

i. Complete sections A, B, C, D1, and D5 of NAVPERS 1306/92 Special Program Screening Form, and Exhibit 1 of MILPERSMAN 1306-900. A copy of the completed screening package, including full length three-quarter view photo of the candidate in Khaki (E-7 and above) or service uniform (E-6 and below) and PRT results from last 3 cycles from Physical Readiness Information Management System must be emailed or faxed to NAVPERSCOM (PERS-4010).

j. Required obligated service (OBLISERV) for this program is 36 months. OBLISERV must be obtained by the command delivering orders within 30 days of receipt. NAVPERSCOM (PERS-4010D) must be notified by message of any members who fail to obligate.

------------	---

1. **Background**. Reference (a) governs the actions of every member of the Armed Forces during peacetime or combat. It demands high standards. To ensure the achievement of these standards, members of the Armed Forces are trained in the proper procedures when isolated, detained, surrounded, or cut off.

a. Strong, effective leadership, group loyalties, and esprit de corps must be fostered by every means. Each individual must be fully instructed in proper conduct and courses of action when faced with detention, capture, or as a prisoner of war.

b. Individuals liable to detention or capture must be provided with training designed to enable them to cope with exploitation efforts. All must learn the methods by which exploitation can be resisted or avoided. The Executive Agent for Secretary of Defense (SECDEF) Code of Conduct training is the Joint Personnel Recovery Agency (JPRA), who oversees all Code of Conduct training within the Department of Defense (DOD).

c. Survival, Evasion, Resistance and Escape (SERE) Instructor duty is physically and mentally challenging.

d. SERE duty locations are

- Fleet Aviation Specialized Operational Training Group Pacific (FASOTRAGRUPAC), San Diego, CA, and
- Fleet Aviation Specialized Operational Training Group Atlantic (FASOTRAGRULANT), Brunswick, ME.

e. Access additional information at

- www.faso.navy.mil for FASOTRAGRUPAC, or
- www.fasolant.navy.mil for FASOTRAGRULANT.

f. Tour length will be 36 months.

2. **Standards/Requirements**

a. Must be an E-5 or above.

b. Members must complete a medical examination per reference (b), chapter 15, article 15-65.

c. Complete high-risk instructor form per reference (c), enclosure (2).

d. Complete sections A, B, C, D2, and D3 of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

e. Required obligated service (OBLISERV) for this program is 36 months.

f. Contact gaining command prior to screening.

g. Members selected for assignment to SERE will be assigned to attend **89 days of SERE IUT (NEC 9505)** at one of the designated locations.

MILPERSMAN 1306-956

NAVY RESERVE INSTRUCTOR DUTY

Responsible Office	NAVPERSCOM (PERS-4012C)	Phone:	DSN	882-3257
			COM	(901) 874-3257
			FAX	882-2595

1. **Program Background.** Navy Reserve instructor duty involves preparing Selected Reservists for mobilization. The job is one of great responsibility and in many instances the instructor is the vital link between reservists and "state-of-the-art" knowledge of fleet operations.

a. Included among the member's collateral duties at some locations, the job may require cleaning stations and minor maintenance functions since Navy Reserve centers are generally situated away from major Navy installations.

b. Since the primary duty is to train Selected Reservists, instructor's duty requires availability when reservists report (weekends and some evenings). Suitable time off is provided at other times during the week.

c. Tour length is 36 months.

2. **Requirements/Qualifications**

a. Member must have 9502 Navy Enlisted Classification (NEC) code.

b. Complete sections A and D2 of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

c. Required obligated service (OBLISERV) for this program is 36 months.

MILPERSMAN 1306-957

NUCLEAR PROPULSION TRAINING ACTIVITIES

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN COM FAX	882-4696 (901) 874-4696 882-2638
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. Background

a. Nuclear propulsion training activities are located at Ballston Spa, NY and Charleston, SC. These activities have approximately 1,400 **instructor, maintenance training group (MTG), nuclear support, and non-nuclear trained support** billets available for assignment.

2. Tour Lengths

a. **Nuclear Instructors**

(1) Nuclear Field A-School (NFAS) tours will be 39 months.

(2) Nuclear Power School (NPS) and nuclear power training unit (NPTU) tours will be 40 months. An additional 4 months are required for engineering laboratory technicians attending Radiological Controls Technician Qualifications School en route.

b. **Nuclear support personnel, fleet interactive display equipment (FIDE) instructors, and MTG personnel** tours will be 36 months.

c. **Non-nuclear trained support personnel** tour lengths will be prescribed rating shore tour, but not less than 36 months.

2. Requirements/Qualifications

a. **General Requirements**

(1) Must have a final security clearance of Confidential or higher with a favorable background (i.e., national agency

check and or entrance national agency check) investigation.
Locally awarded or interim clearances will not suffice;

(2) Must be a U.S. citizen;

(3) Must be warfare qualified;

(4) Must be formally screened and approved by Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignments Branch (PERS-403); Office of the Chief of Naval Operations (OPNAV), Nuclear Propulsion Program Management Branch (N133); and Naval Sea Systems Command (NAVSEA), Naval Reactors (SEA08) via one of two methods:

(a) Submission of NAVPERS 1306/7 Enlisted Personnel Action Request from the Service Member with commanding officer (CO), or reactor officer (RO) on aircraft carriers (CVNs), endorsement, evaluations (EVALs) covering at least the past 2 years, and record of assignment history. Additionally, submission of NAVPERS 1306/92 Special Program Screening from the Service Member with sections A, B, C, and D (except D1 and D4) completed. For nuclear operators, section C is to be signed by the reactor department master chief on CVNs, or the engineering department master chief on submarines. Section D is to be signed by the RO on CVNs; or

(b) Submission of an internally generated instructor screening package by NAVPERSCOM (PERS-403);

(5) First term nuclear trained personnel serving in a nuclear propulsion plant operator billet on board a nuclear powered ship must complete a minimum of 3 years of their prescribed sea tour (PST) for NPTU instructor duty, or 4 years of their PST for NFAS/NPS instructor duty. Additionally, they must attain qualification in their senior in-rate watch station, including those watch stations required for appropriate supervisory NEC;

(6) All other first term nuclear trained personnel should expect to complete their PST in its entirety; and

(7) Required obligated service (OBLISERV) for this program will match tour length as outlined in paragraph 2.

b. NFAS Instructor

(1) All general requirements;

(2) E-5 or above;

(3) Class standing in upper half at NPS and NPTU.

Waivers are not normally considered, except for personnel who have previously completed an NPTU instructor tour; and

(4) Qualified as engineering watch supervisor or propulsion plant watch supervisor (E-6 and above only).

c. NPS and FIDE Instructor

(1) All general requirements;

(2) E-6 or above;

(3) Class standing in upper half at NPS and NPTU.

Waivers are not normally considered, except for personnel who have previously completed an NPTU instructor tour; and

(4) Qualified as engineering watch supervisor or propulsion plant watch supervisor.

d. NPTU Instructor

(1) All general requirements;

(2) E-5 or above; and

(3) Competitive class standing at NPS and upper half class standing at NPTU. Waivers will be considered for personnel who have demonstrated superior at sea performance.

e. Prototype Junior Staff Instructors

(1) All general requirements;

(2) E-4 or above; and

(3) NPTU junior staff instructors shall remain assigned to the applicable student unit identification code (UIC) for 2 months following NPTU graduation, and then be assigned to the

staff UIC for a 24-month tour. Junior staff instructors must have sufficient OBLISERV to complete a first sea tour of at least 36 months. Prospective junior staff instructors who do not have sufficient OBLISERV, based upon their initial enlistment, must reenlist to obtain the required OBLISERV.

f. Nuclear Support and MTG Personnel

(1) All general requirements;

(2) E-5 or above;

(3) Competitive class standing at NPS and upper half class standing at NPTU. Waivers will be considered for personnel who have demonstrated superior at sea performance; and

(4) Demonstrated superior performance in shipboard propulsion plant maintenance.

g. Non-Nuclear Trained Support Personnel: All general requirements.

3. Requests for Assignment. Requests for assignment to NFAS/NPS/NPTU duty shall be submitted via NAVPERS 1306/7 signed by the CO (RO on CVNs), and must contain the following information:

a. Indicate highest level of nuclear propulsion plant watch station qualification achieved for nuclear trained applicants.

b. Recommendation for waiver of eligibility criteria (if applicable).

c. Nuclear trained personnel must include copies of last two EVALs/fitness reports (FITREPs).

d. Non-nuclear trained personnel must include copies of last five EVALs/FITREPs.

4. **Forms**

a. NAVPERS 1306/7 may be accessed via the following link:
http://www.public.navy.mil/bupers-npc/enlisted/community/nuclear/Documents/1306_7.pdf

b. NAVPERS 1306/92 may be accessed via the following link:
[http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Documents/NAVPERS%201306-92%20R1-11 RE.pdf](http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Documents/NAVPERS%201306-92%20R1-11%20RE.pdf)

MILPERSMAN 1306-958

ACADEMIC REMEDIAL TRAINING (ART) INSTRUCTION DUTY

Responsible Office	NAVPERSCOM (PERS-40BB)	Phone: Toll Free	1-866-U ASK NPC
---------------------------	---------------------------	------------------	-----------------

1. **Program Background.** Academic remedial training (ART) instruction duty is a remedial basic reading and verbal skills program conducted at Recruit Training Command (NAVCRUITCOM).

a. The program provides essential reading and language skills to recruits with identified deficiencies and assists them in completing the academic portion of the recruit training curriculum.

b. Tour length is 36 months.

2. **Requirements/Qualifications**

a. Complete sections A and D1 of NAVPERS 1306/92 (Rev. 04-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

b. Required obligated service (OBLISERV) for this program is 36 months.

MILPERSMAN 1306-959

AFLOAT TRAINING GROUPS (ATGS)

Responsible Office	NAVPERSCOM (PERS-40BB)	Phone: Toll Free	1-866-U-ASK-NPC
---------------------------	---------------------------	------------------	-----------------

1. **Program Background.** Type commander unit level training requirements to include Unit Level Training Readiness Assessments (ULTRA) and Tailored Ship Training Availabilities (TSTA) constitute the essential elements of the basic training phase of the Fleet Response Training Plan.

a. During the basic training phase, the afloat training groups (ATGs) are the primary training resource for ships' commanding officers and their immediate superiors in command.

b. ATGs are organized as follows:

- (1) ATG Atlantic (ATGLANT);
- (2) ATG Pacific (ATGPAC);
- (3) ATG Norfolk (ATGN);
- (4) ATG San Diego (ATGSD);
- (5) ATG Middle Pacific (ATG MIDPAC);
- (6) ATG Western Pacific (ATG WESTPAC);
- (7) ATG Pacific Northwest (ATG PACNORWEST); and
- (8) ATG Mayport (ATGM).

c. ATG Western Pacific (WESTPAC) tour lengths will be per current Forward Deployed Naval Forces tour length policies.

2. **Requirements/Qualifications**

a. Member must be an E-6 or above, completing a sea tour in a billet in which operational and technical expertise were maintained. There are limited ATG E-5 billets available for E-5's who have completed tours in which operational and technical expertise were maintained.

b. Enlisted Surface Warfare or Aviation Warfare qualified.

c. Hold Navy Enlisted Classification (NEC) 9502 (Instructor) or complete instructor training school enroute.

d. Engineers must be qualified as engineering officer of the watch (EOOW) (Damage Controlman waived).

e. Personnel identified for assignment to ATG instructor duty billets requiring primary NEC (PNEC) HM-8425 (Surface Force Independent Duty Corpsman), (PNEC) BM-0170 (Surface Rescue Swimmer), and (PNEC) AW-7815 (Helicopter Search and Rescue Aircrew Swimmer) must have completed a prior sea tour utilizing the PNEC.

f. Pay grade substitutions are not authorized unless approved by gaining command.

3. Transferring Command Requirements

a. Complete all sections of NAVPERS 1306/92 Special Program Screening, Exhibit 1 of MILPERSMAN 1306-900.

b. Complete NAVMED 1300/1 Medical, Dental, and Educational Suitability Screening for Service and Family Members (sea duty screening).

c. Required obligated service for this program is 36 months.

d. Report to receiving command via message any derogatory entries in section A of NAVPERS 1306/92 and whether member's record contains any of the following for the past 36-month period if found suitable:

(1) One or more Physical Fitness Assessment Failures;

(2) NEC 9502 Instructor School failure; or

(3) Failure to maintain security clearance, where applicable

e. Report suitability/unsuitability determinations to Navy Personnel Command (NAVPERSCOM), Enlisted Distribution Division (PERS-40), rating detailer, and receiving command utilizing MILPERSMAN 1306-900, Exhibit 2 within 30 days of receipt of Bureau of Naval Personnel (BUPERS) orders. If warranted, submit waiver utilizing MILPERSMAN 1306-900, Exhibit 3.

f. Submit completed NAVPERS 1306/92 to servicing personnel support activity detachment for entry into electronic service record.

MILPERSMAN 1306-960

INSTRUCTOR DUTY AT FIELD MEDICAL SERVICE SCHOOLS (FLDMEDSERVSCOLs)

Responsible Office	NAVPERSCOM (PERS-407)	Phone:	DSN	882-3811
			COM	(901) 874-3811
			FAX	882-2645

1. Program Background. Field Medical Service Schools (FLDMEDSERVSCOLs) are under management control of Commandant of the Marine Corps and under military control of Commanding General of Marine Corps Bases, Camp LeJeune, NC and Camp Pendleton, CA.

a. Instructors at FLDMEDSERVSCOLs should be **capable** of meeting Marine Corps physical fitness and weight control/military appearance standards regardless of whether or not they elect to adopt Marine Corps uniform and grooming standards.

b. Must be capable of sustained strenuous exertion required to instruct physical fitness, to lead foot marches up to 20 miles with heavy gear (40-50 pound pack), and to traverse obstacle/confidence course during recurring periods in the field.

c. Tour length is prescribed rating shore tour.

2. Requirements/Qualifications

a. Must have served at least one tour in a **Fleet Marine Force (FMF)** assignment.

b. Hold Navy Enlisted Classification Code (NEC) 9502 (Instructor), or complete Instructor Training School enroute.

c. Complete sections A, B, and D1 of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

d. Required obligated service (OBLISERV) for this program is 36 months.

MILPERSMAN 1306-961

CRYPTOLOGIC TECHNICIAN INTERPRETIVE (CTI) LANGUAGE INSTRUCTOR CANDIDATES

Responsible Office	NAVPERSCOM (PERS-408)	Phone:	DSN	882-3835
			COM	(901) 874-3835
			FAX	882-2650

1. Background

a. To maintain high levels of linguistic instruction and professional credibility, all Cryptologic Technician Interpretive (CTI) instructor candidates must meet or exceed minimum Commander, Naval Network Warfare Command (COMNAVNETWARCOM) directed foreign language readiness standards as measured by the Defense Language Proficiency Test (DLPT), per the levels stated in paras. 2a(1) and 2a(2) below. For screening purposes, failure to meet the minimum linguistic requirements shall disqualify the applicant in the same manner as failing to meet other minimum professional standards, such as body fat/physical fitness assessment (PFA).

b. Tour length will be 36 months.

2. Requirements/Qualifications

a. In addition to meeting the basic eligibility and screening requirements for instructor duty outlined in MILPERSMAN 1306-953, candidates must achieve the following:

(1) For CTI instructor duty assignments to a language category I-III billet, ILR Listening 3, Reading 3 is required.

(2) For CTI instructor duty assignments to a language category IV billet, ILR Listening 2+, Reading 2+ is required.

b. Complete sections A, D1, and D2 of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

c. Required obligated service (OBLISERV) for this program is 36 months.

MILPERSMAN 1306-962

INSTRUCTOR DUTY AT NAVAL SCHOOL OF MUSIC

Responsible Office	USNB (FLEET BAND ACTIVITIES)	Phone:	DSN COM FAX	882-4316 (901) 874-4316 882-2614
---------------------------	------------------------------------	--------	-------------------	--

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone:	Toll Free	1-866-U ASK NPC
---------------------------------------	--------	--------------	-----------------

Reference	(a) NAVSOMINST 1300.3
------------------	-----------------------

1. Background

a. The mission of the Naval School of Music (NAVSOM) is to train military musicians of the Navy and Marine Corps for duty in fleet service bands.

b. Due to the unique one-on-one nature of the training requirements for many NAVSOM instructors, candidates must be carefully screened to ensure only the best qualified are assigned to these critical positions. Therefore, all candidates must complete an appraisal process prior to assignment for instructor duty at NAVSOM. The most heavily weighted grading area in the accession-level of the Music Basic Course is the student's demonstrated instrumental or vocal ability (i.e., 50 percent of final grade). Training in this area is accomplished primarily through one-on-one instruction.

c. Tour length will be prescribed rating shore tour.

2. General Requirements and Qualifications

a. Must hold a musician (MU) 3800 series Navy enlisted classification (NEC).

b. Must be E-5 or above for assignment as instrumental instructor or basic course academic instructor, E-6 or above for assignment as advance course instructor, and eligible for reassignment.

c. Should have served at least 3 years with a fleet, field, or special band.

d. Must complete an instructor appraisal and be certified by the Commanding Officer, Naval School of Music per reference (a). The full text of the instruction is available at the following Web address:
http://www.navyband.navy.mil/helpful_documents.shtml.

(1) Although on-site is preferred, appraisal may be submitted via videotape, digital video disk (DVD), or other electronic media when travel to the school is not feasible or practical. Applicants pursuing this alternative to an on-site appraisal must contact the Training Officer, Navy School of Music to make appropriate arrangements and confirm media compatibility with NAVSOM playback systems.

(2) Appraisals may be conducted at anytime in order to become qualified for future assignment considerations. Personnel are encouraged to complete an instructor appraisal while enrolled at NAVSOM or while in the area on leave or official travel.

e. Screening will be conducted in the following areas:

(1) Instrumental or vocal proficiency:

(a) Instrumental instructors must possess a 3.20 or above performance skill level in assigned primary instrumental or vocal NEC.

(b) Academic and rehearsal instructors must possess 3.00 or above performance skill level in assigned primary instrumental or vocal NEC.

(2) Overall teaching ability and communication skills.

(3) Technical knowledge: Must obtain a proficiency grade of 3.5 or above on applicable subject diagnostic exams (academic instructor candidates only).

(4) Rehearsal technique, "podium" leadership, and communication skills (rehearsal conductor candidates only).

f. Required obligated service for this program is 36 months.

3. **Procedure**

a. Active duty members meeting the requirements above must submit NAVPERS 1306/92 Special Program Screening Form (sections A, D1, D2 and command endorsement) to Director, Fleet Band Activities. MILPERSMAN 1306-900, Exhibit 1 is also required.

b. Members approved for reassignment must complete the minimum time on station prior to transfer unless waived by Navy Personnel Command; see MILPERSMAN 1306-106.

MILPERSMAN 1306-964

RECRUITING DUTY

Responsible Office	NAVPERSCOM (PERS-4010)	Phone:	DSN COM FAX	882-2352 (901) 874-2352 901-874-2646
---------------------------	---------------------------	--------	-------------------	--

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone:	Toll Free	1-866-U ASK NPC
---------------------------------------	--------	--------------	-----------------

Reference (s)	(a) NAVADMIN 076/13 (b) DoD 7000.14R, Department of Defense Financial Management Regulation (c) NAVMED P-117, Manual of the Medical Department (MANMED) (d) OPNAVINST 1740.5B (e) NAVADMIN 110/06
----------------------	---

1. **Program Background.** The mission of recruiting is to recruit men and women for enlisted, officer candidate, and officer status in the Regular Component and Reserve Component of the Navy. It is one of the most demanding billets in the Navy due to the pressures associated with a fast-paced sales environment. Experience has shown that personnel with a strong record of performance in the Fleet and who are at ease discussing Navy programs with others have the ability to succeed on recruiting duty.

2. **Policy**

a. **Billets.** Enlisted personnel (pay grades E5 - E8) are ordered to 1 of 26 Navy recruiting districts (NRDs) for a 36-month tour, commencing once on station. Military personnel are ordered in as recruiters or into a support billet. The NRD assigns recruiters to 1 of approximately 1,500 Navy recruiting stations (NRSs), and military support personnel to 1 of 65 military entrance processing stations (MEPS) or NRDs located across the country. There are a limited number of production recruiter billets in Japan, Guam, Europe, Puerto Rico, and St. Thomas.

b. Recruiters

(1) Production recruiters (Navy enlisted classification (NEC) 9585) and officer recruiters (NEC 9587) are typically on independent duty, and are often stationed in areas far from military installations and associated support facilities. As such, they may be the only Navy representative within a civilian community.

(2) Production recruiters are responsible for achieving demanding contract and accession goals. They must be knowledgeable of myriad recruiting programs and be able to supply this information to applicants.

c. Assignment. Upon receipt of permanent change of station orders assigning a member to recruiting duty, the NRD will provide the transferring command with the ultimate duty station (ULTDUSTA) assignment (normally an NRS) for inclusion in the member's transfer order.

(1) The member must keep in mind that the decision of the commanding officer (CO) (regarding ULTDUSTA assignment) will be based on the needs of the NRD at the time of the member's arrival at the command.

(2) A guaranteed assignment to a specific city or NRS location may not be feasible.

d. Tour. In computing the tour of recruiting duty, the tour shall commence as of the date the member reports to the NRD (parent command), even though the member reports for further assignment and is ultimately assigned to an NRS.

(1) Overseas recruiting tours are established per Department of Defense area tour requirements.

(2) The tour length for nuclear qualified members will be computed from the date they are detached from their present command to ensure they are not out of the nuclear field for more than 36 months.

e. Temporary Duty Under Instruction (TEMDUINS). Production recruiters and classifiers are transferred to the Navy Recruiting Orientation Unit (NORU) located in Pensacola, FL for TEMDUINS.

(1) The course of instruction is 5 weeks for production recruiters and 4 weeks for classifiers.

(2) Members should ensure the availability of Government quarters, and if necessary, draw advance per diem prior to transfer.

(3) Instruction consists of competency-based training during which time students learn, develop, and practice competence in areas of selling, prospecting, paperwork, processing, marketing, public speaking, social networking, recruiter incentives, and quality of life.

(4) Upon satisfactory completion of the course of instruction, personnel transfer to their NRD.

3. Recruiting Duty Benefits

a. Enlisted recruiters and some military support personnel assigned to recruiting duty are eligible for special duty assignment pay and an opportunity to be stationed at a variety of locations throughout Navy Recruiting Command, per reference (a), and meritorious advancement up to E-7 through the Recruiting Command Advancement Program.

b. **Recruiters**

(1) Members assigned as production recruiters and specific recruiting support personnel may be eligible for special or supplemental clothing monetary allowance (SSCMA) per reference (b).

(2) Production recruiters will receive their first allowance upon reporting to their prospective NRD and their second and final entitlement on the anniversary of their report date.

Note: Only those serving in an active 9585 role will be entitled to SSCMA.

(3) Members should obtain extra uniforms and accessories prior to arrival at their ULTDUSTA, as it may be difficult to purchase new items while on independent duty.

4. Requirements and Qualifications

a. **CO Certification.** All recruiters and military support personnel will be screened for recruiting duty. The CO will certify that the member has been screened for the following: (Complete sections A, B, C, and D on the NAVPERS 1306/93 Recruiting Duty Screening form which can be accessed by using the following link: <http://www.public.navy.mil/BUPERS-NPC/REFERENCE/FORMS/NAVPERS/Pages/default.aspx>.)

(1) **Performance Evaluations.** No mark below 3.0 on NAVPERS 1616/26 Evaluation Report and Counseling Record (E4- E6) and NAVPERS 1616/27 Evaluation and Counseling Record (E7 - E9) in any trait over the last 36 months.

(2) **Nonjudicial Punishment (NJP).** A waiver is required for members with any NJP, courts-martial conviction, civilian conviction, and or significant involvement with civilian authorities or moral/integrity violations. Waivers will be authorized on case-by-case basis (a waiver is not authorized for any sex-related offenses during their career or pre-service). Submit waivers using a Navy Recruiter Waiver Request (see Exhibit 1).

(3) **Physical Fitness Assessment (PFA).** Currently within height, weight, or body fat standards; and has passed the last 3 years of regularly scheduled PFA, body composition assessment (BCA), and **must be in standards at time of transfer.** Waivers for past failures are considered on a case-by-case basis by Navy Personnel Command (NAVPERSCOM), Shore Special Programs Assignment Section (PERS-4010). Use Navy Recruiter Waiver Request (Exhibit 1) and submit a completed NAVPERS 1306/93 along with full length color photographs in short sleeve physical training uniform (PTU) from front and side via e-mail to **mill_npcrecruiting@navy.mil**. Any Service member arriving at NORU not within BCA standards **will be** dropped from training and made available for immediate needs of Navy detailing.

(4) **Family Advocacy Program (FAP).** Substantiated FAP cases for physical abuse are disqualifying while families are in treatment (i.e., open FAP case, resolved substantiated FAP, or civil charges). All members involved in substantiated cases involving child abuse, sexual molestation, or any sexual assaults (incest or other) are permanently disqualified from recruiting duty.

(5) **Command Drug and Alcohol Program Advisor.** Personnel with a documented alcohol-related incident (e.g., driving under the influence of alcohol, driving while intoxicated, public intoxication within the previous 3 years, or any two incidents during their career) are unsuitable. In addition, personnel who have successfully completed alcohol rehabilitation level II or III (self-referral or directed) must not have any alcohol-related incidents or repeated counseling for alcohol involvement for entire period after treatment or counseling completion date. All alcohol-related incidents require a waiver. Items needed for a waiver are the completed NAVPERS 1306/93, last 3 years of evaluations, copy(s) of nonjudicial punishment (NJP), civil law proceedings, and any pertinent documents. E-mail all required documentation to NAVPERS (PERS-4010) at **mill_npcrecruiting@navy.mil**.

(6) **Recruiter Aptitude Battery Assessment (RAB).** Personnel must go to <https://militaps.nmci.navy.mil/rab> and print out the RAB certificate. Once complete, include the certificate as part of the screening. If member is deployed and or unable to access RAB, member will complete at first available opportunity upon arrival at NORU.

(7) **Medical and Dental.** Health and dental records are to be screened following the guidance in reference (c) and documented in the member's health records. Due to the routine high-stress environment of recruiting, members with a history of stress-related problems such as depression, suicide ideations, nervous breakdowns, and anger management issues will not be assigned to recruiting duty. Members must be at least dental class II prior to transfer. Members with a permanent "no shave chit" medical waiver are not suitable for assignment.

(8) **Exceptional Family Member (EFM).** If the member is currently processing a dependent application for the EFM Program, contact NAVPERS, Exceptional Family Member Program Manager (PERS-456) and NAVPERSCOM (PERS-4010). Due to the limitations of facilities in some assignments, any dependent enrolled in the EFM Program will have his or her case reviewed to ensure adequate facilities are available at the member's ULTDUSTA prior to his or her transfer.

(9) **Command Financial Advisor.** Generally, recruiting duty assignments are in areas where military housing, commissary, and exchange facilities are not available; making the cost of living potentially higher.

(a) All members must be screened thoroughly prior to transfer, per reference (d), to ensure financial stability.

(b) **Financial Standing.** Serious financial problems or indebtedness which are not resolved, or a documented history of indebtedness over the last 3 years are disqualifying for recruiting duty. Members with a discretionary surplus of less than \$500 after all monthly living expenses and debts are paid should not be recommended for recruiting duty.

(10) **Tattoos.** Reference (e) outlines the acceptable maximum tattoo coverage standards for continued service. However, due to the fact that Sailors in recruiting may be the sole ambassador for the U.S. Navy, more stringent screening is required for any tattoo visible while in short sleeve PTU. The primary consideration is whether the Sailors will present a positive image and whether they would be allowed to enlist with tattoos obtained after their initial enlistment. Requests for tattoo waivers shall be submitted via e-mail to mill_npcrecruiting@navy.mil, and will include a completed NAVPERS 1306/93 full length color photograph (front and back), close-up color picture of tattoo itself, and also an explanation of the meaning of the tattoo, within 30 days of receipt of initial screening message. Additionally, submit a copy of the NAVPERS 1070/613 Administrative Remarks (page 13) as required by reference (e).

b. **NAVPERS 1306/93.** The original NAVPERS 1306/93 will be hand-carried to NORU, scanned, and submitted via e-mail to PERS-4010 at mill_npcrecruiting@navy.mil prior to the release of orders. Include a front and side view photograph in PTU.

c. **Obligated Service (OBLISERV).** Required OBLISERV for this duty is 36 months from the time the member checks into the recruiting district, with the exception of nuclear recruiters.

d. **Report of Suitability/Unsuitability.** Transferring commands will submit Navy Recruiting Suitability/Unsuitability Report (Exhibit 2) within 30 days of receipt of screening message. Additionally scan and e-mail a completed NAVPERS 1306/93 along with front and side view photograph in PTU gear via e-mail to NAVPERS (PERS-4010) at mill_npcrecruiting@navy.mil.

e. **Security Clearances.** Assignment to Navy Recruiting Command requires personnel to have a completed and adjudicated National agency check with local agency and credit checks (NACLC) that is favorable. Members will not receive orders to a Navy recruiting command until they receive a completed and adjudicated NACLC that is favorable.

5. Unit certifying officials should take screening criteria into careful consideration. Each item will be verified prior to beginning training at NORU. No student will be allowed to continue assignment who does not meet all criteria, especially PFA standards and security clearance screening, upon arrival. COs are required to thoroughly screen all candidates to help preserve funds and avoid hardships caused when students are dropped from training due to improperly completed screenings.

------------	---

1. **Program Background.** The career recruiter force (CRF) allows recruiters the opportunity to become a permanent part of Navy Recruiting Command (NAVCRUITCOM). If selected, members will be assigned key middle management and recruiter billets within NAVCRUITCOM.

a. **Members Selected for CRF.** Members selected for CRF with Navy enlisted classification (NEC) code 9585 will be assigned to the CRF Leadership Academy, Pensacola, FL for temporary additional duty prior to completion of their recruiter tour. The standard tour length for CRF personnel is 36 months.

b. **Successful CRF Leadership Academy Completion.** Upon successful completion of CRF Leadership Academy, members will be assigned to a new Navy recruiting district (NAVCRUITDIST) at projected rotation date (PRD) for a 36-month tour.

c. **Assigned to Duty other than Recruiter Duty.** Members currently assigned to duty other than recruiter duty will not be awarded NEC 2186 until they transfer at PRD to a NAVCRUITDIST and complete CRF Leadership Academy.

d. **CRF Force Conversion Policy.** Members serving in the CRF will, in most cases, serve for the remainder of their naval career. If the commanding officer (CO) of a district believes that a member is no longer effective in the CRF, CO may recommend the member for force conversion from the CRF **without prejudice** per reference (a).

e. **CRF Rate Reversion Requests.** A member of the CRF community who no longer wishes to serve in the CRF may submit a rate reversion request **without prejudice** per reference (a).

2. **Requirements and or Qualifications.** Application procedures and eligibility criteria are promulgated in reference (b). The CRF selection board meets 4 times per year (February, May, August, and November).

3. **CRF Detailing.** CRF personnel are expected to maintain screening suitability for the remainder of their career. When negotiating for orders CRF personnel will be required to submit NAVPERS 1306/92 Special Programs Screening. The completed NAVPERS 1306/92 shall be forwarded within 30 days of screening message receipt to Navy Personnel Command, Shore Special Programs Assignment Section (PERS-4010) prior to issuance of orders. NAVPERS 1306/92, Special Programs Screening Form is available at: <http://www.public.navy.mil/BUPERS-NPC/REFERENCE/FORMS/NAVPERS/Pages/default.aspx>.

MILPERSMAN 1306-966

ENLISTED RATING DETAILER

Responsible Office	NAVPERSCOM (PERS-4010F)	Phone:	DSN	882-3880
			COM	(901) 874-3880
			FAX	882-2646
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Background.** The enlisted rating detailer is the key player in the placement of enlisted personnel.

a. Assignment as an enlisted rating detailer is open to personnel in pay grades E-5 and above in all enlisted ratings.

b. There are also billets for support personnel in many ratings in pay grades E-3 and above.

c. The enlisted rating detailer's job includes:

(1) Communication with constituents by Career Management System Interactive Detailing (CMS/ID), by telephone, e-mail, and naval messages.

(2) Discussing assignment options, transfer regulations, and career assignment advice.

(3) Coordination with Navy Personnel Command (NAVPERSCOM), Enlisted Personnel Readiness and Support Branch (PERS-4013) and fleet units to ensure proper manning levels.

d. NAVPERSCOM is located at Naval Support Activity Mid-South, Millington, TN (NAVSUPPACT MID SOUTH).

e. There are limited medical and dental facilities available at NAVSUPPACT MID SOUTH.

f. Tour length and obligated service (OBLISERV) for this program is 36 months, regardless of sea/shore flow.

2. Requirements

a. No evaluation (EVAL) traits below 3.0, recommended for retention, and received a promotable or higher for the past 36 months.

b. No record of non-judicial punishment, courts-martial conviction, or civil conviction within the past 36 months.

c. No alcohol-related incidents within the past 36 months.

d. Must be within current body composition standards and passed the most recent regularly scheduled Physical Fitness Assessment.

e. No record of financial instability within the past 36 months.

f. Eligible for a Secret security clearance.

g. Be in accordance with normal sea/shore flow. Exceptions will be addressed on a case-by-case basis.

h. Be able to fulfill a 36 month tour.

3. Detailer Nomination Package Contents. When prompted by the respective rating detailer, submit the following:

a. CO's letter of recommendation, to include whether the Sailor has any pending requests (i.e., rate conversion, commissioning program, etc.) and has the Sailor received any letter(s) of indebtedness or any indications of serious financial problems within the past 36 months.

b. Completed NAVPERS 1306/92 Special Program Screening, all sections except D1, D4, and D10-D13.

c. A recent full-length photograph with a three-quarter view, approximately 4" x 5" in a short-sleeved uniform. If there are any visible tattoos, provide close-up pictures of each tattoo and a description of what the tattoo(s) signify.

NOTE: Digitally reproduced photographs are acceptable and recommended; however, if the photograph will be electronically transferred, ensure that it is in JPEG or similar format. Do not forward a scanned or photocopied picture.

d. EVALs for the past 36 months. Ensure full SSNs are omitted.

MILPERSMAN 1306-968

Camp David (Naval Support Facility, Thurmont, MD)

Responsible Office	NAVPERSCOM (PERS-4010F)	Phone:	DSN COM FAX	882-3880 (901) 874-3880 882-2646
	Camp David	Phone:	DSN COM FAX	376-9000 Ext 1400 (301) 271-1400 271-1366

References	(a) DoDD 5210.55 of 15 Dec 98 (b) DoDI 5210.87 of 30 Nov 98 (c) SECNAVINST 5312.12C
-------------------	---

1. **Program Background.** Camp David provides the President of the United States with a safe and private presidential retreat.

a. Camp David manages a recruiting team to identify Sailors for assignment to Camp David by traveling to various naval facilities. The recruiting team conducts record screening and personal interviews with personnel who meet the initial qualification criteria. Once selected, a single scope background investigation will be initiated by the Camp David recruiting team to determine Top Secret and Sensitive Compartmentalized Information (TS/SCI) eligibility with a Yankee White (YW) clearance.

b. Camp David screening procedures require time intensive and costly background investigations. A TS/SCI and YW clearance may take approximately 10 to 18 months to complete. Therefore, upon notification from a Camp David recruiting yeoman, Navy Personnel Command (NAVPERSCOM), Major Washington/Memphis Staff detailer (PERS-4010F) will place a candidate's record in a detailing hold status. This hold status notifies the respective rating detailers that the candidate is being screened

for Camp David and not to create orders. Once a candidate receives a YW clearance and meets all other requirements per MILPERSMAN 1306-900 and MILPERSMAN 1306-945, the recruiting yeoman will notify NAVPERSCOM (PERS-4010F) to create orders to Camp David, with the exception of those candidates recruited directly from "A" school, who will report to Camp David while their YW clearance is being processed.

c. Tour length for all E-1 - E-9 candidates is 36 months.

2. Requirements/Qualifications

a. E-1 - E-9 candidates must be in the following ratings:

ABH	Aviation Boatswain's Mate (Handler)
ABF	Aviation Boatswain's Mate (Fuel)
BU	Builder
CE	Construction Electrician
CM	Construction Mechanic
CS	Culinary Specialist
DC	Damage Controlman
EA	Engineering Aide
EM	Electrician's Mate
EN	Engineman
EO	Equipment Operator
ET	Electronics Technician
HM	Hospital Corpsman (HM-8425)
IC	Interior Communications Electrician
IT	Information Systems Technician
LS	Logistics Specialist
MC	Mass Communication Specialist
NC	Navy Counselor
PS	Personnel Specialist
RP	Religious Program Specialist
SH	Ship's Serviceman
SW	Steelworker
UT	Utilitiesman
YN	Yeoman

b. Construction occupation field (Group 13) E-1 - E-3 candidates, will be selected directly from seabee "A" schools.

c. Some aviation and culinary specialist ratings in pay grades E-1 - E-3 will be selected directly from "A" Schools.

d. Candidates must be eligible for assignment to presidential support duty per references (a) through (c).

e. Candidates must be U.S. citizens.

f. Required obligated service for this program is 36 months.

References	(a) SECNAVINST 5510.30B
-------------------	-------------------------

1. **Background.** Joint Communications Support Element (JCSE) is a selectively manned joint airborne communications unit providing command and control capabilities across the full spectrum of warfare on land, air, and maritime communications platforms. On order, Service members will deploy as a team for a joint task force or joint special operations task force headquarters to install, operate, and maintain deployable modular communications packages. JCSE operates in direct support of the Joint Chiefs of Staff, combatant commanders, general officers, and special operations units for contingencies ranging from major theater wars to humanitarian relief missions.

a. Billets require duty in arduous field environments in support of operational forces.

b. The following ratings are currently eligible for assignment: ET, IT, CE, PS (E-6), YN (E-6).

Note: Personnel in the IT rating should have (as a minimum) a 2791 Navy enlisted classification code.

c. An activity tour will be a minimum of 48 months.

2. **Requirements and Qualifications**

a. **Personnel:**

- (1) Must be an E-5 or higher pay grade to apply;
- (2) Must have a minimum of 48 months of required obligated service (OBLISERV) from program acceptance date;
- (3) Required OBLISERV from program acceptance date must not exceed current high year tenure policy for the applicant's pay grade;
- (4) Must have a warfare designator (preferably expeditionary warfare, enlisted information dominance warfare specialist, surface warfare, aviation warfare, Seabee combat warfare, etc.);
- (5) Must hold a current single scope background investigation for Top Secret and or Sensitive Compartmented Information prior to transfer per reference (a);
- (6) Must maintain minimum score of "good" or higher (with no waivers) on the physical fitness assessment for the 36 months prior to application and assignment;
- (7) Must not have any non-judicial punishments or civil offenses in the last 36 months prior to application and assignment;
- (8) Must not have any prior conviction of domestic violence charges (non-waiverable);
- (9) Must qualify for and maintain valid Government travel charge card; and
- (10) Must complete NAVPERS 1306/92 Special Program Screening (sections A, B, C, D2, D3, and D6). This document must be screened by the JCSE Navy Senior Enlisted Advisor, MacDill Air Force Base (AFB) before orders are released to the Service member. NAVPERS 1306/92 can be accessed by using the following link: <http://www.public.navy.mil/BUPERS-NPC/REFERENCE/FORMS/NAVPERS/Pages/default.aspx>.

b. Detailed application information may be obtained by contacting JCSE, MacDill AFB at:

DSN: 968-0630
COM: 813-828-0630
E-mail: J1@jcse.mil

MILPERSMAN 1306-971

APPRENTICE MILITARY ENVIRONMENT (AME) INSTRUCTOR DUTY

Responsible Office	NAVPERSCOM (PERS-4010D)	Phone:	DSN	882-3878
			COM	(901) 874-3878
			FAX	882-2646

References	(a) BUMEDINST 1300.2
------------	----------------------

1. **Background.** Personnel assigned to Apprentice Military Environment (AME) Instructor duties at Training Support Center (TSC), Great Lakes provide leadership, training, and mentorship to Sailors at the Apprentice level of the Sailor Development Continuum.

a. In execution of these duties, personnel assigned to TSC, Great Lakes must continually demonstrate superior leadership and motivational skills to be successful in physically and emotionally demanding situations. Duties as an AME Instructor require proven self-discipline and imaginative problem-solving skills in challenging and often unique situations.

b. Above all, AME Instructors must be highly principled, possessing strong character and personal and professional integrity. They must be committed to reflect the Navy's core values.

c. Tour length will be a minimum of 36 months.

2. **Requirements/Qualifications**

a. Servicemembers must be screened by a qualified medical representative per reference (a). Candidates must disclose the following information to medical personnel:

(1) List any known medical conditions to include recent surgery, injuries, knee problems, back problems, etc., which would preclude full participation in strenuous daily exercise with Sailors and the physical readiness program.

b. Member must be screened by the command Drug and Alcohol Program Advisor (DAPA). Member must not have a history of intemperate use of alcohol in the last 60 months.

c. A screening board chaired by the command master chief (CMC) and a minimum of three other board members must interview the nominee prior to the commanding officer's (CO) interview.

(1) Upon completion of the CMC screening board, a NAVPERS 1070/613 (Rev. 10-81), Administrative Remarks entry must be completed.

Date: (Rate/Name) was interviewed this date per MILPERSMAN 1306-971 and found to be fully qualified for assignment to Apprentice Military Environment Instructor Duty.

Command Master Chief's Signature

(2) The following administrative remarks apply to all personnel assigned as AME Instructor and shall be briefed to all applicants by the CMC screening board:

(a) Member must be committed to and reflect the Navy core values.

(b) Pregnancy is not disqualifying; however, the projected rotation date (PRD) will be lengthened to include limited duty and convalescent leave associated with pregnancy and childbirth.

(c) Single parent members must be counseled about working hours, duty requirements, and **extended childcare requirements** (documented by a NAVPERS 1070/613 entry). Point of contact for this information is:

Command Master Chief
TSC, Great Lakes
DSN 792-6959
COMM. (847) 688-6959

(d) Personnel with 15 or more years of service will not be approved for transfer to the Fleet Reserve before completion of the minimum tour.

d. The CO will personally evaluate and certify that member has been screened.

(1) Upon completion of the CO's interview, a NAVPERS 1070/613 entry must be completed.

Date: (Rate/Name) was interviewed this date per MILPERSMAN 1306-971 and found to be fully qualified for assignment to Apprentice Military Environment Instructor Duty.

Commanding Officer's Signature

NOTE: By direction is not authorized and will not be accepted.

(2) The following requirements must be evaluated:

(a) Performance evaluations: No mark below 3.0 on NAVPERS 1616/26 (Rev. 3-02), Evaluation Report and Counseling Record (E-1 - E-6) in any trait and must reflect steady or improving trend for the past 36 months.

(b) No nonjudicial punishment (NJP), courts-martial, civil conviction, or significant involvement with civil authorities within the past 36 months.

(c) Must demonstrate strong traits in military bearing and leadership.

(d) Warfare qualification required.

(e) Required Armed Services Vocational Aptitude Battery (ASVAB) minimum VE score of 50 (waivers granted on case-by-case basis).

(f) Physical Readiness: Member must have scored "good low" or higher on the most recent Physical Fitness

Assessment (PFA) for their age group. The candidate for AME Instructor duty must be able to perform and pass the run portion of the Physical Readiness Test (PRT) before the screening is submitted to Navy Personnel Command (NAVPERSCOM). Waiver of the run portion of the PRT is not allowed.

(h) Tattoos: Individuals with excessive or tasteless (nudity/profanity) visible tattoos are not eligible. Excessive is defined as tattoos that cover over two-thirds of an individual's exposed limbs. Visibility of tattoos must be inspected with the member in PT-shorts and T-shirt.

e. All candidates must be re-screened by the detaching command 30-45 days prior to detachment. If status has changed, detaching command must notify NAVPERSCOM, Shore Special Programs Assignment Branch (PERS-4010D) and TSC, Great Lakes by message prior to execution of orders.

f. Waivers for the requirements contained in this article may only be granted by CO, TSC, Great Lakes prior to releasing orders.

g. Complete sections A, B1, C, D1, D5 and D6 of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900. A copy of the completed screening package, including full length three-quarter view photo of the candidate in Summer Khaki (E-7 and above) or Summer Whites (E-6 and below) must be mailed or faxed to NAVPERSCOM (PERS-4010D) and TSC, Great Lakes. NAVPERSCOM (PERS-4010D) will verify PRT results if member is contained in Physical Readiness Information Management System (PRIMS); otherwise, the current command will need to provide PRT results to NAVPERSCOM (PERS-4010D).

h. Required obligated service (OBLISERV) for this program is 36 months. OBLISERV will need to be obtained by the command delivering orders within 30 days of receipt. NAVPERSCOM (PERS-4010D) must be notified by message of any members who fail to obligate.

MILPERSMAN 1306-972

PATROL COASTAL (PC) CREW

Responsible Office	NAVPERSCOM (PERS-4010)	Phone:	DSN	882-3860
			COM	(901) 874-3860
			FAX	882-2646

References	(a) SECNAVINST 5510.30A
-------------------	-------------------------

1. **Scope.** Patrol crew billets require duty in arduous field environments (many times isolated and independent), supporting surface and special warfare operations around the world. Crewmembers are expected to cross-train and attain watch qualifications that are beyond the scope of their regular rating's duties.

2. **Eligibility Requirements**

a. Eligible for a secret clearance. Member's command will initiate a background investigation per reference (a).

b. Assignment after training will be determined by the member's eligibility for sea or shore duty.

c. No Physical Readiness Test (PRT) failures in the last 12 months.

d. Enlisted Surface Warfare Specialist (ESWS) qualified (paygrades E-5 and above).

e. Eligible to carry a weapon per all applicable directives and instructions.

f. Second class swim qualified.

g. No letters of indebtedness, nonjudicial punishment (NJP), or alcohol related incidents within the last 12 months, nor pending any civil actions.

h. Completion of sections A, B, C, and D of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

MILPERSMAN 1306-973

NAVY PROVISIONAL GUARD BATTALION (CUBA)

Responsible Office	NAVPERSCOM (PERS-402D)	Phone:	DSN	882-3863
			COM	(901) 874-3863
			FAX	882-2649

1. **Policy**. Personnel selected for assignment to Navy Provisional Guard Battalion will be ordered for a 12-month unaccompanied tour. Personnel will be ordered to a designated location for gear issue and classroom training. Additionally, all personnel will be sent to Fort Lewis, WA for detainee handling certification.

2. **Background**. Navy Provisional Guard Battalion duties are as follows:

a. Navy Provisional Guards conduct detention and interrogation operations to collect and exploit intelligence in support of the Global War on Terrorism.

b. Coordinate and implement detainee screening operations, support law enforcement and war crimes investigations.

c. Guard Force administers fair, firm, and impartial enforcement of all rules and regulations.

d. Directly responsible for the day-to-day safe and humane treatment and movements of detainees within the Medium/Maximum Security Camps.

3. **Location(s)**: Guantanamo Bay, Cuba.

4. **Requirements/Qualifications**

a. Personnel of all ratings that hold a 9545 or 9575 NEC and Master-at-Arms may apply for assignment.

b. Personnel who do not already have the required NECs may still be eligible, if training is available.

c. Due to member's job requirements, which can authorize the possession of weapons, members with open Family Advocacy Program (FAP) cases are ineligible (non-waiverable).

d. No record of nonjudicial punishment (NJP) conviction within the last 36 months from servicemember's transfer date.

e. Member must have or be eligible for a Secret clearance (non-waiverable).

f. Member must be within height/weight standards, if weight exceeds limits provide body fat percentage per current instructions.

g. Complete sections A, B, C, and D2 of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form (Exhibit 1 of MILPERSMAN 1306-900).

h. Required obligated service (OBLISERV) for this program is 12 months.

MILPERSMAN 1306-975

NAVAL SPECIAL WARFARE METEOROLOGY AND OCEANOGRAPHY SUPPORT TEAMS (NSW METOC)

Responsible Office	NAVPERSCOM (PERS-404DH)	Phone:	DSN	882-3656
			COM	(901) 874-3656
			FAX	882-2642

1. **Background.** Naval Special Warfare Meteorology and Oceanography Support Team (NSW METOC) billets require duty in arduous/combat field environments. Duty is frequently isolated/independent in direct support to naval special warfare operations.

a. NSW METOC are equipped to provide a wide variety of support including meteorology and oceanography forecasts, observations using portable computers and in situ sensors, communications, and other equipment.

b. Billets are co-located with naval special warfare commands.

c. Duty with NSW METOC is classified as Type 2 sea duty. Tour length is prescribed rating sea tour or Department of Defense (DOD) area tour for overseas assignments.

2. **Requirements/Qualifications**

a. Possession of, or eligibility to obtain, a Top Secret security clearance. Member's command will initiate a Single Scope Background Investigation (SSBI).

b. Complete sections A, B, C, and D2 of NAVPERS 1306/92 (Rev 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

c. Interview with NSW METOC leadership (commanding officer (CO)/senior enlisted advisor (SEA) or designate) for assessment of suitability for program.

d. Member must score Excellent - Low or above on the most recent Physical Readiness Test (PRT) with no failures over the past 3 years.

e. Required obligated service (OBLISERV) for this program is 36 months.

MILPERSMAN 1306-976

ENLISTED MUSICIAN (MU) ASSIGNMENTS TO NAVY PREMIER BANDS – U.S. NAVY BAND, WASHINGTON, DC AND NAVAL ACADEMY BAND, ANNAPOLIS, MD

Responsible Office	USNB (FLEET BAND ACTIVITIES)	Phone:	DSN COM FAX	882-4316 (901) 874-4316 882-2614
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Background.** This article addresses enlisted musician (MU) assignment policies for the **U.S. Navy Band, Washington, DC** and **Naval Academy Band, Annapolis, MD**. The Navy's premier bands are non-rotated special duty assignments.

2. **Policy**

a. Chief of Naval Personnel (CHNAVPERS) will assign only the most highly qualified MUs to duty with the U.S. Navy Band and Naval Academy Band to maintain the unique musical and professional standards required of these premier presidential support and Service Academy organizations.

b. CHNAVPERS will give primary consideration to MUs already serving on active duty whenever filling vacancies in either band.

c. MUs serving with these activities will not normally be reassigned, unless needs of the Service dictate otherwise. Members who fail to retain premier-band assignment eligibility, and those desiring to terminate special-duty status may request reassignment to Fleet Band activities. Requests for reassignment will be considered on a case basis, dependent on individual members' status and fleet manning levels. Members are not eligible for reassignment until completion of a minimum, 36-month tour of duty.

3. **Eligibility.** Active duty MUs in pay grades E-6 and below are eligible to audition.

4. **Requirements**. Members assigned to these activities must possess the required level of professional and personal performance standards for assignment.

5. **Procedures**

a. All applicants for assignment must schedule and complete a personal audition and interview at the applicable activity, unless waived by the respective leader.

b. Applicants must submit a NAVPERS 1306/92 Special Program Screening (sections A, D1, D2, and command endorsement) to Director, Fleet Band Activities prior to scheduling an audition.

c. The Commanding Officer/Leader, U.S. Navy Band and Director, Naval Academy Band have the authority to accept applicants for assignment to their respective bands (within authorized allowances), unless needs of the service dictate otherwise.

d. Sailors meeting the requirements for assignment will be notified via Director, Fleet Band Activities. Orders will be processed by the member's respective detailer in coordination with the member's current command.

Reference	(a) Lautenberg Amendment of 1996 (b) OPNAVINST 6110.1J (c) COMNAVSURFORINST 3502.1
------------------	--

1. **Purpose.** To issue qualification requirements and assignment policies for personnel ordered to duty in connection with the **Littoral Combat Ship (LCS) Program.**

2. **Program Background.** LCS is a “**modular warship concept**” primarily designed to complement the Navy’s larger multi-mission surface combatants in select warfare mission areas and combat threats in the littoral environment including submarines, mines, and fast attack craft. It consists of the following three primary modular mission packages:

- Surface warfare (SUW);
- Mine warfare (MIW); and
- Anti-submarine warfare (ASW)

a. **Maritime Interdiction Capability.** In the near future, some variants of the SUW package will provide an enhanced maritime interdiction capability to facilitate overseas contingency operations. Additionally, the unique platform design provides the additional capability to support the following:

- (1) Special operations forces;
- (2) High-speed transit;
- (3) Maritime interdiction operations (MIO);

- (4) Intelligence;
- (5) Surveillance and reconnaissance; and
- (6) Anti-terrorism and force protection operations.

b. **Networking Capability.** LCS also has the capability to network and to share tactical information with other Navy aircraft, ships, submarines, and joint units.

c. **New Policies and Procedures.** The LCS **design, manning, and policies** will be a significant departure from current legacy ways of doing business. Current directives will be inadequate to ensure LCS stays manned with the right people at the right time. Current "fit" metrics will be inadequate to meet LCS needs.

d. **Two Hull Designs.** Two hull designs for LCS are currently being built - Lockheed Martin and General Dynamics. Each hull has **different training requirements** for the respective billets. In some cases, those differences are minor, in others, they are fairly significant. For this reason, assigned crews will be specific to one hull design or the other.

e. **Rotating Crews.** All sea frames will have **rotating crews with four crews per three ships** in order to extend hull operational availability and on station time, build a cadre of LCS excellence, and mitigate the impacts of unplanned losses. The **core crew** will be manned using **hybrid billets**. The loss of a single Sailor and his or her unique skill sets will have mission related implications. **It is envisioned that LCS will be the first class of ship for which personnel losses could result in an operational casualty report.**

f. **Training.** A unique aspect of LCS is that normal unit level training will occur during the off-cycle time for the crew. Another aspect of LCS training is no under-instruction (UI) watchstanders on board. Watchstanders, therefore, must go through a **train-to-qualify hull billet specific pipeline** and be ready to assume the watch upon reporting.

g. **Permanent Change of Station (PCS) Replacements**

(1) Due to the hybrid skills, minimal crew size, and off-hull training regime, normal PCS replacements will occur during the **first 3 weeks of the off-hull time**. In order to facilitate this, the immediate superior in command (ISIC) will man from existing resources; if unable to fill, request additional manning actions from type commander (TYCOM) to include temporary additional duty or personnel redirect.

(2) Additionally, the normal requisition window for orders must be modified for LCS **from the standard 5-9-month to an 18-24-month window**. This increased window provides the opportunity to conduct a thorough screening as well as assures training pipeline completion. ISIC and TYCOM will work with Navy Personnel Command (NAVPERSCOM) to identify requirements well in advance to facilitate the complex **screening, assignment, and training sequence** to deliver a qualified relief in the desired time frame.

(3) In the event of **unplanned losses**, the ISIC and TYCOM will rotate Sailors from other crews under their cognizance until a qualified relief is received.

h. **Hybrid Skill Sets VS. Navy Enlisted Classifications (NECs)**. LCS will not use traditional NECs, but rather hybrid skill sets. In the near term, these skills will be as closely matched as possible to existing NECs.

i. **Personnel Assignments**. All assignments to personnel in pay grades below that designated for the billet must be approved by the TYCOM. **Waivers will be considered** based on ability to meet the billet prerequisites including maturity, leadership, and watchstanding skills beyond technical skills and NECs.

3. **Requirements and Qualifications**. Candidates shall meet the following minimum requirements:

a. **Eligible Ratings**. AG, BM, CS, ET, FC, GM, MN, HM, IT, OS, LS, DC, EM, EN, GSM, GSE, and STG.

b. **Citizenship**. Must be a U.S. citizen with Secret clearance eligibility.

c. **Screening**. Satisfactorily complete NAVPERS 1306/94 Littoral Combat Ship (LCS) Screening and report per Exhibit 1.

Exhibit 2 will be utilized by personnel requesting waivers. Exhibit 3 shall be used to de-screen a previously screened member. NAVPERS 1306/94 is located on the BUPERS CD-ROM and can be accessed by using the following link:

<http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

d. **Weapons.** Per reference (a), Sailors convicted of a qualifying domestic violence charge are prohibited access to firearms. Qualifying domestic violence convictions, as set forth in reference (a), are described in DD 2760 Qualification to Possess Firearms or Ammunition. Navy personnel have an affirmative obligation to inform their command if they have a qualifying domestic violence conviction. Members with qualifying convictions may not be assigned to LCS crews. If any individual is in question as to whether or not they have a qualifying conviction, they shall consult their local Navy legal service office or staff judge advocate for legal advice.

e. **Visit, Board, Search and Seizure (VBSS), and Physical and Mental Condition.** All members of SUW mission packages, except for boatswain's mates and search and rescue swimmers, shall be trained for and perform the duties of VBSS. Due to the nature of the duties, in addition to the physical fitness assessment (PFA) standards of reference (b) and to ensure the VBSS certification criteria of reference (c) can be met, personnel assigned to LCS VBSS billets must meet the following requirements:

- (1) Second class swimmer qualified;
- (2) "Good" or higher on most recent PFA;
- (3) Climb a 30-ft. Jacobs Ladder (see Note 1);
- (4) Participants must volunteer (see Note 2);
- (5) Psychological certification - no known claustrophobia (i.e., fear of enclosed spaces) (see Note 3); and
- (6) Psychological certification - no known acrophobia (i.e., fear of heights) (see Note 3)

Note 1. Not all personnel are located in a fleet concentration area. A baseline for determining probability of success of climbing a 30-ft. Jacobs Ladder is; Males - 10 dead-hang pull-

ups (no momentum) and 50 squats, females - 1 minute held pull-up (chin over bar) and 50 squats. Upon successful demonstration of the above, commands are authorized to complete screening of interested personnel and submit Special Program Waiver Request (Exhibit 2). Individuals shall conduct actual demonstration of ability to climb a 30-ft. Jacobs Ladder upon reporting to regional support office in LCS squadron, San Diego, CA (UIC 30065).

Note 2. Personnel volunteer status for SUW mission package VBSS in subparagraph 4 above is indicated via completion of LCS screening for applicable VBSS billet using NAVPERS 1306/94 and transmission of required suitability message.

Note 3. Certification for items (5) and (6) above is no previous documentation in medical record and completion of LCS screening for applicable VBSS billet using NAVPERS 1306/94 and transmission of required suitability message. See NAVPERS 1306/94, Exhibit 2, and sample screening message for LCS and VBSS assignment.

f. **Obligated Service (OBLISERV).** Selected members must incur required OBLISERV of 36 months from date of reporting on board in ACC 100 status after training is completed. Sea tour is 36 months or prescribed sea tour, whichever is greater.

MILPERSMAN 1306-979

RECRUITMENT/ASSIGNMENT TO COMMANDER, NAVAL SPECIAL WARFARE DEVELOPMENT GROUP (COMNAVSPECWARDEVGRU)

Responsible Office	NAVPERSCOM (PERS-401D)	Phone:	DSN COM FAX	882-3865 (901) 874-3865 882-2716
	COMNAVSPEC- WARDEVGRU	Phone:	DSN COM FAX	537-2000 (757) 893-2090 893-2000 (757) 893-3033
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Program Background.** Commander, Naval Special Warfare Development Group (COMNAVSPECWARDEVGRU) is responsible for the research, development, testing, and evaluation of state of the art, commercially procured and modified equipment in support of naval special warfare operational forces. The command is also responsible for the evaluation of advance maritime, ground, and airborne tactics that may be applicable to naval special warfare, and to assist in the determination of the suitability and implementation of the equipment and tactics for the use by naval special warfare, Department of the Navy, and Department of Defense.

a. COMNAVSPECWARDEVGRU manages a worldwide recruiting and screening program to identify personnel for assignment to the command. The recruiting and or screening team conducts record screening and personal interviews with personnel who meet the initial qualification criteria.

b. Most billets are for pay grades E-5 through E-9; however, qualified, highly motivated personnel of lower pay grades may be considered.

c. Considering the extensive training received at COMNAVSPECWARDEVGRU, all tour lengths will be 4 years with the option to be considered for a 1 or 2 year extension at the conclusion of the initial 4 years.

2. Requirements/Qualifications:

a. Eligible support rates (subject to additions and deletions):

AE	CE	DC	GM	MC	SW
AG	CM	EA	HM	NC	UT
AM	CTI	EM	HT	ND	YN
AT	LS	EN	IS	PR	SO
AW	CTN	EO	IT	PS	
BM	CTR	EOD	LN	QM	
BU	CTT	ET	MA	RP	

b. The following additional requirements must also be met:

(1) Must be a volunteer.

(2) Physically fit, with no medical conditions that prevent physical training and or physical activity.

(3) No nonjudicial punishment or civil offenses in the last 3 years.

(4) No alcohol related incidents in the last 3 years.

(5) Top performer and recommended by current chain of command.

(6) Able to meet security requirements for Top Secret clearance.

(7) U.S. citizen (no dual citizenship).

c. Completion of NAVPERS 1306/92 Special Program Suitability/Unsuitability Report, Exhibit 1 of MILPERSMAN 1306-900, is not required.

d. Detailed application information may be obtained by contacting either the responsible office or COMNAVSPECWARDEVGRU.

e. Required obligated service for this program is 48 months, which is waivable by COMNAVSPECWARDEVGRU per MILPERSMAN 1306-106. Approved waivers will be submitted to NAVPERSCOM, SEABEE/SEAL/SWCC/EOD/DIVER (PERS-401D) by COMNAVSPECWARDEVGRU CCC via e-mail or FAX.

3. **Forms**. NAVPERS 1306/92 Special Program Screening is available at:

http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Documents/NAVPERS%201306-92%20R1-11_RE.pdf

MILPERSMAN 1306-980

NAVY INTERACTIVE ON-NET (ION) COMPUTER NETWORK EXPLOITATION (CNE) OPERATOR CERTIFICATION PROGRAM

Responsible Office	NAVPERSCOM (PERS-408)	Phone:	DSN	882-3882
			COM	(901) 874-3882
			FAX	(901) 874-2650
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Background.** Navy Interactive ON-NET (ION) Computer Network Exploitation (CNE) operators develop, refine, and utilize world-class tactics, techniques, and procedures to conduct computer network operations in support of national and tactical security objectives. Bridging the tactical-technical span, ION operators use advanced software applications to change or collect information residing on or transiting computer networks.

The purpose of the Navy ION CNE Operator Certification Program is to select and develop Navy cryptologic technicians networks (CTNs) who will achieve basic certification with an end goal of journeyman at the end of their first 3-year tour as an operator. Any reference to apprentice or journeyman is associated with training milestones for single technology certifications and does not reflect current rating pay band grouping.

2. **Requirements and Qualifications**

a. All applicants must have a service record that clearly demonstrates sustained superior performance, and he or she must meet the following criteria:

- (1) Be a rated CTN;
- (2) Be in pay grade E-4 to E-7;
- (3) Be within 12 months from projected rotation date (PRD) ;
- (4) Have no PFA failures within 3 years of application date;

(5) Be Career Waypoint reenlistment approved (if required);

(6) Have no more than 16 years of military service;

(7) Have no nonjudicial punishment within 2 years of application date;

(8) Have a final Top Secret clearance with access to sensitive compartmented information and complete a counter intelligence polygraph prior to execution of permanent change of station orders; and

(9) Incur a 3-year obligated service (OBLISERV) that will consist of a follow-on tour utilizing the Navy enlisted classification earned. OBLISERV or OBLISERV to train (if SRB eligible) must be completed prior to execution of orders.

b. Waivers to specific eligibility requirements will be considered on a case-by-case basis and approved or disapproved by Navy Personnel Command (NAVPERSCOM), Cryptologic/Intelligence Specialist (CT/IS) Assignment Section (PERS-408CJ).

3. **Application Procedures.** Commands are encouraged to nominate the best qualified personnel. All candidates shall complete and submit the following:

a. NAVPERS 1306/7 Enlisted Personnel Action Request to NAVPERSCOM (PERS-408CJ) a minimum of 10 months prior to PRD;

b. ION Assessment;

c. Last five reports:

(1) NAVPERS 1616/26 Evaluation Report & Counseling Record (E-1 to E-6); or

(2) NAVPERS 1616/27 Evaluation & Counseling Record (E-7 - E9);

d. Physical Readiness Information Management System data for previous 3 years; and

e. NAVPERS 1070/613 Administrative Remarks. A temporary NAVPERS 1070/613 is required to be signed by the member and submitted with the application. A copy will be forwarded to the

servicing personnel office for entry in the electronic service record (ESR). The following is a sample entry:

(Date): I agree to serve on active duty for a period of 36 months from class graduation date or until completion of previously obligated service, whichever is greater, unless released earlier by Navy Personnel Command (NAVPERSCOM). I also agree to serve the period of minimum obligated service specified, regardless of whether I retain qualification as an ION Operator NEC 9308 during that period.

4. Screening Process

a. Upon approval of NAVPERS 1306/7, member will forward complete package to the ION Program Manager at Fleet Cyber Command/10th Fleet for final technical screening and approval, or disapproval of selection to subject program. Soft copy application packages will be forwarded via unclassified e-mail.

b. The ION Program Manager will notify NAVPERSCOM, (PERS-408CJ), applicant of selection determination, and class convening and availability through written documentation.

5. Training Pipeline Expectations

a. Program candidates are expected to achieve the following training milestones for single technology certification on operating systems and network infrastructure during the 3-year program:

Apprentice	CAT-D Cert	Training + 3 Months
Apprentice	CAT-C Cert	Report + 12 Months
Journeyman	CAT-C Cert	Report + 24 Months

b. Sailors who fail to maintain program requirements and qualification eligibility, or fail to meet stated training expectations, will be released back to the rating detailer for further assignment.

MILPERSMAN 1306-981

NAVY INTERACTIVE ON-NET (ION) COMPUTER NETWORK EXPLOITATION (CNE) TRAINER CERTIFICATION PROGRAM

Responsible Office	NAVPERSCOM (PERS-408)	Phone:	DSN	882-3842
			COM	(901) 874-3842
			FAX	(901) 874-2650

References	(a) TAO.ROC_PS02-495-V4.0 - Remote Operations Center Interactive Operations Certification Overview
	(b) OPNAVINST 6110.1H

1. Background

a. Navy Interactive ON-NET (ION) Computer Network Exploitation (CNE) Trainers mentor and train Cryptologic Technician Networks (CTNs) through the ION CNE Operator Program to prepare them to utilize world-class tactics, techniques, and procedures to conduct computer network operations in support of national and tactical security objectives.

b. The purpose of the Navy ION CNE Trainer Certification Program is to select and develop CTNs who have been certified as ON-NET CNE Operators and certify them as Certification Trainers for single technology operating system/network infrastructure within 3 years. After completion of this program certified trainers will be distributed to a Navy or national site billet coded with the ION CNE Trainer Navy Enlisted Classification (NEC) code.

2. Requirements/Qualifications

a. All applicants must have a service record that clearly demonstrates sustained superior performance and must meet the following criteria:

- (1) Be a rated CTN.
- (2) Have successfully graduated the ION CNE operator program and earned the NEC.
- (3) Be paygrade E-5 to E-7.

(4) Be within 12 months from projected rotation date (PRD).

(5) Have no more than 14 years military service.

(6) Have no nonjudicial punishment (NJP) within 2 years of application date.

(7) Meet or exceed all Navy physical readiness standards per reference (b).

(8) Have a final Top Secret clearance with access to sensitive compartmented information (SCI) and complete a counter intelligence polygraph prior to execution of permanent change of station (PCS) orders.

(9) Incur a 3-year obligated service (OBLISERV) to complete the ION CNE Trainer Certification Program. OBLISERV must be completed prior to execution of orders.

b. Waivers to specific eligibility requirements will be considered on a case-by-case basis and approved or disapproved by Navy Personnel Command (NAVPERSCOM), Cryptologic/Intelligence Specialist (CT/IS) Assignment Section (PERS-408CJ).

3. **Application Procedures.** Commands are encouraged to nominate the best qualified personnel who possess the ION Operator NEC and have the personal traits to teach others. Submit the following information for consideration:

a. NAVPERS 1306/7 (Rev. 01-03), Enlisted Personnel Action Request, to NAVPERSCOM (PERS-408CJ) a minimum of 10 months prior to PRD.

b. Last five

- NAVPERS 1616/26 (Rev. 7-95), Evaluation Report and Counseling Record (E-1 to E-6), or
- NAVPERS 1610/2 (Rev. 7-95), Fitness Report and Counseling Record (E-7 to O-6).

c. Command endorsement not to exceed one page. The endorsement shall

- address only the technical qualifications and demonstrated aptitude of the applicant,
- address a command ranking if more than one applicant applies, and
- include a statement that all information has been verified and package is complete.

4. Screening Process

a. Upon approval of NAVPERS 1306/7, NAVPERSCOM (PERS-408) will forward member's complete package to the Navy element within Tailored Access Operations (TAO) for final technical screening and approval/disapproval of selection to subject program. Soft copy application packages will be forwarded via unclassified E-Mail.

b. The Navy element within TAO will notify NAVPERSCOM (PERS-408CJ) and applicant of selection determination and class convening/availability through written documentation.

5. Training Pipeline Expectations

a. Program candidates are expected to achieve the following training milestones for single technology operating system/network infrastructure trainer certification during the 3-year program:

- Junior Trainer Report + 18 Months
- Senior Trainer Report + 36 Months

b. Sailors who fail to maintain program requirements/qualification eligibility or fail to meet stated training expectations will be released back to the rating detailer for further assignment.

MILPERSMAN 1306-982

ASSIGNMENT OF NUCLEAR TRAINED MASTER CHIEF PETTY OFFICERS (MCPOS) AS REACTOR DEPARTMENT MASTER CHIEF (RDMC)/ENGINEERING DEPARTMENT MASTER CHIEF (EDMC) IN CVN 65

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN COM FAX	882-4696 (901) 874-4696 882-2638
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

References	(a) NAVSEA S9213-41-MAN-000/(R), Engineering Department Manual for Nuclear Power Plants (EDM) (b) NAVPERS 18068F, Manual of Navy Enlisted Manpower and Personnel Classifications and Occupational Standards, Volume II, Navy Enlisted Classifications (NECs)
-------------------	---

1. Background

a. The Reactor Department Master Chief (RDMC) (including the Engineering Department Master Chief (EDMC) in CVN 65) is key to the success of nuclear powered aircraft carriers. Per reference (a), the RDMC is responsible to the Reactor/Engineer Officer for the performance of his/her department. RDMCs must uphold the highest standards of professionalism and enhance communication at all levels of the department and command. They participate in the formulation and implementation of policies concerning training, operations, discipline, utilization, morale, and welfare of department personnel.

b. Tour lengths will normally be 36 months.

2. Requirements/Qualification

a. Applicants shall have successfully completed or be currently serving as the following:

(1) **Leading Chief Petty Officer (LCPO)** of Electrical, Mechanical, Reactor Controls, Reactor Electrical, Reactor Mechanical, or Reactor Laboratory Division; or

(2) **Reactor Training Division Officer.**

b. Normally applicants will not be considered for an RDMC/EDMC position at their current command. On a case-by-case basis, a candidate currently onboard may be considered. In these cases a 2-year minimum tour after relief is required.

c. If feasible, be a graduate of the Senior Enlisted Academy (SEA) (accomplishment in route to the RDMC assignment is acceptable).

d. Applicants shall have an outstanding performance record with fitness report performance trait marks not lower than 3.0 in any area for the past 3 years.

e. Applicants will have successfully completed the previous three Physical Fitness Assessments (PFAs) and present a sharp military appearance and demeanor, and possess irreproachable military bearing.

3. Requests for Assignment

a. Requests for assignment as RDMC should be submitted via NAVPERS 1306/7 (Rev. 1-03), Enlisted Personnel Action Request, and signed by the commanding officer (CO). Requests should be sent as applicable:

To: Navy Personnel Command (NAVPERSCOM)
Surface Nuclear Chief Petty Officer Detailer (PERS-403CJ)

Via: Commander Naval Air Forces (COMNAVAIRFOR)
Force or Deputy Force Nuclear Propulsion Officer (N9)

b. Applicants will include the following:

(1) CO's recommendation stating qualifications for assignment as RDMC/EDMC, and duty history. Waivers for prerequisites and selection requirements will be considered on a case-by-case basis. CO's endorsement must include recommendation for waiver of prerequisites or requirements, if applicable.

(2) Evaluation/fitness reports covering at least the last 5 years.

4. Selection and Assignment

a. COMNAVAIRFOR (N9) will review all requests for assignment as an RDMC, and forward all recommendations to NAVPERSCOM (PERS-403CJ).

b. NAVPERSCOM (PERS-403CJ) will forward to Deputy Chief of Naval Operations (MPT&E), Nuclear Enlisted Program Manager (OPNAV (N133D)) for final approval. Upon approval, OPNAV (N133D) will assign the 3301 Navy Enlisted Classification (NEC) code per reference (b).

c. If feasible and the candidate has not previously completed the SEA, the selected candidate will be ordered to RDMC/EDMC assignment via the SEA.

5. Screening Panel

a. In unusual circumstances, if there are insufficient qualified applications for selection, COMNAVAIRFOR (N9) will convene a screening panel to select the best qualified candidates from available individuals rotating to sea duty.

b. The panel will include a Senior Enlisted Advisor from the respective

- COMNAVAIRFOR (N9) staff,
- NAVPERSCOM (PERS-403CJ), and
- Office of Chief of Naval Operations, Nuclear Enlisted Program Manager's Quality Control Advisor (OPNAV (N133D2)).

c. The panel recommendation will be forwarded to COMNAVAIRFOR (N9) for routing per paragraph 4.

--------------	--

1. **Background.** The Medical Deep Sea Diving/Fleet Marine Force Reconnaissance Corpsman programs provide an opportunity for recruit and fleet personnel to become career enlisted Hospital Corpsman (HM) serving in Navy Enlisted Classification (NEC) codes 8493, 8494, 8427, and 8403.

2. **Purpose.** This article discusses personnel aspects of the Deep Sea Diving/Fleet Marine Force Reconnaissance Corpsman programs. The following topics are covered:

Topic	See Paragraph
Suitability for Assignment	3
Navy Enlisted Classification (NEC) Codes	4
Program Entry Requirements	5
Applying for the Program	6
Program Screening Requirements	7
Program Screening Process	8
Transfer to Initial Training	9
Voluntary NEC Revocation	10
Involuntary NEC Revocation	11
Reinstatement	12
Supervisory Status	13
Periodic Requalification	14
Report of Medical Deep Sea Diving/Fleet Marine Force Reconnaissance Corpsman Program Screening	Exhibit 1

3. **Suitability for Assignment**

a. **Accession Prerequisites.** The distinct purpose and nature of duties involved in the Medical Deep Sea Diving program requires strict adherence to eligibility criteria, application procedures, and policy for assignment in the Medical Deep Sea Diving/Fleet Marine Force Reconnaissance Corpsman programs.

b. **Professional Performance.** While the highest standards of personal conduct, reliability, and judgment are required of all members of the Naval Service, it is especially important that members assigned to duty involving the performance and supervision of Medical Deep Sea Diving/Fleet Marine Force Reconnaissance Corpsman operations are of unquestioned personal conduct, reliability, judgment, and observance of military regulations.

4. **Navy Enlisted Classification (NEC) Codes.** The Medical Deep Sea Diving/Fleet Marine Force Reconnaissance Corpsman programs consist of the following NEC codes. Reference (a) further describes each of the NEC codes.

NEC	Designation
8493	Medical Deep Sea Diving Technician
8494	Deep Sea Diving Independent Duty Corpsman
8427	Fleet Marine Force Reconnaissance Corpsman
8403	Fleet Marine Force Reconnaissance Independent Duty Corpsman

5. **Program Entry Requirements.** Except where specified "**no waiver,**" Bureau of Naval Personnel (BUPERS), Medical/Dental (HM) Rating Enlisted Community Manager (BUPERS-327) may waive one or more entry requirements if the applicant is considered otherwise qualified. Due to the cost of PCS orders, historical high attrition training rates, and to prevent undue delay in training, commands and personnel submitting requests for conversion shall strictly adhere to the policy and requirements specified in this article.

a. **Duty Status.** Must be on active duty.

b. **Source rating:** Applicants must be in or request to convert into the HM rating. Conversion to the HM rating will be conducted per MILPERSMAN 1440-010.

c. **Gender**

(1) For NEC 8493/8494, male or female.

(2) For NEC 8427/8403, male. **No waivers.**

d. **Age Requirement**

(1) For NEC 8493, be 30 years of age, or less, as of date of application receipt at Navy Personnel Command (NAVPERSCOM), Medical/Dental Assignment Branch (PERS-407).

(2) For NEC 8427, be 30 years of age, or less, as of date of application receipt at NAVPERSCOM (PERS-407).

e. **Rank**

(1) For NEC 8493, be in paygrade E-2 through E-6.

(2) For NEC 8427, be in paygrade E-1 through E-5.

(3) For NEC 8403/8494, be in paygrade E-5 with 2 years time in rate.

f. **Armed Services Vocational Aptitude Battery (ASVAB).** Meet ASVAB requirement per current ASVAB NAVADMIN.

g. **Medical Requirements.** Meet medical standards as specified in reference (b). Request for waiver of physical standards for personnel who do not meet minimum standards must be submitted per reference (b) and **through** the servicemember's commanding officer (CO) **via** Bureau of Medicine and Surgery (BUMED), Undersea Medicine and Radiation Health (M3/50M2) to NAVPERSCOM (PERS-407).

h. **Hyperbaric Pressure Test.** Administered per reference (c). Hyperbaric Pressure Test may be waived if a hyperbaric chamber facility is not accessible due to geographic isolation.

i. **Obligated Service (OBLISERV).** The OBLISERV requirement for attending initial training is 36 months from class graduation date or until completion of previous OBLISERV, whichever is greater, unless released earlier by Chief of Naval Personnel (CHNAVPERS). COs shall ensure applicants understand Obligated Service to Train (OTT) options specified in MILPERSMAN 1306-106 and reference (d). **No waivers.**

j. **Performance Standards.** Evaluation trait marks 3.0 or above in last 3 evaluation reports.

k. **Nonjudicial Punishment (NJP) or Court Conviction.** The applicant may not have an NJP/court-martial or serious civil court convictions during the previous 18 months prior to the application.

l. **Security Clearance.** Meet eligibility requirements for a SECRET clearance based on a National Agency Check with Local Agency and Credit Checks (NACLC). **No waivers.**

m. **Physical Fitness.** Pass the physical screening test per the Diver requirements in 1220-100, Exhibit 1 for HM8427/HM8403; and Exhibit 2 for HM8493/HM8494. **No waivers.** Fleet Marine Force Reconnaissance Corpsmen must meet SEAL standards.

n. **Recommendation.** Be recommended for initial training by the member's current CO.

6. **Applying for the Program.** Applicants who are applying for the program must take the following steps:

Step	Action
1	Contact NAVPERSCOM (PERS 407) to locate the nearest approved screening activity. Phone: 1-901-874-3332, DSN 882
2	Undergo screening process.
3	Receive Report of Medical Deep Sea Diving/Fleet Marine Force Reconnaissance Corpsman Program Screening.
4	Assemble program screening package.
5	Mail or facsimile (FAX) the Conversion Package to: Navy Personnel Command (PERS-407) 5720 Integrity Drive Millington, TN 38055-5402 FAX: (901) 874-2645, DSN 882

7. **Program Screening Requirements.** Applicants will be screened by approved personnel and activity.

a. **Approved Screening Personnel.** A qualified

- Diving Officer,
- Master Diver (NEC 5341),
- E-7 - E-9 Deep Sea Diving Independent Duty Corpsman (NEC 8494),
- E-7 - E-9 Fleet Marine Force Reconnaissance Corpsman (NEC 8427), or
- E-7 - E-9 Fleet Marine Force Reconnaissance Independent Duty Corpsman (NEC 8403),

can conduct the screening.

b. **Approved Screening Activity.** Only commands with adequate facilities for screening applicants will conduct screening.

(1) An approved screening activity is any Diving/EOD/SEAL/SWCC/UCT command, Reconnaissance Battalion, Marine Special Operations Battalion, or Recruit Training Command

(NAVCRUITRACOM). Diving commands should be the priority screening activity as it relates to the applicant's primary mission and capability.

(2) Screening conducted by other commands due to geographic isolation or absence of approved screening personnel must be coordinated through and approved by NAVPERSCOM (PERS-407).

8. **Program Screening Process.** The screening activity will ensure the following:

Step	Action	IAW
1	Interview the Applicant	Para. 8a
2	Conduct a Diving Medical Examination	Para. 8b
3	Conduct a Physical Screening Test	Para. 8c
4	Conduct a Hyperbaric Pressure Test	Para. 8d
5	Submit a Request for Program Entry	Para. 8e

a. **Interview the Applicant.** The interview is necessary to examine and evaluate each applicant's character, traits, background, motivation, and potential for successfully completing training and subsequent Medical Deep Sea Diving/Fleet Marine Force Reconnaissance Corpsman career assignments. The interviewer will do the following:

(1) Discuss the nature of the Medical Deep Sea Diving/Fleet Marine Force Reconnaissance Corpsman program with the applicant, to include training, duty assignments, operational employment, career development, pay, advancement, etc.

(2) Review the applicant's service record to fully assess past performance, program entry effect on professional development, and potential for successfully completing initial training.

(3) Determine the applicant's comfort level in the water. Member must have considerable comfort level when in a waterborne environment. This should not be determined solely by the physical screening test.

(4) Determine the applicant's physical fitness level.

(5) Review entry requirements with the applicant to determine which requirements are met and which requirements require a waiver.

(6) Complete Exhibit 1 of MILPERSMAN 1306-983, Report of Medical Deep Sea Diving/Fleet Marine Force Reconnaissance Corpsman Program Screening.

(a) All program entry requirement waivers must be specified and supported with justification for approval.

(b) A negative response to any of the questions or traits identified in the applicant's service record could indicate unsuitability for the program.

(c) Provide a positive or negative endorsement stating the suitability to attend initial training.

b. **Conduct a Diving Medical Examination.** Applicants must meet physical examination and standards per reference (b).

(1) Approved Location. The medical examination may be conducted at hospitals, clinics, or dispensaries capable of accomplishing or coordinating all required examination elements.

(2) Approved Medical Examiner. Per reference (b), examinations can be conducted by any physician, but an Undersea Medical Officer (UMO) or Diving Medical Officer (DMO) must approve and review all examinations/reports. BUMED (M3/50M2) can review and sign physical examinations for accessions performed by another credentialed medical provider where a Navy UMO or DMO is not proximately available.

(3) Medical Reports. Results of the Diving Medical Examination will be recorded on the following reports:

- DD 2807-1 (3-07), Report of Medical History
- DD 2808 (10-05), Report of Medical Examination

(4) Validity. The initial diving medical examination will be valid for a 24-month period. Candidates who have not reported to initial training within the 24-month period must re-submit DD 2807-1 and DD 2808 updated reports to NAVPERSCOM (PERS-407).

c. **Conduct the Physical Screening Test.** The physical screening test is designed to assess the applicant's physical ability to undergo initial and advanced training.

(1) Administer the Physical Screening Test per MILPERSMAN 1220-100, Exhibit 1 for HM8427/HM8403; and Exhibit 2 for HM8493/HM8494. Fleet Marine Force Reconnaissance Corpsmen must meet SEAL standards.

(2) No alterations to the test are permitted. The test must be administered exactly as indicated.

(3) Testing Males and Females. Physical screening test standards are identical for both male and female applicants.

d. **Conduct a Hyperbaric Pressure Test.** The hyperbaric pressure test is designed to determine if the applicant can successfully adapt to increased atmospheric pressure without adverse physiological reaction. This test is conducted in a hyperbaric recompression chamber per reference (c).

e. **Submit a Request for Program Entry.** Upon satisfactory completion of the screening process, applicants will forward their request to NAVPERSCOM (PERS-407), via NAVPERS 1306/7 (Rev. 1-03), Enlisted Personnel Action Request.

(1) NAVPERS 1306/7 will reference MILPERSMAN 1306-983 and include the following statement:

" Per MILPERSMAN 1306-983, I volunteer for Medical Deep Sea Diving/Fleet Marine Force Reconnaissance Corpsman duty and request assignment to initial training. I agree to serve on active duty for a period of 36 months from class graduation date or until completion of previously obligated service, whichever is greater, unless released earlier by Navy Personnel Command (NAVPERSCOM). I also agree to serve the period of minimum obligated service specified regardless of whether I retain qualification as a Medical Deep Sea Diving Technician/Fleet Marine Force Reconnaissance Corpsman and NEC 8493/8427 during that period."

(2) COs are required to provide a statement concerning the applicant's suitability for type of training and assignment to duty.

(3) Required enclosures are listed below:

Enclosure 1	DD 2807-1 (3-07), Report of Medical History
Enclosure 2	DD 2808, Report of Medical Examination
Enclosure 3	MILPERSMAN 1306-983, Exhibit 1, Report of Medical Deep Sea Diving/Fleet Marine Force Reconnaissance Corpsman Program Screening.
Enclosure 4	NAVPERS 1616/26 (Rev. 3-02), Evaluation Report and Counseling Record for previous 3 years including any special or transfer evaluations.
Enclosure 5	Hyperbaric Pressure test results. Provide memorandum stating waiver justification if not completed.

9. **Transfer to Initial Training**

a. **Physical Condition Verification.** The member's physical condition shall be verified by performing the physical screening test approximately 30 days prior to transfer to initial training. Test results will be placed in the servicemember's service record. Personnel who fail the physical screening test 30 days prior to transfer will retest approximately 15 days prior to transferring. If the member fails again, he or she will have their orders held in abeyance and NAVPERSCOM (PERS-407) will be notified by message.

b. **Disqualifying Condition.** Personnel who have received orders to attend initial training, but develop any possible disqualifying condition; to include physical conditioning, medical, performance standards, non-judicial punishment, or security clearance eligibility; are required to notify NAVPERSCOM (PERS-407) by message.

10. **Voluntary NEC Revocation**

a. **Request for Removal of NEC.** Members assigned Medical Deep Sea Diving/Fleet Marine Force Reconnaissance Corpsman program NEC codes may request removal of their NEC via their CO, to BUPERS-327. Personnel are required to submit

(1) NAVPERS 1306/7 (Rev. 1-03), Enlisted Personnel Action Request; and

(2) NAVPERS 1221/6 (6-06), Navy Enlisted Classification (NEC) Change Request.

b. **Request Reasons and Statement.** The request should include member's reasons for removing NEC, and the following Statement:

" I understand removal of my assigned NEC (fill in) will result in stoppage of special or hazardous duty pay and reassignment to a non-NEC billet, not necessarily at my present command."

c. **Further Training/Assignment/OBLISERV.** Members who voluntarily request NEC removal normally will not be approved for further voluntary training or assignment in other Diver/EOD/SEAL/UCT programs; however, member must serve remainder of original OBLISERV incurred as the result of initial training in a non-NEC billet, unless released at an earlier date by CHNAVPERS. Contact BUPERS-327 for information on reverting to a component diving NEC.

d. **Insignia.** Members who voluntarily request removal of their NEC(s) will not be authorized to wear applicable distinguishing insignia.

11. **Involuntary NEC Revocation**

a. **CO Determination.** COs may recommend revocation of a member's NEC(s) by submitting NAVPERS 1221/6 to BUPERS-327. This revocation shall not be used as a punitive measure, but based on the CO's determination that the member is no longer suitable for assignment to billets requiring the NEC. NAVPERS 1221/6 must substantiate that determination by providing sufficient background and reasonable justification for removal of member's NEC.

b. **Insignia.** Members who have their NEC(s) involuntarily removed will not be authorized to wear applicable distinguishing insignia.

c. **Required Statement.** Recommendations to revoke NEC shall include one or more of the following statements:

"The member is considered suitable for assignment to rate or rating billets not requiring NEC (fill-in)."

"The member may reapply for reinstatement of NEC (fill-in) after completing at least 2 years assigned to a non-NEC billet."

"The member is considered unsuitable for reassignment and will be recommended for administrative discharge by separate action."

d. **Revocation Reasons.** Primary reasons for revocation of NEC include (but are not limited to) the following:

(1) Failure or unwillingness to perform duties required of the NEC.

(2) Failure to maintain NEC eligibility:

(a) Permanent revocation by Department of the Navy, Central Adjudication Facility (DON CAF) of the member's security clearance.

(b) Permanent physical disability.

(3) Professional Performance:

(a) Culpable negligence.

(b) Breaches of diving safety or regulations.

(c) Loss of CO's faith and confidence in the member's ability to exercise sound judgment, reliability, and personal conduct.

(4) Alcohol Abuse. Personnel identified as having abused alcohol will be locally suspended by their CO from duty pending the outcome of screening, disciplinary counseling, or rehabilitation procedures as outlined in reference (e). At any time, during or upon completion of those proceedings, COs have the following options:

(a) If a counseling/rehabilitation program appears **likely to succeed**, the member will remain assigned to the command in a non-Medical Deep Sea Diving/Fleet Marine

Force Reconnaissance Corpsman program Navy Enlisted Classification (NEC) status and will have a program developed per reference (e). Commands will submit a NAVPERS 1221/6 to BUPERS-327 to affect suspension of the Medical Deep Sea Diving program related NEC. Upon successful completion of the rehabilitation program, the CO may request reinstatement of the member's Medical Deep Sea Diving/Fleet Marine Force Reconnaissance Corpsman program related NEC.

(b) If **future alcohol abuse is considered likely**, or the member **fails rehabilitation treatment**, the CO may certify that the member has no potential for further useful service and must initiate separation procedures. Commands will submit NAVPERS 1221/6 to BUPERS-327 to revoke the Medical Deep Sea Diving/Fleet Marine Force Reconnaissance Corpsman program related NEC.

(c) Personnel who **voluntarily refer themselves** for treatment in the **absence of either an alcohol-related violation** (of local, state, or Federal law; or the Uniform Code of Military Justice) **or substandard service** and are found in need of treatment will be placed in a non-Medical Deep Sea Diving/Fleet Marine Force Reconnaissance Corpsman program related NEC status pending outcome of required treatment. Commands will submit NAVPERS 1221/6 to BUPERS-327 to suspend the Medical Deep Sea Diving/Fleet Marine Force Reconnaissance Corpsman program related NEC. Upon successful completion of the rehabilitation program, the CO may request reinstatement of the member's Medical Deep Sea Diving/Fleet Marine Force Reconnaissance Corpsman program related NEC.

(5) Drug Abuse. Members identified as having abused drugs as defined in reference (e) are not eligible for diving duty or future reinstatement. Members will be processed for administrative separation as specified in MILPERSMAN 1910-146. Commands will submit NAVPERS 1221/6 to BUPERS-327 to revoke the Medical Deep Sea Diving/Fleet Marine Force Reconnaissance Corpsman program related NEC.

ADVISORY: NEC revocation shall not be used as a substitute for required disciplinary, punitive, and/or administrative action. Particular consideration shall be exercised to ensure that NEC revocation is not used to transfer members to other duty when they do not clearly meet the established high standards for continued Naval Service.

12. **Reinstatement**

a. **Request.** Personnel whose NEC was previously removed by administrative action may request reinstatement of their former NEC by submitting NAVPERS 1306/7 to BUPERS-327 via their present CO. If approved, COs will submit NAVPERS 1221/6 to BUPERS-327.

b. **Requests from Personnel Separated.** Personnel separated from the Navy may request reinstatement of their former NEC by submitting NAVPERS 1306/7 to BUPERS-327, if qualified and recommended for reenlistment in the NEC at time of separation. The member may send the request for reinstatement directly to BUPERS-327.

13. **Supervisory Status.** There are a few situations where personnel are unable to meet the physical standards for Medical Deep Sea Diving/Fleet Marine Force Reconnaissance Corpsman duties to include diving operations through no fault or lack of diligence on the member's part. In these few cases, personnel whose significant Medical Deep Sea Diving/Fleet Marine Force Reconnaissance Corpsman experience is of continued value to the Navy, may apply for "Supervisory Status" designation and remain in the Medical Deep Sea Diving/Fleet Marine Force Reconnaissance Corpsman program.

a. **Eligibility.** Personnel serving in paygrades E-7 through E-9, with NEC 8403 and 8494 may request designation for Supervisory Status by submitting NAVPERS 1306/7 **via** their CO and BUMED (M3/50M2) **to** BUPERS-327. Request shall contain the following:

Enclosure (1)	Results of a recent diving physical examination.
Enclosure (2)	A brief synopsis of previous NEC-related experience.

b. **Designation.** If approved, BUPERS-327 will designate personnel in either "Supervisory Status, Diving" or "Supervisory Status, Non-diving," based on the following considerations:

(1) Favorable endorsement of the member's request by the CO.

(2) BUMED recommendation concerning waiver of physical standards.

(3) Number of personnel presently assigned in a "Supervisory Status, Diving" or "Supervisory Status, Non-diving" at the member's activity.

(4) The member's eligibility, as specified in NECs below:

Supervisory Status Only (Categories)	8403
Eligibility Criteria	8494
Diving Status (requalification dives only)	YES
Minimum years service in NEC	4
Maximum years total service	26
Top 30 percent evaluations previous 4 years	YES
Qualified for sea duty	YES
Non-diving Status	YES
Minimum years service in NEC	4
Maximum years total service	20
Top 10 percent evaluations previous 4 years	YES

(5) Personnel designated "Supervisory Status, Diving" or "Supervisory Status, Non-diving" will be limited to a maximum of 5 percent of an activity's onboard diving-related billet allowance, or less if the number may be detrimental to operational capability.

c. **Disapproval.** If disapproved, members will have their Medical Deep Sea Diving/Fleet Marine Force Reconnaissance Corpsman NEC revoked per paragraph 11 of this article.

d. **Tenure.** Designation of personnel for "Supervisory Status, Diving" or "Supervisory Status, Non-diving" shall be made to coincide with required diving duty physical examination tenure. Extension of "Supervisory Status" must be requested to coincide with completion of diving duty physical examinations. Personnel designated "Supervisory Status, Diving/Non-diving" may retain that status, dependent upon the receiving command's requirements, if transferred during the normal tenure of diving duty physical examination.

e. **Assignments.** Personnel designated "Supervisory Status, Diving" are assignable to sea duty; eligible for diving pay per their current NEC; and limited to performing supervisory, inspection, and re-qualification dives only, as specified in MILPERSMAN 1220-260.

f. **Sea Duty and Diving.** Personnel designated "Supervisory Status, Non-diving" will not normally be assigned to sea duty, unless the number of divers in a full diving status at an activity is sufficient to conduct safe diving operations. Personnel assigned in a "Supervisory Status, Non-diving" shall not dive.

14. **Periodic Requalification.** Periodic requalification of Medical Deep Sea Diving/Fleet Marine Force Reconnaissance Corpsman program personnel is necessary to maintain individual proficiency and unit capability. Personal safety during hazardous operations is directly related to proficiency. COs are directed to afford every opportunity for maintaining individual qualification without lapse.

a. **Diving Specific NEC Requalification.** For policy on diving specific NEC requalification refer to MILPERSMAN 1220-260, Diving Requalification.

b. **Documentation.** Documentation of diving operations is described in reference (c).

EXHIBIT 1**REPORT OF MEDICAL DEEP SEA DIVING/FLEET MARINE
FORCE RECONNAISSANCE CORPSMAN PROGRAM SCREENING**

(Use proper letter format.)

From: (Screening Activity)

To: Commander, Navy Personnel Command (PERS-407)

Subj: REQUEST FOR MEDICAL DEEP SEA DIVING/FLEET MARINE FORCE
RECONNAISSANCE CORPSMAN PROGRAM

Ref: (a) MILPERSMAN 1306-983

1. (rank or rate, name) , currently attached to (member's present command), was screened for entry to the Medical Deep Sea Diving/Fleet Marine Force Reconnaissance Corpsman Program as specified in reference (a).

2. The member completed the screening as indicated below:

a. Interview conducted by: (name, rank, position, command, date) (Interviewer should include any significant findings pertinent to selection/non-selection of member for requested training.)

(1) Does the applicant totally understand the mission and scope of the program? Yes _____ No _____

(2) Does the applicant fully understand the training regimen during initial training and what will be expected of him/her? Yes _____ No _____

(3) Is the applicant's motivation for entry into the program a sincere desire for professional growth and achievement and not solely for the money or as a method to escape the applicant's present circumstances, etc.? Yes _____ No _____

(4) Does the applicant have the ability to adapt to the requirements of the program? Yes _____ No _____

(5) Is the applicant mentally prepared for the arduous training? Yes _____ No _____

(6) Does the applicant have any financial, marital, or other hardships that would impede the applicant's ability to concentrate on and complete the training? Yes _____ No _____

b. Physical Screening Test conducted by: (name, rank, position, command, date)

(1) Swim Time: _____ min _____ sec

(2) Run Time: _____ min _____ sec

(3) Sit-ups: _____, Push-ups: _____, Pull-ups: _____

c. Hyperbaric Test conducted by: (name, rank, position, command/facility, date) or waived (state justification)

d. Eligible for SECRET security clearance based on a National Agency Check with Local Agency and Credit Checks (NACLC)? Yes _____ No _____

3. Based on (satisfactory/unsatisfactory) completion of this screening and per rating conversion entry requirements specified in reference (a), the member (is/is not) recommended for the Medical Deep Sea Diving Program. (If member is not recommended, state reason/s.)

MILPERSMAN 1306-984

NAVAL SPECIAL WARFARE COMMAND (NAVSPECWARCOM) TACTICAL INFORMATION OPERATIONS (TIO) PROGRAM

Responsible Office	BUPERS (BUPERS-326)	Phone:	DSN COM FAX	882-2870 (901) 874-2870 882-2987
---------------------------	------------------------	--------	-------------------	--

References	(a) OPNAVINST 3591.1E
-------------------	-----------------------

1. **Background.** Naval Special Warfare Command (NAVSPECWARCOM) Tactical Information Operations (TIO) program billets require duty in arduous and combat environments. Duty is frequently isolated and independent, and involves deployment with NAVSPECWARCOM personnel engaged in the Global War on Terror.

a. **Designation.** NAVSPECWARCOM TIO personnel are designated either

- Tactical Electronic Warfare (TAC-EW)/Tactical Computer Network Operations (TAC-CNO) operators, or
- Tactical Information Operations analysts (TIOA).

They are trained and equipped to provide a wide variety of tactical information operations support including electronic warfare and select computer network operations.

b. **Location.** Billets are located within NAVSPECWARCOM commands.

c. **Authorization to Apply.** Due to the nature of work and requirement to operate independently, first tour Sailors are not authorized to apply.

d. **Tour Lengths.** Duty with NAVSPECWARCOM TIO is classified as Type 2 sea duty and due to the extensive amount of training, the tour lengths are **60 months for TAC-EW/TAC-CNO** and **36 months for TIOA.**

e. **Weapons.** Members must maintain qualifications in various tactical and crew served weapons.

2. Requirements/Qualifications

a. **Eligible Ratings.** The following ratings are currently eligible for assignment.

- CTR - Cryptologic Technician (Collection)
- CTI - Cryptologic Technician (Interpretive)
- CTT - Cryptologic Technician (Technical)
- CTN - Cryptologic Technician (Networks)

b. **Applicant requirements:**

(1) Receive a Single Scope Background Investigation (SSBI) and Counter Intelligence (CI) Polygraph (member's command will initiate).

(2) Complete sections A, B, C, D2, and D6 of NAVPERS 1306/92 (Rev 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900. Members must meet additional mandatory screening requirements per reference (a).

(3) Be interviewed and screened by NAVSPECWARCOM TIO leadership (officer or Senior Enlisted Advisor (SEA) or designated representative) for assessment of suitability for program. Initial point of contact (POC):

Commander, Naval Special Warfare Command
(COMNAVSPECWARCOM) (N39)
COMM (619) 437-5422/0811
DSN 577-5422/0811.

(4) Score "Excellent Low" or above on the most recent Physical Fitness Assessment (PFA), with no failures over the past 3 years.

(5) For TAC-EW/TAC-CNO - satisfactorily complete physical screening test (COMNAVSPECWARCOM R242019Z JUN 04). **TAC-EW** program falls under the Ground Combat Exclusion Policy and **is currently closed to females. TIOA is open to females.**

c. **Tour Length.** Prescribed tour length for this program is **36 months for TIO-A** and **60 months for TAC-EW/TAC-CNO** personnel. Members must have obligated service (OBLISERV) for the prescribed tour length.

d. **Termination.** TIO-EW and TAC-CNO personnel who no longer volunteer or fail to maintain qualification for NAVSPECWARCOM standards will submit NAVPERS 1306/7, (Rev. 1-03), Enlisted Personnel Action Request **to** Bureau of Naval Personnel (BUPERS) (BUPERS-32) **via** Navy Personnel Command (NAVPERSCOM), Information Warfare/ Intelligence Specialist Assignment Branch (PERS-408) requesting termination.

MILPERSMAN 1306-985

UNITED STATES SPECIAL OPERATIONS COMMAND (USSOCOM)

Responsible Office	NAVPERSCOM (PERS-4010G)	Phone:	DSN	882-3872
			COM	(901) 874-3872
			FAX	882-2646

References	(a) SECNAV M-5510.30, Jun 06
-------------------	------------------------------

1. Background

a. The United States Special Operations Command (USSOCOM) leads, plans, synchronizes, and as directed, executes global operations against terrorist networks. They train, organize, equip, and deploy combat ready special operation forces to combatant commanders. Their mission is to provide fully capable Special Operations Forces to defend the United States and its interests.

b. USSOCOM is the joint headquarters for all Special Operations Forces component commands. Personnel assigned represent all services, both active duty (ACDU) and reserve, civil service employees, and contractors. As the combatant command (COCOM) designated to lead efforts against terrorist networks, assigned personnel are expected to adhere to strict standards that will not jeopardize their security clearances in any manner. Military members must be able to work in a diverse and large organization while maintaining a high level of physical fitness.

c. Personnel assigned will have ample opportunity for professional gratification. There are many intangible rewards in being assigned to the nation's premier warfighting command. Members who are looking for a challenging assignment are encouraged to apply.

2. Requirements/Qualifications

a. To qualify for assignment to USSOCOM, applicants must:

(1) Complete NAVPERS 1306-92 (Rev. 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900, for Flag Staff screening.

(2) Conduct a prescreening interview with the USSOCOM staff personnel officer. Contact information will be provided via screening notification message from Navy Personnel Command (NAVPERSCOM).

(3) Be an E-5 or above with the following criteria:

(a) E-5 with less than 10 years of active service.

OR

(b) E-6 with less than 14 years of active service.

(4) Be in the following ratings:

AG, IS, IT, LN, SK, YN.

(5) Have a warfare designator.

(6) Hold a current Single Scope Background Investigation (SSBI) for Top Secret/Sensitive Compartmented Information (TS/SCI) access prior to transfer, per reference (a).

(7) Have scored a Good - Low or above on the most recent Physical Readiness Test (PRT) with no failures over the past 3 years. Additionally, must be able to complete a 3-mile command run in 30 minutes.

(8) Be in a "FIT" for full duty status. Medical or limited profiles of any type must be communicated in advance to NAVPERSCOM, Shore Special Programs Assignment Section (PERS-4010G) for assessment by the gaining command.

b. Required obligated service (OBLISERV) for this program is 36 months.

1. **Background.** Naval Special Warfare (NSW) support activities man, train, equip, organize, and deploy forces to conduct preparation of the environment, intelligence, surveillance, reconnaissance, special operations, and combat support for combatant commanders, interagency, and host nation partners.

a. Billets are located at Naval Amphibious Base Coronado, CA at UIC 48569 and Little Creek, VA at UIC 49660.

b. NSW support activities billets are classified as Type 2 Sea duty.

c. Personnel assigned to NSW support activities may be assigned to either headquarters support departments or one of any number of deployable combat support troops.

d. The following ratings are currently eligible for assignment (subject to additions and deletions):

AD	AVIATION MACHINIST'S MATE
AE	AVIATION ELECTRICIAN'S MATE
AG	AEROGRAPHER'S MATE
AM	AVIATION STRUCTURAL MECHANIC
AT	AVIATION ELECTRONICS TECHNICIAN
AWO	NAVAL AIRCREWMAN (OPERATOR)
AWF	NAVAL AIRCREWMAN (MECHANICAL)
AWR	NAVAL AIRCREWMAN (TACTICAL HELICOPTER)
AWS	NAVAL AIRCREWMAN (HELICOPTER)
AWV	NAVAL AIRCREWMAN (AVIONICS)

AZ	AVIATION MAINTENANCE ADMINISTRATION
BU	BUILDER
CTI	CRYPTOLOGIC TECHNICIAN (INTERPRETIVE)
CTN	CRYPTOLOGIC TECHNICIAN (NETWORKS)
CTR	CRYPTOLOGIC TECHNICIAN (COLLECTION)
CTT	CRYPTOLOGIC TECHNICIAN (TECHNICAL)
ET	ELECTRONICS TECHNICIAN
GM	GUNNER'S MATE
HM	HOSPITAL CORPSMAN
IS	INTELLIGENCE SPECIALIST
IT	INFORMATION SYSTEMS TECHNICIAN
MA	MASTER-AT-ARMS
MC	MASS COMMUNICATIONS SPECIALIST
NC	NAVY COUNSELOR
OS	OPERATIONS SPECIALIST
PS	PERSONNEL SPECIALIST
SB	SPECIAL WARFARE BOAT OPERATOR
LS	LOGISTICS SPECIALIST
SO	SPECIAL WARFARE OPERATOR
YN	YEOMAN

2. **Requirements and Qualifications:**

a. Available to any pay grade, however, E-5s may not have more than 10 years total active military service, E-6s may not have more than 15 years total active military service, and E-7s and above must have at least 4 years until high year tenure.

b. Member must have scored at least "Good-Low" on the most recent Physical Readiness Test (PRT) with no failures over the past 3 years (waiverable).

c. Must be a U.S. citizen and possess a valid driver's license (non-waiverable).

d. All rates must possess, at a minimum, a Secret clearance within 12 months of arrival (non-waiverable). Ideal candidates will possess an interim Secret clearance or have the ability to obtain one prior to arrival.

e. No alcohol related incidents, non-judicial punishment, or civil convictions (excluding minor traffic violations) within past 36 months. Waivers will be considered on a case-by-case basis.

f. All personnel must qualify for and maintain eligibility for a Government travel card (GTC). Loss of eligibility for a GTC may result in disqualification and subsequent termination from NSW support activities.

g. Members convicted of a domestic violence charge are permanently ineligible (non-waiverable).

h. If a member is completing a period of limited duty, the member must complete and pass a PRT with no waivers of any events (good or low standard) prior to transfer.

i. Operational rates (CT, IS, AD, AE, AM, AT, AZ, HM, OS, AWO, AWF, AWV, AWS, MC, ET, IT) must be eligible to obtain a Top Secret security clearance. Member's command will initiate a single scope background investigation (SSBI) before issuance of orders.

j. It is required for CT, AWO, AWF, AWV, AWS, ET, IT, and IS rates to become second class swimmers within 12 months of reporting on board. Ideal candidates will already be qualified second class swimmers.

k. Personnel transferring to operational duty must complete NAVPERS 1306/92 Special Program Screening Form, section A, B, C, D1, D2, D4, and D6; and MILPERSMAN 1306-900, (Exhibit 1) Special Program Suitability and Unsuitability Report. Forward Exhibit 2, Special Program Waiver Request and Exhibit 3, Special Program Screening Deficiency Report (as applicable) to Navy Personnel Command (NAVPERSCOM), Sea Special Programs and Surface New Construction Branch (PERS-409).

l. Members will be trained and be expected to maintain qualifications in small arms and crew served weapons.

m. Personnel will be required to have a Government and civilian (tourist) passport. Members shall initiate passport processing with current command upon being selected for assignment. Ideal candidates will already possess a valid passport.

n. All waivers can be sent to: Commander, NSW Support Activity ONE (NAVSPECWARGRU ONE SPT ACT) or NSW Support Activity TWO (NAVSPECWARGRU TWO SPT ACT). Use message format contained, per MILPERSMAN 1306-900, Exhibit 3 (as applicable). Waiver

requests must contain full justification and rationale for consideration.

3. **Specific Assignment Requirements and Qualifications:**

a. Personnel desiring assignment to the Administration Department (N-1) must meet the following requirements:

(1) Must be from one of the following rates: YN, OS, PS, NC or MA.

(2) Required obligated service (OBLISERV) for rate per current sea shore flow NAVADMIN.

(3) Personnel will be interviewed by NSW support activity command leadership (N-1 Department Head and or Leading Chief Petty Officer (LCPO)), per MILPERSMAN 1306-900 - Exhibit 1, as a guideline for assessment of suitability for the program prior to detailing.

b. Personnel desiring assignment to the Intelligence Department (N2) or cross functional troops must meet the following requirements:

(1) Must be from the IS rate and possess the NECs 3912 and 3913. Personnel will be trained according to command mission requirements.

(2) Member must be willing to complete a counter intelligence polygraph.

(3) Open to females in a deployable status.

(4) Due to the extensive training received, tour length will be 4 years (48 months OBLISERV) with the option to extend for an additional year.

(5) Personnel will be interviewed by NSW support activity command leadership (N-2 Department Head and or Leading Chief Petty Officer) using MILPERSMAN 1306-900 - Exhibit 1 as a guideline for assessment of suitability for the program prior to detailing.

(6) Termination. N-2 personnel who no longer volunteer or fail to maintain qualification for NSW command standards will submit NAVPERS 1306/7 Enlisted Personnel Action Request to

Bureau of Navy Personnel (BUPERS), Officer Community Management (BUPERS-31) via NAVPERSCOM, Information Warfare and Intelligence Specialist Assignment Branch (PERS-408) requesting termination.

c. Personnel desiring assignment to the Logistics and Supply Department (N-4) must meet the following requirements:

(1) Must be an LS with a background in the Logistic, Financial, Inventory, and Purchase Card Program.

(2) Personnel will be interviewed by NSW support activity command leadership (N-4 Department Head and or (LCPO)) using MILPERSMAN 1306-900 - Exhibit 1 as a guideline for assessment of suitability for the program prior to detailing.

d. Personnel desiring assignment to the Communications Department (N-6) must meet the following requirements:

(1) Must be from the IT or ET rate with desired NEC's; 9613, 2379, 2735, 2779, 2780, 2781, however, a 0000 will be accepted on a case-by-case basis.

(2) Personnel will be expected to cross-train and attain qualifications and skills (technical surveillance electronics) that are beyond the scope of their regular rating duties.

(3) Due to the extensive training received, tour length will be 4 years (48 months OBLISERV) with the option to extend for an additional year.

(4) Personnel will be interviewed by NSW support activity command leadership (N-6 Department Head and or (LCPO)) for assessment of suitability for the program prior to detailing.

(5) All ITs (E-7s) must have completed the NAVEDTRA 43462-1 EKMS Manager 304 PQS and attend the EKMS Manager Course (V-4C-0013).

e. Personnel desiring assignment to the Combat Systems Department or unmanned aircraft systems troop must meet the following requirements:

(1) Must be from the following rates; AD, AE, AM, AT, AWO, AWF, AWV, AWS, AZ, OS with desired NEC's; 8261, 8262, 8263,

8264, 8800), however, 0000 will be accepted on a case-by-case basis.

(2) Must be of pay grade E-5 or above with a current Class 3 aviation flight physical for appropriate rates.

(3) Considering the extensive training received, tour length will be 4 years (48 months OBLISERV) with the option to extend for an additional year.

(4) Personnel must submit completed unmanned aircraft systems screening application and will be interviewed by NSW support activity command leadership (troop commander, department head and or LCPO) for assessment of suitability for the program prior to detailing.

(5) Personnel will be expected to cross-train and attain qualifications and skills that are beyond the scope of their regular rating duties.

f. Personnel desiring assignment to cross functional troops for performance as Tactical Electronic Warfare operators (TAC-EW), Tactical Computer Network Operators (TAC-CNO), or Tactical Information Operations (TIO-A) analysts must meet the following requirements:

(1) Must be E-5 and above from one of the following rates:

(a) CTI (must meet naval network warfare command minimum language standards)

(b) CTN (Desired NECs: 9306/9307)

(c) CTR (Desired NECs: 9105/9138)

(d) CTT (Desired NECs: 9102/9141)

(2) Candidates must have completed one operational tour in current CT rating.

(3) Complete a SSBI and counter intelligence polygraph prior to executing permanent change of station (PCS) orders.

(4) Personnel will be interviewed by NSW support activity leadership (TIO Department Head and or LCPO) for assessment of suitability for the program prior to detailing.

(5) Females are restricted from TAC-EW and TAC-CNO assignments at NSW support activities due to ground combat exclusion policy. However, detailing female members on deployable status to TIO analyst positions is highly encouraged.

(6) Satisfactory completion of physical screening tests per MILPERSMAN 1220-100 (TAC-EW/TAC-CNO ONLY).

(7) Due to the extensive training received, the initial tour length will be 4 years for TIO analysts and 5 years for TAC-EW/TAC-CNO operators with the option to extend for an additional year in both cases. Required OBLISERV for this program is 48 - 60 months and will be obtained prior to executing PCS orders.

(8) Termination. TIO personnel who no longer volunteer or fail to maintain qualification for Navy Special Warfare Command standards will submit NAVPERS 1306/7 to BUPERS (BUPERS-31) via NAVPERSCOM, CT, IS, EW, IT Assignments Branch (PERS-408) requesting termination.

MILPERSMAN 1306-987

INSTRUCTOR DUTY FOR ENLISTED MEDICAL EDUCATION AND TRAINING CAMPUS (METC)

Responsible Office	NAVPERSCOM (PERS-407)	Phone:	DSN	882-3819
			COM	(901) 874-3819
			FAX	882-2645
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. Program Background

a. Per MILPERMAN 1306-953 personnel will comply with the requisite training prior to or upon arrival at the appropriate activity for duty as an instructor. MILPERSMAN 1306-953 delineates the basic qualifications for instructor duty. MILPERSMAN 1306-900 provides the screening requirement for instructor duty.

b. The Base Realignment and Closure Commission (BRAC) 2005 DoD guidance realigned the Community College of the Air Force with the Medical Education and Training Campus (METC). As a result, instructors are now required to have (at a minimum) an Associate's Degree or be able to earn an Associate's Degree within 1 year of reporting to METC - the new tri-service medical training facility at Fort Sam Houston, Texas.

c. Tuition support (if appropriate) will be provided using the Navy's Tuition Assistance Program.

2. Transferring Command Requirements

a. Follow screening requirements provided in MILPERSMAN 1306-953 and MILPESMAN 1306-900.

b. Prescreen prospective METC instructors to ensure they have met the education requirements or are within 8-12 credits of degree completion. They are required to attain their Associate's Degree within 1 year of reporting to METC.

3. Receiving Command Requirements

a. Follow requirements delineated in MILPERSMAN 1306-953 and 1306-900.

b. Should an instructor fail to complete the mandatory education requirements within 1 year of reporting, METC will determine whether it is in the best interest of the command to allow the member more time to complete after considering mitigating factors. METC will take appropriate administrative/disciplinary action if member has not made appropriate progress and coordinate with Navy Personnel Command should reassignment be requested.

MILPERSMAN 1306-988

MARITIME CIVIL AFFAIRS AND SECURITY TRAINING SCREENING REQUIREMENTS

Responsible Office:	NAVPERCOM (PERS-401)	Phone:	DSN COM FAX	882-2306 (901) 874-2306 882-2649
NAVPERSCOM CUSTOMER SERVICE		Phone:	TOLL FREE	1-866-U ASK NPC

References	(a) OPNAVINST 6110.1H (b) 18 U.S.C., Chapter 44, Unlawful Acts, section 922
-------------------	---

1. **Purpose.** To issue screening requirements and assignment policy for Sailors ordered to duty in connection with Maritime Civil Affairs and Security Training (MCAST).
2. **Program Background.** MCAST command mans, trains, equips and deploys Sailors to facilitate and enable a Navy Component or joint task force commander to establish and enhance relations between military forces, governmental and nongovernmental organizations, and the civilian populace. This is accomplished in a collaborative manner across the spectrum of operations in the maritime environment, including execution of civilian-to-military operations and military-to-military training (as directed) in support of security cooperation and security force assistance requirements.
3. **Program Screening Requirements.** Screening requirements apply to officer and enlisted members.

a. **Eligible Rating.** The following enlisted ratings are source ratings eligible for assignment:

BU	Builder
BM	Boatswain's Mate
CE	Construction Electrician
CM	Construction Mechanic
EM	Electrician's Mate
EN	Engineman
EO	Equipment Operator
ET	Electronics Technician
GM	Gunner's Mate
HM	Hospital Corpsman
HT	Hull Technician
IT	Information Systems Technician
LN	Legalman
LS	Logistics Specialist
MA	Master at Arms
MC	Mass Communication Specialist
MM	Machinist's Mate
OS	Operations Specialist
PS	Personnel Specialist
QM	Quartermaster
YN	Yeoman

b. **Officer eligibility:** Any unrestricted line officer (O3 and above) warfare qualified in any one of the warfare specialties. Approval from the Officer Warfare Community Manager is required.

c. **Screening.** Satisfactorily complete assignment to special programs screening per MILPERSMAN 1306-900 and operational duty screening per MILPERSMAN 1300-800.

(1) **Alcohol.** Must not have had any alcohol-related incidents within the past 36 months. Waivers may be requested on a case-by-case basis. Forward waiver requests to Bureau of Naval Personnel (BUPERS), Officer Community Manager (BUPERS-31) (for officers), or BUPERS, Enlisted Community Manager (BUPERS-32) (for enlisted) for consideration.

(2) **Non-Judicial Punishment (NJP) and Civilian Convictions.** Must not have had any NJP or civilian convictions, excluding minor traffic violations, within the past 36 months. Waivers may be requested on a case-by-case basis. Forward waiver requests to BUPERS (BUPERS-31) (for officers), or BUPERS (BUPERS-32) (for enlisted) for consideration.

(3) **Tattoos.** Careful consideration shall be given to Sailors who have tattoos. MCAST Program members interact with country teams, foreign diplomats, dignitaries, and foreign military.

d. Physical Standards

(1) Personnel must have passed three of last four physical fitness assessments (PFAs) per standards promulgated in reference (a). If a member is completing a period of limited duty, the member must complete and pass a PFA with no waiver of any events.

(2) MCAST mission requirements are arduous and will require members to operate in austere environments, occasionally wearing heavy body armor for long periods of time. Sailors must not have any physical condition that would preclude them from meeting this requirement, such as chronic back and shoulder problems, knee problems, etc.

(3) All Sea Component Sailors must qualify as a second class swimmer.

e. Security Clearance. All members must currently hold or be in the process of obtaining a SECRET clearance. Personnel currently assigned to MCAST Command who have their security clearance removed or revoked by Department of the Navy, Central Adjudication Facility, or other appropriate authority, are no longer eligible for MCAST Command duty and will be de-screened and transferred. Sailors who report without a clearance and are subsequently deemed ineligible for a clearance will be made available for assignment based on the needs of the Navy. This requirement shall not be waived.

f. Firearms. Sailors must achieve and maintain qualifications on various individual weapons. The 1996 Lautenberg Amendment to the Gun Control Act of 1968, reference

(b), prohibits access to firearms by persons convicted of any misdemeanor crime of domestic violence. Policy also applies to felony crimes and general and special courts-martial convictions that otherwise meet the definition of "crime of domestic violence." Any member disqualified from handling or training on weapons is not eligible for duty at MCAST Command.

4. **Screening Documentation.** Complete sections A, B, C, and D of NAVPERS 1306/92 Special Program Screening Form and Exhibit 1 of MILPERSMAN 1306-900. Screening waivers should be coordinated with MCAST.

-----------	--

1. Program Details

a. Both Navy Information Operations Command (NIOC) Maryland Fleet Information Operations Center (FIOC) Special Projects/Sea Duty (unit identification code (UIC) 48549) and National Security Agency (NSA)/Central Security Service (CSS) Special Projects/Sea Duty (SD) (UIC 48547) manage screening programs to evaluate personnel prior to assignment to the command. In coordination with Navy Personnel Command (NAVPERSCOM), Cryptologic Technician/Intelligence Specialist/Chemical Warfareman/Information Systems Technician Assignments Branch (PERS-408) detailers, UIC 48547 conducts record screening and personal interviews with personnel who meet the initial qualification criteria.

b. Both UIC 48549 and UIC 48547 will properly screen eligible candidates respectively and ensure coordination with NAVPERSCOM (PERS-408) for orders assignment.

2. NIOC Maryland - FIOC Special Projects/Sea Duty (UIC 48549)
Requirements/Qualifications, Eligible Rates, and NECs

RATE	NEC	DESIGNATION	REQUIREMENTS
CTI	N/A	Cryptologic technician (CT) (interpretive)	Senior operator qualified. (Waiverable).
CTM	9229	Submarine carry-on equipment technician	Required to have NEC 9229 in rating experience as submarine direct support (DIRSUP) maintainer.
CTR	9147	Intermediate signals analyst	Minimum requirement. NEC 9149 also eligible. (Waiverable with interview).
	9169	Morse code intercept operator	Waiverable with interview.
CTT	9135	Subsurface augmentee electronic intelligence (ELINT) operator	Minimum qualification DIRSUP senior operator.
	9141	Intermediate technical ELINT (TECHELINT) analysis technician	Waiverable with interview.

3. NIOC Maryland - NSA/CSS Special Projects (UIC 48547)
Requirements/Qualifications, Eligible Rates, and NECs

a. Eligible rates and NECs:

RATE	NEC	DESIGNATION	REQUIREMENTS
CTR	9169	Morse code intercept operator	Minimum requirement. (Waiverable with interview). Candidates must hold one of these NECs. NEC 9149 also eligible.
	9138	Journeyman A&R specialist	
	9134	Subsurface augmentee operator	
	9147	Intermediate signals analyst	
CTT	9135	Subsurface augmentee operator	Waiverable with interview.
	8296	Electronic Patrol (EP)-3E technical operator (OP)/analyst	
	9141	Intermediate technical ELINT (TECHELINT) analysis technician	Required to have either NEC 9102 or NEC 9141.
	9102	Journeyman operational ELINT analysis	

b. The following additional requirements must be met for both UIC 48549 and UIC 48547, unless waived by specified UIC officer in charge:

(1) Volunteer;

(2) Must have previous in rating submarine experience (UIC 48549 only);

(3) Must have no physical fitness assessment failures within the last 2 years;

(4) No nonjudicial punishment (NJP) or civil offenses in the last 3 years;

(5) No alcohol related incidents in the last 3 years;

(6) Recommended by current chain of command;

(7) Eligible to receive Top Secret security clearance;
and

(8) U.S. citizen.

c. Completion of NAVPERS 1306/92 Special Program Screening (exhibit 1 of MILPERSMAN 1306-900 is not required).

d. Detailed application information may be obtained by contacting UIC 48547 via phone at (410)854-2641/2650 or UIC 48549 via phone at (410)854-2601/2623.

e. Pertinent command leadership will review Career Management System (CMS) application information during the command comments phase of the CMS monthly cycle. Comments will be made to inform detailers of the member's status (if currently screening) or recommendation for the program (if not currently screening). After billet selection has occurred, detailers will provide respective program point of contact information to the member.

f. Member must have a current single scope background investigation (SSBI) and completed a counter-intelligence scope polygraph (CSP) prior to transfer.

g. For UIC 48549 (prior to transfer), the detaching command is responsible for ensuring that the member is physically qualified for submarine duty per reference (a), and the following NAVPERS 1070/613 Administrative Remarks entry is signed by member and witnessed:

"I hereby volunteer for duty in a submarine direct support billet, and I understand that I am considered to be a volunteer for duty in any type of submarine world-wide."

If member is not physically qualified or refuses to sign this entry, hold orders in abeyance and immediately notify NAVPERSCOM (PERS-408) by message.

h. For UIC 48547 (prior to transfer), the detaching command will ensure member is physically qualified for sea duty per reference (a).

i. Required obligated service (OBLISERV) for UIC 48549 and UIC 48547 is 36 months.

4. NIOC Maryland - Technical Support Activity (UIC 62941)
Requirements/Qualifications

a. **Program Background.** UIC 62941 is responsible for conducting technical support to enable battle command and information advantage in support of world-wide Navy, joint, and national requirements.

b. UIC 62941 manages a recruiting and screening program to identify personnel for assignment to the command. The recruiting and screening team conducts record screening and personal interviews with personnel who meet the initial qualification criteria.

c. Due to the extensive training received at NIOC Maryland (prior to the initial deployment) the tour length is 48 months. Service member must meet 48-month OBLISERV requirement.

d. UIC 62941 senior enlisted advisor has final approval authority for selected personnel and will ensure coordination with NAVPERSCOM (PERS-408) for orders assignment.

e. Eligible rates and NEC's:

RATE	NEC	DESIGNATION	REQUIREMENTS
CTR	9169	Morse code intercept operator	Minimum requirement.
	9138/ 9134	Journeyman A&R specialist or subsurface augmentee operator	Minimum requirement.
CTI	N/A	Non language specific	Must be above standards (2+/3, 3/2+, or 3/3 in their primary language.

f. The following additional requirements must be met:

(1) Volunteer;

(2) Prospective candidates must complete a technical support activity initial assessment package;

(3) Physically fit - no medical conditions that prevent physical training/physical activity;

- (4) No NJP or civil offenses in the last 3 years;
- (5) No alcohol related incidents in the last 3 years;
- (6) Top performer and recommended by current chain of command;
- (7) Due to operational training and deployment requirements, language training is not always available; therefore, CTI personnel must be above standards (2+/3, 3/2+, or 3/3) in their primary language;
- (8) Able to meet security requirements for special access Top Secret security clearance;
- (9) U.S. citizen; and
- (10) If applicable, spouse must be a U.S. citizen.

g. Completion of NAVPERS 1306/92, Exhibit 1 of MILPERSMAN 1306-900 is not required.

h. The examiner will pay special attention to the mental status, psychiatric, and neurologic components of the examination, and will review the entire health record for evidence of past impairment. Specifically, the individual will be questioned about difficulty getting along with other personnel and history of suicidal or homicidal ideation. The examination must be recorded on the DD 2807-1 Report of Medical History and DD 2808 Report of Medical Examination.

i. Pertinent command leadership will review CMS application information during the command comments phase of the CMS monthly cycle. Comments will be made to inform detailers of the member's status (if currently screening), or recommendation for the program (if not currently screening). After billet selection has occurred, detailers will provide respective program point of contact information to the member.

j. Member must have a current SSBI and completed a CSP prior to transfer.

k. Prior to transfer, ensure member is physically qualified for sea duty per reference (a).

1. All personnel assigned to this unit are required to wear civilian clothing at all times, unless otherwise directed and are authorized a civilian clothing allowance.

5. NIOC Maryland - Advanced Language Response Team (ALRT) (UICs 45069/3746A) Requirements and Qualifications

a. **Background.** UIC 45069/3746A provides direct support crypto-linguistic augmentation to subsurface, air, surface, and ground forces in support of national security objectives. UIC 45069/3746A personnel acquire and utilize a less commonly taught language (LCTL) to meet national and fleet requirements. Candidates frequently perform duty independently and must meet the highest standards of personal conduct, physical fitness, and reliability.

b. Billets are located within NIOC Maryland (Fort Meade, Maryland).

c. Personnel assigned to ALRT will acquire an LCTL prior to, or immediately after permanent change of station (PCS) transfer, depending on course availability. LCTL type is assigned based solely on projected operational requirements, and is not guaranteed upon PCS transfer or by candidate request.

d. Detailed application information may be obtained by contacting ALRT via phone at (410) 854-3744.

e. **Qualification Requirements:**

(1) Time. ALRT billets are classified as type 2 sea duty. Due to the extensive amount of training required prior to initial deployment, participants will serve a total of 48 months in the program, to include 12 months of language acquisition training and 36 months of assignment to NIOC Maryland.

(2) Statement. All candidates must make the following entry on NAVPERS 1070/613 Administrative Remarks prior to transfer to ALRT:

"I hereby volunteer for duty in any type of submarine world-wide. I also volunteer for duty involving flying as naval aircrew or under temporary flight orders (TFO). I understand my minimum tour will be 48 months, regardless of prior sea duty. I also agree to extend my enlistment or to reenlist (if necessary) to meet obligated service (OBLISERV) requirements per MILPERSMAN 1306-604."

Member's Signature

Witnessed: _____

Name

Rank USN (R)

If member refuses to sign this entry or is not a volunteer, hold orders in abeyance and notify NAVPERSCOM (PERS-408).

f. Rate/Rating. The following criteria are required for initial training or assignment to duty at ALRT:

- (1) Be in pay grade E-5 through E-7; and
- (2) Source rating: CTI.

g. Physical. All candidates must be physically qualified for duty involving flying and submarine duty, per reference (a), article 15-69, except as set forth herein. Physicals must be completed prior to execution of orders.

(1) A physical for submarine duty must specifically state, "Qualified (or "Not Qualified) for Submarine Duty" in block 77 on DD 2808.

(2) A flight physical must specifically state, "Qualified (or "Not Qualified) for Duty involving Flying" in block 77 on DD 2808.

(3) Physical examinations more than **1 year** old will not be accepted.

(4) If candidates are not physically qualified, hold orders in abeyance and notify NAVPERSCOM (PERS-408).

h. Discipline. Candidates must have a clear record that does not contain official entries indicating a conviction by court-martial or NJP awarded during the past 36 months. Requests for clear record waivers must be forwarded to NAVPERSCOM (PERS-408) and will be considered on past performance and commanding officer's recommendation.

i. Security Clearance:

(1) Must meet security clearance requirements for CTI rating; and

(2) Must complete CI polygraph within 3 years of screening.

j. Performance. Candidates must have a consistent record of above average performance or a demonstrated trend towards improved performance. No mark below 3.0 is allowed. This requirement is applicable to the last two regular enlisted evaluations only. Special evaluations on poor performers submitted only for the purpose of increasing performance marks in order to qualify for ALRT duty will not be accepted. In special cases, NAVPERSCOM (PERS-408) may grant waivers to this paragraph.

k. Due to the challenging nature of acquiring and maintaining an LCTL (to be eligible), members must have demonstrated sustained superior performance (L2+/R2+) for a minimum of 18 months in the primary language for which they hold an NEC. Waivers to this requirement will be considered on a case-by-case basis, as determined by ALRT, and coordinated with NAVPERSCOM (PERS-408).

l. Members nominated for duty with ALRT will complete NAVPERS 1306/92 and Exhibit 1 of MILPERSMAN 1306-900, and submit to NAVPERSCOM (PERS-408) within 30 days of receipt of orders.

6. NIOC Maryland - Joint Operations Unit (JOU) (UIC 41082)
Requirements/Qualifications

a. UIC 41082 manages a screening program to evaluate personnel prior to assignment to the command, in coordination with NAVPERSCOM (PERS-408).

b. Both male and female candidates are eligible.

c. Eligible rates and NECs:

RATE	NEC	DESIGNATION	REQUIREMENTS
CTR	9147	Intermediate signals analyst	Minimum requirement. NEC 9149s are encouraged to apply.
	9138	Journeyman A&R specialist	Waiverable with interview.

d. The following additional requirements must be met:

(1) Must be an E-5 or above, and have applicable field experience in primary designator, preferably two tours;

(2) Must have no physical fitness assessment failures in the last 2 years;

(3) No NJP or civil offenses in the last 3 years;

(4) No alcohol related incidents in the last 3 years;

(5) Recommended by current chain of command;

(6) Eligible to receive Top Secret and Special Access Program security clearance; and

(7) U.S. citizen.

e. Completion of NAVPERS 1306/92 (Exhibit 1 of MILPERSMAN 1306-900 is not required).

f. Detailed application information may be obtained by contacting the Joint Operations Unit at (443) 654-4444.

g. Pertinent command leadership will review CMS application information during the command comments phase of the CMS monthly cycle. Comments will be made to inform detailers of the member's status (if currently screening), or recommendation for the program (if not currently screening). After billet selection has occurred, detailers will provide respective program point of contact information to the member.

h. Member must have an SSBI and completed a CSP prior to transfer.

i. For UIC 41082 (prior to transfer) the detaching command is responsible for ensuring that the member is both physically and mentally qualified per reference (a). Due to the sensitivity of operations and the requirement to deploy in small numbers, often little to no supervision is the norm. This billet necessitates that the operators are "beyond reproach" in personal conduct.

j. Required OBLISERV for UIC 40182 is 36 months.

MILPERSMAN 1306-992

ASSIGNMENT TO SUBMARINE LEARNING CENTER STAFF OR SITE INSTRUCTOR DUTY

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN COM FAX	882-3620 (901) 874-3620 882-2638
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Background.** Technological innovations in Navy training, coupled with diverse instructor requirements in the submarine training community, make it imperative that the best candidates are selected and assigned to the Submarine Learning Center (SLC) staff and learning site instructor billets.

2. **Requests for Assignment.** These requirements apply unless already screened for assignment per MILPERSMAN 1306-957.

a. Personnel, E-5 and above, desiring assignment to the SLC staff or submarine learning site instructor billets are encouraged to complete all sections of NAVPERS 1306/92 Special Program Screening 10-12 months prior to their established projected rotation date (PRD) (12-18 months prior to PRD is acceptable for deploying units).

(1) Candidates will schedule an interview with the local SLC or learning site command master chief (CMC)/senior enlisted advisor (SEA). Candidates will provide the last 3 years of Physical Readiness Information Management System data and evaluations to the CMC or SEA. During the interview, the learning site command fitness leader will conduct a courtesy body composition assessment measurement to determine if applicant is eligible.

(2) NAVPERS 1306/92, section D, line 10-13 will be completed by the local SLC CMC or SEA.

(3) If there is not a submarine learning site in the same geographic location as the member's current assignment, the interview may be conducted via telephone or video teleconference with the SLC CMC or SEA.

(4) Upon completion of the CMC or SEA interview, the interviewing command is required to endorse NAVPERS 1306/92.

(5) The parent command should retain the original screening form and submit a copy to the applicable rating detailer at Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignments Branch (PERS-403).

b. During the Career Management System/Interactive Detailing (CMS/ID) detailer selection phase, preference will be given to personnel that have submitted NAVPERS 1306/92. Personnel that have not submitted NAVPERS 1306/92 to their detailer prior to entering their CMS/ID orders negotiation window will remain eligible for selection and assignment to the SLC staff or a submarine learning site instructor billet. Personnel that are selected for assignment to an instructor billet and have not completed NAVPERS 1306/92 are required to complete the required screening (as outlined above) no later than 30 days after notification of selection via CMS-ID.

c. The detaching command will report suitability/unsuitability determinations to NAVPERSCOM, Enlisted Distribution Division (PERS-40); NAVPERSCOM (PERS-403); and the gaining command utilizing Exhibit 1 of MILPERSMAN 1306-900 within 30 days of receipt of orders. If warranted, submit a waiver utilizing exhibit 3 of MILPERSMAN 1306-900.

d. The detailer will ensure the orders contain text directing the detaching command to submit a copy of NAVPERS 1306/92 to the gaining command within 30 days of receiving orders. If the required NAVPERS 1306/92 is not received by the gaining command within 60 days, the gaining command will submit a naval message to NAVPERSCOM (PERS-403) requesting cancellation of orders.

e. The detaching command is required to re-certify that the member continues to meet all requirements within 5 days of transfer. Upon re-certification, the completed NAVPERS 1306/92 must be submitted to the servicing personnel support detachment for entry into the electronic service record. Failure to re-certify would require an unsuitability message per exhibit 1 of MILPERSMAN 1306-900 and request for order modification.

f. Prior duty as an instructor (NEC 9502) is required for personnel desiring assignment to the SLC staff.

g. Required obligated service is 36 months for this program.

3. **Receiving Command Requirements.** A Special Program Screening Deficiency Report (SPSDR) (exhibit 3 of MILPERSMAN 1306-900) is submitted by the receiving command to report discrepancies discovered during the screening conducted by the transferring command. Exhibit 3 of MILPERSMAN 1306-900 provides the format for submitting an SPSDR. The SPSDR is addressed to the transferring command with an information copy to NAVPERSCOM (PERS-403) and the transferring command's immediate superior in command.

References	(a) SECNAVINST 5510.30B (b) OPNAVINST 6110.1J (c) 18 U.S.C. §922
------------	--

1. **Purpose.** To promulgate qualification requirements and assignment policy for members assigned to harbor patrol units (HPU) with the level II coxswain "0190" Navy enlisted classification (NEC).
2. **Scope.** HPUs deploy their harbor security boats (HSB) as the primary line of manned defense for the protection of critical operational afloat assets at U.S. Navy piers and controlled waterways. The HPU Program requires trained personnel to provide force protection and waterfront security per specified mission requirements in support of surface units, subsurface units, and naval installations around the world. The level II coxswain "0190" NEC is the senior person assigned to an individual HSB.
3. **Background.** HPUs are responsible for providing commanding officers mission ready, rapid response forces fully capable of executing security patrols, escorts, interdiction, perimeter, harbor defense, and defense of high value assets.
4. **Tour Length (Master-at-Arms Only)**
 - a. Prospective level II coxswains will normally receive orders to attend the Level II Coxswain Operations and Tactics Course - A-062-0050 as part of their permanent change of station orders to a shore duty billet. Following successful completion

of the level II coxswain course - A-062-0050, enlisted personnel will be awarded the "0190" NEC and sign NAVPERS 1070/613 Administrative Remarks (page 13) accepting a 48-month minimum obligation and assignment as a level II coxswain. The minimum obligation of 48 months will consist of two tours as a level II coxswain. One tour will be a 36-month shore duty assignment. The other tour will be a 12, 24, or 36-month sea duty assignment at an overseas installation to complete the minimum total of 48 months in the HPU Program as a level II coxswain. The order of sea and shore tours will be based on prioritized requirements at the time.

b. If the member fails to successfully complete the level II coxswain course - A-062-0050, Navy Personnel Command (NAVPERSCOM), Enlisted Personnel Readiness and Support Branch (PERS-4013) will determine whether the member may continue with current assignment without NEC "0190" or be made available for immediate reassignment. The 48-month payback in an HPU will commence once a member is gained onboard an HPU command, regardless of whether the member attends the level II coxswain course - A-062-0050 while assigned to a sea or shore command.

5. **Requirements and Qualifications.** The requirements and qualifications contained in this article apply to all personnel being screened for assignment to the HPU Program. Prospective members of the HPU Program shall meet the following minimum requirements:

a. **Eligible For a Secret Clearance.** Member's command will initiate a background investigation per reference (a).

b. **Physical Standards.** Members must have passed their three most recent physical fitness assessments (PFAs) (not applicable to new accessions and recent "A" school graduates who have not participated in three PFAs). New accessions and recent "A" school graduates must have passed their most recent PFA prior to assignment to HPU per standards promulgated in reference (b). If members are being released from a period of limited duty, they must complete and pass a PFA with no waiver for any event. Additionally, members must have passed the three most recent PFAs prior to assignment to limited duty status.

c. **Firearms.** Members are eligible to carry a weapon per all applicable directives and instructions. Per reference (c), the 1996 Lautenberg Amendment to the Gun Control Act of 1968 prohibits access to firearms by persons convicted of any misdemeanor crime of domestic violence. This policy also applies to convictions of felony crimes and convictions of offenses at general or special courts-martial that otherwise meet the definition of "crime of domestic violence." Any member disqualified from handling or training on weapons is not eligible for initial entry or continued duty in the HPU Program.

d. **Boat Operations.** HPUs regularly operate at night or in low light conditions and require normal color vision to correctly distinguish running lights and navigational aids. Therefore, color blindness and night blindness are disqualifying medical conditions for HPU duty. This requirement shall not be waived.

e. **Swim Qualifications.** Member must be qualified as a second class swimmer to be assigned to the HPU Program.

f. **Nonjudicial Punishment (NJP) and Military or Civilian Convictions.** Members must not have no NJPs and or military or civilian convictions (excluding minor traffic violations) within the past 12 months, no alcohol related incidents within the past 12 months, and no pending civil actions.

MILPERSMAN 1306-994

3-M SYSTEM COORDINATOR PROGRAM MANAGER AT SEA

Responsible Office	NAVPERSCOM (PERS-402)	Phone:	DSN	882-3577
			COM	(901) 874-3577
			FAX	882-2734

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone:	Toll Free	1-866-U ASK NPC
------------------------------------	--------	-----------	-----------------

Reference	(a) NAVSEAINST 4790.8C
------------------	------------------------

1. **Background.** Maintenance and Material Management (3-M) System Coordinator Program manager at sea is responsible for the coordination of all facets of 3-M systems per reference (a). The 3-M system coordinator (3-MC) must possess the ability to implement, evaluate, and coordinate planned maintenance system actions and the ability to operate and effectively manage the ship's maintenance program. In addition, the 3-MC may also serve as a unit's availability manager.

2. **Policy**

a. E-6 to E-9 personnel may request assignment to serve as a 3-M system coordinator by contacting their rating detailers for release to the 3-M system coordinator detailer or by submitting NAVPERS 1306/7 Enlisted Personnel Action Request to Navy Personnel Command (NAVPERSCOM), Engineering Assignments Branch (PERS-402), via the member's rating detailer, approximately 10-12 months prior to their individual projected rotation dates. NAVPERS 1306/7 may be accessed by using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

b. Personnel who fail to negotiate for orders may be nominated to the 3-M system coordinator position. Personnel who screen as unsuitable for the 3-M System Coordinator Program will be returned to their rating detailer and may be issued orders for immediate needs of the Navy assignments.

c. Personnel scheduled to transfer to sea duty, who are serving in rates or ratings lacking sea duty opportunities, may involuntarily be nominated to fill a 3-M system coordinator billet to support this critical position.

3. **Requirements**

a. Must be 3-M personnel qualification standard qualified through 304 LCPO/division officer.

b. Special Sea-Duty Screening. All nominees for the 3-MC Program must complete NAVPERS 1306/92 Special Program Screening (section A and the command endorsement section). NAVPERS 1306/92 may be accessed by using the following Web address: http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Documents/NAVPERS_1306-92_Rev01-11.pdf. Applicants for the 3-MC Program will also complete a phone interview with the 3-MC detailer prior to final selection.

c. Prescribed Sea Tour

(1) Sea tour is 36 months; or

(2) Overseas 3-MC tours are established per Department of Defense (DoD) area tour requirements.

d. Performance Evaluations. Must have 3.0 or above in all performance traits and no non-judicial punishment within the past 36 months.

e. Physical Fitness Assessment (PFA). Must have passed the most recent PFA.

f. Obligated Service (OBLISERV). Required OBLISERV for this duty, per MILPERSMAN 1306-106, is 36 months, and

(1) those Service members that do not have sufficient OBLISERV until high year tenure (HYT) may request a HYT waiver; and

(2) HYT waivers will be handled on a case-by-case basis.

g. Endorsements. Favorable endorsements by commanding officers are required.

4. **Nominations**. Personnel who fall outside the normal negotiation window for assignment may be nominated to the 3-MC Program by their respective rating detailer, providing they meet the criteria of paragraph 3.

5. **3-MC Duty Benefits**

a. Personnel who are nominated for the 3-MC Program will obtain NEC 9517 enroute to ultimate duty station, unless already qualified.

b. Personnel accepted into the 3-MC Program have the opportunity for a wide variety of locations for assignment.

6. **Disapprovals**

a. Personnel who do not meet the requirements of paragraph 3 may request a waiver by contacting the 3-MC detailer once released from rating detailer.

b. Prospective 3-MC personnel who apply, but receive final disapproval for entry into the 3-MC Program, will be returned to their respective rating detailer for assignment.

c. Personnel may be given one additional month of order negotiations if they are returned outside their normal detailing window.

-----------------	---

1. **Purpose.** To provide information and procedures pertaining to various Navy reenlistment incentive programs. Other MILPERSMAN articles pertaining to Navy reenlistment incentive programs are as follows:

Topic	See MILPERSMAN
Guaranteed Assignment Retention Detailing (GUARD 2000) Program	1306-1002
Guaranteed Assignment Retention Detailing (GUARD 2000) Program for Nuclear Trained Personnel	1306-1004
Assignment to School as a Reenlistment Incentive	1306-1006

2. **Policy.** This article and its sub-articles present various Navy reenlistment incentive programs in regard to duty assignments and school guarantees, setting forth eligibility criteria and requesting procedures for each.

a. It should be noted that incentives offered under one program may not normally be obtained in conjunction with incentives offered by another program, unless specifically noted.

b. A member may not be guaranteed a choice of duty under Guaranteed Assignment Retention Detailing (GUARD 2000) Program and training under the Selective Training and Reenlistment (STAR) Program as dual incentives for the same reenlistment.

c. A member may receive Selective Reenlistment Bonus (SRB) for reenlistment; SRB is not a guarantee of any reenlistment program.

d. See MILPERSMAN 1160-090 for the Selective Conversion and Reenlistment (SCORE) Program and MILPERSMAN 1160-100 for the Selective Training and Reenlistment (STAR) Program.

e. Exhibits 1, 2, 3, and 4 are to be used as appropriate.

EXHIBIT 1

GUARD 2000 REQUEST FORMAT

(Use the proper message format containing the following.)

SUBJECT LINE: GUARD 2000 REQUEST ICO RATE, NAME, LAST FOUR DIGITS OF SSN, NEC, COMNAVPERSCOM DESK CODE (NRPC CODE 30 FOR USNR-R (FTS))

1. MEMBER RECOMMENDED OR NOT RECOMMENDED FOR REENLISTMENT BY THE COMMANDING OFFICER.

2. IN ORDER, PROVIDE THE FOLLOWING INFORMATION:

A. ACTIVE DUTY SERVICE DATE (ADSD)

B. EXPIRATION OF ACTIVE OBLIGATED SERVICE (EAOS)/EAOS AS EXTENDED

C. IS INDIVIDUAL NOW UNDER ORDERS? (YES/NO)

D. NUMBER OF DEPENDENTS/LOCATION OF DEPENDENTS

3. A. PERIOD FOR WHICH APPLICANT WILL REENLIST IF GUARANTEED DUTY REQUESTED.

B. LIST DUTY STATION/TYPE DUTY PREFERRED BY APPLICANT. INCLUDE AT LEAST THREE CHOICES (IN ORDER).

C. REMARKS OF APPLICANT.

4. PREVIOUS TWO REGULAR ENLISTED EVALUATIONS ARE REQUIRED AS INDICATED BELOW:

DATE OF NAVPERS 1610/2/BLOCKS 27 THROUGH 39 (E-7/8/9).

DATE OF NAVPERS 1616/26/BLOCKS 27,28,30,31,32,36, AND 39 (E-3/4/5/6).

NO COURTS-MARTIAL, NONJUDICIAL PUNISHMENT (NJP), OR INVOLVEMENT WITH CIVIL AUTHORITIES WITHIN 18 MONTHS OF EAOS AS EXTENDED.

5. CO REMARKS, INCLUDING SPECIFIC RECOMMENDATION FOR ANY TYPE OF SPECIAL DUTY THE APPLICANT MAY HAVE REQUESTED (RECRUITING DUTY, OVERSEAS DUTY, ETC.). FOR E-3s MAKE POSITIVE STATEMENT TO THE FACT THAT THE MEMBER HAS PASSED THE E-4 EXAMINATION. (E-3s WHO HAVE NOT PASSED THE E-4 EXAMINATION ARE INELIGIBLE FOR GUARD.) FOR OVERSEAS DUTY REQUESTS, MAKE POSITIVE STATEMENT THAT APPLICANT HAS SATISFACTORILY COMPLETED OVERSEAS SCREENING PER MILPERMAN 1300-300.

BT

ADVISE PERS {PERS Code} OF MEMBER'S INTENTIONS WITHIN THIS PERIOD.

BT

MILPERSMAN 1306-1006

ASSIGNMENT TO SCHOOL AS A REENLISTMENT INCENTIVE

Responsible Office	NAVPERSCOM (PERS-4010)	Phone:	DSN	882-3451
			COM	(901) 874-3451
			FAX	882-2646

1. Policy

a. The purpose of this article is to provide an incentive for reenlistments of 4 or more years by guaranteeing, under certain conditions, assignments to a specific school.

b. If a member has previously executed an agreement to extend enlistment for a specific benefit, requests to reenlist with a guarantee of further training, in lieu of allowing the aforementioned extension to become operative, will not normally be granted unless the reenlistment incurs at least 2 years service obligation beyond the original obligation as extended.

2. Eligibility

a. In addition to merely meeting obligated service (OBLISERV) requirements and entrance requirements specified in MILPERSMAN 1306-602 and appropriate schools catalog, a reasonable assurance that skills gained through training will be effectively utilized must exist in order to justify the expenditure of training dollars.

b. Consideration of requests will be based on the following factors:

(1) **Composite Training.** Does the member currently possess a critical skill? If so, future assignments may necessarily be based upon that skill. Further, unless the skill acquired through the training requested is compatible with the member's current skill (i.e., both the new and old skills can be utilized together in future assignments), the additional training would not be justified.

(2) **Sea/Shore Rotation.** Does the member's projected rotation provide for immediate utilization of the desired skill? Some skills are lost if not exercised immediately after acquisition. For example, if a member is currently shore eligible and requirements for the skill desires exist only at sea, assignment to the desired school would not be warranted.

(3) **Paygrade vs. Skill Requirement.** Is the member in a higher paygrade than that for which utilization of the desired skill is intended? Some skills are intended to be exercised at the E-5 or below level. In such instances, training of an E-7 or E-8 to perform a task, which member would not normally utilize, would not be warranted.

(4) **Performance.** Does the member have a consistent record of satisfactory performance?

(5) **Fleet Reserve Eligibility.** MILPERSMAN 1306-604 prescribes OBLISERV requirements for various training course lengths. Members who are, or will become, eligible for transfer to the Fleet Reserve within the required OBLISERV period for training requested must sign a NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks service record entry to remain on active duty for that entire period.

(6) **Projected Rotation Date (PRD) Adjustments.** Careerists whose PRD is adjusted (curtailed) to equal expiration of active obligated service (EAOS), because of an election not to OBLISERV/advise intent to separate at EAOS, are not eligible for assignment to a school as a reenlistment incentive should they later change their mind.

(7) **Intent to Separate at EAOS.** Non-careerists advising intent to separate at EAOS are not eligible for assignment to school as a reenlistment incentive should they later change their mind.

3. **Request Procedures.** Members reenlisting under the provisions of this article will have their school assignment guaranteed prior to reenlistment.

a. To permit orderly administration of this program the following procedures are prescribed:

(1) All members desiring to reenlist under the provisions of this article shall submit their requests

- **to** Navy Personnel Command (NAVPERSCOM) (applicable detailer),
- **via** appropriate type commander (TYCOM),
- **with a copy to** NAVPERSCOM, Shore Special Programs Assignment Branch (PERS-4010/E471A),

4 to 6 months prior to the desired reenlistment date.

(2) Members must be within 1 year of expiration of normal enlistment. Extensions not yet operative do not affect normal enlistment expiration date.

(3) Assignments to schools under the provisions of this article will normally occur at member's PRD; however, school assignments on a temporary additional duty (TEMADD) basis, as approved by appropriate TYCOM when feasible, will also constitute fulfillment of the reenlistment incentive and may occur at any time within the member's activity tour that is agreeable to the member's commanding officer (CO).

b. The following information must be included in requests for school assignment as a reenlistment incentive:

- (1) EAOS.
- (2) Date desiring to reenlist.
- (3) Active duty service date (ADSD).
- (4) Previously attended school requested (YES/NO) (if YES, indicate date graduated and standing in class, if applicable).
- (5) Meets security requirements (where applicable).
- (6) Meets physical requirements (where applicable).
- (7) Presently in receipt of orders (YES/NO) (if YES, indicate authority).
- (8) Number of dependents (if applicable).
- (9) Location of household goods (HHG).
- (10) Aptitude test scores (Basic Test Battery or Armed Services Vocational Aptitude Battery (ASVAB)).
- (11) Evaluations in same format as for Guaranteed Assignment Retention Detailing (GUARD) 2000 request.
- (12) Date reported to present duty station.

4. **Service Record Entry.** If the request is approved, the following entry is required on NAVPERS 1070/601 (Rev. 1-00), Immediate Reenlistment Contract: "**School Assignment, per MILPERSMAN 1306-1006.**"

MILPERSMAN 1306-1100
PERSONNEL REASSIGNMENT/SEPARATION PROCEDURES
INCIDENT TO ACTIVITY DEACTIVATION

Responsible Office	NAVPERSCOM (PERS-402D)	Phone:	DSN COM FAX	882-4987 901-874-4987 882-2734
---------------------------	---------------------------	---------------	-------------------	--------------------------------------

1. **General Information.** This article sets forth guidelines to be utilized in effecting the reassignment or separation of members attached to naval activities scheduled for deactivation, a change in mission, or billet reduction due to Commercial Activity (CA) study or elimination of requirement.

2. **Definitions**

a. **Deactivation.** The decommissioning, disestablishment, or any other type of phasing out/closing down of a sea or shore based activity.

b. **Loss Month.** The month in which an individual's services are no longer required in current assignment for duty in connection with deactivation. Loss months are determined in accordance with procedures approved by the activity's Manning Control Authority (MCA).

c. **Cadre Crew.** Personnel who will remain on board naval ships after decommissioning to complete deactivation preparations or reactivation for hot ship transfer. Cadre crew will be identified as follows:

(1) **Caretaker Crew (CTC).** For deactivation preparation and towing after decommissioning.

(2) **Mobile Team Training (MTT).** For reactivation and training of Foreign Navy personnel.

d. **Admin Transfer.** The transfer of personnel from one activity unit identification code (UIC) to another UIC due to the disestablishment of the former UIC or as a result of a change in mission. This transfer does not involve any change in geographic location and therefore involves no entitlement for travel or shipment of household goods.

e. **Commercial Activity (CA).** An activity either contracted or operated and managed by a Navy field or headquarters activity

that provides a product or service obtainable from a private, commercial source.

(1) A CA can be identified with an organization or as a type of work, but must be:

(a) Separable from other functions so as to be suitable for performance either in-house or by contract.

(b) A regularly needed activity of an operational nature, not a one-time activity of short duration associated with support of a particular project.

f. **Cost Comparison (or Cost Comparison Analysis).** An accurate determination of whether it is more economical to acquire the needed products or services from a private, commercial source or from an existing or proposed CA. The term "CA Study" is often used interchangeably with the term "cost comparison analysis".

g. **Review of a Commercial Activity.** The examination of a CA or a service contract to determine whether the present method of performance should be continued, or whether the function should be scheduled for a cost comparison for a possible change in method of performance.

h. **Billet Reduction.** Wholesale reduction or elimination of billets in a particular rating at the activity due to a reduction or elimination of the mission requirement.

3. **Responsibilities.** Upon announcement by Chief of Naval Operations (CNO) that an activity is scheduled for deactivation, a change in mission, or CA action, the following responsibilities will be assigned:

a. MCA will schedule a manning conference for the purpose of determining the final disposition of the activity's crew. This conference will normally be attended by representatives from the activity being deactivated, Enlisted Placement Management Center (EPMAC) and Navy Personnel Command (NAVPERSCOM).

b. In the event the manning conference is not feasible due to operational commitments (deployment) or location, EPMAC will send a deactivation plan to the activity being deactivated or reduced to include policies and guidelines to effect orderly phase-down or de-crewing.

(1) EPMAC will review unit's Enlisted Distribution and Verification Report (EDVR) for any discrepancies and submit availability in accordance with the unit's deactivation plan.

(2) The following EPMAC codes will have primary coordination responsibilities in the phase-down or de-crewing of the following types of activities:

(a) Codes 41-44. SSC 2 and 4 activities

(b) Code 45. SSC 1, 3, and 6 activities

c. The following sections in NAVPERSCOM will coordinate the phase-down or de-crewing of the following types of activities:

(a) PERS-452. All administrative transfers involving 30 or more personnel

(b) PERS-402D. Surface units

(c) PERS-403. Sub-surface units

(d) PERS-404. Air units

(e) PERS-4010. Shore commands

d. Upon receipt of deactivation plan and prior to the manning conference, the activity being deactivated will submit a plan to EPMAC via message with information copy to MCA, TYCOM and appropriate NAVPERSCOM PERS-code(s). Forward all rated and designated personnel NAVPERS 1306/63, Enlisted Duty Preference to the appropriate NAVPERSCOM PERS-code for distribution to all rating Detailers. Non-designated personnel duty preference NAVPERS 1306/63 to EPMAC (Code 47).

4. **Reassignment of personnel.** Reassignment of personnel will be in accordance with Article 1306-101 except in the case of a change in mission or disestablishment.

a. In the case of a change of mission but no geographic change, NAVPERSCOM (PERS-452) and EPMAC will coordinate the administrative transfer of the personnel.

(1) Inputs may be submitted to EPMAC concerning personnel to be transferred.

b. In the case of a change of mission but no geographic change, NAVPERSCOM (PERS-452) and the MCA will coordinate the administrative transfer of the personnel.

(1) Commands should submit proper paperwork to their Manpower Claimant.

(2) In turn the Manpower Claimant will go through the MCA, submitting a list of personnel to be transferred.

(3) The MCA will then ensure basic allowance (BA) and Navy Manning Plan (NMP) are in place at the new UIC.

(4) The MCA will go through the list provided to them and remove members under orders or who have FLTRES orders on file. Also members within their projected rotation date (PRD) window will be removed.

(5) Once the list is cleaned up, the MCA will then forward that list to NAVPERSCOM (PERS-452) directing an administrative transfer of personnel.

(6) The MCA will also provide an effective date of transfer to NAVPERSCOM (PERS-452), which will be used as the transfer date.

(7) Upon receipt, NAVPERSCOM (PERS-452) will then transfer personnel.

c. Any individual who does not have permanent change of station (PCS) orders 30 days prior to the unit's deactivating date should be brought to the attention of the respective PERS-code within NAVPERSCOM (i.e. PERS-403, PERS-404, PERS-409, PERS-4010) via message or facsimile.

(1) The goal to ensure that all the command's permanently assigned personnel, who will not be part of the caretaker crew, have PCS orders that transfer them prior to or on the deactivating date.

d. A loss month will be established for each crewmember to provide adequate manning throughout the deactivation period and will be based upon specific deactivation requirements. In determining the loss month of each crewmember, submit by Enlisted Distribution Verification Report (EDVR) order to EPMAC in column format as indicated below:

(1) Personnel Recommended for Early Separation. Indicate name, rate, SSN, EAOS/EAOS as extended.

(2) Special Cases. Personnel with transfer directives or fleet reserve authorizations after decommissioning date. Include transfer month.

(3) Designation of Non-rated Personnel. Those non-rated personnel who were recently designated or who will be designated by the commanding officer prior to decommissioning date. Indicate name, rate, SSN, rate to which designated, desired transfer months.

(4) Personnel Recommended for Service School. Indicate name, rate, and SSN of personnel who are recommended for and have NAVPERS 1306/7, Enlisted Personnel Action Request pending.

(5) Personnel on Board as Reenlistment Incentives. Indicate name, rate, SSN, and type of reenlistment incentive (i.e., type of ship, homeport, training) and date reported on board. Personnel with less than 12 months on board will have assignment renegotiated by rating detailers.

(6) All Other Personnel for Reassignment. Indicate name, rate, SSN, and projected loss month. Include any helpful information such as reenlistment intention.

5. Early Separation. Approval of early separation will be contingent upon overall Navy manning, manning of specific ratings and Navy Enlisted Classification codes (NECs), the availability of billets within the area and existing PCS funding constraints.

a. There are two procedures and authorizing authorities for the early release of personnel in connection with unit deactivation:

(1) The first procedure is for members who have an EAOS within 90 days after the unit deactivation date.

(2) The second procedure is for members who have EAOS between 91 and 365 days after the unit deactivation date.

b. Activities not having a separation capability will transfer members to the nearest separation activity in accordance with MILPERSMAN 1910-812.

c. Personnel whose request for early separation is disapproved will be assigned by the appropriate NAVPERSCOM PERS-code in accordance with MCA requisition priority.

6. **Request for Early Separation of Personnel within 90 days after Unit Deactivation.** Commanding officers of activities being deactivated are authorized to separate, up to six months prior to deactivation, those individuals who meet the following criteria:

a. EAOS (including operative and inoperative agreements to extend enlistment) not exceeding three months from date of deactivation.

b. Personnel not willing to extend or reenlist for further assignment.

7. **Request for Early Separation of Personnel with EAOS between 91 and 365 days after Unit Deactivation.** Subject to Commander Navy Personnel Command (COMNAVPERSCOM) approval, commanding officers of activities being deactivated should submit a list of personnel requesting early separation to the appropriate NAVPERSCOM code.

a. Those individuals who meet the following criteria may be included in the request:

(1) EAOS (including operative and inoperative agreements to extend enlistment) not exceeding 365 days from date of deactivation.

(2) The individual's services cannot be effectively utilized elsewhere (as determined at the manning conference).

(3) The individual desires early separation.

8. **Unit with a Homeport Change as part of Inactivation**

a. In the case of an activity, which must maintain a cadre crew as part of a homeport change in concert with inactivation may separate personnel in one of two activity windows.

(1) Homeport change window.

(2) Inactivity date.

b. This applies to nuclear powered ships and submarines, which must maintain a cadre crew until complete removal of the reactor.

c. Non-essential personnel may be approved for early separation on the homeport change date, while essential personnel may be approved for early separation on the inactivation date.

d. Nuclear trained personnel are considered essential in all cases and will not be separated at the homeport change window.

9. **Reassignment as a result of deactivation.** The type of duty to which crewmembers will be reassigned as a result of deactivation will be determined as follows:

a. Members serving on Type duty 1 and 6. Those members who have completed a normal shore tour (NST) will be reassigned to sea duty. Those members who have not completed a NST will be reassigned in accordance with following table:

Rule	If Member has	Will be assigned to	With PRD established	Provided
1	0-6 months remaining on NST	sea duty	for prescribed sea tour	Note 1,3,4
2	7-12 months remaining on NST	shore duty	to complete 12 months at follow on assignment	Note 2,3,4,5
3	13 months or more remaining on NST	shore duty	as required to complete NST	Note 2,3,4,5

Note 1: Personnel assigned a 24-month NST are exempt from this policy. Individuals in this category will complete their NST.

Note 2: Personnel who desire a specific location as number one reassignment priority may be required to transition to sea duty and serve the prescribed sea tour (PST) in the new assignment.

Note 3: Most situations will not allow for no-cost reassignments in the same geographical area. Cost reassignments within CONUS will be to force concentration sites where reasonable expectations exist that a follow on sea tour billet will exist at the completion of NST. The tour length at the new duty station involving cost transfer will be set to appropriate area tour overseas or completion of NST (minimum tour of 12 months) in CONUS. Follow on sea assignment will be at the same location when following Rule 2. Individuals must obligated service (OBLISERV) for the area tour length overseas.

Note 4: Career personnel will be assigned without regard to OBLISERV, except for Department of Defense (DOD) overseas assignments.

Note 5: Non-career personnel who do not desire to acquire necessary OBLISERV maybe assigned to sea duty. **Exception:** For nuclear trained personnel this period shall be 24 months due to requalification requirements.

b. Members serving a prescribed sea tour (PST) on Type duty 2, 3, and 4. If reassignment is required, it will normally be in accordance with the following decision logic table using loss month as basis for computation:

Rule	If Member has	Will be assigned to	With PRD established	Provided
1	0-6 months remaining on PST	shore duty	for NST	OBLISERV Note 1,2
2	7-12 months remaining on PST, but cumulative sea duty exceeds 48 months	sea duty	to complete PST	
3	7-12 months remaining on PST, but cumulative sea duty is less than 48 months	sea duty	to provide 12 months at new command	
3	13 months or more remaining on PST	sea Duty	as required to complete PST	

Note 1: Career personnel will be assigned without regard to OBLISERV, except for DoD overseas assignments.

Note 2: Non-Career personnel must have, or agree to acquire, a minimum 24 month obligated service (OBLISERV) to be eligible for assignment to shore duty. Non-career personnel who do not desire to acquire necessary OBLISERV maybe assigned to sea duty.

10. **Order Modification.** If, after the de-crewing conference, it is determined that members under orders from a deactivating activity are required for an additional period of time or require an order modification for other reasons, the CO may request modification (via the appropriate NAVPERSCOM code) from the cognizant Assignment Control Authority. Such request must provide adequate justification to support the modification or cancellation.

11. **Procedures involving Large Reductions in Strength.** In the case of deactivations incident to large reductions in Navy personnel strength, modifying or supplementing directives may be required to provide specific procedures not now included in this article. The policies and guidelines, which are modified, will be provided by the appropriate code at NAVPERSCOM to the deactivating activity.

MILPERSMAN 1306-1200

LIMITED DUTY (LIMDU)

Responsible Office	EPMAC DET TMU	DSN	678-1602
		COM	(504) 678-1602
		FAX	678-5126

References	SECNAVINST 1850.4E BUMEDINST 1300.2 EPMACINST 5000.3E Uniform Code of Military Justice (UCMJ) NAVMED P-117, Manual of the Medical Department
-------------------	--

1. **Purpose.** This article and the sub articles listed below standardize procedures for the assignment, accountability, follow-up care, and disposition of enlisted personnel to or from a limited duty (LIMDU) status for medical reasons.

Topic	See MILPERSMAN
Limited Duty (LIMDU) Availability Procedures and Assignment Policy	1306-1202
Accountability of Personnel on Limited Duty (LIMDU)	1306-1204
Limited Duty (LIMDU) Follow-up Care	1306-1206
Disposition and Accounting of Personnel upon Completion of Limited Duty (LIMDU)	1306-1208
Nuclear Trained and Submarine Personnel on Limited Duty (LIMDU)	1306-1210

2. **Definitions**

a. **Light Duty.** Presumes frequent provider/patient interaction to determine whether return to full duty status or more intensive therapeutic intervention is appropriate in any given case; therefore, light duty will be ordered in periods not to exceed 30 days to ensure appropriate patient clinical oversight. Consecutive light duty for any "new condition" up to

90 days may be ordered by the provider (in maximum 30-day periods), **but in no case will light duty exceed 90 consecutive days, inclusive of any convalescent leave periods.**

b. **Limited Duty (LIMDU).** The assignment of a member in a duty status for a specified time, following a medical board action, with certain medical limitations/restrictions concerning the duties the member may perform. LIMDU is divided into two separate categories as follows:

(1) **Temporary Limited Duty (TLD).** A member is assigned in a TLD status when a medical officer expects the member to be able to return to duty (RTD) in a reasonable period of time. TLD is authorized locally, in increments of 6 months with a 12-month maximum, by the convening authority (CA) responsible for the military treatment facility (MTF) initiating TLD. Navy Personnel Command (NAVPERSCOM), Disability Retirement/Limited Duty Branch (PERS-4821) will perform a departmental review of all cases that require additional TLD in excess of 12 months. The maximum total TLD authorized is 12 months unless otherwise approved by NAVPERSCOM (PERS-4821).

(2) **Permanent Limited Duty (PLD) (L5).** Assignment authorized by NAVPERSCOM (PERS-4821) to be in a PLD status to complete 20 years active service day-for-day, or remain on active duty until a specific date. Only members who have been found "unfit for continued Naval Service" by the Physical Evaluation Board (PEB) may request PLD per SECNAVINST 1850.4E. Members approved for PLD will be placed in a FOR DUTY LIMDU (ACC 105) status with a projected rotation date (PRD) that corresponds with the approved PLD date. Once placed in a PLD status, the member may remain at the current command or be assigned to a valid billet per manning control authority (MCA) priorities based on needs of the Navy. Assignment will be made to an area where the required medical care is available and shall remain in that area for the remainder of the member's Naval Service.

c. **LIMDU Coordinator.** Every command, Personnel Support Activity Detachment (PERSUPP DET) or personnel office, and MTF servicing a LIMDU population is required to appoint, in writing, a single point of contact (POC) to act as the command LIMDU coordinator. Close liaison between parent command, PERSUPP DET, and medical LIMDU coordinators is critical to ensure accurate accounting, tracking, medical treatment, and expeditious

movement of LIMDU personnel through the transient pipeline. LIMDU coordinators shall not be in a TLD status.

d. **Assignment Screening.** Short and concise medical screening to specifically review a member's medical condition and determine if a member is worldwide assignable (WWA).

e. **Operational Screening (Sea Duty Screening).** After a LIMDU member is able to RTD, completes assignment screening, and is in receipt of PCS orders to an operational command (Type Duty Code "2" or "4"), member must complete an operational screening per BUMEDINST 1300.2, and MILPERSMAN 1300-800.

f. **Abbreviated Medical Evaluation Board Report (AMEBR).** A brief summary of the member's medical condition, limitations, and expected RTD date used to place a member on TLD.

g. **Dictated Medical Evaluation Board Report (MEBR).** As opposed to the AMEBR, this detailed summary of the member's medical condition(s) is dictated by the attending physician and is used to request additional LIMDU in excess of 12 months or for a referral to the PEB.

h. **Return to Duty (RTD).** At any time during a period of LIMDU, upon determination that the member's medical condition has been resolved, the member may be returned to duty (RTD) from the TLD status by the cognizant MTF.

3. **Command Responsibilities.** All commands will do the following:

a. Designate, in writing, a LIMDU coordinator to track and monitor personnel assigned TLD, and maintain close liaison with LIMDU coordinators at PERSUPP DET and the MTF. Personnel currently on TLD shall not be assigned as LIMDU coordinators.

b. Comply with all requirements regarding the management of LIMDU personnel outlined in this manual, EPMACINST 5000.3E, and all associated relevant instructions.

c. Ensure LIMDU personnel physically report to the PERSUPP DET, or their personnel office/PASS liaison representative if the servicing PERSUPP DET is located outside the geographical area.

d. For personnel under orders who are subsequently placed on LIMDU, submit naval messages to Assignment Control Authority (ACA) (Info COMNAVPERSCOM (PERS-4821)) requesting order cancellation.

e. Ensure LIMDU personnel report for all scheduled appointments and remain available for all follow-up care. LIMDU personnel will not be reassigned TAD outside the geographic area of the primary care provider. Coordinate the scheduling of appointments with LIMDU personnel and cognizant MTF per MILPERSMAN 1306-1206. Providers can return members from a TLD status at any time during a period of TLD. Ensure regular leave (other than emergency leave) does not conflict with any scheduled medical appointments.

f. Notify PERSUPP DET within 24 hours of any change in a member's TLD status.

g. Ensure a case file is created and maintained for each member on TLD. The case file will contain:

- PEB findings
- PEB Medical Board Cover Sheet
- NAVPERSCOM (PERS-4821) message recommending forward case to PEB, or approving/denying additional TLD
- Copy of NAVPERS 1070/613 (Rev. 10-81), Administrative Remarks
- Initial Medical Board Cover Sheet

h. At the commencement of a LIMDU period, the member will be counseled on the responsibility to report to all scheduled appointments and that failure to report to scheduled appointments may constitute a violation of UCMJ, article 86 (failure to go to appointed place of duty) and article 92 (failure to obey a lawful order), and that immediate disciplinary action may be warranted. This counseling will be annotated by a NAVPERS 1070/613 entry. Exhibit 1 refers.

i. Investigate instances where members fail to report for scheduled appointments and initiate disciplinary action where appropriate.

j. Ensure completion of assignment screening within 15 days for LIMDU personnel able to RTD who were ordered in as ACC 105,

or were placed on LIMDU while serving on shore duty and are within 9 months of their PRD. Forward completed assignment screening to PERSUPP DET within 24 hours of completion.

k. Submit naval message to NAVPERSCOM (PERS-40BB), Bureau of Medicine and Surgery (BUMED) (M3F/M3M), and the ACA (Info COMNAVPERSCOM (PERS-4821); PERSUPP DET; and Enlisted Placement Management Center Detachment, Transient Monitoring Unit (EPMAC DET TMU)) for all personnel who were able to RTD during the assignment screening, but are assignment limited per MILPERSMAN 1300-801. This assignment limited message (MILPERSMAN 1300-801, Exhibit 1) must be submitted no later than 15 days after the assignment screening. No message is required for personnel who are able to RTD during the assignment screening and are WWA.

l. For geographically separated units, contact should be via teleconference or video teleconference if physical travel to LIMDU coordinators meetings is not feasible.

m. Submit assignment limited tracer message, if results are not received from NAVPERSCOM (PERS-40BB) within 30 days from the date of the original message. MILPERSMAN 1306-1208, Exhibit 3 refers.

4. **PERSUPP DET/Personnel Office Responsibilities.** The servicing PERSUPP DET or personnel office shall do the following:

a. Designate, in writing, a LIMDU coordinator to track and monitor personnel assigned to LIMDU. LIMDU coordinators shall not be in a TLD status.

b. Comply with all requirements regarding the management of LIMDU personnel outlined in this manual, EPMACINST 5000.3E, and all associated relevant instructions.

c. Make appropriate Navy Standard Integrated Personnel System (NSIPS) entries for all personnel gained in or changed to LIMDU ACC 105.

d. Print out a new LIMDU ADHOC report every Monday, annotate updates and changes onto this report throughout the week as they occur, and input appropriate changes into NSIPS Transient Tracking Panels by the end of each week.

e. Maintain close liaison with parent command LIMDU coordinators and MTF LIMDU coordinators.

f. Request copy of initial AMEBR/MEBR, Departmental Review Cover Sheet, or PEB Cover Sheet. MILPERSMAN 1306-1202, Exhibit 1 refers.

g. Submit a Monthly Status Update of LIMDU Personnel message no later than the 10th of each month (negative reports are required). MILPERSMAN 1306-1204, Exhibits 1 and 2 refer.

h. Submit assignment screening tracer message, if results not received from parent command within 15 days from the date a member is able to RTD. MILPERSMAN 1306-1206, Exhibit 1, Weekly Request for LIMDU or Assignment Screening Status refers.

i. Submit YJ availability and associated tracer actions upon completion of assignment screening, regardless of results. This availability will include one of the following remarks:

(1) WORLD WIDE ASSIGNABLE.

(2) ASSIGNMENT LIMITED. (Requires NAVPERSCOM (PERS-40BB) direction.)

j. Verify PRDs for all personnel on LIMDU and submit PRD correction request via the Monthly Status Update of LIMDU Personnel message for those personnel with incorrect PRD's. MILPERSMAN 1306-1204, Exhibit 1 refers.

(1) Request PRD adjustments if PRD does not equal LIMDU PRD for those personnel ordered in as ACC 105.

(2) Request PRD adjustments for those personnel placed on LIMDU while attached to shore as ACC 105 whose current PRD is less than their LIMDU PRD.

(3) Request PRD adjustments for those personnel approved for, but not adjusted by NAVPERSCOM (PERS-4821), for additional LIMDU greater than the second locally approved 6-month period.

k. For personnel assigned to shore duty, change ACC to 105, and track the status of personnel awaiting final disposition by PEB.

l. Track the status of personnel awaiting final disposition of departmental review.

m. Ensure a case file is created and maintained for each member on TLD. The case file will be maintained in chronological order as follows:

Top to bottom:

- PEB findings
- PEB Medical Board Cover Sheet
- NAVPERSCOM (PERS-4821) message recommending forward case to PEB, or approving/denying additional TLD
- Initial Medical Board Cover Sheet
- NAVPERS 1070/613
- NSIPS panel reflecting date of TLD (effective date)

n. Attend a monthly LIMDU meeting with the MTF and commands with LIMDU personnel assigned. Provide a current copy of the latest LIMDU ADHOC report for review and discussion to each LIMDU coordinator at the meeting.

o. The LIMDU coordinator is responsible for generating the following messages:

(1) **Monthly Status Update of LIMDU Personnel**, MILPERSMAN 1306-1204, Exhibit 1. Due on the 10th of each month.

(2) **Request Copy of AMEBR/MEBR, Departmental Review Cover Sheet, OR PEB Cover Sheet**, MILPERSMAN 1306-1202, Exhibit 1. Due weekly, as required.

(3) **Weekly Request for LIMDU or Assignment Screening Status**, MILPERSMAN 1306-1206, Exhibit 1. Due weekly, as required.

5. **Naval MTF Responsibilities**. The MTF shall do the following:

a. Designate, in writing, a LIMDU coordinator per NAVMED P-117, chapter 18.

b. Support all requirements regarding the management of LIMDU personnel outlined in this manual, EPMACINST 5000.3E, and all associated relevant instructions.

c. Assist parent command LIMDU coordinators and TLD personnel in acquiring appointments on a priority basis.

d. LIMDU coordinators at MTFs will hold monthly meetings with area LIMDU coordinators to review and discuss potential problems and analyze existing processes. For geographically separated units, contact should be via teleconference or videoteleconference if physical travel to meetings is not feasible.

e. Maintain case files for TLD personnel separately to assist in identification and processing.

f. Per NAVMED P-117, chapter 18 advise NAVPERSCOM (PERS-4821), BUMED (M3M31), EPMAC DET TMU, the member's parent command, and the servicing PERSUPP DET or personnel office via a weekly message of the status of all LIMDU personnel that had their status changed during the previous week. This message shall be released each Friday. MILPERSMAN 1306-1206, Exhibit 2 is a sample of a **Weekly LIMDU Follow-up Disposition** message. It is the responsibility of the cognizant MTF to ensure results of all follow-up care held the previous week are included on this message.

g. The primary care provider will make a RTD determination recommending additional TLD, PEB, etc., no later than 30 days prior to the expiration of TLD.

h. One of the following actions is completed prior to the end of the member's TLD period:

(1) The member is able to RTD.

(2) AMEBR recommends a second 6-month period of TLD.
(Not to exceed 12 months consecutively.)

(3) MEBR is submitted to NAVPERSCOM (PERS-4821) for departmental review requesting an additional TLD.

(4) MEBR is referred to PEB for a fitness determination.

i. Establish local procedures to ensure the member reports to the Patient Administration Office immediately upon being recommended for placement on, extension of, or removal from LIMDU.

6. **Member Responsibilities.** Members assigned to TLD will do the following:

a. At the commencement of a LIMDU period, the member will be required to sign a NAVPERS 1070/613 acknowledging the responsibility to report to all scheduled appointments, and that failure to report to scheduled appointments may constitute a violation of the UCMJ, article 86 (failure to go to appointed place of duty) and article 92 (failure to obey a lawful order). Additionally, member will acknowledge that missing scheduled appointments may result in disciplinary action.

b. Ensure a medical TLD appointment is attended no later than 30 days prior to the expiration of the LIMDU period. Report to the medical board section of the MTF Patient Administration Office at least 30 minutes prior to the appointment with all appropriate medical records.

c. Advise Patient Administration Office immediately upon being recommended for placement on extension of, or removal from LIMDU.

d. Ensure leave (other than emergency) is coordinated with LIMDU coordinator and does not conflict or coincide with medical appointments.

7. **Forms**

a. NAVMED 6100/1 (Rev. 9-04), Medical Board Report Cover Sheet. A medical administrative document that reports on the present state of health of a member and provides a considered clinical opinion regarding a member's physical fitness for duty.

b. NAVMED 6100/5 (Rev. 9-04), Abbreviated Limited Duty Medical Board Report. An abbreviated report is used to assign members to TLD who have an uncomplicated injury/illness. NAVMED 6100/5 will be utilized for **first and second 6-month periods** of LIMDU, departmental review processing, and PEB processing.

DATE: _____

_____ I UNDERSTAND THAT I AM ASSIGNED TO THIS COMMAND IN A LIMITED DUTY STATUS, AND THAT MY INITIAL LIMITED DUTY PRD IS _____.

_____ I AM AWARE AND UNDERSTAND THAT THE FOLLOWING PERSONNEL ARE ASSIGNED AS MY LIMITED DUTY COORDINATORS:

_____ COMMAND LIMITED DUTY COORDINATOR

_____ PERSUPP DET LIMITED DUTY COORDINATOR

_____ MTF LIMITED DUTY COORDINATOR

_____ I CERTIFY THAT I HAVE BEEN BRIEFED AND UNDERSTAND THE RESPONSIBILITIES PERTAINING TO MY LIMITED DUTY ASSIGNMENT AS FOLLOWS:

A. BE PERSONALLY RESPONSIBLE IN ADHERING TO MEDICAL ADVICE AND PROMOTE REHABILITATION DURING THE LIMDU PERIOD.

B. STRICTLY COMPLY WITH THE PROCEDURES DIRECTED BY THE PERSUPP DET OR PERSONNEL OFFICE AND THE MTF FOR FOLLOW-UP PROCESSING.

C. COORDINATE WITH THE MTF AND REPORT FOR FOLLOW-UP CARE AS SCHEDULED. RESCHEDULING OF MEDICAL APPOINTMENTS FOR PERSONAL CONVENIENCE IS STRICTLY PROHIBITED.

D. ENSURE A MEDICAL APPOINTMENT IS SCHEDULED AND ATTENDED NO LATER THAN 30 DAYS PRIOR TO THE EXPIRATION OF LIMDU PRD. REPORT TO THE MEDICAL BOARD SECTION OF THE MTF'S PATIENT ADMINISTRATION OFFICE AT LEAST 30 MINUTES PRIOR TO THE APPOINTMENT, WITH ALL APPROPRIATE MEDICAL RECORDS. AT THE TIME OF THE APPOINTMENT, REQUEST ATTENDING PHYSICIAN MAKE A DETERMINATION OF LIMITED DUTY STATUS.

E. WITHIN 24 HOURS, ADVISE THE MTF'S PATIENT ADMINISTRATION OFFICE, PARENT COMMAND, AND PERSUPP DET LIMDU COORDINATOR OF ANY CHANGE IN LIMDU STATUS.

_____ I FURTHER UNDERSTAND THAT I MUST SCHEDULE ALL FOLLOW-UP APPOINTMENTS WITH THE MTF. THE CENTRAL APPOINTMENT PHONE NUMBER IS: _____. FAILURE TO REPORT FOR AN APPOINTMENT MAY RESULT IN DISCIPLINARY ACTION.

_____ I UNDERSTAND THAT I MAY BE FOUND ABLE TO RETURN TO DUTY AT ANY TIME DURING MY PERIOD OF LIMDU. I ACKNOWLEDGE THAT I MUST REPORT TO PERSUPP DET WITHIN 24 HOURS OF ANY CHANGE IN MY LIMDU STATUS. ADDITIONALLY, I HAVE BEEN ADVISED THAT **I MUST COMPLETE AN ASSIGNMENT SCREENING WITHIN 15 DAYS OF BEING ABLE TO RETURN TO DUTY.**

References	(a) NAVPERS 130000A (Transient Personnel Administration Manual)
-------------------	--

1. **Policy.** The military treatment facility (MTF) shall immediately advise the member's parent command and servicing Personnel Support Detachment (PERSUPP DET) or personnel office upon determination that a member is to be processed for limited duty (LIMDU). The MTF will provide a copy of the signed medical evaluation board report to the member's servicing PERSUPP DET or personnel office within 24 hours following convening authority (CA) approval.

2. **Action Procedures upon Notification of Medical Board Processing.** Upon receiving information that a member is being processed for medical board action, the PERSUPP DET or personnel office will review the member's status and take the following action:

a. At the direction of the MTF, personnel assigned to sea duty (Type Duty Code "2" or "4") shall be transferred via a Standard Transfer Order (STO) (account category code (ACC) 355 TEMDU AWAITING RESULTS OF MEDICAL BOARD, or ACC 320 TEMDU FOR FURTHER ASSIGNMENT) to the nearest Patient/TPU/Others account as specified by the MTF. See MILPERMAN 1320-302 for standard transfer order (STO) preparation. **NOTE:** ACC changes from 1XX to 355 occur after the member reports to the nearest Patient/TPU/Others account.

b. All personnel in Type Duty Codes "1", "3", or "6", assigned FOR DUTY (ACC 100), shall be retained on board pending

completion of medical board processing. The ACC will not be changed to TEMDU (ACC 3XX).

c. Personnel assigned to an MTF for treatment (TEMDU UNTREAT)(ACC 37X) shall be tracked and accounted for per MILPERSMAN 1306-1600 and reference (a).

3. Action Procedures upon Receipt of a Completed Medical Evaluation Board Report. Upon receiving the signed medical board report, either Abbreviated Medical Evaluation Board Report (AMEBR) or dictated Medical Evaluation Board Report (MEBR), the PERSUPP DET or personnel office will take the following action:

a. **Patient Account.** Personnel assigned to a patient account shall be transferred to the nearest TPU/Others activity provided the provisions of MILPERSMAN 1306-1600 apply.

NOTE: Only those personnel in a temporary duty (TEMDU) status and/or personnel transferred TEMDU to the TPU/Others account awaiting an AMEBR or MEBR will be accounted for in ACC 355.

b. **Physical Evaluation Board (PEB).** If a PEB is being initiated on a member, as specified by the MTF, comply with the following:

(1) Personnel assigned to sea duty (Type Duty Code "2" or "4"), shall be transferred via a STO to the nearest Patient/TPU/Others activity, as specified by the MTF, in ACC 355, TEMDU AWAITING RESULTS OF MEDICAL BOARD.

(2) Personnel assigned to shore duty (Type Duty Code "1") shall be accounted for in ACC 105, and not transferred unless the required medical care is not available in close proximity to their current duty station, in which case submit an immediate availability report.

(3) Personnel with Navy Personnel Command (NAVPERSCOM), Disability/Retirement/LIMDU Section (PERS-4821) permanent LIMDU authority shall be retained onboard the assigned shore command in ACC 105, and be assigned the LIMDU designator L5.

c. **Period of LIMDU.** If a signed AMEBR for a first period of temporary limited duty (TLD) for 6 months is completed, comply with the following:

(1) Personnel assigned from sea duty (Type Duty Code "2" or "4") to a TLD status shall be transferred via a STO to the nearest Patient/TPU/Others activity as specified by the MTF in ACC 320 TEMPORARY DUTY FOR FURTHER ASSIGNMENT.

(a) When not in receipt of member's LIMDU AMEBR, PSDs shall, upon receiving STO directing transfer of TLD personnel from sea duty to the nearest TPU/Others account, gain personnel in ACC 355. After gain entry is submitted, set up a LIMDU case file (MILPERSMAN 1306-1200 refers).

(b) Submit tracer action via **Request Copy of AMEBR/MEBR, Departmental Review Cover Sheet, or PEB Cover Sheet** (see Exhibit 1). The weekly status request message must be submitted to the MTF, with information copy to NAVPERSCOM (PERS-4821/PERS-4013D1L) and Bureau of Medicine and Surgery (BUMED) (M3M1). Personnel are to remain on the weekly status request message until the AMEBR/MEBR is received by PERSUPP DET. Once received, change member's ACC to 320, and submit a YH avail via E-Mail to epmac_avails@navy.mil. YH avail must comply with paragraph 3c(4).

(2) Personnel assigned TLD while on a normal shore tour shall be retained on board and ACC changed to 105 via Navy Standard Integrated Personnel System (NSIPS). Incorporate the member in the NSIPS Transient Tracking Panel and local tracking files. Comply with reference (a) regarding maintenance of the LIMDU report.

(a) If the member's existing projected rotation date (PRD) expires before the period of TLD, request a PRD adjustment via **Monthly Status Update of LIMDU Personnel** message. MILPERSMAN 1306-1204, Exhibit 1 refers. Monitor the Enlisted Distribution and Verification Report (EDVR) to ensure the PRD is correctly reflected.

(b) Do not submit an availability for enlisted members assigned to shore duty (Type Duty Code "1") for TLD, unless the required medical care is not available in close proximity to their current duty station, in which case submit an immediate YH availability report. YH avails must comply with paragraph 3c(4).

(3) Submit a message report for personnel assigned to overseas duty (Type Duty Code "3" or "6") to the appropriate assignment control authority (ACA). Info NAVPERSCOM, (PERS-4821), advising the availability of the required medical care at the overseas activity, with comment on the member's abilities to be effectively used on board with current condition during the period of TLD.

(a) If the required medical care is available and the member's condition does not prevent member from being used

productively on board during the period of TLD, comply with procedures identified for personnel assigned to shore duty (Type Duty Code "1").

(b) If required medical care is not available or member's current condition prevents effective use on board during the period of TLD, PERSUPP DET will submit a YH availability report.

(4) YH avails submitted via E-Mail must contain the following:

(a) The date the initial AMEBR/MEBR was completed.

(b) The number of months of LIMDU specified in the initial AMEBR/MEBR.

(c) The LIMDU PRD, which is 6 months from the date the AMEBR/MEBR was signed.

(d) International Classification of Diseases (ICD) code of the individual's physical condition.

(e) Physical limitations and/or geographical limitations.

(f) Family member's location, if applicable.

(g) For overseas locations, include in remarks whether local treatment facilities can provide adequate medical care.

(5) If the signed medical board report recommends departmental review, track the results of NAVPERSCOM (PERS-4821) determination utilizing the **Monthly Status Update of LIMDU Personnel** message per MILPERSMAN 1306-1204, Exhibit 1, and reference (a). Take appropriate action as directed by NAVPERSCOM (PERS-4821) when departmental review notification message is received.

(6) If the medical board recommended referral to PEB, submit monthly status request for findings of the PEB to the MTF Physical Evaluation Board Liaison Officer (PEBLO) and NAVPERSCOM (PERS-4821) using the Monthly Status Update of LIMDU Personnel message. If PERSUPP DET is receiving a PEB listing from the MTF, and member in question is listed, the requirement for the PEB tracer action is waived. Upon receipt of findings, take appropriate action as directed.

4. **Assignment Policy.** NAVPERSCOM (PERS-4013D1L) is the central coordinator for the placement and assignment of LIMDU personnel. The function of this central coordination point is to equitably distribute LIMDU personnel throughout a geographical area. Upon receipt of each LIMDU availability, NAVPERSCOM (PERS-4013D1L) will review the placement and assignment options. A member assigned to LIMDU will be placed in a valid requisition provided by NAVPERSCOM based on the following guidelines:

a. TLD is authorized locally by the CA responsible for the MTF initiating LIMDU in increments of 6 months with a 12-month maximum. NAVPERSCOM (PERS-4821) will perform a departmental review of all cases that require additional LIMDU in excess of 12 months. The maximum time a member may be assigned a TLD status is 12 months, before referral to the PEB is required, unless otherwise directed by NAVPERSCOM (PERS-4821). Maximum total temporary LIMDU authorized is 12 months.

b. Prior to recommending assignments to the ACA, NAVPERSCOM will consider the number in a specific rating assigned in an activity, the readiness and mission capability impact on each activity assigned LIMDU personnel, and the equitable distribution of LIMDU personnel in a geographical area.

c. Members are assigned in close proximity to a MTF capable of providing the required care.

d. To satisfy permanent change of station (PCS) cost constraints as well as personnel requirements, other factors are considered in making assignments including the location of dependents, the member's past type duty, and the physical restrictions imposed by the medical board.

5. **Transfer to LIMDU.** Upon receipt of orders for transfer of personnel for LIMDU, the PERSUPP DET or personnel office will review the orders to ensure assignment has been directed per this article, within the restrictions set forth by the medical board, and is in close proximity to a MTF where the member may receive follow-up care. The parent command shall ensure that servicemember will not be assigned TAD outside the geographical area where member is receiving treatment.

a. Personnel assigned LIMDU per this article will be transferred immediately upon receipt of orders for assignment to LIMDU.

b. Should any factor(s) exist precluding assignment of the member to the duty station or geographical area specified in the

transfer directive, the PERSUPP DET or personnel office will do the following:

(1) Immediately advise the ACA, NAVPERSCOM (PERS-4821/PERS-4013C), the member's parent command, and the ultimate duty station by message.

(2) Hold the LIMDU assignment in abeyance pending further guidance.

c. LIMDU will not delay personnel pending mandatory separation or retirement. **Personnel pending a mandatory separation or retirement will not be delayed unless member is either hospitalized, or a medical board has been accepted by the PEB for disability processing prior to the mandatory release/retirement date.**

ACCOUNTABILITY OF PERSONNEL ON LIMITED DUTY (LIMDU)

Responsible Office	NAVPERSCOM (PERS-4013C)	Phone:	DSN COM FAX	(901) 873-5220 873-5253
---------------------------	----------------------------	--------	-------------------	----------------------------

References	(a) NAVPERS 130000A, Transient Personnel Administration Manual
-------------------	--

1. **Information.** Proper accounting for limited duty (LIMDU) personnel and constant monitoring of the LIMDU process is key to ensuring appropriate treatment is received and that a final determination of fitness is made expeditiously. Effective communication between the member, the command, the servicing Personnel Support Activity Detachment (PERSUPP DET) or personnel office, and the cognizant military treatment facility (MTF) is the single most important factor in making sure that LIMDU personnel are accurately accounted for, and that all action is completed to facilitate a final determination of fitness. Reference (a) contains amplifying information for tracking and accounting for personnel in a LIMDU status.

2. **LIMDU Tracking Procedures.** Upon receipt of personnel for LIMDU, or upon changing a member's accounting category code (ACC) from 100 to 105, the PERSUPP DET or personnel office will verify the projected rotation date (PRD). For personnel whose ACC is being changed from 100 to 105, comply with provisions of MILPERSMAN 1306-1202.

a. For personnel ordered permanent change of station (PCS) for a period of LIMDU, if the PRD is not in agreement with the medical board, the PERSUPP DET or personnel office will advise Navy Personnel Command (NAVPERSCOM), Disability/Retirement/LIMDU Section (PERS-4821) and Personnel Readiness Section, (PERS-4013C), via the **Monthly Status Update of LIMDU Personnel** message (Exhibit 1).

b. The PERSUPP DET or personnel office will closely track the status of LIMDU personnel using the Navy Standard Integrated Personnel System (NSIPS) LIMDU report. Refer to reference (a)

for detailed guidance on the use of, and required entries for, the NSIPS LIMDU report.

c. NSIPS LIMDU reports will be maintained by PERSUPP DET or personnel office per guidelines set forth in this article and reference (a) to provide the following:

(1) A method of tracking required actions.

(2) Documentation for an accurate account throughout the LIMDU process.

(3) A source of information to be used in submission of required reports.

(4) Number of expired LIMDU periods to assist in returning personnel to the fleet.

(5) The LIMDU ADHOC Report is a tool to be provided by PERSUPP DET, at the time of the required monthly LIMDU meeting, with parent command and MTF LIMDU coordinators. This will be used to centrally coordinate, track, and discuss issues to ensure personnel do not delay in the LIMDU process. Proper utilization of this report during the LIMDU meeting will assist parent commands in pinpointing LIMDU personnel who are within 30 days of the expiration of LIMDU and require follow-up appointments.

d. To retain strict control and accountability, the LIMDU coordinator shall maintain the service records of LIMDU personnel separately from other records. These service records shall be flagged on the outer cover to readily identify special restrictions placed on LIMDU personnel regarding extension of enlistment, reenlistment, or discharge. This shall be accomplished by attaching a label to the front cover clearly marked "LIMDU."

e. Change the ACC from 100 to 105, and track results for all personnel who have had a medical board submitted to the Physical Evaluation Board (PEB) while serving on a normal shore tour.

3. **Status Update of LIMDU Personnel.** PERSUPP DET or personnel offices must submit a monthly report via message to NAVPERSCOM (PERS-4821/PERS-4013C), and Bureau of Medicine and Surgery (BUMED) (M3M1) with information copy to the cognizant MTF and

NAVPERSCOM (PERS-4013C) (see Exhibit 1). This report must be submitted no later than the 10th of each month. PERSUPP DETs or personnel offices that have LIMDU personnel assigned on board, but have no changes to report during the month must submit a **negative input report** (see Exhibit 2) by the 10th of each month.

a. **Report Composition.** The report is comprised of five sections as follows:

(1) PRD disparities.

(2) Personnel who are able to return to duty (RTD), assignment screening has been completed, and members have been made available for orders, but are not in receipt of orders.

(3) Personnel pending departmental review action where NAVPERSCOM (PERS-4821) determination has not been received within 30 days of convening authority (CA) signature.

(4) Personnel pending findings of PEB where determination has not been received within 30 days of CA signature, and who are not on the most current PEB listing.

(5) Personnel who have accepted preliminary findings of PEB awaiting final disposition. Request the status of all personnel who have accepted preliminary findings of PEB and final disposition has not been received within 30 days of member's acceptance. The following complete information shall be submitted:

(a) SSN, Grade/Rate, Name, and unit identification code (UIC) (per current Enlisted Distribution and Verification Report (EDVR)).

(b) Date member accepted preliminary findings.

b. **Report Descriptions/Guidance.** Report descriptions and guidance are as follows:

(1) **PRD Disparities.** Incorrect PRDs for personnel currently assigned in a LIMDU status require adjustment and fall under one of the following categories:

(a) Enlisted personnel who were gained at current command under LIMDU (ACC 105) orders, are assigned to a LIMDU period equal to or less than 12 months, and current PRD does not

equal LIMDU PRD. Use section 1a of the Monthly Status Update of LIMDU Personnel message (Exhibit 1) to request PRD adjustment to equal LIMDU PRD.

(b) Enlisted personnel who, while serving on a shore tour, are assigned to a LIMDU period equal to or less than 12 months and current PRD is less than LIMDU PRD. Use section 1a of the Monthly Status Update of LIMDU Personnel message (Exhibit 1) to request PRD adjustment to equal LIMDU PRD.

(c) Enlisted personnel who were gained at current command under LIMDU (ACC 105) orders, NAVPERSCOM (PERS-4821) approved a period of additional LIMDU, and current PRD does not equal new LIMDU PRD. Use section 1b of the Monthly Status Update of LIMDU Personnel message (Exhibit 1) to request PRD adjustment to equal new LIMDU PRD.

(d) Enlisted personnel who, while serving on a shore tour, NAVPERSCOM (PERS-4821) approved a period of additional LIMDU, and current PRD is less than new LIMDU PRD. Use section 1b of the Monthly Status Update of LIMDU Personnel message (Exhibit 1) to request PRD adjustment to equal new LIMDU PRD.

(e) Enlisted personnel with NAVPERSCOM (PERS-4821) approval for permanent LIMDU (L5), and current PRD does not equal permanent LIMDU PRD. Use section 1b of the Monthly Status Update of LIMDU Personnel message (Exhibit 1) to request PRD adjustment to equal permanent LIMDU PRD.

(f) In order for a PRD to be adjusted due to limited duty, personnel must first be gained in ACC 105 as applicable, and ACC 100 PCS orders cancelled, if on file. Report any PRD disparities that require update or correction in the Enlisted Master File.

(2) Include the following information in the PRD disparity section of the message:

(a) Name, SSN, UIC, and PRD (per current EDVR).

(b) Date of Abbreviated Medical Evaluation Report (AMEBR)/Medical Evaluation Board Report (MEBR).

(c) Period Of LIMDU.

(d) Requested PRD change.

(3) **Personnel made Available and not in Receipt of Orders.** Personnel who are able to RTD, assignment screening has been completed, and members have been made available for orders, but are not in receipt of orders.

(a) NAVPERSCOM code assigned to member.

(b) SSN, Rate, Name, PRD, and UIC (per current EDVR).

(c) Date avail submitted.

(4) **Personnel Pending Departmental Review Action.** Request the current status of all personnel pending departmental review action on AMEBR/MEBR where NAVPERSCOM (PERS-4821) determination has not been received within 30 days of CA signature. The following complete information shall be submitted:

(a) NAVPERSCOM code assigned to member.

(b) SSN, Grade/Rate, Name, and UIC (per current EDVR).

(c) Date of CA signature.

(d) Date AMEBR/MEBR was forwarded to NAVPERSCOM for determination.

(5) **Personnel Pending Preliminary Findings of PEB.** Request the status of all personnel pending preliminary findings of PEB that have not been received within 30 days of CA signature, and who are not on the most current PEB listing. The following complete information shall be submitted:

(a) Date of most current PEB listing.

(b) SSN, Grade/Rate, Name, and UIC (per current EDVR).

(c) Date of CA signature.

(d) Date MEBR was forwarded to PEB.

(6) **Personnel Who have Accepted Preliminary Findings of PEB Awaiting Final Disposition.** Request the status of all personnel who have accepted preliminary findings of PEB and final disposition has not been received within 30 days of member's acceptance. The following complete information shall be submitted:

(a) SSN, Grade/Rate, Name, and UIC (per current EDVR).

(b) Date member accepted preliminary findings.

LIMITED DUTY (LIMDU) FOLLOW-UP CARE

Responsible Office	NAVPERSCOM (PERS-4013C)	Phone:	COM FAX	(901) 873-5220 873-5253
---------------------------	----------------------------	--------	------------	----------------------------

References	(a) NAVPERS 130000A (Transient Personnel Administration Manual) (b) BUMEDINST 1300.2 (c) NAVMED P-117, Manual of the Medical Department, Chapter 18
-------------------	---

Exhibits	1. Sample Message - Weekly Request for LIMDU or Assignment Screening Status 2. Sample Message - Weekly LIMDU Follow-up Disposition
-----------------	---

1. Policy

a. Per reference (a), each component of the limited duty (LIMDU) program (member, member's parent command, servicing Personnel Support Activity Detachment (PERSUPP DET) or personnel office, and cognizant military treatment facility (MTF)) shall assist in ensuring medical appointments are promptly completed and required reports are expeditiously processed.

b. The most efficient and successful LIMDU programs occur when managers of the LIMDU population meet to discuss issues on a regular basis; therefore, LIMDU coordinators from the MTF, PERSUPP DET, and commands with LIMDU personnel assigned shall meet at a minimum of once a month to resolve problems and analyze the process.

c. Suggestions for improvement in the LIMDU population management process should be submitted as soon as possible to Navy Personnel Command (NAVPERSCOM),

- Personnel Readiness Section (PERS-4013C)
- Transient Monitoring Unit (TMU) (PERS-4013C1A2)
- Disability Retirement/Limited Duty Section (PERS-4821).

2. Follow-up Appointments

a. All medical appointments for personnel in a temporary limited duty (TLD) status are required to be attended as directed by the medical officer. Any time there is a change in TLD status, the member must report to the PERSUPP DET within 24 hours.

b. Ensure leave (other than emergency) is coordinated with LIMDU coordinator and does not conflict or coincide with medical appointments.

c. The parent command LIMDU coordinator is responsible for ensuring that LIMDU members have provided a status of their TLD not later than 30 days prior to the expiration of TLD. If necessary, assist member in getting necessary appointments prior to expiration of TLD.

d. LIMDU coordinator at MTF will act as point of contact (POC) when parent commands are unable to schedule appointments.

e. The PERSUPP DET LIMDU coordinator will trace TLD personnel within 30 days of expiration of TLD using the **Weekly Request for LIMDU or Assignment Screening Status message**. See Exhibit 1. The request for LIMDU status message will be submitted weekly to the **parent command(s)** until status change results are received, with information copies to

- Bureau of Medicine and Surgery (BUMED) (BUMED-M3M1),
- NAVPERSCOM (PERS-4013C)
- NAVPERSCOM (PERS-4013C1A2)
- NAVPERSCOM (PERS-4821), and
- cognizant MTF.

f. Any time during a period of TLD the attending medical officer can make one of the following determinations:

(1) Member is able to "return to duty" (RTD).

(2) Member requires additional LIMDU, not to exceed 12 months.

(3) Member requires additional LIMDU, to exceed 12 months. (Requires NAVPERSCOM (PERS-4821) approval.)

(4) Medical board to be dictated referring the member to Physical Evaluation Board (PEB).

g. First and second periods of TLD only require Abbreviated Limited Duty Medical Board Report (AMEBR) approved locally by the cognizant MTF convening authority (CA). If there is a delay between the first and second periods, the elapsed time is applied toward the 12-month total. In these instances, the second period TLD will be less than 6 months.

h. When TLD cases return to duty (RTD), the AMEBR requires signature from cognizant MTF CA. No more than 5 working days may elapse from the date of RTD, CA signature, and PERSUPP DET notification by the MTF.

i. The member must notify the parent command and the PERSUPP DET within 24 hours of the pending RTD status change. The parent command must complete the assignment screening within 15 days of being able to RTD and forward completed assignment screening to PERSUPP DET within 24 hours. MILPERSMAN 1306-1208 refers.

j. PERSUPP DET is required to trace assignment screening results if not received from parent command within 15 days from the date a member is able to RTD. MILPERSMAN 1306-1208, Exhibit 3 refers.

k. PERSUPP DET will submit YJ availability and associated tracer actions upon receipt of completion of assignment screening. **NOTE:** You cannot fail an assignment screening. This availability will include one of the following remarks:

(1) **WORLD WIDE ASSIGNABLE.**

(2) **ASSIGNMENT LIMITED** (requires NAVPERSCOM, Enlisted Distribution Division (PERS-40BB) direction).

l. Cognizant MTF, per references (b) and (c), will advise

- NAVPERSCOM (PERS-4013C),
- NAVPERSCOM (PERS-4821),
- BUMED-M3M31,
- member's parent command, and
- servicing PERSUPP DET or personnel office,

via a weekly message of the status of all TLD personnel whose medical status changed during the previous week. This message shall be released each Friday. Exhibit 2 is a sample of a **Weekly LIMDU Follow-up Disposition** message. It is the responsibility of the cognizant MTF to ensure results of all follow-up appointments held the previous week are included on this message.

MILPERSMAN 1306-1208

DISPOSITION AND ACCOUNTING OF PERSONNEL UPON COMPLETION OF LIMITED DUTY (LIMDU)

Responsible Office	NAVPERSCOM (PERS-4821/40BB)	Phone:	DSN	882-3229
			COM	(901) 874-3229
			FAX	882-2622
	EPMAC DET TMU		DSN	678-1602
			COM	(504) 678-1602
			FAX	678-5126

1. **Purpose.** This article provides procedures for accounting and disposition of personnel upon completion of limited duty (LIMDU).
2. **Accounting Procedures.** When a member is determined by the cognizant military treatment facility (MTF) to be able to return to duty (RTD), no more than 5 working days may elapse between RTD, convening authority (CA) signature, and notification of Personnel Support Activity Detachment (PERSUPP DET) by the MTF. All determinations for RTD require CA signature. Once able to return to duty, the following actions will occur:
 - a. For members who were placed on limited duty during a normal shore tour and whose accounting category code (ACC) was changed from 100 to 105:
 - (1) If projected rotation date (PRD) is more than 9 months beyond their temporary limited duty (TLD) period, change ACC to 100. Assignment screening is not required.
 - (2) If within 9 months of PRD when able to RTD, parent command will ensure member completes an assignment screening within 15 days of being able to RTD. Forward completed assignment screening to PERSUPP DET within 24 hours. The servicing PERSUPP DET will submit the **Request for LIMDU/Assignment Screening Status message**, MILPERSMAN 1306-1206, Exhibit 1, for all personnel who were able to RTD and assignment screening has not been received within 15 days.
 - (3) If the PRD was adjusted to complete the period of TLD, parent command will ensure member completes an assignment

screening within 15 days of being able to RTD. Forward completed assignment screening to PERSUPP DET within 24 hours. The servicing PERSUPP DET will submit the **Request for LIMDU or Assignment Screening Status** message, MILPERSMAN 1306-1206, Exhibit 1, for all personnel who were able to RTD and assignment screening has not been received within 15 days.

(4) Upon receipt of completed assignment screening, PERSUPP DET will submit a YJ availability and associated tracer actions (see Exhibit 3, **Assignment Limited Tracer** message). This availability will include one of the following remarks:

(a) If member is world wide assignable (WWA), include the following remarks in availability **"WORLD WIDE ASSIGNABLE."**

(b) If member is able to RTD with limitations, include the following remarks in availability **"ASSIGNMENT LIMITED."** (Requires Navy Personnel Command (NAVPERSCOM) (PERS-40BB) direction.)

b. For members reassigned from sea duty and ordered to a new duty station for LIMDU (i.e., permanent change of station (PCS) orders issued by the Assignment Control Authority (ACA)):

(1) Parent command will ensure member completes an assignment screening within 15 days of being able to RTD. Forward completed assignment screening to PERSUPP DET within 24 hours. The servicing PERSUPPDET will submit the **Request for LIMDU or Assignment Screening Status** message, MILPERSMAN 1306-1206, Exhibit 1, for all personnel who are able to RTD and assignment screening has not been received within 15 days.

(2) If member is not pending a "Perform to Serve" or "rate conversion" request, PERSUPP DET will submit a YJ availability and associated tracer actions. This availability will include one of the following remarks:

(a) If member is WWA include the following remarks in availability **"WORLD WIDE ASSIGNABLE."**

(b) If member is able to RTD with limitations, include the following remarks in availability **"ASSIGNMENT LIMITED."** (Requires NAVPERSCOM (PERS-40BB) direction.)

(3) If member requires submission of a "Perform to Serve" or "rate conversion" request, PERSUPP DET will submit a YJ availability and associated tracer actions. This availability will include one of the following remarks:

(a) If member is WWA, include the following remarks in availability **"WORLD WIDE ASSIGNABLE, PERFORM TO SERVE PENDING/RATE CONVERSION REQUEST PENDING."**

(b) If member is able to RTD with limitations, include the following remarks in availability **"ASSIGNMENT LIMITED, PERFORM TO SERVE PENDING/RATE CONVERSION REQUEST PENDING."** (Requires NAVPERSCOM (PERS-40BB) direction.)

(4) If member is pending Fleet Reserve approval request, change ACC to 100 and track per MILPERSMAN 1830-010.

c. Upon receipt of NAVPERSCOM orders change member's ACC from 105 to 100, or upon determination by NAVPERSCOM (PERS-40BB).

d. **Members authorized to proceed home awaiting orders per MILPERSMAN 1910-900, to await Physical Evaluation Board (PEB) proceedings, will be accounted for in ACC 381.**

e. **For enlisted members able to RTD and who are in receipt of approved retirement/Fleet Reserve dates, or are beyond high year tenure (HYT), no availability is required. Change ACC to 100 and contact NAVPERSCOM, Disability Retirement/Limited Duty Branch (PERS-4822 for enlisted and PERS-4823 for officers) regarding execution of previously approved retirement or Fleet Reserve authorization.**

3. **Assignment Limited**. Members found to be "assignment limited" will be issued both a Navy Enlisted Classification (NEC) of 0090 by NAVPERSCOM (PERS-40BB), and an LM designator by NAVPERSCOM (PERS-4821). NAVPERSCOM (PERS-40BB) will direct one of the following actions:

a. **Direct administrative separation (ADSEP)**. Upon receipt of ADSEP message, PERSUPP DET will separate member as directed. Retain member on board current command and separate at expiration of active obligated service (EAOS).

b. **Issuance of orders based on assignment limitations**. NAVPERSCOM assignment determination will be made between

NAVPERSCOM (PERS-40BB), applicable detailee, and a NAVPERSCOM (PERS-4821) medical officer following receipt of assignment limited message from member's parent command.

4. **Assignment of Members Able to RTD.** Members will be assigned by the ACA after being found able to RTD by a medical board and after completion of the assignment screening as follows:

a. **Type Duty Code "1" or "6."** Members being assigned to, or who are currently on Type Duty Code "1" or "6", will have the period of LIMDU applied to their normal shore tour (NST).

(1) Whatever time remains on a NST after the LIMDU period has been applied will be completed at the current duty station. If no time is remaining on NST, the member will be assigned to sea duty.

(2) The decision logic table (Exhibit 1) with availability month as basis for computation pertains.

b. **Type Duty Code "2," "3," or "4."**

(1) Members who were on Type Duty Code "2," "3," or "4" and were assigned ashore for the period of TLD will normally be assigned per the Exhibit 2 table, using availability month as basis for computation.

(2) The time member starts LIMDU until the member is able to RTD is considered **idle time** and will not be used in computation of cumulative sea time.

5. **Early Separation.** Approval of early separation will be contingent upon overall Navy manning, manning of specific ratings and NECs, the availability of billets, and existing PCS funding constraints.

a. **EAOS within 90 Days.** Members whose EAOS is within 90 days, and do not desire to reenlist, may be separated within 7 days of being able to RTD per MILPERSMAN 1910-102.

b. **EAOS more than 90 Days, but within 1 Year.** Members whose EAOS is more than 90 days, but within 1 year, may submit a request for early separation to NAVPERSCOM.

EXHIBIT 1

DECISION LOGIC TABLE FOR ASSIGNMENT OF MEMBERS
ABLE TO RTD AFTER ASSIGNMENT TO LIMDU
FROM TYPE DUTY CODE "1" OR "6"

Rule	If months remaining on NST ...	member will ...	and PRD set ...
A	is greater than zero	remain at current duty station,	to complete NST.
B	is less than zero (no time remaining)	be assigned to sea duty,	to prescribed sea tour (PST).

EXHIBIT 2

DECISION LOGIC TABLE FOR ASSIGNMENT OF MEMBERS
ABLE TO RTD AFTER ASSIGNMENT TO LIMDU
FROM TYPE DUTY CODE "2," "3," OR "4"

Rule	If member has ...	member will be assigned to ...	with PRD established ...	provided ...
A	0-6 months remaining on PST,	shore duty	to NST.	See notes 1 and 2.
B	greater than 6 months remaining on PST,	sea duty	to complete PST. See notes 1 and 2.	

Note 1: Career members will be assigned without regard to obligated service (OBLISERV).

Note 2: Non-career members must have, or agree to acquire, a minimum 24 months OBLISERV to be eligible for assignment ashore. Non-career members who do not desire to acquire necessary OBLISERV will remain at current duty station/may request early separation.

Example (1): Members who have 12 months remaining on PST will be assigned to a 24-month tour.

Example (2): Members who have 9 months remaining on PST will be required to complete a 21-month tour.

References	(a) NAVMED P-117, Manual of the Medical Department
-------------------	--

1. **Policy**. Nuclear-trained surface, nuclear-trained submarine, and non nuclear-trained submarine personnel require additional screening and administrative processing for assignment to or from a limited duty (LIMDU) status. **All** of the above personnel, regardless of sea/shore type duty code or type assignment code, must be made available (class YH avail) for assignment to LIMDU with a projected rotation date (PRD) established for the length of the LIMDU period.

2. **Procedures**. To eliminate delays in returning the above members to full duty they must be immediately identified and meticulously tracked to ensure the additional requirements are completed in a timely manner.

a. **Medical Evaluation**. All nuclear-trained surface, nuclear-trained submarine, and non nuclear-trained submarine personnel detached for hospitalization or LIMDU shall be expeditiously evaluated by the command medical department representative, squadron medical officer, or group medical officer to determine their potential for continued service in the nuclear field or submarine force. If nuclear field or submarine disqualification is appropriate, the member's parent command

shall submit the disqualification and Navy Enlisted Classification (NEC) change request, if required, as follows:

(1) **For nuclear-trained surface and nuclear-trained submarine personnel:** Submit via the appropriate chain of command to Chief of Naval Operations (CNO), Nuclear Propulsion Branch (N133D).

(2) **For non nuclear-trained submarine personnel:** Submit via the appropriate chain of command to Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignment Branch (PERS-403F).

b. **Documentation to CNO (N133D) for Nuclear-Trained Operators.** The servicing Personnel Support Detachment (PERSUPP DET) or personnel office submitting the availability for assignment to a LIMDU status on a nuclear-trained surface or nuclear-trained submarine member will forward a copy of the medical board report, with enclosures, to CNO (N133D) by separate correspondence.

c. **Required Notification for Examinations/Screening.** The servicing PERSUPP DET or personnel office for a member assigned to LIMDU will ensure the member and member's command are aware of all required physical examinations/screening in time to be completed prior to the expiration of the LIMDU period (reference (a), chapter 18).

d. **Complete Requirements/forward Documentation.** The member's command will ensure the member completes all medical requirements needed to determine fitness for duty in submarines and/or fitness for duty involving exposure to ionizing radiation, and that documentation is forwarded to the servicing PERSUPP DET or personnel office.

e. **Screening by Undersea Medical Officer.** Prior to being made available from LIMDU, **non nuclear-trained submarine personnel** will be screened for return to submarine duty by an undersea medical officer. A YJ availability report shall be submitted and shall include the following remarks, modified as appropriate:

"Member has been found "fit for duty" in submarines by
Dr._____, (Title)."

f. **Screening by CNO (N133D) for Nuclear-Trained Operators.** Nuclear-trained surface and nuclear-trained submarine personnel shall **not** be made available from LIMDU until screened by CNO (N133D). Once screening is completed, CNO (N133D) will direct the PERSUPP DET or personnel office to submit availability. The following documentation must be submitted to CNO (N133D) prior to the expiration of the member's LIMDU period:

(1) NAVMED 6100/5 (Rev. 9-04), Abbreviated Medical Evaluation Board Report (AMEBR) which assigned the member to LIMDU, with all supporting documentation.

(2) DD Form 2808 (Rev. 10-05), Report of Medical Examination with qualified or not qualified recommendations in block 74 and DD Form 2807-1 (Rev. 10-03), Report of Medical History for the following:

- (a) Fitness for full duty.
- (b) Fitness for duty involving occupational exposure to ionizing radiation.
- (c) Fitness for nuclear field duty.
- (d) Fitness for submarine duty if a nuclear trained submariner. Must be signed by an undersea medical officer.

(3) SF 600 (Rev. 6-97), Chronological Record of Medical Care that clearly and legibly states all of the above qualifications, when signed by a medical officer qualified to make the assessment, is acceptable in lieu of an DD Form 2808.

(4) If LIMDU was based on a psychological problem, documentation shall include the following:

- (a) A thorough history of the problem (stress reaction, personality disorder, suicidal ideation, etc.).
- (b) Treatment.
- (c) Resolution.

g. Disqualification/Waivers

(1) Request for disqualification/waivers of disqualification shall be submitted as follows:

(a) **For nuclear and non nuclear-trained submarine personnel:** Submit via the appropriate chain of command and

Bureau of Medicine and Surgery (BUMED) (M3B42) to NAVPERSCOM (PERS-403F).

(b) **For nuclear-trained surface personnel:** Submit via the appropriate chain of command and BUMED (M3B42) to NAVPERSCOM (PERS-403F).

(2) Submarine medical disqualification requests for nuclear-trained submarine personnel shall include a recommendation regarding qualification for nuclear field duty and for duty involving exposure to ionizing radiation. (See reference (a), articles 15-103 and 15-106 for additional information.)

3. **Inquiries.** Inquiries related to screening status/requirements for all nuclear-trained enlisted personnel should be directed to CNO (N133D).

MILPERSMAN 1306-1500

FULL TIME SUPPORT (FTS) PROGRAM

Responsible Office	BUPERS-32	Phone:	DSN	882-2678
			COM	(901) 874-2678
			FAX	882-2673
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

References	(a) 10 U.S.C. §12102(a) and §12103(a)
------------	---------------------------------------

1. General Information

a. The purpose of the Full Time Support (FTS) Program is to train and administer the Navy Reserve. It is open to both male and female personnel. Enlisted FTS personnel serve in demanding billets, both at sea and ashore, providing the support necessary to prepare Navy reservists to conduct prompt and sustained operations in support of United States national interests. Enlisted FTS personnel may be assigned to the following:

(1) **Operational units** (e.g., ships, maritime expeditionary security forces, aviation squadrons, etc.);

(2) **Shore activities** (e.g., Navy operational support centers, military entrance processing stations, etc.); or

(3) **Major shore commands** (e.g., Chief of Naval Operations, Navy Personnel Command (NAVPERSCOM), Commander, Navy Reserve Forces Command, etc.).

b. FTS enlisted personnel are accessed via the following:

(1) Initial enlistment;

(2) Conversion from active component (AC); or

(3) Recall of Selected Reserve (SELRES) to active duty (ACDU).

c. First-term FTS direct enlistment is authorized by

reference (a). Members of this program are guaranteed an "A" school after recruit training. They incur an 8-year obligation of which 48 months are normally served on continuous ACDU.

d. All approved applicants for the FTS Program incur a minimum 4-year ACDU obligation. The enlisted community manager may authorize a 3-year obligation for FTS accessions that do not require a rate change.

e. Career opportunities exist in the enlisted FTS Program for personnel in the following ratings:

AD	aviation machinist's mate
AE	aviation electrician's mate
AM	aviation structural mechanic
AME	aviation structural mechanic (safety equipment)
AO	aviation ordnanceman
AS	aviation support equipment technician
AT	aviation electronics technician
AWF	naval aircrewman (mechanical)
AZ	aviation maintenance administrationman
BM	boatswain's mate
CS	culinary specialist
DC	damage controlman
EM	electrician's mate
ET	electronics technician
HM	hospital corpsman
IT	information systems technician
LS	logistics specialist
NC	Navy counselor
PR	aircrew survival equipmentman
PS	personnel specialist
YN	yeoman

f. SELRES recalls into the FTS Program are normally restricted to pay grade E-5 and below, and are limited by fiscal year quotas.

g. Application procedures for the FTS Program are outlined in MILPERSMAN 1306-1502.

2. **Selection Criteria.** The FTS community is small and opportunities for accession are limited. Manpower requirements

(pay grade, rating, and Navy enlisted classification codes), physical readiness, years of active service, and sustained professional performance are the primary considerations for selection.

3. **Obligated Service (OBLISERV) Requirements.** OBLISERV requirements for FTS personnel assignments are contained in MILPERSMAN 1306-106.

4. **Reenlistment Incentive.** Selective reenlistment bonuses (SRBs) are occasionally offered for reenlistments into the FTS Program. Refer to the latest SRB naval administrative message (NAVADMIN) for specific skills and award levels offered. Additionally, FTS personnel may request assignment under the Guaranteed Assignment Retention Detailing 2000 Program as per guidance in MILPERSMAN 1306-1002.

5. **FTS Sea Shore Rotation.** FTS sea/shore rotation tour lengths are determined by rating and pay grade. Refer to the current NAVADMIN for FTS sea shore rotation tour lengths. Projected rotation dates (PRDs) for first-term FTS personnel with 4 years initial OBLISERV will normally coincide with their expiration of active obligated service. Initial sea/shore tour and PRD will be recomputed upon reenlistment at which time the member will then be reassigned based on normal rotation.

6. **Change of Rating in Conjunction with FTS Accession.** Personnel in ratings not listed in paragraph 1e may request a change of rating in conjunction with their AC to FTS conversion or SELRES recall to FTS. Change of rating requests are considered on a case-by-case basis, focusing primarily on individual qualifications, formal coursework, and practical experience necessary to perform the duties of personnel in the desired rating.

7. **Approval Authority for AC to FTS Conversion and SELRES Recall to FTS.** Bureau of Naval Personnel (BUPERS), Enlisted Community Management (BUPERS-32) is the approval authority for AC to FTS, FTS to AC, and SELRES to FTS via a Career Waypoint-Transition application.

MILPERSMAN 1306-1501

ENLISTED ACTIVE COMPONENT TO RESERVE COMPONENT (AC2RC) TRANSITION VIA THE CAREER TRANSITION OFFICE (CTO)

Responsible Office	NAVPERSCOM (PERS-97)	Phone:	DSN	882-4108
			COM	901-874-4108
			FAX	901-874-2186
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Purpose.** This article sets forth the procedures for an enlisted member in the Active Component (AC) or Full Time Support (FTS) to directly transition at end of active obligated service (EAOS) to the Selected Reserve (SELRES) via the Active Component to the Reserve Component (AC2RC) Program to continue his or her Navy career.

2. **Eligibility.** All Sailors desiring transition from AC2RC via Navy Personnel Command (NAVPERSCOM), Career Transition Office (CTO) (PERS-97) must have a Perform to Serve (PTS) SELRES option quota or Enlisted Early Career Transition Program (ECTP) approval. To affiliate with the SELRES, application procedures are as follows:

a. PTS with SELRES option is open to all eligible Active Duty Sailors in zones A, B, and C with up to 14 years of active service. PTS applications will continue to be processed until 3 months prior to EAOS (as extended) per MILPERSMAN 1440-060. Eligible Sailors include:

(1) Sailors in their normal PTS window that are within 4 to 12 months of their EAOS;

(2) Sailors electing to separate at EAOS;

(3) Sailors "PTS denied" to remain on Active Duty;

(4) E-5 and below Sailors being released from Active Duty as a result of the Navy's High Year Tenure policy; and

(5) Sailors identified by the Enlisted Retention Board for release from Active Duty.

b. Sailors who currently have a final AC or FTS PTS quota and have greater than 3 months remaining prior to their EAOS (as extended) must cancel their AC or FTS PTS quota prior to applying for a quota for the SELRES by submitting a NAVPERS 1070/613 Administrative Remarks to the Bureau of Naval Personnel (BUPERS), Enlisted Community Management (BUPERS-32). NAVPERS 1070/613 is available at:

<http://www.public.navy.mil/BUPERS-NPC/REFERENCE/FORMS/NAVPERS/Pages/default.aspx>.

c. Sailors who do not have a PTS quota for the SELRES, have greater than 30 days prior to EAOS (as extended), are not currently on terminal leave, and desire direct transition to the Reserve Component (RC) as a SELRES are required to have their Command Career Counselor (CCC) contact the SELRES community manager to request a SELRES quota. The SELRES community manager will approve or disapprove the accession quota based on the needs of the Navy.

d. All other Sailors must contact a Navy recruiter if they desire to affiliate with the RC as a SELRES.

3. **Procedures.** The following procedures have been established for all AC or FTS Sailors transitioning to the SELRES via the CTO:

a. Upon notification of PTS quota approval for the SELRES, the CCC shall assist the Sailor with completing and submitting NAVPERS 1306/97 Reserve Affiliation Screening Checklist (RASC) and Contact Information Sheet regardless of the Sailor's intentions. Once the Sailor decides to utilize the PTS quota for the SELRES, the CCC will submit the RASC to the CTO. If the Sailor does not desire to utilize the PTS quota for the SELRES at the time of approval, the CCC shall print and retain the Sailor's PTS approval letter onboard until the 61st day after the Sailors EAOS;

b. The Sailor's AC commanding officer (CO) shall evaluate and certify that the member is fully qualified utilizing the RASC regardless of the Sailor's intent to use their PTS quota for the SELRES. NAVPERS 1306/97 is available at:

<http://www.public.navy.mil/BUPERS-NPC/REFERENCE/FORMS/NAVPERS/Pages/default.aspx>

c. The CTO will prepare and provide all affiliation documents to the Sailor via their CCC to review, sign, and return to the CTO;

d. Upon completion and submission of the RASC, the CCC and Sailor must log into the Career Management System-Interactive Detailing (CMS-ID) and select the location of the nearest Navy operational support center (NOSC) where the Sailor intends to drill;

e. Upon receipt of a completed RASC from the CTO, NAVPERSCOM, Full Time Support Assignments Branch (PERS-4012) will generate separation orders on the Sailor to the NOSC that the Sailor selected via CMS-ID;

f. The CO must rescind the Sailor's approval for affiliation if the Sailor subsequently becomes ineligible to affiliate in the Navy Reserves (non-judicial punishment, medical reasons) after the RASC has been sent to the CTO. To rescind approval, the CO must check the final disapproval block on the RASC and resubmit the form to the CTO to terminate the affiliation process before the Sailor detaches from his or her command;

g. Sailors who receive separation orders from NAVPERSCOM will detach from their AC command and report to the NOSC by the "report no later than" date that as described on their separation orders. The detaching command's supporting personnel support detachment (PERSUPP DET) or afloat personnel office will affect the AC transfer to the NOSC;

h. The supporting PERSUPP DET of the NOSC for Sailors with NAVPERSCOM separation orders will affect the gain to the NOSC and the AC strength loss;

i. Sailors will have their RC strength gain and their initial Navy Reserve unit assignment initiated by the CTO;

j. Sailors who do not complete their RASC and request a NOSC via CMS-ID at least 60 days prior to their EAOS will not receive NAVPERSCOM separation orders to their NOSC of choice. Sailors who subsequently complete their RASC within 60 days of their EAOS will initiate their transition via the CTO. Sailors without orders to the NOSC will not report to the NOSC until they receive their transition documents including their drill date from the CTO;

k. If required, CCCs will assist Sailors with the execution of a Reserve reenlistment contract. Sailors who choose to fulfill their Reserve obligation for involuntary separation pay in SELRES, must sign a contract for a minimum of 3 years per MILPERSMAN 1910-050. The contract must be sworn and signed prior to the Sailor executing any terminal leave. The effective date of the Reserve contract must be the day after the Sailor's EAOS; and

l. All Sailors who affiliate with the SELRES via this article must hand carry their medical and dental records to their NOSC.

4. **Feedback**. If the gaining NOSC determines that the appropriate screening was not done or was completed improperly, NAVPERS (PERS-97) shall be informed and a Special Program Screening Deficiency Report shall be submitted to the detaching command. Refer to MILPERSMAN 1306-900, Exhibit 3.

References	(a) COMNAVRESFORINST 1001.5F (b) OPNAVINST 6110.1J (c) NAVMED P-117, Manual of the Medical Department (MANMED)
-------------------	--

1. **Policy.** This article sets forth eligibility and application procedures for Active component (AC) Sailors requesting conversion to the Full Time Support (FTS) Program and selected reservists (SELRES) requesting recall to Active Duty (ACDU) in the FTS Program. All AC Sailors must utilize the Fleet Rating Identification Engine (RIDE) - Perform to Serve System (PTS) when requesting conversion into the FTS Program. SELRES Sailors must request recall via Navy Personnel Command (NAVPERSCOM), Reserve Enlisted Status Branch/FTS Recall and Conversions (PERS-913).

2. Eligibility Requirements for Selected Reserve (SELRES) Recall to ACDU in the FTS Program

a. Applicant must:

(1) Be a member of the SELRES at the time of application for FTS recall. Retired Sailors and Sailors of the Individual Ready Reserve are not eligible;

(2) Have satisfactory drill participation;

(3) Be designated. Undesignated personnel are not eligible for FTS recall to ACDU;

(4) Have completed all requirements to make rate

permanent for all temporary rating Reserve affiliation programs as per reference (a);

(5) Have completed any mandatory drilling obligation (if applicable) per reference (a). New Accession Training Program and National Call to Service Program Sailors will be considered on a case-by-case basis;

(6) Be able to meet the prescribed enlisted age limitations for continuation on ACDU per MILPERSMAN 1160-010;

(7) Meet physical readiness assessment standards per reference (b);

(8) Meet requirements for reenlistment per reference (c), Chapters 15 and 18; and

(9) Be eligible to reenlist for 48 months without exceeding High Year Tenure (HYT) Program limitations outlined in MILPERSMAN 1160-120.

b. SELRES currently mobilized or identified for mobilization may apply for recall into the FTS Program, but normally will not be approved for FTS reenlistment until demobilized.

3. Eligibility Requirements for AC Conversion to the FTS Program

a. Applicant must:

(1) Be eligible to reenlist for 48 months without exceeding HYT limitations outlined in MILPERSMAN 1160-120;

(2) Have completed a minimum of 24 months on board current command before submission of application;

(3) Not be in receipt of permanent change of station orders;

(4) Complete all contractual requirements if reenlisted with a selective reenlistment bonus (SRB). Applicant may be approved for FTS conversion if currently serving under an SRB, but may not reenlist in the FTS Program until the full term of obligated service (OBLISERV) has been completed;

(5) Be within 12 months of projected rotation date (PRD) and expiration of active obligated service (EAOS). If EAOS and PRD don't match, it is recommended that the applicant submit a request to the appropriate detailee to align PRD and EAOS before submitting application;

(6) Meet physical readiness assessment standards per reference (b); and

(7) Meet requirements for reenlistment per reference (c), Chapter 15.

4. **SELRES Application Procedures**

a. **Required Documentation.** Sailor submits NAVPERS 1306/7 Enlisted Personnel Action Request to NAVPERSCOM (PERS-913) via the commanding officer (CO). In the "Reason for Submission" request block of NAVPERS 1306/7, SELRES will indicate "**Recall to Active Duty in the FTS Program.**" Also indicate any change of rate requested as applicable.

b. Command endorses the application (see Exhibit 1) and forwards with the following enclosures:

(1) Copies of applicant's NAVPERS 1616/26 Evaluation Report and Counseling Record (E-1 to E-6), for the last 3 years;

(2) Copies of current Physical Fitness Assessments (PFA) (most recent four-year period) from the Physical Readiness Information Management System (PRIMS);

(3) Copies of all applicant's DD-214 Certificate of Release or Discharge from Active Duty (if applicable); and or

(4) Copies of NAVPERS 1070/604 Enlisted Qualifications History, or equivalent (Electronic Personnel Data Summary).

5. **AC Application Procedures.** All AC Sailors must utilize the Fleet RIDE - PTS system outlined in MILPERSMAN 1440-060 when requesting conversion into the FTS Program.

6. **Notification of SELRES Recall to FTS Request.** NAVPERSCOM (PERS-913) will notify SELRES applicants of adjudication in writing, via Navy message, to Sailor's command. Approval messages will provide the specific dates authorized for

reenlistment and the procedures for reenlistment. Disapproval messages will state the reason(s) for disapproval.

7. **Order Writing Authority.** NAVPERSCOM, Full Time Support Assignment Branch (PERS-4012), Enlisted FTS Detailing is the order writing authority for Sailors approved for conversion or recall to ACDU in the FTS Program. Sailors should contact the appropriate FTS detailer for discussion of assignments after receiving an approval message.

8. **Declining Conversion or Recall to ACDU.** Commands will notify NAVPERSCOM (PERS-913) if a SELRES Sailor approved for recall declines to reenlist into the FTS Program. AC Sailors that decline an FTS conversion quota shall contact their prospective enlisted community manager technical advisor via their command career counselor.

9. **Processing Procedures.** Applicants who accept conversion or recall to ACDU in the FTS Program will be processed as follows:

a. AC Sailors who convert to FTS will reenlist for 4 years.

b. Selected reservists who:

(1) Have more than 48 months remaining on their current enlistment contract will recall to ACDU via NAVPERS 1070/622 Agreement to Recall or Extend Active Duty for 48 months as indicated in the recall authorization message; or

(2) Do not have 48 months remaining on their current enlistment contract at the time of recall to ACDU, will reenlist via NAVPERS 1070/601 Immediate Reenlistment Contract for 4 years completing the Reserve Active Duty Obligation block (RADO) to reflect 48 months.

10. **Administrative Reduction in Rate.** Applicants who have been approved for recall into the FTS Program at a lower pay grade must voluntarily accept an administrative reduction in rate. Sailors will acknowledge their reduction in rate by signing a NAVPERS 1070/613 Administrative Remarks entry per Exhibit 2.

11. **Availability Processing for FTS Personnel.** Per MILPERSMAN 1306-1718, commands must submit an availability report for enlisted FTS conversion and or recall to NAVPERSCOM (PERS-4012).

12. **Assignments.** Assignments are dependent upon the needs of

the Navy, the Sailor's desires, and consistent with normal sea/shore rotation tour lengths. Per MILPERSMAN 1306-110, enlisted FTS personnel will submit an enlisted duty preference using the Career Management System online at: <https://www.cmsid.navy.mil>.

EXHIBIT 2

REDUCTION IN RATE STATEMENT OF AGREEMENT (NAVPERS 1070/613, Administrative Remarks)

Date: It has been explained to me that my application for recall to Active Duty in the FTS Program as a (pay grade/rating) cannot be approved. Current policy restricts the number of reenlistments for (pay grade) in certain over-manned ratings. I, therefore, voluntarily accept an administrative reduction to (pay grade/rating) in order to qualify for reenlistment into the FTS Program. I acknowledge that this reduction is permanent, and that I cannot petition for reinstatement at a future date. I also understand that future advancements will be in strict accordance with instructions, procedures, and limitations that may be in effect at that time. For the purpose of computation of final multiple only for advancement to _____, my time-in-rate date has been established as _____.

MILPERSMAN 1306-1504

GENERAL ASSIGNMENT WITH THE REGULAR NAVY AND REMOVAL OF TRAINING AND ADMINISTRATION OF RESERVES (TAR) DESIGNATOR

Responsible Office	NAVPERSCOM (PERS-913)	Phone:	DSN	882-4510
			COM	(901) 874-4510
			FAX	882-2673

1. **Policy.** Enlisted Training and Administration of Reserves (TAR) personnel may request release from the TAR program by Navy Personnel Command (NAVPERSCOM), Naval Reserve Enlisted Personnel Administrative Branch (PERS-913) to request general assignment recall with the regular Navy. If the request for release from the TAR program is disapproved, NAVPERSCOM (PERS-913) will notify the member in writing of the reason for disapproval. If the request for release from the TAR program is approved, the member's request will be forwarded to NAVPERSCOM, Reserve Enlisted Advancements/Conversion Branch (PERS-812) for adjudication for general assignment recall.

a. If approved for general assignment recall by NAVPERSCOM (PERS-812), member will become USNR (Active), the TAR designator will be removed, and member will be detailed by NAVPERSCOM, Distribution Department (PERS-4).

b. TAR personnel will not be authorized to remove the TAR designator or reenlist USN without release approval by NAVPERSCOM (PERS-913) and an approved request for general assignment recall by NAVPERSCOM (PERS-812).

c. Member must sign a NAVPERS 1070/613 (Rev. 10-81), Administrative Remarks entry per Exhibit 1, agreeing to remain on active duty contingent upon release from the TAR program.

2. **Eligibility.** Applicants must be within 9 months of their projected rotation date (PRD) and expiration of active obligated service (EAOS). Additionally, personnel must have been serving on active duty at their present duty station for a minimum of 24 months at the time of request and must not be in receipt of permanent change of station (PCS) orders. Personnel approved for general assignment are normally required to remain at their present duty station until PRD.

3. Application Procedures

a. Member submits NAVPERS 1306/7 (Rev. 1-03), Enlisted Personnel Action Request to NAVPERSCOM (PERS-913) via member's commanding officer (CO). In the "Reason for Request/Amplifying Information/Other Request" block of NAVPERS 1306/7, indicate that request is for general assignment recall. Also indicate in this block any change of rate request, if applicable.

b. Command endorses the application per Exhibit 2 and forwards with the following enclosures:

(1) Copies of applicable NAVPERS 1070/604 (Rev. 7-91), Enlisted Qualifications History.

(2) Copies of NAVPERS 1616/26 (Rev. 7-95), Evaluation Report and Counseling Record for the last 4 years.

(3) Copy of the applicant's DD-214s, (Rev. 2-02), Certificate of Release or Discharge from Active Duty (if applicable).

(4) Copy of physical fitness assessments (current three test cycles).

(5) Physical examination (DD 2807-1 (Rev. 7-01), Report of Medical History, and DD 2808 (Rev. 1-03), Report of Medical Examination) must have been completed within the last 12 months.

(6) HIV results; must have been completed within the last 12 months.

(7) Copy of NAVPERS 1070/613 entry agreeing to remain on active duty per Exhibit 1.

4. Specific Duty Assignment. General assignment requests should not be submitted under conditional terms. Specific duty assignments cannot be guaranteed.

5. Reenlistment in the Regular Navy. Personnel who have been approved for general assignment recall may reenlist in the regular Navy after reporting on board their ultimate general assignment duty station.

6. Request for Officer Commissioning Programs and Special Programs. Requests for officer commissioning programs and special programs (e.g., Selective Conversion and Reenlistment (SCORE), Recruiting Selective Conversion and Reenlistment

(RESCORE), Selective Training and Reenlistment (STAR), Lateral Conversions, Explosive Ordnance Disposal (EOD), Under-water Demolition Teams (UDT), New Construction, and Operation Deep Freeze) will be submitted to NAVPERSCOM (PERS-913). Approval of a member's request for a commissioning program or special program requires removal of the TAR designator and placement under the distribution control of the regular Navy.

7. **Removal of TAR Designation.** A NAVPERS 1070/613 entry per Exhibit 1 agreeing to remain on active duty will be completed as appropriate, and a copy will be attached to the general assignment or special program request. Personnel who are approved for general assignment are removed from the distribution control of the enlisted TAR program and placed under that of the regular Navy.

a. TAR personnel who are approved for general assignment recall have their TAR designator removed and are made available to regular Navy detailing for assignment.

b. TAR personnel who are selected for an officer commissioning program or a special program lose their TAR designation. If disenrolled, either voluntarily or involuntarily, members are made available to regular Navy detailing for assignment.

8. **Reinstatement of TAR Designation.** Personnel who desire reinstatement of their TAR designation must request TAR conversion as outlined in MILPERSMAN 1306-1502. The request must contain pertinent facts and reasons for reinstatement and disenrollment as applicable. Reinstatement is not guaranteed, but will be consistent with the needs of the TAR program, the regular Navy, and the circumstances surrounding disenrollment. Personnel approved for reinstatement must agree to the appropriate service requirement obligations.

EXHIBIT 1

GENERAL ASSIGNMENT STATEMENT OF AGREEMENT

(NAVPERS 1070/613 (Rev. 10-81), Administrative Remarks entry)

Date: I understand that upon approval of my request for General Assignment by NAVPERSCOM, I will be immediately removed from the enlisted TAR program and placed under the distribution control of the regular Navy. I further understand that my TAR designator will be removed and that it will not be reassigned.

ENLISTED RESERVE COMPONENT TO ACTIVE COMPONENT (RC2AC) PROCEDURES

Responsible Office	BUPERS-32	Phone:	DSN	882-2678
			COM	(901) 874-2678
			FAX	882-2673

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone: Toll Free	1-866-U ASK NPC
	E-mail:	uasknpc@navy.mil

References	(a) BUPERSINST 1001.39F (b) OPNAVINST 6110.1J (c) NAVMED P-117, Manual of the Medical Department (d) OPNAVINST 3060.7B (e) COMNAVRESFORINST 3060.7A (f) OPNAVINST 1160.8A
-------------------	--

1. **Background.** To fill Active Component (AC) community needs, enlisted Sailors may complete a component change from the Reserve Component (RC) to AC (RC2AC). This not only leverages existing skill sets that reside in the RC population to improve and maintain AC community health, but also provides qualified Sailors with an opportunity to resume or begin a career in the AC.

a. Component change refers to a permanent transfer from RC2AC. This voluntary program enables qualified, eligible enlisted RC Sailors to submit applications in Career Waypoints (C-WAY) based on available quotas published on the Bureau of Naval Personnel (BUPERS), Enlisted Community Manager (BUPERS-32) Web page at: <http://www.public.navy.mil/bupers-npc/enlisted/community/selres/Pages/default2.aspx>.

b. Component change, as addressed in this article, is distinguished from temporary or definite recall in that a Sailor completing a component change is permanently transferred to the AC under a new AC enlistment contract to fill an active BUPERS-32 shortfall. Whereas, the Sailor recalled for a definite period remains in the RC, but is issued active duty recall orders to fill a specific billet vacancy for a specific duration, generally 1 to 3 years.

2. **Policy**. This article sets forth eligibility and application procedures for enlisted component changes from the RC (Selected Reserve (SELRES), voluntary training unit (VTU), canvasser recruiter (CANREC), definite recall (Navy military personnel or Navy Reserve personnel) to the AC.

a. E-6 and below Sailors desiring a component change from RC2AC must utilize the C-WAY System. Eligible RC Sailors must use the Career Waypoints-Transition (C-WAY-TRANS) module to request a component change.

b. E-7 and above personnel who seek opportunities for component change outside of the established C-WAY-TRANS module application process must contact BUPERS-32 directly.

c. All exceptions to policy contained herein will be adjudicated by the Office of the Chief of Naval Operations (OPNAV), Military Personnel, Plans, and Policies Division (N13) via OPNAV, Enlisted Force Shaping, Plans, and Policies Branch (N132) and BUPERS-32.

3. **Eligibility Requirements**. Members must be SELRES (in a drill pay status, on definite recall, or mobilized), VTU, or CANREC. Individual Ready Reserve-Active Status Pool (IRR-ASP) members are not eligible for RC2AC component change. If members of the IRR-ASP desire to apply for RC2AC, they must affiliate with the Ready Reserve via a Navy Reserve recruiter and meet all eligibility criteria. They are encouraged to affiliate with their local Navy Reserve activity (NRA) VTU to establish the medical, dental, and physical readiness history required for program eligibility.

a. Applicants must meet the following criteria to be considered for a component change:

- (1) Be a satisfactory drill participant;
- (2) Be designated;

(3) Have completed all requirements to make rating permanent for all temporary rating Reserve affiliation programs per reference (a);

(4) Meet criteria outlined within diagram located on page 7-4 of enclosure 1 of reference (a). New Accession Training (NAT) Program Sailors will be considered on a case-by-case basis;

(5) Be able to meet the prescribed enlisted age limitations for continuation set forth in MILPERSMAN 1160-010;

(6) Meet physical readiness assessment standards per reference (b);

(7) Meet physical exam requirements for reenlistment, per reference (c), Chapter 15; and complete an operational duty screening per MILPERSMAN 1300-800; and

(8) Be eligible to incur an active service obligation of 48 months without exceeding high year tenure policy outlined in MILPERSMAN 1160-120. Waiver requests are authorized and will be adjudicated by BUPERS-32.

(9) Member should not have a history of personal or professional legal issues, and have no military or civilian legal issues pending to include, but not limited to, nonjudicial punishment, pending court-martial, civilian court cases, child custody issues or hearings, pending divorce settlements, and sentencing hearings or appeals of any kind.

(10) Member must have an adjudicated security clearance appropriate for the member's rate and position/assignment requirement. Member's command security officer should verify member's security clearance status prior to the command-level career development board (CDB) and member's initial application in C-WAY.

b. RC personnel in receipt of mobilization orders, on mobilization orders, or on definite recall orders must be within 90 days of the end of these orders prior to contacting the RC2AC coordinator via e-mail at: rc_to_ac@navy.mil or the C-WAY help desk via phone at: 901-874-2102 to determine if an AC opportunity exists upon release from active duty. RC personnel in receipt of mobilization orders, on mobilization orders, or on definite recall orders and submitting an RC2AC application, must complete the period of active service set forth in their current orders.

c. CANREC Program Sailors are authorized to apply for an AC change. CANRECs who are within 90 days of completing their orders and who have filed an intent not to seek an extension to CANREC orders (non-continuation intent) with Navy Personnel Command (NAVPERSCOM), Affiliation and Redesignation Division (PERS-92) may contact the RC2AC coordinator via e-mail at: rc_to_ac@navy.mil or the C-WAY help desk via phone at: 901-874-2102 to determine if opportunities exist. Sailors will be required to complete their obligated CANREC service under their current orders.

4. Responsibilities

a. Director, Military Personnel, Plans, and Policies Division (OPNAV (N13)) is responsible for approval of enlisted force management policy in support of the Deputy Chief of Naval Operations (OPNAV (N1)). As such, OPNAV (N13) is the approving authority for all C-WAY policy, quota management plans, and business rules.

b. OPNAV, Military Personnel Navy Financial Management Division (N10) is responsible for approval and execution oversight of financial management in support of OPNAV (N1). OPNAV (N10) will also account (financially) for the RC2AC Program and factor RC2AC recalls into the overall fiscal year (FY) strength planning assumptions.

c. OPNAV, Enlisted Force Plans, Policy, and Oversight (N132) is responsible for developing enlisted force management policy in support of OPNAV (N1). As such, OPNAV (N132) will establish all applicable C-WAY policy. In addition, OPNAV (N132) will provide policy and program execution oversight and will coordinate with BUPERS-32 to establish and update (as required) quota management plans, business rules, and applicable program funding requests and phasing plans.

d. BUPERS-32, in coordination with OPNAV (N132), must manage individual rating quota plans and adjudicate all C-WAY applications, as directed by OPNAV (N13) and delineated by Military Community Management (BUPERS-3). BUPERS-32 serves as the C-WAY Program Manager and is responsible for C-WAY execution. In addition, BUPERS-32 is responsible for meeting the following program objectives that include, but are not limited to, the following:

(1) Define and submit FY BUPERS-32 need, RC2AC component change quota targets for OPNAV (N13) approval via OPNAV (N132) on a monthly basis ensuring that the accession plan is adjusted for each RC2AC component change. This input should be coordinated with OPNAV (N10) prior to the start of each FY (1 October) and reconciled on a monthly basis;

(2) Work within approved FY component change program and quota targets and phasing control parameters. Keep OPNAV (N13) appraised, via OPNAV (N132), of forecasted over execution of targets and controls. Standardized monthly results, to include application status, distribution metrics, and trend analysis, must be developed and provided to OPNAV (N10) and OPNAV (N132) for review;

(3) Ensure timely publishing and updating of RC2AC quotas on the NPC Web site at:
<http://www.public.navy.mil/bupers-npc/enlisted/community/selres/Pages/default2.aspx>;

(4) Work closely with NAVPERSCOM, Career Management Department (PERS-4); NAVPERSCOM, Enlisted Distribution Division (PERS-40); Commander, Navy Reserve Forces Command (COMNAVRESFORCOM); and NAVPERSCOM, Pay and Personnel Management (PERS-2) to ensure compliance to program standards and execution timelines;

(5) When publishing RC2AC quotas, ensure quotas advertised include a start month. The start month reflects BUPERS-32 need, is bounded by the FY phasing controls established by OPNAV (N13) and OPNAV (N10), and should factor in any training required to include "A" school;

(6) On a monthly basis, or as needed, submit via encrypted e-mail, approved RC2AC personnel information to NAVPERSCOM (PERS-40) for order writing; and

(7) Provide monthly program metrics and reporting to OPNAV (N13) via OPNAV (N132).

e. NAVPERSCOM (PERS-40) is responsible for the timely and cost-efficient assignment and distribution of enlisted personnel per the manning control authority (MCA) priorities. As such, NAVPERSCOM (PERS-40) will be responsible for the following:

(1) Write permanent change of station (PCS) orders no earlier than (NET) 45 days prior to the availability receipt. In most cases, orders will be written within 30 days of reenlistment that coincides with the date on the Deputy Chief of Naval Personnel (DCNP) letter to the member; however, exceptions are made in those cases that may cause processing delays (e.g., pending special duty screening delays, security clearance, Navy enlisted classification (NEC) issues, etc.). Members who require a school convening date reenlist NET 60 days and no later than (NLT) 45 days from the school convening date. The reenlistment timeline is waived until the end of the mobilization period for SELRES Sailors under mobilization orders; however, they must reenlist within 30 days of the demobilization processing date;

(2) PCS orders shall be written from the enlisted "F" availability class codes and reasons as outlined in MILPERSMAN 1306-1705;

(3) Work closely with BUPERS-32 to stay within OPNAV (N13) and OPNAV (N10) approved FY control phasing parameters;

(4) Work closely with command career counselors (CCC) and members during orders negotiations. Members are reminded that assignment desires will be considered, but the needs of the Navy will take precedence; and

(5) Sailors requiring and or authorized an "A" school or NEC for an RC2AC approval with a rating conversion will receive orders in their current rating. Upon completion of "A" school, the Sailor's rating will be changed by the gaining command.

f. NRA Commanding Officers (COs). The NRA CO is ultimately responsible for the complete and accurate application entries into C-WAY and ensuring personnel understand and comply with C-WAY policies and procedures. As such, COs will

(1) provide adequate oversight to ensure C-WAY policies and procedures contained herein are followed;

(2) ensure CCC or the command's designated representative has access to C-WAY;

(3) ensure AC opportunities are advertised to all NRA personnel (by whatever means are available) to include, but not limited to: GovDelivery Distribution System, posting on local

command reading boards, e-mail distribution lists, or via the command plan of the week and or the plan of the month; and

(4) ensure CCCs or designated representative adhere to policy and procedures outlined in this article, including entry of applications, tracking of member requests, approval and disapproval notification to applicants, and notification to their respective chain of command.

g. **CCC Responsibility.** CCC or designated representative must keep the CO apprised of current C-WAY application status and report program or system related issues (as appropriate). In addition, CCCs must maintain C-WAY System access in order to provide oversight of the C-WAY-TRANS module requests for RC personnel. Submission of an approved OPNAV 5239/14 System Authorization Access Request Navy (SAAR-N) to the BUPERS-32 helpdesk is required to obtain C-WAY System access.

(1) C-WAY-TRANS Requests for RC2AC. NRA CCCs must provide immediate superior in command-level oversight on requests and assist unit career counselors with the following for personnel requesting a component change from RC2AC:

(a) Prior to any member applying for advertised opportunities, conduct a command-level CDB to evaluate member's qualifications and suitability for the advertised opportunities; counsel member about personal and family preparations and PCS orders (as required); evaluate member's qualifications and suitability; and establish expectations related to the member's request. At a minimum, the following should be reviewed for suitability: physical readiness, medical and dental readiness, security clearance, legal issues, current and or previously held ratings, high year tenure, and year group (YG);

(b) Qualify member in C-WAY, calculate total active service (TOTAS), and determine active duty service date (ADSD) and YG based on desired start month. Verify AC quota exists for member's rating, pay grade, and YG;

(c) Initiate DD 368 Request for Conditional Release, operational duty screening (per MILPERSMAN 1300-800), and NAVPERS 1306/92 Special Program Screening (all sections);

(d) Submit C-WAY-TRANS request upon successful completion of NAVPERS 1306/92 and operational duty screening;

(e) Verify mobilization availability status code is changed to "ACR" following submission of request;

(f) Conduct an end of month review of all prior requests and a mid-month review for potential approvals. Ensure submission of any requested information to BUPERS-32 via encrypted e-mail within 30 days of receipt of approved-pending status. Upon receipt of approval letter from DCNP, the NRA CCC must contact the member within 3 working days of any approval or disapproval, or request for additional information to confirm the Sailor desires the AC change. Upon confirmation, NRA support personnel must submit the reenlistment document request to the local personnel support detachment (PERSUPP DET) within 5 working days. The requested reenlistment date and the reenlistment contract must be aligned with the "reenlist by" date contained in the DCNP approval letter, which is generally NLT 30 days from the date of the letter. Members who require a school convening date must reenlist NET 60 days and NLT 45 days from the school convening date. The reenlistment timeline will be waived for mobilized Sailors. The member must reenlist within 30 days of the demobilization date;

(g) Coordinate reenlistment request with servicing PERSUPP DET. Verify NAVPERS 1070/601 Immediate Reenlistment Agreement aligns with the component change:

<u>AC</u>	
Branch/Class	USN/11
Status	Active
RADO Months/Days	N/A

RC2AC approved Sailors are required to reenlist for 48 months. If the Sailor has more than 48 months remaining on the current Reserve contract, the reenlistment must equal or exceed the period of service for which already obligated;

(h) Upon receipt of the reenlistment contract request, the local PERSUPP DET will generate the AC reenlistment contract and send it to the NRA within 5 working days. Once executed, the NRA must transmit the agreement back to the local PERSUPP DET within 1 working day and confirm that the master military pay account has been established;

(i) Once reenlisted, the member must report for duty to his or her local assigned NRA until detached by proper

authority. For personnel whose place of residence is outside the local commuting area (greater than 100 miles), the assigned NRA must coordinate no cost, temporary duty orders with the Navy activity nearest the Sailors place of residence. The established transfer date for a member accepted for RC2AC component change will be accomplished within 15 calendar days. The CCC must report any members approaching this 15 day milestone immediately to the RC2AC coordinator via their NRA CO;

(j) Ensure member contacts detailer immediately following reenlistment to negotiate for orders. Member must be prepared to transfer at the convenience of and per the needs of the Navy;

(k) Once gained to the AC, the appropriate detailer will draft the member's orders within 5 working days, to include any intermediate stops; and

(l) Upon execution of orders, the local servicing PERSUPP DET will process the loss transaction from the NRA within 4 days. The gaining servicing PERSUPP DET will process the gain transaction to the member's new assignment within 4 days once the member reports.

h. Member Responsibility. Individual members are ultimately responsible for their careers. The member must remain actively engaged in the application process and be prepared to execute a PCS transfer at the direction of higher authority. C-WAY-TRANS applicants will

(1) provide all necessary documentation to calculate TOTAS and identify an AC change date in order to determine ADSD and YG;

(2) participate in a command-level CDB to identify specific AC change requirements, evaluate qualifications and suitability, and establish expectations related to a request for component change;

(3) initiate DD 368, operational duty screening per MILPERSMAN 1300-800, and NAVPERS 1306/92 (all sections));

(4) provide any additional information requested by the unit career counselors or NRA CCC;

(5) reenlist within 30 days of the DCNP approval letter. Upon reenlistment, report for duty to the commanding officer of the NRA or local Navy activity (if on no cost temporary duty orders) until detached by proper authority; and

(6) working with the CCC, contact the appropriate AC detailer immediately following reenlistment, and be prepared to transfer at the convenience of, and per the needs of the Navy.

5. RC2AC Component Change Process

a. The CCC must determine the applicant's TOTAS and the desired change to AC start date. TOTAS includes all active service time (including AC), mobilization periods, active duty for special work, active duty for training, annual training, CANREC duty, as well as any other voluntary recall periods. Do not include drills (inactive duty training, inactive duty training travel, or funeral honors) in TOTAS. C-WAY-TRANS will calculate ADSD, including an inclusive day, and determine the member's YG based on the amount of TOTAS and desired start month entered.

b. If an opportunity exists and the member intends to apply, he or she must first submit DD 368 to NAVPERSCOM, Reserve Enlisted Status Branch/Full Time Support Recall and Conversions (PERS-913). NAVPERSCOM, Reserve Personnel Management Department (PERS-9) will forward an adjudicated copy of the DD 368 to the BUPERS-32.

c. Once the member has an adjudicated DD 368, the CCC may complete a C-WAY-TRANS application, provided an AC opportunity exists. Once the application has been submitted, the NRA will enter the Sailor's mobilization availability status code as "ACR" in the Navy Systems Integrated Personnel System (NSIPS).

Note: Saved applications will be cancelled once the opportunity "submit by date" has passed. The NRA is responsible for the removal of the "ACR" mobilization availability status code. See references (d) and (e).

d. SELRES Bonus Recoupment. Members who execute a component change to AC prior to completion of their SELRES incentive obligation will have their bonus entitlement terminated. Members whose bonus eligibility is terminated will not receive any further incentive payments for that bonus and will be subject to recoupment of the bonus received (as

applicable). Sailors may request a remission of indebtedness from OPNAV (N13) via the chain of command, in conjunction with submitting their C-WAY-TRANS application. SELRES can obtain guidance on the remission request process and download formatted templates from the Commander Naval Reserve Forces Command (COMNAVRESFORCOM), Reserve Enlisted Incentives (N112) Web page at: <https://www.private.navyreserve.navy.mil>.

e. In addition to the application in C-WAY-TRANS, additional documentation listed in the "Add'l Job Reqs" tab of the application must be scanned and sent via Navy and Marine Corps Intranet (NMCI) encrypted e-mail to: rc_to_ac@navy.mil. Applicants are strongly encouraged to include an updated resumé documenting civilian work experience.

f. An application is complete when DD 368 is adjudicated by NAVPERSCOM (PERS-913), the C-WAY-TRANS application is submitted and any additional documentation required by BUPERS-32 is received by BUPERS-32. All documents are due no later than 2359 central time on the last calendar day of each month.

g. Application processing will begin on the first work day of each month. Incomplete or inaccurate applications will be "Cancelled" or "Denied." The gaining BUPERS-32 ECM will review the application and will either choose "Denied," "Approved-Pending," or "Approved." If "Denied," BUPERS-32 will leave notes in C-WAY-TRANS with an explanation.

h. Applications in "Approved-Pending" status require additional documentation that BUPERS-32 will describe in the notes section of the C-WAY-TRANS application. Forward documents with any additional information requested; documents must be scanned and e-mailed to BUPERS-32 via NMCI encrypted e-mail to the following e-mail address: rc_to_ac@navy.mil. If documents are not received within 60 days of "Approved-Pending" notification, the application may be changed to "Denied," by the gaining BUPERS-32 ECM.

i. If "Approved," an approval letter will be generated from DCNP for the CCC to access in C-WAY-TRANS. Once received, the member, following the guidance contained therein, has permission to reenlist and is expected to negotiate orders expeditiously by contacting the respective AC detailer. Upon receipt of the selection letter from DCNP, the NRA must contact the member within 3 working days to confirm he or she desires the component change. Upon confirmation, the NRA must submit the reenlistment

document request to the local PERSUPP DET within 5 working days. If the Sailor declines the RC2AC approval quota, the command will immediately notify BUPERS-32.

(1) Upon receipt of the selection letter from DCNP, the selectee's prospective detailer will work with the appropriate NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013) rating specialist and placement coordinator to find an appropriate billet for the member based on preferences and the needs of the Navy. The AC detailer will contact the member and negotiate such assignment possibilities.

(2) The local PERSUPP DET will generate the AC reenlistment agreement and send it to the NRA within 5 working days. For availability dates that are outside a 30 day window, the reenlistment must be conducted NET 45 calendar days prior to the established availability date. Once executed, the NRA must transmit the agreement back to the local PERSUPP DET within 1 working day. **PERSUPP DET must confirm that the master pay account has been established.**

(3) Once gained, the appropriate detailer will draft the member's orders within 5 working days to include intermediate stops and appropriate accounting classification codes.

(4) Per MILPERSMAN 1306-1715, commands must submit an availability report for enlisted component changes to NAVPERSCOM (PERS-40).

(5) Upon execution of orders, the local servicing PERSUPP DET will process the loss transaction within 4 days. The gaining servicing PERSUPP DET will process the gain transactions within 4 days once the member reports. Follow RC2AC strength change gain process as outlined in Exhibit 1.

j. Reserve Sailors who complete a component change may be eligible to receive a selective reenlistment bonus (SRB). Consult reference (f) and the current SRB message.

Exhibit 1

Reserve Component to Active Component Change Strength Gain Process

Personal Info

- Verify birth state/country.
- Verify citizenship; if citizenship is "CD" the citizenship country needs to match birth country.
- Verify active duty service date (ADSD) and pay entry base date "PEBD;" make adjustments if necessary.
- "Report Date" is date of reenlistment.
- Enter unit identification code "UIC."
- Branch/Class: 11

Rating Conversion

- If conversion, enter new rate/rank.
- Rating conversion authority code is 9.
- "Rating Conversion Remarks:" Augmentation into the __/USN conversion as per approval from Navy Personnel Command letter dated mm/dd/yyyy.
- Drop on request (DOR)/time in rate (TIR) does not change.

Employment Info

- Enter last discharge information based on most recent DD 214 Certificate of Release or Discharge from Active Duty.
- ACQ is 32 for males, 43 for females.
- MOD code is 0 if ADSD = or > 8 years; 7 if ADSD is < 8 years.

Test Scores

- No changes.

Billet Sequence Code (BSC)/Navy Enlisted Classification (NEC)

- Accounting category code (ACC) to 320.
- Date is the report date.
- Change "Program Enl For" to RCAC (you can type that info in).

Contract Info

- Current enlistment date (CED) is the date of reenlistment.
- Term is number years reenlisted for.
- Type of enlistment should be updated to reflect 96 (unless it already reflects 96).
- Update number of enlistments.

Exhibits	1. Change of Status from TEMADD to TEMDU under Treatment
	2. MTF Modification of Transfer

1. **Background.** The purpose of this article is to provide standard procedures for ordering, accounting, and transferring records of members hospitalized while assigned to a permanent duty station (PDS) or temporary duty (TEM DU) station, while in a leave or liberty status, or while traveling under permanent change of station (PCS) orders.

2. **Definitions**

a. **Naval Medical Treatment Facility (MTF).** An activity of the naval establishment assigned the primary mission of providing medical care. Examples: Naval Hospitals (NAVHOSPs), Naval Medical Centers (NAVMEDCENS), Branch Medical Clinics (BRMEDCLINICs), Branch Clinics, and Medical Departments.

b. **Non-Naval MTF.** An MTF, foreign or domestic, federal or civilian, not falling within the definition of "naval MTF."

c. **Outpatient Medical Board.** Reference (a) provides for medical boards to be completed on an outpatient basis. This applies only to members who have not been admitted to the NAVHOSP in a temporary additional duty (TEMADD) or TEMDU status.

d. **Hospitalization.** Admission to any MTF for inpatient treatment or admission to a resident treatment program at a Substance Abuse Rehabilitation Program (SARP).

e. **Duty Station.** The activity to which the member was attached at the time of hospitalization.

f. **Limited Duty (LIMDU).** When a medical board has determined that a member is temporarily not physically qualified to perform full duty, but return to full duty is anticipated, the member shall be assigned to a non-deploying activity and to duties that will not aggravate the temporary physical limitations. For complete information consult reference (a), chapter 18.

3. **Hospitalization in a Naval MTF.** Commanding officers (COs) shall issue individual orders for each member transferred TEMADD or TEMDU to a naval MTF. These orders shall be prepared prior to effecting the transfer, or as soon as circumstances permit.

a. **When a member in a leave or liberty status** is hospitalized, the MTF shall report the circumstances as soon as possible to the member's CO so that TEMADD or TEMDU orders may be issued. This information should be provided to ensure receipt by the member's CO prior to the normal expiration of the member's leave or liberty.

b. **When a member in a transient status** is hospitalized, the MTF shall report the circumstances to the

(1) **CO of the next duty station** to which the member was ordered to report; and

(2) **Assignment Control Authority (ACA)** (Navy Personnel Command (NAVPERSCOM),

- Enlisted Distribution Division (PERS-40);
- Enlisted Personnel Readiness and Support Branch (PERS-4013C1); or
- Reserve Personnel Services (PERS-4912)).

4. **TEMADD Under Treatment (UNTREAT) in a Naval MTF**

a. **Preparation.** The CO of a member's duty station shall prepare TEMADD UNTREAT orders (**NAVPERS 1320/16 (Rev. 11-87), Temporary Additional Duty (TEMADD) Travel Order**) under the following circumstances:

(1) **Resident Treatment Programs.** Member is transferred to a resident treatment program at a SARP. Time limits in this article do not apply to these programs. For complete information consult reference (b).

(2) **Hospitalization less than 60 Days while on Sea Duty.** Member is serving on sea duty (Type Duty Code "2" or "4"), the period of hospitalization is expected to be less than 60 days, and the ship or unit is not scheduled to depart the area for an **extended period** while the member is hospitalized.

(a) For the purpose of this article, an **extended period** is defined as deployment of more than 60 days.

(b) The MTF shall advise the CO as soon as possible if member is expected to remain UNTREAT longer than 60 days.

(c) After 30 days, the CO has the option to assign member TEMDU to the MTF.

(3) **Hospitalization less than 91 Days while on Shore Duty.** Member is serving on shore duty (Type Duty Code "1," "3," or "6") and the period of hospitalization is expected to be less than 91 days. This category includes all members serving ashore for duty, duty under instruction (DUINS), TEMDU, and temporary duty under instruction (TEMDUINS).

(4) **Hospitalization while Performing Hazardous Duty or Diving Duty.** Member is performing hazardous duty or diving duty, is receiving incentive pay as authorized by reference (c), and is hospitalized as a result of injury or incapacitation incurred during the performance of such duty. Members in this category shall remain under TEMADD orders until one of the following occurs, whichever comes first:

(a) Treatment is completed and member returns to PDS.

(b) Member is found unfit for duty by appropriate medical authority.

(c) Three calendar months elapse as defined by reference (c).

b. **Content of TEMADD UNTREAT Orders.** TEMADD UNTREAT orders shall permit only one round trip and must cite appropriate TEMADD accounting data.

(1) In cases where TEMADD accounting data must be requested from an administrative commander and it cannot be cited at the time of transfer, COs may issue TEMADD UNTREAT orders containing a statement that accounting data will be forwarded to the naval MTF by separate action as soon as possible.

(2) Members will not be transferred to MTFs under "no-cost" orders, except as noted below.

(a) When members are transferred to an MTF within the vicinity of their PDS (as defined in reference (d)) and government transportation to and from the MTF is directed.

(b) TEMADD UNTREAT orders may be prepared without accounting data so long as the following mandatory statement appears in the orders:

"THIS ORDER IS ISSUED WITHOUT ACCOUNTING DATA SINCE IT APPEARS THAT IT CAN BE EXECUTED WITHOUT COST. IF COSTS ACCRUE ADVISE YOUR COMMANDING OFFICER."

c. **Endorsement.** The officer in charge (OIC) of the Personnel Support Activity Detachment (PERSUPP DET) supporting the MTF where a member is hospitalized shall prepare a memorandum endorsement containing the time and date of admission and release from the MTF.

5. **Change of Status from TEMADD to TEMDU UNTREAT in a Naval MTF.** The CO of a NAVMEDCEN or NAVHOSP shall immediately direct the change of status from TEMADD to TEMDU and notify the **parent command** by **message** not later than the next day, **info** the **supporting PERSUPP DET** (Exhibit 1 refers) when

a. members serving on sea duty (Type Duty Code "2" or "4") are being processed by an outpatient medical board, and the opinion of the medical board is that member is not fit for duty.

b. there is a change of status to TEMDU for treatment. The naval MTF will submit TEMDU for treatment **message** to the **ultimate duty station**, any **intermediate duty stations**, and the **ACA**.

c. the period of hospitalization will exceed the time limits set by this article.

d. the member exceeds, or is expected to exceed, the time frame established by this article.

e. a determination is made that the member is no longer fit for full duty and a medical board is anticipated. This applies only in cases where the member is permanently assigned to a ship or mobile unit, or is permanently assigned to a command outside the geographic area of the MTF.

f. the member is permanently assigned to a ship or mobile unit, and the command departs from the area for a deployment greater than 60 days.

NOTE: In cases requiring a line of duty investigation (LODI), take no action to change a member's status until a copy of the investigation is received by the cognizant MTF.

6. **TEMDU UNTREAT in a Naval MTF.** Upon receipt of notification from a MTF that a member's status has changed, the CO of the parent command or the supporting PERSUPP DET, as appropriate, shall prepare TEMDU UNTREAT orders (standard transfer order (STO)), and detaching endorsement.

a. **Preparation.** The orders; detaching endorsement; service, medical, dental, and pay records; and transfer evaluation; shall be forwarded to the PERSUPP DET servicing the MTF not later than 5 working days after receipt of notification.

b. **Content of TEMDU UNTREAT Orders.** TEMDU UNTREAT orders shall direct transfer to the MTF for accounting category code (ACC) 370 for **TEMDU (UNTREAT)**.

(1) TEMDU UNTREAT orders must cite appropriate accounting data from reference (e).

(2) Members will not be transferred to MTFs for TEMDU UNTREAT at "no-cost."

c. **Endorsement.** The OIC of the PERSUPP DET supporting the MTF where a member is hospitalized shall use

- NAVCOMPT 3068-6C (Rev. 9-76), Reporting (Arrival) Endorsement to Orders; **and**
- NAVCOMPT 3067-6C (9-76), Detaching (Departing) Endorsement to Orders; **or**
- the appropriate Pay and Personnel Source Data System (SDS) event

to endorse TEMDU UNTREAT orders with time and date of admission and release from the MTF.

d. **Provisions for Transient Personnel.** When a member is hospitalized while en route to a temporary or PDS, the OIC of the PERSUPP DET supporting the MTF where the member is hospitalized shall use NAVCOMPT 3068-6C or the appropriate SDS event to endorse the PCS order under which the member was traveling to reflect admission to the MTF and receipt of the member for TEMDU UNTREAT.

(1) The NAVHOSP will notify the ultimate duty station and any intermediate duty stations of the member's hospitalization and estimated length of hospitalization, and provide updates as appropriate.

(2) In the event the unexecuted portion of the member's PCS order is cancelled by the ACA, an entry in the remarks section of NAVCOMPT 3068-6C shall so state and cite the authority for the order cancellation.

7. **Hospitalization in a Non-Naval MTF.** Any naval activity, upon learning of a Navy member hospitalized in a non-naval MTF, must immediately notify the following:

Military Medical Support Office (MILMEDSUPPOFF)
Great Lakes, IL
COM Toll Free (888) 647-6676
DSN 792-3950
FAX (847) 688-3905

The responsibilities of the MILMEDSUPPOFF are defined in reference (f).

a. The MILMEDSUPPOFF will

- (1) notify all commands concerned of the member's status;
- (2) designate the NAVHOSP with a patient account responsible for the member;
- (3) designate the nearest naval activity with a medical department responsible for personal contact and liaison with the member; and
- (4) direct appropriate orders, endorsements, records, and accounts be forwarded to the PERSUPP DET servicing the NAVHOSP.

b. The designated naval MTF will

- (1) maintain liaison with the non-naval MTF and the member. The NAVHOSP will monitor and account for the member; however, the MILMEDSUPPOFF still retains ultimate responsibility for monitoring and accounting.
- (2) ensure command functions necessary for proper administration of the member are performed (e.g., line of duty investigations).
- (3) coordinate with the non-naval MTF to ensure timely release and transfer to the appropriate MTF or VA hospital.
- (4) notify the PERSUPP DET servicing the NAVHOSP when the member is released from the non-naval MTF and advise the PERSUPP DET of the disposition of the member following hospitalization in the non-naval MTF.
- (5) designate the MTF responsible for the member.
- (6) notify all commands concerned of the member's status, and
- (7) direct that service, pay, and health records be forwarded to the PERSUPP DET supporting the responsible MTF.

NOTE: See MILPERSMAN 1050-050 regarding leave while sick in quarters (SIQ) or hospitalized by civilian physician.

c. **Content of Orders.** COs shall prepare and forward individual orders as set forth in this article. Orders shall direct transfer to the responsible MTF for

- (1) TEMADD UNTREAT,
- (2) TEMDU UNTREAT at a non-military MTF (ACC 372), or
- (3) TEMDU UNTREAT at other uniformed service MTF (ACC 373).

d. **Records and Accounts.** A member's records and accounts shall be maintained by the PERSUPP DET supporting the NAVHOSP. The PERSUPP DET will gain the member

- TEMADD UNTREAT,
- TEMDU UNTREAT at a non-naval MTF (ACC 372), or
- TEMDU UNTREAT at other Uniformed Service MTF (ACC 373) in the NAVHOSP (Patients/Others) account,

as appropriate.

8. **Hospitalization in a Non-Naval U.S. Military MTF Overseas.** COs shall prepare and forward individual orders as set forth in this Article.

a. **Orders.** Orders shall direct transfer to the responsible Navy overseas area commander for TEMADD UNTREAT, or TEMDU UNTREAT at a uniformed service MTF (ACC 373).

b. **Records and Accounts.** A member's records and accounts shall be maintained by the PERSUPP DET supporting the responsible Navy overseas area commander.

c. **Liaison.** The Navy overseas area commander

(1) will maintain liaison with the non-naval MTF and the member.

(2) will notify the member's parent command of hospitalization, when appropriate.

(3) will ensure command functions necessary for proper administration of the member are performed (for example, line of duty investigations).

(4) will notify the supporting PERSUPP DET when the member is released from the MTF.

(5) may request another Navy activity nearer to the non-naval MTF to perform these liaison functions.

d. **Foreign MTFs.** When a member is hospitalized in a foreign MTF, COs shall transfer the member to the **U.S. Consul** for accountability and inform the **Bureau of Medicine and Surgery (BUMED) (BUMED-331)** by **message**. This message must include all known facts and an estimate of the duration of the hospitalization. The **U.S. Consul and the Navy overseas area commander** must be included as **information addressees** on this message report.

e. **Content of Orders.** Orders shall direct transfer to the U.S. Consul for TEMADD UNTREAT or TEMDU UNTREAT at a non-military MTF (ACC 372).

f. **Records and Accounts.** A member's records and accounts shall be retained by the unit or activity to which the member is assigned.

(1) When a unit is about to depart the area where the member is hospitalized, records shall be forwarded to the nearest U.S. Consul.

(2) The U.S. Consul shall be furnished with a complete history of the case and will be requested to cooperate with the attending physician in charge at the hospital to arrange for transportation of the member, with records, to the nearest U.S. naval activity.

9. Transfer of Patients between NAVHOSPs, and from a NAVHOSP to Another Armed Forces Hospital

a. **Cost Transfer.** Reference (a) provides for transfer of patients between NAVHOSPs and other Armed Forces hospitals. Patients may be transferred between Armed Forces MTFs to facilitate recovery or to effectively use available bed space. Such transfers shall be effected at government expense.

b. **No-Cost-to-the-Government Travel Authorization.** When a patient in a TEMDU UNDERTREAT status desires transfer between NAVHOSPs, or from a NAVHOSP to another Armed Forces hospital, and such transfer is considered by the CO of the hospital to be unnecessary for medical reasons, the patient may request a transfer for personal reasons. A request shall be submitted utilizing NAVPERS 1306/7 (Rev. 1-03), Enlisted Personnel Action Request per criteria set forth below:

(1) If the transfer is between NAVHOSPs located in the same geographical area, the request shall be submitted to the PERSUPP DET via the receiving CO.

(2) If the transfer is between NAVHOSPs located in different geographical areas, or from a NAVHOSP to another Armed Forces hospital, requests shall be submitted to **NAVPERSCOM (PERS-40)** via the

- CO of the NAVHOSP,
- supporting PERSUPP DET, and
- BUMED (BUMED-331).

(3) The forwarding endorsement by CO of the NAVHOSP shall

- make a specific recommendation regarding approval/disapproval,
- estimate the remaining period of hospitalization, and
- address humanitarian considerations of the requested transfer and whether the transfer would alleviate the conditions.

(4) A statement that following service record entry has been made:

"I understand that if my request for transfer from a naval hospital to (another naval hospital/Armed Forces Hospital) is authorized, it will be as a result of my own request for my personal convenience, and is to be made at no-cost-to-the-government. I further understand that I shall not be entitled to reimbursement for any expenses connected therewith, and government transportation, including the use of Air Mobility Command, is not authorized for myself/my family members. I shall not be entitled to payment of dislocation allowance and my transfer will be made during a leave period with no proceed or travel time authorized."

10. **Assignment of Personnel upon Completion of Hospitalization or Treatment.** While TEMADD members will be returned to their parent command by the PERSUPP DET servicing the NAVHOSP, the disposition of TEMDU members will be resolved under the provisions provided in this article.

a. In view of the MTF's limited quarters for staff, patients, and medical holding company personnel, members may, but are not required to, be assigned to the nearest Transient Personnel Unit (TPU)/Others activity in a TEMADD status while awaiting medical board processing or other appropriate disposition upon completion of hospitalization.

b. These TEMADD assignments do not shift the management responsibility from the NAVHOSP to the TPU/Others activity that may berth and employ these members.

c. The MTF shall advise the servicing PERSUPP DET of status changes of members upon occurrence and shall provide the servicing PERSUPP DET with a copy of the medical board immediately upon being signed by the convening authority (CA).

d. COs of MTFs may authorize separation of members who have less than 3 months remaining obligated service (OBLISERV) who indicate they don't desire to reenlist.

(1) Cite MILPERSMAN 1910-102 as authority in effecting such separation.

(2) The PERSUPP DET servicing the NAVHOSP will change the member's status to ACC 380 and effect the discharge within 7 days.

e. The PERSUPP DET servicing the NAVHOSP will transfer the member to the nearest TPU/Others activity no later than the next working day following receipt of notification of fit for full duty.

f. The PERSUPP DET servicing the TPU/Others activity will receive the member in ACC 320 and submit the availability report on the date of receipt.

g. Per reference (a), the established time frame for processing a medical board is 20 calendar days. To ensure this timeliness is observed, COs of MTFs will retain members on board pending completion of local medical board processing.

h. The PERSUPP DET servicing the NAVHOSP will change the member's status to ACC 355, establish a tickler, and advise the

NAVHOSP by message with information copies to

- NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013/TMU),
- NAVPERSCOM, Disability Retirement/LIMDU Section (PERS-4821/TMU), and
- BUMED (BUMED-311),

if the medical board is not received within 25 days from effective date of status, and every week thereafter.

i. No later than the next working day following the date the Medical Board Report is signed by the CA, the following action will be taken:

(1) If the medical board authorized discharge of the member due to physical disability existing prior to entry and does not require approval of higher authority, the PERSUPP DET servicing the NAVHOSP will change the member's status to ACC 380 and effect the discharge within 7 days.

(2) If the medical board approved a first period of LIMDU for 6 months or less, the PERSUPP DET servicing the NAVHOSP will effect the transfer of the member to the nearest TPU/Others activity. The PERSUPP DET servicing the TPU/Others activity will receive the member in ACC 320 and submit the availability report on the date of receipt.

(3) If the signed Medical Board Report recommended departmental review by NAVPERSCOM (PERS-4821) or Physical Evaluation Board (PEB) proceedings, the PERSUPP DET servicing the NAVHOSP will effect the transfer of the member to the nearest TPU/Others activity. The PERSUPP DET servicing the TPU/Others activity will receive the member in ACC 355.

j. The transfer stipulated above does not apply to members who are not in an ambulatory status, in need of nursing procedures, dietary care, or special treatment not normally available outside the NAVHOSP.

(1) Should a member report to the TPU/Others activity whose apparent condition is questionable, the CO of the TPU/Others activity shall immediately contact Head, Patient Administration Department of the NAVHOSP.

(2) Head, Patient Administration Department will resolve questionable cases within the best interests of the member concerned, the TPU/Others activity, and the NAVHOSP.

(3) In cases where the member remains on board the NAVHOSP pending further treatment or follow-up action upon completion of medical board processing, the PERSUPP DET servicing the NAVHOSP will take appropriate actions regarding ACC change and availability submission.

11. **Disposition of Records**. COs effecting transfer of members to a NAVHOSP or non-NAVHOSP will effect disposition of their records per MILPERSMAN 1070-120.

12. **Out-Patient Medical Boards**. Outpatient medical boards apply only to members who have not been admitted to the MTF in a TEMADD or TEMDU status.

a. Awaiting Results

(1) Members will be transferred to the TPU/Others activity nearest the NAVHOSP in a TEMDU status awaiting results of a medical board (ACC 355), provided **all** the following provisions apply:

(a) When it is of the opinion of the medical board that the member is not fit for full duty.

(b) The member is permanently attached to a command classified as Arduous Sea Duty (Type Duty Code "2") or Overseas Sea Duty (Type Duty Code "4").

(c) The member is in an ambulatory status and is not in need of nursing procedures, dietary care, or special treatment not normally available outside the NAVHOSP.

(d) Medical condition does not warrant Convalescent Leave. (Convalescent Leave will not be granted en route to the TPU/Others activity.)

(e) Berthing is not available at the MTF.

(2) The following guidelines apply:

(a) The MTF will issue memorandum orders directing the member to report to the TPU/Others activity nearest the MTF to await medical board and availability processing.

(b) If the member reported with funded TEMADD orders for the purpose of travel reimbursement, the MTF will prepare a memorandum endorsement to the orders.

(c) The MTF will notify the **parent command** by **message** of the transfer and direct the parent command to forward the member's records and accounts to the appropriate PERSUPP DET servicing the TPU/Others activity with TEMDU orders and endorsements. Format provided in Exhibit 2 will be used.

(d) The parent command will comply with the transfer of the member within 5 working days to ensure expeditious processing of members through the transient pipeline. The parent command will additionally advise all concerned the date and method of transfer of records and accounts, and any mail delays anticipated, if applicable.

b. Members Found Not Fit for Full Duty by an Outpatient Medical Board, Who will be Retained by the MTF

(1) A member permanently attached to a command classified as Arduous Sea Duty (Type Duty Code "2") or Overseas Sea Duty (Type Duty Code "4") will be gained in a TEMDU status at the MTF, vice transferred to the nearest TPU/Others activity under **any** of the following circumstances:

(a) The member is not in an ambulatory status, is in need of nursing procedures, dietary care, or special treatment not available outside the NAVHOSP.

(b) Medical condition warrants Convalescent Leave. (Convalescent Leave will not be granted en route to the TPU/Others activity).

(c) Berthing is available at the MTF. (In this case the member should be transferred to the nearest TPU/Others only after the Medical Board Report has been signed.).

(d) Members assigned to sea duty commands at Naval Weapons Station, Charleston, SC may be gained to NAVHOSP, Charleston patient account (UIC: 31647) TEMDU (ACC: 355) to await final outcome of medical board proceedings when directed by NAVHOSP, Charleston.

(2) Additional Actions Required upon Notification of Medical Board Proceedings

(a) The parent command will submit the diary loss entry or appropriate SDS entry and comply with MILPERSMAN 1306-108, Enlisted Manning Inquiry Report (EMIR), as warranted.

(b) The PERSUPP DET servicing the TPU/Others activity will submit the appropriate diary gain placing the member in

ACC 355 and will establish a tickler to ensure records and accounts are received. Appropriate **tracer action** shall be initiated via **message** should the records not be received within **10 days** after the member reports, with follow-up tracers initiated weekly. Ensure appropriate **information addressees**,

- parent command,
- immediate superior in command (ISIC),
- NAVHOSP, and
- NAVPERSCOM (PERS-4013/TMU),

are advised of failure of the parent command to comply with the guidelines herein.

(c) The MTF will ensure a copy of the medical board's reports are forwarded to the PERSUPP DET servicing the TPU/Others activity as specified by reference (a).

(d) PERSUPP DET will submit via **message** a weekly status request listing all members who reported on board without a copy of the Medical Board Report. Weekly status request must be submitted to the **appropriate MTF**, with **information copy** to

- NAVPERSCOM (PERS-4013/TMU),
- NAVPERSCOM (PERS-4821/TMU), and
- BUMED (BUMED-311).

Members will remain on the weekly status request until a copy of the Medical Board Report is received onboard.

(e) PERSUPP DET will submit via **message** a monthly status request listing all members whose medical board has been referred to the PEB and findings are not received on board. Monthly status request must be submitted no later than the first week of the month to the **PEB Liaison Officer (PEBLO) at the MTF where the medical board was originated**, with **information copy** to

- Director, Naval Council of Personnel Boards (DIRNCPB),
- NAVPERSCOM (PERS-4013/TMU),
- NAVPERSCOM (PERS-4821/TMU), and
- BUMED (BUMED-311).

Members will remain on the monthly status request until the results of PEB proceedings are received on board.

c. **Chief Petty Officers (CPOs) (E-7 - E-9) found Not Fit for Full Duty.** To ensure that CPOs are assigned to positions commensurate with their paygrade while awaiting the results of a medical board, the following requirements, in addition to the guidelines prescribed in this article, should be followed:

(1) NAVHOSP will request the previous CO to provide a recommendation for the work assignment of a CPO by **message** simultaneous upon transfer to the TPU/Others activity.

(2) This work assignment may be the member's previous duty station ISIC, administrative commander, or other shore duty component of their chain of command.

(3) To protect the member's health, such work assignment cannot aggravate the medical condition. Ultimate work assignment will be made by the TPU/Others activity.

(4) During this work assignment, the member remains attached to the TPU/Others activity in a TEMDU status and must be readily available for medical consultation, treatment, availability processing, and transfer when required.

1. **Policy**. The procedures outlined in this article and its 1306-1700 series provide the means by which the Navy can efficiently and expeditiously assign available personnel to duty where their talents, experience, and training coupled with their individual preferences can best be utilized to the ultimate advantage of the individual and the Navy.

2. **Background**

a. An availability report (AVAIL) is the communication to the assignment control authority (ACA) that an individual requires assignment or reassignment.

b. Excessive transient time is costly and erodes the ability of the Navy to perform its mission. In the interest of stability, personnel readiness, cost effectiveness, and the morale of the individual; accurate, complete, and timely submission of availability reports is mandatory. Errors and omissions cause delays in the processing of availability reports and ultimately delays the transfer of the individual. It is imperative that personnel move through the transient system as rapidly as possible.

3. **Responsibility**. Navy commands and specific departments within Navy Personnel Command (NAVPERSCOM) are responsible for prompt and accurate submission of AVAILs on personnel who are available for assignment or reassignment. These AVAILs are submitted using Navy Standard Integrated Processing System (NSIPS), except as otherwise indicated in various MILPERSMAN articles under the 1306-1700 series. Specific guidance concerning AVAIL processing may be found in the following:

Topic	See MILPERSMAN

AVAILABILITY PROCESSING – CLASS "O" FORMER OFFICER CANDIDATES AND FORMER OFFICERS

Responsible Office	NAVPERSCOM (PERS-40GG)	Phone	DSN: 882-3779 Com: (901)874-3779 Fax: 874-2647
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone: Toll Free	1-866-U ASK NPC

References	(a) OPNAVINST 1420.1B
-------------------	-----------------------

1. **Class "O" – Former Officer Candidates and Former Officers.**

This class is for former officers, officer candidates, and midshipmen gained into Navy strength or already commissioned officers reverting back to enlisted status.

2. **Responsibility.** The personnel support detachment (PERSUPP DET) and customer service desk for shore commands (e.g., duty type 1, 3, or 6 as provided in MILPERSMAN 1306-102) are responsible for submitting gain documents to include exception gain messages uploaded through the Navy Standard Integrated Processing System (NSIPS) and for submitting availability reports (AVAIL).

a. Refer to NSIPS user guides when submitting exception gains to bring a member into Navy strength. Submit an NSIPS trouble ticket when an exception gain message cannot be uploaded through NSIPS.

b. Nonshore and operational activities (e.g., duty type 2 or 4 as provided in MILPERSMAN 1306-102) will contact Navy Personnel Command (NAVPERSCOM) AVAILs Program Manager (PERS-40GG) prior to an AVAIL submission for personnel onboard who become available in this class.

3. **Report Submissions.** Class "O" AVAILs are considered immediate and should be submitted as soon as gain is posted to the Navy master file with Navy full strength status using NSIPS.

4. **Disenrollment and Loss of Status Processing.** Former Officer candidates disenrolled from officer programs and considered not

qualified for enlisted status may be separated from naval service as approved by higher authority. Refer to MILPERSMAN 1910-182 for further guidelines on separation authority.

a. **Former Seaman to Admiral-21 Program (STA-21).** Students disenrolled from training will be issued permanent change of station orders to a new assignment to complete 5 years of enlisted service from the date of program disenrollment, or the remainder of their current enlistment, whichever is longer. Former STA-21 flight pilot option officer candidates will incur 6 years of enlisted service from their date of disenrollment.

b. **Former Medical Service Corps In-Service Procurement Program.** Students who are disenrolled or decline to accept an appointment will remain in their enlisted rate and be made available for general assignment. Members will be required to serve the time remaining on their current obligation.

c. **Former Medical Enlisted Commissioning Program.** Students disenrolled will be made available for general assignment for duty in their current rate or rating and shall complete the remainder of the terms of their enlistment. The period served at the college or university will count as shore duty.

d. **Former Officer Candidates.** Personnel no longer eligible for the officer candidate school program due to being disenrolled or for declining to accept appointment as a commissioned officer will revert back to their enlisted status and made available for general assignment. Members will be required to serve the time remaining on their current obligation.

e. **Naval Academy Midshipmen.** Disenrolled midshipmen will be transferred as follows:

(1) Members not in a pending separation status will be transferred to Headquarters, Naval District Washington, D.C. and report to the servicing PERSUPP DET to be gained into Navy strength and have an AVAIL submitted;

(2) Members in a pending separation status at the home of record will be transferred to the Navy facility closest to their home of record and receive DD 214 Certificate of Release or Discharge from active duty;

(3) Refer to MILPERSMAN 1531-020 for further guidelines concerning disposition of personnel.

f. **Other Service Academies.** Refer to MILPERSMAN 1910-186.

g. **Aviation Reserve Officer Candidates.** Refer to Commander, Naval Air Force Reserve directives.

5. **Listing of Availability Codes.** The following table lists class "O" availability codes and their descriptions. Ensure all appropriate remarks are provided per MILPERSMAN 1306-1714 and the proper format and method are used per MILPERSMAN 1306-1715.

Code	Description	Notes
OD	Officer candidates disenrolled, dropped from, or no longer eligible to continue training (who are coming from prior enlisted active duty service).	1
OE	STA-21 students disenrolled from or no longer eligible to continue training.	1
OF	Officer candidate declines appointment and is made available for further assignment.	2
OG	Commissioned officer no longer eligible to retain commission.	3
OM	Midshipmen without prior active duty service who are disenrolled and ordered to active duty.	4
ON	Midshipmen with prior active duty service who are disenrolled and ordered back to active duty.	4
OR	Officer voluntarily reverts back to an enlisted status and made available for further assignment.	5

Note 1: Indicate the course and program from which the member was disenrolled or dropped.

Note 2: Reference letter declining appointment.

Note 3: Reference substantiating document(s) and provide brief reason why the officer is no longer eligible for commission.

Note 4: Reference disenrollment letter and indicate the date disenrolled and the dates served as a midshipmen.

Note 5: Reference substantiating documents(s) and provide a brief reason for why the officer is being reverted to an enlisted status.

MILPERSMAN 1306-1704

AVAILABILITY PROCESSING – CLASS "D" – NOMINATIONS

Responsible Office	NAVPERSCOM (PERS-40GG)	Phone	DSN: Com: Fax:	882-3779 (901) 874-3779 874-2647
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone: Toll Free	1-866-U ASK NPC	

1. **Class "D" – Nominations:** Personnel who are made available for reassignment as a result of disqualification from serving in a type duty, rate change, activity draw down, inactivation, homeport change, decommissioning, and other nominations defined in this article.

2. **Responsibility**

a. **Shore Activities (Duty Type 1, 3, or 6 as Provided in MILPERSMAN 1306-102).** The servicing personnel support detachment (PERSUPP DET) or customer service desk (CSD) has sole responsibility to submit an availability report (AVAIL), except as otherwise indicated under various MILPERSMAN articles in the 1306-1700 series.

b. **Non-Shore and Operational Activities (Duty Type 2 or 4 as Provided in MILPERSMAN 1306-102).** If a member requires reassignment before his or her established projected rotation date (PRD), the servicing PERSUPP DET or personnel office (as applicable) has sole responsibility to submit AVAILs, except as otherwise indicated under various MILPERSMAN articles in the 1306-1700 series.

c. **Navy Personnel Command (NAVPERSCOM).** Specific personnel assigned at NAVPERSCOM are authorized to enter an AVAIL in the Enlisted Assignment Information System (EAIS) as directed by NAVPERSCOM, Enlisted Distribution Division (PERS-40). These personnel are identified under various MILPERSMAN articles in the 1306-1700 series.

3. **Normal Report Submission Method.** AVAIL reports are submitted through the Navy Standard Integrated Processing System (NSIPS), except as otherwise indicated.

4. **Other Report Submission Methods and Requirements.** AVAILs listed below **will not** be submitted using NSIPS regardless of NSIPS capability. Once appropriate AVAIL information is received, assigned personnel at NAVPERSCOM will enter the AVAIL report.

a. **Pregnancy (Class "DP" AVAIL):**

(1) **Contact.** Command PERSUPP DET or CSD (as applicable) will submit AVAIL report via e-mail to NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013C). (Refer to Paragraph 6, Note 6 for AVAIL submission method.)

(2) **AVAIL Requirement.** The "DP" AVAIL shall be submitted immediately upon receipt of pregnancy confirmation, except as otherwise provided. This AVAIL is required for members assigned to an operational activity, students unable to continue training at a school activity due to pregnancy, and students who will complete current course of instruction, but not attend further training. The 8-week timeline on AVAIL submission under MILPERSMAN 1306-1707 applies when a member is able to continue training while pregnant. This AVAIL is also required for members attached to a nonoperational activity when an assigned pregnancy tour length will exceed the member's PRD to include an assigned limited duty (LIMDU) PRD. Additionally, a new DP AVAIL is to be submitted for subsequent pregnancies during assigned pregnancy tour. MILPERSMAN 1306-1200 provides further guidance on LIMDU personnel.

b. **Command Status Change (Class "DD", "DE", "DF", and "DH")** shall be used for personnel attached to commands scheduled for deactivation, a change in mission, a billet reduction due to commercial activity study, or elimination of requirement. Designated personnel at NAVPERSCOM will liaise with the affected activity or command to determine a command personnel phasing plan and enter AVAILs accordingly. MILPERSMAN 1306-1100 and MILPERSMAN 1306-1800 provide additional guidance.

c. **Fleet Personnel Approved for "A" School (Class "DT", "DU", "DV", and "DW")** shall be used for personnel onboard a permanent duty station approved to attend formal training under Fleet RIDE or Perform to Serve (PTS) Program. These class AVAILs are controlled by designated NAVPERSCOM personnel responsible for monitoring fleet personnel.

5. **Disqualified for Submarine Duty.** Do not submit an AVAIL for personnel who become disqualified for submarine duty. Refer to MILPERSMAN 1306-416 for guidelines.

6. **Listing of Availability Codes.** Ensure appropriate remarks are provided in the AVAIL per MILPERSMAN 1306-1714 and proper format and method are used per MILPERSMAN 1306-1715. The following table lists all class "D" availability codes and their descriptions:

Code	Description	Notes
DA	Not Otherwise Defined. E-1 through E-3 non-rated or undesignated personnel. Utilize only when directed by NAVPERSCOM.	1
DB	Change in Rating. Formal training is required prior to a rating change. Submit AVAIL only after lateral or forced conversion has been approved.	2
DC	Change in Rating. Formal training is not required for a rating change. Submit AVAIL only after lateral or forced conversion has been approved.	2
DD	Available through draw-down procedures.	3
DE	Inactivation of activity with type duty codes 2, 3, or 4 which includes transition to sea lift commands.	3
DF	Disestablishment of activity with type duty codes 1 or 6.	3
DH	Homeport Change or Move.	3
DM	Service Member marries another Service Member while both are assigned to the same non-shore or operational command, or who share the same reporting senior while assigned to a shore and or non-operational command that does not concur with both Service Members having same reporting senior.	4
DN	Surface nuclear disqualification.	1, 5
DP	Pregnant personnel disqualified from present duty assignment at non-shore or deployable command, or those assigned to shore command and pregnancy tour exceeds PRD.	6
DR	Recruiter and recruit division commander disqualification.	1, 7
DS	Striker Designation. Undesignated member becomes designated into a rating for which there is no billet for that rating onboard current command.	1

DT	Fleet member approved for change in rating to master-at-arms upon completion of designated training.	8
DU	Fleet member approved for nuclear or submariner training.	8
DV	Fleet member approved for explosive ordnance disposal / special warfare combatant-craft crewmen / Sea, Air, and Land (SEAL)/Basic Underwater demolition (SEAL)/Seabee training.	8
DW	Fleet member approved for change in rating upon completion of a class "A" school other than master-at-arms, nuclear/submariner, or BUDS/Seabee training.	8
DX	Member becomes disqualified for Overseas Contingency Operations Support Assignments (OSA) upon arrival at Enlisted Combat Readiness Center (ECRC), or who returns early due to being disqualified.	9
DY	Termination of pregnancy and medically cleared	10
DZ	Not Otherwise Defined. Rated or designated personnel. Utilize only when directed by NAVPERSCOM.	1,11

Note 1: Explain reason for AVAIL submission in remarks.

Note 2: Reference substantiating document approving conversion in remarks. For those not requiring formal training, the AVAIL rate will be the approved conversion rate. For members approved for master-at-arms or special operations class "A" school, the AVAIL rate will be the rate the member will hold upon completion of training.

Note 3: For individuals with less than 24 months obligated service (OBLISERV), include in the remarks section of the AVAIL the member's OBLISERV intentions (i.e., "Will OBLISERV for months" or "Will not OBLISERV").

Note 4: Submit an AVAIL for each member. Include rate, last name, and last four digits of SSN of spouse in the remarks. AVAIL date will be date of marriage. For members stationed on board the same deployable unit (ship, vessel, or squadron), the member who has completed the larger percentage of the prescribed sea duty tour (PST) will normally be reassigned as soon as possible. However, adverse impact on the ship's readiness may

necessitate transfer of the spouse with lower percentage of PST. If the spouse is in another branch of service (e.g., USAF, USMC), but at the same command, contact NAVPERSCOM, AVAILS Program Manager (PERS-40GG) prior to AVAIL submission.

Note 5: Provide statement concerning retention of member in subject rating or related duty.

Note 6: Submit "DP" class AVAILS via e-mail as follows:

Submit to **M_MILL_PERS4013_AVAILS@navy.mil** when using the Navy/Marine Corps Internet (NMCI) Global address listing.

Submit to **MILL_PERS4013_AVAILS@navy.mil** when not using the NMCI Global address listing. **The first M is not included when not using NMCI.**

Note 7: Submit **only when** directed by NAVPERSCOM, Shore Special Programs Assignment Branch (PERS-4010). Class "DR" AVAILS include approved "No Fault" and "Fault" transfers.

Note 8: For use only by NAVPERSCOM (PERS-401), (PERS-403), (PERS-4010), and Admin/Deck/Security/Supply Assignment Branch (PERS-405) detailers as needed to write orders.

Note 9: The Navy mobilization processing site sends notification via e-mail to all pertinent personnel reporting disqualification. For personnel under temporary additional duty orders, the servicing PERSUPP DET or personnel office attached to the station in which the member is permanently assigned will submit AVAIL once member is medically cleared and returned back to permanent duty station. For personnel under permanent change of station orders, the **ECRC** PERSUPP DET will submit AVAIL after member is gained onboard. The DX AVAIL is not to be used for personnel who are referred to medical board processing, or for a member who becomes pregnant.

Note 10: Member must be medically cleared by an Obstetrician.

Note 11: Authorizing Authority - NAVPERSCOM. Contact NAVPERSCOM (PERS-40GG) for any questions concerning submission of a DA or DZ AVAIL. Any AVAILS submitted without proper authorization will be considered invalid. The DA and DZ class AVAILS include personnel approved for detachment for cause (DFC) who are not pending separation, requiring reassignment, and other circumstances not already provided in this article.

MILPERSMAN 1306-1705

AVAILABILITY PROCESSING – CLASS "F" ENLISTED NAVET/OSVET/OTHER

Responsible Office	NAVPERSCOM (PERS-40GG)	Phone	DSN: Com: Fax:	882-3779 (901) 874-3779 874-2647
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone: Toll Free	1-866-U ASK NPC	

- Class "F" – Navy Veteran (NAVET)/Other Service Veteran (OSVET)/Other.** Pertains to personnel who are gained into enlisted Navy strength status after a break in service or who are available for reassignment as defined in this article. Class "F" availability reports (AVAILs) do not include prior officers, prior officer candidates, or officer programs personnel.
- Responsibility.** The Personnel Support Detachment (PERSUPP DET) or customer service desk (CSD) is responsible for submitting gain documents to include exception gain message uploads through the Navy Standard Integrated Processing System (NSIPS) and for submitting AVAILs. The PERSUPP DET and or CSD should refer to NSIPS user guides for submitting exception gains to enter a member into Navy strength. An NSIPS trouble ticket should be submitted when an exception gain message cannot be uploaded due to the applicable military entrance processing station's failure to pre-stage the gain information.
- Report Submissions.** Class "F" availabilities are considered immediate and an AVAIL should be submitted as soon as the gain is posted to the Navy master file with Navy full strength status.
- Listing of Availability Codes.** The following table lists all class "F" availability codes and their descriptions. Ensure appropriate remarks are provided per MILPERSMAN 1306-1714, and proper format and method are used per MILPERSMAN 1306-1715.

Code	Description	Notes
FA	E-1 through E-3 personnel who are not designated strikers and not eligible for formal training	1

FD	United States Navy Reserves (USNR) reporting for active duty (involuntary).	1
FE	United States Navy (USN) enlistment (from Inactive Reserve).	1
FG	USN enlistment from the Recruiting Selective Conversion for Reenlistment program.	
FH	USNR reporting for active duty (voluntary).	
FK	USN reenlistment (broken service). Used for previously separated Navy rated personnel (not in Fleet Reserve, retired, or active Reserve status) who are accessed into Navy strength with or without a school recommendation, not including class "A" school.	
FL	USN reenlistment. Member authorized to reenlist after being gained onboard a transient activity for voluntary separation at end of active obligated service, then requests to reenlist and reenlistment approved.	
FO	USN enlistment (from active Reserve).	
FP	Fleet Reserve recall (voluntary).	
FQ	Fleet Reserve recall (involuntary).	
FR	Full Time Support recall and conversion.	
FS	USN enlistment from other armed forces (other service veteran).	
FT	E-1 through E-3 personnel who are not designated striker recommended, as provided on Enlistment Contract/Appendix Guarantee, or who are in receipt of other authorization to attend formal training for class "A" school.	1
FU	Reenlistment contract/appendix guarantee, or other authorization for change to master-at-arms upon completion of designated training.	1
FV	Reenlistment contract/appendix guarantee, or other authorization for nuclear and or submariner training.	1
FW	Reenlistment contract/appendix guarantee, or other authorization for Basic Underwater Demolition School or Seabee training.	1
FZ	Any member commencing active duty not within the criteria of any other Class "F" availability.	1

Note 1: A complete explanation is required in the remarks section of the AVAIL.

1. **Class "H" - Humanitarian Tour Releases:** Pertains to personnel who are completing humanitarian tour assignments (HUMS). Refer to MILPERSMAN 1300-500 for guidelines concerning humanitarian reassignment and extensions.

2. **Responsibility**

a. **Shore Activities (Duty Type 1, 3, or 6 as provided in MILPERSMAN 1306-102).** The servicing personnel support detachment (PERSUPP DET) or customer service desk has sole responsibility to submit an availability report (AVAIL), except as otherwise indicated under various MILPERSMAN articles in the 1306-1700 series.

b. **Non-shore and Operational Activities (Duty Type 2 or 4 as provided in MILPERSMAN 1306-102).** The servicing PERSUPP DET or personnel office (as applicable) has sole responsibility to submit AVAILs, except as otherwise indicated under various MILPERSMAN articles in the 1306-1700 series, if a member requires reassignment before their established projected rotation date.

3. **Report Submissions.** AVAILs will be submitted using the Navy Standard Integrated Processing System. Submit an AVAIL 6 weeks prior to HUMS tour completion, unless the member has submitted a written request to Navy Personnel Command (NAVPERSCOM), AVAILs Program Manager (PERS-40HH) for a HUMS extension. In this instance, an AVAIL will be submitted if the HUMS extension is denied.

4. **Listing of Availability Codes.** The following table lists all class "H" availability codes and their descriptions. Ensure

appropriate remarks are provided per MILPERSMAN 1306-1714, and proper format and method are used per MILPERSMAN 1306-1715.

Code	Description	Notes
HA	E-1 through E-3 non-rated or undesignated personnel.	1
HD	All other personnel.	1

Note 1: For individuals with less than 24 months obligated service (OBLISERV), include in the availability remarks section the member's OBLISERV intentions (e.g., "Will OBLISERV for ____ months" or "Will not OBLISERV").

MILPERSMAN 1306-1707

AVAILABILITY PROCESSING – GRADUATION FROM CLASS "A", "C", AND OTHER TYPE SCHOOLS

Responsible Office	NAVPERSCOM (PERS-40GG)	Phone	DSN:	882-3779
			Com:	(901) 874-3779
			Fax:	874-2647
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone: Toll Free	1-866-U ASK NPC	

1. School Graduates

a. Personnel who are available for assignment are indicated below:

(1) **Class "J"** - Graduation from "A" school.

(2) **Class "K"** - Graduation from "C" school.

(3) **Class "L"** - Graduation from a school other than "A" or "C" school (e.g., Navy enlisted classification code awarded).

b. Personnel attending schools under orders with next assignment already scheduled do not require an availability report (AVAIL) submission, unless their status changes or they are dropped from training. The AVAIL submission will initiate a formal order modification.

2. Responsibility

a. The servicing personnel support detachment (PERSUPP DET) or customer service desk (CSD) has sole responsibility to submit AVAILs. **Exception:** For class "LD" AVAILs (members graduating from nuclear power school) and class "LN" AVAILs (members graduating from fleet replacement squadron), refer to Notes 3 and 4 in paragraph 6 of this article for guidance on AVAIL submission responsibility and method. Personnel responsible for submitting student AVAILs shall become familiar with the Corporate Enterprise and Training Activity Resources System as it contains updates to a member's training status (e.g., enrollments, estimated graduation dates, holds, drops, etc.).

b. The command personnel administrative support system coordinator (CPC) or training command representative is responsible for providing class rosters to the PERSUPP DET or CSD to support initial AVAIL submissions as well as to provide any date change notifications.

3. **Report submissions.** AVAILs will be submitted using the Navy Standard Integrated Processing System, except as otherwise indicated. Initial AVAILs will not be submitted until a member is actually enrolled into a designated course of instruction relating to this article and per the following course length schedule:

a. **Eight Weeks or Less.** When the course length is 8 weeks or less, the AVAIL will be submitted during the first week of training.

b. **More than 8 weeks.** When the course length is more than 8 weeks, the AVAIL will be submitted no later than 8 weeks prior to graduation.

c. **Self-paced.** Training commands are responsible for providing the PERSUPP DET or CSD a determined average course completion length for courses. Once a graduation date is determined, the AVAIL will be submitted per the above schedule and reflect the class convening date in the AVAIL remarks section.

4. **Status Changes.** Status changes for members at a training command may impact the transfer date.

a. **Limited Duty (LIMDU) or Pregnancy Status.** Students placed in a LIMDU or pregnancy status while under instruction may be dropped from training, dependent on their ability to continue training, and or incur an AVAIL status change. MILPERSMAN 1306-1704 and MILPERSMAN 1306-1713 provide AVAIL submission guidance in these cases.

b. **Other Changes.** A member's status can change to interrupted or removed from instruction temporarily with an undetermined return or disenrollment date; or has graduated, but cannot transfer due to a hold (e.g., medical, legal, clearance) situation). See MILPERSMAN 1306-1717 for guidance on AVAIL changes after initial submission.

5. **Transfer Delays.** The CPC or training command representative must provide notification of status changes to the PERSUPP DET or CSD, and the assignment control authority (ACA).

a. If, after the initial AVAIL submission, the member's transfer date becomes undeterminable due to a temporary interrupted training and or hold status, the current system AVAIL can be deleted by the PERSUPP DET or CSD if orders have not been issued. Submit new AVAIL when member is available for transfer.

b. If orders have been issued and delay is no more than 30 days past original no later than (NLT) date, MILPERSMAN 1320-306 gives authority to pen-and-ink-modify orders for no more than 30 days past the original NLT date for enlisted personnel in a temporary duty under instruction or duty under instruction accounting category code (ACC) 34x status at a recruit training command or service school command. Under the purview of this article, orders will not need formal modification by the ACA. The training command will provide pen-and-ink-modified orders to PERSUPP DET or CSD and will send notification of the member's delay in reporting to the gaining command with a copy to ACA and PERSUPP DET or CSD. However, a formal modification may still be needed in order to distinguish temporary duty under instruction and duty under instruction status when a member remains in the student pipeline in the same geographic location longer than expected. Temporary duty under instruction funds and per diem entitlements may also require adjustments as a member remains in the pipeline or graduates early. When the reporting delay is confirmed to exceed 30 days past original NLT date, the PERSUPP DET or CSD is required to submit a new AVAIL to reflect the revised AVAIL date and reason for the date change.

6. **Listing of Availability Codes.** The tables below list course graduation AVAIL class codes. Ensure all appropriate remarks are provided per MILPERSMAN 1306-1714, and proper format or methods are used per MILPERSMAN 1306-1715.

a. "A" school graduation availability codes and their descriptions:

Code	Description	Notes
JD	Graduate, Selective Training and Reenlistment, or Selected Conversion and Reenlistment Program.	
JE	Graduate, honor student.	1
JF	Graduate, no further school recommended.	

JG	Graduate, recommended for further school.	
JH	Graduate, submarine school candidate.	2
JI	Graduate, diver or explosive ordnance disposal (EOD) candidate.	
JK	Graduate, no further school recommended. Designated as submariner.	
JL	Graduate, recommended for further school. Designated as submariner.	
JM	Graduate, nominated or selected for a special program.	5

b. "C" school graduation availability codes and their descriptions:

Code	Description	Notes
KA	Graduate, E-1 through E-3, non-designated strikers, not within the criteria of any other class "K" availability.	1
KC	Graduate, rated or designated, not within the criteria of any other class "K" availability.	1
KD	Graduate, no further school recommended.	
KE	Graduate, recommended for further school.	
KF	Graduate, honor student.	
KG	Graduate, no further school recommended. Designated as submariner.	
KH	Graduate, recommended for further school. Designated as submariner.	
KL	Graduate, nominated or selected for a special program.	5

c. Graduation from schools other than "A" and "C" school - availability codes and their descriptions:

Code	Description	Notes
LA	Graduate, E-1 through E-3, non-designated strikers, not within criteria of any other class "L" availability.	1
LB	Graduate, submarine school. Class "A" school required.	
LC	Graduate, rated or designated, not within the criteria of any other class "L" availability.	1
LD	Graduate, nuclear power school.	3
LE	Graduate, diving or EOD school.	
LF	Graduate, recommended for further school.	
LH	Graduate, no further school recommended.	

LJ	Graduate, submarine school, rated or designated personnel. Class "A" school not required after completion of submarine school. Not recommended for further school.	
LK	Graduate, submarine school, rated or designated personnel. Class "A" school not required after completion of submarine school. Recommended for further school.	
LM	Completed Fleet Readiness Aviation Maintenance Program (FRAMP). Specify type of FRAMP in AVAIL remarks.	1
LN	Graduate fleet replacement squadron.	4
LO	Graduate, nominated or selected for a special program.	5

Note 1: Provide specifics in remarks section.

Note 2: "JH" AVAIL submission is for submarine school candidates as administrative support personnel upon completion of class "A" school for CS, LS, and YN ratings.

Note 3: AVAILs are entered by Navy Personnel Command (NAVPERSCOM), Submarine Nuclear Qualifications Coordinator (PERS-403F) or Human Resources Assistant (PERS-403CQ) for students graduating from nuclear power school and nuclear power training unit when notification is received by the training support command.

Note 4: AVAILs are entered by NAVPERSCOM, AWF/AWV Aircrew Detailer (PERS-404EH) for students assigned in ACC 342 graduating from flight instruction with flight training evolutions.

Note 5: AVAIL submission is for a member who has been nominated for assignment to a special program upon graduation from designated training.

MILPERSMAN 1306-1708

AVAILABILITY PROCESSING - CLASS "K" - GRADUATES OF "C" SCHOOL

Responsible Office	NAVPERSCOM (PERS-4013C)	Phone:	DSN COM FAX	(901) 873-5172 873-5253
	NAVPERSCOM (PERS-40A3)		DSN COM FAX	874-3553 (901) 874-3553 874-2647

1. Class "K" - Graduates of "C" School

a. Personnel who are available for assignment as a result of graduation from "C" School.

b. Personnel attending "C" School en route to a duty station already designated in their orders, or onboard in a temporary duty under instruction (TEMDUINS) status, will **not** be made available for assignment since next duty station is known.

2. Report Submissions

a. Where length of school is 8 weeks or less, availability will be submitted during the first week of training.

b. Where length of school is more than 8 weeks, availability will be submitted 8 weeks prior to graduation.

c. Where school is under "self-pace" program, availability will be submitted 8 weeks prior to graduation. The availability date will be based on average completion time for the course. Specify class convening date in the remarks section.

d. Class "K" availability reports must include availability items 1 through 9.

3. **Listing of Availability Codes**. The following table lists all Class "K" availability codes and their description.

Code	Description	Notes
KA	Graduate, E-1 through E-3, not designated strikers, not within the criteria of any other Class "K" availability.	1
KC	Graduate, rated/designated, not within the criteria of any other Class "K" availability.	1
KD	Graduate, no further school recommended.	
KE	Graduate, recommended for further school.	1
KF	Graduate, honor student.	

Note 1: Provide explanation in remarks section.

MILPERSMAN 1306-1709

AVAILABILITY PROCESSING - CLASS "L" - OTHER SCHOOL GRADUATES

Responsible Office	NAVPERSCOM (PERS-4013C)	Phone:	DSN COM FAX	(901) 873-5172 873-5253
	NAVPERSCOM (PERS-40A3)		DSN COM FAX	874-3553 (901) 874-3553 874-2647

1. Class "L" - Other School Graduates

a. Personnel who are available for assignment as a result of graduation from a school other than "A" or "C" School.

b. Personnel attending these schools en route to a duty station already designated in their orders, or onboard in a temporary duty under instruction (TEMDUINS) status, will **not** be made available for assignment since next duty station is known.

2. Report Submissions

a. Where length of school is 8 weeks or less, availability will be submitted during the first week of training.

b. Where length of school is more than 8 weeks, availability will be submitted 8 weeks prior to graduation.

c. Where school is under "self-pace" program, availability will be submitted 8 weeks prior to graduation. The availability date will be based on average completion time for the course. Specify class convening date in the remarks section.

d. Class "L" availability reports must include availability items 1 through 9.

3. **Listing of Availability Codes**. The following table lists all Class "L" availability codes and their description.

Code	Description	Notes
LA	Graduate, E-1 through E-3, not designated strikers, not within criteria of any other Class "L" availability.	
LB	Graduate, submarine school, E-1 through E-3, not designated striker and not recommended for further school.	
LC	Graduate, rated/designated, not within the criteria of any other Class "L" availability.	1
LD	Graduate, nuclear power school.	
LE	Graduate, diving/EOD school.	
LF	Graduate, recommended for further school.	1
LH	Graduate, no further school recommended.	
LJ	Graduate, submarine school, rated/designated personnel only.	
LK	Graduate, submarine school, E-1 through E-3, not designated strikers, recommended for further school.	1
LM	Completed Fleet Readiness Aviation Maintenance Personnel (FRAMP). Specify type of FRAMP in remarks.	
LO	Availabilities for Enlisted Education Advancement Program (EEAP) students are required to be submitted 180 days prior to date of graduation.	

Note 1: Provide explanation in remarks section.

MILPERSMAN 1306-1710

AVAILABILITY PROCESSING - CLASS "N" - SCHOOL NON-GRADUATES

Responsible Office	NAVPERSCOM (PERS-40GG)	Phone	DSN:	882-3779
			Com:	(901) 874-3779
			Fax:	874-2647
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone: Toll Free	1-866-U ASK NPC	

1. **Class "N" School Non-Graduates.** Personnel who are available for assignment as a result of non-graduation from any school.

2. **Responsibility.** The servicing personnel support detachment (PERSUPP DET) or customer service desk (CSD) has sole responsibility to submit an availability report (AVAIL). These AVAILs are submitted using the Navy Standard Integrated Processing System.

3. **Contact.** The pay and personnel administrative support system coordinator or training command representative is responsible for providing notification of student drops to the PERSUPP DET and or CSD with a copy to the assignment control authority.

4. **Report Submissions.** An AVAIL should be submitted for students not reclassified on the day the members are dropped from a course of instruction, or on the day reclassification is complete, but not later than 3 working days for students who are reclassified. Remarks will include the reason for an AVAIL submission or change, provide justification for the delay, and the actual dropped date when an AVAIL submission is delayed.

5. **Specific Guidance for Non-Graduates of Nuclear Propulsion Training.** The nuclear power training unit (NPTU) or naval nuclear power training command (NNPTC) will submit a report via encrypted e-mail containing the student's name, rate, last four of social security number, class, and reason for disenrollment to the activity designated in paragraph 5b.

a. **Not Enrolled and Non-Graduates.** For students who report, but are not enrolled or are non-graduates of NPTU or NNPTC, include as additional information the class number and

the reason for disenrollment (e.g., academic, disciplinary, physical, etc.). If for physical reasons, briefly indicate the reasons (e.g., medical: visual, audio, etc.).

b. **Transfer.** Transfer of nuclear power non-graduates:

(1) Non-graduates of NPTU Ballston Spa, NY, will be transferred to Submarine Base New London, CT, unit identification code (UIC) 31752.

(2) Non-graduates at NNPTC or NPTU Charleston, SC will be transferred to student disenrolled personnel barracks, UIC 32184.

6. **Listing of Availability Codes.** The following table lists class "N" availability codes and their descriptions. Ensure all appropriate remarks are provided per MILPERSMAN 1306-1714 and proper format and method is used per MILPERSMAN 1306-1715.

Code	Description	Notes
NA	Non-graduate, E-1 through E-3, not designated strikers, and not within the criteria of any other class "N" availability.	1,2
NB	Non-graduate, submarine school, non-rated and or undesignated.	
NC	Non-graduate, rated or designated, and not within the criteria of any other class "N" availability.	1,2
ND	Non-graduate, submarine school, rated or designated.	
NF	Non-graduate, nuclear power training.	3
NG	Non-graduate, diver and or explosive ordnance disposal (EOD) school, and includes non-graduates from special operations "A" school.	
NH	Non-graduate, instructor or recruiter school.	
NI	Non-graduate, recommended for another school.	1,2
NJ	Non-graduate, weapons system school.	
NK	Non-graduate, prerequisite courses required to complete "A" school as applicable.	
NL	Non-graduate preparatory school for college course(s) (not completed) as part of training path or pipeline, prior to attending "A" school.	
NM	Non-graduate, selective training and reenlistment or selected conversion and reenlistment programs.	
NN	Non-graduate, "C" school.	
NP	Non-graduate, advanced diver or EOD school, qualified to remain in diving program.	

NR	Aircrew drop and or disqualification.	
NS	Non-graduate, basic underwater demolition - sea, air, and land (BUDS); or EOD, for transfer to nuclear power training or submarine school	4
NT	Non-graduate, "A" school, nuclear power school or submarine school, for transfer to BUDS or EOD school.	4
NX	Non-enrollees.	5

Note 1: Specify school and reason for non-graduate in remarks section.

Note 2: Includes when a member has not graduated from class "A" school or other training not otherwise specified above.

Note 3: Refer to paragraph 5 of this article.

Note 4: Specify the program for which the member has become a candidate.

Note 5: Use when member reports onboard, is not enrolled in class, and needs to be made available for further assignment.

MILPERSMAN 1306-1711

AVAILABILITY PROCESSING – CLASS "R" – RECRUIT TRAINING GRADUATES

Responsible Office	NAVPERSCOM (PERS-40GG)	Phone	DSN:	882-3779
			Com:	(901) 874-3779
			Fax:	874-2647
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone: Toll Free	1-866-U ASK NPC	

1. **Class "R" – Recruit Training Graduates:** Personnel who are available for assignment as a result of completion of recruit training.
2. **Responsibility.** The servicing personnel support detachment (PERSUPP DET) or customer service desk (CSD) has sole responsibility to submit availability (AVAIL) reports.
3. **Report Submissions.** AVAILs are submitted through the Navy Standard Integrated Processing System 4 weeks prior to member's graduation.
 - a. Initial availability information and scheduled disposition of a member upon completion of recruit training is provided under the Personalized Recruiting for Immediate and Delayed Enlistment Program (PRIDE) and the enlistment contract of member per procedures promulgated in separate directives.
 - b. Initial availability information is verified during the classification week and an AVAIL is submitted based on confirmation of member's next assignment to include booking class reservations.
 - c. Changes to initial availability information will be reflected when an AVAIL is submitted, including delays to original graduation date.
4. **Listing of Availability Codes.** The following table lists class "R" availability codes and their descriptions. Ensure all appropriate remarks are provided per MILPERSMAN 1306-1714, and proper format and or method are used per MILPERSMAN 1306-1715.

Code	Description	Notes
RA	Non-designated strikers, not within the criteria of any other class "R" availability.	
RC	Non-designated strikers, selected for assignment by Navy Personnel Command.	
RD	General assignment (request for brother duty).	
RE	General assignment (designated striker).	
RG	Special assignment (includes those identified for special assignment by request code on the recruit data card).	
RL	Special qualifications assignment.	

MILPERSMAN 1306-1712

AVAILABILITY PROCESSING - CLASS "X" - BRIG AND DISCIPLINARY RELEASES

Responsible Office	NAVPERSCOM (PERS-40GG)	Phone	DSN:	882-3779
			Com:	(901) 874-3779
			Fax:	874-2647
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone: Toll Free	1-866-U ASK NPC	

1. **Class "X" - Brig and Disciplinary Releases:** Personnel who are completing confinement or other disciplinary action who are available for assignment.
2. **Responsibility.** The servicing personnel support detachment (PERSUPP DET) or customer service desk (CSD) has the sole responsibility to submit availability reports (AVAILs), except as otherwise indicated under various MILPERSMAN articles in the 1306-1700 series.
3. **Notification.** Any notification provided by the command personnel administrative support system coordinator or any command representative will be used for AVAIL submission and changes by the PERSUPP DET or CSD.
4. **Report Submissions.** Class "X" AVAILs will be submitted at least 3 weeks prior to completion of confinement or disciplinary action using the Navy Standard Integrated Processing System.
 - a. **Do not** submit a class "X" AVAIL if the member is to be discharged or if member completes 30 days or less of confinement at the naval consolidated brig under temporary additional duty orders. Refer to MILPERSMAN 1306-130 for further guidance.
6. **Listing of Availability Codes.** The following table lists class "X" availability codes and their description. Ensure all appropriate remarks are provided per MILPERSMAN 1306-1714 and proper format and or method is used per 1306-1715.

Code	Description	Notes
XA	Brig release, E-1 through E-3 undesignated strikers who are to be returned to previous duty station per existing policy.	
XB	Brig release, E-1 through E-3 personnel, undesignated strikers for whom a request for exemption of policy returning member to previous duty station has been requested and approved, or who was apprehended, convicted, and confined while en route to a new duty station, or whose last duty was school, transient, etc.	
XC	Brig release, rated personnel and designated strikers who have been sentenced to 31 or more days of confinement and who are recommended for further service or assignment.	
XD	Brig release, rated personnel and designated strikers who have been sentenced to 30 or less days of confinement, and an exemption of policy returning member to previous duty station has been requested by the previous duty station, and approved by appropriate assignment control authority.	
XE	Disciplinary release (not brig), E-1 through E-3 undesignated strikers.	1
XF	Disciplinary release (not brig) rated personnel and designated strikers.	1

Note 1: Enter pertinent details in remarks.

MILPERSMAN 1306-1713

AVAILABILITY PROCESSING - CLASS "Y" - MEDICAL RELEASES

Responsible Office	NAVPERSCOM (PERS-40GG)	Phone	DSN	882-3779
			COM	874-3779
			FAX	874-2647

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone: Toll Free	1-866-U ASK NPC
---------------------------------------	------------------	-----------------

References	(a) BUPERSINST 1306.72
-------------------	------------------------

1. **Class "Y" - Medical Releases.** Personnel who are available as a result of being placed in temporary limited duty (LIMDU) by a medical board, returned to duty (RTD) from LIMDU status, awaiting results from a physical evaluation board (PEB), found fit for duty (FFD) from a PEB, and other medical releases to include released from hospitalization and returned to duty not requiring medical board processing. The decision logic tables in this article provide additional guidelines for determining availability report (AVAIL) submission, deletion, and other actions.

2. **Responsibility.** The servicing personnel support detachment (PERSUPP DET) or customer service desk (CSD) has sole responsibility to submit an AVAIL using the Navy Standard Integrated Processing System (NSIPS). **Exception:** For members placed on LIMDU or who require reassignment while awaiting results from a PEB, refer to paragraph 9. Refer to Note 3 of this article for guidance on AVAIL submission method.

3. **LIMDU Notification.** The cognizant military treatment facility (MTF) provides the medical evaluation board report (MEBR) or the abbreviated medical evaluation board report (AMEBR) approved by the MTF convening authority to PERSUPP DET or CSD for members placed on LIMDU, not requiring approval from higher authority. For those LIMDU AVAILS requiring approval by higher authority prior to AVAIL submission, the cognizant MTF forwards a copy of the MEBR or AMEBR to Navy Personnel Command (NAVPERSCOM) Disability/Retirements/LIMDU Branch (PERS-82).

NAVPERSCOM (PERS-82) provides authorization for LIMDU to PERSUPP DET. Refer to MILPERSMAN 1306-1200 for further guidance.

4. **Report Submissions for LIMDU**

a. **Received Onboard Transient Activity for LIMDU.** AVAIL will be submitted after member has been gained onboard assigned transient activity and applicable LIMDU notification is received.

b. **Students and Former Students.** Students placed in a LIMDU status while under instruction may be dropped from training dependent on their ability to continue training and or incur an AVAIL status change. LIMDU AVAIL will be submitted whether member is authorized to remain onboard and complete training, LIMDU period exceeds graduation date, or member is dropped from training due to being placed in LIMDU status.

c. **Shore Duty.** AVAIL submission is not required for members assigned to shore duty (type 1) unless medical care is not available in close proximity to their current duty station. **Exception:** AVAIL submission is required on submarine designated and nuclear trained personnel being placed on LIMDU, no matter what the type duty assignment. Specific requirements concerning nuclear trained personnel are necessary to monitor special pays (special duty assignment pay and Navy submarine pay) which may be paid to a member while on LIMDU. Provide copy of medical board to Chief of Naval Operations (CNO), Nuclear Enlisted Program Branch (N133D) when nuclear trained personnel are placed on LIMDU and RTD from LIMDU.

d. **Overseas Shore Duty and Isolated Duty.** AVAIL submission is required for members assigned to type duty 3 and 6 in order to confirm medical care availability at location and member's ability to effectively perform duties while on LIMDU. The appropriate assignment control authority (ACA) will determine whether member will remain at current duty station.

5. **Hospital and Medical Holding Company Releases.** The cognizant MTF provides notification to PERSUPP DET or CSD for AVAIL submission when a member is RTD while attached to a medical holding company (MHC) and or released from hospitalization, but not placed on LIMDU or referred to the PEB. Reference (a) provides further guidelines on disposition of members hospitalized or assigned to a MHC.

6. **RTD from LIMDU and FFD.** The cognizant MTF provides notification to PERSUPP DET or CSD when a member is RTD from LIMDU, or after a member accepts FFD findings for continued naval service by the PEB. Refer to MILPERSMAN 1306-1208 for further guidance.

a. **Assignment Screening.** Completion of assignment screening will determine if a member is world-wide assignable (WWA) or assignment limited (ASLIM) when RTD from LIMDU or FFD for continued naval service by the PEB. This type of screening is required except as otherwise indicated under paragraph 10 (decision logic table) of this article. Refer to MILPERSMAN 1306-801 for further guidelines.

b. **Operational Screening and Other.** When a member is not ASLIM but does not pass operational screening required for orders, the execution outcome could result in the member being placed in LIMDU status or referred to the PEB. Refer to MILPERSMAN 1300-800 for further guidelines on operational screening. In addition to assignment screening and operational screening, other screenings may be required (e.g., special screening for specific ratings, nominated for special duty assignment, etc.) and other issues may be involved (e.g., security clearance, high year tenure (HYT), perform to serve (PTS), etc.).

7. **Action**

a. **Command.** The command personnel administrative support system coordinator or other assigned command representative shall ensure all required screening is complete (e.g., assignment, operational, etc.), provide results to the PERSUPP DET or CSD, and provide notification to NAVPERSCOM, Special Assistant to the Director-Enlisted Distribution Division (PERS-40BB) when member is found to be ASLIM or does not pass operational screening. The command shall also provide the PERSUPP DET or CSD and ACA final determination for members pending other screening or issues regardless of type of medical release so that PERSUPP DET or CSD can determine AVAIL submission requirement.

b. **NAVPERSCOM.** NAVPERSCOM (PERS-40BB) shall provide approved disposition to the command with a copy to PERSUPP DET or CSD for ASLIM members to allow further AVAIL action. The ACA shall provide notification to command when it has been determined a member will remain onboard current duty station

regardless if member is WWA, ASLIM from LIMDU, PEB, or any other medical releases for which an AVAIL was received.

8. **Report Submission for RTD, FFD, or Other**

a. AVAIL will be submitted for members RTD from LIMDU and FFD by PEB upon completion of assignment screening, and when notification for other type medical releases are received. Remarks section will include results from assignment screening to provide whether member is WWA or ASLIM and any other screening or issues pending on member. The AVAIL will remain for ASLIM personnel until NAVPERSCOM (PERS-40BB) provides determination regarding disposition. **Exception:** For submarine designated and or nuclear trained personnel, do not submit an AVAIL until notified by higher authority and refer to MILPERSMAN 1306-1210 for guidance.

b. **Accessions.** Personnel who have never been assigned to account category code (ACC) 1XX or 342 are considered accessions. Any accession dropped from class "A" school when placed on LIMDU or PEB status and assigned to ACC 105, though no longer considered as an accession when RTD from LIMDU or FFD by PEB and WWA, will be reclassified and AVAIL submitted.

c. **Fleet Returns.** Personnel who reported to "A" school from a permanent duty station are considered fleet returns. Any dropped from class "A" school when placed on LIMDU or PEB status and assigned to ACC 105 will be reclassified and AVAIL submitted when RTD from LIMDU or FFD by PEB and WWA.

9. **Listing of Availability Codes.** The following table lists Class "Y" availability codes and their descriptions. Ensure all appropriate remarks are provided per MILPERSMAN 1306-1714 and proper format or method is used per 1306-1715.

Code	Description	Notes
YA	E-1 through E-3 non-rated or non-designated personnel not within the criteria of any other class "Y" availability.	1,2
YC	E-1 through E-3 non-rated or non-designated personnel who were under direct assignment control of NAVPERSCOM prior to hospitalization (i.e., ceremonial guard, etc).	1
YD	Rated or designated personnel not within the criteria of any other class "Y" availability.	1,2

YE	Hospital releases from a non-naval military medical facility.	1
YF	Hospital releases from a non-military medical facility.	1
YH	Personnel available for LIMDU. Also use when specifically directed by NAVPERSCOM (PERS-82) for personnel who are awaiting results from a PEB.	3, 4
YI	Use only when specifically directed by NAVPERSCOM (PERS-82). Fit for full duty, which required NAVPERSCOM, BUMED, and central physical evaluation board approval action.	4, 5
YJ	RTD from LIMDU not requiring NAVPERSCOM or BUMED approval action.	5
YK	Release from drug or alcohol abuse rehabilitation	6
YM	Use only when specifically directed by NAVPERSCOM (PERS-82). Personnel assigned LIMDU designations (i.e., L4, L5, L-M).	7
YN	Assigned to nuclear trained personnel (NECs 335X, 336X, 338X, 339X) who require additional screening by BUMED (MED-21) and CNO (N133D), have completed their required LIMDU period, and have been found physically fit for submarine duty and or occupational exposure to ionizing radiation.	1
YR	Use only when a prior accession member has never been assigned to ACC 1XX or ACC 342. Reclassification process concludes with member not recommended to attend class "A" school.	1
YS	Use only when prior accession member has never been assigned to ACC 1XX or ACC 342. Reclassification process concludes with recommendation to return to previous "A" school or attend a different "A" school.	1, 8
YT	Use when a member is a fleet returnee. Reclassification process concludes with not recommended to attend class "A" school.	1
YU	Use when a member is a fleet returnee. Reclassification process concludes with recommendation to return to previous "A" school or attend a different "A" school.	1, 8

Note 1: Explanation in remarks section is required.

Note 2: Other medical release returning a member to full duty, in which an MEB was not required and reassignment is needed (e.g., released from hospitalization, released from MHC, etc).

Note 3: Submit "YH" class AVAILs via e-mail as follows:

(a) Submit to [M MILL PERS4013 AVAILS@navy.mil](mailto:M_MILL_PERS4013_AVAILS@navy.mil) when using the NMCI global address listing.

(b) Submit to [MILL PERS4013 AVAILS@navy.mil](mailto:MILL_PERS4013_AVAILS@navy.mil) when not using the NMCI global address listing (Note: The first M_ is not included in the e-mail address when not using NMCI).

Note 4: Reference the NAVPERSCOM authorization in remarks section.

Note 5: Do not use for nuclear trained personnel. See class "YN" AVAIL.

Note 6: Specify drug, alcohol, or both in the remarks.

Note 7: Reference NAVPERSCOM (PERS-82) approval to remain onboard in LIMDU status to complete 20 years of service.

Note 8: AVAIL rate for those approved to attend special operations "A" school; explosive ordnance disposal (EOD), sea, air, and land (SEAL), and diver type programs; or master-at-arms will be the rate member will be upon completion of training.

10. **AVAIL Submission and Deletion Decision Logic Table**

STATUS	NOTES
Within 90 days of end of obligated service, regardless of previous type duty or projected rotation date (PRD), and does not desire to incur OBLISERV for orders.	2
Within 90 days of end of obligated service (EAOS), regardless of previous type duty or PRD, and desires to incur OBLISERV for orders.	1
EAOS is more than 90 days but less than 9 months, regardless of type duty or PRD, and member does not desire to incur OBLISERV for orders.	1

Previously in duty type 2 or 4, EAOS is more than 9 months and desires to incur OBLISERV for orders.	1
Held beyond EAOS for PEB and does not desire to reenlist.	2
Held beyond EAOS for PEB and now desires to reenlist.	1
Previously in ACC 100 at duty type 1, 3, or 6, PRD is more than 9 months, and EAOS is more than 9 months.	3
Previously in ACC 100 at duty type 1, 3, or 6, PRD is 9 months or less, and EAOS is more than 9 months.	1
Being processed for lateral or forced rating conversion.	4
Pending PTS	1
Approved or directed to separate by higher authority within 1 year (e.g., early separation, PTS denied, enlisted review board results, etc).	3
Within 1 year of HYT.	2
Pending further screening and or security clearance (not nuclear and submarine designated personnel).	1
Requires further screening by OPNAV (N133D) or NAVPERSCOM (PERS-403) (nuclear and submarine designated personnel).	5
Transfer to the Fleet Reserve, retirement has been requested or approved, and approval date is more than 12 months in the future.	1
Approved for transfer to the Fleet Reserve and approved date is within 12 months.	3
Approved to retire with a disability.	3
Pregnant.	6
Hospitalized while assigned to a training command for temporary duty or duty under instruction.	3
Directed to be administratively separated per authorization by higher authority.	3
Pending disciplinary action.	3
RTD, member is ASLIM.	1, 7
ASLIM. Notification received from NAVPERSCOM, Enlisted Distribution Division (PERS-40) to separate member within 30 days.	8
Notification received by either command or NAVPERSCOM, (PERS-40) that PERS-40 determined member will remain onboard until EAOS and or PRD regardless of ASLIM or WWA.	8
PRD has been adjusted prior to AVAIL submission or since AVAIL submitted to either match EAOS, HYT, etc., or out of 9-month window regardless of prior type duty.	3
AVAIL used to transfer member when NAVPERSCOM finds billet for member.	9
Previously RTD or not, now pending PEB.	8

Notes for Paragraph 10 Decision Logic Table:

Note 1: Submit an AVAIL.

Note 2: Do not submit an AVAIL and delete previous NSIPS AVAIL if there, unless ASLIM after being FFD by PEB, then Note 1 will apply.

Note 3: Do not submit an AVAIL and delete previous NSIPS AVAIL if there. Assignment screening is not required.

Note 4: Submit AVAIL once rating conversion is approved. Refer to MILPERSMAN 1306-1704 for AVAIL class code on approved conversions.

Note 5: Do not submit AVAIL until all screenings are complete and as directed in per MILPERSMAN 1306-1210.

Note 6: Delete previous NSIPS and submit AVAIL report via e-mail per MILPERSMAN 1306-1704.

Note 7: AVAIL remains until notification is received by NAVPERSCOM (PERS-40BB).

Note 8: Delete previous NSIPS AVAIL.

Note 9: After orders are released, AVAIL should automatically disappear.

NAVPERSCOM CUSTOMER SERVICE CENTER		Phone: Toll Free	1-866-U ASK NPC	

1. **Data Items.** This article provides detailed descriptions and instructions of availability (AVAIL) report data items submitted through the Navy Standard Integrated Personnel System (NSIPS), Enlisted Assignment Information System (EAIS), Navy general administrative message, e-mail, and letter. Only personnel authorized by Navy Personnel Command (NAVPERSCOM), Enlisted Distribution Division (PERS-40) can enter AVAILs through EAIS approved by NAVPERSCOM (PERS-40). Also refer to the NSIPS users guide and NSIPS help screens for detailed descriptions and instructions for submission of AVAILs through NSIPS, except for temporary limited duty (LIMDU), pregnancy, and other specific class AVAILs defined in other MILPERSMAN articles under the 1306-1700 series.

2. **Definition and Instructions of Data Entries.** AVAIL entries provide data necessary to move a Sailor to the right duty station or training command.

3. **General Data.** Required on all AVAIL reports regardless of how they are submitted, except as otherwise defined. AVAIL entries are as follows:

(a) **Social Security Number (SSN):** Automatically reflects when entered on the left of the screen under EAIS and is prefilled under NSIPS once member has been gained onboard.

Example: XXX-XX-1111 (when submitted by Navy message, e-mail, or letter).

(b) **Name (Last, First, Middle).** Automatically reflects when SSN is entered on the left of the screen under EAIS and is prefilled under NSIPS once member has been gained onboard.

Example: SAILOR, IAM SHIPPY (when submitted by Navy message, e-mail, or letter).

(c) **Unit Identification Code (UIC).** Automatically reflects when SSN is entered on the left of the screen under EAIS and is prefilled under NSIPS once member has been gained onboard.

Example: 03135 (when submitted by Navy message, e-mail, or letter).

(d) **AVAIL Rate:** The rate member will be when available for transfer. This includes personnel authorized to be advanced to the next higher pay grade (selectee or advancement increment). For reporting school graduates, indicate the rate to be obtained by successful completion of the course, (e.g., member in pay grade E-3 attending a class "A" personnel specialist course, AVAIL rate will be entered as "PSSN". This also applies to personnel attending conversion courses. Do not include special program indicators such as (NF) for nuclear field personnel or special designators such as (SW) for surface warfare.

Example: PSSN, CS3, or FC2.

(e) **Expected Navy Enlisted Classification (ENEC).** Enter additional Navy enlisted classification (NEC) qualification, including NEC recommended by enlisted classification unit or NEC to be earned as a result of course completion. If none, enter "0000." For school graduates who receive designation upon graduation and will no longer be assigned a defense group or conversion NEC, enter "0000."

Example: ENEC: 0000 or ENEC: 9585.

(f) **AVAIL Date:** The date the individual will be available for transfer to a new duty station. For assignment to LIMDU status, the AVAIL date will be the date of the medical board which is found in block 15 of NAVMED 6100/1 or on the abbreviated medical evaluation board report cover sheet. For returned to duty (RTD) from a LIMDU status, the AVAIL date will be the date in block 25 of NAVMED 6100/1. For completion of training, the established graduation date will be the AVAIL date.

Example: 101201 (YYMMDD)

(g) **Classification of Availability.** The classification identifies reason member is being made available.

Example: "YJ" is for a Sailor returned from limited duty.

(h) **AVAIL UIC:** The UIC to which the member will be assigned while awaiting orders. EAIS provides a fillable entry whereas the NSIPS AVAIL panel does not. Only enter if the AVAIL UIC is different from command UIC. Use remarks section for NSIPS and always include AVAIL UIC when submitting by message, e-mail, or letter, as necessary.

Example: 03361

(i) **Activity Name (ACT NAME):** The activity to which member will be attached while awaiting the transfer directive. Use short title for activity, not to exceed 16 positions. Enter in remarks in NSIPS and EAIS if member will be transferred to a different command to await orders. Always include ACT NAME when submitting by message, e-mail, or letter.

Example: NAVSTA NORVA OTH.

(j) **Class Course Data Processing Code (CDP Code).** Enter the CDP code from which member is graduating upon AVAIL submission.

(k) **Class Standing/Class Ranking.** Enter class standing if known.

4. **AVAIL Remarks.** It is essential that this section of the AVAIL be used to the fullest extent. Commands submitting AVAILs can rarely provide too much additional information in the report. The information submitted is used by NAVPERSCOM in making the correct assignment determination. As such, it is incumbent upon submitting commands to provide all pertinent information and to ensure that the point of contact's name, phone number, and e-mail address are provided in the remarks section.

a. **Applicable Remarks.** Some of these remarks, such as pregnancy and LIMDU AVAILs, have multiple remarks included as they relate to AVAIL information. More than one remark could apply, depending on a member's status.

(1) **Dropped From Course of Instruction:**

- Name of course of instruction.
- Date member was dropped.

(2) **Graduation from Course of Instruction:**

- Name of course of instruction.
- Three duty preferences when no further school applies, as provided by the training command. (Enter if learning center or school did not already provide to assignment control authority (ACA)).

(3) **Pregnancy:**

- Date of 20th week.
- Estimated delivery date.
- Location of household goods (HHG) and dependents' location, if applicable.
- Member (is/is not) TAD to another command while awaiting BUPERS orders, if so, TAD command (UIC XXXXX) (does/does not) desire to keep member for assigned pregnancy tour.
- Indicate whether member has a vehicle and a driver's license to determine member's ability to drive to and from home, place of duty, and the medical treatment facility (MTF).
- Indicate if member has been prescribed any medication(s) that would preclude her from driving a vehicle or affect the performance of certain duties.
- Any other pertinent information related to AVAIL status of member to aid in placement decision.
- Contact e-mail address and or phone number of the submitting command.

(4) **LIMDU:**

- ICD Code: (provided from medical board) Example: 305.1, 758.2.
- Number of months LIMDU specified in medical board.
- Physical limitations (provided from medical board).
- Location of HHG and dependents location.
- Member (is/is not) TAD to another command while awaiting BUPERS orders, if so, TAD command (UIC XXXXX) (does/does not) desire to keep member for LIMDU assignment.
- Indicate whether member has a vehicle and a driver's license to determine member's ability to drive to and from home, place of duty, and the MTF.
- Indicate if member has been prescribed any medication(s) that would preclude him or her from driving a vehicle or affect the performance of certain duties.
- Any other pertinent information related to AVAIL status of member not already provided which would be helpful in determining placement of member.
- Contact e-mail address and or phone number of the submitting command.

(5) **RTD from LIMDU or Physical Evaluation Board (PEB):**

- Date assignment screening was completed.
- World-wide assignable.
- Assignment limited.
- Date reclassification completed and determined disposition for accessions who are RTD after being dropped from course of instruction, when placed on LIMDU and or PEB status. (Personnel who have never been assigned to a permanent duty station in account category code (ACC) 100).
- Member's intentions (e.g., separate, continue on Active Duty, obligate service (OBLISERV) for orders, etc.).

(6) Other Medical Releases that Require Submission of an AVAIL:

- Released from medical hold and returned to duty.

(7) Member marries another Service member while both are assigned to the same non-shore and or operational command or share same reporting senior while assigned to a shore and or non-operational command that does not concur with both Service members having same reporting senior:

- Date of marriage.
- Rate, name, and last four digits of SSN of spouse.
- Request notice of which spouse will be transferred.

(8) Pending Perform to Serve (PTS) Approval:

- Indicate PTS pending.
- Date PTS process started (if known at time of AVAIL submission).

(9) Forced or Lateral Conversion:

- Indicate which was approved (forced or lateral).
- Provide date of approval.
- Reference substantiating document(s).

(10) Recommended for Special Programs:

- Indicate the program for which member is being recommended.
- Reference any substantiating documents.

(11) Nuclear Disqualification (DQ):

- Date of DQ.
- Reference substantiating document(s).

(12) Disqualified from Expeditionary Readiness, Overseas Contingency Operations Support Assignment (OSA) and or Individual Augmentee:

- Explain reason for DQ, in keeping with privacy rules.
- Date of DQ.

(13) Other DQs or Reasons for Reassignment:

- Indicate member's DQ and or why assignment or reassignment is required.
- Date DQ'd.
- Reference substantiating document(s).

(14) Released for Disciplinary Action:

- Last permanent duty station (PDS) and expiration of active obligated service (EAOS) in remarks section. (Required in case EAOS does not already reflect correctly in the Navy master file).
- Class "X" availability reports utilizing code "XB" or "XD" **must** indicate period of confinement and date time group of message from appropriate ACA that approves the command's request for the member not to be returned to last PDS.
- For members apprehended, convicted, and confined while in a travel status, indicate last duty station and new duty station in remarks section (e.g., SNM ENROUTE FRM RTC GREAT LAKES TO CVN-72, SPCM AWARDED 45 DAYS, VIOL ART 80).
- For members confined while en route to a new duty station, specify activity name in the remarks section.
- Last duty station and or ACC.

Example: ACC 100 (last permanent duty station)

- For members with less than 24 months OBLISERV, include in the availability remarks section the member's OBLISERV intentions.

(a) Will OBLISERV for _____ months.

(b) Will not OBLISERV.

b. **Other Remarks** (Other remarks which may apply).

(1) **Present Location of HHGs:**

- Indicate code for HHG and or primary dependency code only when AVAIL has to be submitted by message, e-mail, or letter that are not for pregnant or LIMDU personnel. Locality and homeport codes are available online through command career counselor or at <https://www.npc.navy.mil>.

(2) **Duty Preferences for Undesignated Personnel:**

- Indicate choices for non-rated or undesignated SN, FN, and AN personnel, if volunteered.

- Indicate choices for homeport (must be a fleet concentration area), a minimum of 3 choices for hull type or platform, and 3 choices for overseas duty. Refer to MILPERSMAN 1306-110 and <https://www.npc.navy.mil> for further guidance on enlisted duty preferences.

(3) **Voluntary or Involuntary Flight Duty for AT, AD, AE, and AM Ratings:**

- Indicate whether the member is physically qualified "PHY QUAL." or not physically qualified "NON-PHY QUAL" for duty involving flying as an aircrewman.

- If no facilities exist for conducting a flight physical examination or if time limitations preclude a flight physical examination prior to submission of the AVAIL report, indicate "NO PHY EXAM."

c. **Other.** Remarks not already provided in this article should be provided to aid in determining the placement of member.

d. **Contact.** If unsure of information to be included in the remarks section, contact NAVPERSCOM, AVAILS Program Manager (PERS-40GG).

MILPERSMAN 1306-1715

AVAILABILITY PROCESSING – INITIAL SUBMISSIONS

Responsible Office	NAVPERSCOM (PERS-40GG)	Phone	DSN: COM: FAX:	882-3779 (901) 874-3779 874-2647
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone: Toll Free	1-866-U ASK NPC	

1. **Availability Report.** An availability report (AVAIL) is the communication to the assignment control authority (ACA) that an individual requires assignment or reassignment. As the ACA is not the same for all personnel, timely submission of the AVAIL to the proper ACA is critical.

2. **Responsibility.** Navy commands and specific departments within Navy Personnel Command (NAVPERSCOM) are responsible for prompt and accurate submission of AVAILs on personnel who are available for assignment or reassignment. AVAILs are submitted using the Navy Standard Integrated Processing System (NSIPS), except as otherwise defined.

a. **Shore Activities (Duty Type 1, 3, or 6 as provided in MILPERSMAN 1306-102).** The servicing personnel support detachment (PERSUPP DET) or customer service desk (CSD) has sole responsibility to submit AVAILs, except as otherwise indicated under various MILPERSMAN articles of the 1306-1700 series.

b. **Non-Shore and or Operational Activities (Duty Type 2 or 4 as provided in MILPERSMAN 1306-102).** If a member requires reassignment before his or her established projected rotation date, the servicing PERSUPP DET or personnel office has sole responsibility to submit AVAILs, except as otherwise indicated under various MILPERSMAN articles of the 1306-1700 series.

c. **NAVPERSCOM.** Personnel assigned to specific billets at NAVPERSCOM may enter AVAILs in the Enlisted Assignment Information System (EAIS), as authorized by NAVPERSCOM, Enlisted Distribution Division (PERS-40). These billets are identified under various MILPERSMAN articles in the 1306-1700 series.

3. **Types.** There are two types of AVAIL reports: Immediate and non-immediate.

a. **Immediate.** Used for Sailors who are immediately available, or who will be available for orders in 21 days or less (e.g., type duty disqualifications, school nongraduates, former officers, accessions, brig or disciplinary releases, and students having less than 21 days from course graduation who have not already been issued orders). AVAILs for pregnant Sailors and Sailors in a medical release status, including those going to or from limited duty (LIMDU) status, are also considered "immediate" AVAILs.

b. **Non-immediate.** Used for Sailors who will be available in 22 days or more (e.g., planned deactivation, decommissioning, homeport changes of command, humanitarian tour releases, graduation from recruit training, and graduation from courses 22 days or more when orders have not already been issued to the member for follow-on assignment).

4. **Other Submission Methods.** AVAILs listed below will not be submitted using NSIPS, regardless of NSIPS capability.

a. **Pregnancy and LIMDU.** Class "DP" AVAILs for members who become pregnant and class "YH" AVAILs for members who are placed on LIMDU will be submitted by the servicing PERSUPP DET or personnel office (as applicable) to NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013C) by e-mail as indicated below:

(1) **M_MILL_PERS4013_AVAILS@navy.mil**, when using the NMCI global address listing; or

(2) **MILL_PERS4013_AVAILS@navy.mil**, when not using the NMCI Global address listing. **Note: The first M_ is not included when not using NMCI.**

b. **Fleet Personnel Approved for "A" School.** Class "DT," "DU," "DV," and "DW." Personnel onboard a permanent duty station approved to attend formal training under the Fleet Rating Identification Engine and or Perform to Serve (PTS) Programs. These AVAIL classifications are controlled by designated NAVPERSCOM personnel responsible for monitoring fleet personnel. MILPERSMAN 1306-1700 and MILPERSMAN 1306-1704 provide guidelines.

(1) **Special Operations and Master-at-Arms Ratings.** The applicable AVAIL will be entered by NAVPERSCOM, SEABEE/SEAL/SWCC/EOD Diver Assignment Branch (PERS-401) and the Admin/Deck/

Security/Supply Assignment Branch (PERS-405) when writing orders for personnel approved for special operations and the master-at-arms ratings.

(2) **Other Ratings.** The applicable AVAIL will be entered by NAVPERSCOM, Shore Special Programs Assignment Section (PERS-4010) when writing orders for those approved for all other ratings.

c. **Nuclear Power School Graduates.** Class "LD" AVAILS for graduation from nuclear power school and from nuclear power training unit will be submitted by the Training Support Center (TSC). The TSC is responsible for sending notification to NAVPERSCOM with a copy to the servicing PERSUPP DET and or CSD for members graduating from designated courses. An AVAIL will be entered by NAVPERSCOM when notification is received. Refer to MILPERSMAN 1306-1700 and MILPERSMAN 1306-1707.

(1) **NPS Graduates.** Pending notification from the training support center (TSC) and upon graduation from NPS, a class "LD" AVAIL will be entered into EAIS by the NAVPERSCOM, Submarine Nuclear Qualifications Coordinator (PERS-403F) for students transferring to an NPTU.

(2) **NPTU Graduates.** Pending notification from the TSC, a class "LD" AVAIL will be entered by NAVPERSCOM, Human Resources Assistant (PERS-403CQ) for NPTU graduates transferring to sea duty, instructor duty, or for additional training.

d. **Fleet Replacement Squadron Graduates.** A class "LN" AVAIL will be entered in EAIS by the NAVPERSCOM, Aircrewman Mechanical (AWF) or Aircrewman Avionics (AWV) Aircrew Detailer (PERS-404EH) for students graduating from flight instruction with flight training evolutions. Refer to MILPERSMAN 1306-1700 and MILPERSMAN 1306-1707.

e. **Command Status Change.** Class "DE," "DD," "DF," and "DH" AVAILS will be submitted for personnel attached to commands scheduled for deactivation, a change in mission, or billet reduction due to a commercial activity study, or the elimination of requirements. Designated personnel at NAVPERSCOM will liaise with affected activity or command to determine a command personnel phasing plan, then enter the applicable AVAIL in EAIS. MILPERSMAN articles 1306-1700, 1306-1704, 1306-1100, and 1306-1800 provide specific guidance.

5. **Alternate Submission Methods.** Commands that are required to submit AVAILs in compliance with directives, but do not have NSIPS capability, will submit AVAILs to the appropriate ACA using an alternate method. Except as provided in paragraph 4a through 4e, AVAILs will be submitted by:

a. **Navy Message Traffic.** Contact NAVPERSCOM, AVAILs Program Manager (PERS-40GG) prior to AVAIL submission. Refer to NAVPERSCOM website: <http://www.npc.navy.mil> to determine ACA desk codes. The Detailer Phone book under the Enlisted Detailing tab provides these codes. Ensure NAVPERSCOM (PERS-40GG) is included as an info addressee.

b. **E-Mail.** Contact NAVPERSCOM (PERS-40GG) prior to AVAIL submission. AVAILs may be submitted via encrypted e-mail. Send the information copy to MILL PERS-40 AVAILSCOORDINATOR@NAVY.MIL.

c. **Postal Letter.** Contact NAVPERSCOM (PERS-40GG) prior to AVAIL submission. This method may be utilized when other methods are not available.

6. **Other AVAIL Information**

a. **Students.** Personnel attending schools under orders, with next assignment already scheduled, do not require an AVAIL submission unless their status changes or they are dropped from training. MILPERSMAN 1306-1707 provides further guidance.

b. **Active Duty for Special Work (ADSW).** Do not submit an AVAIL on ADSW personnel. Contact NAVPERSCOM, Augmentation Division (PERS-4G) for further information. Refer to NAVPERSCOM website <http://www.npc.navy.mil/CareerInfo/Augmentation>

c. **Travel Status.** If member is in a travel status, accounting category code 400, he or she **must** be reported on board for duty prior to AVAIL submission.

d. **Excess Personnel.** Do not submit availability reports on excess personnel. Action to assign personnel in excess or make excesses available for reassignment will be initiated by the cognizant manning control authority, their agent, or NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013). MILPERSMAN 1306-132 provides further guidance.

7. **NSIPS Initial AVAIL Function Code.** Using the initial AVAIL function code (I) under NSIPS depends on the reason for the AVAIL submission.

a. Member is initially made available for orders and initial AVAIL is submitted.

b. AVAIL date has changed after receipt of orders and formal modification is needed.

c. AVAIL classification code has changed after receipt of orders or orders have not been received yet (e.g., nominated for special programs, or dropped from course of instruction).

Note: If an initial AVAIL was entered into NSIPS, the previous AVAIL must be deleted prior to resubmission.

d. AVAIL rate is corrected or changed.

Note: If an initial AVAIL was entered into NSIPS, the previous AVAIL must be deleted prior to resubmission.

e. Member is available for transfer again after the previous AVAIL was deleted because the available date had previously been undetermined.

8. **NSIPS Change Function Code.** Using the change AVAIL function (code (c) under NSIPS) routes the AVAIL to the same order writer when orders have not been received and the AVAIL classification and or AVAIL rate have not been affected.

9. **AVAIL Report Formats.** Exhibits 1 through 6 of this article provide examples of AVAIL report formats and submission methods for certain classifications of AVAILs. The same format can be used for other AVAIL classifications as they relate to the AVAIL report being submitted. MILPERSMAN 1306-1714 provides data item descriptions and definitions. It also provides a list of commonly used remarks when submitting an AVAIL report.

EXHIBIT 1

INITIAL AVAIL - NSIPS PANEL

(Fill in fields to reflect AVAIL information)

AVAILABILITY REPORT - E-MAIL FORMAT - PREGNANCY

(Refer to MILPERSMAN 1306-1714)

SUBJECT LINE: CLASS "DP" AVAIL ICO AO1 SAILOR-1111

(1) **SSN:** 9999 (Last 4 SSN)

(2) **NAME:** SAILOR IAM SHIPPY

(3) **UIC:** 03360

(4) **AVAIL RATE:** AO1

(5) **ENEC/NEC:** (if none enter 0000)

(6) **AVAIL DATE:** 100301

(7) **AVAIL CLASS:** DP

(8) **ACTIVITY NAME (ACT NAME):** USS ALWAYS SAIL (DDG 333)

(9) **REMARKS:**

- Date of 20th week.
- Estimated delivery date.
- Location of Household Goods (HHG) and dependents' location.
- Member (is/is not) TAD to another command while awaiting BUPERS orders, if so, TAD command (UIC XXXXX) (does/does not) desire to keep member for assigned pregnancy tour.
- Indicate whether member has a vehicle and a driver's license to determine member's ability to drive to and from home, place of duty, and the medical treatment facility.
- Indicate if member has been prescribed any medication(s) that would preclude her from driving a vehicle or affect the performance of certain duties.
- Any other pertinent information related to AVAIL status of member to aid in placement decision.
- Contact e-mail address and or phone number of the submitting command.

AVAILABILITY PROCESSING - TRACER ACTION AFTER REPORT SUBMISSION

Responsible Office	NAVPERSCOM (PERS-40GG)	Phone	DSN: Com: Fax:	882-3779 (901) 874-3779 874-2647
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone: Toll Free	1-866-U ASK NPC	

1. **Tracer Action on Availability Reports.** Timely tracer actions (ADTAKes) on availability reports (AVAILs) are required when orders have not been received after a specific amount of time has passed from submitting initial AVAIL.
2. **Responsibility**
 - a. **Shore Activities (Duty Type 1, 3, or 6 as Provided in MILPERSMAN 1306-102).** The servicing personnel support detachment (PERSUPP DET) or customer service desk (CSD) has sole responsibility to submit AVAILs, except as otherwise indicated under various MILPERSMAN articles in the 1306-1700 series.
 - b. **Non-shore and Operational Activities (Duty Type 2 or 4 as Provided in MILPERSMAN 1306-102).** If a member requires reassignment before their established projected rotation date (PRD), the servicing PERSUPP DET or personnel office (as applicable) has sole responsibility to submit AVAILs, except as otherwise indicated under various MILPERSMAN articles in the 1306-1700 series.
3. **Verify AVAIL and Orders Status.** Using whatever means available (e.g., Navy Standard Integrated Processing System (NSIPS) reports, the Enlisted Master File F3 and F6 screen, Bureau of Naval Personnel online listing (BOL), any feedback from Navy Personnel Command (NAVPERSCOM), etc.), verify that the assignment control authorities have received the AVAIL, the assignment directives (orders) have been released or transmitted with a release date, and the estimated date of loss to the Navy (EDLN) has been documented. If the Service Member's PRD has been adjusted to show that he or she will remain onboard, or if

other feedback is provided from NAVPERSCOM or the command that AVAIL is not needed, change the AVAIL or delete as necessary.

4. **ADTAKE Report Submission.** Submit ADTAKE on AVAIL using same method as initial AVAIL submission (e.g., NSIPS, e-mail to NAVPERSCOM, Enlisted Personnel Readiness & Support Branch (PERS-4013), etc.). Use work days to determine when the ADTAKE is to be submitted. NSIPS should automatically calculate work days for when an AVAIL ADTAKE is due. This calculation is based on the available for transfer date of member on the most recent AVAIL report submitted. Member should keep resurfacing on the AVAIL ADTAKE report as each tracer action is due until orders are received or the AVAIL is deleted if no longer needed.

a. **Immediate AVAILS.** When the AVAIL date is in 21 days or less, and for class "DP" AVAILS, initiate an ADTAKE action if orders have not been received 14 days after the initial AVAIL submission date and every 10 days thereafter.

b. **Non-Immediate AVAILS.** When the AVAIL date is in 22 days or more, initiate an ADTAKE action if orders are not received within 14 days prior to the AVAIL date and every 10 days thereafter.

5. **Other ADTAKE Report Submission Information.** Submit the AVAIL ADTAKE submission report at the end of each day after all other AVAIL transactions have been completed. If the NSIPS AVAIL ADTAKE submission report is sent prior to any AVAIL transactions (e.g., initial, changed, deleted), such transactions may not save or cause rejects on anyone that may be scheduled for an ADTAKE that day.

6. **ADTAKE Concerns.** PERSUPP DET or CSD should contact NAVPERSCOM, AVAILS Program Manager (PERS-40GG) when orders have not been received, nor direction provided for further disposition of member from command or NAVPERSCOM after numerous ADTAKE inquiries.

MILPERSMAN 1306-1717

AVAILABILITY PROCESSING - CHANGES AND DELETIONS AFTER INITIAL REPORT SUBMISSION

Responsible Office	NAVPERSCOM (PERS-40GG)	Phone	DSN: Com: Fax:	882-3779 (901) 874-3779 874-2647
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone: Toll Free	1-866-U ASK NPC	

1. **Availability Change.** Status changes can occur at any time after initial submission of an availability report (AVAIL) which may require changes, corrections, removal, or submission of a new AVAIL. MILPERSMAN 1306-1707 provides further guidance on status changes for students after an AVAIL submission.

2. **Responsibility**

a. **Shore Activities.** The servicing personnel support detachment (PERSUPP DET) or customer service desk (CSD) to the shore activity (**duty, type 1, 3, or 6 as provided in MILPERSMAN 1306-102**) to which member is attached while awaiting orders is responsible for submitting changes, cancellations, deletions, and new AVAILS. They are also responsible for correcting AVAILS previously submitted with erroneous information (e.g., available rate should have been PSSN vice YNSN).

b. **Non-shore and Operational Activities (Duty Type 2 or 4 as provided in MILPERSMAN 1306-102).** If member is authorized to remain onboard while awaiting permanent change of station orders, the servicing PERSUPP DET or personnel office (as applicable) is responsible for submitting changes, deletions, and new AVAILS. The PERSUPP DET afloat or personnel office (as applicable) is also responsible for correcting AVAILS previously submitted with erroneous information (e.g., available rate should have been PSSN vice YNSN), if member is still onboard when correction is needed.

3. **Command.** The command personnel administrative support system coordinator or command representative shall ensure the PERSUPP DET and or CSD is notified when a member's status

changes so action can be taken to initiate changes or removal of an AVAIL.

The command shall also request advice on further disposition from applicable assignment control authority (ACA) and provide feedback to the PERSUPP DET or CSD on members who have already received orders and transfer date is delayed or becomes undeterminable.

4. **Verify AVAIL and Orders Status.** Using whatever means available (e.g., Navy Standard Integrated Processing System (NSIPS) reports, the Enlisted Master File F3 and F6 screen, Bureau of Naval Personnel online listing (BOL), any feedback from Navy Personnel Command (NAVPERSCOM), etc.), verify that the assignment control authorities have received the AVAIL, the assignment directives (orders) have been released or transmitted with a release date, and the estimated date of loss to the Navy (EDLN) has been documented. If the Service Member's PRD has been adjusted to show that he or she will remain onboard, or if other feedback is provided from NAVPERSCOM or the command that AVAIL is not needed, change the AVAIL or delete as necessary.

5. **AVAIL Date Changes and Deletions.** AVAIL date can be sooner or later than previously scheduled (e.g., early graduation from self paced course of instruction, delayed, setback while under instruction) and can become undeterminable due to hold status (e.g., medical, legal, clearance).

a. If orders were received, a new AVAIL will normally be submitted once available transfer date is determined. However, a new AVAIL may not be necessary, depending on whether feedback from the command provides need for formal modification of orders.

b. If orders have not been received and AVAIL date is undetermined, or will be at a later date requiring formal order modification, current AVAIL will be deleted. A new AVAIL will be submitted when transfer date is determined.

6. **Other Changes and Deletions**

a. Other AVAIL changes provide new information to the ACA when necessary (e.g., rate change from Aircrewman Mechanical (AWF) to Aircrewman Helicopter (AWS) while under instruction and training path is modified, when member is dropped from a course of instruction or nominated/selected for a specific program and

an AVAIL is replaced with different class AVAIL, or if a member becomes pregnant after returned from limited duty).

b. If member will no longer be transferring (e.g., remain onboard, separate, etc.) and removal is needed, delete the AVAIL.

7. **Report Submission Methods.** Submit changes and deletions of AVAILs using the same method as the initial AVAIL submission (e.g., NSIPS, naval message, or encrypted e-mail to NAVPERSCOM, Enlisted Personnel Readiness & Support Branch (PERS-4013)).

a. **NSIPS Change AVAIL Function Code.** Use the change function code (C) when the reason for change does not affect or change the desk code or ACA that received previous AVAIL.

(1) AVAIL date has changed and orders not received.

(2) Remarks changed or updated to correct previous information or provide additional information.

b. **NSIPS Delete AVAIL Function Code.** Use the delete function code (D) depending on status change.

(1) Member has become unavailable for transfer and available date is now "undetermined".

(2) Member is no longer available for transfer (e.g., will remain onboard, pending separation, pending disciplinary action, etc.).

(3) AVAIL rate was either erroneous or has changed and needs to reflect correctly.

(4) AVAIL class code has changed (e.g., nominated for other or special programs or dropped from course of instruction, no longer pregnant, etc.).

8. **Remarks.** Provide AVAIL information per paragraph 2 of MILPERSMAN 1306-1714 and include reason for change in remarks.

Example 1: Changed AVAIL, AVAIL date changed, REMARKS: "AVAIL date changed from 120308 to 120503. Academic setback. Original AVAIL was submitted by NSIPS on 120112."

Example 2: Changed AVAIL, not attending another "A" school,
REMARKS: "Dropped from PS "A" school on 120701."

Example 3: Changed AVAIL, nominated or selected for a specific
program (e.g., submarine, nuclear, special operations, etc.,)
dependent on class AVAIL. REMARKS: "Specify (nominated or
selected) for (indicate program)."

References	(a) Diary Message Reporting System Users' Manual (DMRSMAN)
------------	---

1. **Policy**. An availability report is the communication to the assignment control authority (ACA) that an individual requires assignment/reassignment. In that the ACA is not the same for all personnel, it is **critical** that local commands transmit the availability to the proper ACA.

2. **Submission Methods for Availability Reports**

a. For activities using the Navy Standard Integrated Personnel System (NSIPS), all availabilities will be submitted using NSIPS. For activities **not** on NSIPS, submit all availability reports to

Navy Personnel Command (NAVPERSCOM)
Personnel Readiness Section (PERS-4013C),
PLAD: COMNAVPERSCOM MILLINGTON TN//DIARY//

per reporting procedures outlined in reference (a), section 2, using the formats in section 15.

b. The following exceptions apply:

(1) Class "F" (accessions) and Class "D" Code "DZ" availabilities. Submit via naval message per MILPERSMAN 1306-1716.

(2) Class "D" Code "DG" availabilities. Submit via naval message to NAVPERSCOM, Nuclear Power/Submarine Assignment Branch (PERS-403F).

(3) Full Time Support (FTS) availability reports. Submit all FTS availability reports to Navy Personnel Command (NAVPERSCOM), Full Time Support Division (PERS-4012).

(4) Active Duty for Special Work (ADSW). **Do not submit** availability reports on ADSW personnel. Contact NAVPERSCOM, Reserve Augmentation Division, ADSW Liaison (PERS-46), for further information.

(5) Members in receipt of orders or in a temporary duty under instruction (TEMDUINS) status under orders with an ultimate (follow on) duty assignment.

(a) If a member in this category becomes available, availability report **must** be submitted via naval message to the appropriate ACA.

(b) If member is a travel status (accounting category code (ACC) 400), member **must** be reported on board for **duty** prior to availability submission.

3. Transmission Methods for Availability Reports

a. The **primary means** of transmitting availability reports are Diary Message Reporting System (DMRS) and NSIPS.

b. Listed below are **alternative means** for transmitting availability reports to the appropriate ACAs. These alternate means should be used for certain class availabilities or when use of primary method(s) is not possible or will not meet specific criteria of availability report.

	(PERS-4010)			

References	NAVSO P-6034, Joint Federal Travel Regulations
	(JFTR)
	BUPERSINST 7040.6
	BUPERSINST 7040.7

1. **Policy.** This article contains administrative procedures required incident to a change of homeport or permanent duty station (PDS) location.

a. The term "homeport" used in this article includes the homeport of a sea going vessel or PDS location of an aviation squadron or shore activity.

b. Activities designated to change will receive notification from the Chief of Naval Operations (CNO) as to the effective date of the change.

(1) Promulgation. This is normally the date of the message or letter issued by the CNO directing the new homeport of an activity. It may also be specified in the body of the message or letter.

(2) Effective Date. Date specified in the message or letter issued by the CNO directing the homeport change of an activity.

c. Although a change in homeport may require redesignation of an activity's type duty classification (e.g., from Type 1 to Type 6 or from Type 2 to Type 4), changes in duty for rotational purposes (i.e., sea to shore) are rarely necessary.

d. Procedures contained in this article pertain only to those situations when no change in the type duty for rotational purposes is changed.

e. Navy Personnel Command (NAVPERSCOM), Sea, Special Programs Branch (PERS-402D) is the placement monitor for surface units requiring a change of homeport or PDS.

f. Navy Personnel Command (NAVPERSCOM), Submarine/Nuclear Power Assignments Branch (PERS-403) is the placement monitor for sub-surface units requiring a change of homeport or PDS.

g. Navy Personnel Command (NAVPERSCOM), Aviation Assignment Branch (PERS-404) is the placement monitor for air units requiring a change of homeport or PDS.

h. Navy Personnel Command (NAVPERSCOM), Shore Special Assignments Branch (PERS-4010) is the placement monitor for shore units requiring a change of PDS.

i. A "Homeport Change Brief" will be provided by the appropriate NAVPERSCOM code for each fleet unit changing homeport if requested.

j. Other MILPERSMAN articles pertaining to change of homeport or PDS are as follows:

Topic	See MILPERSMAN
Overseas/Remote Service General Information	1300-300
Suitability and Selection for Overseas Service	1300-302
Suitability for Overseas Assignment Screening and Reporting	1300-304
Overseas Tour Lengths and Types	1300-308
Units Transitioning to Overseas Locations	1300-312
Dislocation Allowance (DLA) and Secretary of the Navy Finds (SECNAV FIND)	1300-400
Military Couple and Single Parent Assignment Policy	1300-1000
Guard 2000 Program	1306-1002
Change of Homeport or Permanent Duty Station (PDS) of a vessel, Ship-Based Squadron or Staff, or Mobile Unit	1320-322
Early Separations	1910-102

2. **Entitlements.** As a general rule, individuals receiving orders to an activity after the promulgation date of a homeport change will have their entitlement to travel of dependents and shipment of household goods based on newly announced homeport.

a. Eligible members attached to the activity on the effective date are entitled to movement of dependents and shipment of household goods based on newly announced homeport.

b. NAVPERSCOM (applicable code) will issue additional guidance for fleet activities changing homeport to an overseas location or between overseas locations.

3. **Individuals Who Are Under Orders To The Unit When The Homeport Change Is Announced.** Members who are notified of a homeport change, whose dependents have not performed any travel incident to the permanent change-of-station (PCS) orders, will be entitled to transportation of dependents from member's old PDS to the unit's new homeport.

a. Every effort will be made by the last PDS, all en route temporary duty stations, and the unit changing homeport to officially notify individuals who are under orders of the announced homeport change.

b. Official notification will be made in one of the following ways:

(1) An endorsement, typed or written, on the PCS orders stating the impending homeport change and the new homeport; or

(2) A copy of the CNO message announcing the homeport change will be attached to the PCS orders; or

(3) A copy of the NAVPERSCOM message modifying the entitlements of members under orders from the old homeport to the new homeport will be attached to the PCS orders.

c. In the event a member completes his PCS travel to the unit without being officially notified of the homeport change, a homeport change certificate may be issued if the Commanding Officer (CO) deems it necessary. Acceptable circumstances warranting the issuance of a homeport change certificate include, but are not limited to:

(1) Household effects have been delivered in the geographical location of the old homeport, (if the household effects have not been delivered, they should be forwarded to the

new homeport using the accounting data contained on the member's PCS orders, using the NAVPERSCOM message, which modifies entitlements to the new homeport, as authority).

(2) A cross country relocation is required and the member desires to ship a privately owned conveyance (POC).

(3) Dependent travel claims in conjunction with the member's PCS travel have been liquidated, (if the claims have not yet been liquidated, travel should be continued to the new homeport using the NAVPERSCOM message, which modifies transportation entitlements to the new homeport, authority).

4. Member To Be Detached From A Unit, Which Is Changing Homeport. When a member receives PCS orders from a ship or afloat staff, prior to the effective date of the homeport change, reimbursement for the travel of dependents is limited to a distance not to exceed that from the old homeport of the unit to the new PDS, even if the member's actual date of detachment does not occur until after the effective date of the change of homeport.

a. The entitlement homeport/PDS is changed in the activity file upon receipt of the CNO promulgation message. PCS orders will reflect the new homeport/PDS when issued after the CNO message and prior to the effective date of the homeport/PDS change. To ensure members receive their proper entitlements for transportation of dependents and shipment of household goods from the "old homeport/PDS" orders will include the following statement in the Detaching Section, Part TWO of PCS orders:

"ON _____ (DATE) _____ CNO PROMULGATED CHANGE OF HOMEPORT/PDS OF _____ (VESSEL/UNIT) _____ TO _____ (NEW HOMEPORT) REIMBURSEMENT FOR DEPENDENT TRAVEL AND SHIPMENT OF HOUSEHOLD GOODS FROM _____ (OLD HOMEPORT) _____ IS AUTHORIZED. (SEE NAVSO P-6034, para. U5222-D-5 OR U5222-I AND U5350-J."
--

6. Homeport Change Certificate. When dependent travel is performed incident to a change of homeport of a unit, the claim or application for dependent's transportation will be accompanied by the original and two copies of a homeport change certificate, signed by the CO or designated representative.

a. Not more than one original certificate will be issued to any one member on the same change of homeport or PDS of a ship or afloat staff. The certificate will be prepared with 4 copies to

satisfy the requirements of the personal property transportation office, for the shipment of household goods. In the case of a lost original certificate, refer to NAVSO P-6034, for the procedures for submission and payment of claims involving lost original orders.

b. NAVSO P-6034, para. U5222-D, prescribes dependent travel entitlements when a change of homeport occurs while assigned to a restricted area, unusually arduous sea duty, or duty under unusual circumstances. NAVSO P-6034, para. U5222-H prescribes entitlements when a homeport change occurs while assigned to duty with a ship, afloat staff, or an afloat unit, which is not considered duty involving unusual or arduous sea duty.

c. BUPERSINST 7040.6 and BUPERSINST 7040.7 contain guidance for preparing accounting data to be used on the homeport change certificate.

d. For a sample Homeport Change Certificate, refer to Exhibit 1.

e. Restrictions

(1) Member must remain onboard a minimum of twelve months after the effective date of homeport change to be eligible for Homeport Change Certificate.

(2) A member without dependents on the effective date of homeport change will not be issued a homeport change certificate **UNLESS** the member plans to ship household goods/private owned motor vehicle incident to the change.

(3) Members in receipt of PCS orders shall not be issued homeport change certificates. COs should contact the appropriate NAVPERSCOM code for confirmation of transfer directives for personnel whose Projected Rotation Date (PRD) is within six months after the effective date. If the member has received, or will be issued, PCS orders, travel and transportation entitlements will be in accordance with the PCS orders using the accounting data contained therein.

(4) When a member has less than 90 days obligated service (OBLISERV) on the effective date of a homeport change and does not desire to reenlist/extend, separation orders will be issued in lieu of a homeport change certificate. The following points are emphasized:

(a) Separation orders may not be issued more than 6 months prior to expiration of active obligated service (EAOS) without prior NAVPERSCOM (PERS-814) approval.

(b) If the member extends enlistment or reenlists prior to being detached from the ship or mobile unit, orders directing separation or release from active duty will be cancelled and, if otherwise proper, a homeport change certificate issued.

6. **Secretary of the Navy Finds (SECNAVFIND).** MILPERSMAN 1300-400 provides procedures for requesting a SECNAVFIND in connection with a homeport change. Upon receipt of authorization from NAVPERSCOM, the CO shall issue a modified homeport change certificate per Exhibit 2.

7. **Early Separation.** Requests for separation when the remaining OBLISERV is less than 90 days must be submitted to the Type Commander (TYCOM), info NAVPERSCOM (PERS-832).

a. If member's services can be spared, the member will be transferred for separation; if not, the member will be required to accompany the ship to the new homeport or the mobile unit to its new PDS.

b. In all cases when the homeport of a ship or command changes, the unit's CO, with TYCOM approval, may effect a member's release within 5 days of departure for the new homeport when there would be insufficient time to return the member to the old homeport for separation processing or to complete separation processing at the new homeport prior to the member's EAOS.

8. **Members in Receipt of Fleet Reserve Orders**

a. Members in receipt of orders for transfer to the Fleet Reserve or Retired List who desire to make the homeport/PDS change must receive approval from NAVPERSCOM (PERS-823) for modification of effective date for transfer to the Fleet Reserve/Retired List.

b. In these cases approval will not be granted if the period of active duty is reduced to less than the minimum time required for transfer to the Fleet Reserve.

9. **Transportation Authorization.** When the homeport of a **ship or afloat staff only** is changed, the CO may issue a PCS travel authorization based on the official homeport change notification authorizing the member to proceed to the old homeport, and

return, via any Temporary Duty (TDY)/Temporary Additional Duty (TEMADD) stations(s).

a. The statement of endorsement must be either signed directly by the CO or acting CO and not "By Direction".

b. If the ship or afloat staff is at the old homeport, the member may proceed from the old homeport to the new homeport and return to the ship or afloat staff via any TDY/TEMADD station(s).

c. Such authorization will be issued when it is deemed necessary for the member to travel to assist in the movement of dependents, shipment of HHG, to pick up personal items, or to bring the member's POC to the new homeport.

d. This entitlement will expire 1 year from the effective date of the homeport change.

e. If a member is on leave from a deployed ship or afloat staff whose homeport is changed, refer to NAVSO P-6034, para. U5120-F1.

f. Travel to and from the authorized destinations are treated as separate legs of the journey. Members should only be authorized transportation allowances for POC on one leg of the journey as described in NAVSO P-6034, para. U5107. Travel for the other leg of the journey should be directed by government procured transportation.

g. Detailed instructions for the preparation of the travel order can be found in Exhibit 3.

10. **Reassignment Procedures.** When an activity's homeport is changed, onboard personnel are in all stages of tour completion. To avoid unnecessary PCS expenditures incurred by moving individuals incident to a homeport change and then moving them again when they have completed their Prescribed Sea Tour (PST) or Normal Shore Tour (NST), the following procedures will apply to personnel attached to activities scheduled for homeport change.

a. **Members Serving In Type Duty 1 and 6.** Those members who have completed a NST will be reassigned to sea duty. Those members who have not completed a NST will be reassigned in accordance with the following decision logic table:

Rule	If member has ...	Member will be assigned to ...	and PRD set ...	Note
1	0-6 months remaining NST	Sea Duty	to PST.	1,3,4,
2	7-12 months remaining on NST	Shore Duty	to complete 12 months at follow on assignment.	2,3,4,5
3	13 months or more remaining on NST	Shore Duty	as required to complete NST.	2,3,4,5

Note 1: Personnel assigned a 24 month NST are exempt from this policy. Individuals in this category will complete their NST.

Note 2: Personnel who desire a specific location as number one reassignment priority may be required to transition to sea duty and serve the PST in the new assignment.

Note 3: Most situations will not allow for no-cost reassignments in the same geographical area. Cost assignments within the continental United States (CONUS) will be to force concentration sites where reasonable expectations exist that a follow on sea tour billet will exist at the completion of NST. The tour length at the new duty station involving cost transfer will be set to appropriate Department of Defense (DoD) area tour overseas or completion of NST (minimum tour of 12 months) in CONUS. Follow on sea assignment will be at the same location when following Rule 2. Individuals must OBLISERV for the DoD overseas area tour.

Note 4: Career personnel will be assigned without regard to OBLISERV, except for DoD overseas assignments.

Note 5: Non-career personnel who do not desire to acquire necessary OBLISERV may be assigned to sea duty.

*** Exception:** For Nuclear Trained Personnel this period shall be 24 months due to requalification requirements.

b. **Members serving in Type Duty 2, 3, and 4.** If reassignment is required, it will normally be in accordance with the following decision logic table:

Rule	If member has ...	Member will be assigned to ...	and PRD set ...	Note
1	6 months or less remaining on PST	Shore Duty	to NST.	1,2
2	7 months or more remaining on PST, but 6 months or less remaining until PRD	Another Sea Duty activity	to complete PST.	
3	7 months or more remaining on PST, and 7 months or more remaining until PRD	Remain onboard	To PRD or one year whichever is greater.	

Note 1: Career personnel will be assigned without regard to OBLISERV.

Note 2: Non-career personnel must have or agree to acquire a minimum of 24 months OBLISERV to be eligible for assignment ashore. Non-career personnel who do not desire to acquire necessary OBLISERV will be retained on board for completion of PST/PRD or EAOS.

c. **Members serving on reenlistment/enlistment incentives.** Personnel who will be on board less than 1 year as of the effective date after reenlisting under a Guaranteed Reenlistment (GUARD) 2000 incentive or returning to active service under the Prior Service (PRISE) III program may have assignment renegotiated if members are non-volunteers for transfer to the new homeport.

(1) MILPERSMAN 1306-1002 provides guidance for terms of guarantee under GUARD assignment. Members should contact NAVPERSCOM (applicable code) upon official announcement of homeport change in order to renegotiate reenlistment/enlistment incentives.

(2) MILPERSMAN 1300-1000 provides guidance for assignments made with collocated spouse. Assignments will be reviewed on a case basis by NAVPERSCOM. Members may be given the option to remain in current homeport if valid requirement exists or relocate to the new homeport.

11. **Types of Homeport Changes.** Homeport changes are necessitated by changes in naval organizations, programs, or when they will improve the administration and operation of the activity concerned.

a. Homeports will normally be reassigned only on the basis that such assignment will remain in effect for a period of 6 months or longer.

b. **Change of Homeport from CONUS to CONUS.** These homeport changes are usually for a period of 6 months or longer and normally involve homeports located on the same coast (e.g., San Diego, CA to Long Beach, CA or Norfolk, VA to Philadelphia, PA). Such reassignments are made in connection with overhaul, transfer to the Naval Reserve Force (NRF), or unit reorganization.

(1) Upon receipt of the CNO announcement of the change of homeport, COs will submit to NAVPERSCOM (applicable code) info Enlisted Placement Management Center (EPMAC), a listing of **non-essential** personnel recommended for reassignment prior to the effective date of homeport change.

(2) These personnel will be reassigned **without onboard relief**. In cases where relief is required prior to shift of homeport, the following format will be utilized:

- (a) Name, rate, SSN
- (b) Recommended transfer month
- (c) Contact relief required (YES/NO)
- (d) If gap acceptable, state number of months
- (e) Duty preference/comments

(3) Submit this listing to the appropriate NAVPERSCOM code identified in paragraph 2.

(3) When recommending a member for reassignment, such factors as EAOS, eligibility for reenlistment incentives, and individuals' career intentions must be considered.

(4) If a member is eligible for GUARD assignment, submit request in accordance with MILPERSMAN 1306-1002.

(5) Personnel whose expertise and skills are required on board after effective date of homeport change **need not be included** in message or letter.

(6) On board PRDs will not be extended unless requested by the member.

(7) Additional guidance, if required, will be provided for ships changing homeports from one coast to another (e.g., Norfolk, VA to San Diego, CA) and ships changing homeport scheduled to undergo Service Life Extension Program (SLEP).

c. Change of Homeport to an Overseas Location. As soon as the CNO officially announces the homeport change, COs will determine suitability per MILPERSMAN 1300-302 and 1300-304.

(1) COs shall submit to NAVPERSCOM (applicable code), with info copy to TYCOM, and EPMAC, a listing of personnel who are:

(a) Not qualified for overseas duty per MILPERSMAN 1300-302 and 1300-304. These personnel will be transferred prior to the effective date of homeport change.

(b) Volunteers for the new homeport.

(c) Non-volunteers for the new homeport.

(d) Personnel with 6 months or less remaining on PST/PRD computed from effective date of homeport change and are non-volunteers.

(e) Under reenlistment/enlistment incentives with less than 12 months on board after effective date of homeport change and are non-volunteers.

(f) Serving with collocated spouse. Indicate whether reassignment or relocation to the new homeport is desired.

(2) Identification of personnel retained on board will be categorized as follows:

(a) Volunteers Accompanied/Volunteers All Others Tour. Members desiring to remain on board to complete applicable tour.

(b) Non-volunteers (NVOL). Those personnel who do not desire to remain on board. These personnel may be retained on board for a maximum of 24 months or until completion of PRD/PST whichever is less.

(3) If assignment of a member selected from fleet volunteers is not feasible due to change in policy, funding constraints, member's withdrawal, advancements, or if the member is no longer eligible for such duty, NAVPERSCOM (applicable code)

will provide replacement from available assets in accordance with Manning Control Authority (MCA) priorities.

(4) It is most desirable that units changing homeport to an overseas location be manned with volunteers to the maximum extent feasible. However, it is often necessary to retain some non-volunteers on board to fill key billets during the transition period to maintain crew stability, provide experienced watches, and to man units in accordance with specified manpower levels when sufficient volunteers or replacements are not available.

(5) Personnel who are undecided will be afforded the opportunity to elect accompanied or "all others tour" at a later date provided they incur the required OBLISERV and complete applicable tour. However, members are cautioned regarding use of entitlements prior to making a decision, which could effect further entitlements to the new homeport.

(6) Members who volunteer to remain on board the unit after transitioning to an overseas homeport will complete applicable "accompanied/all others tour." Personnel shall incur sufficient contractual OBLISERV prior to departure of ship from CONUS.

(7) Every effort will be made to reassign non-essential personnel who are not volunteers to remain on board during the transition period in accordance with this article. However, if not enough volunteers or replacements are available, members will be required to remain on board until PRD or 24 months after effective date, whichever is less. PRDs of non-volunteers will not be involuntarily extended.

(8) Non-volunteers, who choose to have their dependents accompany them or elect to bring POC or HHG to the new overseas location, shall have their PRD adjusted to reflect applicable tour per MILPERSMAN 1300-308.

d. Change Of Homeport From An Overseas Location To Conus For Overhaul And Return To Previous Overseas Location. Since overhaul, conversion, or aircraft transition periods vary from 6 months to more than 17 months, transitioning units in this type of homeport change must be considered as an exception to the normal transition policy. Units returning to CONUS will receive a change of homeport notice, which will assign for the purpose of travel entitlements, a CONUS homeport.

e. Change Of Homeport From One Overseas Location To Another Overseas Location. Personnel currently onboard these units will be retained for completion of current tour.

(1) Exceptions are as follows:

(a) Personnel no longer qualified for continued overseas duty. Disqualification shall be documented in the members' service record.

(b) Personnel with less than 6 months remaining on PST/PRD and who are non-volunteers will be reassigned prior to effective date or sail date whichever is earlier on a case basis. Factors to be considered for early transfer are presence of dependents on station and availability of replacement.

(c) Personnel assigned with collocated military spouse and single parents should be identified to NAVPERSCOM (PERS-40) who will review each assignment on a case basis. Indicate whether assignment is desired to a new or old homeport.

(2) Members currently serving an "all others tour" at the old homeport may elect accompanied tour at the new location provided they agree to remain onboard for completion of required area tour of the new homeport and acquire required OBLISERV prior to the effective date of homeport change.

f. Change Of Homeport Incident To Flagship Turnover Or Exchange Of Tender Duty. Reassignment policy for units in this category will be provided by separate correspondence due to the unique situation.

(1) For planning purposes, the general policies for homeport change will apply. In addition, the following reassignment procedures may be utilized:

(a) On board personnel desiring to remain with present command may be retained provided all requirements are met in accordance with the current assignment policy.

(b) Personnel will be afforded every opportunity to remain in present homeport by requesting exchange of duty per MILPERSMAN 1306-700.

(c) When exchange of duty is limited due to ship's design (e.g., nuclear vs. conventional), self-negotiated swaps with other units in the same area may be authorized.

(d) All other requirements such as overseas screening if applicable, and OBLISERV must be completed prior to transfer.

12. **PRD Adjustments and Modifications.** To provide continuity, a phased rotation of personnel after homeport change is necessary.

a. When the unit manning profile is established, the CO may request PRD adjustments of maximum plus or minus 90 days from completion of elected tour.

b. When recommending PRD adjustments, such factors as time remaining on active duty, tour election, time remaining on PST, usage of entitlements, and desires of individual should be considered.

c. For confirmation of PRD adjustments, refer to Enlisted Distribution Verification Report (EDVR).

13. **Homeport Change Conference.** When deemed necessary by the MCA, TYCOM, and NAVPERSCOM due to complexity of crew manning considerations, a Homeport Change Conference will be convened.

a. The following items should be reviewed:

(1) Unit's manning requirements.

(2) Selection and assignment of fleet volunteers.

(3) Compliance with assignment and entitlement policies.

(4) Other matters in connection with crew mergers, crew stability and unit personnel readiness.

b. The Homeport Change Conference will normally be convened and chaired by the TYCOMs representative, with attendees from the MCA, EPMAC, NAVPERSCOM, and the unit changing homeport.

EXHIBIT 1

SAMPLE HOMEPORT CHANGE CERTIFICATE

(Activity name)

(Date)

I hereby certify that (member's full name) was permanently assigned to (activity's name) with the rank/rate (rank/rate or applicable grade) when the (letter/message) from the Chief of Naval Operations (file/date or DTG of message) was received on board, changing the (homeport/permanent duty station location) of this activity from (old location) to (new location) effective (date of change). Change of homeport is incident to commencement/completion of overhaul (if applicable). Ship or unit has been designated as unusually arduous sea duty (if applicable).

EXHIBIT 3

DETAILED INSTRUCTIONS FOR PREPARATION OF THE TRAVEL ORDER

The travel authorization is issued as a travel order, at the command level preferably on the unit's letterhead bond paper.

- BLOCK 1 (Number):** Serial number assigned by the unit.
- BLOCK 2 (Date):** Date authorization is prepared.
- BLOCK 3 (Name):** Type member's full name - Last name, first name, and middle.
- BLOCK 4 (Grade/Rate):** Enter member's pay grade and rating abbreviation.
- BLOCK 5 (SSN):** Enter member's social security number with hyphens between the third and fifth digits. Example: 123-45-6789.
- BLOCK 6 (Branch/Class):** Enter the abbreviation of service (USN, USNR, etc.).
- BLOCK 7 (Old/New homeport):** Enter the City and State, or country, which travel is authorized to.
- BLOCK 8 (Old/New homeport):** Enter the City and State, or country, which member is directed to return to.
- BLOCK 9 (Unit):** Enter the full title of the unit changing homeport.
- BLOCK 10 (Date-time-group):** Self explanatory.
- BLOCK 11 (Days Leave):** Enter the number of days leave is authorized in conjunction with this travel.
- BLOCK 12 (Days Travel):** Enter the number of days travel time is authorized per MILPERSMAN 1320-100.
- BLOCK 13 (Days Proceed):** Enter the number of days proceed time is authorized per MILPERSMAN 1320-090.

BLOCK 14 (Advanced LV RATS Requested): Enter if applicable.

BLOCK 15 (Advanced MALT/Flat PER DIEM authorized): Enter if applicable.

BLOCK 16 (Months Advanced Pay Authorized): Enter number of months advance pay is authorized, if any.

BLOCK 17 (City): Self Explanatory.

BLOCK 18 (State/Country): Self Explanatory

BLOCK 19 (POC State and License number): Self Explanatory.

BLOCK 20 (City): Self Explanatory.

BLOCK 21 (State/Country): Self Explanatory

BLOCK 22 (Leave address and phone number): Self explanatory.

BLOCK 23 (Accounting Data): Refer to BUPERSINST 7040.6 for PCS Travel, as it pertains to travel incident to a change of homeport. Accounting data for TEMDUINS will be provided by NAVPERSCOM if applicable.

BLOCK 24 (Narrative): Any intermediate stations will be provided, with accounting data and specifics, by NAVPERSCOM. If there are no intermediate stations, include only ultimate duty station information, to include the UIC, activity name and mailing address, and the report not later than hour and date.

BLOCK 25 (Signature of Member): Self explanatory.

BLOCK 26 (Travel Commenced): Hour and date member is authorized to begin this travel.

BLOCK 27 (Authenticating signature, rank, title): The signature shall be that of the CO of the activity, or, when the CO delegates such authority to a subordinate officer, master chief, senior chief, chief petty officer, petty officer first class, or civilian, may be "by direction of the CO." The authenticating signature will be affixed only to the original order.

EXAMPLE:

(1) Travel Authorization Order Number: _____ (2) Date:
(3) Name (4) Grade/Rate (5) SSN (6) Branch/Class)

is hereby authorized travel at government expense to (7) (old/new homeport) and return to (8) (old/new homeport). This travel is granted as a result of the homeport change of (9) (unit). Authority for this change: Chief of Naval Operations message (10) (date-time-group).

Authorized: (11) 00 DAYS LEAVE (14) ADV LVRATS REQUESTED
(12) 00 DAYS TRAVEL (15) ADV MALT PLUS FLAT PER DIEM
(13) 00 DAYS PROCEED TIME (16) 0 MONTH AD PAY AUTH

POC TRAVEL IS AUTHORIZED FOR TRAVEL FROM (17) CITY, (18) STATE/COUNTRY) TO (CITY, STATE/COUNTRY) ONLY. (19) (POC State and license number).
GOVERNMENT AIR IS DIRECTED FOR TRAVEL FROM (20) CITY, (21) STATE/COUNTRY) TO (CITY, STATE/COUNTRY).

(22) Leave address and phone number:

(23) ACCOUNTING DATA:

PCS: XX
TEMDUINS PER DIEM XX (if applicable)

(24) Reporting station(s) will appear in reporting station sequence (i.e., Intermediate 1, 2, 3, and Ultimate, as applicable). Data provided for each reporting station is: UIC, Activity Name, ACC - Type of assignment, Report Not Earlier Than Date (YY MM DD), (if applicable), Report Not Later Than Hour (required for first reporting station only), Homeport, - City, At Location of Reporting Station, Additional Reporting Instructions, School Class Convening Date (YY MM DD), and mailing address of each reporting station.

I have read and understand these orders and instruction:

(25) (Signature of Member)

(26) Travel commenced:
0000, 00 XXX 03

(27) (Signature and title of Commanding Officer
or designated representative)

MILPERSMAN 1320-020

MESSAGE ORDERS FOR INACTIVE DUTY RESERVE OFFICERS

Responsible Office	NAVPERSCOM (PERS-812)	Phone:	DSN	882-3208
			COM (901)	874-3208
			FAX	882-2738

1. Purpose

a. The contents of message orders contained in this article (referred to as "Forms") will be used by recruiting offices, or other commands as appropriate, as guides in preparing written orders in proper order format to be delivered to each officer concerned. Each of these forms (ALPHA - ECHO) are divided into two parts:

(1) Part I: to be used by the Navy Personnel Command (NAVPERSCOM) to transmit the message orders to the action addressee for issuance of the orders;

(2) Part II: to be used by the action addressee (recruiting offices or other commands as appropriate) upon receipt of Part I to issue the orders in implementing Part I.

b. The combination of Parts I and II will be transmitted by the action addressee in Part I to each officer concerned with ample copies for:

(1) Disbursing officers.

(2) Movement of family members and household goods.

(3) Use by the officer in compliance with the orders.

2. Message Orders by Telegram. In cases where message orders are relayed to an officer by telegram, the following action will be taken:

a. The originating authority shall send the complete orders in the prescribed form.

b. The officer concerned, upon presentation to the disbursing officer, shall endorse on the telegram they received the words "Original orders received" and affix their signature. This certification will be sufficient to enable the disbursing officer to make reimbursement for mileage without further confirmation.

3. **Form ALPHA.** Form ALPHA is to be used for an officer who has accepted a commission with no waiver of physical defects. See below for examples of both parts of this form.

Part I - Example:

UNCLAS NAVPERSCOM ORDER NR 146210 FORM ALPHA MILPERSMAN 1320-020.
LT BYRON G WHITE 628156/1105 222 W MADISON ST LYNN MASS PROREP
NAVSTA NORVA ON 10 AUG ACDU.

Part II - Example:

From:
To:

Ref: NAVPERSCOM message (date/time group)

1. Proceed and report to (fill-in) for physical examination, including flight physical if being ordered to DIFOT. (Reservists will be considered physically qualified for assignment to active duty provided they meet the physical standards set forth in the NAVMED P-117, Manual of the Medical Department. Where appropriate, a conditional waiver of the physical standards may be granted per the NAVMED P-117.) You are ordered to temporary active naval service for this purpose and considered in temporary active duty status during the time required and travel necessary. If found physically qualified within 12 months prior to the effective date of these orders and no substantial change in your physical condition has occurred, a physical examination is not required under NAVMED P-117 (MANMED 15-77). If found physically qualified, or if a conditional waiver is granted by the examining activity, and a later review of your complete medical record by the Bureau of Medicine and Surgery (BUMED) reveals evidence of a defect of condition which is considered to be of sufficient importance to preclude the reasonable performance of the duties of your grade and designator on the active list, you will be

considered not physically qualified and the unexecuted portion of your orders will be canceled.

2. If found not physically qualified, immediately return to the above address. Upon arrival at the above address consider yourself released from temporary active duty and forward a copy of these orders with all endorsements to the Navy Personnel Command (Staff Corps officers, forward an additional copy to the cognizant bureau, command, or office), to the Chief of Naval Air Reserve Training, if appropriate, and to the Naval Reserve Personnel Center, New Orleans, Louisiana 70149. In this event, the examining medical officer shall advise NAVPERSCOM by message referencing these orders, stating defects in detail together with action taken and recommendations, if any, with information copies to BUMED and (insert the information addressees on these orders).

3. If found physically qualified, immediately return to the above address. Upon arrival at the above address consider yourself released from active duty until such time as is necessary to (fill-in reporting instructions).

NOTE: Alternate paragraph 3 to be used when a future reporting date is not specified: If found physically qualified, (fill-in reporting instructions).

4. Accounting data: (fill-in)

5. Travel via private conveyance is permitted at your option for your personal convenience.

6. You are advised to make no personal plans for active duty until found physically qualified and not to move family members until you have reported for duty and have suitable quarters for them.

7. A certified copy of these orders, with all endorsements, shall be forwarded to the Naval Reserve Personnel Center, New Orleans, Louisiana 70149.

8. If serving under orders authorizing your participation in a Naval Reserve Program in a pay or nonpay status, you are directed to request termination of your inactive duty training orders, via the appropriate chain of command, to be effective not later than the day preceding the date of reporting to active duty in compliance with these orders.

4. **Form BRAVO.** Form BRAVO is to be used for an officer who has accepted a commission with a waiver of physical defects. See below for examples of both parts of this form.

Part I - Example:

UNCLAS NAVPERSCOM ORDER NR 146210 FORM BRAVO MILPERSMAN 1320-020.
LT BYRON G WHITE 628156/1105 222 W MADISON ST LYNN MASS WAIVED
LTR (REF & DATE) PROREP NAVSTA NORVA ON 10 AUG ACDU.

Part II - Example:

From:

To:

Ref: NAVPERSCOM message (date/time group)

1. Proceed and report to (fill-in) for physical examination, including flight physical if being ordered to DIFOT. (Reservists will be considered physically qualified for assignment to active duty provided they meet the physical standards set forth in the NAVMED P-117, Manual of the Medical Department. Where appropriate, a conditional waiver of the physical standards may be granted per the NAVMED P-117.) You are ordered to temporary active naval service for this purpose and considered in temporary active duty status during the time required and travel necessary. If found physically qualified within 12 months prior to the effective date of these orders and no substantial change in your physical condition has occurred, a physical examination is not required under NAVMED P-117 (MANMED 15-77). Since physical defects were waived by NAVPERSCOM (PERS-(fill-in)), further waiver will not be required if disabilities are essentially the same as to character and degree. If found physically qualified, or if a conditional waiver is granted by the examining activity, and a later review of your complete medical record by the Bureau of Medicine and Surgery reveals evidence of a defect or condition which is considered to be of sufficient importance to preclude the reasonable performance of the duties of your grade and designator on the active list, you will be considered not physically qualified and the unexecuted portion of your orders will be canceled.

NOTE: Paragraphs 2, 3, 4, 5, 6, 7, 8, and 9 are the same as in Form ALPHA.

5. **Form CHARLIE.** Form CHARLIE is to be used for an officer who has not accepted a commission and has no waiver of physical defects. See below for examples of both parts of this form.

Part I - Example:

UNCLAS NAVPERSCOM ORDER NR 146210 FORM CHARLIE MILPERSMAN 1320-020. LT BYRON G WHITE 628156/1105 222 W MADISON ST LYNN MASS

1. Upon acceptance of appointment as (fill-in) proceed and report to (fill-in) for physical examination, including flight physical if being ordered to DIFOT. (Reservists will be considered physically qualified for assignment to active duty provided they meet the physical standards set forth in the NAVMED P-117, Manual of the Medical Department. Where appropriate, a conditional waiver of the physical standards may be granted per the NAVMED P-117.) You are ordered to temporary active naval service for this purpose and considered in temporary active duty status during the time required and travel necessary. If found physically qualified within 12 months prior to the effective date of these orders and no substantial change in your physical condition has occurred, a physical examination is not required under NAVMED P-117 (MANMED 15-77). If found physically qualified, or if a conditional waiver is granted by the examining activity, and a later review of your complete medical record by the Bureau of Medicine and Surgery reveals evidence of a defect or condition which is considered to be of sufficient importance to preclude the reasonable performance of the duties of your grade and designator on the active list, you will be considered not physically qualified and the unexecuted portion of your orders will be canceled.

NOTE: Paragraphs 2, 3, 4, 5, 6, and 7 are the same as in Form ALPHA.

6. **Form DELTA.** Form DELTA is to be used for an officer who has not accepted a commission but with a waiver of physical defects. See below for examples of both parts of this form.

Part I - Example:

UNCLAS NAVPERSCOM ORDER NR 146210 FORM DELTA MILPERSMAN 1320-020.
LT BYRON G WHITE 628156/1105 222 W MADISON ST LYNN MASS WAIVED
LTR (REF & DATE) PROREP NAVSTA NORVA ON 10 AUG ACDU.

Part II - Example:

From:

To:

Ref: NAVPERSCOM message (date/time group)

1. Upon acceptance of appointment as (fill-in) proceed and report to (fill-in) for physical examination, including flight physical if being ordered to DIFOT. (Reservists will be considered physically qualified for assignment to active duty provided they meet the physical standards set forth in the NAVMED P-117, Manual of the Medical Department. Where appropriate, a conditional waiver of physical standards may be granted per the NAVMED P-117.) You are ordered to temporary active naval service for this purpose and considered in temporary active duty status during the time required and travel necessary. If found physically qualified within 12 months prior to the effective date of these orders and no substantial change in your physical condition has occurred, a physical examination is not required under NAVMED P-117 (MANMED 15-77). Since physical defects were waived by NAVPERSCOM (PERS-(fill-in)), further waiver will not be required if disabilities are essentially the same as to character and degree. If found physically qualified, or if a conditional waiver is granted by the examining activity, and a later review of your complete medical record by the Bureau of Medicine and Surgery reveals evidence of a defect or condition which is considered to be of sufficient importance to preclude the reasonable performance of the duties of your grade and designator on the active list, you will be considered not physically qualified and the unexecuted portion of your orders will be canceled.

NOTE: Paragraphs 2, 3, 4, 5, 6, and 7 are the same as in Form ALPHA.

7. **Form ECHO.** Form ECHO is to be used for an officer being ordered to temporary active duty, then released to inactive duty. See below for examples of both parts of this form.

Part I - Example:

UNCLAS NAVPERSCOM ORDER NR 146210 FORM ECHO MILPERSMAN 1320-020.

Part II - Example:

From:
To:

Ref: NAVPERSCOM message (date/time group)

1. Proceed and report to (fill-in) for physical examination, including flight physical if being ordered to DIFOT. You are ordered to temporary active naval service for this purpose and will be considered in a temporary active duty status during the time required and travel necessary. If found physically qualified within 12 months prior to the effective date of these orders and no substantial change in your physical condition has occurred, a physical examination is not required under NAVMED P-117, Manual of the Medical Department (MANMED 15-77).
2. If found not physically qualified, immediately return to the above address. Upon arrival at the above address consider yourself released from temporary active duty and forward a copy of these orders with all endorsements to the Navy Personnel Command (Staff Corps officer, forward an additional copy to the cognizant bureau, command, or office), to the Commander, Naval Reserve Force if appropriate, and to the Naval Reserve Personnel Center, New Orleans, Louisiana 70149. In this event, the examining medical officer shall advise NAVPERSCOM by message referencing these orders, stating defects in detail together with action taken and recommendations, if any, with information copies to Bureau of Medicine and Surgery and (insert the information addresses on these orders).
3. If found physically qualified, immediately return to the above address. Upon arrival at the above address, consider yourself released from active duty until such time as is necessary to (fill-in reporting and detaching instructions.)

NOTE: Alternate paragraph 3 to be used when a future reporting date is not specified: If found physically qualified, (fill-in reporting and detaching instructions.)

4. Accounting data: (fill-in)

5. If the period of duty specified by these orders is 90 days or more, travel via private conveyance is permitted at your option for your personal convenience.

6. A certified copy of these orders, with all endorsements, shall be forwarded to the Naval Reserve Personnel Center, New Orleans, Louisiana 70149.

7. This assignment to active naval service is subject to your consent.

8. This duty is creditable under 10 U.S.C. 12732 for retirement point accounting when properly substantiated.

9. If service under orders authorizing your participation in a Naval Reserve Program, in a pay or nonpay status, your orders to inactive duty training are not terminated but are not effective during your period of temporary active duty. Your orders to inactive duty training are effective the day following completion of your temporary active duty.

MILPERSMAN 1320-030

DELEGATION OF AUTHORITY TO ISSUE ORDERS AND ADMINISTRATIVE CONTROL OF ORDERS AND TRAVEL

Responsible Office	NAVPERSCOM (PERS-455)	Phone:	DSN	882-4148
			COM	(901) 874-4148
			FAX	882-2693

Governing Directives	OPNAVINST 4650.15
	Joint Federal Travel Regulations (JFTR), Volume I
	NAVPERS 15559B, Officer Transfer Manual
	NAVPERS 15909G, Enlisted Transfer Manual

1. Authority to Issue Orders

a. Competent orders for **officers** are issued and approved by Chief of Naval Personnel (CHNAVPERS), or commands authorized by CHNAVPERS.

b. Orders for **enlisted** personnel are issued or approved by Navy Personnel Command (NAVPERSCOM), or by commands authorized by NAVPERSCOM.

c. Orders signed by Assistant Chief of Distribution or by Acting CHNAVPERS shall have the full force and effect of orders issued by CHNAVPERS.

d. Orders issued by CHNAVPERS or NAVPERSCOM may be modified only by CHNAVPERS or NAVPERSCOM. In this regard, port calls issued by Navy Passenger Transportation Offices (NAVPTO) in connection with transoceanic or international travel are considered to be an authorized modification to orders. See OPNAVINST 4650.15.

2. Delegation of Authority to Field Commands. Only CHNAVPERS or NAVPERSCOM can delegate authority to field commands to issue orders and such authority is limited to specific types of orders. Commands that have been authorized by CHNAVPERS or NAVPERSCOM to issue orders may direct subordinate commands to issue orders to personnel by name or number, for specific assignments, or for travel. Orders issued to officers by field

commands must reference the authority to issue orders delegated by CHNAVPERS.

3. **Change of Duty Orders Involving Flying Status.** Unless so stated, the delegating authority to issue change of duty orders shall not authorize other commands to order officers to or from a duty involving flying status. Care should be taken to retain the phrase "duty in a flying status" in all orders that order members to/from duty involving flying.

4. **Administration of Travel**

a. Navy Personnel Command is charged with the administration of travel by Navy personnel and their family members. Travel regulations and entitlements are contained in volume I of JFTR, NAVPERS 15559B, and NAVPERS 15909G; and supplementary instructions published as instructions and notices. Orders shall be as complete as practical. When members are entitled to transportation of family members and shipment of household goods at Government expense, or when travel at personal expense subject to reimbursement is authorized, individual orders shall be issued to each member.

b. Each fiscal year funds are appropriated for the travel of those naval personnel and family members issued orders under the authority of CHNAVPERS or NAVPERSCOM. To conserve these funds and make them suffice for the entire fiscal year, it is the responsibility of every command delegated authority to issue orders to stay within any quarterly allotments granted to them and to limit travel to that considered essential and in the best interests of the Navy.

MILPERSMAN 1320-040

REQUIRED SIGNATURES ON PERMANENT CHANGE OF STATION (PCS) ORDERS WRITTEN IN THE FIELD

Responsible Office	NAVPERSCOM (PERS-451H)	Phone:	DSN	882-4198
			COM	(901) 874-4198
			FAX	882-2693

1. Policy

a. Orders, extensions, or modifications thereof in letter form originated and written in the field shall be signed only by the commanding officer (CO) of the command authorized to issue orders, or by a subordinate to whom the CO has specifically delegated, in writing, such authority. When signed by a subordinate, the words "by direction of the (command title)" shall appear after the title of the office of the subordinate. The delegation of signature authority by the CO does not relieve the accountable officer of liability for funds expended under that authority.

b. Letter orders to officers written in the field that quote or reference a letter directive, or message orders issued by Chief of Naval Personnel (CHNAVPERS) or by a field command authorized to initiate orders, are competent orders and may be signed "by direction" by a subordinate specifically designated by the CO or officer in charge (OIC).

PERMANENT CHANGE OF STATION TRANSFER ORDER (PCSTO), DELIVERY, INTERPRETATION, AND EXECUTION

Responsible Office	NAVPERSCOM (PERS-455)	Phone:	DSN	882-4148
			COM	(901) 874-4148
			FAX	882-2693

Governing Directives	Catalog of Navy Training Courses (CANTRAC), Volume 2 NAVPERS 15559B, Officer Transfer Manual NAVPERS 15909G, Enlisted Transfer Manual OPNAVINST 4650.15
-------------------------	--

1. **Policy.** Permanent change of station transfer orders, both letter and message, will be written using plain language with a minimum of codes, abbreviations, and acronyms so orders will be more easily understood and will not require translation prior to execution. Only standard abbreviations (e.g., EDA, EDD, NLT, NET, PRD, ACC, DNEC, CONV, BSC, etc.) and activity titles will be used as they appear on other automated documents. Abbreviated course titles may also be used along with the course identification numbers as listed in CANTRAC, volume II.

2. **Disposition of Orders**

a. Original letter orders and any modifications will be mailed to the Personnel Support Activity Detachment (PSD) assigned in support of the officer's activity. Activities not supported by Pay and Personnel Administrative Support System (PASS) office will receive original letter orders direct.

b. Message orders will be transmitted to the activities involved with the order via the Communications Centers serving them. Message orders shall be locally reproduced by the PASS office supporting the member. One copy will be certified "Original Message" over the signature of the commanding officer (CO) or officer-in-charge of the processing activity (or their designated representative). In cases where message orders are relayed to a member by telegram, the following action will be taken: the officer concerned, upon presentation to the disbursing officer, shall endorse the telegram received, with

the words "Original Orders Received" and affix their signature. This certification will be sufficient to enable the disbursing officer to make reimbursement for mileage without further confirmation.

c. Commands receiving orders shall promptly deliver such orders and each modification, if any, of orders to the member and shall indicate delivery by an official delivering endorsement on the orders or modifications.

d. Although the order will be addressed via activities providing personnel support, they are directed to the member being transferred. Authority to specify the detachment date within the month of detachment remains with the member's reporting senior.

e. Orders to officers shall direct their detachment from their primary duty only, unless they have been assigned accountable duty. Officers with additional duty at other activities will be considered detached from such duty upon their detachment from their primary duty. Reference to additional duty shall not be made in detaching orders. Upon detachment, information copies of the orders shall be furnished to the activity or activities to which an officer has been assigned additional duty.

f. Procedures for processing a member's orders are found in NAVPERS 15559B, chapter 2; or NAVPERS 15909G, chapter 23.

3. **Reporting for Duty.** In carrying out the order, officers shall report to the CO or commander of the activity named in the orders for permanent duty, permanent duty under instruction, temporary duty, or temporary duty under instruction, etc., unless otherwise specified in the orders. Deviation of the order must be approved by CHNAVPERS, and when required, a modification issued prior to the member's detachment form, or reporting to, the final activity stated in the order. Application procedures are found in NAVPERS 15559B, chapter 2.

4. **Proceed Time and Travel Time**

a. The date of detachment is a day of Leave, PT, or Travel Time (TT). Date of detachment is only a day of duty if the member detaches and reports on the same day with no allowable TT. The day of arrival is a day of duty. When a member is detached from one permanent duty station and is ordered to

another permanent duty station, the orders may allow 4 days proceed time, as outlined in MILPERSMAN 1320-090, in addition to travel time outlined in MILPERSMAN 1320-100. The word "proceed" is synonymous with "commence travel" and should not be construed as entitlement to proceed time.

b. Unless a specific reporting date is directed in the order, members ordered to report for duty at a place or to proceed to any point and report for duty shall do so within 4 days after date of detachment, exclusive of the proceed time, travel time, and authorized leave provided in the order or delineated elsewhere in this manual. See OPNAVINST 4650.15 concerning circuitous travel for constructive travel time when traveling via a circuitous route.

c. Where there is some degree of urgency for a member to report to a new station and there is no known requirement for the full 4 days proceed time, orders shall specify a time frame within which the member must report for duty, e.g., "Upon detachment, proceed and report NLT 12 hours after detachment, exclusive of travel time."

5. **Detaching Instructions**. Definition of specific detaching instructions appearing in the detaching activity section of the orders is found in NAVPERS 15559B and NAVPERS 15909G.

MILPERSMAN 1320-080

ORDERS AUTHORIZING TRAVEL WITH OR WITHOUT REIMBURSEMENT

Responsible Office	NAVPERSCOM (PERS-454C)	Phone:	DSN	882-4198
			COM	(901) 874-4198
			FAX	882-2693

1. General

a. Original written orders issued by competent authority are required for official travel and for reimbursement of expenses incident thereto, except as provided in Joint Federal Travel Regulations, volume 1 and Navy Travel Instructions for members in the special category of duty with, or under training for, the Military Airlift Command, Marine Corps Transport Squadrons, or Fleet Tactical Support Squadrons, while on duty away from their permanent stations. Message orders when properly endorsed, or orders written in the field which quote or reference a letter directive, TWX, NTX, or message orders issued either by Navy Personnel Command (NAVPERSCOM) (PERS-454), or by field commands who are authorized to initiate orders.

b. Orders given in the field which quote or reference verbal orders received from competent authority must be confirmed by the authority who gave such verbal orders within 7 days of issuance. Confirmation must be accomplished by reducing the verbal orders to writing or by approving orders given in the field referencing such verbal orders. Reimbursement for travel expenses under such orders may not be made until such confirmation is obtained.

c. Travel orders in any of the above categories which are not originated by competent authority must be approved by Chief of Naval Personnel or NAVPERSCOM to allow reimbursement for travel expenses incurred in compliance with orders.

d. If separate orders have not been issued by higher authority, commanding officers, when transferring enlisted members who are entitled by law to transportation of family members and household goods at government expense, shall prepare individual orders to them by name in order to lessen the

possibility of problems that might arise in regard to the payment of claims or procurement of transportation.

e. Commands should not direct members to perform travel on official Navy business without furnishing necessary transportation or without wording the orders to provide for reimbursement of transportation expenses. When travel may be desirable from the Navy's viewpoint but cannot be justified sufficiently as official Navy business to warrant the expenditure of limited travel funds, or when a member requests administrative absence for purposes specified elsewhere in this manual, any command which has authority to issue temporary additional duty orders may write an "authorization" permitting the member addressed to travel at no expense to the government. Such authorization must always contain the following clause:

"This permissive travel authorization is issued with the understanding that you will not be entitled to reimbursement for any travel, transportation, per diem, or miscellaneous expenses in connection with its execution. If you do not desire to bear these expenses personally, you may choose not to execute this permissive travel authorization and it will be considered canceled."

f. Reimbursement for transportation and for expenses incident to travel performed in obedience to orders is allowable only from the place to which the orders are addressed. In the event an activity receives travel orders incorrectly addressed and the member concerned is no longer at that address, the orders should not be forwarded until the command issuing the orders has been advised and issues necessary instructions. Generally, the issuing command should reissue the orders to the correct address.

2. Travel Abroad

a. Members ordered abroad shall obtain passports as specified in Navy Passenger Transportation Manual (OPNAVINST 4650.15).

b. Arrange all official transportation and related supplemental services such as no-fee passports and visas through the Navy Passenger Transportation Office at the appropriate Personnel Support Activity Detachment.

3. **Temporary Duty (TEM DU)**. All orders to TEMDU which must be accomplished during a specific period, e.g., a course of instruction convening on a certain date, shall specify the required reporting and per diem entitlement commencement date. This date shall be determined and specified by the order issuing and/or delivering authority following:

a. **Orders to temporary duty under instructions (TEM DUINS)** shall direct the member to "report not later than (date)." This date normally should be 1 day prior to the scheduled commencement of the TEMDU to permit a reasonable period for administrative processing. Further the orders shall direct the member to "report not earlier than (date)." In most cases this date should be 1 day prior to the "not later than date." In addition, the orders shall state:

"Per diem entitlement commences (report not earlier than date) unless the early detachment or early commencement of temporary duty is determined to be in the best interests of the government."

The "report not earlier than" date is applicable to each intermediate duty station. Procedures for reporting endorsements for members who arrive at the TEMDU station prior to the "report not earlier than" date are prescribed in MILPERSMAN 1320-140 governing endorsement of orders upon reporting for duty.

b. **Detaching endorsements on all orders directing TEMDU en route to a permanent duty station** shall include the following statement:

"Entitlement to per diem for the TEMDU directed by these orders will be per MILPERSMAN 1320-080."

When a member must be detached earlier than the latest date determined necessary to permit reporting on the required date, considering allowable travel time and leave desired, the detaching command shall include the following statement in the orders or the detaching endorsement:

"Detachment this date considered in the best interests of the government because (fill-in)."

Acceptable reasons for early detachment are utilization of barracks space, ship movements, uncertain transportation schedules to be utilized by members traveling from duty stations outside the United States, or for any other specific good and sufficient cause.

c. **The above endorsements and "report not earlier than" dates** for enlisted members shall be entered on NAVCOMPT 536, Standard Transfer Order under Supplemental Instructions for Intermediate Reporting.

MILPERSMAN 1320-090

PROCEED TIME IN EXECUTION OF ORDERS

Responsible Office	OPNAV (N13)	Phone:	DSN	225-3322
			COM	(703) 695-3322
			FAX	225-3311

1. Proceed Time

a. Proceed time is a period of time not chargeable as leave, delay, or allowed travel time. It is granted for the purpose of facilitating necessary personal arrangements inherent in certain permanent change of station (PCS) orders.

b. The amount of proceed time permitted is dependent upon the urgency of the transfer, but will not exceed 4 days.

c. The word "proceed" is synonymous with "commence travel status" and should not be construed as entitlement to proceed time.

2. Time According

a. Any delay authorized is chargeable as leave and is in addition to proceed and travel time. The day of detachment is a day of travel or leave as applicable.

b. When the member is detached from overseas duty, starts and finishes overseas travel, and arrives in the 48 contiguous United States or District of Columbia on the same day, that day is considered a day of travel for elapsed time accounting.

3. PCS Order Terms and Definitions. When authorized by subsequent paragraphs, the following terms used in PCS orders, as displayed in the table below, indicate the amount of proceed time authorized:

WHEN a PCS order reads...	THEN report within...
Report or proceed and report (4 days proceed time)	4 days, exclusive of travel time, subsequent to detachment.
Report or proceed and report without delay (48 hours proceed time)	48 hours, exclusive of travel time, subsequent to detachment.
Report or proceed and report immediately (12 hours proceed time)	12 hours, exclusive of travel time, subsequent to detachment.
Ultimate assignment - FOR DUTY/ DUINS (4 days proceed time)	4 days, exclusive of travel time, subsequent to detachment.

4. **When Is Proceed Time Authorized**

a. Proceed time is authorized only when members are executing PCS orders to or from

(1) ships or mobile units having a sea/shore rotation Code 2 or 4;

(2) an "all others" tour; and

(3) overseas accompanied tours, includes from overseas to overseas, but not in same geographical location.

b. Commanding officers (COs) of ships changing home port may authorize proceed time only in conjunction with the movement of

(1) household goods (HHG), or

(2) a member's privately owned vehicle (POV).

c. Proceed time shall not be construed as authority to miss reporting dates and times specified in the orders. A modification or cancellation of the unexecuted portion of the original orders received at any point between the old and the new permanent duty station (PDS) does not entitle the member to additional proceed time.

d. Entitlement to proceed time for members not specifically authorized in this article shall be determined by:

Office of Chief of Naval Operations
Manpower, Personnel, Training, and
Education Policy Division (N13)

5. **Types of Orders not Authorized Proceed Time**. Regardless of other considerations, proceed time is not authorized in conjunction with the following types of orders, as displayed in Lists "A" and "B" below.

6. **Order Type List "A"**. The following order types are not authorized proceed time:

a. Orders from inactive duty:

Home,
place of enlistment,
recruiting station or recruit training center,
Officer Candidate School,
Naval Reserve Officer Training Corps (NROTC), or
Naval Academy.

b. To:

Active duty at a PDS.
Temporary duty under instruction (TEMDUINS) of less than 20 weeks.
TDY of 6 months or less and then to a PDS.

c. Orders to:

An activity for separation processing,
home from a separation activity, or
proceed to the locale of the member's choice upon separation.

d. Orders to temporary additional duty (TEMADD).

e. Orders for group travel, i.e., orders issued to three or more members traveling in a group from the same point or origin to the same destination under one order, which has been designated a "group travel order" by the order issuing authority.

7. **Order Type List "B"**. The following additional order types are not authorized proceed time:

a. Orders that have no-cost to the Government provision.

b. Orders to enlisted members expressing haste, i.e., leave is not authorized by the order issuing authority.

c. Orders between two ships having the same home port.

d. Orders for leave, except where prevailing instructions grant leave as delay in reporting in connection with a transfer.

e. Orders to and from units afloat and ashore located in same metropolitan areas or less than 25 miles apart.

8. **Metropolitan Area**

a. A metropolitan area is defined as the corporate limits of the city or town in which the member is stationed.

b. The home port of the unit afloat should be used in determining entitlement to proceed time regardless of ship location.

c. The following examples are provided:

Example 1. Member on shore duty at Cecil Field, FL is directed PCS to a ship home ported at Mayport, FL: Proceed time is not authorized since both Mayport and Cecil Field are within the corporate limits of Jacksonville, FL.

Example 2. Member on shore duty at Coronado, CA is directed PCS to a ship home ported at San Diego, CA: Proceed time is not authorized since Coronado and San Diego are less than 25 miles apart, even though in different corporate limits.

9. **Permanent Duty Station (PDS)**

a. PDS, as used in this article, is defined as the assignment

(1) to duty by PCS orders at the same activity for a period of more than 6 months, or

(2) assignment to a school or combination of schools at the same location for a period of 20 weeks or more,

the limits of which are the corporate limits of the city or town in which the member is stationed, or homeport in the case of members assigned to an afloat unit.

b. If the member is not stationed in an incorporated city or town, the official station is the reservation, station, or established area; or, in the case of large reservations, the established subdivisions thereof having definite boundaries within which the designated post of duty is located.

10. **One-Period Proceed Time Limitation for En Route TDY.** Only one period of proceed time may be authorized in the execution of orders directing a member to proceed to one or more TDY stations en route to a PDS. Once initiated, proceed time shall be used consecutively whether or not members avail themselves of all or part of the total authorized proceed time. Use the rules in the table below to determine how proceed time is to be authorized during en route TDY:

WHEN the member elects to use proceed time	THEN	AND
prior to reporting to a TDY station,	the orders shall so indicate,	proceed time shall not be authorized upon detachment from the TDY station.
upon detachment from the TDY station,	the following statement shall be entered on the member's orders: "MBR ELECTED PROCEED TIME UPON COMPL TEMDU."	

11. **Reversing Denial/Grant Decisions.** Use the rules in the table below to reverse entitlement denial or authorization decisions:

WHEN	THEN	AND
a member has been denied proper entitlement to proceed time by the transferring command,	the receiving command can reflect proper entitlement via entries into Navy Standard Integrated Personnel System (NSIPS).	
it is determined by the receiving command that the proceed time should not have been authorized,	leave must be charged,	the member should be assisted in submitting a petition to the Board for Corrections of Naval Records (BCNR) with appropriate evidence to support petition to restore the leave charged.

MILPERSMAN 1320-100

TRAVEL TIME IN EXECUTION OF PERMANENT CHANGE OF STATION (PCS) ORDERS AND TEMPORARY ADDITIONAL DUTY (TAD) ORDERS

Responsible Office	NAVPERSCOM (PERS-451H)	Phone:	DSN	882-4198
			COM	(901) 874-4198
			FAX	882-2693

Reference	(a) NAVSO P-6034, Joint Federal Travel Regulations (JFTR), Volume I, Uniformed Service Members
-----------	--

1. Calculating Travel Time for Permanent Change of Station (PCS)

a. Authorized travel time incident to a PCS will be calculated under procedures set forth in reference (a), chapter 5, part B, for the mode or modes of transportation actually used and authorized in the PCS orders.

b. In no case will the authorized travel time exceed that required to perform travel by the mode of transportation directed in the PCS orders. The travel time authorized here is in addition to proceed time, which is otherwise authorized. No travel time will accrue on PCS orders that are permissive in nature and include a no-cost to the government provision.

2. Calculating Travel Time for Members Performing Funded Leave Travel

a. Calculation of travel time for members who are authorized to perform funded leave travel in connection with consecutive overseas assignments as prescribed in reference (a), para. U7200, will be the time required for direct travel between the authorized points.

b. In calculating travel time, the member's home or other authorized destination will be treated as if it were a temporary duty (TDY) station en route on a PCS. The day of arrival at, and the day of departure from, the authorized leave travel destination are both considered a day of travel. All additional

time at the leave travel destination is charged as leave. Travel time in excess of that required for travel via the direct route is charged as leave.

c. Leave travel under this part is to be performed by common carrier to the maximum extent possible or as authorized by Chief of Naval Personnel (CHNAVPERS).

3. Travel Time for Temporary Additional Duty (TAD) Orders

a. Travel time incident to TAD orders will be the time required to perform travel by the mode of transportation authorized in the member's travel orders. Travel status commences and terminates as set forth in reference (a), chapter 4, part D. Except as otherwise indicated, a member is considered to be in a travel status for the entire period necessary to complete the official business directed in the TAD orders.

(1) Members directed to perform TAD away from their permanent duty station (PDS) are expected to return to their PDS immediately upon completion of the necessary official business or to their local place of residence if the return time is after the close of normal working hours.

(2) Members who would ordinarily be in a liberty status may, however, elect to remain at the TAD site in a liberty status upon completion of TDY.

(3) Similarly, members may elect to travel to the TAD site prior to commencement of the period of TDY in order to be in a liberty status at the TDY site before commencing the TAD.

b. No additional cost to the government can be incurred while in a liberty status either before or after a period of TDY. Commands preparing TAD orders should include appropriate language to permit liberty or leave prior to the commencement or upon the completion of assigned TDYs. Travel entitlements other than transportation should terminate at the start of authorized liberty. Members who are serving in an unaccompanied-by-family-member status at their PDS and who are authorized to spend normal liberty periods at their primary residence with family members, or other authorized points, may start or stop TAD from those points provided no additional cost to the government is involved and the member would ordinarily be in a liberty status upon completion of the TAD.

c. Any other delay in returning to the PDS for personal convenience is chargeable as leave. Members, who complete official business at a TAD station after 1600 hours, may delay detachment until the following day, if return travel member's PDS will exceed 2 hours by the mode of travel authorized.

(1) Normally, no more than 1 day travel time will be allowed for each leg of travel to, from, or between TAD stations. If the time required to perform travel to, from, or between TAD stations by privately owned conveyance (POC) will exceed 1 day, and travel by POC is considered more advantageous to the government, authorization or approval must be granted by commands authorized to issue TAD orders.

(2) This determination should be made on a case-by-case basis and authorization should not be granted unless the order-issuing authority is convinced such mode of travel is clearly more cost effective to the government than travel by government conveyance or public carrier.

(3) When authorization is granted for travel by POC, travel time will be calculated under procedures set forth in reference (a), chapters 4 and 5. In the absence of such authorization or approval, no more than 1 day travel time will be allowed for each leg of travel to, from, or between TAD stations.

(4) Except as provided for in MILPERSMAN 1320-080, permissive TAD authorizations involving official government business are improper. If official government business is involved, the travel must be funded and travel time is authorized.

MILPERSMAN 1320-110

TRAVEL TIME IN CONJUNCTION WITH CALL TO OR RELEASE FROM ACTIVE DUTY

Responsible Office	NAVPERSCOM (PERS-454)	Phone:	DSN 882-4179 COM (901) 874-4179 FAX 882-2693
	CNO (N13)		DSN 225-3322 COM (703) 695-3322 FAX 225-3311

Governing Directives	DOD 7000.14-R, Financial Management Regulation (DODFMR), Volume 7A, Chapter 2 Joint Federal Travel Regulations (JFTR), Volume I, Chapter 4, Part C
---------------------------------	---

1. What This Article Addresses

a. This article addresses computation of travel time for travel days and travel allowance purposes only.

b. For computation of travel time for pay purposes refer to DOD 7000.14-R, chapter 2, para. 0205.

2. Determining Travel Time When Ordered To Active Duty. Use the rules in table below to determine the travel time when a member is ordered to active duty:

WHEN...	THEN...	AND...
a member is ordered to active duty for a period of less than 90 days,	travel by privately owned conveyance (POC) may not be specifically authorized in the orders to active duty,	travel time computation will be per JFTR, volume I, chapter 4, part D.
a member is ordered to active duty for a period of 90 days or more,	travel by POC may be specifically authorized in the orders to active duty.	
in such cases, the member actually uses a POC,	allowed travel time shall be based on 1 day for each 350 miles of the official distance of the ordered travel,	1 additional day is allowed for any distance in excess of multiples of 350 miles provided the excess is 51 miles or more.
the total official distance is 400 miles or less,	1 day's travel time will be allowed.	
computing travel time, if the orders do not contain an hour for reporting,	the required reporting date will be charged as a day of travel.	
a date and hour for reporting are included in the orders,	consideration will be given to the amount of travel that can be performed on the day of reporting.	
a member has been ordered to active duty for a period of 90 days or more,	travel by POC may also be specifically authorized in the orders releasing the member from active duty.	
in such cases, the member actually uses a POC,	allowed travel time shall be based on 1 day for each 350 miles,	an additional day allowed for any distance in excess of multiples of 350 miles provided the excess is 51 miles or more.

3. **POC Travel Not Authorized.** Use the rules below when travel by POC is not specifically authorized:

WHEN travel by POC is not specifically authorized in the orders from...	THEN travel time will be computed in the following manner.
home to first duty station,	Using the latest schedules for the mode of transportation actually used, compute travel time based on an actual schedule, which would permit arrival at the duty station on the reporting date. If travel is performed by POC without it having been authorized, compute travel time in the same manner using the latest schedules for public surface transportation.
last duty station to home of record,	Using the latest schedules for public surface transportation, compute travel time based on an actual schedule which most nearly coincides with the departure date and time. This is without regard to the actual performance or mode of travel.

NOTE: The above is not applicable upon release from active duty incident to retirement or transfer to the Fleet Reserve.

1. Policy

a. Officers reporting for duty in obedience to orders shall comply with Navy regulations regarding presentation and endorsement of orders. Definitions of terms and other procedures for processing officers' orders are contained in MILPERSMAN 1320-306 and 1320-308. Detaching and reporting endorsement procedures are found in MILPERSMAN 1320-310.

b. Enlisted personnel reporting for duty in obedience to orders are controlled ordinarily by travel and time schedules prepared in advance by the transferring activity, depending on the method of transportation specified in the orders. When travel is involved under orders and a definite travel schedule has not been provided, travel time in addition to proceed time is allowed under applicable directives. Definition of terms and other procedures for processing enlisted personnel orders are contained in MILPERSMAN 1320-306 and 1320-308. Detaching and reporting endorsement procedures are found in MILPERSMAN 1320-310.

2. Review of Orders upon Arrival

a. Each command to which a member reports for temporary duty (TDY) shall review the orders upon reporting, including endorsements on orders, to determine whether the member arrived prior to the time required to commence the TDY directed by the orders.

b. If the member arrives prior to the "report not earlier than" date specified in the orders because all or part of the leave granted in the orders was not used, the member shall be given the option of either remaining in a leave status until the required reporting date, or of terminating leave status and reporting on the date of arrival with the understanding that per diem will not commence until the date required to commence the TDY directed by the orders. If the member elects to report on the day of arrival with the understanding that per diem will commence at a later date, the orders shall be endorsed essentially as follows:

"Reported this date. You are not required to commence the TDY directed by your orders until (date); therefore, per MILPERSMAN 1320-140 and JFTR Vol 1, your per diem entitlement commences on that date."

c. If early commencement is determined at the TDY station to be in the best interest of the Government, the orders shall be so endorsed and the per diem entitlement commencement date specified, citing this article as authority.

d. The member's CO or specified senior naval command will perform all administrative functions necessary to support reporting personnel (see "Administrative Commander Responsibilities" below).

3. Contents of Orders

a. To facilitate adjustment of travel reimbursements, all orders to personnel or endorsements thereon shall clearly indicate the time, date, and place of detachment, embarkation, entry, or reporting as may be appropriate; except where, with the knowledge of the command preparing orders or endorsements, such information will disclose a classified location.

b. Members' orders will identify the Pay and Personnel Administrative Support System (PASS) office responsible for "personnel accounting support." The PASS office will perform all functions specified in reference (a).

4. Administrative Commander Responsibilities. The activity to which a member is directed to "report if present, otherwise by message, for administrative purposes" is responsible for performing all functions necessary to support reporting personnel. Normally, the activity to which a member reports for

duty will also be his or her administrative command. However, when orders direct the member to report to a detachment or component of a naval command for duty, the orders will direct the member to report to the parent command for administrative purposes. When a member is assigned to a permanent duty station where there is no naval administrative command (e.g., joint or unified commands, civilian universities or laboratories, other Government agencies, and foreign Governments) the orders will direct the member to report to the nearest senior naval command for administrative purposes. The administrative commander's responsibilities include, but are not limited to, one or more of the following:

a. Keeping electronic service and pay records, processing permanent change of station (PCS) orders, and leave accounting. (For administrative commands supported by PASS for either personnel, pay, or both; the above functions (as appropriate) will be performed by the supporting personnel support detachment (PERSUPP DET) per reference (a)).

b. Preparing and keeping necessary reports and forms on the member complete and current. (For administrative commands supported by PASS, the servicing PERSUPP DET will prepare and keep certain reports and forms per reference (a)).

c. Personnel accounting (unless otherwise specified in the orders).

d. Submitting NAVPERS 1610/2, Fitness Report and Counseling Record and NAVPERS 1616/26, Evaluation Report and Counseling Record (E1-E6) per reference (b).

e. Performance and military discipline functions (as applicable).

f. Providing funding for TDY travel (e.g., emergency leave, hospitalization) and preparing TDY travel orders.

g. Providing a means of official communication in matters of a uni-services nature.

MILPERSMAN 1320-150

ACTIVE DUTY NAVY DEFINITE AND INDEFINITE RECALL PROGRAM FOR RESERVE OFFICERS

Responsible Office	BUPERS-31	Phone:	DSN	882-3482
			COM	(901)874-3482
			FAX	882-TBD

References	(a) SECNAVINST 1800.2 (b) BUPERSINST 1540.41C (c) DOD Directive 1304.19 of 11 Jun 04 (d) 10 U.S.C. 1251 (e) 10 U.S.C. 12646
------------	---

1. Program Policy

a. **Recall Billets.** Officers of the Navy Reserve (to include Full-Time Support (FTS)) may volunteer for either

- **definite**, also termed as **temporary**; or
- **indefinite**, also termed as **permanent** or **general**;

recall to fill specific advertised active duty (ACDU) program billets or requirements in the regular ACDU Navy.

b. **Definite or Temporary Recall**

(1) **Purpose.** Definite, or temporary, recall of reserve officers is not designed as a career ACDU program. It is intended to be a constructive part of an officer's Selected Reserve (SELRES) career and is used to fill gapped or vacant ACDU-funded billets in direct support of ACDU requirements. Officers recalled under definite recall orders remain on the Reserve Active Status List (RASL), retain their reserve designator, and continue to compete for promotion on the RASL.

(2) **Length.** This type of recall shall be for a specified period not to exceed 3 years. The opportunity for Navy Reserve officers to serve on ACDU should be maximized by limiting additional tours by officers previously recalled under this article. As such, reserve officers being considered or volunteering for follow-on, or back-to-back definite recall

orders, regardless of the ACDU billet the member is being considered for or might be interested in filling, are required to submit an official request through the process established within this article for consideration by the command and the cognizant ACDU officer community.

(3) **Extensions.** Extensions of existing definite reserve recall orders are not authorized due to the possible impact to ACDU endstrength, sanctuary, and funding.

(4) **Designation.** Reserve officers of any designation or community may apply for definite, or temporary, recall.

c. Indefinite or Permanent/General Recall

(1) **Purpose.** Conversely, indefinite, or permanent/general, recall of reserve officers is designed as a career ACDU program. It is intended to allow qualified and interested reserve officers, to include FTS, to request to be considered for permanent recall to a regular ACDU status on the Active Duty List (ADL). Indefinite recalls can also be used to fill gapped or vacant ACDU billets in direct support of ACDU requirements, but the focus of indefinite recalls are the long-term contribution to a given ACDU officer community that the officer will provide.

(2) **Commission, Transition, and Designation.** Officers recalled under indefinite recall orders are issued an ACDU commission, transition from the RASL to the ADL, and have their designator shifted from XXX5/XXX7 to XXX0, or from XXX8 to XXX1 for warrant officers.

(3) **Promotion.** Upon transition to the ADL, these officers then compete for promotion on the ADL in their new designator.

(4) **Rotation.** As this type of recall is permanent in nature, and the officer is considered as an ACDU asset upon selection, the initial set of indefinite recall orders will be similar in nature to regular ACDU change of duty station orders and will, therefore, have a planned rotation date (PRD) in lieu of a having a prescribed period of time.

(5) **Request Recall within Present Community.** Reserve officers requesting indefinite, or permanent, recall must be requesting recall within their present community; for example,

a reserve Surface Warfare Officer (1115 or 1117 designator) requesting permanent recall into the ACDU Surface Warfare Community (1110 designator).

d. **Volunteering for Definite or Temporary Recall.** Officers of the Navy Reserve interested in volunteering for definite, or temporary, recall to fill specific advertised reserve program billets in FTS of the Navy Reserve should refer to MILPERSMAN 1132-010.

e. **Permanent Recall.** Officers of the Navy Reserve interested in applying to permanent recall into the FTS program should refer to MILPERSMAN 1001-020.

f. **Redesignation and Indefinite or Permanent Recall.** Officers of the Navy Reserve, to include FTS, interested in applying for redesignation and indefinite, or permanent, recall into another officer community must apply for transfer and redesignation through one of the semi-annual Active Component Lateral Transfer and Redesignation Boards, as covered in MILPERSMAN 1212-010 and the semi-annual NAVADMIN messages that announce the Lateral Transfer and Redesignation Boards. An example of this type of recall would be a reserve Surface Warfare Officer (1115 or 1117 designator) requesting permanent recall to the ACDU Intelligence Community (1630 designator).

g. **Retired Officers Applying to Recall.** Retired officers, whether having retired from the Navy Reserve (RASL) or from the regular ACDU Navy (ADL), interested in applying to recall back to the regular ACDU Navy, must follow the guidance provided in MILPERSMAN 1811-010.

2. **Procedure for Applying**

a. **Recall Advertisements.** Definite and indefinite recall opportunities will be advertised through the Commander, Navy Reserve Forces Command (COMNAVRESFOR) Listserve E-Mail distribution system and will be posted on applicable COMNAVRESFOR and Navy Personnel Command (NAVPERSCOM) reserve recall Web sites. The application template for recall to extended ACDU is available for download at the NAVPERSCOM reserve recall Web sites.

b. **Request Submission.** With the exception of the reserve communities listed below, reserve officers who desire either definite or indefinite recall to ACDU will submit their recall

request directly to Bureau of Naval Personnel (BUPERS); Head, Officer Community Management Branch (BUPERS-31). Command endorsements, if applicable, are highly desired to be submitted with the recall request. Reserve officers that are not able to provide a command endorsement will be screened through the losing reserve officer community representatives prior to being considered for either a temporary or permanent recall.

c. **Medical/Dental Recall.** Reserve officers in the Medical Corps (2105), Dental Corps (2205), Medical Service Corps (2305), Nurse Corps (2905), and Chaplain Corps (4105) interested in applying for either an indefinite or definite recall will submit their recall request through their local Navy officer recruiter and Commander, Navy Recruiting Command (COMNAVCRUITCOM) for consideration for recall. Applications from reserve officers from these communities will then be reviewed by the gaining ACDU officer community for consideration and eventual recommendation to BUPERS-31.

d. **Documents to Submit.** Reserve officers requesting recall are required to submit the following documents to be considered for either a definite or indefinite recall:

(1)	NAVPERS 1331/5 (Rev. 11-08), Application for Recall to Extended Active Duty
(2)	Annual Statement of Service History (ASOSH) from BUPERS Online (BOL)
(3)	Cumulative Active Duty Service Statement (reference (a), enclosure (1))
(4)	Last four fitness reports (FITREPs)
(5)	Pertinent qualifications/training (optional)
(6)	Last Physical Readiness Test (PRT) results (from Physical Readiness Information Management System (PRIMS))
(7)	Resume (military or civilian, optional)
(8)	Letters of recommendation (optional)
(9)	Sanctuary Waiver Request (per reference (a), only required if requesting a definite/temporary recall and only if expected to go over 16 years of total ACDU service during the proposed recall)
(10)	Ecclesiastical endorsement (Chaplain Corps applicants only)

The purpose of submitting all above listed documents is to provide a means for an individual to request voluntary recall to ACDU, and the information is used to evaluate the individual's ability to perform the job to which applying, if requesting a

definite recall; or ability to meet the demands and be competitive within the ACDU officer community in which applying, if an indefinite recall request. Provision of the information requested is voluntary; however, failure to provide all information on the application documents may result in an inability to process the application, or non-selection for the recall.

e. **Command Endorsements.** Command endorsements are required to accompany reserve recall requests and should be from either the applicant's reserve unit commanding officer/officer-in-charge (CO/OIC), Navy Reserve activity CO/OIC, or ACDU CO/OIC.

f. **FITREPs.** Less than four FITREPs will be accepted for Chaplain Corps, Medical Corps, Dental Corps, Nurse Corps, and Medical Service Corps as long as their time in the Navy Reserve would not allow them the opportunity to receive four FITREPs. No gaps in continuity between FITREPs can exist.

3. **Officer Requirements for Recall.** Requirements for officers requesting recall are as follows:

a. **Rank Criteria.** Reserve officers from any reserve or FTS officer community may apply for either a definite or indefinite recall in response to advertised reserve recall opportunities and will not be restricted by rank, unless specifically delineated in the advertised eligibility requirements and based on the advertised eligibility criteria of the designated ACDU billets and/or community.

b. **Nuclear Power Program Screening.** Officers qualified in nuclear propulsion must be screened for recall into the Nuclear Power Program prior to consideration for recall in another designator or specialty, per reference (b).

c. **Chaplain Corps.** Chaplain Corps Officers (4105) must have ecclesiastical endorsement from an endorsing agent approved by reference (c) authorizing recall to extended ACDU and include this endorsement with their recall request.

d. **Failed of Selection (FOS)**

(1) Officers that had been previously severed or released from the ADL as a result of multiple non-selections to promotion to any grade, also termed as multiple FOS, or multi-FOS, are only eligible to apply for definite, or temporary,

recalls, and will be considered on a case-by-case basis, based on community needs, past performance, and future promotability. These officers are not eligible to apply for indefinite, or permanent, recall.

(2) Officers with any FOS while on the RASL are eligible to apply for either an indefinite or definite recall, but will be considered on a case-by-case basis, based on community needs, past performance, and future promotability.

e. **Statutory Age/Years of Commissioned Service (YCS).** Officers applying for indefinite, or permanent, recall, that if approved for recall would not be able to accumulate enough ACUD time to accumulate 20 years of total active service, either due to being restricted by a future statutory retirement age or YCS, will be asked to choose between continuing to apply for indefinite, or permanent, recall; or to be considered for possible recall under definite, or temporary, recall orders as an alternative to a permanent recall. This business rule is to prevent placing a recalled officer into the unforeseen situation of being permanently recalled back to the ADL and then be retired due to reaching statutory age or YCS limits per reference (d) without being offered the ability to determine which retirement is more advantageous to the member, ACUD retirement or reserve retirement.

f. **Not Eligible - Alternative.** All officers applying for indefinite, or permanent, recall, deemed not eligible or not ideal for an indefinite recall for any reason, will be automatically considered for a definite, or temporary, recall as an alternative option after the applying officers request is re-screened for the need of a sanctuary waiver request. Officers given this type of consideration will be notified prior to actual assignment to allow the officer to accept or decline the alternative opportunity for a definite, or temporary, recall.

g. **Expendable Quotas.** All officers requesting indefinite, or permanent, recall who's request has been received by BUPERS-31 after all indefinite, or permanent, recall accession quotas have been expended will be offered to be considered for definite, or temporary, recall. Should all definite, or temporary, recall accession quotas also be expended, the recall request will be returned to the requesting officer with a letter from BUPERS, Military Community Management (BUPERS-3) informing the officer of when recall applications will be accepted for the following fiscal year (FY).

4. **Physical Requirements.** Each applicant selected for recall to extended ACDU must meet physical standards appropriate to grade as established by Chief, Bureau of Medicine and Surgery, at the time ordered to ACDU.

5. **Application Processing Procedures**

a. **Processing Time.** The normal processing time for applications is approximately 6 weeks.

b. **Board/Criterion.** Selection is by recommendation of a board of officers within BUPERS-31. In addition to service needs, basic criterion for selection is whether, in the opinion of the board, the candidate is fit by reason of age, education, previous naval and civilian experience, past performance, assignability, etc., to compete successfully on a career basis with their contemporaries, both regular and reserve, if being considered for an indefinite recall. If being considered for a definite, or temporary recall, the candidate is evaluated based on billet and community needs, previous naval and civilian experience, and past performance. Officers will receive official notification of the decision reached on their recall request.

6. **Sanctuary Consideration Procedures**

a. **Sanctuary Definition.** Per references (a) and (e), a member of the reserve component (RC) who is on ACDU (other than for training) and is within 2 years of becoming eligible for retired pay may not be involuntarily released from that duty before becoming eligible for that retirement pay, unless the release is approved by Secretary of the Navy (SECNAV). This period of attaining 18 years of cumulative ACDU is commonly known as entering "**sanctuary.**"

b. **Sanctuary Screening.** Navy policies have established that RC members being considered for a recall to an ACDU status be screened for sanctuary, and if predicted to go over 16 years of cumulative total active service (TOTAS) during the period of proposed recall, be approved to enter sanctuary prior to the generation of the recall orders. As such, all reserve officers applying for definite, or temporary, recall to an ACDU billet under this MILPERSMAN article will be **screened for sanctuary status**, and if predicted to exceed 16 years of TOTAS during the proposed recall, will be required to also submit a **sanctuary**

waiver for approval to exceed the 16-year tripwire and, therefore, also receive permission to enter sanctuary.

c. **Sanctuary Waiver Screening.** This sanctuary waiver screening will be performed by BUPERS-31 upon receipt of the definite recall application, but the requesting reserve officer remains responsible to submit the sanctuary waiver, preferably in company with the official recall request to help with the expeditious processing of the recall application. Once approved for sanctuary and accompanying recall, the applying reserve officer will then become eligible to enter sanctuary and become eligible for a regular ACDU retirement. A sanctuary waiver template is available for download at the NAVPERSCOM reserve recall Web sites.

7. **Service Obligation for Recalled Officers**

a. **Indefinite or Permanent Recall - Minimum Time.** Officers recalled to ACDU under an indefinite, or permanent, recall must agree to remain on ACDU for a minimum of 2 years unless otherwise specified in the recall orders. The minimum agreement may be for a period of more than 2 years depending on requirements and/or duty station assignment.

b. **Definite or Temporary Recall - Duration Obligation.** Officers recalled to ACDU under a definite recall will be obligated to remain on ACDU for the duration of the definite, or temporary, recall orders for a period of between 13 and 36 months, but will not exceed 36 months. Definite recall orders for periods of less than 12 months will not be approved nor generated.

c. **Definite or Temporary Recall - Limitation.** Due to the purpose and nature of this reserve recall program, officers recalled under definite, or temporary, recalls are **not** authorized to be selected for nor volunteer for mobilization or individual augmentation while serving on definite recall orders.

d. **Indefinite or Permanent Recall - Individual Augmentation.** Indefinite or permanent recall officers recalled under an indefinite, or permanent, recall are authorized to be selected for or volunteer for an individual augmentation.

e. **Definite or Temporary Recall - Early Termination.** Officers recalled under temporary, or definite, recall orders are subject to early termination of the recall orders either due

to "needs of the Navy" or due to performance issues exhibited by the officer during the recall. Separation/release from ACDU orders for officers falling into these circumstances will be issued no less than 6 months prior to the officer's revised planned rotation date (PRD).

8. **Administrative Procedures for Orders to ACDU**

a. **Assigned to Naval Air Reserve (NAVAIRES) Units.** Orders to ACDU for officers assigned to units of the NAVAIRES will be forwarded via the appropriate Naval Air Station (NAS) or NAVAIRES training unit. The CO of the NAS/NAVAIRES training unit will effect delivery of the orders and direct the place of physical examination.

b. **Assigned to other than NAVAIRES Units.** Orders to ACDU for officers other than officers in a unit of the NAVAIRES will be forwarded via the Navy region reserve component commander (RCC) or Navy Operational Support Center (NOSC) CO for the area in which the officer resides. The appropriate RCC or NOSC CO will effect delivery of the orders and direct the place of physical examination. Service and health records shall be forwarded to the activity designated to conduct the physical examination.

c. **Definite or Temporary Recall - Follow-on or Extension.** Reserve officers being considered or volunteering for follow-on definite, or temporary, recall orders (back-to-back recalls), regardless of the ACDU billet the member is being considered for or might be interested in filling, are required to reapply through the established process for reconsideration by the command and the cognizant ACDU officer community. Extensions of existing definite reserve recall orders are not authorized. Officers approved for follow-on, or back-to-back recall orders, regardless of the ACDU billet(s) to which assigned, will be required to take a 31-day break between execution of the definite recall orders in order to prevent the officer from accumulating 6 years of cumulative ACDU service and thus becoming eligible for severance pay at the end of the definite recall.

References	(a) 10 U.S.C (b) BUPERSINST 1430.16F (c) BUPERSINST 1001.39F (d) OPNAVINST 6110.1J (e) NAVMED P-117 (f) SECNAVINST 5300.30D (g) DoD 5500.7-R (h) SECNAV M-5510.30 (i) SECNAVINST 1800.2 (j) BUPERSINST 1610.10C (k) SECNAVINST 1770.3D (l) OPNAVINST 3060.7B
------------	---

1. **Policy**. This article sets forth eligibility requirements and procedures for enlisted selected Reserve (SELRES) and Sailors assigned to a voluntary training unit (VTU), except those assigned due to High Year Tenure (HYT) to volunteer for temporary recall to fill gapped or vacant Active Duty (ACDU) funded Military Personnel, Navy (MPN) billets under the authority of reference (a), title 12301(d) and title 12311. The recall shall be for a specified period not to exceed 1,095 days. This article does not apply to mobilization of Navy Reserve members or application for ACDU for special work (ADSW).

2. **Purpose**. Temporary recall of enlisted personnel is intended to be a constructive part of a Navy Reserve member's career. It

is not designed to be a career ACDU program. ACDU recalls afford Active Component (AC) commands greater and more efficient access to Reserve Component (RC) resources, further expanding RC support to AC. Recalls also provide RC members with career enhancing opportunities and meaningful work, as well as the pay and benefits to which they are entitled when on ACDU.

3. **Length.** This type of recall shall be for a specified period not to exceed 1,095 days. Definite recall orders under this article for less than 12 months will not be approved or generated. In order to maximize opportunities for all members to serve on ACDU recalls under this article, members being considered or volunteering for follow-on recall orders, regardless of the billet, are required to submit an official request through the process established in this article for consideration by the command and the cognizant community manager.

a. Per reference (a), title 115, a member on voluntary recall to ACDU under this article is included in Reserve end-strength, unless the member exceeds one of the following limits:

(1) A call or order to ACDU that specifies a period greater than 3 years; or

(2) The cumulative periods of ACDU performed by the member exceeds 1,095 days in the previous 1,460 days.

b. It is imperative that all personnel involved in the recall screening and approval process ensure that members do not exceed either of the aforementioned limits without proper consideration on a case-by-case basis.

4. **Extensions of Recall.** Individuals may not continue on ACDU recall without prior approval from Navy Personnel Command (NAVPERSCOM), Affiliation and Redesignation Division (PERS-92) and an authorized order modification. Extensions of existing recall orders will be considered on a case-by-case basis. Supported commands requesting to extend a member on recall under this article must contact NAVPERSCOM (PERS-92) for consideration and approval. Recall extensions shall be validated in the same manner as all other recall opportunities. Members desiring a recall extension may apply for an extension following the application procedures in this article provided the recall position is still a valid requirement. Continuing on recall

beyond 1,095 days of active service in the previous 1,460 days requires Office of the Chief of Naval Operations (OPNAV), Manpower, Personnel, Training and Education Policy Division (N13) authorization.

5. **Advancement Eligibility.** Per reference (b), individuals serving under this program will continue to compete for advancement as SELRES, or VTU members as defined in reference (c). The command to which the member is recalled will be responsible for the exam cycle process (i.e., worksheet preparation, exam ordering, exam administration, etc.). If Reserve advancement was administered prior to recall, advancements must be approved by NAVPERSCOM, Reserve Enlisted Program/Navy Enlisted Advancement System Branch (PERS-812) prior to reporting to ACDU and orders must reflect authorized pay grade.

6. **Billet Vacancies.** Bureau of Naval Personnel (BUPERS), AC Enlisted Community Managers (BUPERS-32) shall identify and forward potential recall opportunities to OPNAV (N13) for validation. After coordinating with OPNAV, Manpower, Personnel, Training, and Education Resource Management Division (N10) to identify MPN funding, OPNAV (N13) will forward validated recall billets to NAVPERSCOM (PERS-92) for advertising via appropriate Web site and Government e-mail distribution systems. Only validated recall billets will be advertised. Enlisted MPN recalls shall be tracked and routinely discussed at quarterly demand planning meetings to ensure they are being utilized appropriately to meet requirements as necessary.

7. **Eligibility.** Applicants must meet the enlistment quality control standards of MILPERSMAN 1160-030. The member's Reserve unit chain of command and Naval Reserve activity (NRA) shall verify eligibility, while NAVPERSCOM (PERS-92) will make the final determination of eligibility. Eligibility criteria include the following:

a. **Age Limit.** Applicants who will reach age 60 during the recall period must obtain an age waiver from NAVPERSCOM, Reserve Enlisted Status Branch/FTS Recall and Conversions (PERS-913), per reference (c), prior to executing recall orders.

b. **Physical Readiness.** Applicants must meet physical readiness requirements per reference (d), or current NAVADMIN guidance concerning physical fitness assessment standards.

c. **Medically Qualified.** Applicants must meet physical requirements as defined in reference (e). Additional qualifications are:

(1) Applicants shall not be in a temporarily not physically qualified status or a medical retention review status.

(2) Applicants must be either dental class I or II.

(3) Applicants must have documentation of a negative human immunodeficiency virus test, per reference (f), within 12 months of the recall orders start date, or as directed by theater requirements.

d. **Proficiency.** Applicants must have maintained proficiency in their rating, and satisfactory participation in a SELRES unit or VTU as defined in reference (c). Additional factors such as civilian employment and recent ACDU assignments may be submitted to support the proficiency requirement.

e. **Temporary Rate Programs.** Members who enlisted in a program with a temporary rate are not eligible for recall while in a temporary status, and may only apply for a recall opportunity once they have made their new rate permanent. Documentation of permanent rating must be included in the application.

f. **Obligated Service (OBLISERV).** Members must agree to remain on ACDU within the term of their enlistment, or enlistment as extended prior to initiating travel to ultimate duty station.

(1) Members selected for recall under this program must ensure their OBLISERV covers the period of recall. This may be accomplished one of two ways:

(a) NAVPERS 1070/601, Immediate Reenlistment Contract, provided eligibility criteria per MILPERSMAN 1160-030 is met, or

(b) NAVPERS 1070/621, Agreement to Extend Enlistment, provided such agreement does not exceed a total aggregate of 24 months in two extensions when combined with previous extensions on a single enlistment contract. If the member's total extensions will exceed 24 months and or two

extensions, the member must reenlist in the Navy Reserve using NAVPERS 1070/601 prior to orders being issued for a period that exceeds the ACDU obligation by no less than 30 days.

(2) Members selected for recall under this program shall complete NAVPERS 1070/622, Agreement to Recall or Extend ACDU, sections 1 and 2, for the entire period of OBLISERV indicated on the recall authorization.

g. Conflict of Interest. Per reference (g) (Joint Ethics Regulation), applicants must be free of potential conflicts of interest stemming from the Reserve member's civilian employment, particularly defense related positions, during the recall period.

h. Initial ACDU Training (IADT). Applicants must have completed IADT prior to applying for the recall.

i. High Year Tenure (HYT) Considerations. Personnel who may reach their SELRES HYT date during the recall period are required to request a SELRES HYT waiver from NAVPERSCOM (PERS-913) for the period of recall. The HYT waiver request is to be included in the recall package. NAVPERSCOM (PERS-913) will forward the request to the BUPERS (BUPERS-32) for approval or disapproval. BUPERS (BUPERS-32) will forward the determination to NAVPERSCOM (PERS-913). If a waiver is not granted, the individual will not be eligible for recall. NAVPERSCOM (PERS-913) will notify the individual of the results.

j. Reenlistment while on ACDU. Members are not authorized to reenlist while on recall without approval from NAVPERSCOM (PERS-92).

k. E-7 to E-9 Continuation. E-7 and above Sailors not selected for continuation from the most recent senior enlisted continuation board are ineligible for this program. Members who are in receipt of recall orders, have not yet executed travel, and are not selected for continuation will have orders canceled. Continuation policy and procedures for members who have executed travel or are currently serving on recall orders are provided in the applicable NAVADMIN message announcing the board.

l. Security Clearance. Members must have security clearance eligibility for access to classified information as required by the billet description. Security clearance

eligibility will be based on a personnel security investigation prescribed for the level of classification per reference (h).

8. **Sanctuary Considerations.** Per reference (i), Reserve personnel who have 16 years of ACDU service will not be permitted to receive or execute orders without prior permission from OPNAV (N13). A member of the RC who is on ACDU, other than for training, and is within 2 years of becoming eligible for regular retired pay or retainer pay, per reference (a), Chapter 571, but excluding those eligible for non-regular retired pay per reference (a), Chapter 1223, may not be involuntarily released from that duty before they become eligible for that pay unless the release is approved by the Secretary of the Navy. This period of attaining 18 years of cumulative total active service is commonly known as entering "sanctuary." All members applying for recall will be screened for sanctuary impact. NAVPERSCOM (PERS-92) will forward all sanctuary requests to OPNAV (N13) for final disposition per current instruction.

9. **Evaluation Reporting.** The member's ACDU command is responsible for submitting performance evaluations as outlined per reference (j), during the recall period.

10. **Injury or Illness while on Recall Orders.** Reserve members who incur or aggravate injuries, illnesses, or diseases while in an ACDU status may be eligible for incapacitation benefits per reference (k). Commands are to immediately contact NAVPERSCOM, Line of Duty (LOD)/Medical Hold (MEDHOLD)/Medical Records Review Division (PERS-95) via NAVPERSCOM (PERS-92) if a recalled Sailor experiences any injury, illness, or disease which may result in a fitness-for-duty screening and determination while attached to their command. No member on recall orders will be extended for medical reasons without prior approval of their command, NAVPERSCOM (PERS-95), and NAVPERSCOM (PERS-92). Determination of eligibility for incapacitation benefits will be made by NAVPERSCOM (PERS-95).

11. **Leave/Travel.** Supported commands will ensure release of the recalled member prior to conclusion of orders to allow adequate time for travel, processing, and leave if leave is desired.

12. **Administrative Separation.** If administrative separation (ADSEP) is necessary for a member recalled to ACDU under this policy, the ACDU command will be responsible for ADSEP process

using the appropriate MILPERSMAN 1910 articles. Reference (a), section 12312 must be considered and adhered to in executing involuntary separations of temporary recalled personnel. If applicable, recall extensions required to facilitate ADSEP processing will be requested and approved per paragraph 4 of this article.

13. **Application Procedures**. Applications will not be accepted or processed unless requesting a valid advertised vacancy. Applications for positions that are not valid will be returned to the member and his or her command without further action. Reserve members volunteering for ACDU recall will submit requests to NAVPERSCOM (PERS-92) via their NRA with unit commanding officer (CO) endorsement. NAVPERSCOM (PERS-92) will check all applications for completeness and confirm that the applicant is requesting recall to fill a valid requirement. NAVPERSCOM (PERS-92) will forward complete recall requests to the affected gaining command for selection recommendation. The following information should be forwarded in a command endorsement on NRA letterhead, or as enclosures to a command endorsement:

- a. All eligibility criteria per paragraph 7.
- b. NAVPERS 1306/7 Enlisted Personnel Action Request with endorsement(s).
- c. Any non-judicial punishments, courts-martial, or civil infractions in last 48 months.
- d. Endorsement from applicant's medical department representative verifying the member meets all medical requirements listed in paragraph 7c of this article.
- e. Physical Readiness Information Management System printout for the last 4 years.
- f. Last four observed performance evaluations.
- g. Copy of current enlistment agreement (if member reenlisted within 6 months of date of request).
- h. All ACDU documentation including, but not limited to:

(1) Copies of DD-214 Certificate of Release or Discharge from Active Duty for all branches of service in which the member has served.

(2) Copies of all NGB 22 National Guard Report of Separation and Record of Service forms if previous National Guard member.

(3) NAVPERS 1070/605 History of Assignments.

(4) Complete Drill Point Capture Sheet to include all ACDU periods.

i. Address of current NRA.

j. NAVPERS 1070/613 Administrative Remarks, Enlisted Reserve Recall Statement of Agreement per Exhibit 1.

k. HYT waiver request, if the member will reach HYT during recall period, see paragraph 7i.

14. **Selection Procedures**. All forwarded applications will be screened by NAVPERSCOM (PERS-92) to verify eligibility requirements to include 16 year waivers, sanctuary and HYT considerations (if applicable). Applications meeting the criteria established in the recall advertisement and this article will be forwarded to the appropriate gaining command for review and recommendation. NAVPERSCOM (PERS-92) will issue recall orders for the recommended applicant provided the member still meets all eligibility requirements. NAVPERSCOM, Reserve Personnel Management Department (PERS-9) shall have final disapproval authority.

15. **Recall Procedures**. NAVPERSCOM (PERS-92) will issue ACDU orders for approved personnel to report to their local NRA for further assignment (if appropriate), and execute a Reserve Recall Statement of Agreement (Exhibit 1) on NAVPERS 1070/613. The authority for recall will be forwarded to the member's NRA, as indicated on member's application. Recalled members are identified in the Enlisted Master File and the command's Enlisted Distribution and Verification Report as branch and or class "32" and special program indicator "L".

a. The process of establishing an AC master military pay account, gaining to AC personnel systems, enrolling in Defense

Enrollment Eligibility System, and issuing an ACDU identification card will be performed at the Personnel Support Detachment (PERSUPP DET) as directed in the recall orders.

b. Recall orders will direct the member to a PERSUPP DET for further processing after activation at the NRA. If the member is found not eligible either at the NRA or subsequently at the PERSUPP DET, the NRA or PERSUPP DET (as applicable) will contact NAVPERSCOM (PERS-92) for further instruction regarding any change to the member's orders. At the conclusion of the recall period, the member will be processed for release from ACDU as directed in his or her orders.

c. SELRES members are required to contact the career transition office (CTO) 90 days prior to completion of ACDU recall at CTO.Enlisted@navy.mil for transition assistant assignment to facilitate return to SELRES status. CTO will coordinate drilling NRA and billet assignment (as applicable) with the member, effecting RC gain actions upon separation from ACDU.

d. All members are required to complete a medical assessment no less than 30 days prior to the expiration of recall orders.

16. **Responsibilities**

a. OPNAV (N10) shall program and provide funding for enlisted definite MPN recalls.

b. OPNAV (N13) shall:

(1) Maintain overall policy oversight of this article.

(2) Validate recall opportunities and forward to NAVPERSCOM (PERS-92) for advertisement via appropriate Web site and Government e-mail distribution methods.

(3) Be the final disposition authority of all 16 year waivers and sanctuary requests.

(4) Be the final disposition authority of all extension or reenlistment requests, which would authorize active service of more than 1,095 days in the previous 1,460 days.

c. BUPERS (BUPERS-32) shall:

(1) Identify MPN recall opportunities and forward to OPNAV (N13) for validation.

(2) Track and manage MPN recalled enlisted personnel.

d. NAVPERSCOM (PERS-9) shall:

(1) Screen applications for eligibility, 16-year waivers, sanctuary considerations, and previous ACDU periods that may impact AC end-strength. Applications will not be accepted or processed unless requesting an advertised recall opportunity. All invalid applications will be returned without further action.

(2) Forward screened recall requests to affected gaining command for selection recommendation.

(3) Forward 16-year waiver and sanctuary requests to OPNAV (N13) for final disposition.

(4) Issue orders once member has been selected and approved for recall. Prior to issuing orders, NAVPERSCOM (PERS-92) will verify that member's OBLISERV covers the period of recall. NAVPERS 1070/613 agreements to obligate will not be accepted.

(5) Coordinate AC affiliation procedures during recall process.

(6) Prepare necessary documents and execute the RC gain upon return from ACDU.

e. NAVPERSCOM (PERS-812) shall:

(1) Coordinate advancement exam issues with Naval Education and Training Professional Development and Technology Center to ensure all qualified members on recall orders are offered the opportunity to take the advancement exam.

(2) Be the adjudicating authority for reenlistment requests for members in a recall status.

f. NRA shall:

(1) Ensure interested members are aware of the eligibility criteria.

(2) Complete activation processing for members selected for recall as follows:

(a) Verify members meet medical, dental, and administrative eligibility requirements.

(b) Assist members with travel and transportation from the member's home to NRA, and from the NRA to supported command.

(c) Transfer members to the local operational support unit, and assign the applicable Manpower Availability Status code.

(d) Complete a Navy Standard Integrated Personnel System (NSIPS) check-out to ACDU transaction.

(3) Through application endorsement, ensure applicants meet all theater specific and security clearance requirements for assignment (if applicable) as delineated in the recall advertisement.

(4) Upon conclusion of the recall, complete deactivation processing to include receipt of medical and dental records (as applicable), completion of NSIPS check-in transaction and counseling on applying for a vacant SELRES billet assignment and TRICARE Reserve select benefits.

g. PERSUPP DET. The servicing PERSUPP DET as identified in the orders shall perform all recall processing requirements as outlined in reference (1).

h. Member shall:

(1) Prior to initiation of the recall orders by the supported command, inform his or her Reserve unit CO and NRA of their intention to execute recall orders.

(2) Comply with the requirements in his or her orders. Members will not commence travel until recall orders are issued.

(3) Immediately report any medical problems that interfere with performance of duty to the supported command.

(4) Obtain approval from his or her supported command CO and NAVPERSCOM (PERS-92) and NAVPERSCOM (PERS-95) prior to commencing elective surgery or medical treatment. Approved elective medical or surgical treatments, including any subsequently required periods of medically restricted duty, must be completed prior to the recall orders end date per reference (e).

(5) Not be extended for medical reasons without prior coordination with and approval of NAVPERSCOM (PERS-92) and NAVPERSCOM (PERS-95).

(6) Inform his or her civilian employers of impending recall orders per reference (c).

(7) Provide any additional documentation to the supported command for inclusion with the recall application package as required.

(8) Sign statements of understanding with regard to the recall orders as applicable.

(9) Provide in member's recall application package all ACDU documentation as indicated in paragraph 13h.

(10) Acknowledge in writing the accuracy of his or her cumulative ACDU service by signing Exhibit 2.

17. **Adjudication Authority.** The table below summarizes adjudication authorities:

Overall Policy	Navy Total Force Plans and Policies, OPNAV (N13)
Recall Requirement Validation	OPNAV (N13)
Approval Authority for Recall Applicants	NAVPERSCOM (PERS-9)
Activation/Deactivation Procedures	PERSUPP DET/NRA
Order Writing	NAVPERSCOM (PERS-92)

EXHIBIT 1
ENLISTED RESERVE RECALL STATEMENT OF AGREEMENT

(Executed on NAVPERS 1070/613, Administrative Remarks)

DATE: I, (full name), do hereby voluntarily agree to remain on Active Duty for (months).

I understand that I will be released from Active Duty upon expiration of this obligation. Should I desire retention by either extending my current Active Duty recall orders or via another valid and advertised definite recall opportunity, I will submit a recall application, per MILPERSMAN 1320-155, 6 months prior to the expiration of my current Active Duty recall orders. I will include a supported command endorsement verifying my eligibility in the recall application. I understand that I must receive authority from Navy Personnel Command, Reserve Personnel Management Department (PERS-9) for such retention prior to executing a new Active Duty assignment.

As a matter of information, I understand that in order to qualify for a non-regular (Reserve) retirement, as outlined in BUPERSINST 1001.39F, I must be able to complete 20 years of qualifying service prior to age 60.

It is my responsibility to ensure that all periods of Active Duty are properly documented in my service record and in my recall application. Failure to do so may result in my removal from recall consideration or early termination of recall orders. I have read, understand, and agree to the above conditions.

EXHIBIT 2
CULMULATIVE ACTIVE DUTY SERVICE STATEMENT

(Executed on NAVPERS 1070/613, Administrative Remarks)

(Date): I have reviewed my cumulative Active Duty service and certify that my cumulative Active Service is (years) and (months). I understand that if this is less than my actual cumulative active service my Active Duty orders are subject to termination. I understand that additional Active Duty time is creditable towards my Reserve retirement.

MEDICAL EXAMINATION OF FIREFIGHTING INSTRUCTOR PERSONNEL

Responsible Office	NAVPERSCOM (PERS-4415)	Phone:	DSN	882-4094
			COM	(901) 874-4094
			FAX	882-2682/80

References	(a) NAVMED P-117, Manual of the Medical Department
------------	--

1. **Policy.** Officers and enlisted members assigned to duty as firefighting instructors shall be medically examined under physical qualification standards and physical examination requirements set forth in reference (a). Such examination shall be conducted prior to the commencement of duties that expose the member to toxic fumes or inhalation of smoke or to the possibility of such exposure, and at least annually thereafter while assigned to firefighting instructor positions. The time interval for local rotation of firefighting instructors between duties involving exposure and nonexposure to smoke within a school or training center is to be determined by the commanding officer (CO) or the officer in charge (OIC) and upon the recommendation of the medical officer or senior medical department representative.

			COM	(703) 695-3322
			FAX	225-3311
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

References	(a) Joint Federal Travel Regulations (JFTR)
-------------------	---

1. **Temporary Duty (TEM DU)**. TEMDU is duty at one or more locations, other than the permanent duty station (PDS), under orders which do not provide, at least initially, for return to the starting point.

2. **Temporary Additional Duty (TEMADD)**. TEMADD, which is a type of temporary duty, involves one journey away from the Service member's PDS in the performance of prescribed duties at one or more places with return to the starting point directed upon completion.

3. **Determining Temporary Duty Status.** Use the following table to determine the temporary duty status of a Service member:

WHEN a member is initially ordered to attend a course or courses of instruction at one school or installation of...	AND...	THEN the member...	AND...	AND see...
less than 20 weeks,	is uninterrupted by TEMDU/TEMADD elsewhere,	is considered to be on temporary duty under instruction/temporary additional duty under instruction (TEMDUINS/TEMADDINS) for entitlement purposes.		
20 weeks or more,	is uninterrupted by TEMDU elsewhere,	is in a duty under instruction (DUINS) status,	the location of the school(s) is the member's PDS.	
less than 20 weeks,	whose orders are amended with additional course(s) at the same school or location,	transitions from TEMDUINS/TEMADDINS to permanent DUINS,	the time remaining on the initial period of TEMDUINS/TEMADDINS, plus the additional weeks in the order modification, generate no entitlement to per diem,	reference (a), Chapter 2, Part B.

4. Determining Status and Duration of TEMDU/TEMADD Assignments.

Use the rules in the table below in determining TEMDU/TEMADD assignment status, duration, and approval authority:

WHEN...	THEN...	AND see...
TEM DU/TEMADD assignments are at one location/temporary duty station,	they will normally be limited to periods not in excess of 180 days.	
TEM DU/TEMADD periods are made up entirely of a course or courses of instruction,	they are described in the table above, labeled "Determining Temporary Duty Status."	
TEM DU/TEMADD periods, containing a course or courses of instruction of less than 20 weeks at one location, are combined with other TEM DU/TEMADD not involving courses of instruction at that same location,	they are covered by this table.	
a period of TEM DU/TEMADD is at one location not involving a course or courses of instruction,	is also covered by this table.	
issuing TEMADD orders of about 180 days,	the commands must determine if the contemplated period of TEMADD is 181 days or more.	
the period of TEMADD is reasonably foreseen to be 181 days or more,	permission must be obtained from Deputy Chief of Naval Operations (DCNO) Manpower, Personnel, Training and Education (MPTE) (N1)	Reference (a), Chapter 2, Part B.
periods of TEMADD, initially foreseen as lasting 180 or fewer days on one location, require extension to a total period of more than 9 months,	the periods must be checked by Office of the Chief of Naval Operations (OPNAV), Military Pay and Compensation Branch (N130C).	

the contemplated TEMADD period exceeds 180 days,	the consecutive sets of orders for just under 6 months will not be issued without permission from Navy Personnel Command (NAVPERSCOM) (PERS-454C).	
--	--	--

5. Using Government Mess and Quarters during TEMDU/TEMADD.

Use the rules in the table below to determine Service member's requirements associated with the availability and use of Government mess and quarters while in TEMDU/TEMADD status:

WHEN...	THEN...	AND...	AND see...
a member is ordered on TEMDU/TEMADD,	per diem is payable to the member based on the Lodgings-Plus system,		Reference (a), Chapter 4
the Lodgings-Plus system is used,	the payment of the actual expense for lodging, up to a locality based ceiling, plus a fixed amount for meals and incidental expenses is allowed.		
the orders do not include one of the circumstances listed in reference (a)	Government quarters and Government dining facility/mess will be used by members to the maximum extent possible,	a non-availability endorsement or control number must be obtained to be paid for non-usage of Government quarters,	Reference (a).
a member, who has previously received a non-availability of Government quarters control number incident to a particular period of TEMDU/TEMADD,	the member cannot be required to re-check later for Government quarters availability at the TEMDU/TEMADD site.		

WHEN...	THEN...	AND...	AND SEE...
<p>the member does not have</p> <ul style="list-style-type: none"> • a non-availability control number, • a bachelor officer quarters/ bachelor enlisted quarters (BOQ/BEQ) non-availability endorsement, or • authority/ approval to mess separately under one of the circumstances listed in reference (a), para. U4400, 	<p>reimbursement for commercial lodging is not authorized.</p>		
<p>Navy facilities are not available, and adequate BOQ/BEQ facilities of Department of Defense components are available,</p>	<p>the member should use those facilities if they are co-located on the U.S. Installation to which assigned for temporary duty.</p>		
<p>Government quarters are available, a Government dining facility/mess, (e.g., galley) is available and its use is directed in the orders,</p>	<p>per diem is paid at the Government Meal Rate (GMR), unless the member's certification that official duty precluded use of Government meals is accepted by the Order Issuing Authority,</p>	<p>then the Proportional Meal Rate (PMR) or the Locality Meal Rate (LMR) is paid as determined to be appropriate by the Order Issuing Authority.</p>	<p>Reference (a), Chapter 4.</p>

WHEN...	THEN...	AND...	AND SEE...
Government quarters are available, Government mess is directed on orders and not available for all three meals, but is available for one or two meals,	the PMR or LMR is paid as determined to be appropriate by the Order Issuing Authority.		
Government quarters are available, but a Government mess is not available or its use is not directed in orders,	the LMR is paid.		
Government quarters are not available,	the LMR is paid.		
GMR is directed on the orders,	if the member is traveling, the GMR is not in effect on any day the member is traveling. The locality meals and incidental expenses (M&IE) Rate is paid,	75% of the LMR is paid on the first and last day of travel.	
a Service member is ordered to attend a formal course of instruction,	the orders must authorize the "schoolhouse commander" to determine the appropriate meal rate,	if the meal rate is available to the Order Issuing Authority, the appropriate meal rate should be noted in the orders.	

MILPERSMAN 1320-210

PERMISSIVE TAD AUTHORIZATION FOR RESIDENCE HUNTING

Responsible Office	CNO (N130E)	Phone:	DSN	224-5635
			COM	(703) 614-5635
			FAX	225-3311

References	(a) DODD 1327.5 of 24 Sep 85 (b) NAVSO P-6034, Joint Federal Travel Regulations, (JFTR), Volume 1, Uniformed Service Members (c) SECNAVINST 4650.19C (d) OPNAVINST 4630.25C
------------	---

1. **Purpose**. The intent of permissive temporary additional duty (TAD) authorization as stated in reference (a), is to permit servicemembers time away from their present permanent duty station (PDS) geographical area to establish housing

a. within the area of the new PDS.

b. at a designated place, when movement of dependents to a designated place is authorized under reference (b), para. U5222-D.

2. **General Policy**. Commanding officers (COs) are authorized to issue permissive TAD authorizations for the purpose of residence hunting. Upon receipt of permanent change of station (PCS) orders

a. TAD may be authorized for up to 5 normal work days prior to execution of a PCS move.

b. this TAD period may be extended to a total of 10 calendar days, when combined with weekends, holidays, and liberty.

3. **Eligibility**. Servicemembers eligible for permissive TAD under this article are those receiving PCS orders and

a. authorized to occupy non-government quarters at their new PDS; or

b. assigned to

(1) unusually arduous sea duty (reference (c)), or

(2) unaccompanied tours overseas, who wish to relocate their families to a designated place within the continental United States (CONUS), or an approved designated place outside CONUS under reference (b), para. U5222-D; or

(3) a vessel, a ship-based staff, or an afloat-based mobile unit which has a change of home port; or

(4) a shore-based mobile unit which has a change of PDS location.

4. Specific Policy

a. Normally, one permissive residence hunting TAD is authorized per PCS move. The CO of CONUS activities, afloat units, ship-based staffs, and mobile units when in CONUS, may authorize an additional residence hunting authorization in CONUS.

b. When two residence hunting periods are authorized, a total of 10 calendar days, consisting of 5 normal workdays combined with weekends, holidays, and liberty, shall not be exceeded for both permissive TAD periods.

c. Permissive TAD may not be combined with PCS-funded, TAD or temporary duty (TDY) travel, except as given in the following "exceptions" paragraph.

5. Policy Exception: Combining Funded and Permissive TADs.

If authorized by the CO, a servicemember in receipt of PCS orders may combine unit funded TAD orders and permissive residence hunting TAD. When this occurs the following applies:

a. Any transoceanic/international portion of the journey must be performed under the unit funded TAD orders.

b. Permissive travel may be taken before/after arrival at the unit funded TAD site.

c. Unit funded TAD orders shall not be issued solely to fund transoceanic/international portion of the journey of residence hunting trip.

d. Overseas servicemember must return to the old PDS upon completion of unit funded TAD orders/permissive residence hunting TAD prior to execution of the PCS orders.

e. While executing permissive TAD from the unit funded TAD site, any additional costs incurred, other than transportation for return from the unit funded TAD site to the old PDS, are the responsibility of the member.

f. If a member is unable to utilize permissive TAD at the old PDS, or member's orders are modified to change the ultimate PDS, member may be authorized by an intermediate temporary duty station CO to take permissive TAD house hunting. The member must execute the permissive TAD at no cost to Bureau of Naval Personnel (BUPERS) or the intermediate duty station, and must return to the intermediate duty station prior to resuming execution of the PCS orders. The member will not be authorized travel allowances for that intermediate duty station while conducting permissive TAD house hunting.

6. Overseas Travel Policy

a. Reference (d) allows an overseas servicemember and one dependent family member to travel with the servicemember utilizing Space Available, Category III, when permissive TAD is granted for the sole purpose of residence hunting incident to a pending PCS.

b. In no case may the dependent travel at government expense with the overseas servicemember, who is traveling under combined funded official TAD orders and permissive residence hunting TAD.

c. Funded TAD orders, written to provide a permissive residence hunting TAD trip for an overseas servicemember, must always

(1) specify the exact dates of funded TAD and permissive TAD periods authorized, and

(2) also contain the clause specified in the "Funded TAD Order Clause" paragraph below.

7. **Funded TAD Order Clause**

"This permissive TAD authorization combined with funded TAD orders is issued with the understanding that you will not be entitled to reimbursement for any travel, transportation, per diem, or miscellaneous expenses incurred in execution of the permissive TAD period authorized while away from the funded TAD site. You are entitled to travel and transportation allowances per Joint Federal Travel Regulations, Volume 1, para. U3200 between the old PDS and funded TAD site and return to old PDS.

If you do not desire to bear the expenses personally incurred during the permissive TAD portion authorized, you may choose not to execute the permissive TAD portion of these orders."

8. **Permissive TAD and Leave**. Permissive TAD may be combined with leave.

9. **Change in New PDS**. If the new PDS is changed after the member's permissive residence hunting TAD, an additional permissive TAD period may be authorized at the discretion of the transferring, intermediate, or receiving command. The permissive TAD period may not be taken between PDS or TDY commands.

10. **Travel and Transportation Cost Policy**. All travel and transportation costs associated with the residence hunting TAD must be borne by the servicemember.

a. TAD authorizations must indicate the member is not entitled to reimbursement. See MILPERSMAN 1320-080.

b. Servicemembers are authorized use of Space Available travel on Military Airlift Command (MAC) or Navy aircraft.

c. Time spent awaiting government transportation, following the authorized TAD period, is chargeable as leave.

d. If government transportation is unavailable, servicemembers must travel at their own expense and must return to the command by the expiration of the authorized TAD/leave period.

11. **Permissive TAD Policy at New PDS.** Permissive TAD authorizations for residence hunting shall not be permitted as part of funded official orders, except as described in the "Policy Exception" paragraph above.

a. Permissive TAD for residence hunting is not authorized between either PDS or intermediate duty stations during the servicemember's execution of PCS orders. (Per paragraph 5f, the member must return to the intermediate duty station prior to resuming execution of the PCS orders).

b. If the servicemember does not perform the residence hunting TAD prior to reporting to the new PDS, the permissive residence hunting TAD period may be authorized by the CO of the new PDS up to 90 days after the servicemember reports for duty. This period may be extended if the member is TAD away from the PDS or the member's command is deployed during the 90 days after the member reported to the PDS.

c. The CO at the new PDS may authorize special liberty for the purpose of locating quarters, per MILPERSMAN 1050-290, in lieu of a residence hunting TAD authorization.

12. **Reporting to New PDS Housing Officer.** Servicemembers must report to the local housing officer, serving the new PDS, prior to signing any non-government housing agreement(s).

13. **Members Not Eligible for Permissive TAD**

a. Residence hunting trips are **not** authorized for members who are:

(1)	New accessions to active duty.
(2)	Being released from active duty.
(3)	Retiring. (NOTE: Retiring members may be authorized Permissive Temporary Duty (PTDY) for house/job hunting.) See NAVADMINS 109/92, 123/93, and 078/95 for further information. NOTE: Call telephone number at the top of this article if these NAVADMINS are not available.
(4)	Receiving PCS orders to continue medical treatment.
(5)	Transferred overseas-to-overseas, when dependents must vacate government quarters, but remain at or in the vicinity of the former overseas PDS.
(6)	Required to occupy government quarters at their new PDS.
(7)	Transferred within the local area as defined by the following criteria: (a) Both the old and the new PDSs are located within the corporate limits of the same city or town, and/or (b) the servicemember will continue to commute between the current residence and the new PDS, and/or (c) the CO determines the home and the new PDS are located within reasonable commuting distance of each other and the duty involved does not require the member to relocate.
(8)	Have already established housing in the new PDS geographical area.
(9)	Relocating dependents, presently located within the old PDS geographical area, to another location within the old PDS geographical area.

b. **Definition of "Geographical Area:"** For the purpose of this article, **geographical area** is defined as the area where a member could commute daily from a residence to a PDS.

MILPERSMAN 1320-220

PERMISSIVE TEMPORARY DUTY (PTDY) AUTHORIZATION FOR JOB/HOUSE HUNTING

Responsible Office	OPNAV (N130E)	Phone:	DSN	225-3322
			COM	(703) 695-3322
			FAX	(703) 695-3311

References	(a)	DoD Instruction 1327.06 of 16 Jun 09
	(b)	NAVPERS 190000A, Transition Assistance Services and Benefits Manual of 4 Feb 08
	(c)	NAVSO P-6034, Joint Federal Travel Regulations (JFTR), Volume 1, Uniformed Service Members

1. **Purpose**. The intent of permissive temporary duty (PTDY) is to authorize servicemembers time away from their assigned duties to assist with transition activities such as job and house hunting. This article replaces NAVADMIN 109/92, NAVADMIN 123/93, and NAVADMIN 078/95. This article defines eligibility to use PTDY, the length of PTDY, and travel and limitations for members and their dependents performing PTDY.

2. **General Policy**. Reference (a) provides commanding officers (COs) authority to grant PTDY for transition assistance job/house hunting for members involuntarily separated from service under honorable conditions and those retiring (including transfer to the fleet reserve and disability retirements). The Secretary of Defense (SECDEF) has indefinitely extended the authority for the military services to authorize PTDY for members being involuntarily separated or retiring.

a. Servicemembers separating at the end of a normal term of service (end of active obligated service (EAOS)) are not involuntarily separating and are ineligible for PTDY.

b. Servicemembers separating prior to EAOS, due to high year tenure (HYT) are considered to be separating involuntarily and are eligible for PTDY.

c. COs should be consistent in approval and disapproval of PTDY requests based on each member's satisfaction of the eligibility criteria and the command's operational requirements.

d. PTDY is to be used for bona fide job search/house hunting travel and is not to be used as a form of non-chargeable leave. As with annual leave, members who meet the criteria for PTDY are eligible, but are not **entitled**, to PTDY if the CO determines that operational requirements preclude approval of PTDY.

e. Approval of PTDY and monitoring of the PTDY program is the responsibility of the authorizing command.

3. **Eligibility**

a. **Involuntary Discharge or Release.** Members who are discharged or released involuntarily from active duty under honorable conditions.

b. **Retirees.** All retirees (including members transferring to Fleet Reserve and disability retirements).

c. **Discharge for Medical Reasons.** Members discharged for medical reasons may be eligible upon receipt of separation orders or authorization to be involuntarily separated; however, board findings that recommend discharge are not sufficient reason to authorize PTDY. Such members must

(1) have the CO's authorization for PTDY.

(2) have separation orders issued to the member.

(3) be authorized PTDY that will be completed prior to separation date.

(4) not be provided adjustments in separation dates to increase opportunity to utilize PTDY.

d. **Temporary and Permanent Disability Retired List (TDRL/PDRL).** PTDY for TDRL and PDRL is authorized per reference (b), chapters 4 and 7.

e. **Reservists**

(1) Reservists being involuntarily separated under honorable conditions must be on full-time active duty for the purpose of organizing, administering, recruiting, instructing, or training the Reserve Components (Full Time Support (FTS)).

(2) FTS retirees:

(a) Must be serving on active duty; **and**

(b) must have accumulated 20 years actual active duty time, or

(c) must be retired to the TDRL or PDRL.

f. **Mobilized or Extended Reservists.** Mobilized reservists or reservists on extended Active Duty for Special Work (ADSW) are not authorized PTDY unless member is transferred to the Fleet Reserve or TDRL/PDRL with 20 years of active service from mobilization, Medical Hold, or ADSW.

4. **Time Limits**

a. Members stationed **in the continental United States (CONUS)** may receive up to a total of 10 or 20 days transition PTDY depending on whether they are being

(1) **involuntarily separated** (10 days) per reference (a), paras. 6c(10) and 6c(11). Up to an additional 30 days accrued leave may be authorized per reference (a), para. 6c(11). The member may be authorized 30 days excess leave without 10 days PTDY.

(2) **retired** (20 days). The excess leave option is not available for retirees.

b. Members stationed **outside of the continental United States (OCONUS)** may receive an additional 10 days PTDY depending on whether a round trip will be made or not (up to 20 days involuntary separation and up to 30 days for retirement).

Note: The additional 10 days are to allow round trip travel to/from overseas locations and still provide adequate time for job/house hunting. Member may select a separation activity nearest to the location where the member intends to reside permanently. This separation activity is the member's transition station. The member's transfer and transportation entitlement shall not exceed those delineated in reference (c).

c. CONUS members who have legal domiciles OCONUS and plan to return to the OCONUS state or territory after involuntary separation or retirement may be authorized up to a total of 30 days transition PTDY to the state, territory, possession, or country of their domicile. Domicile is defined as a member's

- home of record,
- place from which called or ordered to active duty,
- place of first enlistment, or
- place of permanent legal residence.

Note: CONUS members who do not intend to return to their OCONUS domicile after involuntary separation or retirement may only receive a maximum of 20 days transition PTDY authorization.

5. Use of PTDY

a. The period of PTDY (10, 20, or 30 days) that may be authorized includes weekends and holidays.

b. PTDY may be taken in increments, as long as the total number of days does not exceed

- 10 days (involuntary separation), **or**
- 20 days for retirement in **CONUS**, as applicable;

or if OCONUS,

- 20 days (involuntary separation), **or**
- 30 days (retirement) for those who must make round trips to CONUS for PTDY activities.

c. PTDY may not be combined with liberty weekends, special liberty, or holidays, to extend the period of actual job/house hunting activities beyond the 10-, 20-, or 30-day authorization.

d. PTDY may be taken in conjunction with chargeable leave at no cost to the government.

e. PTDY authorizations must indicate the member is not entitled to reimbursement, by inserting the below clause:

"This permissive travel authorization is issued with the understanding that you will not be entitled to reimbursement for any travel, transportation, per diem, or miscellaneous expenses in connection with its execution. If you do not desire to bear these expenses personally, you may choose not to execute this permissive travel authorization and it will be considered cancelled."

f. PTDY may be taken in conjunction with government funded temporary additional duty (TAD) travel, provided the travel is conducted under the funded TAD orders:

(1) PTDY may be taken before or after arrival at the funded TAD site.

(2) Funded TAD orders must specify exact dates of funded TAD and PTDY periods authorized.

(3) Orders must contain the following clause:

"This permissive temporary duty (PTDY) authorization combined with funded temporary additional duty (TAD) orders is issued with the understanding that you will not be entitled to reimbursement for any travels, transportation, per diem, or miscellaneous expenses incurred in execution of the PTDY period while away from the funded TAD site. You are entitled to travel and transportation allowances per Joint Federal Travel Regulations (JFTR), Volume I, paragraph U3200, between the permanent duty station (PDS) and funded TAD site and return to the PDS."

g. PTDY may be taken in conjunction with terminal leave immediately upon completion of all separation processing.

6. Travel Eligibility during PTDY

a. Members are authorized use of space available military travel.

(1) Time spent awaiting government transportation that exceeds the authorized PTDY period is chargeable as leave.

(2) Members remain responsible to return to the command at personal expense if government transportation is unavailable for the return travel.

b. Members in receipt of involuntary separation or retirement orders may combine PTDY and terminal leave with separation/retirement funded travel.

(1) The separation/retirement portion of the journey is funded to the separation activity.

(2) The PTDY portion is performed after the processing at the applicable separation activity.

(3) Funded separation/retirement orders that provide for PTDY must specify the exact dates of the PTDY and the funded separation/retirement travel, and contain the following clause:

"This transition permissive temporary duty (PTDY) authorization combined with funded separation/retirement orders is issued with the understanding that you will not be entitled to reimbursement for any travel, transportation, per diem, or miscellaneous expenses incurred in the execution of the PTDY period. You are entitled to travel and transportation allowances per Joint Federal Travel Regulations (JFTR), Volume I, Chapter 5, between the old PDS and home of record/home of selection. If you do not desire to bear these expenses personally incurred during the transition PTDY period authorized, you may choose not to execute the PTDY portion of these orders."

c. OCONUS command sponsored dependents may travel on space-available government air for one round trip between the overseas port of embarkation and the first CONUS port of entry. Command sponsored dependents may elect to take the one-time round trip either with the sponsor or in an unaccompanied status.

d. PTDY space-available travel is not authorized for dependents in CONUS.

---------------------	--

1. **Policy.** Orders for naval personnel are issued and approved by Commander, Navy Personnel Command (COMNAVPERSCOM), or commands authorized by COMNAVPERSCOM. Only COMNAVPERSCOM can delegate authority to field commands to issue orders and such authority is limited to specific types of orders. Orders are classified into standard accounting category codes (ACCs) according to the types of orders (Exhibit 1 refers). Other MILPERSMAN articles pertaining to types of orders and associated procedures follow:

Note: An order must not be revoked or modified retroactively to create/deny/change an allowance.

Change of Homeport or Permanent Duty Station (PDS) of a Vessel, Ship-Based Squadron or Staff, or Mobile Unit	1320-322
Permanent Change of Station (PCS) Procedures for Forward Deployed Commands of the Military Sealift Command	1320-324
Personnel Support Function for NATO Southern Region	1320-326

2. **Travel Order** - A document issued and approved by the secretarial process directing travel to, from, and between designated points; and serving as the basis for reimbursement by the Government of official travel, transportation, and reimbursable expenses.

3. **Types of Orders**

a. Change of duty orders detach members from one duty station and assign them to another station. The type of duty from which members are detached or assigned may be either permanent or temporary. The different types of orders are as follows:

- (1) Permanent change of station (PCS) orders;
- (2) Permanent change of activity (PCA) orders;
- (3) TEMDU travel orders;
- (4) TEMDU programmed school input (PSI) orders;
- (5) Active duty for special work (ADSW) orders;
- (6) PCS status for training courses of 20 weeks or more;
- (7) TEMDU under instruction - less than 140 days (20 weeks);

(8) TEMDU during training delays;

(9) TEMDU under treatment (extended outpatient treatment (60 days or less)); and

(10) TEMDU under treatment (extended inpatient/outpatient treatment (greater than 180 days)).

4. **PCS Orders**. The assignment, detail, or transfer of a member or unit to a different PDS under a competent travel order that does not specify the duty as temporary, provide for further assignment to a new PDS, or direct return to the old PDS. A PDS is the post of duty/official station of a member, including a ship. The homeport of a ship or of a ship-based staff to which a member is assigned or attached for duty (other than TEMDU) is the PDS for dependents' transportation, and transportation of household goods (HHG), mobile homes, and/or privately owned vehicles, continental United States (CONUS) cost of living allowance (COLA), geography-based station allowances, and overseas housing allowances.

a. **PCS orders include the following:**

(1) Change in homeport of a vessel, afloat staff, or mobile unit.

(2) Change in PDS of shore based command.

(3) Change from home or place from which called or ordered to active duty to the first PDS.

(4) Change from last PDS to home.

(5) Assignment to course(s) of instruction at one PDS for 20 weeks or more (see reference (a), paragraph 2230-B(4) and 2240-B).

b. **Dislocation Allowance**. For the purpose of dislocation allowance, PCS orders include the following:

(1) Relocation of a household due to military necessity or Government convenience within the corporate limits of the same city or town in connection with a transfer between activities.

(2) Change in homeport of a vessel, afloat staff, or mobile unit.

(3) Change in PDS of shore based command.

(4) Assignment to a course(s) of instruction at one PDS for 20 weeks or more (see reference (a), paragraph 2230-B(4) and 2240-B).

c. **Cost or Low Cost.** PCS orders may be either cost or low cost moves.

(1) A cost PCS move is considered a change of PDS for which the PCS costs exceed \$1000. This type of move **always** requires the follow-on assignment of full DoD or SECNAV prescribed tour length (as applicable).

(2) A low cost PCS move is any change of PDS for which the **PCS** costs **do not** exceed \$1000.

d. **North Atlantic Treaty Organization (NATO) Supplemental Travel Orders.** Per agreements of NATO member nations, supplemental travel orders will be prepared by the Personnel Support Activity Detachment (PERSUPP DET) or detaching command and attached to each order requiring travel to, from, or within a NATO nation. Refer to the Foreign Clearance Guide for further guidance on NATO travel orders: <https://www.fcg.pentagon.mil/fcg.cfm>

(1) The agreements require the following:

(a) The NATO order to be written in both English and French.

(b) Couriers in possession of a NATO travel order, which shows the number of dispatches carried and certifies they contain official documents.

(2) When there is a requirement for frequent passage from one NATO country to another, the NATO travel order may be issued to individuals to cover a period not to exceed 1 year from the date of issue.

5. **Permanent Change of Activity (PCA) Orders.** PCAs are any no-cost (zero cost) assignment, detail, or transfer of a member from one UIC to another UIC within the same PDS (e.g., a reassignment from the Chief of Naval Personnel support to the Pentagon (Arlington)).

6. TEMDU Travel Orders

a. TEMDU orders temporarily assign a member, in addition to present duties, **for periods not in excess of 180 consecutive days**. Upon completion of the TEMDU assignment, the member is directed to resume regular duty.

b. NAVPERS 1320/16 Temporary Additional Duty Travel Orders will be used for TEMDU. Navy order-writing activities will refrain from using DD 1610 Request and Authorization for TEMDU Travel of DOD Personnel when issuing TEMDU orders. Use of other than NAVPERS 1320/16 is only authorized for Navy personnel assigned to a branch of the Uniformed Services, other than Navy, in a "FOR DUTY" status. When mission objectives/unusual circumstances require TEMDU at one location for more than 180 consecutive days, the appropriate authority must determine if TEMDU of greater than 180 days is appropriate. The appropriate authority for authorizing/approving TEMDU assignments in excess of 180 consecutive days at any one location is:

(1) The secretary concerned (Secretary of the Navy);

(2) The chief of an appropriate bureau/staff agency specifically designated for that purpose (Chief of Naval Personnel); or

(3) Commander/deputy commander of a combatant command.

7. PCS Status for Training Courses of 20 Weeks or More.

Personnel are ordered to training as a PCS. Training location is considered the member's permanent duty station. Sometimes unforeseen delays will extend a scheduled course beyond the detachment date indicated on the member's orders. The training command's CO is responsible for immediately notifying Navy Personnel Command (NAVPERSCOM) of the circumstances causing the delay.

8. TEMDU Under Instruction Less Than 140 Days (20 weeks).

Orders, including a school or installation scheduled en route for **less than 20 weeks**, constitute a temporary assignment. Personnel are ordered to these sites in a TEMDU status en route to a PDS. Sometimes unforeseen delays will extend a scheduled course beyond 20 weeks. The training command's CO is responsible for immediately notifying Navy Personnel Command (NAVPERSCOM) of the circumstances causing the delay of the member completing the TEMDU assignment. These delays include leave, hospitalization, unfavorable weather conditions in

courses involving flying, etc. The possibility that unforeseen delays might extend a scheduled temporary assignment beyond 20 weeks does not change the fact the orders, based upon the scheduled length of the course, constitute a temporary assignment.

a. Some TEMDU orders must be modified by NAVPERSCOM to extend the present period of TEMDU, or to change the member's status from TEMDU less than 20 weeks to greater than 20 weeks. This should not be used as a means to avoid ordering the member to TEMDU greater than 20 weeks when the originally anticipated TEMDU period is in excess of 20 weeks.

b. When it is determined the member will require additional course(s) or be unable to complete the currently scheduled course(s) of instruction, NAVPERSCOM may issue an order modification for the following:

(1) Extend the present period of TEMDU, if the remaining duration does not exceed a 20-week period (i.e., the period remaining from the date the orders are modified, plus the additional scheduled course(s) is less than 20 weeks); or

(2) Change the status to TEMDU greater than 20 weeks, if the remaining duration exceeds a 20-week period (i.e., the period remaining from the date when the orders are modified, plus the additional scheduled course(s) exceeds 20 weeks).

c. When a member is going to remain beyond the assigned period of TEMDU, the training activity must contact the applicable detailee to modify the orders. The training command's CO must notify NAVPERSCOM of the circumstances which will cause the member to remain beyond the assigned period. NAVPERSCOM will (by a modification to the orders) either approve the period the member may remain beyond the authorized period, or change the status of the member from TEMDU less than 20 weeks to greater than 20 weeks when the remaining duration exceeds 20 weeks.

d. When a member has remained beyond 20 weeks without a NAVPERSCOM modification, the training command's CO must notify NAVPERSCOM of the circumstances which caused the member to remain beyond 20 weeks. NAVPERSCOM will then issue a modification to reconstruct the member's orders to reflect TEMDU status, effective on the date the member passed the 20-week period. Once the member has completed 20 weeks at one location

without a modification to orders, that location becomes the member's PDS.

e. Entitlement to appropriate temporary allowances is based upon the intent of the orders as originally written; however, temporary allowances are no longer payable after receipt of an order modification to TEMDU greater than 20 weeks, as this constitutes a PCS.

f. Conservation of TEMDU funds is a primary factor in rotation plans and policies. To the maximum extent possible, training will be co-located with either the old or new PDS.

g. A combination of different TEMDU assignments (ACC codes) within the same PDS cannot violate the 180 TEMDU time limit restriction referenced in paragraph 6 and reference (a).

9. **TEMDU Programmed School Input (PSI) Orders.** Members who will begin entry-level training within 90 days of enlistment will be assigned TEMDU (ACC 150) prior to the training. Members who will not commence entry-level training within 90 days of enlistment will be assigned by Navy Personnel Command as follows:

a. Any member whose TEMDU assignment prior to entry-level training would not result in entitlement to per diem, may continue to be assigned TEMDU (ACC 150).

b. Any member whose TEMDU assignment prior to entry-level training would result in entitlement to per diem, will be assigned PCS (ACC 108) for that assignment.

10. **Active Duty Special Work (ADSW) Orders.** ADSW orders assign Inactive Reserve or USN/USNR-RET members from home to ADSW for a limited or specified period of time, and direct (upon completion) release to inactive duty at which time member returns home. ADSW orders may be written as TEMDU or PCS per reference (a) 10428.

11. **TEMDU During Training Delays in Conjunction with PCS Orders (enlisted only).** Enlisted members who will have breaks of greater than 10 days and less than 90 days between courses of instruction during BUPERS directed PCS transfers, may be assigned TEMDU due to delay (ACC 353) as follows:

a. Assignment will be to the ultimate PDS (whenever possible) for breaks between courses of instruction.

b. The follow-on training site will be in the same geographic location as the ultimate PDS (whenever possible).

c. **If the member's ultimate PDS is OCONUS, the TEMDU assignment will be at a CONUS location (PDS-like command), unless the required NEC training is also available at the OCONUS PDS location.**

d. Assignment will be at a deployable and operational UIC (type 2 or 4 command). Prescribed sea tour will not start and member will not deploy while assigned in ACC 353.

e. ACC 353 will not be used in conjunction with TEMDU greater than 20 weeks.

12. TEMDU Under Treatment (Extended Outpatient Treatment (60 days or less)).

a. Member is assigned to the Navy medical treatment facility (MTF) medical holding company (ACC 371).

b. Member is receiving extended outpatient treatment (e.g., burn clinic, traumatic brain injury clinic, etc.) 60 days or less. Member must be accounted to ACC 371 per reference (b), paragraph 7c(1). In most cases, an extended outpatient treatment member would be geographically separated from the Navy MTF. However, the Navy MTF must place member in its UIC for accounting and control. The exception is if NAVPERSCOM, Deployability Assessment Office (PERS-454) directs TEMDU to a different UIC (e.g., a Navy Operational Support Center near the Department of Veterans Affairs (VA) Polytrauma Center).

Note: Per reference (c), ACC 371 cannot be extended over 60 days. If medical treatment is required past 60 days, refer to NAVPERSCOM, Deployability Assessment Office (PERS-454).

13. TEMDU Under Treatment (Extended Inpatient/ Outpatient Treatment (greater than 180 Days)). Member is receiving extended inpatient/outpatient treatment (burn clinic, traumatic brain injury clinic, and other traumatic injuries) at a VA hospital, non-military MTF, or military MTF (ACC 374).

a. Used for wounded warrior only.

b. Members are non-distributable and are not considered limited duty (LIMDU). Although their initial PCS (if required)

may utilize an ACC 105 order, they must be shifted to an ACC 374 once the initial gain has been processed.

c. Member cannot be released from medical cognizance until the medical case worker of a Navy MTF determines that the physician has completed a medical evaluation board report (MEBR) for LIMDU or Integrated Disability Evaluation System (IDES)/physical evaluation board (PEB) purposes.

d. HHG and dependents may move to location of member's care.

e. The order must be written for a minimum of 6 months.

Note: For information concerning entry into the Wounded Warrior Program, contact Commander Navy Installations Command (CNIC), Safe Harbor Program Manager.

STANDARDIZED ACCOUNTING CATEGORY CODES (ACCs)

(Effective Jan 89 per CNO ltr 5230 Ser 161G/444-88 of 16 May 88)

CODE	ORDER PRODUCTION MODULE (OPM) PHRASES FOR ENLISTED ASSIGNMENT INFORMATION SYSTEM (EAIS) AND OFFICER ASSIGNMENT INFORMATION SYSTEM (OAIS) ORDERS	ASSIGNED BY
100	Duty (more than 6 months). Member assigned or attached for duty other than TEMDU, at an ultimate activity whose post or official station may include a ship (for the purpose of personal travel and transportation of personal effects located aboard the ship), and the homeport of a vessel or of a ship-based staff/unit (for transportation of family members and HHG). (Reference (a), appendix A.)	PERS-4
101	Failed to Report for Duty. NAVPERSCOM, Career Progression Department (PERS-8) is notified by PERSUPP DET or admin unit that member has failed to report.	PERS-832
103	Temporary Active Duty. Member issued round trip orders from home to active duty assignment on a temporary basis and return. Length of active duty period determined in orders. Member is not counted on active strength.	PERS-46
104	Humanitarian Duty (more than 6 months). Member assigned per MILPERSMAN 1300-500.	PERS-4
105	LIMDU/Medically Restricted (more than 6 months). Member's assignment restricted by medical board for medical reasons or at the direction of NAVPERSCOM (PERS-454). Activity to which assigned is considered a PDS.	PERS-4
106	Duty In Connection With Conversion and Fitting Out (CFO), Or Reactivation (more than 6 months). Member assigned for permanent duty at the supervisor of shipbuilding (SUPSHIP) detachment located at the site where a Navy vessel is under construction, conversion, or reactivation. A second PCS order must be issued before the vessel is commissioned to detach the member from duty (ACC 106) at the construction site and direct the member to report for duty on board the ship when placed in commission (ACC 100). PERMANENT CHANGE OF STATION (PCS) TRANSFER ORDER DELIVERY AND INTERPRETATION

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-4198
			COM	(901) 874-4198
			FAX	882-2693

References	(a) NAVSO P-6034, Joint Federal Travel Regulations
	(b) OPNAVINST 4650.15

1. Delivery of Transfer Orders

a. PCS orders are delivered as follows:

(1) **Letter Orders.** Original letter orders and any modifications will be mailed to the Personnel Support Activity Detachment (PERSUPP DET) assigned to support the member's activity, and to those activities involved in the transfer. Activities not supported by a PERSUPP DET will receive original letter orders directly. Copies of orders will be reproduced locally and given to the member.

(2) **Message Orders.** Message orders will be sent via the activity's communications center. Message orders will be reproduced locally by the PERSUPP DET and one copy certified "ORIGINAL MESSAGE" with signature of the commanding officer (CO)/officer in charge (OIC) of the processing activity (or the designated representative). When message orders are relayed to a member by telegram, the member concerned, upon presentation to the disbursing officer, will endorse the telegram with the words "ORIGINAL ORDERS RECEIVED" and affix their signature. This certification will be sufficient to enable the disbursing officer to make reimbursement for mileage without further confirmation.

b. **Detaching Date.** Although orders will be addressed via activities providing personnel accounting support, they are directed to the member being transferred. Authority to specify the detachment date within the month of detachment remains with the member's reporting senior. When a PERSUPP DET processes orders, the member being transferred will ensure the PERSUPP DET is informed of the detaching date approved by the reporting senior.

c. **Verbal or Telephoned Orders.** Under certain circumstances, assignment officers and detailers can authorize transfer and order cancellation or modification via telephone per reference (a). The assignment officer or detailer shall notify both the member and the transferring command's personnel accounting office of the verbal or telephoned orders. Follow-on written confirmation orders must be accomplished within 7 days of issuance of verbal or telephoned orders, and must include the date and place the member was located at the time of the verbal or telephone authorization. One of the following PTEXTs will be used in the confirmed orders and must appear either as the very first statement or the very last statement in the orders.

(1) **Confirmation.** For confirmation of telephoned instructions to the member stating the location of the member on the date telephoned instructions were issued:

<p>P74021 (CONFIRMED TELEPHONE INSTRUCTIONS ON (<u>date</u>) TO (<u>city and state member is located</u>)).</p>

(2) **Approve/Maintain Records.** Division directors must approve and maintain records of all verbal or telephone orders.

(3) **Reimbursement.** Reimbursement for travel expenses incurred under verbal or telephone orders may **not** be made until written confirmed orders are received by the member.

d. **Lost Orders.** Correspondence concerning lost orders issued by Navy Personnel Command (NAVPERSCOM) should refer to the entire NAVPERSCOM "Order Number" as stated in the first line of the member's subject line. If orders are lost, the following actions apply:

(1) **Orders not received by the member's command, or lost prior to delivery to the member.**

(a) Orders issued by **message** require the member's present command to request its servicing communications facility to have the message order retransmitted.

(b) Orders issued by **letter** and not received are considered to be undelivered. The order must be canceled and reissued using the appropriate undelivered order cancellation and reissue format.

(2) **Orders lost after commencement of travel but prior to reporting to the ultimate duty station.** Since the member does

not have an order to complete the transfer, the unexecuted portion of the order must be canceled and reissued.

(3) **Orders lost after member reports to the ultimate duty station and prior to settlement of the travel claim.** With the exception of a doubtful claim; when a member has lost the original, or the original and all copies of PCS orders; the claim will be processed by the disbursing officer servicing the member's permanent duty station (PDS) per reference (b).

2. Interpretation

a. **Detaching Phases In Orders.** Detaching instructions in the Detaching Activity section of the orders are to be interpreted as follows:

(1) **EDD (Estimated Date Of Detachment).** When given as a month and year (unless otherwise directed in orders), detachment must take place within the month indicated. Under no circumstances may a member's actual detachment date from their PDS be in a fiscal year other than that directed in the orders.

(2) **When Directed By Reporting Senior, Detach In (month, year) From (type of duty).** The CO must detach the member within the month indicated unless otherwise directed in the orders.

(3) **At Discretion Of Reporting Senior, Detachment May Be Delayed No More Than 2 Months after EDD Month.** The CO may detach the member any time between the first day of the EDD month and the last day of the second month immediately following the EDD month. Under no circumstances may the actual detachment cross over into the following fiscal year. Modifications to orders must be requested through the servicemember's detailee.

(4) **Hereby Detached.** The CO will detach the member within 24 hours after the orders are received.

(5) **Reporting Senior Directed To Detach Member On Or About (date).** The CO has a discretionary period of 10 days on either side of the given date in which to detach the member. Under no circumstances may the actual detachment cross over into the following fiscal year.

(6) **Reporting Senior Directed To Detach Member Within 10 Days After Reporting Of Relief.** Orders should ordinarily be endorsed to detach the member within 10 days after their relief reports. The command may designate a member already on board as a relief, when appropriate.

(7) **When Relieved And When Directed By Reporting Senior, Detach.** Orders should normally be endorsed to detach the officer within 10 days after their relief reports and when directed by the CO. The leeway permitted by the word "normally" is interpreted to apply only to those cases in which the underway operations of an afloat unit prevent adherence to the 10-day period. Exceptions may be written "WHEN DIRECTED IN (month, year) DETACH," instead of "WHEN RELIEVED," if watchkeeping requirements or other circumstances so dictate. The officer being relieved will be detached not later than (NLT) the second month following that in which the relieving officer reports (e.g., relieving officer reports in March, and the officer being relieved detaches no later than (NLT) May).

(8) **Upon Completion Of (type of temporary duty (TEM DU) at an intermediate station) And When Directed, Detach.** Orders shall be endorsed by the CO at the activity concerned upon completion of TEMDU or temporary duty under instruction (TEM DUINS).

(9) **Reporting Senior Directed To Detach Member In Time To Proceed And Report On (date) At Following Station.** The latest date of detachment will be 4 days (when entitled to proceed time) plus travel time in advance of the specified reporting date.

(10) **Reporting Senior Directed To Detach Member On Or After (date).** Orders will be endorsed to detach the member on or after the date indicated but in sufficient time to ensure reporting by the NLT date at the next duty station as shown in the orders. When a NLT date is not indicated, orders will be endorsed to detach the member within 10 days after the date indicated. Under no circumstances may the actual detachment date cross over into the following fiscal year.

(11) **Upon Discharge From Treatment.** Orders will be endorsed by the CO of the medical facility concerned when, in their opinion, the patient is physically qualified for discharge from treatment to duty, sick leave, convalescent leave, separation processing, physical evaluation board, home, another medical facility, or to such other assignment as may be specified in the orders.

b. **Reporting Phrases In Orders.** Specific reporting instructions appearing in the Intermediate or Ultimate Activity sections of orders are to be interpreted as follows:

(1) **EDA (Estimated Date of Arrival).** When given as a month and year, unless otherwise directed in orders, arrival must take place within the month indicated. When given as a day,

month, and year, unless otherwise directed in orders, arrival must take place the date indicated.

(2) **Report Not Earlier Than (NET) (date).** Arrival must take place no earlier than the date indicated.

(3) **Report NLT (date).** Arrival may take place earlier, but no later than, the date specified. Enlisted personnel assigned in a "TEM DU/TEM DUINS/Duty Under Instruction (DUINS)" status (ACC 34X) at a Recruit Training Command or Service School Command may have their orders pen-and-ink modified for no more than 30 days past the original Report NLT (date). This exception is in recognition of training setbacks and any other training delays that may cause member to report past their original Report NLT (date). Leave, proceed, and travel time will not exceed the amount authorized on original orders. Any modification past 30 days may only be authorized by the appropriate assignment control authority (ACA).

(4) **Report NLT (date) and NET (date).** Arrival may take place earlier than the date specified to prevent leave being used; however, payment of per diem will not begin until the specified NET date.

(5) **Report In (date).** The member may report in the month specified, but no later than the last day of the month.

(6) **Report On (date).** The member must report on the date specified.

(7) **Report On Or About (date).** Member must report between 10 days before date specified, and 10 days after date specified.

(8) **Report On Or Before (date).** Member may report any time, but NLT the date specified.

MILPERSMAN 1320-308

PERMANENT CHANGE OF STATION (PCS) TRANSFER ORDER EXECUTION

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN COM FAX	882-4198 (901) 874-4198 882-2693
---------------------------	--------------------------	--------	-------------------	--

References	(a) BUPERSINST 7040.6 (b) DOD 4500.54-G (DOD Foreign Clearance Guide) (c) NAVSO P-6034, Joint Federal Travel Regulations (JFTR), Volume 1 (d) BUPERSINST 7040.7
-------------------	--

1. General Information on Transfers

a. **Permanent Change of Station (PCS) Moves.** The following are considered PCS moves:

- (1) PCS transfers, including assignment to temporary duty (TEMDU).
- (2) Call to active duty.
- (3) Change in homeport of a vessel or mobile unit.
- (4) Reserve personnel ordered to active duty.
- (5) Fleet Reservist (including temporary disability retirement) recalled to active duty.
- (6) Separations from the service under honorable conditions (retirement, discharge, resignation).

b. **Customer Identification Code (CIC).** All PCS transfer directives must contain a CIC in order to be executed. Detailed instructions for the use of the CIC are contained in reference (a).

c. **Status of Members under Orders.** Members traveling under orders are considered to be attached to the command to which next ordered to report.

d. **Unusual Delay in Effecting Transfer.** If for any reason there is an unusual delay in transfer to final destination, or

when transfer orders are cancelled or modified, notify all interested commands.

e. **Certified Original Orders.** All activities to which the servicemember is ordered, the servicemember's current command, their supporting Personnel Support Activity (PERSUPPACT)/Personnel Support Activity Detachment (PERSUPPACT DET), and all additional activities designated are to receive a copy directly from the order issuing authority. The PERSUPPACT/PERSUPPACT DET supporting the detaching activity will receive the original letter/message order, or be an action addressee on the letter/message order. The PERSUPPACT/PERSUPPACT DET will make the necessary number of copies and stamp one copy "Certified Original Orders."

f. **Copies of Orders.** Activities shall provide sufficient copies of the orders to the member being transferred to meet requirements for

- **shipping activities** (regarding household goods (HHG) and privately owned motor vehicles (if applicable)), and
- **transportation activities** (regarding personal travel, family member(s) travel, dislocation allowance, and trailer allowance).

g. **Last Duty Station is shown on Orders.** To eliminate delays and personal hardship to the member regarding shipment of HHG, when members are received at an activity such as a receiving station for further assignment or for further transfer, the activity endorsing the transfer order will ensure the name of the last permanent duty station to which the member was attached is indicated on the orders.

h. **Correction to Orders.** In general, the terms of orders cannot be changed after travel has commenced; however, sometimes an error may occur in the preparation of orders, which will require correction after the fact. Such correction is proper only when the orders do not reflect the intention of the order issuing authority at the time the orders were originally prepared. When orders are corrected after the travel has commenced or been completed, the correction endorsement must include a complete explanation of the facts relative to the occurrence of the error. Since all claims with any retrospective aspects must be settled by the General Accounting Office (GAO), this information is essential to the proper settlement of the claim involved.

2. **Briefing of Members Prior to Transfer.** Transferring commands will brief members prior to transfer on the following:

a. **Records/Accounts/Personal Effects.** Records and accounts are handed to the member for safe delivery to member's new commanding officer (CO). The member's personal effects are in the member's possession, if indicated in command endorsement to permanent change of station transfer order (PCSTO). It is the member's responsibility to report to the new station with records, accounts, and personal effects.

b. **Contacting/Reporting.** Members under orders, including authorized delay, are considered to be attached to the ultimate destination, or the next designated intermediate station as the case may be. If unable to contact these activities, in cases of emergency, member should contact the nearest known naval activity. In the case of members ordered to a ship and the ship to which ordered is not in port, they should report to the nearest naval activity.

c. **PERSUPPACT DET.** Members ordered to a command, which is part of PERSUPPACT, shall be informed as to their ultimate duty station and which PERSUPPACT DET they should check into for administrative/accounting purposes.

d. **TRICARE-Family Member Dental Plan**

(1) Members must be advised that TRICARE-Family Member Dental Plan (FMDP) treatment is **not** available to family members accompanying sponsor assigned to

other than

- the 50 United States (U.S.),
- U.S. Virgin Islands,
- Puerto Rico,
- Guam, or
- Canada

(**covered areas**).

Though not required, members are encouraged to remain enrolled. Routine and essential-only specialty dental care for family members is provided on a space-required basis at overseas military dental treatment facilities to maintain existing dental health. In the event the sponsor remains enrolled in the dental plan, the family members are eligible for dental care whenever they travel to a covered area.

(2) Members who are **not** enrolled in the TRICARE-FMDP, returning from an accompanied assignment

other than

- the 50 U.S.,
- U.S. Virgin Islands,
- Puerto Rico,
- Guam, or
- Canada

(**covered areas**)

must be advised of the availability of the TRICARE-FMDP. The sponsor must elect enrollment, if desired, since participation is **not** automatic, and have at least 12 months of active duty remaining at time of transfer to a covered area.

e. **Illness/Accident.** In the case of illness or accident, the member should notify the nearest known naval activity immediately and request instructions.

f. **Leave.** If leave is granted, the member is responsible for receiving any communications forwarded to the leave address in block 4e of the memorandum endorsement. If leave is canceled, member must return immediately.

g. **Secrecy.** The contents of orders and whereabouts of ships and personnel must **not** be divulged to unauthorized persons.

h. **Local Endorsement.** A copy of local endorsements to PCSTO must be mailed directly to the ultimate destination.

i. **Family Member(s) Location during TEMDU/Temporary Duty under Instructions (TEMUINS).** Current regulations do **not** authorize transportation of family member(s) to intermediate locations at government expense; and where TEMDU/TEMUINS has been directed, members occupying government family quarters at their old duty station are authorized to retain such quarters for up to 20 weeks until reporting to their ultimate duty station.

j. **Clothing for Flights.** Members traveling aboard government owned or operated aircraft (including Air Mobility Command (AMC) CAT B and CAT M) shall wear the appropriate uniform unless civilian clothes are authorized in the member's orders. Normally, civilian clothing will **not** be prescribed unless indicated by reference (b). When civilian clothing is worn, it will be in good taste and not in conflict with accepted attire in the overseas country.

k. **Early Reporting**

(1) Members arriving prior to the "Report Not Earlier Than" date specified in the orders when TEMDU is directed shall be given the option of either remaining in a leave status until the required reporting date, or terminating leave status and reporting on the date of arrival with the understanding that per diem will **not** commence until the date required to commence the TEMDU directed by the orders.

(2) It is Department of Defense (DOD) policy that members should **not** be paid per diem incident to early reporting for TEMDU or TEMADD except as specified in MILPERSMAN 1320-140.

l. **Terrorist Briefing.** DOD members traveling to or through a high threat area/airport will be briefed on required and recommended precautionary measures.

m. **Transfer to Deployed Activities.** Members transferring to deployed activities may encounter transportation delays in reaching their duty station and they must be prepared to meet lodging and meal expenses they will incur during such delays.

n. **Support of Family Member(s) while Deployed.** Members under orders to a deployed unit are responsible for the support and welfare of their family member(s) while deployed. They should, as a minimum, do the following:

(1) Register an allotment or ensure alternate means of adequate support for family member(s) during absence.

(2) Ensure family member(s) identification cards will remain valid until the sponsor's return; or leave the completed applications for renewal with the family member(s) prior to departure.

(3) Consider execution of special powers of attorney for any specific items that require resolution by family member(s) during absence.

3. **Delay in Reporting (DELREP).** Navy Personnel Command (NAVPERSCOM) is authorized to grant 30 days leave in all PCS orders.

a. In the event unusual circumstances require a departure from this policy, maximum delay in reporting (DELREP) will be granted.

b. Exceptions to the 30 days DELREP allowance must be approved by the appropriate assignment division director/branch head.

c. Orders returning members to the continental U.S. (CONUS) or the District of Columbia for separation will contain authorization for delay en route.

d. PCS orders will allow 30 days DELREP except in the following cases:

- (1) Initial orders to active duty.
- (2) Hospitalization.
- (3) Second PCS move within 12-month period.
- (4) Homeport changes.
- (5) Unusual circumstances such as death or illness, detachment for cause, emergency, or key operational dates.
- (6) Upon completion or noncompletion of flight training.
- (7) Detachment from certain activities in Japan.

4. **Transportation in Connection with PCS Orders.** NAVPERSCOM, Career Management Department (PERS-4) does not direct a specific means or mode of transportation in connection with PCS orders. This authority has been delegated to Navy Passenger Transportation Offices (NAVPTOs) which will determine the availability or nonavailability of government air and make complete transportation arrangements using commercial carriers as necessary to meet mission requirements. Navy policy requires official travel must be arranged by NAVPTOs.

a. **Travel Overseas.** Normal mode of PCS travel overseas is by air except when travel by air is medically inadvisable. **PCS orders will direct the use of government air outside continental U.S. (OCONUS).** Requests for order modifications to "authorize" vice "direct" the use of government air OCONUS are normally authorized only in connection with authorized leave over the transoceanic/international portion of the journey and must be completely justified in detail to the appropriate detailee. If circuitous travel is involved, the complete en route travel itinerary must be included in the justification.

b. **Travel in CONUS.** Members may elect the mode of travel in CONUS. If they elect to travel by air within CONUS, without air

travel being authorized or directed in the orders, their travel time will be computed on the basis of commercial carrier travel time. If air travel is directed (not authorized) in the orders, the travel time between any two points in the U.S. is reduced to 1 day. Air travel is sometimes directed in the U.S. simply to limit travel time (e.g., for round trips between East and West Coast, or vice versa, to perform TEMDU in connection with PCS orders) and home-of-record travel in conjunction with consecutive overseas assignments.

c. **Order Formats for Transoceanic Travel.** Whether or not it is expected that a particular ship or unit will be deployed at the time a set of orders is executed, order formats for transoceanic travel (i.e., F502, F351, etc.) will be used by detailers. This policy minimizes later order modifications occasioned by changes in deployment schedules. It is more cost effective to write orders on the assumption of the need for overseas transportation and have the overseas transportation information go unused than it is to issue a modification after initial orders are sent.

d. **Excess Baggage Authorization**

(1) Guidance for approving excess baggage cost reimbursement, MAP item 12-03 "Excess Baggage Transportation Cost Approval," was incorporated in reference (c). Reference (c) now states servicemembers will be reimbursed for excess baggage transportation costs when "approved after PCS travel by the order-issuing/authorizing official." Reference (c) also states excess baggage transportation cost reimbursement "**will not** be authorized in advance of executing a PCS move." Detailers will not authorize cost reimbursement for excess baggage prior to a servicemember executing a PCS move. Detailers will only authorize transportation cost reimbursement for excess baggage up to and not to exceed the following:

(a) One (1) piece for pilots, aircrew, divers, and personnel who must carry special issue gear with them.

(b) Two (2) pieces for attaches.

(2) Reimbursement of transportation costs for dependent's excess baggage is not authorized and family pets may **not** be transported as excess baggage. Express shipment should be used to the maximum extent possible. The **basic allowance only** will be allowed for members under orders for retirement or release from active duty (RAD), **unless coming from an isolated area**. The following paragraph is to be included in PCS orders, which

necessitate the authorization of baggage aboard Air Mobility Command (AMC), contract flights, and commercial flights:

"For air travel, family members are authorized one (1) piece of checked baggage, not to exceed 45 linear inches nor 40 pounds. Military members are authorized one (1) seabag not to exceed 70 pounds, and one (1) piece of checked baggage not to exceed 45 linear inches nor 40 pounds. NAVPERSCOM (PERS-451) will monitor original, modified, and cancelled orders for adherence to these policies. Exceptions for special circumstances must be approved by NAVPERSCOM (PERS-451).

5. **Clothing Allowance, Civilian (CAC)**. Members assigned to designated overseas activities (unit identification codes (UICs)) are paid a CAC when civilian clothing is required to be worn in the performance of their duty. Procedures for including the CAC authorization in orders are as follows:

a. Chief of Naval Operations (CNO) (N130) approves requests for UICs requiring CAC authorizations. Upon approval, NAVPERSCOM, Management Information Systems Branch (PERS-455F) will be provided with the list of UICs, or Billet Sequence Codes (BSCs) and UICs, with the authorized allowance of either "Summer and Winter" or "Summer or Winter" clothing indicated for each UIC, or BSC/UIC.

b. NAVPERSCOM (PERS-455F) will take appropriate action to

- modify the appropriate ATEXT against the approved UICs in Officer Assignment Information System (OAIS) files;
- notify assignment officers and detailers of the additions to, or deletions from, an activity of a clothing allowance authorization; and
- select the appropriate ATEXT using the following table:

CLOTHING ALLOWANCE, CIVILIAN		
	SUMMER AND WINTER	SUMMER OR WINTER
<u>FOR OAIS ORDERS:</u>		
Authorized for Activity UICs:		
Both Officer and Enlisted	A64005	A64006
Officer ONLY	A64015	A64007
Authorized for BSCs:		
Both Officer and Enlisted	P64005	P64006

c. When CAC is authorized for specific BSCs at an activity, detailers will include the appropriate Personnel Text Screen (PTEXT) listed above.

d. Where specific BSCs within an activity are authorized CAC, NAVPERSCOM (PERS-455F) will notify the appropriate detailer. NAVPERSCOM (PERS-455F) will also make a note of this requirement on the PTEXT for the activity in OAIS.

e. A complete list of designated activities for member CAC and any future additions and deletions from this list may be verified in NAVPERSCOM (PERS-455F) (order support section).

6. Execution of Orders

a. When reserving and obligating PCS travel funds, references (a) and (d) require each member to submit NAVPERS 7041/1 (Rev. 12-92), Financial Management-PCS Travel Forms Authorization.

b. PERSUPPACT DET personnel who service members will provide them with forms and counseling during check-in and check-out. PERSUPPACT DET personnel will also ensure the form is accurate and submitted immediately to the below address:

Permanent Change of Station

PERMANENT CHANGE OF STATION (PCS) TRANSFER ORDER ENDORSEMENTS

Responsible Office	NAVPERSCOM (PERS-454)	Phone:	DSN	882-4198
			COM	(901) 874-4198
			FAX	882-2693

References	NAVSO P-6034, Joint Federal Travel Regulations (JFTR)
------------	--

1. **Policy.** Permanent Change of Orders (PCS) will be endorsed with the time, date, and place of reporting. Where temporary duty (TEM DU) and permanent duty stations are in proximity to each other, the place of reporting on orders will include the geographic location (city or county and state), subject to the restriction regarding a classified location.

a. In peacetime, all orders to personnel or endorsements thereon will clearly indicate the place of detachment, embarkation, entry, or reporting except where such information would disclose a classified location.

b. All ships or air activities furnishing transportation are directed to endorse the member's orders, including date of departure or arrival. Particular care is directed in making endorsements to show actual date of departure from or arrival in one of the 48 contiguous United States or District of Columbia.

c. Members receiving "PROCEED WITHOUT DELAY" or "PROCEED IMMEDIATELY" orders will endorse their orders the date and hour of their receipt for execution. When members report following written orders, they will present such orders to the officer to whom they report.

2. **Multiple Stop TEMDU/Temporary Additional Duty (TEMADD)**

Endorsements. Members ordered to one or more TEMDU points en route to a new permanent duty station (PDS) as directed in PCS orders, and members ordered to one or more points in compliance with TEMADD orders (whether or not the TEMADD orders require them to report), will have their orders endorsed to state the number of days of leave (beginning and ending dates) used while at each TEMDU or TEMADD point.

a. If no leave was taken, the endorsement will reflect this fact.

b. Each command to which a member reports for TEMDU en route to the ultimate duty station will review the orders, including any detaching endorsement, to determine whether the member arrived prior to the time required to commence the TEMDU directed by the orders.

3. **Reporting Prior to the "Report Not Earlier Than" Date**

a. If the member arrived prior to the "REPORT NOT EARLIER THAN" date specified because all or part of the leave granted was not utilized, the member will be given the option of

(a) remaining in a leave status until the required "REPORT NOT LATER THAN" date, or

(b) terminating leave status and reporting with the understanding that per diem will not commence until the "REPORT NOT LATER THAN" date.

b. If the member elects to report prior to the "REPORT NOT LATER THAN" date, orders will be endorsed as follows:

"REPORTED THIS DATE. YOU ARE NOT REQUIRED TO COMMENCE THE TEMDU DIRECTED BY YOUR ORDERS UNTIL (DATE); THEREFORE, YOUR PER DIEM ENTITLEMENT COMMENCES ON THAT DATE."

c. If early commencement of TEMDU is determined at the TEMDU station to be in the best interests of the government, orders will be endorsed and the per diem entitlement commencement date specified.

4. **Government Quarters and Messing.** Commanding officers (CO) at shore activities will endorse member's TEMDU regarding the availability of government quarters and government mess when per diem is payable.

a. No endorsement is required if the member has previously received a non-availability control number from the Bachelor Officers Quarters (BOQ); however, an endorsement as to the availability of a government mess is still required.

b. Government messing is considered available only if a government mess, as defined in NAVSO P-6034, is available or there are not adequate meal facilities.

5. **Individual Activity Requirements.** Navy commands to which members are directed to report for administrative purposes will carry out those functions as stated in orders.

a. Activities identified as responsible for performing personnel accounting support will carry out those functions as appropriate.

b. All orders written for personnel not using AUTODIN (e.g., message orders) in which the transfer directive contains a Personnel Support Detachment (PERSUPPDET) will contain the following statement:

"Report for personnel accounting to (the address of the PERSUPPACT which corresponds to the member's duty station) and report for duty to (for administrative purposes to command to which assigned for duty)."

c. Upon arrival of a member at the final destination, the CO will forward to Navy Personnel Command (NAVPERSCOM),

(1) NAVPERSCOM, Systems Operations Branch (PERS-313C) only the first duty, recall, training, release from active duty (RAD), and all separation (retirement, resignation, discharge) orders.

(2) NAVPERSCOM, Officer Performance and Separations Branch (PERS-834) in the case of officers accepting initial orders to duty and without a letter of transmittal; one complete and intact copy of orders involving PCS, TEMDU, transfer to or from treatment in medical department activities, RAD, retirement, resignation, discharge, or any other order of Secretary of the Navy (SECNAV) which changes an officer's status and initial orders to duty (other than training duty).

(a) This copy of orders will include all modifications, corrections, and endorsements including the final reporting endorsement.

(b) The complete travel itinerary and mode of travel utilized will be included on initial orders to active duty.

(c) One additional complete copy of these types of orders will be forwarded for Staff Corps officers by their COs to their cognizant bureau, command, or office.

MILPERSMAN 1320-311

PERMANENT CHANGE OF STATION (PCS) ORDERS MODIFICATION OR CANCELLATION

Responsible Office	NAVPERSCOM (PERS-451H)	Phone:	DSN	882-4198
			COM	(901) 874-4198
			FAX	882-2693

References	(a) NAVSO P-6034, Joint Federal Travel Regulation, Volume 1 (JFTR)
	(b) OPNAVINST 4650.15

1. **Policy**. Deviation from PCS orders must be authorized by Navy Personnel Command (NAVPERSCOM) (applicable detailer) before the action is taken by submitting a request for review. If approved, the request will be authorized by a written order modification or cancellation. Detaching commands responsible for a member's non-compliance with orders (written or verbal) will officially notify NAVPERSCOM (applicable detailer) of the circumstances involved and request an order modification.

2. **Requests**

a. All requests for modification of orders involving a change of duty which entails a delay in reporting to the new duty station, or extension of an authorized delay, will be forwarded, when practicable, for endorsement through the commanding officer (CO) of the ship or station to which the member is ordered.

(1) When this procedure would involve unusual delay, the request will be forwarded to NAVPERSCOM (applicable detailer) with a copy to the new CO for information (including the current CO's endorsement).

(2) These requests should include more information than is afforded by the routine forwarding endorsement of the CO of the activity from which the officer is being detached.

b. When a copy of the request is received, the CO of the activity to which the member is being ordered will forward it with an endorsement to NAVPERSCOM (applicable detailer). NAVPERSCOM cannot always wait for receipt of the endorsement before taking action on the original request, but normally will try to withhold action pending receipt.

c. Requests for modification of orders, which involve earlier detachment from the old duty station, but do not involve later reporting to the new duty station, need to be sent through the new CO.

d. NAVPERSCOM considers it desirable for members to take leave during the time of a change of duty, where needs of the service permit. COs should be so guided in making forwarding recommendations.

e. In the event circumstances preclude a member from obtaining prior approval, a formal written request via the member's CO is required. It should state the dates, locations, and specific circumstances involved in the deviation from orders and include the reason(s), which prevented the member from obtaining prior approval. If the request involves the expenditure of funds, a statement as to the additional cost incurred is required and copies of paid receipts should be included.

(1) If approval is determined to be in the best interest of the government, the detailee/placement officer will submit the request to NAVPERSCOM, Business Operations Program, Budget Execution - Career Management Section (PERS-324) recommending approval and requesting that an approval of action letter be issued to the member via the CO. NAVPERSCOM, Distribution Management and Procedures Branch (PERS-451H) will generate the letter, which may contain accounting data provided by the detailee/placement officer.

(2) A request **not** in the best interest of the government or of doubtful validity will be returned to the member recommending it be processed as a doubtful claim per references (a) and (b). If a petition for relief is appropriate, the member should forward a letter to the Board for Correction of Naval Records (BCNR).

3. **Processing Order Modifications or Cancellations.** Before an order modification or cancellation can be processed, the status of the member will first be determined.

a. If members have not been detached from their current permanent duty station (PDS), or have already commenced travel from the place entered on active duty under basic orders or subsequent modifications, the orders may be either

(1) **modified**, using the appropriate order format for the type of order the modification directs. An opening statement may be added to the order modification.

(2) **canceled**, all cancellations must refer to the basic orders and every modification thereto in the opening statement (e.g., "Orders and all modifications thereto are cancelled. Continue present duty."). New appointments and reporting to active duty do not require the "Continue present duty" statement.

b. If the member has been detached from permanent duty or has commenced travel under basic orders or subsequent modifications, the orders can only be modified.

MILPERSMAN 1320-312

ORDER CLARIFICATION AND CLAIMS

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-4198
			COM	(901) 874-4198
			FAX	882-2693

References	(a) NAVSO P-6034, Joint Federal Travel Regulations (JFTR), Volume I, Uniformed Service Members (b) OPNAVINST 4650.15
-------------------	---

1. Policy

a. Questions regarding permanent change of station (PCS)/temporary additional duty (TEMADD) orders should be directed to Navy Personnel Command (NAVPERSCOM),

(1) Distribution Management and Procedures Branch (PERS-451H) **for clarifying/interpreting orders as related to member entitlements and TAD, or**

(2) Entitlements Branch (PERS-324) **for transportation entitlements/assistance.**

b. NAVPERSCOM (PERS-451H) processes controversial travel and per diem claims resulting from executed member orders (PCS and TEMADD), which, by their nature, are questionable as to legality of payment.

2. Procedures

a. Normally, claims are submitted by a disbursing officer to Defense Finance and Accounting Service (DFAS), General Accounting Office (GAO) (Comptroller of the United States) for settlement. When required, DFAS GAO forwards them to NAVPERSCOM (PERS-451H) for staffing controversial travel and per diem claims.

b. NAVPERSCOM (PERS-451H) must ascertain the correctness of the orders as written; obtain clarification as to intent, purpose, reason for travel, delay, etc.; and forward claims to NAVPERSCOM, Assistant Commander Navy Personnel Command (ACNPC) for Career Management Department (PERS-4) by letter or endorsement with the recommendations, comments, or other appropriate actions for which the claims and orders are referred.

(1) Claims are logged in by NAVPERSCOM (PERS-451) as received, identified as to type of action required, and given to claims examiners. Information required to adjudicate the claim is solicited from various individuals, offices, commands, or activities. Then the claim with accompanying documents and NAVPERSCOM (PERS-451H) comments or recommendation is forwarded to NAVPERSCOM (PERS-4), or returned to the appropriate DFAS GAO official for determination of entitlement or settlement, as applicable.

(2) Since a claim may be submitted any time within a 6-year period, examiners must be conversant with the laws and regulations promulgated in references (a) and (b), Comptroller General Decisions, etc., and process claims chronologically.

(3) Processing of a claim may take from 1 day to several months before settlement is reached.

MILPERSMAN 1320-314

TEMPORARY DUTY (TDY) TRAVEL ORDERS

Responsible Office	OPNAV N130	Phone:	DSN 604-5476 COM (703) 604-5476
---------------------------	------------	--------	------------------------------------

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone: Toll Free	1-866-U ASK NPC
------------------------------------	------------------	-----------------

References	(a) NAVSO P-6034, Joint Travel Regulations (JTR) (b) NAVSO P-1000-2, Navy Comptroller Manual, Volume 2, Accounting Classifications (c) DoDI 1327.06 (d) SECDEF memo of 23 Sep 15 Updated DoD Conference Guidance (e) SECNAVINST 5720.44 (f) DODI 4500.54-E DOD Foreign Clearance Program (g) SECNAV M-5510.30 DON Personnel Security Program (h) NAVPERS 15665I U.S. Navy Regulations (i) OPNAVINST 4650.15B
-------------------	--

1. **Policy.** Temporary duty (TDY) is defined as duty at one or more locations, away from the permanent duty station (PDS), under an order, providing for further assignment or pending further assignment, to return to the old PDS or to proceed to a new PDS.

a. TDY allowances automatically expire when members return to the duty station from which they proceeded on TDY, or they return for personal reasons in a liberty or leave status. Reference (a) provides guidance on any possible lodging reimbursement when the member voluntarily returns to the PDS/residence for personal reasons.

b. If a return to the PDS is necessary for transportation changes (i.e., air travel routed via local transportation hub) en route to the next TDY station, and no unnecessary delay is taken, the orders remain in effect. TDY members remain attached to the station from which they initially proceeded on TDY, and are subject to the rules and regulations of the command at which they are assigned TDY.

2. Issuance of TDY Orders

a. Delegation of Authority. All commanders, commanding officers, and officers-in-charge, as well as their seniors in the chain of command, are authorized to issue TDY travel orders to members under their immediate military command. The authorizing/approving official must verify that the required funds have been appropriated to support the travel and transportation costs of such orders or that the cost of travel and transportation is chargeable to an appropriation which is administered by the activity issuing the authorization.

(1) This delegated authority is subject to such additional instructions and limitations as each command's administrative commander may prescribe per reference (a).

(2) As an administrative support function for those commands not having order-writing authority, area coordinators are authorized to issue TDY orders to members attached to commands physically located within their assigned areas.

b. In no case will a command deviate from reference (b) when using a line of accounting for TDY travel or using a permanent change of station line of accounting.

c. Complying with and Signing Orders. Great care must be taken in preparing and issuing TDY orders, and in carrying out the orders as written. A poorly worded travel order almost always leads to poorly/inaccurately provided services, misunderstanding about allowances, and unhappy travelers. If a member cannot carry out travel orders as written, either last minute verbal direction from appropriate authority to deviate from the orders, followed by a written modification to the orders, must be obtained from competent authority before the travel begins. If the order conflicts with reference (a), reference (a) prevails.

d. Verbal and Telephonic TDY Orders. Verbal orders given in advance of travel, or orders written in the field which quote or reference orders received by telephone from competent authority, must be subsequently confirmed in writing within 7 working days by the order issuing authority. Reimbursement for travel expenses under such orders may not be made until such confirmation is obtained.

(1) The confirmation orders, which are issued subsequent to the commencement of travel, will state the urgency of travel and the reasons for not issuing written orders (e.g., the last paragraph of confirming orders might read: "Subject travel was necessary at this time and the length of time required to formally go through normal administrative channels prevented written orders from being issued prior to your departure."

(2) In addition, confirmation orders must state "Confirming telephonic (or verbal) instructions of (date) to (geographical location)."

e. For units without access to the Defense Travel System, NAVPERS 1320/16 Temporary Additional Duty (TEMADD) Travel Orders will be used for TDY. NAVPERS 1320/16 may be accessed by using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>. Navy order-writing activities will refrain from using DD 1610 Request and Authorization for TDY Travel of Department of Defense (DoD) Personnel when issuing TDY orders, unless Navy personnel are temporarily assigned to a different branch of the Uniformed Services in a "For Duty" status. DD 1610 may be accessed by using the following Web address: <http://www.dtic.mil/whs/directives/forms/dd/ddforms1500-1999.htm>.

3. Time Limitation for TDY Orders (other than for training)

a. TDY orders temporarily assign a member, in addition to present duties, for periods not to exceed 180 consecutive days at one location. Upon completion of the TDY assignment, the member is directed to resume regular duty.

b. When mission objectives or unusual circumstances require TDY at one location for more than 180 consecutive days, the appropriate authority must determine if TDY of greater than 180 days is appropriate. Per reference (a), the appropriate authority for authorizing/approving TDY assignments in excess of 180 consecutive days at any one location is

- (1) the secretary concerned (Secretary of the Navy); or
- (2) Commander/deputy commander of a combatant command.

4. **Group Travel Orders**. Order-writing commands must consider the feasibility of group travel orders in instances when three or more members of a command or unit will travel together from a common point of origin to a common destination.

a. Detachments or units involved in routine or fleet deployment evolutions are considered appropriate cases in which group travel orders may be used.

b. Reference (a) prescribes group travel ("Personnel Traveling Together") when, due to mission requirements, members are to remain together while traveling away from the PDS. Such orders are similar to TDY orders, except that members will be furnished transportation by Government transportation or other transportation using SF 1169 U.S. Government Transportation Request.

c. Subsistence and quarters en route are furnished as provided for in reference (a).

5. **Permissive Travel Authorizations**

a. Commands authorized to issue TDY orders may write an "authorization" permitting assigned members under their command to perform travel at no expense to the Government when the reason it is in compliance with reference (c) and MILPERSMAN 1050-270.

b. Shortage of funding for TDY or training is not a justifiable reason for authorizing permissive TDY. Per reference (c), an administrative absence may include permissive travel to attend or participate in activities of an official nature to the benefit of the mission of the DoD. Travel to perform TDY or training is performed under a directive type order providing for travel and transportation allowances in reference (a).

(1) Permissive authorizations must include the following clause:

"This permissive travel authorization is issued with the understanding that you will not be entitled to reimbursement for travel, transportation, per diem, or miscellaneous expenses in connection with its execution. If you do not desire to bear these expenses personally, you may choose not to execute this permissive travel authorization and it will be cancelled."

(2) Government transportation will be authorized only per MILPERSMAN 1320-080.

(3) The authorization will state if "delay to count" as leave is authorized in conjunction with permissive authorizations.

(4) Permissive authorizations may be used for the purposes specified in MILPERSMAN 1050-270 for administrative absences.

(5) Permissive authorizations for the purpose of residence hunting in connection with permanent change of station orders may be authorized per MILPERSMAN 1320-210 and governing NAVADMINs.

6. **Attendance at Conventions and Meetings.** A member requesting to attend a meeting of a scientific, technical, or professional nature that is sponsored or convened by a non-federal organization will be processed, per reference (a), when travel expense to the Government is to be incurred.

a. There is no authority under which OPNAV 5050/11 Request and Approval for Attendance at Meetings may be used to limit entitlements under directive type orders for lesser amounts than those stipulated in reference (a). OPNAV 5050/11 may be accessed by using the following Web address:
https://navalforms.documentservices.dla.mil/formsDir/_OPNAV_5050_11_1489.pdf.

b. Accordingly, when the maximum amount approved on the basic OPNAV 5050/11 is less than the total expense actually incurred by the member, and such additional expense would otherwise be reimbursable under the provisions of reference (a), a supplemental OPNAV 5050/11 that references the initially approved form request will be approved to cover the additional expense.

c. Subsequent to this approval, the order-writing activity will endorse the basic orders, to include the additional expenditure.

d. One of the following statements in the text of the orders or endorsement (as applicable) must be included:

"Funds not to exceed (\$___) for expenses of attendance at meetings were approved (date) on (form) _____ by (authority), as designee of the Secretary of the Navy for this purpose by authority of SECDEF memo of 23 Sep 2015."

"Additional funds not to exceed (\$___) for expenses of attendance at meeting were approved (date) on (form) _____ by (authority), as designee of the Secretary of the Navy for this purpose by authority of SECDEF memo of 23 Sep 2015."

"Registration fee of (\$___) was authorized in connection with this meeting." (if applicable)

7. **Travel in Connection with Public Events.** TDY orders in connection with participation in public events will be issued per reference (e).

8. **Delay to Count as Leave in Connection with TDY.** The authorizing official must ensure that TDY orders are not being requested as a means to defray transportation expenses to, from, or via a leave location. Delay counted as leave must be incorporated in the orders.

a. Normally, travel by privately owned conveyance (POC) should not be authorized in the TDY order that authorized the leave. However, per reference (a), POC (automobile or motorcycle only) use on TDY is to the Government's advantage for TDY to locations within 800 miles (round-trip) of the PDS as determined from the Defense Table of Official Distances which may be accessed by using the following Web address: <https://dtod.sddc.army.mil/Default.aspx>. There is no requirement for any cost comparison. A command may authorize POC (automobile or motorcycle only) use for TDY travel of 800 miles or less round-trip (400 miles one-way) at its discretion.

b. Other exceptions may be appropriate when POC will be less costly than other modes of transportation, including anticipated per diem while in transit, taxi fares, etc.

c. Subject to the foregoing, order-writing commands are authorized to grant leave equal to the number of days earned leave, plus advance leave (not to exceed 30 days) in conjunction with TDY orders (regardless of duration of TDY), provided there is no additional expense to the Government.

d. TDY orders combined with leave must include the following statement:

"If you avail yourself of this leave, indicate on original orders the date and hour TDY commenced and was completed."

e. The paragraph below must also be included in orders which authorize leave outside the 48 contiguous United States and the District of Columbia:

"If you avail yourself of this leave, obtain endorsement from each TDY point as to the transportation which would have been available in reporting to next TDY point, or in returning to the duty station via shortest usually traveled route, giving date and hour of departure and arrival. You are authorized to visit (specify countries) in a leave status."

f. Reference (f) and MILPERSMAN 1050-250 govern foreign leave travel involving Navy members. Use the following Web address to access foreign clearance leave of Navy members: <https://www.fcg.pentagon.mil/>.

9. **Directive to Report**. For travel within the contiguous United States, except when the TDY is under instruction, it is not mandatory that orders contain the reporting statement in paragraph 8d above. However; where practicable, the reporting statement should be included, especially for extended periods of TDY (i.e., directed continuous travel of 3 or more weeks).

a. If a senior commander is not available for reporting purposes, the member should report by message, in person, or by other means to the appropriate naval attaché, giving address and itinerary while in the area. In each of the above instances,

the naval attaché in the area should be provided a copy of the member's orders.

b. If a member is not ordered to report, no reporting endorsement is required. Availability/non-availability of Government quarters must be documented by the member per reference (a).

10. **Early Reporting**

a. The cognizant commander authorizing TDY and leave should determine the member's leave desires and ensure the orders are written to prevent early reporting at the TDY station. Early reporting may be authorized under the following exceptions:

(1) Early reporting is necessary due to variations in transportation schedules.

(2) The duty may be performed at any time, as differentiated from a fixed period, as is generally the case for TDY under instruction.

(3) When the appropriate commander determines that early reporting is in the best interest of the Government or has been caused by conditions beyond the member's control, the following explanation will be included in the orders or attached as an endorsement:

"Detachment or reporting on (date) is considered in the best interest of the Government because (reason)."
--

b. Members ordered TDY for training will be directed to commence travel in order to report no earlier than the day preceding the class convening date.

11. **Security Clearance and Transportation of Classified Materials/Documents**. All commands issuing TDY orders will ensure that members for whom orders are written are not restricted by the provisions in reference (g).

12. **Excess Baggage**. See reference (a) regarding baggage allowances in connection with TDY.

13. **Uniform for TDY Travel.** Military uniforms and civilian attire are covered in reference (h), Chapter 7. The following Web address should be consulted prior to commencing travel outside the continental United States: <https://www.fcg.pentagon.mil/fcg.cfm>.

14. **Certification of Itineraries for Travel of Naval Aircraft Ferrying Squadron Personnel.** To facilitate payment for travel of personnel ferrying aircraft, the commanding officer at the PDS will verify the claim submitted by the traveler at the final activity of the itinerary of an assignment.

a. This pertains to cases in which the parent command daily tracks the pilot and crew members, issuing verbal orders with flexible itineraries and without specific destinations. The itinerary will include the following:

(1) Time of departure;

(2) Time of arrival and departure from each activity visited, including dates of acceptance and delivery of aircraft and reasons for any delays;

(3) Availability of Government quarters and messing facilities at each activity visited; and

(4) Time of return to PDS.

b. Per reference (i), the following certification will be placed on the reverse of each DD 1351-2 Travel Voucher or Sub-voucher:

"I certify that the permanent duty station of the claimant was as stated during the period covered by this claim, that the TDY, for which per diem is claimed, was in the performance of duty or training at (name of squadron or unit), and that the duty or training at the points stated in the schedule for the period claimed was directed. The amount and schedule have been examined and are certified correct."

"Commanding officer or designated representative"

DD 1351-2 may be accessed by using the following Web address:
<http://www.dtic.mil/whs/directives/forms/dd/ddforms1000-1499.htm>

c. The certified itinerary will be considered sufficient for payment of claims.

15. **Aviation Personnel Forced Down Under Emergencies**

a. Aviation personnel, who are forced down in an emergency and required to incur personal expenses while performing official duties are authorized TDY allowances per reference (a), Chapters 3 and 4.

b. Aviation commands are authorized to issue written orders confirming verbal instructions for reimbursement purposes.

16. **Policy Review.** This article has been reviewed by the Per Diem, Travel, and Transportation Allowance Committee staff per reference (a), paragraph 1020-A, as PDTATAC Case RR15002.

MILPERSMAN 1320-316

GENERAL COURT-MARTIAL ORDERS

Responsible Office	NAVPERSCOM	Phone:	DSN	882-4198
	(PERS-451)		COM	(901) 874-4198
	(PERS-00D1)		FAX	882-2693

References	(a) NAVSO P-6034, Joint Federal Travel Regulations (JFTR), Volume 1, Uniformed Service Members
------------	--

1. Background

a. Historically, a member ordered to appear as the accused in a general court-martial (GCM) is involved for an extended period of time.

b. Temporary duty (TEM DU) orders would permit exorbitant per diem entitlements. Conversely, a member dismissed as a result of a court-martial sentence may be required to reimburse the government since the member was not ultimately assigned to a permanent duty station (PDS).

c. Circumstances may dictate varying per diem entitlements; therefore, a uniform criterion was established for ordering a member who is the accused in a GCM.

2. Procedures

a. The detailee will liaison with Navy Personnel Command (NAVPERSCOM), Corrections and Programs Branch (PERS-00D1) prior to issuance of any such order. The following procedures are to be used in conjunction with court-martial orders:

(1) When ashore and stationed **beyond 25 miles** of the city where the GCM is to be convened, permanent change of station (PCS) orders will be issued.

(2) When ashore and stationed **within 25 miles** of the city where the GCM is to be convened, the appropriate local command authorized to issue temporary additional duty (TEMADD) orders will issue such orders when the period of time **does not exceed 6 months**. If a period **longer than 6 months** is envisioned, NAVPERSCOM will issue PCS orders as described in the paragraph above.

b. After the court-martial, provided no punitive discharge or dismissal is involved, an attempt will be made to reassign the member for a normal tour of duty within same area in order to reduce travel expenses.

c. In unusual cases, such as when a member is ordered from a ship deployed in WESTPAC, determination of type of orders should be based on entitlements that are least expensive to the government (e.g., travel of family member(s) or per diem entitlements).

d. When ordered ashore from aboard ship, PCS orders will be issued.

e. To determine entitlements for dependent travel, transportation, and shipment of household goods (HHG) incident to a member's court-martial sentence or Other Than Honorable discharge, refer to reference (a).

MILPERSMAN 1320-320

PERMANENT CHANGE OF STATION (PCS) ORDERS TO SHIPS UNDER CONSTRUCTION AT CIVILIAN SHIPBUILDING COMPANIES OR YARDS

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-4198
			COM	(901) 874-4198
			FAX	882-2693

References	(a) NAVSO P-6034, Joint Federal Travel Regulations (JFTR), Volume 1 (b) OPNAVINST 4650.17
------------	--

1. **Background.** A Precommissioning Unit (PRECOM UNIT) for each ship under construction at a civilian shipbuilding company or yard has been established with its assigned location the same as the civilian shipbuilding company or yard. These units allow processing of electronic permanent change of station (PCS) orders for members assigned to, and detached from, **DUTY** in connection with conversion, fitting out, or reactivation (**CFO**) or temporary duty (**TEM DU**) **CFO** at the ship's construction site. Reporting and detaching procedures for PCS orders to ships under construction are provided in the following paragraphs.

2. **DUTY CFO (6 Months or more).** Two sets of PCS orders will be issued by Navy Personnel Command (NAVPERSCOM) when it is determined by the detailee that the commissioning date of the vessel will be 6 months or more from the member's estimated date of arrival (EDA) at the ship's PRECOM UNIT based on the latest **Naval Sea Systems Command (NAVSEASYS COM) Quarterly Progress Report (NAVSEA 250-574)**. The following procedures apply:

a. A member's first PCS orders will be to the ship's PRECOM UNIT located at the construction or conversion site.

(1) Upon arrival, the member will report to the appropriate reporting senior for "**DUTY CFO AT (shipbuilding company/yard)**."

(2) No per diem entitlements exist. PCS entitlements are to the PRECOM UNIT's assigned permanent duty station (PDS).

(3) Previous duty station tour length must meet Time on Station (TOS) requirements or be waived prior to ordering the member to the PRECOM UNIT.

(4) Members assigned to DUTY CFO (accounting category code (ACC): 106) may be entitled to transportation costs from the ship's construction site to the ship's initial assigned homeport (if different than the construction site), or to the area where the dependent(s) (hereafter referred to as family member(s)) are residing per reference (a).

b. Message assigning the initial homeport for the vessel/determination of a "firm" commissioning date of the vessel.

(1) These orders will detach the member from "DUTY CFO" (ACC: 106) with the PRECOM UNIT and direct the member to report to the vessel for "DUTY (ACC: 100) ON BOARD WHEN PLACED IN COMMISSION."

(2) No per diem entitlements exist. PCS entitlements are to the homeport as assigned by Chief of Naval Operations (CNO).

(3) These orders to sea duty meet the Department of Defense (DoD) TOS exemption and no waiver is required.

3. **TEM DU CFO (less than 6 Months)**. A member will be issued one PCS order by NAVPERSCOM when it is determined by the detailer that commissioning date of the vessel will be less than 6 months from the member's EDA at the ship's PRECOM UNIT based on the latest NAVSEA 250-574.

a. When orders are issued "after" the CNO message has been released assigning the ship's initial homeport, the member will be ordered to report to the PRECOM UNIT's unit identification code (UIC) (intermediate activity) for "TEM DU CFO (ACC: 352) AT **(shipbuilding company/yard)**."

(1) Upon detachment from TEM DU CFO, the member will be further ordered to report to the vessel (ultimate activity) for "DUTY (ACC: 100) ON BOARD WHEN PLACED IN COMMISSION."

(2) Per diem cost will incur if the initial homeport of the vessel is not the same as the construction site.

(3) If the initial homeport and construction site are the same, per diem stops as soon as permanent quarters are occupied or on the date the member's assignment is changed from TEM DU CFO,

or temporary additional duty (TEMADD), to DUTY CFO (ACC: 100) per reference (a).

(4) PCS entitlements are to the vessel's initial homeport as assigned by CNO, or a designated place if assigned to unusually arduous sea duty under references (a) and (b).

b. When orders are issued "**before**" the CNO message assigning the ship's initial homeport has been released, the member will be ordered to report to the PRECOM UNIT's UIC (intermediate activity) for "**TEM DU CFO (ACC: 352) AT (shipbuilding company/yard)**."

(1) Upon detachment from TEMDU CFO (ACC: 352), the member will be further ordered to report to the vessel (ultimate activity) for "**DUTY (ACC: 100) ON BOARD WHEN PLACED IN COMMISSION**."

(2) These orders will reflect "**NHPA**" (no homeport assigned) for the location of the homeport.

(3) Transportation of family member(s) and household goods will **not** be authorized until these orders are modified to reflect the vessel's initial homeport.

(4) **This modification cannot be issued until after the CNO message assigning the vessel's initial homeport has been released.**

(5) Per diem cost will incur if the initial homeport of the vessel is not the same as the construction site.

(6) If the initial homeport and the construction site are the same, per diem stops as soon as permanent quarters are occupied.

(7) PCS entitlements are to the vessel's initial homeport as assigned by CNO, or a designated place if assigned to unusually arduous sea duty under references (a) and (b).

c. Basic/initial orders in these cases may, or may not, include the following statement:

P62031 "DETACHING COMMAND: ADVISE MEMBER THAT "NHPA" FOR HOMEPORT OF (vessel's name and hull number) IS NOT OFFICIAL. ENSURE MEMBER IS ADVISED NOT TO MOVE FAMILY MEMBER(S) NOR SHIP HOUSEHOLD GOODS PRIOR TO ANNOUNCEMENT OF VESSEL'S OFFICIAL HOMEPORT. FURTHER ENSURE MEMBER UNDERSTANDS THAT MOVEMENT OF FAMILY MEMBER(S) AND SHIPMENT OF HOUSEHOLD GOODS TO INTERMEDIATE DUTY STATIONS ARE NOT AUTHORIZED. UPON CNO'S ANNOUNCEMENT OF OFFICIAL HOMEPORT, AN ORDER MODIFICATION WILL BE FORWARDED AUTHORIZING PCS ENTITLEMENTS TO NEW INITIAL HOMEPORT."

d. Immediately upon receipt of CNO's message assigning a homeport location for the vessel under construction, an order modification to previously issued basic/initial orders will be issued. It will include the following statement:

P62038 "ON (date of CNO msg) CNO ASSIGNED (city, state/country) AS THE HOMEPORT FOR (vessel's name and hull number) EFFECTIVE UPON COMMISSIONING. A COPY OF THIS MODIFICATION MUST BE IMMEDIATELY DELIVERED TO THE PERSONAL PROPERTY TRANSPORTATION OFFICE ARRANGING SHIPMENT OF HOUSEHOLD GOODS; ALSO TO THE NAVY PASSENGER TRANSPORTATION OFFICE ARRANGING FAMILY TRAVEL."

e. If a member occupies permanent quarters in anticipation of the construction site and the homeport being the same, per diem ceases when the homeport is assigned and it is the same as the construction site.

NOTE: Entitlement to family member(s) transportation is not to exceed the cost of that from the old PDS to the initial homeport unless the vessel will be designated unusually arduous sea duty (reference (b) refers) when commissioned. TEMDU CFO is not considered indeterminate TEMDU under the purview of reference (a).

4. Orders to a Vessel Remaining at the Construction Site for 6 months or more after Commissioning (for Post-Commissioning Work) and the CNO Assigns that Same Site as the Ship's Initial Homeport. Procedures for assigning members to TEMDU CFO (ACC: 352) or DUTY CFO (ACC: 106) are the same as previously specified in paragraphs 2 and 3 of this article.

a. In PCS orders detaching members from DUTY CFO (ACC: 106) and directing them to report for DUTY CFO (ACC: 100) and the

initial homeport assignment location is the same as the PRECOM UNIT (construction site), no PCS entitlements should incur.

(1) In some situations they **may** incur, depending upon decisions made by the member (regarding transportation of family member(s)/household goods) under previous PCS orders to DUTY CFO (ACC: 106).

(2) These orders to sea duty meet DOD TOS exemption and no waiver is required.

b. In orders where the member is directed upon completion of TEMDU CFO (ACC: 352) to report for DUTY (ACC: 100) on board when placed in commission, PCS entitlements, if any, are from the old PDS to the initial homeport (same as the PRECOM UNIT UIC location/construction site).

NOTE: Per diem stops once the member occupies permanent quarters, or on the date the member's assignment is changed from TEMDU CFO (ACC: 352), or TEMADD, to DUTY CFO (ACC: 100).

c. Six months prior to completion of the postcommissioning work, CNO promulgates a homeport "**change**" from the first (initial) homeport (same as the construction site) to the ultimate homeport. When appropriate, members on board will receive a homeport change certificate, which entitles them to a PCS move from the initial homeport (construction site) to the new homeport.

5. Orders to Prospective Commanding Officers (PCOs) of New Construction or Conversion Vessels. PCOs of new construction or conversion ships will be under the cognizance of the appropriate type commander (TYCOM).

a. NAVPERSCOM will direct all PCOs to report (in person or by letter) to their TYCOM for DUTY CFO, TEMDU CFO, or TEMADD CFO, as appropriate.

b. Orders will also direct PCOs to report (in person or by letter) to the supply ship (SUPSHIP) for additional duty, or TEMADD, as appropriate.

c. The TYCOM will be the reporting senior for fitness report purposes.

d. PCOs of new construction surface ships will be ordered to 1 week of TEMDU (ACC: 350) with CNO, Assistant Chief of Naval Operations (Surface Warfare) (N86).

e. A PCO who is performing TEMDU CFO at the same location as the vessel's assigned official homeport location is **not** entitled to per diem.

6. Orders to Members for Duty in Conventionally Powered Surface New Construction/Conversion Ships

a. Members in the **nucleus crew** will be ordered to the ship's PRECOM UNIT located at the construction site (civilian shipyard) and report to Commanding Officer (CO), PRECOM UNIT for DUTY CFO (ACC: 106), or TEMDU CFO (ACC: 352).

b. Members in the **balance crew**, with the exception of the Prospective Executive Officer (PXO), will be ordered to report to the designated Fleet Training Center (FTC) for TEMDU (ACC: 350) precommissioning training.

c. Upon completion of precommissioning training, members of the **balance crew** will be ordered to proceed to the construction site and report to CO, PRECOM UNIT for DUTY CFO (ACC: 106), or TEMDU CFO (ACC: 352).

7. Procedures in Connection with Ship Delivery Slippages. All personnel ordered to TEMDU in connection with precommissioning training at FTCs, or TEMDU CFO (ACC: 352) with the PRECOM UNIT at the construction site, are so ordered with the understanding that **"no period of TEMDU at any one location, from the best information available at the time orders are written, is anticipated to be in excess of 6 months."**

a. When it is officially determined by appropriate authority that a slippage in ship delivery of the vessel will occur, NAVPERSCOM will be notified through the NAVSEA 250-574.

b. To ensure that per diem payments to members assigned to TEMDU (ACC: 352) at FTCs, or TEMDU CFO (ACC: 352), are not suddenly terminated, NAVPERSCOM or CO, PRECOM UNIT/PCO will be responsible for the procedures in paragraphs 8 and 9.

8. New Projected Commissioning Date will exceed 6 Months.

When slippage occurs after personnel have reported for TEMDU (ACC: 352) precommissioning training at FTCs, or TEMDU CFO (ACC: 352) with the PRECOM UNIT at the construction site, and the remaining time from the date the determination is made until the new projected commissioning date will exceed 6 months, NAVPERSCOM **will issue appropriate order modifications** changing the member's status at

a. FTCs from TEMDU (ACC: 352) precommissioning training to DUTY (ACC: 106) commissioning training.

b. PRECOM UNITS from TEMDU CFO from (ACC: 352) to DUTY (ACC: 106).

c. FTCs and PRECOM UNITS. Disband the precommissioning detail in the case of extreme slippage of ship's delivery date.

9. **New Projected Commissioning Date is less than 6 Months**. When slippage occurs after personnel have reported to FTCs for TEMDU (ACC: 352) precommissioning training, or PRECOM UNITS for TEMDU CFO (ACC: 352) and the remaining period of time until the vessel's commissioning, or placement in service (for USNS ships), date is **less than 6 months**, the following procedures apply for

a. **FTCs. NAVPERSCOM will issue appropriate order modifications.** These modifications will either

(1) change the member's status from TEMDU (ACC: 352) precommissioning training to DUTY (ACC: 106) precommissioning training, or

(2) extend present period of TEMDU (ACC: 352) precommissioning training for an additional period (not to exceed 6 months from date of NAVPERSCOM order modification).

b. **PRECOM Units**

(1) PCOs of vessels under construction are authorized, via NAVPERSCOM orders assigning them to TEMDU/DUTY CFO as CO, PRECOM UNIT, to modify NAVPERSCOM orders of military personnel under their command to extend their present period of TEMDU CFO (ACC: 352).

(2) The modification will be an endorsement to members' orders to extend their present period of TEMDU CFO for an additional period not to exceed 6 months from the date of endorsement. The endorsement must include

(a) date the TEMDU CFO is extended.

(b) reason for such extension.

(c) new estimated date of completion of TEMDU CFO (which cannot exceed 6 months or 180 days from the date the TEMDU CFO is extended).

(d) date of CO, PRECOM UNIT's NAVPERSCOM orders granting authority by NAVPERSCOM to modify a member's orders by endorsement.

(3) Copies of endorsement modifications will be forwarded to NAVPERSCOM (the PERS- code indicated in the subject line of the member's orders). The member's detailer will use these copies to manually update the member's master record/file accordingly.

10. **Per Diem Payments.** To account for and protect payments of per diem, orders which specify any kind of TEMDU (including CFO) followed by the words "**FOR APPROXIMATELY _____ DAYS**" must be modified to reflect any additional or expanded period of assignment.

a. This is not necessary for relatively insignificant extensions of 7 days or less when the period of TEMDU or temporary duty under instruction (TEMDUINS) is more than 30 days, or 3 days or less when the period of TEMDU or TEMDUINS is less than 30 days.

b. If any additional slippage of commissioning, or placement in service of USNS ships, date occurs, appropriate actions outlined above will again be required.

CHANGE OF HOMEPORT OR PERMANENT DUTY STATION (PDS) OF A VESSEL, SHIP-BASED SQUADRON OR STAFF, OR MOBILE UNIT

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-4198
			COM	(901) 874-4198
			FAX	882-2693

References	(a) NAVSO P-6034, Joint Federal Travel Regulations (JFTR), Volume 1
------------	---

1. **Policy.** Entitlement to dependent(s) (hereafter referred to as family member(s)) travel and shipment of household goods (HHG) to the old homeport/permanent duty station (PDS) of a vessel, ship-based squadron or staff, or mobile unit **ceases** on the day a member attached to or ordered to the unit is notified of Chief of Naval Operations (CNO) promulgation of a change of homeport or PDS.

a. It is important that members be promptly notified, since family member(s) travel and shipment of HHG made prior to receipt of **written** notification of CNO promulgation does **not** deny the member this entitlement, and reimbursement can be claimed to the old homeport or PDS, and again to the new homeport or PDS.

b. The entitlement homeport/PDS for vessels, ship-based squadrons or staffs, and mobile units is changed within the Total Force Manpower Management System (TFMMS) activity file upon receipt of the CNO promulgation message. Permanent change of station (PCS) orders written before or after the date of CNO's promulgation message require additional wording to ensure the member receives proper authorization for transportation of family member(s) and shipment of HHG.

2. **Orders Issued to Members before Date of CNO Promulgation Message.** PCS orders directing a member to report to a vessel, ship-based squadron or staff, or mobile unit will be modified by Navy Personnel Command (NAVPERSCOM) to include the following statement in the Ultimate Activity Section, Part Two of PCS orders:

P66038 ON (date) CNO PROMULGATED CHANGE OF HOMEPORT/PERMANENT DUTY STATION OF (name of unit) TO (new homeport/PDS). REIMBURSEMENT OF FAMILY MEMBER (S) TRAVEL AND SHIPMENT OF HOUSEHOLD GOODS TO (old homeport/PDS) AS DIRECTED BY COMNAVPERSCOM ORDERS (DTG#/date) NOT AUTHORIZED. SEE NAVSO P-6034-1, PARAS. U5222-D-5, U5222-I, AND U5350-I. A COPY OF THIS ORDER MODIFICATION MUST BE IMMEDIATELY DELIVERED TO THE PERSONAL PROPERTY TRANSPORTATION OFFICE ARRANGING SHIPMENT OF HOUSEHOLD GOODS.

3. Orders Issued to Members after Date of CNO Promulgation Message

a. PCS orders directing a member to report to a vessel, ship-based squadron or staff, or mobile unit, if the new homeport/PDS has not been reflected in the activity file at the time orders are issued, will include the following statement in the Ultimate Activity Section, Part Two of PCS orders:

P66037 ON (date) CNO PROMULGATED CHANGE OF HOMEPORT/PERMANENT DUTY STATION OF (name of unit) TO (new homeport/PDS). REIMBURSEMENT OF FAMILY MEMBER(S) TRAVEL AND SHIPMENT OF HOUSEHOLD GOODS TO (old homeport/PDS) NOT AUTHORIZED. SEE NAVSO P-6034-1, PARAS. U5222-D-5, U5222-I, AND U5350-I.

b. PCS orders detaching a member from a vessel, ship-based squadron or staff, or mobile unit, if the new entitlement homeport/PDS is reflected in the activity file at the time orders are issued, will include the following statement in the Detaching Activity Section, Part Two of PCS orders:

P56036 ON (date) CNO PROMULGATED CHANGE OF HOMEPORT/PERMANENT DUTY STATION OF (name of unit) TO (new homeport/PDS). REIMBURSEMENT OF FAMILY MEMBER(S) TRAVEL AND SHIPMENT OF HOUSEHOLD GOODS FROM (old homeport/PDS) AUTHORIZED. SEE NAVSO P-6034-1, PARAS. U5222-D-5, U5222-I, AND U5350-I.

4. Members on Board at Time of CNO Promulgation Message. When members have less than 12 months remaining on their tours as of the effective date of change of homeport or PDS, their cases will be individually reviewed. Whenever possible, the projected

rotation date (PRD) will be extended in order to have a minimum of 12 months remaining on the tour as of the effective date of change. When it is not feasible to extend the PRD, the cognizant detailee will review each case (coordinating with the commanding officer (CO) as required) to determine if it is more appropriate to permit completion of the scheduled tour or to issue PCS orders.

5. **Homeport Change Certificate.** All members who are attached or assigned on the date CNO promulgates a change of homeport or PDS are entitled to move their family member(s) and ship HHG **except members**

a. **without family member(s) on the effective date of change of homeport or PDS.** The member is entitled to movement of HHG and a motor vehicle.

b. **who have received PCS orders** (including separation or Release from Active Duty (RAD) orders) or received written notification of intended issuance of such orders prior to movement of family member(s) or shipment of HHG.

c. **who have less than 90 days obligated service (OBLISERV)** remaining on the effective date of the change of homeport or PDS.

(1) Separation or RAD orders will be issued.

(2) If the member's services can be spared, the member will be transferred for separation.

(3) If the member's services cannot be spared, the member will be required to accompany the ship to the new homeport, or the mobile unit to its new PDS.

6. **Transportation Authorization.** Upon receipt of the CNO promulgation message of change of homeport or PDS, the CO may issue a PCS travel authorization for the member to proceed to the old homeport and then to the new homeport via any temporary duty (TEM DU)/temporary additional duty (TEM ADD) stations.

a. If the ship or afloat staff is at the old homeport, the member may proceed from the old homeport to new homeport and return to the ship or afloat staff via any TEM DU/TEM ADD stations.

(1) Such authorization will be issued when it is deemed necessary for the member to travel to assist in the movement of family member(s), shipment of HHG, to pick up personal items, or to bring the member's privately owned conveyance (POC) to the new homeport.

(2) This entitlement will expire 1 year from the effective date of the homeport change.

(3) If a member is on leave from a deployed ship or afloat staff whose homeport is changed, refer to reference (a), chapter 5.

b. Travel to and from the authorized destination is treated as separate legs of the journey.

(1) Travel for the other leg of the journey should be directed by government procured transportation.

(2) Members should only be authorized transportation allowances for POC on one leg of the journey as described in reference (a), chapters 4 and 5.

PERMANENT CHANGE OF STATION (PCS) PROCEDURES FOR FORWARD DEPLOYED COMMANDS OF THE MILITARY SEALIFT COMMAND

Responsible Office	NAVPERSCOM (PERS-451/454)	Phone: DSN	882-4185
		COM	(901) 874-4185
		FAX	882-2693
	Military Sealift Command (MSC-N11)	COM	(202) 685-5117
		DSN	325-5117

References	(a) NAVSO P-6034, Joint Federal Travel Regulations (JFTR), Volume 1, Para. 5120-D
-------------------	---

1. **Purpose.** To establish continental United States (CONUS) homeport intermediate stops (I-stops) for personnel executing permanent change of station (PCS) orders to and from ships of the operating forces that operate in an overseas area for a contemplated period of 1 year or more. These homeport I-stops will ensure equity in basic allowance for housing (BAH) and other entitlements; and for those units without administrative support on board, proper administrative processing for receiving and transferring personnel executing PCS orders. They will also ensure proper medical screening prior to detachment.

2. **Forward Deployed Commands**

a. Personnel executing PCS orders both to and from the forward deployed operating forces (ships) of the Military Sealift Command (MSC) military departments (MILDEPT) will have I-stops at the homeport included in their orders.

(1) These units have a CONUS homeport, but operate overseas for extended periods. An I-stop at the homeport for personnel transferring to and from these units is usually required. An I-stop at the homeport for personnel transferring from units that have administrative support on board will not normally be needed.

(2) Exhibit 1 lists MSC units requiring homeport I-stops. MSC will update this list as changes occur.

b. If the member concerned, the member's detailee, the receiving or transferring MSC unit, and Military Sealift Fleet Support Command (MSFSC) all agree the homeport I-stop is not needed, either one or both of the I-stops may be eliminated.

c. The homeport I-stops will normally be at MSFSC unless otherwise noted in Exhibit 1. The length of the I-stops will be for 2 working days, unless extenuating circumstances require longer periods. In these cases, a request to extend the I-stop period must be forwarded from the command via MSFSC to Navy Personnel Command (NAVPERSCOM). Use accounting category code (ACC) 350 for each I-stop.

d. Per reference (a), per diem is authorized while at the intermediate duty station if the member is unable to occupy the same permanent quarters occupied while the unit is in port (e.g., lived aboard ship, vacated private quarters before deployment, etc.).

PERSONNEL SUPPORT FUNCTIONS FOR NATO SOUTHERN REGION

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-4198
			COM	(901) 874-4198
			FAX	882-2693

1. **Purpose.** To establish the United States (U.S.) Navy Element, Allied Forces Southern Europe (AFSOUTH) (unit identification code (UIC) 62709)) located in Naples, Italy.

a. U.S. Navy Element, Allied Forces Southern Europe will be an intermediate duty station for personnel reporting for duty to the following activities:

- (1) COMSTRIKFORSOUTH DET VERONA IT (UIC 31587)
- (2) HQ AF SOUTH NCISS LATINA IT (UIC 42072)
- (3) AF SOUTH LCO VERONA IT (UIC 46674)
- (4) HQ 5TH ALLIED TACAIRFOR VINCENZA IT (UIC 64119)
- (5) HQ NAVSOUTH NAPLES IT (UIC 66030)

b. All members shall be ordered via AFSOUTH for 7 days temporary duty (ACC 350) en route to the above UICs.

c. AFSOUTH is a detachment of the Personnel Support Activity (PERSUPPACT), Naples and provides all administrative support for personnel assigned to North Atlantic Treaty Organization's (NATO's) southern region.

d. The 7-day check-in period in Naples will provide sufficient time for the local Personnel Support Detachment (PERSUPP DET) to process travel claims, adjust pay records, and set up accounts in local financial institutions.

e. Each member's service record will be reviewed and updated with clearance; NAVPERS 1740/6 (Rev. 9-06), Department of the Navy Family Care Certificate; NAVPERS 1070/602 (Rev. 7/72), Dependency Application/Record of Emergency Data; and any other required entries.

MILPERSMAN 1321-020

OFFICER FLIGHT ORDERS (NON-AERONAUTICALLY DESIGNATED)

Responsible Office	NAVPERSCOM (PERS-435)	Phone:	DSN	882-3947
			COM	(901) 874-3947
			FAX	882-2756

1. Policy

a. Non-aeronautically designated officers assigned to duty involving flying will be issued DIFTECH orders by Navy Personnel Command (NAVPERSCOM).

b. Officers, except Naval Aviators, may be detailed to duty involving flying to perform essential in-flight duties. A commanding officer (CO) may request NAVPERSCOM to detail officers to perform in-flight duties when the duties

(1) are essential in the execution of the command's mission or in maintaining operational readiness.

(2) cannot be performed by any other member, officer or enlisted, available in the command who is already under orders to duty involving flying.

(3) require the member to participate in frequent and regular flights. For pay purposes, the member shall meet the flight time requirements of a crew member.

c. Officers shall be certified by a flight surgeon as being physically qualified, temperamentally suited, and aeronautically adapted for duty involving flying in connection with indicated flight duties.

2. Request Procedures. Requests shall be submitted via the type commander and such other commands as may be directed by competent authority. Addressees in the chain of command shall familiarize themselves with the respective command needs and make positive comments. Recommendations from the type commander are required for NAVPERSCOM, Aviation Captain Assignment Division (PERS-43) approval.

3. DIFTECH Orders

a. Orders become effective on the day the member reports to the member's CO for duty involving flying and cannot be made retroactive.

b. Orders for non-aeronautically designated officers detailed to duty involving flying shall be requested for a specified period of time necessary to complete a special project of flight evaluation. Such a period of time should be held to an absolute minimum. In any case, all DIFTECH orders shall terminate upon detachment from the command to which assigned.

c. Non-aeronautically designated officers detailed to duty involving flying shall be identified as crew members on all flight reports and certificates.

d. Commands having non-aeronautically designated officers detailed to duty involving flying shall institute procedures to ensure personal supervision of in-flight duties, submission of required reports, and termination of orders to duty involving flying when the justification of such orders is changed or no longer exists.

e. Failure of commands to follow the provisions set forth here will result in termination of orders to duty involving flying as Technical Observer unless sufficient justification is made by the command concerned to warrant continuation of such orders.

4. Termination of Orders to Duty Involving Flying

a. Orders to duty involving flying DIFTECH will be terminated by

(1) change of duty.

(2) change of billet from that upon which orders were justified, even though within the same command.

(3) where the special project for which the orders were issued is terminated.

b. In those cases where an officer requests termination of orders to duty involving flying, or a CO deems it necessary or desirable to terminate an officer's detail to duty involving

flying because of loss of motivation, anxiety, unsatisfactory performance, or similar reasons, the CO shall immediately suspend the member from further flight duties and submit a detailed report, including flight surgeon's comments and recommendations, together with recommendations to NAVPERSCOM via the type commander. Since the correspondence will be made a part of the officer's jacket, a statement by the officer shall be affixed, where appropriate.

5. **Contents of DIFTECH Order Letter**

a. The following sample "DIFTECH Order Letter" provides information on the contents to be used for requesting orders detailing a non-aeronautically designated officer to duty involving flying.

b. A request for orders detailing a non-aeronautically designated officer to duty involving flying shall be made the subject of a message only when circumstances clearly justify such expeditious handling. All messages shall be confirmed by a letter request as outlined above, including a comprehensive description of the in-flight duties involved. Orders, if approved, shall be subject to termination and contingent upon review of the letter request.

6. **DIFTECH Order Letter** (Use the proper letter format containing the following.)

From: Commanding Officer
To: Commander, Navy Personnel Command (PERS-43)
Via: [Type Commander]

Subj: REQUEST FOR ORDERS TO DUTY INVOLVING FLYING (DIFTECH)

Ref: (a) MILPERSMAN 1321-020

Encl: (1) Statement of Flight Surgeon

1. We request that the below named officer be detailed to duty involving flying DIFTECH:
[Grade, full name, branch of service, social security number/designator.]

2. This officer will perform the following in-flight duties:
[Describe in detail, to permit comprehensive review, including specific flying billet the member will occupy.]

3. We request that these orders be effected for the period
[fill-in].

4. We certify that these in-flight duties are essential in the execution of this command's mission and cannot be performed by any other member, officer or enlisted, available in this command who is already under orders to duty involving flying.

5. In the execution of these essential duties, it is certified that this officer will be required to perform regular and frequent in-flight duties.

6. This officer is physically qualified, temperamentally suited, and aeronautically adapted for duty involving flying in connection with indicated flight duties as evidenced by enclosure (1).

[Signature of commanding officer] (This authority shall not be delegated.)

MILPERSMAN 1321-030

OFFICERS DETAILED TO RECRUITING DUTY

Responsible Office	COMNAVCRUITCOM (N1/N4)	Phone:	DSN	882-9112
			COM	(901) 874-9112
			FAX	882-9151

References	(a) COMNAVCRUITCOMINST 5400.2E, Standard Operating Procedures Manual (SOPMAN)
-------------------	---

1. Responsibility as the Commanding Officer (CO)

a. The CO of a Navy Recruiting District is responsible for the recruitment of men and women who meet the mental, moral, physical, and other specific standards prescribed by Chief of Naval Personnel (CHNAVPERS) in sufficient numbers to meet officer and enlisted personnel requirements of the Active and Reserve components of the United States Navy (USN).

b. The CO shall take every precaution to guard against the enlistment of improper, unsound, or incompetent persons.

2. General Assignment

a. Officers detailed to recruiting duty shall become familiar with all laws and regulations regarding recruitment, commissioning, enlistments, and reenlistments, as well as affiliation with the Navy Reserve.

b. Guidance for the recruiting of officers and enlisted personnel is provided in reference (a).

3. Collateral Duty or Special Duties

a. Officers assigned to Navy Recruiting Districts or Navy Recruiting Stations can be assigned collateral duties. Recruiting personnel should not be assigned special duties such as funeral details, Casualty Assistance Calls Officers (CACOs), line of duty investigations, and apprehension of deserters and unauthorized absentees. **EXCEPTION:** In certain instances funeral details will be required in geographically isolated areas where assignment of Navy recruiters will be the only means of rendering appropriate military honors.

b. Officers assigned to Navy Recruiting Command headquarters or Navy Recruiting Region staffs can be assigned collateral and special duties.

MILPERSMAN 1321-040

DETAIL OF CHIEFS OF STAFF, EXECUTIVE ASSISTANTS, FLAG SECRETARIES, FLAG LIEUTENANTS, AND AIDES

Responsible Office	NAVPERSCOM (PERS-44ES)	Phone:	DSN COM FAX	882-4071 (901) 874-4071 882-9676
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Authorization.** Chiefs of staff, executive assistants, flag secretaries, flag lieutenants, and aides for flag officers are authorized only by Chief of Naval Operations, and entitlement is reflected by billets in manpower authorizations. This authorization is determined concurrently with establishment of each new flag billet.

Note: Officers will be assigned to these types of billets only when a flag officer is occupying the flag billet.

2. **Flag Lieutenant and Aide**

a. The title "flag lieutenant" is authorized for billets on staffs of flag officers in command afloat.

b. The title "aide" is authorized for billets on staffs of flag officers on shore duty.

3. **Wearing of Aiguillettes.** The wearing of aiguillettes is authorized only when the titles indicated below appear in both the billet title and the incumbent's Navy Personnel Command orders:

NOBC	BILLET TITLE
9015	chief of staff
9021	flag lieutenant
9082	flag secretary
9930	executive assistant
9935	aide

ASSIGNMENT TO DUTY OF LIMITED DUTY OFFICERS

Responsible Office	CNO (N13)	Phone:	DSN	223-2309
			COM	(703) 693-2309
			FAX	224-1189

1. **Policy.** A Limited Duty Officer (LDO) is not required to qualify as an unrestricted line officer, but is eligible and may apply for the unrestricted line if the member desires.

2. **Duties Assigned**

a. LDOs will be assigned to various watches and collateral duties provided no interference with performance of LDO specialty.

b. Utilization of LDO will be based on designator, not by the member's former rating or warrant.

MILPERSMAN 1321-100

ORDERS FOR OFFICER SPECIAL PROGRAMS

Responsible Office	NAVPERSCOM (PERS-451)	Phone: DSN COM	882-3516 (901) 874-3516
---------------------------	--------------------------	-------------------	----------------------------

References	(a) OPNAVINST 5700.7H
-------------------	-----------------------

1. **Purpose.** Orders to various programs and assignments require officers to agree to remain on active duty (ACDU) for a specified amount of time. This instruction sets forth obligations for officer special programs not covered in other MILPERSMAN articles.

2. **Special Programs with Orders Contingent on Agreement to Remain on Active Duty (GREEMAIN)**

a. **Orders for Defense Information School (DINFOS) Broadcast Manager Course (BMC) Students.**

(1) DINFOS BMC is a 12-academic-day course that provides training in broadcast management techniques to

- enlisted, officers, and civilians who are assigned to or en route to duties with an American Forces Radio and Television Service (AFRTS) affiliate station; and
- international students based on separate agreements.

Personnel eligible for this course include network commanders, detachment chiefs, station managers, operations managers, maintenance managers, section non-commissioned officers in charge (NCOIC), and leaders in broadcast operation detachments, which could include Navy broadcasting at the Naval Media Center or any Navy broadcasting detachment.

(2) The course is conducted up to two times per year at DINFOS, FT George G. Meade, MD. Attendance constitutes an agreement to remain on ACDU for 24 months or the follow-on Department of Defense (DoD) area tour length, whichever is longer.

b. Instructor Pilots, Naval Flight Officers (NFOs), and Fleet Replacement Squadron (FRS) Students.

(1) Acceptance of orders to FRS training en route to a warfare specialty squadron constitutes an agreement to remain on ACDU for a period of time equal to a normal squadron tour (36 months for first tour pilots, 30 months for second tour pilots) following completion of FRS training. Officers already under obligation for initial fleet training will continue under the provisions of that agreement or the 36-months stipulation, whichever is longer.

(2) Pilots and NFOs assigned to a squadron, that have conducted FRS training, and are transitioning to a new type aircraft incur the same obligation as above.

(3) Officers ordered to a flying billet involving an instructor under training (IUT) syllabus incur an agreement to remain on ACDU for 24 months at the completion of the IUT.

(4) Successful completion of any program that leads to an Air Combat Training Continuum (ACTC) Level V designation (to include Strike Fighter Tactics Instructor (SFTI) Level V) constitutes an agreement to remain on ACDU for a period of 24 months in a sea duty billet at the conclusion of the first shore tour. If fleet replacement training is required, the 24 months will commence upon reporting to the assigned sea duty billet.

(5) To ensure incorporation in orders of the obligated service (OBLISERV) provision for replacement and instructor pilots or NFOs, the placement officer will specify in the Officer Assignment Information System (OAIS) one of the following Personalized Texts (PTEXT) listed below:

(a) P73009 or P73011, as appropriate for replacement pilots or NFOs.

(b) P73011 or P73012, as appropriate for instructor pilots or NFOs.

c. Pilots and NFOs Assigned to Squadrons Transitioning to New Model Aircraft. All pilots and NFOs assigned to a squadron who accept transition to a new model aircraft with the squadron constitute an agreement to remain on ACDU for a period of 24 months upon completion of training.

d. FTS Pilots to Initial Training of VR (C-9, C40, C20/37, and C-130) Aircraft. Acceptance of orders by FTS pilots for

initial training in VR aircraft constitutes an agreement to remain on ACDU for a period of 36 months (equivalent to a normal squadron tour), commencing upon completion of the transition training or upon reporting to the ultimate duty station, whichever is later.

e. **Exchange Pilots and NFOs.** Acceptance of orders to exchange duty involving other than United States (U.S.) Navy functional training in aircraft to be flown constitutes an agreement to remain on ACDU for a period of 24 months following completion of training.

f. **Submarine Officer Advanced Course.** Submarine officers ordered to department head school for training and subsequent assignment will be issued orders contingent upon a 3-year agreement to remain on ACDU upon course completion. The agreement will run concurrently with any other OBLISERV previously contracted.

g. **Department of Energy, Naval Reactors Representative's Office (NAVREACTREPOFC) Staff.** Officers ordered to the NAVREACTREPOFC staff will be issued orders contingent upon a 3-year agreement to remain on ACDU. The agreement will run concurrently with any other OBLISERV previously contracted.

h. **Surface Warfare Officer Department Head Course.** Officers executing orders to Surface Warfare Officer Department Head Course constitute an agreement to remain on ACDU for a period of 3 years active service. The 3-year obligation will commence upon completion of the course and is concurrent with the remaining time required by any prior ACDU obligation (PTEXT 73006).

i. **Fire Control Officer (FCO) or Combat Information Center Officer (CICO) Second Tour Division Officer Tour Lengths for AEGIS Platforms.** All officers executing orders to AEGIS FCO or CICO billets must agree to remain on ACDU the entire prescribed tour length. Lateral transfer, resignation, or voluntary release from active duty (VRAD) requests will not be approved for dates earlier than the established projected rotation date (PRD).

j. **Personnel Exchange Programs (PEPs).** Officers assigned to exchange/loan programs must agree to remain on ACDU for the full PEP tour. Special security restrictions may apply to officers ordered to exchange or loan program billets, or to officers

ordered to Foreign Service colleges in order to comply with country clearance/Status of Forces Agreements (SOFA). In addition, any such officers must be made aware of their status relative to judicial jurisdiction. Refer to reference (a).

MILPERSMAN 1326-010

TRANSFER OF ENLISTED PERSONNEL ON BUREAU OF NAVAL PERSONNEL ORDERS

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-4185
			COM	(901) 874-4185
			FAX	882-2693

References	(a) DOD 7000.14R, DOD Financial Management Regulation (DODFMR), Volume 7A, Military Pay Policy and Procedures Active Duty and Reserve Pay (b) NAVSO P-6034, Joint Federal Travel Regulations, Volume 1, Uniformed Service Members (c) OPNAVINST 4650.15, Navy Passenger Transportation Manual
-------------------	---

1. Transfer Times

a. Unless otherwise specified, transfers of enlisted personnel directed by Navy Personnel Command (NAVPERSCOM) shall be effected within the following periods:

(1) **From the Transient, Patient, Prisoner, and Holdee (TPP&H) and Student Pipelines or as a result of an immediate graduation, or brig availability report, on date of graduation from training, or on date of release from confinement.** It is recognized that delays may occur in transferring personnel due to the requirement for screenings or portcalls. These tasks should be carried out expeditiously and personnel transferred as soon as possible but not more than 2 working days after completion of these screenings or receipt of portcalls.

(2) **From all shore stations, within 4 days.** Should the month be directed, the actual date of transfer will be at the discretion of the transferring command.

(3) **From all cruising vessels, within 4 days, or before leaving port.** Should the month be directed the actual date of transfer will be at the discretion of the transferring command.

b. Personnel may be held a reasonable time beyond the periods specified above for the purpose of using government conveyance if appreciable savings in government funds is effected.

2. **Awaiting Relief.** Unless the orders so state, enlisted personnel shall not be held to await the reporting of a relief.

3. **Transfer within Same Locality.** When orders are received from NAVPERSCOM directing transfer of an enlisted member who already has been transferred to another vessel in the same locality, the orders shall be forwarded to his present commanding officer (CO) for compliance.

4. **Authorization for Leave or Delay.** When a member has been ordered transferred by NAVPERSCOM, leave or delay en route shall not be authorized without prior authority from NAVPERSCOM.

5. **Drafts.** Whenever practicable, drafts of enlisted personnel will be under the charge of a suitable member or members selected from the draft. If impossible to provide suitable personnel from the members of the draft, officers or enlisted members should be detailed to such duty, preferably from personnel under orders for transfer to duty in the same or general vicinity of the drafts' destination. The members who are in charge of drafts must be given adequate instructions in the performance of the duties that are expected of them and informed fully of their responsibilities.

6. **Proceed Time.** Four days proceed time, exclusive of travel time, is authorized subject to MILPERSMAN 1320-090 governing proceed time in execution of orders.

7. **Rations/Travel Allowances**

a. Separate rations are authorized during proceed time and are chargeable to the same appropriation as the member's pay and allowances (see Table 3-1-5, in reference (a)).

b. Travel and transportation allowances shall be advanced or reimbursed per references (b) and (c). Leave rations for leave granted en route shall be paid by pay directives (see Table 3-1-6, in reference (a)).

8. Prevention of Order Carried Out. If circumstances prevent the carrying out of transfer orders as directed in the orders, or as provided for in this article, COs shall notify NAVPERSCOM immediately.

MILPERSMAN 1326-020

PERMANENT AND TEMPORARY FLIGHT ORDER TO ENLISTED PERSONNEL

Responsible Office	NAVPERSCOM (PERS-404E)	Phone:	DSN	882-3707
			COM	(901) 874-3707
			FAX	882-2642

References	(a) DOD 7000.14-R, DOD Financial Management Regulations (DODFMR), Volume 7A, Military Pay Policy and Procedures Active Duty and Reserve Pay (b) NAVSO P-6048, Department of Defense Military Pay and Allowances Entitlements Manual (DODPM), Part 2 (c) BUPERSINST 1326.4D (d) DJMS Procedures Training Guide (DJMS PTG)
------------	---

1. **Policy**. Chief of Naval Operations (CNO) (N13) determines the total number of enlisted flight billet requirements in the naval aeronautical organization and recommends to Navy Personnel Command (NAVPERSCOM), Aviation Assignment Branch (PERS-404) allocations for temporary flight orders for assignment to naval administrative commanders and manning levels for those personnel on permanent flight orders.

2. **Definitions**

a. **"Crewmembers"** - are individuals who participate regularly in aerial operations and are assigned under a Distribution NEC of 78XX or 82XX. They shall be issued permanent flight orders to Duty Involving Flying/Crewmember (DIFCREW) by NAVPERSCOM for initial assignment and upon subsequent permanent change of station (PCS) when the member is being assigned to flight duties.

b. **"Noncrewmembers"** - (Duty Involving Flying/Temporary (DIFTEM) and special mission) are personnel assigned in a DIFTEM status by NAVPERSCOM for the purpose of training or evaluation prior to being qualified or assigned to a crewmember status, or those personnel assigned in a special mission status in support of command missions as specified under current directives.

Special mission personnel are assigned by local commanding officers (COs) who have been authorized such funding by an appropriate naval administrative commander.

3. **Crewmembers**. The funding and administration of the Naval Aircrew Program for crewmembers is conducted by NAVPERSCOM as follows:

a. Entitlement to crewmember flight pay exists only when DIFCREW is specifically stated in the orders under which the member is serving. Such entitlement is continuous as long as the member meets the flight requirements and the orders specifying DIFCREW remain in effect.

b. Enlisted members who are enrolled in any naval officer procurement program will not be issued DIFCREW orders.

c. Enlisted personnel who are assigned to billets other than those that are aeronautically designated (78XX or 82XX), shall not be issued DIFCREW orders.

d. If a member in a DIFCREW status is transferred to a medical facility for treatment, DIFCREW orders shall remain in effect with pay entitlements being based on the provisions of reference (a). It is emphasized that this is the only time that DIFCREW orders may be carried forward on a PCS transfer without specific authorization by NAVPERSCOM. Commands must include the DIFCREW authorization in the transfer directive and notify NAVPERSCOM (PERS-404) immediately of such transfers including this authorization. This authorization does not include assignments to limited duty (LIMDU).

e. Members assigned to 6 months LIMDU shall be authorized DIFCREW orders by NAVPERSCOM only if it can be reasonably expected that member will be eligible to return to full flight duties at the completion of the LIMDU assignment. In that these provisions allow for "embarked" flight time entitlements under the provisions of references (a) and (b), DIFCREW shall not be authorized for consecutive assignments to or extensions of LIMDU, which exceed 6 months. If it is determined that a member shall not be returned to flight duties, DIFCREW shall not be authorized.

f. DIFCREW orders shall terminate upon PCS transfer if specific authorization is not included in the transfer directive. Accordingly, commands shall ensure the accurate and

proper preparation of NAVCOMPT 536 (Rev. 12-79), Standard Transfer Order to prevent unnecessary financial hardship on the individual.

4. **Noncrewmembers**. The funding and administration of the Naval Aircrew Program for noncrewmembers is conducted by NAVPERSCOM as follows:

a. DIFTEM and special mission, noncrewmember orders are applicable only at the command to which a member is attached while performing flying duties. Enlisted flight orders (DIFCREW, special mission, and DIFTEM) remain in effect if a member is discharged and reenlisted on board without a break in active service unless orders are sooner cancelled.

b. Naval aviation administrative commanders may allocate only special mission temporary flight orders to individual activities or units. Activity or unit commanders are not authorized to exceed the limitations established by the controlling allocation managers.

c. Special mission flight orders shall be issued only to those enlisted members whose duties require participation in aerial flights to perform in flight functions that cannot be performed by other members already under flight orders and shall be applicable for the period of time so assigned to such duties.

d. Members shall not be assigned to DIFCREW orders and noncrewmember orders concurrently.

5. **Incentive Pay for Aviation Duty (Noncrewmembers)**. To become entitled to incentive pay for aviation duty, members shall meet all the requirements contained in reference (c) and one of the following conditions:

a. Be ordered to duty involving flying by NAVPERSCOM on permanent flight orders (DIFCREW). DIFCREW orders become effective on and after the date the member initially reports for and under competent orders, subject to meeting flight requirements. This shall occur when an individual first reports to an aviation facility having aircraft, when inflight training commences and continues from that date without interruption as long as the member remains qualified and assigned to flying duties.

b. Be ordered to temporary duty involving flying for special mission purposes by orders signed by the CO, the acting CO, or by the officer in charge (OIC) of a deployed unit or detachment has been delegated authority to sign by the CO. Special mission orders may be signed "by direction". They shall be in writing. If emergency conditions necessitate issuing verbal orders, they shall be confirmed in writing as soon as possible.

c. Be ordered to temporary duty involving flying (DIFTEM) by NAVPERSCOM for purposes of training for a valid aircrew billet, prior to being assigned a Distribution NEC of 82XX and for a period not to exceed 18 months. Commands shall report expenditures monthly per reference (c).

d. Members shall meet the minimum requirements for actual flying contained in reference (a) and related directives.

e. Procedures for the activation, suspension, and termination of Aviation Hazardous Duty Incentive Pay (HDIP) are contained in reference (d).

MILPERSMAN 1326-021

NAVY ENLISTED RESERVE COMPONENT (RC) TO ACTIVE COMPONENT (AC) AUGMENTATION PROGRAM

Responsible Office	NAVPERSCOM	Phone:	DSN	882-4343
	(PERS-92)		COM	(901) 874-4343
			FAX	(901) 874-2910
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone Toll Free:	1-866-U ASK NPC	
References	(a) NAVSO P-6034, Joint Forces Travel Regulations (JFTR)			

1. **Policy**. To fill active component (AC) community needs, enlisted Sailors may be directly accessed from the Reserve component (RC). This not only leverages existing skill sets that reside in the RC population to improve and maintain AC community health, but also provides qualified Sailors with an opportunity to resume or begin a career in the AC.

a. The term "augmented" Sailor refers to an individual who is transferred from the RC to the AC. Since this is a voluntary program, the member must initiate the request to augment in response to an advertisement drafted by the appropriate enlisted community manager (ECM).

b. Augmentation accessions as addressed in this article are distinguished from temporary definite recalls in that an augmented Sailor is transferred to the AC to fill **active enlisted community shortfalls**, while a Sailor recalled for a definite period remains in the RC, but is issued Active Duty recall orders to fill a specific **billet vacancy for a specific duration**, generally, 1 to 3 years. The AC Augmentation Program is designed as a potential career **active** component program, while the Definite Recall Program is intended to enhance a Sailor's **Reserve** career.

2. **Purpose**. This article sets forth basic eligibility criteria and application procedures for the Navy enlisted RC to AC Augmentation Program.

3. **Eligibility**. Members of the RC (including selected Reserve (SELRES), voluntary training unit (VTU), and variable

participation unit (VPU) Sailors) are eligible to apply. Active status pool individual ready Reserve (ASP IRR) members are encouraged to affiliate with their local Navy Reserve activity (NRA) VTU to establish the medical and physical readiness history required for program eligibility. Applicants must meet the following criteria to be considered for AC augmentation:

a. **Physical Readiness.** Applicants must have passed all components of the most recent physical fitness assessment (PFA) cycle and cannot have more than two PFA failures in the most recent 3-year period during which the member was a participant.

b. **Medical and Dental Readiness.** Member must be fully medically ready as documented in the Medical Readiness Reporting System. In addition, any manpower availability status and or physical risk classifications which identify medical or dental limitations must be resolved and cleared.

c. **Currently or Previously Held Rates.** The member can apply for advertised augmentation opportunities in current or previously held rates.

d. **High Year Tenure (HYT).** Applicants cannot be within 3 years of their AC HYT dates as outlined in MILPERSMAN 1160-120 and based upon their adjusted Active Duty service date (ADSD). No HYT waivers for AC augmentation applicants shall be authorized.

e. **Year Group (YG).** Applicant must be within the YG called for in the advertised opportunity. YG is the fiscal year in which a Reserve member's adjusted ADSD falls. Members can calculate their YG by using the example in Exhibit 1. All prior periods of active service shall be included in the calculation (e.g., mobilization, Active Duty for special work (ADSW), Active Duty for training (ADT), annual training (AT), recall including canvasser recruiter (CANREC), and AC service time).

f. Any other criteria specified by the applicable enlisted AC community manager.

4. **Advertisement Procedures.** AC ECMS will draft advertisements using the format in Exhibit 1 and forward to Commander, Naval Reserve Forces Command (COMNAVRESFOR) (N31) for dissemination via the GovDelivery Distribution System and or other methods as available.

5. **Application Procedures.** Only those applications that are submitted in response to an advertised AC community requirement and received by the published deadline will be considered. Incomplete or late packages will not be reviewed.

a. Reserve Sailors volunteering for an advertised AC augmentation opportunity shall submit completed packages (using format in Exhibit 2) to Navy Personnel Command (NAVPERSCOM), Affiliation and Re-Designation Division (PERS-92) via their unit and NRA commanding officer (CO).

(1) Unit CO endorsement should address military qualifications, experience, and performance that would be relevant to the selection process.

(2) NRA CO endorsement; at a minimum, **must** include certification that the applicant meets security clearance, medical and dental readiness, and physical readiness eligibility criteria for augmentation to the AC.

b. NAVPERSCOM (PERS-92) will review application packages for completeness and confirm the packages are submitted in response to an advertised requirement.

6. **Selection Procedures.** All complete applications received by the advertised deadline will be screened prior to being considered by the selecting authority.

a. NAVPERSCOM (PERS-92) will submit all packages which meet the required eligibility criteria to the appropriate AC ECM. NAVPERSCOM (PERS-92) will notify the unit or NRA COs concerning ineligible Sailors.

b. The ECM will make the selection decision(s) based upon a "fully and best qualified" standard. Factors that support this standard include rating proficiency, performance history, education, experience, and time in rate. Sailors must have demonstrated the ability and knowledge to successfully perform the functions of the rating being advertised. This will normally be accomplished by reviewing the applicant's service record, but may be augmented by reviewing other service evaluations, proof of qualifications and certifications not in a service record, and or a civilian resumé.

c. The AC ECM will notify selectees by letter and copy their unit or NRA and prospective AC detailer. The letter shall

contain a "re-enlist no later than date" and the AC detailer contact information.

d. AC ECMs will notify the unit or NRA COs concerning non-selects by e-mail.

7. RC to AC Transition Procedures

a. Upon receipt of the selection letter from the AC ECM, the selectee's prospective AC detailer will work with the appropriate NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013) rating specialist and placement coordinator to find an appropriate billet for the member based on preferences and the needs of the Navy. The AC detailer will contact the member to negotiate such assignment possibilities.

b. Upon receipt of the selection letter from the AC ECM, the NRA shall contact the member to confirm he or she desires the augmentation to AC. Upon confirmation, the NRA shall submit the AC reenlistment document request to the local personnel support detachment (PERSUPP DET).

c. The local PERSUPP DET will generate the AC reenlistment agreement and send it to the NRA. Once executed, the NRA shall transmit the agreement to the local PERSUPP DET and confirm that the master military pay account has been established.

d. Once gained to the AC, the appropriate detailer will draft the member's orders to include intermediate stops and appropriate accounting classification codes.

e. Upon execution of orders, the local servicing PERSUPP DET will process the loss transaction. The gaining servicing PERSUPP DET will process the gain transaction once the member reports.

8. Other Considerations

a. **Advancement.** Sailors selected for AC augmentation will be subject to AC advancement quotas and (if eligible) take the AC Navy wide advancement exam.

b. **Rotation.** Since augmentation results in the member becoming an AC asset upon transfer, he or she will be issued change of duty station orders with a planned rotation date vice release from Active Duty date per rating sea-shore flow policy.

Such orders will include entitlements associated with a permanent change of station move per reference (a).

c. **Selective Reenlistment Bonus Eligibility (SRB).**
Augmented members are **not** eligible for SRB.

d. No Active Duty retirement guarantee. Although augmentation allows enlisted Sailors an opportunity to earn an Active Duty retirement, it does not guarantee it. As a member of the AC, an augmented member is subject to applicable force-management policies and statutory limitations which may preclude the ability to earn 20 or more years of qualifying Active Duty service. Such policies and statutory limitations may result in the member's involuntary release from Active Duty before earning regular retirement eligibility. A member released from Active Duty, due to force-management policies, may apply for SELRES quotas or affiliate with the VTU, ASP or VPU to continue a career in the RC.

Enlisted Active Component (AC) Augmentation Advertisement
Request Template

ENLISTED ACTIVE COMPONENT AUGMENTATION OPPORTUNITY FOR RESERVE [RATE]

Point of Contact (POC) Regarding Requirement Details: (enlisted community manager name, phone, e-mail address)

Point of Contact Regarding Application Procedures: (NAVPERS (PERS-92) POC name, phone, e-mail address)

Rate: [desired rate]

Year Group(s): (acceptable year group(s)). *Instructions on how to calculate your year group are provided below.*

Warfare Qualification: (if required)

Required NEC(s): (if required)

Security Clearance Eligibility Requirement: (as applicable)

Number Required: (number of vacancies to be filled)

Application Due Time and Date: (1200 CST, DD MMM YYYY)

Selection Notification Date: (30 days after application due date)

Start Date: (approximate change of duty orders month and year for first AC duty station orders)

Additional Criteria/Special Qualifications: (additional detail provided by enlisted AC ECM)

Application Procedures:

1. Interested Sailors shall apply by letter to NAVPERSCOM (PERS-92) via their Reserve unit and Navy Operational Support Center (NOSC) commanding officer (CO) using the application cover letter format in MILPERSMAN 1326-021.

2. Completed applications should be scanned and e-mailed to PERS92-Recall@navy.mil. Subject of e-mail must read:

"Navy Enlisted Reserve Component (RC) to Active Component (AC) Augmentation Application ICO (Rate Name)"

How to Calculate your adjusted Active Duty service date (ADSD) and resulting year group (YG). See MILPERSMAN 1000-030 for definition of ADSD. The year group is the fiscal year in which an adjusted ADSD falls. To determine your adjusted ADSD and YG, follow these steps:

1. Total all active service time, including active component (regular Navy) service, mobilization, ADSW, ADT, AT, CANREC, and voluntary recall. **Do not include drills** (inactive duty training (IDT), inactive duty training travel (IDTT)), or funeral honors) **in this calculation**. Add 1 day as an inclusive day.
2. Subtract the total active service time calculated in Step 1 from the opportunity Start Date listed in the advertisement.
3. The resulting year, month, and day is your ADSD.
4. The fiscal year in which the date in Step 3 falls is your YG.

Example: Advertised start date of opportunity: **1 February 2013**

Step 1: Total all prior active service time.

6 years 1 month 19 days	Active Component (Regular Navy)
1 year 0 months 0 days	Mobilization
0 years 0 months 46 days	AT (Two 15 day and one 16 day ATs)
0 years 6 months 0 days	ADSW
3 years 0 months 22 days	CANREC Recall
0 years 0 months 1 day	Inclusive day
10 years 9 months 28 days	Total active service time

Step 2: Subtract the time calculated in Step 1 from the advertised start date of the opportunity.

13 02 01	Start Date (1 Feb 2013)
- 10 09 28	Active Service Time (10 years 9 months 28 days)
02 04 03	Adjusted ADSD (3 Apr 2002)

Step 4: Because the adjusted ADSD is in 2002, the **YG is 2002**. If the adjusted ADSD fell in October, November, or December of 2002, the YG would have actually been 2003 since it is based on fiscal year.

Exhibit 2
Enlisted Augmentation Request Application Template/Format

From: Rate First M. Last, USN
To: Commander, Navy Personnel Command (PERS-92)

SUBJ: APPLICATION FOR AUGMENTATION TO THE ACTIVE COMPONENT ICO [RATE NAME]

Encl: 1) Four Most Recent Observed Evaluations
2) Military/Civilian Resume (optional)
3) Letters of Recommendation (optional)
4) Evidence of Relevant Education/Training/Qualifications (optional)
5) Other Information as Requested by the Specific Billet
Advertisement.

1. I hereby apply for augmentation to the active component.

2. My current contact information is as follows:

Address:
City, State, Zip Code
Phone Number 1:
Phone Number 2: (if applicable)
E-mail Address 1:
E-mail Address 2: (if applicable)

3. My adjusted ADSD and YG as calculated using the instructions in the advertisement are as follows:

Adjusted ADSD: DD MM YY
Year Group: YY

4. Enclosures (1) through (x) are provided in support of this application and by my signature, I certify that the following statements are true to the best of my knowledge:

I have no medical condition or legal status that would preclude my recall to Active Duty or limit my assignment availability.

If selected for this augmentations, I agree to execute a new enlistment agreement.

5. (additional information applicant wishes to be considered).

OFFICER VOLUNTARY EXTENSIONS OF ACTIVE DUTY

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN COM	882-3141 (901) 874-3141
---------------------------	--------------------------	--------	------------	----------------------------

References	(a) NAVSO P-6034, Volume 1, Joint Federal Travel Regulations (b) DOD Instruction 1304.28 of 11 Jun 2004
-------------------	--

1. Policy

a. Requests for voluntary extensions of active duty of definite duration may be submitted by all officers of all grades and designators.

b. Favorable action on an extension request is not based on a right or special privilege, but will be based on the officer's performance and qualifications, and the needs of the Navy. Extension requests for the sole purpose of enhancing retirement benefits will not be approved. Officers will be notified by letter or message as to the action taken on their request.

2. Extensions

a. Extensions for periods of less than 12 months will not be granted unless unusual circumstances prevail or there exists an urgent need for an officer's services. Such short periods of extension are usually acceptable only when the officer is retained in their present assignment.

b. Overseas assignments will require extension to cover Department of Defense (DOD) area tour requirements as prescribed in reference (a), Appendix Q, Note 4 at end of Table 1.

c. Officers serving on indefinite extensions who desire release to inactive duty shall request release per MILPERSMAN 1920-130. Interim extensions may be granted per provisions described in this article to officers with wives eligible for maternity care.

d. Officers with approved resignations who desire to extend on active duty and change the detachment month should submit

their request as prescribed in MILPERSMAN 1920-200. Officers with approved retirements who desire to extend on active duty and change the detachment month must submit a letter to Secretary of the Navy (SECNAV), via the command and Navy Personnel Command (NAVPERSCOM), Retirements Division (PERS-82). Letters must be endorsed by the command.

3. Maternity Benefit Extensions

a. All active duty officers except those listed below are eligible to request maternity benefit extensions, provided their services can be effectively utilized during the period of the extension. Officers who are extended will normally remain at their present duty station or in the immediate locale, provided no cost to the government is incurred as a result of a transfer to another command.

b. Extensions for maternity care benefits shall be of short duration not to exceed the length of the period of pregnancy plus 2 months postnatal care. Extensions of a reasonable length may be granted for prenatal or postnatal complications.

c. Separation orders will be modified following approval of the modification request. In order to allow timely consideration, requests for extensions to cover maternity care must be received no later than 30 days prior to the officer's release from active duty date as specified in official orders, correspondence, or contract.

d. Requests for extensions to cover maternity care benefits will **not** be approved under the following conditions:

(1) If the granting of such a request would entitle the officer submitting the request to payment of separation pay for which the officer would not be eligible without the extension.

(2) If the officer is scheduled for an administrative separation or dismissal from the Navy.

(3) If the officer's release or retirement is scheduled per established policy or statutory provision (e.g., twice failed of selection for promotion to the next higher grade, or retirement eligible).

(4) If an officer is commissioned solely for the purpose of participating in a specific Navy program (e.g., flight

training) and is being discharged for failure to complete the training for whatever reason.

e. Requests should be submitted to NAVPERSCOM, as far in advance as possible, and will state the expected delivery date and anticipated complications, if any. The commanding officer's (CO's) endorsement will indicate

(1) the present billet and primary duty of the officer requesting the extension,

(2) whether a relief for the officer is on board or ordered into the command, and

(3) in what capacity the officer requesting the extension will be utilized during the period of the extension.

4. Reserve Officers

a. Requests for extension on active duty beyond minimum service requirement (MSR) are no longer required for Navy Reserve officers. **Absence of a RAD request prior to the first day of the sixth month before the month of an officer's projected rotation date (PRD) will be construed as an officer's request to be retained beyond MSR.** These officers can be issued orders and will be obligated to no less than the minimum tour for separation (MTS) outlined in MILPERSMAN 1301-108 at the next duty station.

b. If an officer's MSR extends beyond the officer's current PRD, a letter of intent may be submitted to notify Chief of Naval Personnel (CHNAVPERS) that the officer does not desire to remain on active duty beyond MSR plus any additional service obligations. If received at least 6 months prior to PRD, a letter of intent will preclude issuance of orders obligating the officer for service beyond MSR plus any additional service obligations.

NOTE: Officer must still file a RAD request 9-12 months prior to MSR.

5. Chaplain Corps Officers. Chaplain Corps officers must have an ecclesiastical endorsement from an endorsing agent approved, per reference (b), authorizing extension on active duty.

MILPERSMAN 1331-030

OFFICER APPLICATIONS FOR INFORMATION WARFARE DUTY ASSIGNMENT

Responsible Office	NAVPERSCOM (PERS-472)	Phone:	DSN	882-4079
			COM	(901) 874-4079
			FAX	882-2739

References	(a) SECNAVINST 5510.30A
-------------------	-------------------------

1. **Eligibility**. Line Officers of the Regular Navy and Navy Reserve are eligible to apply for duty with the Information Warfare (IW) community.

2. **Qualifications**. IW officers develop Information Operations and signals intelligence competencies through a series of challenging sea, shore, and educational tours. Applicants must have a bachelors degree, preferably in engineering, science, mathematics, operations research, physics, information warfare, or computer science. Further consideration will be given to officers who are proficient in Asian, Slavic, or Middle Eastern studies and languages, to include 4 years of documented college language training or a Defense Language Proficiency Test (DLPT) score of level 3 or above in listening, reading, and speaking. IW Limited Duty Officers within 6 months of completing bachelors degree will be considered if documented progress from the certifying institution is included in the officer's application.

3. **Security Clearance**. Applicants must be eligible for access to Sensitive Compartmented Information (SCI) based on a Single Scope Background Investigation (SSBI) completed not more than 4 years before the year of application. Prospective applicants must also be willing to take a counter-espionage polygraph examination. Applicants not possessing the requisite access authority and clearance must include a personnel security questionnaire (SF-86 (9-95), Questionnaire for National Security Positions) (Background Investigation (BI)/Special Background Investigation (SBI)) per reference (a) in their application package.

4. **Request Procedure**. Applicants volunteering for IW duty shall submit a request through their respective assignment officer at Navy Personnel Command (NAVPERSCOM) (copy to Information Warfare Branch (PERS-472)) per MILPERSMAN 1212-010.

5. **Assignments**. Officers selected for duty with the IW community can expect assignment worldwide in a variety of billets afloat and ashore and must be fully qualified for operational sea duty as per MILPERSMAN 1300-800.

6. **Designators**. IW officers will be assigned the 1640 designator initially. Upon completion of the IW Qualification Program and Commanding Officer certification, newly accessed officers will be designated 1610.

NAVY CHAPLAIN CORPS (CHC) OFFICER CAREER STATUS

Responsible Office	OPNAV (N097)	Phone:	DSN	224-4437
			COM	703-614-4437
			FAX	224-4725

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone:	Toll Free	1-866-U ASK NPC
---------------------------------------	--------	--------------	-----------------

References	(a) OPNAVINST 1120.9 (b) DODI 1304.28 (c) SECNAVINST 1920.6C (d) CHNAVPERs memo 1212 Ser 00/109 of 14 Feb 13 (e) SECNAVINST 5351.1 (f) NAVPERS 15839I, Navy Officer Manpower and Personnel Classifications, Volume I,
------------	---

1. **Background.** A Chaplain Corps (CHC) officer serves in the Department of the Navy (DON) by agreement between the Navy and the Chaplain's Religious Organization (RO). The Navy communicates with the RO through the RO's identified endorsing agent. Chaplains are required to have a signed DD 2088 Statement of Ecclesiastical Endorsement from their respective endorsing agents in order to be eligible to serve in the Navy per references (a) and (b). An endorsing agent may cancel a chaplain's endorsement at the discretion of the RO. An Active Component chaplain, including a chaplain moving from the Reserve Component to the Active Component, initially receives an endorsement lasting 3 years. The 3-year endorsement affords the RO some flexibility with respect to its own manpower decisions. It also allows the Navy an opportunity to assess the performance of the chaplain. At the 3-year point, the DD 2088 of indefinite duration must be complete.

2. **Purpose.** This article governs the procedure by which chaplains inform the Navy of their intent to serve beyond the initial 3 years and the procedure by which the request for continued service is reviewed and either accepted or denied.

a. A CHC officer career status board shall be held annually.

b. Navy Personnel Command (NAVPERSCOM), Chaplain Assignment/Placement Branch (PERS-4414) shall inform chaplains, whose names will appear before the annual CHC career status board, of the convening date of the career status board and the specific due dates for submitting career status board packages to the board.

c. Failure of the chaplain to apply, or be selected by the CHC officer career status board may subject the officer to involuntary release from active duty (ACDU), per references (a) through (d) and MILPERSMAN 1920-250.

3. Determining CHC Officer Career Status Board Eligibility

a. Chaplains shall be considered by the CHC officer career status board convening for the fiscal year in which the chaplain's 3-year endorsement expires.

b. The 3-year endorsement expires on the 3-year anniversary of the chaplain's entry on ACDU. Examples are as follows:

(1) A chaplain enters ACDU on 1 August 2012. The 3-year endorsement expires 31 July 2015; therefore, the chaplain would be considered on the FY-15 CHC officer career status board.

(2) A chaplain enters ACDU on 1 November 2012. The 3-year endorsement expires 31 October 2015; therefore, the chaplain would be considered on the FY-16 CHC officer career status board.

4. The Chaplain's Responsibility. It is the responsibility of the chaplain to:

a. Obtain a signed DD 2088 from the chaplain's endorsing agent, requesting endorsement for extended ACDU (indefinite) (DD 2088, block 3i(4));

b. Request a written recommendation from the chaplain's current commanding officer (CO) concerning the chaplain's potential for continued service within the DON;

c. Request a written recommendation from the first Navy chaplain, at the rank of captain, in the chaplain's chain of command. Chaplains who do not have a Navy chaplain at the rank of captain in their chain of command shall contact NAVPERSCOM (PERS-4414) for guidance; and

d. Forward the aforementioned documents, along with a cover letter of intent, to Bureau of Naval Personnel (BUPERS), CHC Officer Community Manager (BUPERS- 316) in time to ensure arrival prior to the convening of the CHC officer career status board for the applicable fiscal year.

5. **The CO's Responsibility**

a. It is the CO's responsibility to make a specific recommendation concerning the chaplain's continued service. The recommendation, written on command letterhead, shall specifically state whether, in the CO's opinion, the chaplain:

(1) Has effectively adapted to military life;

(2) Has demonstrated pay grade appropriate skills as a staff member and or as a supervisor; and

(3) Should continue to serve based on professional performance and character.

b. COs shall not base their recommendations on their own personal religious beliefs or lack thereof.

c. Further guidance for assessing the chaplain's professional comportment is in reference (e).

d. The CO shall submit the written recommendation to BUPERS-316 at least 30 days prior to the convening of the CHC officer career status board for the applicable fiscal year.

6. **Senior Supervisory Chaplain's Responsibility**

a. It is the responsibility of the first Navy chaplain, at the rank of captain, in the chaplain's chain of command, to provide a specific recommendation concerning the chaplain's continued service. The recommendation, written on command letterhead, shall specifically state whether, in the opinion of the writer, the chaplain:

(1) Has made a good faith effort to balance the tenets of the chaplain's RO with the requirements of the military;

(2) Should continue to serve based on professional performance and character.

b. Senior supervisory chaplains shall not base their recommendations on their own personal religious beliefs.

c. Further guidance for assessing the chaplain's professional comportment is in reference (e).

d. The senior supervisory chaplain shall submit the written recommendation to BUPERS-316 at least 30 days prior to the convening of the career status board for the applicable fiscal year.

7. **The Chaplain Corps' (CHC's) Responsibility**

a. If BUPERS-316 does not receive a chaplain's indefinite DD 2088, CO's recommendation, and the senior supervisory chaplain's recommendation, the CHC shall begin the process of administrative separation for loss of professional qualifications, as indicated in MILPERSMAN 1920-250, for separation at the 3-year anniversary of the chaplain's entry on ACDU.

b. BUPERS-316, upon receipt of all documents required for the career status board, will review the chaplain's record. BUPERS 316 shall provide the chaplain with any adverse information contained in the CO's or senior supervisory chaplain's recommendation at least 14 days prior to the convening of the board. The chaplain may respond to this adverse information by providing a letter to the board.

c. The CHC officer career status board shall make a recommend either for continued service in the CHC or against continued service in the CHC to NAVPERSCOM, Personnel Performance and Transition Division (PERS-83) no later than 6 months before the expiration of the chaplain's 3-year endorsement.

(1) Recommendations for continued service shall be accompanied by a career status screening code entry "51S" by NAVPERSCOM (PERS-4414) in the service member's electronic service record, per reference (f).

(2) Recommendations for separation due to withdrawal of ecclesiastical endorsement shall be processed per reference (c) and MILPERSMAN 1920-250. Recommendations for separation due to misconduct shall be processed per reference (c).

Recommendations against continued service in the CHC due to failure to meet professional standards, per references (a), (b), and (e), shall be referred to a probationary officer continuation and re-designation board per reference (d). The chaplain's electronic service record shall not be marked with the career status screening code.

COMMUNICATION WITH ADMINISTRATIVE SELECTION BOARDS

Responsible Office	NAVPERSCOM (PERS-451F)	Phone:	DSN	882-4162
			COM	(901) 874-4162
			FAX	882-2695

1. Policy

a. Administrative selection boards, such as command selection, postgraduate school selection, etc., may receive information useful to their deliberations from parties other than the officer being considered, providing that such information is endorsed by the party involved to indicate the officer's awareness of the information.

b. This provision is intended to protect the rights of individuals by precluding the possibility of material which might be considered adverse or derogatory from being seen by a selection board without the individual's knowledge or opportunity for comment.

2. Recorders and Board Sponsors. Recorders and Board Sponsors are responsible for ensuring only correspondence which is in consonance with the provision of this article is presented to selection boards.

MILPERSMAN 1414-010

SWIMMER TRAINING AND QUALIFICATIONS

Responsible Office	CNO (N13)	Phone:	DSN	225-3914
			COM	(703) 695-3914
			FAX	224-6502

Governing Directive	CNET P1552/16, Navy Swimming and Water Survival Instructors Manual
------------------------	---

1. **Safety Requirements**. As prescribed in CNET P1552/16, chapter 12.
2. **Minimum Qualifications**. The minimum water survival qualification for service in the Navy is Swimmer Third Class. Personnel not able to qualify as Swimmer Third Class at officer and enlisted accession schools should be recycled or held back for a maximum of three weeks to achieve this qualification.
3. **Third, Second, and First Class Qualifications**. Swimmer qualification tests will be administered and graded in accordance with CNET P1552/16, chapters 12 and 13.
4. **Service Record Documentation**
 - a. Personnel who qualify as a Swimmer Third, Second, or First Class will receive a verification entry on NAVPERS 1070/613, Administrative Remarks, in the service record. Entry will include the name, rank, SSN, and the command of the individual administering the test.
 - b. For individuals who fail to qualify for Swimmer Third Class, the detaching command shall prepare a NAVPERS 1070/613 entry stating,

"Member agrees to seek additional swimming instruction and will not be eligible for Class "A" or "C" School, apprenticeship training, extension of enlistment, reenlistment, or assignment to any afloat command until successful qualification as Swimmer Third Class."

COMMUNICATION WITH OFFICER PROMOTION SELECTION BOARDS

Responsible Office	NAVPERSCOM (PERS-80)	Phone:	DSN	882-4537
			COM	(901) 874-4537
			FAX	874-2675
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Policy.** Each officer eligible for consideration for promotion by a selection board may communicate in writing with the board in a letter addressed to the board president.

2. **Contents of Communication.** The written communication, defined as a letter to the board president and signed by the eligible officer, may call the board's attention to any matter that the officer considers important. The officer's written communication may include (as enclosures) correspondence from any individual concerning the eligible officer. Correspondence not originated by the eligible officer, including endorsements to the officer's letter and letters written on behalf of that officer, must be accompanied by a written letter to the board president and signed by the eligible officer stating he or she desires the enclosed correspondence be presented to the board. Correspondence not accompanied by a letter to the board president and signed by the eligible officer is considered third-party correspondence and will be destroyed. Correspondence that contains classified information will not be accepted.

3. **Correspondence Due Date.** Correspondence must be received by Navy Personnel Command (NAVPERSCOM), Customer Relations Management Department (PERS-1) not later than 2359 on the day prior to the board convening date.

4. **Submitting Board Correspondence.** There are several ways to submit board correspondence. Regular mail is preferred. Please note that the address for commercial shipping is different than sending board correspondence via the United States Postal Service (USPS). Each board has a three digit number, which is preceded

by the fiscal year for that board. For example, the board number for the FY-13 active O-5 line promotion selection board is "13230". Additionally, for the following examples, "FY-YY" indicates the "YY" should be replaced with the applicable fiscal year. Finally, board numbers may be found on that board's respective page or the board schedule. All board correspondence should include the correct board number.

a. **All USPS mail.** Correspondence is to be mailed to the following address:

Navy Personnel Command Customer Service Center (PERS 1)
President, FY-YY (YY is fiscal year) (Active Duty or Reserve)
(Grade) (Line or Staff) Promotion Selection Board
Board FY###
5720 Integrity Drive
Millington TN 38055-6300

b. **All "commercial" (Federal Express, UPS, DHL, etc.) express or overnight mail use the following address:**

Navy Personnel Command Customer Service Center (PERS 1)
President, FY-YY (YY is fiscal year) (Active Duty or Reserve)
(Grade) (Line or Staff) Promotion Selection Board
Board FY###
5640 Ticonderoga Loop Bldg 768 Rm E302
Millington TN 38055-6300

c. **E-mail Submission Guidelines.** Board correspondence may be e-mailed to CSCSELBOARD@NAVY.MIL. All e-mails containing PII in the attachments or otherwise must be encrypted per the Department of the Navy Users Guide to PII which can be found at: <http://www.doncio.navy.mil/Download.aspx?AttachID=1133>. The subject line of the e-mail should include "**Board Package: Board FY###.**" The e-mail should include a letter to the board president signed by the eligible officer as an electronic attachment. Additional e-mail attachments and enclosures to the eligible officer's letter to the board may also be included as appropriate.

5. **Board Number.** Ensure all board correspondence includes the board number (FY###).

6. **Confirmation of Receipt.** Members may contact the NAVPERSCOM (PERS-1) to confirm receipt of their package for statutory promotion selection boards at: **1-866-U-ASK-NPC (1-866-827-5672), DSN: 882-5672, or at:**

https://ahdsedstws16.ahf.nmci.navy.mil/OA_HTML/npc.html.

MILPERSMAN 1420-030

REGULATIONS GOVERNING PHYSICAL EXAMINATIONS FOR PROMOTION OF COMMISSIONED OFFICERS AND COMMISSIONED WARRANT OFFICERS

Responsible Office	NAVPERSCOM (PERS-480)	Phone:	DSN	882-2322
			COM	(901) 874-2322
			FAX	882-2751

References	(a) SECNAVINST 1412.6L
-------------------	------------------------

1. **Policy.** No officer of the Regular Navy or the Navy Reserve on active duty may be promoted to a grade above warrant officer (W-2) until, as reflected by the officer's most recent physical examination, the commanding officer (CO) has determined that the officer meets retention medical standards and is physically qualified for promotion.

2. **Physical Qualifications for Promotion**

a. The standard that constitutes physical qualification for promotion of an officer is the officer's physical fitness to perform duties of the grade for which eligible to a degree that would reasonably fulfill the purpose of the officer's employment on active duty in the officer's category. For officers of the **Navy Reserve**, this standard constitutes the physical standard for retention in the Navy Reserve. For **Regular Navy permanent warrant officers**, this standard is the standard for retention on active duty. "**Category**" as used here means

- an officer's classification as an officer in the line not restricted in the performance of duty;
- an officer designated for engineering duty, aeronautical engineering duty, special duty, or limited duty (LIMDU); or
- an officer in one of the Staff Corps of the Navy.

"**Limited duty**" as used here means LIMDU in the technical fields as distinguished from LIMDU for physical reasons.

b. Each officer's physical qualifications for promotion will be determined in the Navy Department from the officer's most recently reported physical examination in conjunction with the officer's records and duty status, except for the temporary promotion of ensigns, which is explained below. Additional physical examinations conducted exclusively for the purpose of determining physical qualifications for promotion are not required unless specifically ordered.

3. Situations Causing Further Review

a. Subject to any further review of the records in the Navy Department that may be indicated, and action resulting from that review, an officer shall be considered physically qualified provided the officer is not in one of the following situations:

- (1) Undergoing hospitalization.
- (2) On sick leave.
- (3) Awaiting appearance before a physical evaluation board (PEB).
- (4) Classified as fit for LIMDU based on the recommendations of a medical board.
- (5) Awaiting final action on the recommended findings of a PEB or a medical board.

b. The foregoing criteria may not exclude from promotion an officer who, if otherwise eligible, is determined to be not physically qualified for promotion when Chief, Bureau of Medicine and Surgery (BUMED) determines

- that the officer's physical disqualification was by reason of wounds received in the line of duty, and
- that such wounds do not incapacitate the officer for the performance of useful service in the higher grade.

4. Promotion of Ensigns

a. COs of ensigns eligible for promotion are authorized to consider them physically qualified for promotion under the regulations described above. Unless the ensign is in one of the situations enumerated above, they will normally be considered physically qualified for promotion. This does not limit a CO's

authority to order an eligible ensign to report for a special physical examination for promotion. Ensigns in one of the situations enumerated above, or who are otherwise not considered physically qualified for promotion, should be considered for a delay of their promotion per reference (a).

b. Notwithstanding any other provision of this article, ensigns assigned **designator 11XX, 13XX, or 6XXX**, and known to have defective color perception, shall be considered not physically qualified for promotion.

References	(a) SECNAVINST 1400.1B (b) SECNAVINST 1412.8B (c) SECNAVINST 1420.1B
-------------------	--

1. Background

a. The statutory procedures for promotion selection constitute a competitive system that requires the selection of the best qualified from a group of fully qualified officers. This results in a certain number of individuals who fail to select for promotion one or more times. Proper and timely counseling of officers with a failure of selection (FOS) is required, if initiated by their own request.

b. This article provides guidance for counseling Navy officers who fail to select for promotion to CWO3, CWO4, CWO5, and LT to CAPT.

2. Failure of Selection Counseling Procedures

a. Navy officers desiring counseling under this article are responsible for initiating counseling requests with their respective assignment officers. Counseling will be provided by an officer who is experienced in personnel matters and is senior in grade to and (wherever practicable) in the same competitive category, as defined by references (a) and (b), as the officer requesting counseling. Assignment officers responsible for providing counseling services will respond promptly to requests for counseling and will keep a record of counseling provided to constituents. The counseling officer will prepare a record for

file indicating when and how the request was made (letter, telephone, personally, etc.); when and how the counseling was provided; the specific nature of the counseling; and any other relevant information imparted to the requesting officer. Wherever feasible, the counseling officer should obtain a written acknowledgement from the requesting officer that the prepared record accurately reflects the counseling provided.

b. Counseling shall consist of reviewing the officer's record and indicating factors that may account for the officer's FOS.

c. Per reference (c), the counselor may not be an officer who served as a member, recorder, or administrative assistant for a promotion selection board which failed to select the requesting officer for promotion. Officers receiving counseling should be aware that officers who serve on a selection board are prohibited from stating why any particular officer was not selected for promotion. The proceedings of selection boards are confidential, and as a matter of policy, records of the deliberations are not maintained.

d. Close coordination between Navy Personnel Command (NAVPERSCOM), Career Management Department (PERS-4) and NAVPERSCOM, Career Progression Department (PERS-8) is necessary to ensure proper career counseling and support to those officers required by law or policy to continue or end their careers as a result of FOS. Accordingly, NAVPERSCOM, Career Progression Division (PERS-80) will forward a list of all first and second time FOS officers as described in paragraph 1b of this article to NAVPERSCOM, Deputy Executive Assistant (PERS-4DEA) within 10 working days after the ALNAV selection board results are released.

			E-mail:	uasknpc@navy.mil

References	(a) BUPERSINST 1430.16F (b) OPNAVINST 6110.1J (c) BUPERSINST 1610.10C
-------------------	---

1. **Background.** Frocking is an administrative authorization to assume the title and wear the uniform of a higher pay grade without entitlement to the pay and allowances of that grade. Frocking provides early recognition for members selected for petty officer third class through master chief petty officer.

2. **Eligibility Requirements for Frocking.** After verifying individual eligibility dates per reference (a), members may be frocked as follows:

Qualified...	may be frocked...
E-8/9 selectees	upon receipt of official selection board results via NAVADMIN message.
E-7 selectees	no earlier than the first advancement increment and after completing the Chief Petty Officer Selectee Leadership Course.
E-5/6 selectees	upon receipt of the Enlisted Status Verification Report/Rating Change Authorization and after completing the Petty Officer First/Second Class Selectee Leadership Course.
E-4 selectees	upon receipt of the Enlisted Status Verification Report/Rating Change Authorization and after completing the Petty Officer Selectee Leadership Course.

3. **Restrictions.** Frocking does not change the permanent status of a member, or authorize payment of entitlements governed by statute or regulation, and is subject to restrictions as follows:

a. Enlisted members selected for officer appointments may not be frocked to officer status.

b. Navy members serving in joint commands may be frocked with the concurrence of the joint command.

c. Members must elect frocking by signing NAVPERS 1070/613 Administrative Remarks entry as shown in paragraph 4 below.

d. Frocked members are entitled to military identification (ID) cards and certain privileges of the higher pay grade (e.g., clubs, messing, berthing, housing, and parking) except as restricted by law. Updating dependent ID card is not required, nor is it recommended since dependents' entitlement is based on sponsor's (member) permanent pay grade.

e. The weight limit for shipment of household goods on permanent change of station orders is the weight limit authorized for the permanent pay grade, not the frocked pay grade.

f. Any administrative or punitive action (e.g., reduction in grade) is based on the member's permanent pay grade.

g. Frocked members shall purchase additional uniforms and insignia at their own expense. Payment of any uniform allowance is authorized only on permanent advancement.

h. If a member's recommendation for advancement is withdrawn after the member is frocked, the frocked rate shall be vacated.

i. Frocking is not authorized for members who do not meet the physical fitness, weight, or body fat requirements per reference (b).

j. All diary entries and pay action documents shall reflect the permanent pay grade. Performance evaluations shall be prepared in the member's frocked pay grade per reference (c).

k. Frocking is not authorized for Sailors advanced under any accelerated advancement programs.

4. **Procedures for Frocking**

a. To effect frocking, make entries on NAVPERS 1070/613 as follows:

(DATE): "Selectee for advancement to [rate and pay grade] from participation in (Cycle [#]) Navy-wide examination held in [month, year] and frocked to that rate per BUPERSINST 1430.16F."

Statement is signed by official with "By direction" authority.

(DATE): "I understand frocking is an administrative authorization to wear the uniform and insignia of a higher rate without entitlements or allowances of the frocked pay grade. I further understand that the frocked pay grade is effected at my option, that no increased pay and allowances accrue to me, and that any cost for additional uniforms or insignia incident to my being frocked will be defrayed by me, and that no retroactive pay, allowances, or reimbursements will be authorized. I understand that my frocked rate may be vacated by my commanding officer."

Statement is signed by member.

Witnessed by the commanding officer (or designated official)

b. The following letter may be presented to members at formal frocking ceremonies: (Use the proper letter format.)

From: Commanding Officer
To: [Rate, Name, USN(R)]

Subj: AUTHORITY TO ASSUME THE TITLE AND WEAR THE UNIFORM OF A
[PETTY OFFICER FIRST CLASS]

Ref: (a) MILPERSMAN 1420-060

1. Under reference (a), you are hereby authorized to assume the title and wear the uniform of a [petty officer first class] effective immediately.

2. Your appointment carries with it the obligation that you exercise increased authority and willingly accept greater responsibility. Occupying now a position of greater authority, you must strive with a renewed dedication toward the valued ideal of service with honor.

3. Under reference (a), you will not be entitled to pay and other monetary allowances of a [petty officer first class] until actually advanced to the pay grade for which you have been selected.

4. Congratulations!

(Signature)

References	(a) 10 U.S.C. §624
	(b) SECNAVINST 1420.1B

1. (Few decisions have more of an impact on the future of the Navy than the selection of the future leaders via the officer promotion process.) Per reference (a), the Secretary of the Navy (SECNAV) may delay an officer's promotion in order to determine whether the member is mentally, physically, morally, or professionally qualified or has met the exemplary conduct requirements for promotion to the next higher grade. Reference (b) implements that requirement and states that the name of any officer with adverse or alleged adverse information may be withheld from the promotion scroll.

2. Following a selection board, reference (a) requires a review of potentially adverse information in an officer's record since his or her last promotion. Should the record contain adverse or alleged adverse information, the officer's selection is held in abeyance pending a determination by the SECNAV whether to recommend promotion of the officer or to withhold the promotion. Should the SECNAV decide to withhold a promotion, a record of the decision will be placed in the officer's official military personnel file for review by subsequent selection boards.

3. The SECNAV considers whether the information was available to the selection board, the nature of the adverse or alleged adverse information, and any extenuating or mitigating factors. Key elements of the review are the demonstrated performance of

the officer, the statements provided by the affected officer, and the endorsement by his or her immediate superior.

4. The endorsement of the immediate superior is considered carefully by senior leadership, and it is vitally important to provide the rationale for this recommendation. Accordingly, the commander's endorsement in these cases should address the following:

a. An evaluation of the professional performance of the officer and assessment of his or her potential for future service;

b. The underlying event or misconduct (if applicable), its impact on the command and victims, including an assessment of any extenuating or mitigating circumstances; and

c. How your recommendation to promote or withhold promotion supports our Navy ethos.

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone: DSN	882-4217 (901) 874-4217
---------------------------------------	------------	----------------------------

References	(a) CJCSINST 1330.05 (b) 10 U.S.C. (c) DoDINST 1300.19
-------------------	--

1. **Background.** Congress has established that officers assigned to the Joint Staff are expected, as a group, to promote at a rate not less than the rate for officers in the same grade and competitive category who have served at or are serving in the headquarters staff of their military service. In addition, officers who have been designated as Joint Qualified Officers are expected to promote at a rate not less than the rate for their competitive category and grade. Finally, the Office of the Secretary of Defense (OSD) has established policy that officers assigned to OSD are expected, as a group, to promote at a rate not less than the rate officers in the same grade and competitive category who have served at or are serving in the headquarters staff of their military service. As stated in reference (a), enclosure (1); an officer who has met the joint officer requirements of reference (b), Chapters 36 and 38 and reference (c), and whose record is before a promotion board must be clearly and equally identified. This requirement is met by displaying a stamp in the eligible officer's record. The stamp satisfies the standard that "appropriate consideration be given" set forth in reference (a), enclosure (1).

2. **Policy.** Administration of joint stamp information for use in O-4 to O-7 active duty and reserve statutory promotion boards is governed by references (b) and (c). This procedure will ensure eligible officers are clearly identified during active duty and reserve statutory promotion boards and meet the standard for appropriate consideration required in reference

(a), enclosure (1). Additionally, this procedure will facilitate post board reporting requirements outlined in reference (a), enclosure (1), ensuring Navy compliance with promotion objectives established in reference (b), §662 and reference (c), enclosure (10).

3. **Action**

a. The Bureau of Naval Personnel (BUPERS), Officer Community Management (BUPERS-31) shall provide recommended individual competitive category promotion plans (excluding the Unrestricted Line) to the Office of the Chief of Naval Operations (OPNAV), Policy Coordination and Special Programs Branch (N131) no later than 75 days prior to the convening date of the active duty O-6 Line or Staff (whichever is first) promotion board to ensure sufficient time for the review process, Secretary of the Navy approval, and release of promotion zone NAVADMIN at least 30 days prior as prescribed in reference (b).

b. Navy Personnel Command (NAVPERSCOM), Career Progression Department (PERS-8) shall:

(1) Provide a list of officers eligible for consideration for promotion to NAVPERSCOM, Joint Officer and Management and Education/Subspecialty Branch (PERS-450), formatted per reference (a), no later than 30 days prior to the convening date of the first promotion board of each fiscal year and 35 days prior to the convening date of each subsequent board.

(2) Provide NAVPERSCOM (PERS-450) additions to the list of eligible officers within 1 working day of receipt of additions by NAVPERSCOM (PERS-8) to ensure an officer on the active duty list or reserve active status list, in or above the promotion zone, is considered for promotion per reference (b).

(3) Upon receipt of eligible officers' joint stamp data from NAVPERSCOM (PERS-450), load information into the Electronic Military Personnel Records System (EMPRS) to display the joint stamp information in the records of eligible officers meeting the criteria set forth in references (b) and (c).

(4) Report the same day, any joint stamp discrepancies discovered during record reviews of eligible officers for adjudication by NAVPERSCOM (PERS-450).

(5) Submit joint promotion statistics with the promotion report per reference (c).

c. NAVPERSCOM (PERS-450) shall:

(1) Download required Defense Manpower Data Center (DMDC) and Officer Assignment Information System (OAIS) data at least twice per month during the months of October through April each year (to facilitate data processing for statutory promotion boards). The final data requests for each month during this period should be made at least 3 days prior to the board convening date.

(2) Provide the Joint Staff (J1) with the list of promotion eligible officers and other required information at least 30 days prior to the convening date of each promotion board per reference (a).

(3) Provide NAVPERSCOM (PERS-8) with joint stamp information for the list of eligible officers at least 5 working days prior to the board convening date.

(4) Adjudicate joint stamp discrepancies within 1 working day as reported by NAVPERSCOM (PERS-8).

(5) Brief promotion board recorders and members on the requirements for joint stamps, and provide guidance to assist with eligible officers' record reviews.

(6) Be present in the board spaces for active duty Line and Staff O-6 and O-7 promotion boards, available for all other active duty and reserve promotion boards, and serve as an advisor to the board president on matters related to the application and interpretation of joint stamps.

MILPERSMAN 1426-010

PERMANENT APPOINTMENT TO ACTIVE DUTY CHIEF WARRANT OFFICER AND LIMITED DUTY OFFICER STATUS

Responsible Office	NAVPERSCOM (PERS-4801G)	Phone:	DSN	882-3170
			COM	(901) 874-3170
			FAX	882-2620

References	(a) OPNAVINST 1420.1A
------------	-----------------------

1. Policy

a. All chief warrant officers (CWOs) receive permanent officer appointment upon acceptance to CW02/3 from their prior enlisted status (reference (a)). Permanent appointment as CWO in the Regular Navy is made by commission of the President. Permanent appointment as CWO in the Navy Reserve is made by commission of Secretary of the Navy (SECNAV).

b. Temporary limited duty officers (LDOs) shall be offered permanent officer status following their selection to lieutenant. Permanent appointment as an LDO in the Regular Navy is made by the President with the advice and consent of the U.S. Senate (reference (a)). Permanent appointment as an LDO in the Navy Reserve below the grade of commander is made by the President.

c. The provisions herein for permanent CWO status are not applicable to former temporary CWOs serving as temporary LDOs. A permanent CWO vacates all commissioned warrant officer status upon the acceptance of a permanent LDO status; however, they retain their CWO status while in a temporary LDO status.

2. Termination of CWO Appointment

a. The appointment of a CWO is subject to termination at any time within 3 years after the date of acceptance of the initial appointment as a CWO. CWOs who have held their appointments for 3 or more years may have their appointments terminated following administrative separation procedures.

b. A CWO whose appointment is terminated per this article shall not be entitled to severance pay if they had less than 3 years warrant service, but upon application may, at the discretion of SECNAV, be enlisted in such grade as the SECNAV may direct but not lower than the grade held immediately prior to appointment as a CWO, in this instance any entitlement to severance pay is forfeited.

3. Retirement Eligibility

a. An LDO must serve a total of 10 years of commissioned service on active duty to be eligible to retire voluntarily.

b. Commissioned service on active duty as a CWO (W2/W3/W4) and/or temporary LDO counts toward the accumulation of years commissioned service required to retire voluntarily.

c. Reversion of LDOs shall be submitted to Navy Personnel Command (NAVPERSCOM), Officer Retirement Section (PERS-4822A1C) per MILPERSMAN 1100-060.

MILPERSMAN 1427-010

PRECEDENCE AMONG ENLISTED MEMBERS

Responsible Office	NAVPERSCOM (PERS-812)	Phone:	DSN COM	882-3224 (901) 874-3224
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Policy.** For enlisted members presently and regularly assigned to the same activity, or enlisted members present in any gathering, the member with the longest continuous service in the highest pay grade takes precedence and is the senior member, regardless of rating.

2. **Determining Precedence**

a. Precedence for enlisted members is based on rank.

(1) The Master Chief Petty Officer of the Navy takes precedence over all Navy enlisted members.

(2) Fleet master chiefs take precedence over all Navy enlisted members, except the Master Chief Petty Officer of the Navy.

(3) Force master chiefs take precedence over all Navy enlisted members, except the Master Chief Petty Officer of the Navy and fleet master chiefs.

(4) Chief of Naval Operations (CNO) directed command master chiefs take precedence over all Navy enlisted members, except the Master Chief Petty Officer of the Navy, fleet master chiefs, and force master chiefs.

(5) Command master chiefs take precedence over all enlisted members of a command.

b. Among members in the same pay grade with the same length of continuous service in pay grade, a member with the longest continuous service in the next lower pay grade takes precedence. If the length of continuous service in the next lower pay grade

is the same, the member with the longest time in each successively lower pay grade takes precedence.

c. For the purpose of determining precedence, continuous service is service in the present and preceding enlistments of active or inactive duty in any branch of the Armed Forces, providing any break between discharge and reenlistment does not exceed 90 days. For members reenlisting with noncontinuous service, service in reenlistment pay grade or in a higher pay grade held in a previous enlistment is not creditable for the purpose of establishing precedence.

d. In the case of advancement resulting from Navy-wide examinations, the effective date of advancement, rather than the time-in-rate date, determines precedence. Between members with the same effective advancement date, this system will be applied to previous advancements to resolve a tie.

3. Effect of Precedence

a. Observing precedence will not interfere with any member's responsibility for or performance of assigned duties, or duties of a rating.

b. Authority or privilege shall not accrue to an enlisted member solely by reason of precedence. In the absence of a commissioned officer able to assume command, the enlisted member with the highest precedence exercises authority over all enlisted members present in an emergency, a prisoner of war situation, or a situation requiring action in the best interest of the Navy.

References	(a) BUPERSINST 1430.16F (b) OPNAVINST 6110.1J
-------------------	--

1. Policy

a. Accelerated Advancement of Recruit Training. Commanding Officer (CO), Navy Recruit Training Command may advance the top 10 percent of each graduating class to the next higher pay grade (E-2 or E-3). Time-in-rate (TIR) requirements for the purpose of this advancement are waived. If a member is eligible for accelerated advancement to E-2 under an enlistment incentive and earns eligibility under this article, member will be advanced to E-3 (effective date of advancement will be date of graduation). TIR date will be established per reference (a).

b. Accelerated Advancement of "A" School Graduates to Higher Pay Grade. COs of traditional training schools are authorized to advance the number one "A" School graduate in each class to the next higher pay grade (not to exceed E-3).

c. COs of non-traditional training schools (e.g., Interservice Training Review Organization, computer based training, self-paced, accelerated training pipelines) are authorized to advance the 95th percentile (top 5 percent) of "A" School graduates to the next higher pay grade (not to exceed E-3).

(1) Candidates for advancement must also have a satisfactory record of military bearing and professional performance.

(2) TIR requirements for the purpose of this advancement are waived. Effective date of advancement will be the date of graduation. Furthermore, these students may also be included as candidates for accelerated advancement to E-4 (as specified later in this article).

(3) Members who would be advanced to E-2 under this paragraph within 60 days of normal E-2 advancement will be advanced to E-3 (effective the date of graduation). TIR date will be established per reference (a).

2. Recommendation of Top 10 Percent "A" School Graduates for Accelerated Advancement Program (AAP)

a. COs of traditional and non-traditional training schools may recommend the top 10 percent of the qualified candidates in each "A" school graduating class for AAP. Candidates for AAP must also have a satisfactory record of military bearing and professional performance.

b. The accelerated advancement will be held in abeyance for 4 to 10 months from report date to ultimate duty station. The candidate's CO may effect the advancement on any date after a minimum observation period of 4 months. The observation period must begin upon reporting and will not include permanent change of station leave or temporary duty at other commands prior to reporting. The advancement must be effected within 10 months of reporting. For those members who were previously working in their new rating for a minimum of 4 months and who attended "A" School on temporary additional duty orders, the CO of the permanent duty station can effect advancement upon graduation.

c. Accelerated advancement to pay grade E-4 may be effected for qualified candidates, whether or not a member is serving in pay grade E-3.

d. TIR date is 1 January for those members advanced to pay grade E-4 between 1 January and 30 June, and TIR date is 1 July for those advanced between 1 July and 31 December.

e. Members reduced in rate before being advanced to E-4 forfeit all eligibility for further accelerated advancement. For members reduced in rate after accelerated advancement to E-4, there is no reduction in obligated service (OBLISERV) or extended drilling obligation.

f. Members who were designated under the 5-year Obligor Program are required to extend an additional year for the AAP to E-4 using the procedures in MILPERSMAN 1160-040.

3. Responsibilities

a. Commands must ensure:

(1) Candidates meet body fat and physical readiness standards of reference (b), and successfully complete the military requirements for the PO3 Correspondence Course and the Petty Officer Indoctrination Course prior to advancement;

(2) Candidates are United States citizens to be advanced in a rating listed in reference (a), as requiring access to classified information;

(3) Submit Navy Standard Integrated Personnel System (NSIPS) event for advancement to E-4;

(4) If a candidate's advancement is not effected by the end of the 10-month period from report date to ultimate duty station, the CO must make a NAVPERS 1070/613 Administrative Remarks entry stating the reason why the accelerated advancement was not effected and cancel the agreement for additional OBLISERV. NAVPERS 1070/613 may be accessed by using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>; and

(5) Members accepting advancement under this program sign NAVPERS 1070/613 entry indicating agreement to incur OBLISERV as follows:

(a) **Active Duty Members**

"(date) I agree to accept accelerated advancement to (rate) when eligible. I understand I must incur sufficient active obligated service so that I will have completed 5 years total active service in the Navy upon expiration of my current enlistment or enlistment as extended (in the case of Full Time Support (FTS) and reservists, an extension of active duty or enlistment) per MILPERSMAN 1430-010. I must complete/meet all other advancement requirements (except TIR) and be recommended by my commanding officer."

(b) **Navy Reservists Attending "A" School on Active Duty for Training Orders**

"I agree to accept accelerated advancement to (rate) when eligible. I understand that I must extend my current 6-year mandatory drilling obligation for 1 additional year so that I will have incurred a 7-year mandatory drilling obligation. I must complete all other advancement requirements (except time-in-rate) and be recommended by my commanding officer."

(6) Members accepting advancement under this program and whose present enlistment, active duty obligation, or enlistment as extended **does not provide sufficient active OBLISERV** will execute

(a) NAVPERS 1070/621 Agreement to Extend Enlistment;
or

(b) NAVPERS 1070/622 Agreement to Recall or Extend Active Duty (as appropriate), entering the reason for extension as follows:

"Advancement to rate/grade per MILPERSMAN 1430-010. I understand this extension becomes binding upon advancement and may not be canceled, except as per MILPERSMAN 1160-040."

4. **Accelerated Advancement for Ceremonial Guard.** CO, Ceremonial Guard Unit may advance all Sailors who successfully complete ceremonial guard indoctrination to pay grade E-3. TIR requirements for the purpose of this advancement are waived. Effective date of advancement will be the date of graduation from indoctrination. TIR date will be established per reference (a).

5. **Accelerated Advancement for Aircrew Program Enlistees.** Members who enlist under the Aircrew Program (AIRC) or Air Rescue Swimmer Program (AIRR) are authorized accelerated advancement per MILPERSMAN 1220-010. The AIRR and AIRC are 6-year obligation programs. No additional extension for accelerated advancement is required.

MILPERSMAN 1430-020

ADVANCEMENT AFTER REDUCTION IN RATE

Responsible Office	NAVPERSCOM (PERS-812)	Phone:	DSN COM FAX	882-3224 (901) 874-3224 882-2771
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone: Toll Free E-mail:	1-866-U ASK NPC uasknpc@navy.mil	

References	(a) BUPERSINST 1430.16F (b) 10 U.S.C. Chapter 47, Uniform Code of Military Justice (UCMJ) (c) COMNAVCRUITCOMINST 1130.8J
-------------------	--

1. Policy

a. Restoration of rate to pay grades E-4 through E-6 is intended to provide an opportunity for outstanding Sailors to recover from the impact of being reduced in rate at nonjudicial punishment (NJP). Only Sailors who have demonstrated sustained superior performance after NJP should be submitted for restoration of rate.

b. Commanding officers (CO) may decline a Sailor's request with no further action required.

c. Advancement after reduction in rate should not be used in lieu of the Navy advancement process unless the Sailor's performance clearly warrants such special consideration. Specifically, this article should not be used to prevent a Sailor from being separated based on the established high year tenure date.

d. Sailors should continue to pursue advancement via the Navy advancement process even after submitting a request for restoration of rate.

2. Reinstatement to Pay Grades E-2 and E-3. As outlined in reference (a), COs have the authority to reinstate members to E-2 or E-3 (one pay grade only) any time after reduction in rate, without referral to higher authority.

3. **Eligibility Criteria for Restoration**

a. **Sailors are eligible to submit a request if**

(1) found guilty and reduced in rate at NJP for minor infraction(s) of reference (b), article 15;

(2) reduction in rate was for one pay grade only; and

(3) they have clearly demonstrated to their CO by their post-NJP performance that they should be considered for restoration of rate.

b. **Sailors are ineligible to submit a request if**

(1) found guilty and reduced in rate at NJP for more than one specification of a charge under reference (b), article 15 (e.g., multiple occasions);

(2) reduced in rate at a summary, special, or general courts martial;

(3) administratively reduced in rate as a result of broken service or recalled to active duty per reference (c); or

(4) reduced in rate as a result of a

(a) vacated or previously suspended sentence;

(b) drug related offense;

(c) sexual assault or harassment offense;

(d) operating a vehicle under the influence of alcohol or drugs (e.g., driving under the influence, driving while intoxicated) where such action resulted in personal injury or property damage;

(e) substantiated domestic violence or abuse, child Abuse, or child pornography; or

(f) an intentional act that could have jeopardized the safety of the command or any part of its crew.

4. **Matters Considered.** A member's entire service record and CO's endorsement will be reviewed when a request for restoration of rate is received.

5. **When Applications May be Submitted.** Applications may be submitted from 12 months up to 36 months after imposition of NJP. Applications submitted before or after the time period will not be considered.

6. **Application Procedures.** Sailors who desire restoration of rate must submit a letter of request via their current CO for endorsement to Navy Personnel Command (NAVPERSCOM), Reserve Enlistment Programs & Navy Enlisted Advancement Section (PERS-812).

7. **CO's Endorsement**

a. CO's endorsement should be guided by the perspective of a senior officer and provide a reflection upon the professional quality of a leader in our Navy. Requests for restoration of rate endorsements shall have the following set forth in detail (any endorsement that lacks the detail in its entirety will not be considered):

(1) An evaluation of the professional performance of the Sailor, a detailed justification for the restoration in rate, and an assessment of the Sailor's potential for future service;

(2) The underlying event or misconduct and its impact on the command and any possible victim(s);

(3) An assessment of any extenuating/mitigating circumstances;

(4) How the recommendation to restore rate supports our Navy Ethos; and

(5) Why other means of restoration were not deemed sufficient (e.g., NJP set-aside or mitigation).

b. The following information shall be supplied by the command as enclosures to the request:

(1) A summary of the offense for which the Sailor received punishment, either through a statement, extracted from

the unit punishment book, or a copy of NAVPERS 1626/7 Report and Disposition of Offense(s);

(2) Copies of all evaluations covering the Sailor's entire career; and

(3) Certification of satisfactory completion and level of treatment, if the offense is alcohol-related. Comments shall address the Sailor's success, certification of completion, and level of treatment.

8. Submission

a. All electronic correspondence (e-mail) regarding Navy personnel which contains personal identifiable information (PII) shall be digitally signed, PKI-encrypted and submitted to advancements-active@navy.mil. In the event that encryption is not possible, the only other authorized means of electronically transmitting PII is through use of Safe Access File Exchange (SAFE). SAFE can be accessed via the following Web link: <https://safe.amrdec.army.mil/safe>. Once you have submitted the documents via SAFE, notify NAVPERSCOM (PERS-812).

b. Any hard-copy correspondence must be pre-coordinated before mailing to NAVPERSCOM (PERS-812). If used, all hard-copy correspondence regarding Navy personnel which contains PII shall

(1) be double-wrapped with the inner layer labeled "FOR OFFICIAL USE ONLY-PRIVACY SENSITIVE. Any misuse or unauthorized disclosure may result in both civil and criminal penalties;"

(2) Use the DD 2923 "Privacy Act Data Cover Sheet", as appropriate. DD 2923 may be accessed by using the following Web address: <http://www.dtic.mil/whs/directives/forms/dd/ddforms2500-2999.htm>;

(3) Be mailed to only those with an official need to know;

(4) Be sent via a mailing service that can provide tracking information; and

(5) Be handled per Department of Defense privacy directives.

References	(a) BUPERSINST 1430.16F (b) 10 U.S.C. §6969 Band Composition (c) COMNAVCRUITCOMINST 1130.8J Volume IV
-------------------	---

1. **Background.** Only the most highly qualified musician (MU) personnel are selected for duty with the **U.S. Navy Band, Washington, DC** and **Naval Academy Band, Annapolis, MD** to maintain the unique musical and professional standards required of these premier presidential support and service academy organizations.

2. **Policy**

a. Provided members are qualified in all other respects, advancement in rating of MUs assigned to duty with these activities will be per the provisions of reference (a), except that "C" Service School requirements establishing eligibility for advancement to E-8 (MUCS) and E-9 (MUCM) are waived.

b. If qualified in all other respects, personnel reporting for duty with the U.S. Navy Band and Naval Academy Band in a pay grade below E-6 (MU1) may be recommended to Bureau of Naval Personnel (BUPERS), Enlisted Community Management (BUPERS-32), for advancement to MU1 without regard to time-in-service, provided they have completed the military requirements through E-6. Date of rate will be effective upon reporting, or in the case of direct procurement accessions, upon completion of recruit training. Reference (b) delineates that the Naval Academy Band pay grades will equal that of the U.S. Navy Band.

c. Reference (c), chapter 3, section 12 details accelerated advancement policies for new accessions in the U.S. Navy Band and Naval Academy Band.

3. **Discussion.** Per reference (a) and MILPERSMAN 1160-100, certain HMs may be authorized accelerated advancement to pay grade E-5 or E-6, upon graduation, from one of the following IDC "C" schools:

- HM-8425, Surface Force IDC
- HM-8402, Submarine Force IDC
- HM-8494, Deep Sea IDC
- HM-8403, Reconnaissance IDC

a. HMs graduating from one of the above IDC "C" schools, and who meet the following criteria, may be advanced to pay grade E-6:

(1) Have 3 years time in rate (TIR) and 7 years total active Federal military service (TAFMS) as defined in reference (b). Additionally, candidates who meet TIR and other advancement requirements may be authorized advancement, whether or not they have accrued the DoD-prescribed TAFMS with HM enlisted community manager (ECM) approval;

(2) Have a current recommendation for advancement and are not pending any military and or civilian disciplinary actions;

(3) Will graduate from the "C" school with a final rounded grade of 91 percent or above and have not been set back for any academic deficiencies.

(4) Have passed the most recent physical fitness assessment (PFA), including body composition assessment (BCA), per reference (c); and

(5) Have been determined to be "fit for full duty" and "world-wide assignable" to a valid IDC billet "for duty" (FORDU).

b. Select HMs approved on a "case by case" basis by the HM ECM may be authorized automatic advancement to pay grade E-5 under the Selected Training and Reenlistment (STAR) Program upon successful completion of one of the following "C" schools per MILPERSMAN 1160-100:

- HM-8425, Surface Force IDC
- HM-8494, Submarine Force IDC
- HM-8403, Reconnaissance IDC

c. STAR candidates require preapproval from HM ECM via Navy Personnel Command (NAVPERSCOM), Enlisted Career Administration (PERS 811), must meet all requirements for STAR per reference (b), and must reenlist for a period of 5 years. The following additional requirements also apply:

(1) Have 2 years TIR as an HM3, and at least 3 years TAFMS;

(2) Have a current recommendation for advancement, and are not pending any military and or civilian disciplinary actions;

(3) Have passed the most recent PFA, including BCA, per reference (c); and

(4) Have been determined to be "fit for full duty" and "world-wide assignable" to a valid IDC billet FORDU.

d. The military advisor will notify the education service officer of all students eligible for accelerated advancement 60 days prior to the graduation date from the school.

e. Students who meet all criteria for accelerated advancement, except TIR and or TAFMS, will have a temporary NAVPERS 1070/613 Administrative Remarks prepared and verified in their electronic service record (ESR) in the Navy Standard Integrated Personnel System (NSIPS) authorizing advancement when sufficient TIR and or TAFMS is obtained.

f. Students who meet all the criteria for accelerated advancement, but are not physically qualified, shall have a temporary NAVPERS 1070/613 entry made in NSIPS/ESR reflecting that advancement is authorized upon becoming "fit for full duty."

-------------------	--

1. Background

a. This article provides policy and execution guidance related to the lateral conversion request process. It further codifies existing policies and supersedes all prior policy guidance. The lateral conversion request process is aligned with the Career Navigator Program policy tenants and is supported by the Career Waypoints (C-WAY) System.

b. The objective of Bureau of Naval Personnel (BUPERS), Enlisted Community Management (BUPERS-32) in executing lateral conversion requests is to align members into a rating for which they have the greatest aptitude and interest, while striving to maintain balance within enlisted community health. A change in rating for Active Component (AC), Full Time Support (FTS), and Selected Reserve (SELRES) personnel may be approved following the guidelines presented in this article. Rating changes should not affect the overall distribution and advancement opportunities for career petty officers. In all cases, the needs of the Navy must take precedence. SELRES members desiring recall into the AC or FTS Program refer to MILPERSMAN 1306-1505.

2. Policy

a. Rated E-3 to E-6 AC and FTS Sailors with 14 years or less of service (excluding CPO Selectees) requesting lateral conversions will be processed in the Career Waypoints-Reenlistment (C-WAY-REEN) application module. All SELRES E-1 through E-6 (excluding CPO selectees) lateral conversion requests will be processed using the Career Waypoints-Conversion (C-WAY-CONV) module. All others will be required to contact BUPERS-32 for further directions. AC and FTS Sailors approved for lateral conversion will be required to reenlist. Nuclear trained personnel who possess a 335X, 336X, 338X, or 339X Navy enlisted classification (NEC) are not eligible for conversion.

b. C-WAY-CONV and C-WAY-REEN modules will be populated with convert-out and convert-in quotas, as set by the enlisted community manager (ECM).

(1) Lateral conversion quotas for FTS and AC are based on a rating and year group (YG) construct. Ratings with an undermanned YG will have convert-in quotas, and ratings with an overmanned YG will have convert-out quotas. Conversion opportunities out of an undermanned YG and into an overmanned YG will not be offered unless approved by Office of the Chief of Naval Operations (OPNAV), Military Personnel, Plans, and Policy (N13) via an exception to policy (ETP)).

(2) Lateral conversion quotas for SELRES are based on a rating and pay grade combination. Ratings with undermanned pay grades will have convert-in quotas, and ratings with overmanned pay grades will have convert-out quotas. Conversion opportunities out of an undermanned rating will not be offered, and conversion opportunities into an overmanned rating will not be offered, unless approved by OPNAV (N13) via an ETP).

c. Sailors will be able to apply for conversion if they are in an overmanned YG (AC and FTS) or pay grade (SELRES) in their current rating and wish to convert to a rating which is undermanned in their YG (AC and FTS) or pay grade (SELRES). Requests from members who possess skills or NECs that are considered critical, as identified in C-WAY, may not be considered.

d. Rating entry eligibility standards were developed for each rating based on training and job performance requirements

to ensure optimum success within a rating. Sailors who receive approval to convert into a new rating must meet the minimum requirements for rating entry. These requirements are available in MILPERSMAN 1306-618 and within C-WAY under the career exploration module (CEM).

3. Responsibilities

a. OPNAV (N13) is responsible for approval of enlisted force management policy in support of Deputy Chief of Naval Operations (N1). As such, OPNAV (N13) is the approving authority for enlisted conversion policy, quota management plans, and business rules.

b. OPNAV, Enlisted Force Shaping Plans and Policy (N132) is responsible for developing enlisted force management policy in support of OPNAV (N1). As such, OPNAV (N132) is responsible for C-WAY and enlisted conversion policy development and execution oversight. Additionally, OPNAV (N132) coordinates with BUPERS-32 to establish quota management plans and business rules, as required.

c. BUPERS-32, in coordination with OPNAV (N132), must manage individual rating quota plans and adjudicate all conversion applications, as directed by OPNAV (N13), and delineated by BUPERS, Military Community Management (BUPERS-3). BUPERS-32 serves as the C-WAY Program Manager and is responsible for C-WAY execution.

d. OPNAV, Nuclear Propulsion Program Management Branch (N133) ECM, in coordination with OPNAV (N132) and BUPERS-32, serves as the C-WAY Program Manager for nuclear-trained personnel and nuclear field ratings. The OPNAV (N133) nuclear ECM must manage individual rating quota plans and adjudicate all lateral conversion applications related to nuclear personnel and nuclear ratings.

e. Immediate Superior in Command (ISIC). ISIC career counselors will monitor C-WAY via "ISIC level" access to ensure subordinate commands are complying with all related policies. Designated representatives can gain C-WAY System access by submitting a System Authorization Access Request Navy (SAAR-N) (OPNAV 5239/14) to career_waypoints@navy.mil.

f. Command Responsibility. Commanding officers and officers-in-charge, hereinafter referred to as commanders, are responsible for the completeness and accuracy of all C-WAY-REEN, C-WAY-CONV, and manual applications. Commanders must ensure that their command personnel understand and comply with all C-WAY related policies. Failure to submit, administrative error(s), and or inaccurate applications, can result in denial of opportunities for Sailors. Additionally, commands must

(1) ensure their command career counselors (CCC) and or designated representatives obtain C-WAY System access;

(2) ensure all Sailors under their cognizance, to include those concurrently assigned elsewhere (e.g., individual augmentee (IA), temporary additional duty (TAD), etc.), are submitted in C-WAY-REEN or C-WAY-CONV module, as required;

(3) validate all Sailor application data, including Sailors' intentions and qualifications for chosen conversion ratings;

(4) review (including application notes) and update C-WAY-REEN and C-WAY-CONV active applications (as applicable). This action will change applications from the "Saved-Action Required" to the "Submitted" status. Commands are required to update applications to reflect changes to a Sailor's eligibility status or desired lateral rating conversion choices;

(5) certify that all applications are accurate by selecting the block that states, "I have validated all of the information in this section and certify the commander still recommends and the Sailor concurs with this application;"

(6) designate representatives to submit C-WAY-REEN and C-WAY-CONV applications for all subordinate unit identification codes (UICs), or designate a representative for each subordinate UIC;

(7) submit applications via the C-WAY System Web site or by following a manual process provided by BUPERS-32. Commands and ISICs may submit applications for each UIC under their authority. Commands unable to submit applications, as described above, are required to contact their ISIC prior to contacting the C-WAY help desk for assistance;

(8) Submit C-WAY-REEN applications by the application deadline. The deadline for submission of applications for eligible Sailors is 2359 central standard time (CST) on the last calendar day of each month;

(9) C-WAY-CONV applications which do not have a submission deadline. Applications are reviewed in the order they are received;

(10) Include in C-WAY-REEN applications the Sailor's five most current evaluations ("not observed" (NOB) evaluations are to be included, but are not used in the calculation of the evaluation average). In cases which the Sailor does not have five evaluations, include a brief description of the reason in the notes section of the application. Failure to include all applicable evaluations or corresponding notes may result in an invalid application as determined by the ECM. First-term Sailors who have not received a regular periodic evaluation require a special evaluation;

(11) Include in C-WAY-CONV applications the most current evaluation; and

(12) In all cases which application questions arise or additional clarification is required, call the C-WAY help desk for guidance at (901) 874-2102 (DSN 882) or e-mail the Career Waypoints help desk at: career_waypoints@navy.mil.

g. NAVPERSCOM, Shore Special Assignments Branch (PERS-4010) is responsible for processing approved conversions, adjusting PRDs, and writing PCS orders.

h. Sailor Responsibility. Sailors are ultimately responsible for their own careers. Not being aware of Navy policies or application status will not justify additional reviews.

(1) Sailors should use their most recent career development board (CDB) as a guide in making their career decisions. Additionally, Sailors are encouraged to engage other Sailors already serving in ratings in which they have interest to better understand duties, rating requirements, and skill sets unique to each rating. Additionally, Sailors are strongly encouraged to use Job Opportunities In the Navy (JOIN) Web site at: <https://join.sscno.nmci.navy.mil/> to identify their

interests and CEM within C-WAY System to identify eligibility requirements for additional ratings of interest.

(2) Sailors are encouraged to ensure, with the assistance of their CCC, that all required C-WAY-REEN and C-WAY-CONV applications are submitted accurately, on time, and indicate their desires.

(3) Sailors should utilize their immediate chain of command and CCC to address any policy and or process questions.

Note: Sailors are encouraged to utilize CDBs and the CEM within the C-WAY System in order to determine correctable deficiencies that would otherwise render them ineligible for desired ratings (e.g., retake the Armed Forces Classification Test (AFCT) to improve their scores in order to expand their rating conversion opportunities).

4. Request Procedures

a. CCC must qualify applicable Sailors who desire conversion in C-WAY using the C-WAY qualification function.

b. C-WAY will provide the CCC a list of all ratings for which the Sailor qualifies.

c. Once a member is qualified, the CCC will submit a C-WAY-REEN (AC/FTS) application for conversion per MILPERSMAN 1160-140 or a C-WAY-CONV (SELRES) application. Lateral conversion requests for AC or FTS will be submitted during C-WAY-REEN System-generated application windows (i.e., PRD and soft expiration of obligated service (SEAOS) application windows). For those circumstances in which force structure changes have significantly impacted reenlistment in-rate opportunity, special circumstance-conversion applications may be submitted outside established SEAOS/PRD windows. Affected ratings will be authorized by an ETP and advertised via ECM Web pages and C-WAY business rules. All other eligibility requirements remain in force. SELRES may apply for lateral conversions in C-WAY-CONV when eligible. Conversion opportunities will be identified with convert-in quotas in C-WAY provided by the ECM. The following conditions must be met in order for the Sailor to submit a conversion application:

(1) The Sailor must be qualified in C-WAY for the desired ratings;

(2) The Sailor's current rating must provide a convert-out quota by YG for AC and FTS, or pay grade for SELRES; and

(3) The rating that the Sailor desires to convert into must have a convert-in quota by YG for AC and FTS, or pay grade for SELRES.

5. **Service Requirements**

a. Applicants must

(1) be recommended by their commander;

(2) have served a minimum of 24 months in present rating;

(3) be a rated E-3 to E-6 Sailor of the AC or FTS with 14 years or less of active service as calculated from the active duty service date to expiration of obligated service EAOS/SEAOS, or E-1 to E-6 Sailors of the SELRES with 18 years of service or less as calculated from pay entry base date (PEBD);

(4) be a petty officer first class (PO1/E-6) or below (excluding CPO selectees); and

(5) have met the retainability requirements as outlined in MILPERSMAN 1306-106 (if AC or FTS), or have a satisfactory drill attendance (if SELRES).

b. Members on an enlistment or extension of enlistment for which a selective reenlistment bonus (SRB) was paid must be within 9 months of EAOS before submitting a conversion request.

c. Obligated service (OBLISERV) already incurred in return for any enlistment or reenlistment incentive, training, or other program must be served before conversion to another rating will be authorized.

d. Members must be in compliance with reference (a). In addition, per MILPERSMAN 1306-602, members must be within body composition assessment (BCA) standards to attend service schools. Commands will not transfer members with an approved

school quota who do not meet BCA standards. Contact BUPERS-32 ECMS immediately for guidance.

6. **Special Cases.** Certain ratings rely on conversions from other ratings to achieve and maintain required manning levels. Procedures for requesting conversion to these ratings are as follows:

a. **Navy counselor (NC) (less career recruiter force)** rating can be found in MILPERSMAN 1440-020.

b. **Navy counselor (career recruiter force)** rating can be found in reference (b).

c. **Legalman (LN)** rating can be found in reference (c).

d. **Special Programs:** Aircrew (AIRC), air rescue swimmer (AIRR), submarines, Navy diver (ND), explosive ordnance disposal (EOD), special warfare operator (SO), special warfare boat operator (SB) etc. ratings can be found in MILPERSMAN 1220 series.

e. **Nuclear training** information can be found in MILPERSMAN 1306-500, 1306-502, and 1306-504.

7. **Religious Program Specialist (RP) Eligibility Requirements**

a. **Background.** RPs will not serve independently of chaplains. They will be assigned to units only in direct support of a member of the chaplain corps, and will be limited to performing those tasks in support of the command religious programs which are under direct supervision of a chaplain. While formal clergy training, academic instruction in religion, or clerical status with a faith group does not qualify an individual for entry into the rating, they are not (within themselves) liabilities. Members of the RP rating are not to be counselors or clergy persons, but will be required to support ministry of chaplains and persons of all faith groups.

b. **Service Requirements.** Applicants must

(1) be a designated E-3 or petty officer with a high school diploma, or a general educational development (GED) equivalency and eligible for access to sensitive information;

(2) meet Armed Services Vocational Aptitude Battery (ASVAB) test scores as outlined in MILPERSMAN 1306-618;

(3) be recommended by their commander with particular emphasis on applicant's moral character and ability to function in harmony with other people;

(4) have no non-judicial punishment (NJP) or convictions in civilian or military courts in the 2 years preceding application. Any moral turpitude offense is disqualifying. Personnel with repeated military offenses or a conviction by civilian or military authorities for any offense reflecting unfavorably upon their integrity are ineligible for RP rating;

(5) be interviewed and recommended by a Navy chaplain RP screening committee, unless isolated duty or lengthy deployments make this impractical. In these rare cases, an interview by an individual Navy chaplain citing need for an exception to screening committee requirement will be accepted;

(6) have no speech impediments and have the ability to write effectively; and

(7) have derived no benefits from the Selective Training and Reenlistment (STAR) Program and have completed OBLISERV for other programs, see MILPERSMAN 1306-604.

c. Application Procedures

(1) When the aforementioned eligibility criteria are met, submit a C-WAY-REEN/C-WAY-CONV application for conversion to RP. If C-WAY-REEN/C-WAY-CONV application results in an "Approved-Pending" quota, then submit NAVPERS 1306/7 Enlisted Personnel Action Request via the commander to the RP ECM (BUPERS-326) for active duty, or the SELRES ECM (BUPERS-328) for SELRES utilizing encrypted e-mail or other authorized means that protect the member's personally identifiable information (PII). Use the commander's comments or attach documents to cite past experience and special qualifications. Request must contain a copy of results of an interview with a Navy chaplain and certified on NAVPERS 1070/613 Administrative Remarks.

(2) All electronic correspondence (e-mail) regarding Navy personnel containing names, social security numbers, or

other identifying information must be digitally signed and PKI-encrypted, or submitted via other authorized means.

(3) Any hardcopy correspondence must be pre-coordinated before mailing to the ECM. If used, all hardcopy correspondence regarding Navy personnel containing names, social security numbers, or other identifying information must

(a) be double wrapped with the inner layer labeled "FOR OFFICIAL USE ONLY-PRIVACY SENSITIVE. Any misuse or unauthorized disclosure may result in both civil and criminal penalties;"

(b) use DD 2923 Privacy Act Data Cover Sheet (as appropriate);

(c) be mailed to only those with an official need to know;

(d) be sent via a mailing service that can provide tracking information; and

(e) be handled and destroyed per DoD privacy directives.

(4) RPs are classified as combatants and are not protected under rules of the Geneva Convention for religious personnel. Female RPs will serve as authorized by law and current Secretary of the Navy directives. Certification must indicate the individual has signed the following NAVPERS 1070/613 entry:

"I hereby volunteer for the religious program specialist (RP) rating with the understanding that I will be required to be supportive of clergy and people of all faiths, and if eligible, may receive combat training and assignment to serve as a combatant in units of the Marine Corps, both in garrison and the fleet Marine force."

(5) Personnel selected will be converted to RP upon successful completion of formal schooling or Navy-wide advancement examination, as directed by BUPERS-32. Unless converted to RP with a waiver of school attendance, designation as an RP will only be effected upon completion of appropriate

training. First-term personnel will then be required to reenlist.

d. Application Timelines

(1) Personnel must send application in a completed conversion package (as outlined in this article) to the RP or SELRES ECM within 60 days of notification of "Approved Pending" status in C-WAY. Failure to submit package within specified time negates the request, resulting in the Sailor's status being changed to "Denied" in C-WAY.

(2) Upon successful submission of the conversion package, the Sailor will be notified via C-WAY with a status update reflecting "Approved" or "Denied" (as appropriate).

8. Conversion to the Master-at-Arms (MA) Rating

a. **Background.** The MA rating provides commands with force protection and antiterrorism specialists who perform base defense, law enforcement, and physical security duties. MAs enforce appropriate orders and regulations, make apprehensions, conduct investigations, and prepare required records and reports. Due to the unique functions and trust inherent in the MA rating, the quality of personnel selected is of paramount importance and requires strict adherence to eligibility criteria. MAs are world-wide assignable to the continental U.S. (CONUS), outside continental the U.S. (OCONUS), sea, shore, and hostile-fire duty assignments.

b. **Service Requirements.** Applicants must

(1) meet ASVAB test requirements, as outlined in MILPERSMAN 1306-618;

(2) be a U.S. citizen (dual citizenship is not authorized) and possess a Secret security clearance (non-waiverable);

(3) have no NJP or convictions in a civilian or military court in the 3 years preceding application. Personnel with repeated military offenses or a conviction by civilian or military authorities for any offense reflecting unfavorably upon their integrity are ineligible for the MA rating. Personnel

with any domestic violence convictions are ineligible (non-waiverable);

(4) hold a valid state driver's license (no suspended license);

(5) have an excellent command of the English language, demonstrate the ability to write effectively, and have no speech impediments;

(6) have tested negative in a drug-screening test within the last 30 days (from conversion request date of submission);

(7) have no history of mental impairment or disorder, emotional instability, alcoholism, drug abuse, or other physical condition that impairs the performance of law enforcement and security duties;

(8) have normal color perception, vision correction to 20/20, and normal hearing;

(9) be interviewed and recommended by one of the following: limited duty officer (649X), chief warrant officer (749X), or E-7 or above rated MA. If one of the aforementioned is not assigned to the command, a similar individual from another command can fulfill the requirement;

(10) be in good physical condition, capable of sustained exertion, meet body fat standards, have not been out of body fat standards within 1 year of the date of the application, have successfully passed the last two PFA cycles, and be fit for full duty;

(11) be able to OBLISERV a minimum of 36 months upon conversion to MA;

(12) meet world-wide assignability criterion; and

(13) include any waiver requests in NAVPERS 1306/7 remarks section.

c. Application Procedures. Each applicant's motivation, qualifications, background, experience, and potential to succeed as an MA will be considered, as well as needs of the Navy. Service needs take precedence. When eligibility criteria are

met, submit a conversion application in C-WAY-REEN/C-WAY-CONV. If the application results in an "Approved-Pending" quota, send the following to the MA ECM (BUPERS-329 for active, or BUPERS-328 for SELRES) utilizing encrypted e-mail or other authorized means that protect the member's PII:

(1) All electronic correspondence (e-mail) regarding Navy personnel containing names, social security numbers, or other identifying information must be digitally signed and PKI-encrypted or submitted via other authorized means.

(2) Any hardcopy correspondence must be pre-coordinated before mailing to the ECM. If used, all hardcopy correspondence regarding Navy personnel containing names, social security numbers, or other identifying information must

(a) be double wrapped with the inner layer labeled "FOR OFFICIAL USE ONLY-PRIVACY SENSITIVE. Any misuse or unauthorized disclosure may result in both civil and criminal penalties."

(b) Use DD 2923 Privacy Act Data Cover Sheet (as appropriate).

(c) Be mailed to only those with an official need to know.

(d) Be sent via a mailing service that can provide tracking information.

(e) Be handled and destroyed per DoD privacy directives.

(3) NAVPERS 1306/7 signed by the commander (**no "by direction" signatures**);

(4) Copies of performance evaluations covering the last 3 years and copies of any evaluations covering performance as a law enforcement specialist (NEC 9545); and

(5) A letter of recommendation from security officer/senior MA (MAC or above) stating member meets all specific eligibility requirements listed in paragraph: 8b (1-13).

d. Application Timelines

(1) Personnel must send a completed conversion package as outlined in this article to the MA or SELRES ECM within 60 days of notification of "Approved Pending" status in C-WAY. Failure to submit package within specified time negates the request, resulting in the Sailor's status being changed to "Denied" in C-WAY.

(2) Upon successful submission of the conversion package, the Sailor will be notified via C-WAY with a status update reflecting "Approved" or "Denied", as appropriate.

e. Selectees

(1) Personnel selected will be converted to MA upon successful completion of formal schooling.

(2) Personnel selected for conversion via MA "A" School must maintain eligibility as outlined in paragraph 8b "Service requirements." Failure to maintain eligibility requirements will automatically result in a review for continued conversion.

(3) PACT Sailors who have served 18 months or more on active duty that successfully complete MA "A" School will be advanced to E-4 upon successful completion of MA "A" School.

9. Conversion to the Mass Communications Specialist (MC) Rating

a. Background. Sailors in the mass communication specialist (MC) rating is for Sailors who are the public affairs and visual information experts. They write and produce print and broadcast journalism news and feature stories for military and civilian newspapers, magazines, television, and radio broadcast stations; record still and video photography of military operations, exercises, and other Navy events; and serve overseas, on ships, and at stateside commands as photographers, public affairs specialists, newspaper and magazine staff, and TV and radio station staff and talent. Additionally, MCs create graphic designs in support of the public affairs mission, create and manage official Web sites, and perform high-speed, high-volume graphic reproduction. Due to the distinct purpose and unique nature of duties involved in the MC rating, the quality of personnel selected is of paramount importance, requiring strict adherence to eligibility criteria, procedures, and policy

for conversion to the MC rating.

b. **Service Requirements.** Applicants must

(1) be within 1 year of completing the minimum time on station (TOS) (excluding SELRES) or Department of Defense (DoD) tour, as appropriate. If approval for conversion is granted, the effective date of conversion will coincide with TOS, prescribed tour, or DoD tour completion date;

(2) be within 12 months of projected rotation date (PRD) (excluding SELRES);

(3) have or incur a minimum of 36 months OBLISERV from date of conversion to MC rating;

(4) have no marks below 3.0 in previous 3 years of performance evaluations;

(5) meet ASVAB test scores as outlined in MILPERSMAN 1306-618;

(6) have passed the last Navy-wide advancement exam (NWAE) prior to application;

(7) have no history of moral turpitude waivers within the previous 36 months (e.g., alcohol, drugs, indebtedness, or other circumstances that would result in non-screening for the granting of a Secret security clearance and world-wide assignability). Personnel with offenses that reflect unfavorably upon their creditability and integrity are ineligible for the MC rating;

(8) have an excellent command of the English language, demonstrate the ability to write effectively, and have no speech impediments;

(9) have a clear record, free from conviction by court-martial, civil court (except for minor non-repetitious traffic offenses), or NJP during the previous 36 months preceding application for conversion to MC;

(10) be interviewed and submit a written recommendation by the senior mass communications specialist within the geographical area;

(11) demonstrate additional proficiency by providing published articles and or photos; and

(12) meet world-wide assignability criterion.

c. Application Procedures. Each applicant's motivation, qualifications, and potential to succeed as an MC will be considered, as well as the Navy's needs; Service needs take precedence. When eligibility criteria are met and the Sailor has an "Approved Pending" status in the C-WAY System, submit the following to the MC ECM (BUPERS-326 for active, or BUPERS-328 for SELRES) utilizing encrypted e-mail or other authorized means that protect the member's PII. Submit a formal letter of application via CO's administrative chain of command providing the following supporting documents:

(1) Copies of all performance evaluations during the last 36 months;

(2) Copy of most recent ASVAB scores. Most recent ASVAB scores must also reflect in the enlisted master file (EMF);

(3) Copy of profile sheet from last NWAE;

(4) NAVPERS 1306/7 signed by the commander (**no** "by direction" signatures);

(5) Copy of Physical Readiness Information Management System (PRIMS) report showing physical fitness assessment results for 4 years prior to application date;

(6) Copies of published articles and or photos; and

(7) A letter of recommendation from a senior mass communications specialist within the member's geographical area.

Note: All electronic correspondence (e-mail) regarding Navy personnel which containing names, social security numbers, or other identifying information must be digitally signed and PKI-encrypted or submitted via other authorized means.

Any hardcopy correspondence must be pre-coordinated before mailing to the ECM. If used, all hard-copy correspondence

regarding Navy personnel containing names, social security numbers, or other identifying information must:

- be double wrapped with the inner layer labeled "FOR OFFICIAL USE ONLY-PRIVACY SENSITIVE. Any misuse or unauthorized disclosure may result in both civil and criminal penalties;"
- use DD 2923 Privacy Act Data Cover Sheet (as appropriate);
- mailed to only those with an official need to know;
- be sent via a mailing service that can provide tracking information; and
- be handled and destroyed per DoD privacy directives.

d. Application Timelines

(1) Personnel must send in a completed conversion package as outlined in this article to the MC or SELRES ECM within 60 days of notification of "Approved Pending" status in C-WAY. Failure to submit the package within a specified time negates the request, resulting in the Sailor's status being changed to "Denied" in C-WAY.

(2) Upon successful submission of the conversion package, the Sailor will be notified via C-WAY with a status update reflecting "Approved" or "Denied" (as appropriate).

e. Selectees. Personnel selected will be direct-converted into the MC rating.

10. Change of Rating via Formal School Training

a. Service school commands are authorized to assign rating designation or change in rating upon successful completion of designated training.

b. Prior to detachment for instruction, members must satisfy OBLISERV for training as prescribed in MILPERSMAN 1306-106 and or MILPERSMAN 1306-604. Members converting to SRB eligible ratings may fall under the Obligated Service to Train (OTT) Program contained in reference (d).

c. Members in pay grades E-1 through E-6 who are ordered to a school that incorporates an extended course of instruction (e.g., FT, ET, AT, EW, and STG) must be converted to a rating at an equal pay grade after successful completion of basic or A-1 phase of that course of instruction. Exceptions to this policy apply to the following: Former "A" School graduates from a rating with fundamentals of basic or A-1 phase of training, similar to those of prospective rating, may be tested on material to be covered in that initial course. If a member proves to be thoroughly knowledgeable with A-1 phase by successfully passing a preliminary A-1 phase examination, attendance in A-1 phase will be optional as determined by service school command. Member may be directly converted to new rating and enrolled in advanced or A-2 phase portion of course.

11. **PACT.** Per MILPERSMAN 1306-611, PACT Sailors are required to utilize C-WAY-PACT designation module and must follow designation policies and processes outlined therein.

12. **Change of Rating through Direct Conversion.** Members may request direct conversion from one rating to another rating. Approval will be based on related skills, manning, experience, and training in present rating and desired rating (e.g., AT3 to ET3, DC3 to HT3, YN3 to PS3). Additionally, occasional manning circumstances require direct conversion of members from one rating to another upon creation of a new rating.

13. **Processing of Converted Sailors.** Processing of converted Sailors will depend on their conversion pathway.

a. Sailors who convert via school receive their next set of PCS orders from the appropriate rating assignment detailer based on needs of the Navy.

b. Direct conversion Sailors will either remain on board their present command or be transferred to another command where a vacancy exists. NAVPERSCOM, Enlisted Distribution Division (PERS-40) and the command will make this determination based on present command manning. Sailors who remain on board will have their PRDs adjusted to the appropriate prescribed tour for that rating, unless the initial assignment is regulated by a DoD area tour. For guidance on Sailors who PCS to another command, use MILPERSMAN 1306-104 Projected Rotation Date and MILPERSMAN 1306-126 First-Term Personnel Assignment Policy.

14. **Forced Conversion.** Forced conversions must be processed per MILPERSMAN 1440-011.

15. **Disposition of Members Who Fail to Complete Change of Rating process.** Personnel approved or directed to convert must complete conversion. Sailors who fail to successfully convert may be processed for separation within 2 months of the failure being identified. Separation must be processed per MILPERSMAN 1910-133 or the most appropriate article within the MILPERSMAN 1900 series.

References	(a) OPNAVINST 1220.1D (b) NAVPERS 18068F, Navy Enlisted Occupational Standards (Volume I) (c) NAVPERS 18068F, Navy Enlisted Occupational Standards (Volume II) (d) Lautenberg Act of 1996 (e) BUPERSINST 1430.16F
-------------------	---

1. **Policy.** Bureau of Naval Personnel (BUPERS) and Navy Personnel Command (NAVPERSCOM) may direct forced conversion, an involuntary change of rating based on loss of eligibility to further serve in present rating or specialty in an Active Component (AC). All Reserve Component (RC) conversions, with the exception of Full Time Support (FTS), are processed using Career-Waypoints (C-WAY), per MILPERSMAN 1440-010.

a. Office of the Chief of Naval Operations (OPNAV), Military Personnel, Plans, and Policy (N13) is responsible for approval of enlisted force management policy in support of Deputy Chief of Naval Operations (N1). As such, OPNAV (N13) is the approving authority for conversion policy and exceptions to policy.

b. Nuclear Enlisted Community Manager (ECM) (OPNAV (N133)) is responsible for managing overall nuclear enlisted community health at the echelon I level. As such, OPNAV, Nuclear Program Manager (N133) will be consulted on nuclear conversion policy execution issues to ensure only those Sailors having their nuclear Navy enlisted classification (NEC) removed, per reference (a), are in the forced conversion process.

c. NAVPERSCOM, Enlisted Performance and Separations Branch (PERS-832) serves as the final approval and disapproval authority for voluntary early separation requests, per this article.

2. Primary Reasons for Forced Conversion (list is not all inclusive)

a. Loss of, or failure to maintain a rating specific prerequisite or qualification, as provided in references (b), (c), and MILPERSMAN 1306-618;

b. Disqualification, NEC loss, or commanding officer's (CO) loss of confidence for special warfare/operations personnel;

c. Disqualification from submarines for personnel in all submarine service ratings;

d. Disqualification from nuclear field for personnel with related NEC, as provided in reference (a);

e. Disqualification or drop on request from flying duties;

f. Disqualification from the Personnel Reliability Program, which precludes further performance of duty within current rating;

g. Permanent revocation or denial of security clearance by Department of Defense Central Adjudication Facility, when required by member's current rating or specialty;

h. When a member is prohibited to access firearms whose duties principally involve frequent access, carrying, or possession of firearms, per reference (d);

i. A medical condition which permanently renders member incapable of performance of duty within current rating; or

j. Loss of credibility which significantly diminishes or impairs ability to perform duties in current rating.

3. Forced Conversion Change of Rating Requests. Forced conversions must not be used in lieu of disciplinary or medical procedures, or to relieve the command of a substandard performer. Only submit forced conversion requests for Sailors who are recommended for retention, have potential for future Navy

service, are capable and qualified to serve in requested ratings, and are not subject to administrative separation (ADSEP) proceedings. Request submission guidance follows:

a. Commands must submit forced conversion packages within 10 working days after disqualifying factors from current rating have been identified.

b. For the purpose of forced conversion, the member's signature/concurrence is not required on the NAVPERS 1306/7 Enlisted Personnel Action Request. If member refuses to sign, annotate the refusal to sign on NAVPERS 1306/7 and submit without delay. NAVPERS 1306/7 may be accessed by using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

c. Commanding officers (CO) must ensure Sailors meet eligibility requirements and possess the potential to succeed, relevant to pay-grade.

d. Members who do not stipulate requested rating choices in the forced conversion package will be processed by NAVPERSCOM and BUPERS into a rating based on "Needs of the Navy."

Note: "Needs of the Navy" refers to any open rating in which a member is accepted for conversion. The enlisted community manager determines "Needs of the Navy."

e. Command career counselors are encouraged to utilize the Career Navigator (C-NAV) System qualification functionality.

f. Forced conversions are not authorized into the **LN, NC, RP, or MA** ratings.

4. **Forced Conversion Request Procedures**

a. Personnel submitting forced conversion packages are encouraged to request ratings of choice for which they are qualified on NAVPERS 1306/7. Use of BUPERS online electronic NAVPERS 1306/7 transmission for forced conversion request submission is not authorized.

b. The reason for forced conversion must clearly be annotated on NAVPERS 1306/7 in the "Reason for Submission" block.

c. NAVPERS 1306/7 must be signed by the CO or delegated by direction of the CO. Requests must include the following enclosures:

- (1) Applicable substantiating documents for forced conversion (i.e., evaluations, NAVPERS 1070/613 Administrative Remarks, medical doctor recommendations, results of NJP, etc.);
- (2) Last three evaluations;
- (3) Most recent Armed Services Vocational Aptitude Battery Test scores;
- (4) PFA results for last 4 years from Physical Readiness Information Management System;
- (5) C-NAV qualified job list printout identifying requested rates; and
- (6) Additional rating specific documentation (as required).

d. Packages must be forwarded as an attachment via encrypted e-mail to NAVPERSCOM, Career Administration Division (PERS-81) at e-mail address mill_conversionsP811@navy.mil;

Note: All electronic correspondence (e-mail) which contain names, social security numbers, or personal health information (PHI)/personally identifiable information (PII) must be digitally signed and public key infrastructure encrypted. In the event that encryption is not possible, the only other authorized means of electronically transmitting PHI/PII is through use of Safe Access File Exchange (SAFE). SAFE may be accessed via the following web link:
<https://safe.amrdec.army.mil/safe/Welcome.aspx>.

e. For submarine disqualifications, undersea medical officers should use ICD-9 codes to identify the disqualifying factor(s) to assist ECMs in selecting rating alternatives. ICD-9 codes will be listed on NAVMED 1300/3 Medical Assignment Screening for worldwide assignability screening determination and submitted as part of the forced conversion request.

5. **Advancement.** Per reference (e), members no longer qualified in their current rating are not authorized to compete for advancement or to be advanced. If frocked, frocking will be removed and command is required to notify Naval Education and Training Professional Development and Technology Center to have the Navy-wide advancement examination invalidated.

6. **Extensions/Reenlistment.** Members no longer qualified in rating must not be allowed to extend, reenlist, or have any inoperative extension made operative without NAVPERSCOM, Active Enlisted Programs Branch (PERS-811) authorization.

7. **Bonuses.** Immediately stop payment of any rating related bonuses (selected reenlistment bonus, enlistment bonus, special duty assignment pay, submarine pay, etc.). Local personnel offices must be contacted immediately to stop and or recoup unearned entitlement.

8. **Voluntary Early Separation in Lieu of Forced Conversion or ADSEP Processing.** Members may request immediate voluntary early separation in lieu of forced conversion or ADSEP processing from NAVPERSCOM, Personnel Performance and Transition Division (PERS-83) with NAVPERSCOM (PERS-81) as info addressee. Requests must contain a statement of understanding that any unearned bonuses will be recouped and separation pay will not be authorized.

9. **Limited Duty.** Members in a limited duty status must not be processed for forced conversion until having been designated as fit for duty, in addition to having been found permanently disqualified or incapable to perform required duties in current rate. For special circumstances or when the member's case has been accepted by the physical evaluation board, contact NAVPERSCOM (PERS-81) to hold forced conversion in abeyance.

10. **Disposition of Members Directed to Force Convert.** One of the following actions must be directed by NAVPERSCOM or BUPERS:

- a. Conversion to requested rating or an alternative rating, should "Needs of the Navy" preclude entry into the requested rating;
- b. ADSEP processing, per appropriate MILPERSMAN article;
- c. Submission of a Fleet Reserve/retirement request;

d. Retention in current rate with separation at expiration of active obligated service.

11. **Additional Disposition Requirements for Force Converted Members Out of Nuclear Ratings.** Within 30 days of receipt of conversion approval from NAVPERSCOM (PERS-811), the force converted Sailors will be required to negotiate reassignment with their new rating detailer. Failure to follow this direction will result in a "Needs of the Navy" assignment, as directed by the respective rating assignment detailer, to the highest priority billet. Sailors who fail to complete this redistribution process will be considered as noncompliant, and will be processed for administrative separation per MILPERSMAN 1910-133, or other appropriate MILPERSMAN article(s).

Note: "Needs of the Navy," with regard to distribution, refers to billets advertised on the Career Management System-Interactive Detailing that are loaded via the cognizant manning control authority. The new rating assignment detailer will determine the "Needs of the Navy" assignment for personnel force converted out of nuclear ratings.

12. **Failure to Complete Conversion.** Sailors who fail to complete the conversion process may be administratively separated per MILPERSMAN 1910-133.

Note: Sailors approved for forced conversion must maintain all eligibility requirements throughout the entire conversion process. Failure to maintain rating entry requirements may result in administrative separation per MILPERSMAN 1910-133.

MILPERSMAN 1440-020

CONVERSION TO THE NAVY COUNSELOR (NC) RATING (LESS CAREER RECRUITER FORCE (CRF))

Responsible Office	BUPERS-32	Phone	DSN	882-2978 (901) 874-2978 882-2041
---------------------------	-----------	-------	-----	--

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone:	Toll Free	1-866-U-ASK-NPC
------------------------------------	--------	-----------	-----------------

Reference(s)	(a) BUPERSINST 1430.16F (b) OPNAVINST 6110.1J (c) SECNAV M-5216.5, Department of the Navy Correspondence Manual
---------------------	---

1. Background

a. The Navy counselor (NC) rating (less career recruiter force (CRF)) assists commands in organizing and implementing an aggressive enlisted command career development and retention program. NCs are the commands' principal advisors on policies and regulations related to Navy career planning matters. They are charged with:

(1) Evaluating enlisted career development programs at their command and subordinate commands.

(2) Coordinating interviewing and counseling efforts.

(3) Providing primary technical assistance and guidance to the command career development team.

(4) Maintaining awareness of revisions and initiatives in career development programs through access to Navy directives, reference materials, experience, and regional training.

(5) Counseling individuals and providing presentations to naval personnel and their family members on the advantages and initiatives in career development programs.

(6) Establishing and maintaining liaison with Office of the Chief of Naval Operations (OPNAV), Force Shaping Plans and Policy Branch (N132); Bureau of Naval Personnel (BUPERS), Military Community Management (BUPERS 3); fleet and echelon 2 counselors; and command leadership on training, programs and policies.

b. Due to the distinct purpose and unique nature of duties involved in the NC rating, the quality of personnel selected is of paramount importance and requires strict adherence to eligibility criteria, procedures, and policy for conversion to the NC rating (less CRF).

c. The Command Career Counselor (CCC) Program provides for assignment of personnel in ratings other than NC (less CRF) to perform full time CCC duties. Requirements and qualifications are contained in MILPERSMAN 1306-905.

2. Service Requirements

a. Applicants must be:

(1) Active duty (ACDU), full time support (FTS), or Selected Reserve (SELRES) petty officer first class (PO1) with between 6 and 14 years of active naval service. Waiver consideration will be provided for applicants with up to 16 years of active naval service.

(2) Second class petty officers desiring conversion must:

(a) Be approved by the NC rating enlisted community manager (ECM) prior to examination date to participate in the E-6 Navy-wide advancement examination (NWAE) for Navy counselor (less CRF).

Note 1: This requirement is waiverable and will be based upon enlisted program allowance vacancies.

(b) Be selected from the NWAE for NC1 (less CRF) prior to assignment to the command career counselor course, unless waived as outlined in Note 1 of this article.

(3) Within 1 year of completing the minimum time on station (TOS) or Department of Defense (DoD) tour (as appropriate).

(4) Within 12 months of projected rotation date (PRD).

(a) ACDU desiring to convert to FTS must be within 12 months of expiration of active obligated service (EAOS).

(b) Members on an enlistment or extension of enlistment for which a selective reenlistment bonus (SRB) was paid, must be within 9 months of EAOS to apply for conversion to NC (less CRF).

(c) Members within the career waypoint reenlistment window must request an NC conversion quota. Upon an approved pending quota, members will have 90 days to submit application to NC rating ECM.

(5) Have or incur a minimum of 36 months obligated service (OBLISERV) from date of conversion to NC (less CRF) rating.

b. Per reference (a), applicants approved for conversion to NC (less CRF) who are subsequently selected for E-7 in their current rating prior to actual change of rating, must request in writing to Navy Personnel Command (NAVPERSCOM), Career Administration Division (PERS-81) to have the conversion reconsidered at the E-7 pay grade.

c. The following personnel are not eligible to apply for conversion to NC (less CRF):

(1) Personnel in receipt of permanent change of station (PCS) orders; or

(2) Personnel in a LIMDU status are not eligible until found fit for full duty.

3. **Other Eligibility Requirements**

a. Applicants (including graduates of CCC course (A-501-0011) holding NEC 9588) must:

(1) Have no marks below 3.0 in previous 3 years of performance evaluations.

(2) Have an Armed Services Vocation Aptitude Battery (ASVAB) test score of VE+AR=105 (minimum AR of 50, for Pay 80 forms) or VE+AR=104 (minimum AR of 51, for Pay 97 forms). If ASVAB test scores are revised, most recent guidance will apply.

(3) If TIR eligible, have passed the last NWAEE prior to application.

(4) **Have at least 12 consecutive months experience as CCC, or departmental or divisional career counselor during the previous 3 years prior to application date for conversion to NC (less CRF).** These positions must be clearly documented in evaluations or as determined by the immediate superior in command (ISIC).

(5) Have no history of moral turpitude waivers within the previous 36 months (e.g. alcohol, drugs, indebtedness, or other circumstances that would result in nonscreening for the granting of a Secret security clearance or world-wide assignability). Personnel with offenses that reflect unfavorably upon their credibility, integrity, and or offenses concerning moral turpitude are ineligible for the NC (less CRF) rating **(non-waiverable)**.

(6) Have clearly demonstrated excellence in judgment, initiative, flexibility, objectivity, and leadership.

(7) Have no tattoos, body art, or brands that are excessive, obscene, sexually explicit, or that discriminate against gender, racial, gang related, religious, ethnic or national origin. Excessive is defined as tattoos that cover over two-thirds of an individual's exposed limbs. Visibility of tattoos must be inspected with the member in physical training (PT) shorts and T-shirt.

(8) Have no speech impediments, an excellent command of the English language, and the demonstrated ability to write effectively. The candidate should also be persuasive in conveying ideas and have the ability to converse intelligently on Navy and general subjects.

(9) Have no history of mental impairment or disorder, emotional instability, or any physical condition that would inhibit the performance of career counseling duties.

(10) Have a clear record, free from conviction by court-martial, civil court (except for minor, non-repetitious traffic offenses), or nonjudicial punishment (NJP) during the previous 36 months **preceding application for conversion to NC (less CRF) (non-waiverable)**.

(11) Indicate stability in personal affairs without a history of severe domestic or personal problems or chronic indebtedness.

(12) Be within Navy body composition assessment standards per reference (b). Any two documented failures within the last 4 years prior to application date render the applicant ineligible **(non-waiverable)**.

(13) Be interviewed and recommended by the commanding officer (CO). Use NAVPERS 1306/92 Special Program Screening at <http://www.public.navy.mil/BUPERS-NPC/REFERENCE/FORMS/NAVPERS/Pages/default.aspx> (complete all sections). **Willingness to have member serve as their CCC should be stated.**

(14) Be familiar with the following:

(a) Command Career Counselor 2009 Navy E-Learning Course (CPD-CCC-020);

(b) Duties and responsibilities of the educational services officer;

(c) Enlisted fitness and evaluation procedures;

(d) Writing styles per reference (c);

(e) Customer Service and Interpersonal Communications (NKO 1.18); and

(f) Microsoft Word, Excel, and PowerPoint.

(15) Be worldwide assignable and have the skills to work independently.

b. Personnel desiring conversion to NC (less CRF) rating shall be interviewed and provide a written recommendation from the following:

(1) CCC who must verify all eligibility requirements per paragraphs 2 and 3 and state verification of all requirements in writing and submit with recommendation;

(2) Command master chief (CMDCM) who must indicate whether the applicant can function as an independent duty CCC and discuss willingness to have member serve as their CCC.

(3) ISIC career counselor must indicate whether the applicant can function as an independent duty CCC and discuss willingness to have member serve as his or her CCC.

(4) Type commander (TYCOM) fleet career counselor in applicant's administrative chain of command.

4. **Application Procedures.** The fleet career counselor in the applicant's administrative chain of command will review requests for conversion to the NC (less CRF) rating. Each applicant's motivation, qualifications, and potential to succeed as an NC (less CRF) will be considered, as well as Navy's needs and the need for additional NCs (less CRF). Service needs will take precedence. The fleet career counselor in the applicant's administrative chain of command will make recommendations to NAVPERSCOM (PERS-81) regarding applicant's suitability for conversion to the NC (less CRF) rating. Package submission guidance is provided on Navy Personnel Command's rating conversion Web page at www.npc.navy.mil (electronic submission is preferred, allows for electronic tracking and faster processing). When eligibility criteria is met, utilize reference (c) to **submit the following:**

a. Formal letter of application to NAVPERSCOM (PERS-81) via CO and TYCOM fleet career counselor in the applicant's administrative chain of command, providing the following supporting documents:

(1) Copies of all performance evaluations covering the last 3 years;

(2) Copies of enlisted qualifications history or Navy Standard Integrated Personnel System (NSIPS) equivalent and certificates indicating completion of all proficiency requirements for NC (less CRF);

(3) Copy of ASVAB scores. Most recent ASVAB scores must also reflect in the enlisted master file;

(4) Copy of profile sheet from latest NWAEE;

(5) NAVPERS 1306/7 Enlisted Personnel Action Request signed by the CO or Officer in Charge (OIC) (**cannot be "by direction"**);

(6) CO screening checklist, NAVPERS 1306/92 Special Program Screening with all sections completed and signed by the CO or OIC (**cannot be "by direction"**).

(a) A "Yes" response to Section D, Question 5 requires attached photographs with visibility of tattoos with the member in PT shorts and T-shirt.

(b) Photographs shall be:

1 In uniform of PT shorts and T-shirt;

2 Color photographs approximately 5" wide x 7" high, full-length, full-front and full-side view as deemed necessary to display visibility of tattoos. Photographs will be uncovered against a contrasting background. The applicant's name and date the photograph was taken must appear in the photograph.

(7) Copy of operational duty screening as stipulated in MILPERSMAN 1300-800;

(8) Copy of Physical Readiness Information Management System report showing PT assessment results for 4 years prior to application date; and

(9) Photographs of member in service uniform, black and white or color photographs approximately 5" wide x 7" high, full-length, full-front and full-side view, uncovered against a contrasting background. The applicant's name and date the photograph was taken must appear in the photograph.

(10) Letters of recommendation from CCC (if applicant not currently assigned as CCC), CMDCM, ISIC CC, and TYCOM fleet CC in applicant's administrative chain of command.

Note 2: All electronic correspondence (e-mail) regarding Navy personnel which contains names, Social Security numbers, or other identifying information shall be digitally signed and PKI-encrypted. The subject line and attachments should contain the

"FOUO" label and the body of the email should contain the statement "FOR OFFICIAL USE ONLY-PRIVACY SENSITIVE. Any misuse or unauthorized disclosure may result in both civil and criminal penalties." The email should only be sent to recipients with a need-to-know the PII. In the event that encryption is not possible, the only other authorized means of electronically transmitting PII is through use of Safe Access File Exchange (SAFE). SAFE can be accessed via the following web link: <https://safe.amrdec.army.mil/safe/Welcome.aspx>.

Note 3: Any hard-copy correspondence must be pre-coordinated before mailing to the ECM. If used, all hard-copy correspondence regarding Navy personnel which contains names, Social Security numbers, or other identifying information shall:

- Be double wrapped with the inner layer labeled "FOR OFFICIAL USE ONLY-PRIVACY SENSITIVE. Any misuse or unauthorized disclosure may result in both civil and criminal penalties."
- Use the DD form 2923 "Privacy Act Data Cover Sheet" as appropriate.
- Be mailed to only those with an official need-to-know.
- Be sent via a mailing service that can provide tracking information.
- Be handled and destroyed per DoD privacy directives.

5. **Selection Process.** NAVPERSCOM (PERS-81) will receive and screen conversion applications for completion and proper documentation. Complete applications will be forwarded to both losing and gaining rating ECM for final determination.

6. **Selectees**

a. Personnel selected will convert upon successful completion of the CCC Course (A-501-0011) or directly convert, if they completed the CCC course within the last 36 months at time of selection and currently hold NEC 9588. If approved for direct conversion, the effective date of conversion will coincide with TOS, prescribed sea tour, or DoD tour completion date.

b. Petty officer second class selected for conversion:

(1) Will be detailed to their first rated NC assignment with CCC Course enroute or upon advancement to NC1.

(2) Who fail to successfully complete the CCC Course will be reverted as outlined in paragraph 8 of this article and MILPERSMAN 1440-040.

c. SELRES converted to NC (FTS) will be recalled to active duty if approved for conversion. SELRES are not eligible for Navy counselor in the Active Duty Component (Branch Class 11).

d. Personnel selected for conversion must maintain all eligibility requirements as outlined within this article. Failure to maintain eligibility requirements will automatically result in an administrative review by a panel of 3 fleet/force career counselors to include the administrative chain of command. This panel will report suitable or unsuitable findings to NC ECM for further guidance.

e. Initial assignment will be sea duty for a prescribed sea tour or a minimum of 24 months.

7. Forced Conversions

a. Forced conversions into the NC (less CRF) rating **must meet all service and eligibility requirements as set forth within this instruction.**

b. Personnel terminated from CRF **are not eligible** for reversion/conversion to the NC (less CRF) rating **(non-waiverable)**.

c. Personnel receiving formal disciplinary action for minor infractions (e.g., NJP or civilian court) will not normally be considered for forced conversion out of the NC (less CRF) rating on the first offense. The command shall enroll these personnel in a formal probationary period, not to exceed 1 year, and provide appropriate counseling, training, or as required, process the member for administrative separation. Personnel placed on formal probation will receive NAVPERS 1070/613 Administrative Remarks documenting the probationary period duration, counseling, and retraining plan. The entry will contain a statement concerning the potential for forced conversion or administrative separation for failure to complete the probationary period and or additional formal disciplinary action within the probationary period. NAVPERS 1070/613 entry must be acknowledged in writing by the individual and witnessed preferably by the command master chief.

d. In addition to a loss of any of the prerequisite qualifications or CO's loss of confidence, personnel should be considered for forced conversion if they have been convicted of crimes such as fraternization, theft, assault, or any other incident that significantly diminishes their credibility, personal integrity, and impairs their ability to perform expected career counselor duties.

8. No Fault Reversion/Conversion

a. No fault reversion is intended for personnel who are experiencing some limiting deficiency that was not apparent at the time of request for conversion to NC (less CRF).

b. Requests for reversion of personnel whose suitability for continued service in the NC (less CRF) rating will be sent to NAVPERSCOM (PERS-81) via CO and NCCM (less CRF) in the applicant's administrative chain of command. Such requests must include a detailed description of the circumstances or reasons why member is no longer eligible to perform the duties of the NC (less CRF) rating and be adequately supported, in fact by enclosures (e.g., evaluations, counseling sheets, witness statements, documentary evidence, etc.).

c. Reversion is not derogatory and will not be interpreted unfavorably in any subsequent detailing or board action.

d. For the administrative removal from an assignment for substandard behavior or substandard performance of duty, comply with MILPERSMAN 1616-010, Detachment for Cause (DFC) of Enlisted Personnel.

9. Waivers. Eligibility criteria, as set forth in this article, are necessary to ensure manning and command stability, equitable treatment for those competing from various ratings, and equal consideration for all conversion requests.

a. Waivers will be considered by NC rating ECM on a case by case basis.

b. Where required, applicant or endorser shall indicate waiver required and cite justification.

MILPERSMAN 1440-040

NO-FAULT REVERSION TO FORMER RATING

Responsible Office	BUPERS-32	Phone:	DSN COM	882-2678 (901) 874-2678
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. Policy

a. No-fault reversion to former rating is intended only for those members who are experiencing some limiting deficiency that was not apparent at the time of their request for rating conversion. The provisions of this article shall not be used for cases in which substandard performance or motivation is a cause or contributing factor.

b. An example of a case for no-fault conversion might be a Navy counselor who lacks aptitude for "salesmanship or counseling" but who has exerted maximum effort to succeed, and retains the potential to succeed in his or her former rating.

2. Commanding Officer's (CO) Procedures

a. When the CO determines that a member has failed to succeed in a converted rating, and the failure is considered not to be the fault of the member, the CO shall provide personal counseling to the Sailor. Counseling should include the circumstances and details of the problem to ensure that the reason for failure is not due to lack of motivation.

b. When the inability to function is due to inadequacies, and rating reversion is in the best interest of the member and the Navy, the CO should encourage the converttee to request reversion to his or her former rating. The member should submit NAVPERS 1306/7 Enlisted Personnel Action Request, via his or her CO, to Bureau of Naval Personnel (BUPERS), Enlisted Military Community Management Division (BUPERS-32). The request should cite this article as a reference. NAVPERS 1306/7 may be accessed by using the following Web address:

<https://www.public.portal.navy.mil/bupers-npc/reference/forms/NAVPERS/Documents/NAVPERS%201306-7.pdf>.

c. Should the member not desire to submit a request for rating reversion, the CO may originate and submit correspondence to BUPERS (BUPERS-32) requesting the member's rating reversion under this article. The request should indicate that the member has received counseling, and include a personal statement from the member concerned. If the member chooses not to submit a statement, the CO's correspondence should so indicate.

3. **Approval Authority.** BUPERS (BUPERS-32) is delegated authority to approve no-fault reversion requests. BUPERS 32 is also delegated authority to disapprove no-fault reversion requests lacking sufficient justification, or to disapprove requests based on other criteria considered by BUPERS (BUPERS-32). CO's may then request that the Office of the Chief of Naval Operations, Force Shaping Plans and Policy Branch (N132) review the decision.

4. **Effect of Reversion.** Reversion under this article is not derogatory and shall not be interpreted unfavorably in any subsequent detailing or board action.

MILPERSMAN 1450-010

REDUCTION IN RATE

Responsible Office	NAVPERSCOM (PERS-4832)	Phone:	DSN COM FAX	882-4439 (901) 874-4439 882-2624
---------------------------	---------------------------	--------	-------------------	--

References	(a) Uniform Code of Military Justice (UCMJ) (b) BUPERSINST 1430.16E, Manual of Advancement (c) NAVPERS 18068F, Manual of Navy Enlisted Manpower and Personnel Classifications and Occupational Standards (d) OPNAVINST 1160.5C
-------------------	---

1. Purpose

a. Reduction in rate by a commanding officer (CO) may be considered as coming within two general classes:

(1) Those made as a punishment under reference (a), article 15.

(2) Those made by reason of incompetency.

b. This article deals with administrative reduction in rate for incompetency, when members concerned have proven themselves not qualified to perform properly the duties of their rates.

NOTE: For reduction in rate under reference (a), see article 15.

2. CO's Authority

a. COs or officers in charge (OICs) may reduce an enlisted member within their command or in their charge to the next inferior grade under this article if the grade from which demoted is within the promotion authority of the CO, OIC, or lower command. Exceptions to this rule are enlisted members in the rank of

- (1) master chief petty officer.
- (2) senior chief petty officer.
- (3) chief petty officer.

b. The CO is not considered to have the authority at nonjudicial punishment (NJP) to reduce a servicemember in paygrades E-7 or above to a lower paygrade since advancement to E-7 or higher requires selection by a board convened for that purpose by Navy Personnel Command (NAVPERSCOM) (reference (b), paragraph 803.2).

3. **Marking Periods.** For the purpose of this article, two consecutive marking periods are defined as two regular evaluation periods or one regular evaluation period and one special evaluation period covering a minimum of 3 months.

4. **First Class Petty Officer or Below**

a. Prior to execution of a reduction in rate of a first class petty officer or below, members concerned shall be apprised of their right to request mast before the CO and to present any evidence or witnesses in their own behalf and reminded of their right to appeal any adverse action to the next higher common superior having power to act in the matter.

b. Reduction, or a recommendation for reduction, of first class petty officers and below not qualified to perform the duties of their rate by reason of incompetency (not for disciplinary reasons) shall be supported by the following performance marks. For first class petty officers and below, such action must be supported by a mark of 1.0 in any one of the trait areas labeled

- (1) "Professional Knowledge,"
- (2) "Quality of Work,"
- (3) "Personal Job Accomplishment/Initiative," or
- (4) "Leadership"

on NAVPERS 1616/26 (Rev. 03-02), Evaluation Report and Counseling Record (E1-E6), for at least two consecutive marking periods covering a minimum of 15 months performance.

NOTE: Waiver of these requirements may be granted only by NAVPERSCOM, Enlisted Performance and Separations Section (PERS-4832).

5. NAVPERS 1070/613 (Rev. 10-81), Administrative Remarks.

Subject to the conditions stated in this article, COs are authorized to effect reduction in rate of a petty officer first class or below by signing the following NAVPERS 1070/613 entry in the service record:

(date): "Proved not qualified for rate of (fill-in) by reason of (fill-in). Received and acknowledged evaluation marks of (fill-in relevant adverse marks) in (evaluation factors) on performance evaluation reports for periods (fill-in). Reduced in rate to (fill-in) this date."

(Commanding Officer)

(date): "I understand that I have been administratively reduced in rate for the reason(s) stated above. I have been counseled and understand my rights of redress in this matter and it is my decision (to/not to) request review by higher authority."

(Member)

6. Master Chief, Senior Chief, or Chief Petty Officers

a. For master chief, senior chief, or chief petty officers, the CO may recommend reduction in rate for reasons of incompetency to NAVPERSCOM. Such recommendation shall be supported by a mark of 1.0 in any one of the trait areas labeled

- (1) "Leadership,"
- (2) "Professional Expertise," or
- (3) "Mission Accomplishment"

for two consecutive marking periods covering a minimum of 15 months performance. The recommendation shall contain a full report of the circumstances together with certified copies of all pages of the service record containing assigned marks or entries pertaining to the performance of the member concerned.

b. The member concerned shall be apprised of the right to request mast before the CO, to present any evidence or witnesses in the their behalf, and to submit a written statement for inclusion as an enclosure to the CO's recommendation. Should the member concerned not desire to make a written statement, indication thereof shall be included in the CO's recommendation.

NOTE: Waiver of these requirements may be granted only by NAVPERSCOM (PERS-4832).

7. Paygrade Reduction

a. Members reduced in rate or recommended for reduction in rate under the authority of this article may be reduced only one paygrade. Subsequent reductions for incompetency must be substantiated by further unsatisfactory marks and service record entries.

b. Reduction in rate shall be to a lower paygrade in the path of advancement as specified per reference (c). Where a petty officer is reduced to paygrade E-3, it shall be to a rate, which is in the appropriate apprenticeship. For example: MM3 reduced to FN or AE3 reduced to AN. If appropriate, a striker identification should be assigned.

8. Reinstatement and Reenlistment

a. Reinstatement of personnel reduced in rate per this article is not authorized. Personnel must requalify through normal advancement system.

b. Personnel reduced in rate per this article are ineligible for reenlistment, per reference (d).

SURVIVAL TRAINING REQUIREMENTS

Responsible Office	CNO (N889J)	Phone:	DSN	664-7766
			COM	(703) 604-7766
			FAX	664-6969

1. **Training Requirements**. Every member assigned to a naval vessel or aircraft must be given the proper survival instructions to ensure knowledge and ability in the following items:

	Item
a.	Should be a capable swimmer. Every member should receive instruction on how to swim through debris and burning oil.
b.	Should know the fundamental principles of first aid, particularly the information applicable to injuries that may be encountered after abandoning ship.
c.	Should be completely familiar with the life-saving equipment assigned for their personal use. Every member must know how to maintain their gear so that if the occasion arises, it is ready for immediate use.
d.	Should know how to leave a sinking ship or aircraft.
e.	Should know how to reach an open deck from assigned station by the proper route.
f.	Should be familiar with the survival gear, including all signaling devices provided on the lifecraft of their ship or aircraft. Every member should know where their gear is stowed, how to use it, how to secure it to the lifecraft, and how to keep it in a state of constant readiness.
g.	Should know how to care for themselves and shipmates if they become survivors either on a raft or in the water, supported either by a life preserver or by their own efforts.
h.	Should be thoroughly familiar with assigned tasks on ship's watch, quarter, and station bill that are put into effect when the ship is in danger of sinking or when survivors from a stricken vessel are to be taken aboard.
i.	Should be familiar with the type of equipment that may be dropped to survivors by rescuing planes.

Governing Directive	NAVMED P-117, Manual of the Medical Department
---------------------	--

1. Policy

a. Every officer and enlisted member of Navy must be given instruction to ensure knowledge and ability in the principles of first aid. When personnel of the Medical Department are available, they shall give such instruction as specified in NAVMED P-117.

b. When medical personnel are not available, instruction in the following principles shall be given:

(1)	How to use the fireman's carry, and the tied-hands crawl to transport an injured person.
(2)	How to control hemorrhage by the use of pressure points, dressings and by the use of a tourniquet.
(3)	How to give artificial respiration using the mouth-to-mouth and mouth-to-nose method.
(4)	How to recognize shock and administer the proper treatment.
(5)	How to treat first, second, and third degree burns.
(6)	How to administer a morphine syrette.
(7)	How to administer autoinjectors for biologic and chemical warfare.

References	(a) SECNAVINST 1520.8A (b) SECNAVINST 1210.5A
-------------------	--

1. Policy

a. The education and training of Medical Department personnel, including officers of the Medical Corps, Dental Corps, Medical Service Corps, Nurse Corps, members of the Hospital Corps, and Dental Technician ratings are the responsibility of Chief, Bureau of Medicine and Surgery (BUMED). Announcements of the various education and training programs are made by BUMED.

b. Policies regarding admissions and acceptance to the **Armed Forces Health Professions Scholarship Program (AFHPSP)** and **Uniformed Services University of the Health Sciences (USUHS)** medical training programs are set forth in reference (a) and para. 4 of this article, respectively.

2. Application and Selection. USUHS application guidance is provided at <http://www.usuhs.mil/>. Procedures for application and selection of members are published in BUMED instructions. Eligible active duty personnel are required to obtain approval to apply to the USUHS. Officers must meet the transfer or redesignation requirements of reference (b).

3. Training Development. Duration and types of education and training are based on the recommendations of training advisory boards as approved by BUMED.

4. USUHS Admission Policies. Eligible Personnel:

a. U.S. Naval Academy midshipmen may be recruited into USUHS within a combined maximum limit of 15 graduates entering USUHS and AFHPSP annually.

b. Navy Reserve Officer Training Corps (NROTC) midshipmen may be recruited into the program within a maximum combined limit of 15 graduates entering USUHS and AFHPSP annually.

c. All Navy and Marine Corps officers on active duty who have completed their initial active service obligation before appointment in the program, except the following:

(1) Officers under obligations incurred through Department of Defense (DOD) funded education programs, naval flight officer training, or naval flight training must complete the minimum required obligation for those programs, plus any additional obligated service (OBLISERV) incurred in conjunction with an aviation cross training, transition, or replacement training.

(2) Nuclear trained officers must have completed a tour as department head of a nuclear submarine or guided missile cruiser, or as principal assistant of an aircraft carrier, or be senior to officers assigned. If a nuclear trained officer is serving under an agreement for nuclear continuation pay, member must be within 1 year of completion of the obligation as an Unrestricted Line officer. Submarine (non-nuclear) must have completed the department head tour required by the current pattern or be senior to those assigned. Availability will be determined based upon the community's ability to meet requirements.

References	(a) OPNAVINST 1160.6 (b) COMNAVCRUITCOMINST 1130.8 (c) NAVMED P-117, Manual of the Medical Department (MANMED) (d) NAVPERS 18068F, Navy Enlisted Manpower and Personnel Classifications and Occupational Standards, Volume 1, Navy Enlisted Occupational Standards. (e) OPNAVINST 6110.1 (f) OPNAVINST 5350.4 (g) SECNAVINST 5510.35 (h) BUPERSINST 1430.16, Advancement Manual for Enlisted Personnel of the U.S. Navy and U.S. Navy Reserve (i) SECNAVINST 5510.30
-------------------	--

1. **Purpose.** The advanced Electronics Field (AEF), Advanced Technical Field (ATF), and Nuclear Field (NF) Programs are incentives for enlistment or reenlistment of enlisted personnel in the Navy. The programs are designed to provide technical or nuclear-trained personnel for naval service.

2. **Enrollment:**

a. Personnel may only request enrollment into AEF or ATF as an enlistment program or while at Navy Recruit Training Command (NAVCRUITRACOM) or naval training activities. This requirement does not bar Fleet Sailors from requesting and being enrolled in "A" School for any rating in the AEF and ATF Program. Fleet Sailors can request enrollment into the program while stationed at the training activity. Training activities will nominate personnel by naval message to Navy Personnel

Command (NAVPERSCOM), Enlisted Community Management (BUPERS-32) for USN/USNR, and USNR-Full Time Support (FTS). For personnel requesting enrollment into NF, refer to MILPERSMAN 1306-500, 1306-502, 1306-504, and reference (a).

b. Entrance into these programs provides initial "A" school training and accelerated advancement:

To pay grade...	for personnel enrolled in...
E-2	AEF or ATF upon graduation of recruit training.
E-3	NF upon date of enlistment.

c. Sailors who begin AEF, ATF, or nuclear power training, attrite from the program, and are reclassified or force converted into either an AEF and ATF Program are not eligible for any payment of enlistment bonus for their new rating. They are, however, eligible for accelerated advancement to E-2 along with their other AEF and ATF counterparts effective on the date of reclassification into the program.

3. Curriculum:

a. Recruit training curriculum is the same for all new accessions.

b. Enrollment in a program will be in the proper path of advancement.

c. The rating detailer will assign advanced training.

4. Program Ratings:

a. The ratings in the AEF and ATF Programs are determined by NAVPERSCOM (BUPERS-32). Ratings for NF are determined by NAVPERSCOM, Sub Nuclear Qualifications Coordinator (PERS 403F) and are updated, per reference (b), as changes occur. Ratings in the program include:

Advanced Electronic Field (AEF)
Advanced Electronic Computer Field (AECF) (Electronics Technician (ET) and Fire Controlman (FC)), Cryptologic Technician-Technical (CTT), Electronics Technician Navigation, Submarines (ETSNV), Electronics Technician Communications, Submarines (ETSRF), Fire Control Technician (FT) Missile Technician (MT) Sonar Technician, Submarine (STS), and Sonar Technician, Surface (STG)
Advanced Technical Field (ATF)
Naval Aircrewmen Mechanical (AWF), Naval Aircrewmen Tactical Helicopter (AWR), Naval Aircrewmen Helicopter (AWS), Naval Aircrewmen Operator (AWO) Naval Aircrewmen Avionics (AWV), Cryptologic Technician (Interpretive (CTI), Cryptologic Technician Networks (CTN), Explosive Ordnance Disposal (EOD), Interior Communications Electrician (IC), Intelligence Specialist (IS), Information Systems Technician (IT) and Information Systems Technician (Submarine)ITS, Navy Diver (ND), Special Warfare Boat Operator (SB), and Special Operations (SO)
Nuclear Field (NF)
Electricians Mate (EM), Electronics Technician Basic (ET), and Machinist Mate (MM)

b. An individual must volunteer and be qualified for duty in submarines for entry into the MT, ETSNV, ETSRF, FT, ITS, or STS rating. NF also provides opportunities for duty in submarines.

c. All males entering the CTI rating must be a volunteer for both aircrew and submarine duty; females must volunteer for aircrew duty.

5. **Types of Training**. Training is generally categorized in two phases:

a. **"A" School - Initial Skill Training:**

(1)	Any appropriate preliminary or prerequisite training or the respective class "A" school.
-----	--

(2)	AEF and ATF personnel, who volunteer and are selected for permanent duty in submarines, will attend submarine school.
(3)	"A" school curricula is basic to the rating and not considered specialized except for language training for CTI's. All graduates of language training are awarded the navy enlisted classification (NEC) for that language so they can be tracked in the Navy personnel system.

b. "C" School - Advanced Training:

(1)	<p>Consists of at least one "C" school.</p> <p>(a) Advanced training for NF ratings consists of nuclear power school and training at a nuclear power training unit.</p> <p>(b) Advanced training for CTI consists of the Apprentice Cryptologic Language Program. Graduates of this phase of training are awarded NEC 9231 (Basic Cryptologic Linguist).</p> <p>(c) Advanced training for IS consists of either IMAGERY (NEC 3910), SPECWAR (NEC 3912), STRIKE (NEC 3923), or OPINTEL (NEC 3924) Class "C" school. Graduates of this training are awarded the appropriate NEC and designated an Intelligence Specialist.</p> <p>(d) Advanced training for CTN's is not required. CTN "A" school is an advanced 26 week NEC producing "A" school.</p> <p>(e) Advanced training for IT's consists of Information Systems Administrator (IAT II). Graduates of this training are awarded NEC 2791.</p>
(2)	Temporary assignments to general duty for approximately 24 months (usually aboard ship) may be required to await assignment to advanced training.
(3)	The specific path of advanced training is determined by needs of Navy.

6. Eligibility Criteria:

a. The following are minimum eligibility criteria:

(1)	Must be a U.S. Citizen (except for MM).
(2)	Must successfully complete "A" school training.
(3)	Must meet minimum Armed Services Vocational Aptitude Battery Test scores as delineated per MILPERSMAN 1306-618.
(4)	Must be a high school graduate (General Education Development (GED)) acceptable.

b. Physical requirements:

(1)	Must meet vision and hearing requirements as applicable to the rating set forth per MILPERSMAN 1306-618, reference (c), and (d).
(2)	Applicants must meet the physical requirements for submarines, per reference (c), if assigned to submarine school pipeline training.
(3)	Must meet Physical Readiness Test and body fat requirements per reference (e).

c. Personnel with **more than 10 years prior service** in any branch of the armed services **are not eligible** for these programs, but may be eligible to submit conversion packages for these ratings per MILPERSMAN 1440-010.

d. Must be of sound moral character:

(1)	Applicants who have a history of disciplinary infractions, either in the military or civilian community, are ineligible for entry. Lead "A" school and professional apprenticeship career track (PACT) detailer of NAVPERSCOM, Shore Special Program Branch (PERS-4010S) or Sub Nuclear Qualifications Coordinator, NAVPERSCOM (PERS-403F) for submarine duty may grant waivers for minor infractions.
(2)	In an effort to protect the applicant from possible disenrollment as a result of subsequent screening, all questionable or borderline cases will be referred to NAVPERSCOM (BUPERS-32) for a determination of eligibility NAVPERSCOM (PERS-403F) for submarine duty and or nuclear field eligibility.
(3)	<p>A waiver for pre-service drug use or abuse may be granted. The waiver request will be submitted to NAVPERSCOM (BUPERS-32). Waivers for submarine and or nuclear field duty will be submitted to NAVPERSCOM (PERS-403F),) only under the following circumstances:</p> <p>(a) Evidence of honesty and complete rejection of further drug use and abuse.</p> <p>(b) Request must include a signed drug rejection statement.</p> <p>(c) Policy and waiver procedures for drug abuse as contained, per reference (f), will be strictly adhered to.</p>

7. **Security Clearances:**

a. The following ratings require eligibility for a security clearance:

AW	CTI	CTN	CTT
EOD	ET	ETSNV	ETSRF
FC	FT	IC	IS
IT and ITS	MT	NF	SB
SO	STG	STS	

b. Personnel selected for training in occupational fields that are normally assigned to billets in the Personnel Reliability Program (PRP) must meet requirements per reference (g).

8. **OBLIGATED SERVICE (OBLISERV):**

a. Assignment in AEF, ATF, or NF requires a 6-year active service obligation. This obligation is computed from time of entry onto active duty on current enlistment. For Navy veterans or other service veterans, the 6 years will be counted from the date of reentry into the Navy and may be accomplished by extension or reenlistment.

b. Applicants must have an initial 4-year active service obligation and concurrently execute 2 12-month agreements to extend on active duty. The extension of active OBLISERV is to ensure personnel will have sufficient OBLISERV remaining for payback for advanced training received.

c. Active duty naval Reserve personnel who are in the FTS Program are not required to be discharged and reenlisted in the regular Navy, but must execute an agreement to extend their active service, as FTS, for a total 6-year active service obligation. Personnel requesting submarine and or nuclear field duty must be Regular Navy.

d. In the case of personnel who apply for these programs while in recruit training, the extension for OBLISERV will be executed at the time of notification of acceptance.

e. **Extension Reasons:**

(1) Twelve month extension of enlistment - NAVPERS

1070/621 Agreement to Extend Enlistment or NAVPERS 1070/622 Agreement to Recall or Extend Active Duty is Executed, with the following narrative reason:

"Training in the Advanced Electronics Field (AEF), Advanced Technical Field (ATF), or Nuclear Field (NF). MILPERSMAN 1510-030 and MILPERSMAN 1306-500, 1306-502, and 1306-504 (NF) are governing directives. I understand that this extension of active service becomes binding upon execution and thereafter may not be cancelled except as set forth in MILPERSMAN 1160-040 and 1510-030."

(2) Twelve month extension of enlistment - NAVPERS 1070/621 Agreement to Extend Enlistment or NAVPERS 1070/622 Agreement to Recall or Extend Active Duty is executed, with the following narrative reason:

"Advancement to rate and grade per MILPERSMAN 1430-010. I understand this extension becomes binding upon advancement and may not be cancelled except as per MILPERSMAN 1160-040."

f. USNR-FTS personnel are authorized to remain in the FTS Program and are not required to be discharged and reenlisted USN.

9. Unable to Complete Training:

a. If a member is unable to complete "A" school, refer to MILPERSMAN 1160-040 for extension cancellation or adjustment. The member will then be made available for reassignment to the rating detailer or NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013) as appropriate.

b. If a member is unable to complete the required "A" or "C" school training, refer to MILPERSMAN 1236-020 for rating disposition and Para. 10 for extension cancellation.

c. Members who have completed submarine school and are recommended to retain the (SU) designator may be reclassified to another submarine source rating (if a vacancy exists) and assigned to submarine duty after completion of the new training.

10. Advancement or Reduction in Rate and Extension Cancellation:

a. For those personnel reduced in rate and or disenrolled from the program, the following applies:

	If advanced training...	and the member...	then...
(1)	was received,	was advanced to E-4,	the extensions of enlistment are not canceled.
(2)	was received,	has not yet advanced to E-4 (i.e., reduced from E-3 to E-2 prior to time-in-rate (TIR) eligibility for E-4),	eligibility for advancement to E-4 is terminated and the extensions of enlistment are not canceled.
(3)	was not received, (has successfully completed "A" school),	was advanced to E-4,	12-month extension of enlistment for ATF, AEF, and NF is canceled and 12-month extension of enlistment for accelerated advancement remains valid.
(4)	was not received (has successfully completed "A" school),	was not advanced to E-4,	eligibility for advancement to E-4 is terminated and both extensions are canceled .

b. Personnel enrolled in these programs are authorized accelerated advancement to pay grade E-2 for AEF or ATF upon completion of recruit training or later acceptance into these programs, or to pay grade E-3 for NF upon date of entry to active duty. This is not to prevent enlistment at pay grades E-2 or E-3 for those individuals who qualify on the basis of other enlistment programs.

c. Personnel are authorized guaranteed advancement to E-4 after successfully completing "A" school or advanced training required to attain rating designation and after serving 6 months TIR as an E-3. The following must also be completed or obtained prior to advancement to E-4:

- (1) All requirements completed for advancement in rate;
- (2) Performance appraisal review;

(3) Command officer's recommendation.

Note: Sailors are advanced to E-4 after serving 6 months TIR. Participation in the Navy-wide examination is not required. Advancement to E-4 will be on the 16th of the month after 6 months of service as an E-3. TIR will be established per reference (h).

d. For personnel who fail to complete "A" school training, members will have their pay grade administratively reduced to the pay grade they commenced active duty:

(1) Depending on the member's TIR date on the date member was disenrolled, member may be eligible for normal advancement to pay grade E-2 or E-3.

(2) This is not to preclude enlistment at pay grades E-2 or E-3 for those individuals who qualified on the basis of other enlistment programs.

e Per MILPERSMAN 1133-090, new accession training Sailors are eligible for accelerated advancement to E4 in the same manner as their Active Component counterparts.

11. Disenrollment:

a. Individuals who fail to remain qualified will not be entitled to further training. In all cases, the full narrative reason for disenrollment and the authorization will be recorded in the member's service record by an appropriate entry on NAVPERS 1070/613 Administrative Remarks and acknowledged by the member. Except as indicated below, all disenrollments must be approved by NAVPERSCOM (PERS-4010S) or Office of the Chief of Naval Operations (OPNAV), Nuclear Enlisted Program (N133D2) for NF.

b. To facilitate prompt, efficient processing and classification of personnel in recruit training, authority is granted to **Officer in Charge, Personnel Support Detachment, Recruit Training Command** to disenroll personnel under the following circumstances:

(1)	Failure to meet qualifying test scores, OBLISERV requirements, or requisite physical and mental standards:
	(a) Personnel with a history of suicidal attempts or suicidal

	gestures are not qualified and should be disenrolled. (b) Personnel with any other potentially disqualifying physical or mental condition should continue in processing and classification pending a determination of their eligibility for a waiver by Bureau of Medicine and Surgery (BUMED) (for submarine or NF duty submit waivers to NAVPERSCOM (PERS-403F) via BUMED (BUMED-21)).
(2)	Inability to qualify for a security clearance without extended observation of the member's performance or behavior per reference (i).
(3)	Identified as a drug abuser per reference (f).

c. To prevent loss of productive manpower, authority is granted to **COs of training activities** to disenroll personnel under the following circumstances:

(1)	Inability to qualify for a security clearance without extended observation of the member's performance or behavior per reference (i).
(2)	Identification as a drug abuser per reference (f).
(3)	Disciplinary infractions.
(4)	Academic failure: (a) Personnel who graduate from "A" School training are not considered academic failures for purposes of dropping AEF or ATF. (b) Markedly inferior performance or obvious lack of effort constitutes grounds for disenrollment.

12. Processing Disenrollees:

a. Accession Sailors who have not reached their first permanent duty station who fail to complete "A" School, including NF, may be reclassified, if they meet the provisions of MILPERSMAN 1236-020.

b. Individuals not assigned another school or not eligible for reclassification, will be made available for general assignment.

c. For personnel who fail to complete "A" School training,

members will have their pay grade administratively reduced as per paragraph 10.

d. Assignment to another Class "A" School is not guaranteed and is subject to needs of Navy.

e. If disenrollment is precipitated by reason of ineligibility that was present and documented at the time of application, NAVPERSCOM (PERS-4010S) or NAVPERSCOM (PERS-481) may authorize discharge from naval service as an option.

f. Those who do not meet the basic eligibility criteria prescribed here and in MILPERSMAN 1306-618 subsequent to enlistment or enrollment, are subject to disenrollment, even if the member is not at fault.

g. In cases where the completed Entrance National Agency Check contains significant derogatory information that cannot be favorably resolved, and it is apparent that an affirmative determination of eligibility for a security clearance cannot be made without extended observation of performance or behavior, the member will be disenrolled. Disenrollment in this category will be limited to cases in which it is determined the member does not meet the security clearance requirements as indicated in reference (h). As a result, NAVPERSCOM (PERS-832) may authorize discharge from naval service based on needs of the Navy.

h. Extension of enlistment(s) is or are canceled or adjusted as delineated within this article.

13. **Disenrollment Due to Not Meeting Physical Requirements for Submarines.** Submarine volunteers who no longer meet the physical requirements for assignment to duty in connection with submarines per reference (c), 15-106, will be disenrolled from submarine training. Those personnel found fit for duty other than submarine duty will be reclassified and force converted by request to NAVPERSCOM, Active Enlisted Program Branch (PERS-811).

14. **Voluntary Disenrollment.** Personnel may not request voluntary disenrollment.

MILPERSMAN 1520-020

OFFICER EDUCATION REPORTS

Responsible Office	NAVPERSCOM (PERS-312)	Phone:	DSN	882-3402
			COM	(901) 874-3402
			FAX	882-2660

Governing Directives	NAVPERS 15839I, Manual of Navy Officer Manpower Personnel Classifications, Volume I, Major Code Structures and Volume II, The Officer Datacard CNETINST 1510.1F
---------------------------------	---

1. **Requirement.** Officers on **active duty** must submit a letter report, including an official academic transcript, when additional education which raises their current educational level is acquired, or they acquire additional degrees. Officers shall ensure their Navy Personnel Command (NAVPERSCOM) officer record contains complete transcripts of all undergraduate and graduate credits and degrees.

2. **Reports of Additional Education**

a. Educational level is shown on the latest NAVPERS 1301/51, Officer Data Card forwarded annually to each officer. An officer's report of additional education includes

(1) education completed in off-duty hours (including tuition aid).

(2) education acquired in on-duty degree completion, scholarship, and postgraduate programs pursued after commissioning.

(3) additional education acquired as an inactive duty officer subsequent to original commissioning or release from last tour of active duty.

b. Information regarding submission of reports is contained in NAVPERS 15839I, volumes I and II.

3. **Reserve Officers on Inactive Duty**

a. Education must be reported on NRPC 1200/1, Naval Reserve Qualification Questionnaire for Inactive Duty Personnel, and transcripts submitted to the Naval Reserve Personnel Center (NRPC) New Orleans.

b. When Reserve Officers need updates to the Inactive Officer Summary Record (OSR); they may contact NRPC, New Orleans or (NAVPERSCOM) (PERS-91). If they need education, NOBC codes, AQD codes and subspecialty codes, they should call NRPC at (504) 678-5426 or 678-1780. Other questions should be directed to NAVPERSCOM (PERS-91), Naval Reserve Personnel Administrative Division, at (901) 874-4482.

4. **Navy Postgraduate Program.** Education completed by an officer as the result of orders to duty under instruction in the Navy Postgraduate Program must be reported to NAVPERSCOM (PERS-312G) by computer printout and academic transcripts. The report shall be submitted by the Superintendent, Naval Postgraduate School. In addition, complete academic transcripts shall be provided to NAVPERSCOM (PERS-312G) by certain officer commissioning programs: U.S. Naval Academy Graduates, NROTC Scholarship and College Program Graduates, Officer Candidate Graduates, and Aviation Officer Graduates. Refer to NAVPERS 15839I, volume II, appendix D for detailed information.

5. **Graduates of Service Schools.** A commanding officer of any activity, which graduates naval officer students in the service school courses listed in the NAVPERS 15839I, volume II, appendix C, shall refer to CNETINST 1510.1E. This instruction outlines reporting procedures for the Navy Integrated Training Resources and Administration System (NITRAS). Commanding officers will submit a letter to NAVPERSCOM (PERS-312G) reporting graduates of any service school that cannot be reported through the NITRAS.

Governing Directives	NAVMED P-117, Manual of the Medical Department 5 U.S.C. 301
-------------------------	--

1. **Location and Duration.** Submarine training courses are convened for officers at the Submarine School, Groton, CT. The course duration is 13 weeks.

2. **Eligibility**

a. The following unrestricted line officers or prospective officers are eligible to apply:

(1) Any applicant for nuclear propulsion training in the grade of lieutenant, lieutenant junior grade, or ensign.

(2) Midshipmen first class.

(3) Officer candidates attending Officer Candidate School.

b. Supply Corps officers on active duty in the grade of lieutenant, lieutenant junior grade or ensign may apply for submarine training.

c. All applicants for submarine training shall be college graduates or prospective college graduates.

d. Qualified unrestricted line officers or prospective officers are required to apply for nuclear propulsion training if they desire to serve aboard a submarine.

e. Applicants shall satisfy the physical requirements of NAVMED P-117. Certain physical effects, such as defective vision, correctable to 20/20, may be waived.

3. Applicant Counseling

a. Prior to the submission of a request for submarine officer training, the officer shall be advised of the following Privacy Act statement relative to the information provided:

"The authority to request this information is derived from 5 U.S.C. 301, Departmental Regulations. The purpose of the requested information is to provide a record of qualification in order to select officers and prospective officers for submarine training. The information requested is voluntary; however, failure to provide the information may result in non-selection for submarine training."

b. COs shall ensure prospective applicants for submarine training are counseled concerning the career opportunities afforded by this program and are encouraged to apply for such training.

4. **Contents of Letter Request.** Applications for submarine training shall contain the following information in proper letter format. An original SF88, Report of Medical Examination and SF93, Report of Medical History shall be submitted to Chief, Bureau of Medicine and Surgery (MED-3C2) and a copy enclosed with the letter of application.

From: (Individual Officer's name)
To: Commander, Navy Personnel Command
Via: Commanding Officer

Subj: APPLICATION FOR SUBMARINE TRAINING

Ref: (a) MILPERSMAN 1520-030
(b) NAVMED P-117, Manual of the Medical Department

Encl: (1) Copy of SF88, Report of Medical Examination
(2) Copy of SF93, Report of Medical History

1. I hereby apply for submarine training per reference (a). Enclosures (1) and (2) are submitted as evidence of satisfactory completion of the requirements of reference (b).

2. I understand the minimum service requirement of reference (a), and I agree [not to resign my commission/to remain on active duty] for the period of instruction.

3. I expect to be available to commence training after [fill-in date].

4. Additional remarks:

[Signature of applicant]

5. **Selection.** Selection of applicants shall be made on the basis of performance, demonstrated academic ability, and physical qualification for assignment to arduous duty.

6. **Service Obligation**

a. Supply Corps officers are required to serve for a period of 2 years upon completion of submarine training. An officer signifies acceptance of the minimum service requirements specified in this article upon execution of orders to Submarine School.

b. If an officer is disenrolled at their own request, the period of time served in submarine training shall be forfeited for purposes of fulfilling previously incurred minimum required service. Minimum service requirements for officers selected for nuclear propulsion training are contained in the article concerning such training.

MILPERSMAN 1520-040

SURFACE WARFARE OFFICER (SWO) DEPARTMENT HEAD SCREENING AND TRAINING

Responsible Office	NAVPERSCOM (PERS-41)	Phone:	DSN	882-3913
			COM	(901) 874-3913
			FAX	882-2687

References	(a) OPNAVINST 1412.2H (b) SECNAVINST 5510.30B
------------	--

1. Consideration, Screening Board Assembly, Petitions, and Descreening

a. A Surface Warfare Department Head Screening Board convened by Commander, Navy Personnel Command (COMNAVPERSCOM) will select those officers considered best and fully qualified to assume Department Head responsibilities and attend the Department Head Course. To qualify for the screening process, officers must

(1) be designated Surface Warfare Officer (SWO) per reference (a) (to include Limited Duty Officers (LDOs) in certain designators as specified in the screening board precept),

(2) be selected for or serving in the grade of lieutenant,

(3) be recommended in writing for Department Head Afloat or a higher career milestone by an afloat commanding officer (CO) on their afloat fitness reports, and

(4) possess the prerequisite clearance to serve as an Unrestricted Line (URL) Officer, as defined in reference (b).

b. The screening board will convene annually in September. The board will be comprised of at least three current or post Afloat Major Command Surface Warfare Captains, the senior of whom serves as senior member and president, and at least six captains or commanders who have successfully completed or are serving in their Commander Sea Commands.

c. Officers eligible for Department Head screening will be considered over a 4-year period, beginning at 3 years of commissioned service. Officers not selected during this period, or those officers whose screening status was previously removed, may petition the board for additional looks. The decision to accept any such petitions will be left to the discretion of the President, Department Head Screening Board as defined in the board precept.

d. Department Head Screening Boards will review the records of those officers who have previously screened but have not yet executed orders to the Department Head Course to ensure no decline in performance subsequent to original screening. Officers descreened as a result of the screening board review will be notified by letter, signed by Navy Personnel Command (NAVPERSCOM), Director, SWO Assignments (PERS-41).

2. Acceptance

a. SWOs screened for Department Head Afloat will be placed in the Department Head bank and ordered to Department Head School under current distribution policies and availability.

b. LDOs screened for Department Head Afloat will be placed in the Department Head bank and will be assigned to Department Head Surface Ship billets under current distribution policies and availability.

c. Officers ordered to the SWO Department Head Course will not be issued permanent change of station (PCS) orders to duty under instruction. Upon successful completion of the course, officers will be assigned to Department Head Surface Ship billets under current distribution policies and availability.

d. Officers under orders to the SWO Department Head Course will not be considered eligible for transfer to another URL, Restricted Line (RL), or Staff community unless their lateral transfer package was submitted prior to receipt of orders. Execution of orders to Department Head School obligates officers to serve on active duty through completion of Department Head School training for a period of 2 years following graduation. This requirement will run concurrently with any other service obligations.

e. To ensure proper career progression, every effort will be made to afford SWOs the opportunity to complete a post division officer shore tour and return to sea as a Surface Warfare Department Head prior to being in the promotion zone for selection to lieutenant commander. Where this is not the case, Director, NAVPERSCOM (PERS-41) will determine eligibility of an officer to attend the SWO Department Head Course.

3. **Purpose and Course Restrictions.** The SWO Department Head Course conducted at SWO School Command, Newport, RI, provides training in all phases of surface warfare and prepares officers to assume department head responsibilities in surface ships. The course is approximately 6 months in duration and convenes 5 times per year. Class size is limited to 60 SWOs. Only SWOs (111X) who have demonstrated

- a. exceptional ability,
- b. adaptability,
- c. substantial professional growth,
- d. clear potential, and

have been screened for Surface Warfare Department Head Afloat are selected as students.

NUCLEAR PROPULSION TRAINING (SURFACE AND SUBMARINE)

Responsible Office	OPNAV (N133)	Phone:	DSN	
			COM	(703) 695-4192
			FAX	(703) 697-7751
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

References	(a)	NAVMED P-117, Manual of the Medical Department		
	(b)	5 U.S.C. 301		
	(c)	BUPERSINST 1540.41C		

1. Eligibility

a. Officers and prospective officers in the following categories are eligible to apply for nuclear propulsion training:

(1) Unrestricted line officers on active duty in the grade of lieutenant, lieutenant junior grade, or ensign.

(2) Reserve officers in the above grades whose active duty has been delayed for pursuit of postgraduate studies.

(3) Midshipmen first class.

(4) Midshipmen second class with outstanding academic and military performance may apply if endorsed by their professor of naval science or the United States Naval Academy Senior Community Representative for Nuclear Propulsion.

(5) Officer candidates attending officer candidate school.

b. Applicants shall be college graduates or prospective college graduates with credits in at least 1 year of college calculus-based physics and 1 year of college calculus through differential and integral calculus of one real variable. Credit is defined as completion of a course, including an extension course, offered by an accredited college or university.

c. Applicants shall satisfy the physical requirements per reference (a).

2. Applicant Counseling

a. Prior to the submission of an application for nuclear propulsion training, the Service member shall be advised of the following Privacy Act statement relative to the information provided: "The authority to request this information is derived from 5 U.S.C. 301, Departmental Regulations. The purpose of the requested information is to provide a record of qualifications in order to select officers and prospective officers for nuclear propulsion training for surface or submarine duty. The requested information is voluntary; however, failure to provide the information may result in non-selection for nuclear training."

b. Commanding officers shall ensure prospective applicants for nuclear propulsion training are counseled concerning the career opportunities afforded by this program and are encouraged to apply for such training. Prospective unrestricted line officer applicants shall also be advised that upon completion of nuclear propulsion training, they will retain the unrestricted line designator for which they were selected (117X/116X), their sea duty requirement for promotion will be safeguarded, and their command opportunity will be enhanced. Navy's plans and policies pertaining to the personnel aspects of nuclear propulsion utilization are contained in reference (c).

3. Contents of Letter Request

a. Applications for nuclear propulsion training shall contain the following information in proper letter format:

(1) An original DD 2807-1 Report of Medical History and DD 2808 Report of Medical Examination shall be submitted to Chief, Bureau of Medicine and Surgery (MED-21), and a copy enclosed with the letter of application.

(2) Academic transcripts from all colleges and universities attended, including SAT/ACT scores.

(3) A complete summary of military service, including prior enlisted service (if any) and any service schools attended.

b. Use the proper letter format containing the following:

From: (Individual officer's name)
To: Commander, Navy Personnel Command (PERS-42)
Via: Commanding Officer

Subj: APPLICATION FOR NAVAL NUCLEAR PROPULSION TRAINING

Ref: (a) MILPERSMAN 1520-050
(b) NAVMED P-117, Manual of the Medical Department
(c) 10 U.S.C. 301

Encl: (1) Academic Transcript
(2) Copy of DD 2807-1 Report of Medical History
(3) Copy of DD 2808 Report of Medical Examination
(4) Summary of Military Service

1. I hereby apply for nuclear propulsion training according to reference (b). Enclosures (1) through (4) are submitted as evidence of my satisfying the requirements of reference (b) and reference (c).

2. I [do/do not] desire submarine training.

3. I understand the service requirements contained in reference (b), and I agree [not to resign my commission/to remain on active duty] for the period of instruction.

4. I expect to be available to commence training after [fill-in date].

5. I have read reference (b) and upon acceptance for nuclear power training, I agree to remain on active duty as required by reference (b) to include at a minimum (either):

(a) 24 months as a Submarine Division Officer or

(b) 28 months as a Surface Ship Nuclear Division Officer

6. Additional remarks:

[Signature of applicant]

4. Review of Applications

a. The records of applicants meeting basic eligibility requirements will be screened by a board of officers from Navy Personnel Command (NAVPERSCOM) and Director, Naval Nuclear Propulsion Program. Those officers or prospective officers considered to have requisite qualifications will be ordered to Washington, DC to be interviewed by Director, Naval Nuclear Propulsion Program. Submarine selectees for nuclear propulsion training will then be ordered, at the earliest practical date, to the Nuclear Power School, Charleston, South Carolina for a 6-month course of academic instruction, followed by a 6-month operational course at one of the prototype sites located at West Milton, New York, or Charleston, South Carolina. Surface Warfare Officers (SWOs) selected for nuclear propulsion training will receive orders to commence nuclear propulsion training following completion of their conventional division officer tour. Successful completion of the 12 months of nuclear instruction will result in the assignment of the Additional Qualification Designator (AQD) SN0 for submarine officers or KD1 for surface officers.

b. Applicants desiring nuclear submarine duty shall qualify for officer submarine training according to this manual. Volunteers selected for nuclear submarine duty will be ordered to Naval Submarine School, Groton, Connecticut for temporary duty under instruction, unless they have previously completed the course, or are qualified in submarines as an officer. Assignment to Naval Submarine School will be not be made until satisfactory completion of nuclear power school. Assignment may be made either before or after nuclear propulsion prototype training depending on class schedule and capacity.

c. Unrestricted line officers accepted into the Navy Nuclear Propulsion Program will be redesignated 116X or 117X without board action.

5. Service Obligation

a. For officers selected from the fleet or the shore establishment:

(1) Officers selected to nuclear propulsion training who have a prescribed MSR that is less than 5 years, are required to serve 1 year in addition to the minimum required service

previously incurred.

(2) Submarine Officers: Required to serve on active duty for a minimum of 24 months as a Submarine Division Officer upon completion of nuclear propulsion training or 1 year in addition to any minimum service requirement (MSR) previously incurred, whichever is longer.

(3) Surface Nuclear Officers: Officers already qualified as Surface Warfare Officers are required to serve on active duty for 28 months as a surface ship nuclear division officer upon completion of nuclear propulsion training. All others are required to serve on active duty for a minimum of 36 months as a surface ship nuclear division officer upon completion of nuclear propulsion training unless their career timing permits completion of a normal conventional surface ship division officer tour before nuclear propulsion training. In that case, officers are required to serve for 28 months as a surface ship nuclear division officer upon completion of nuclear propulsion training.

b. For newly commissioned officers, service obligation is the longer of the following:

(1) MDR: Officers who are newly commissioned from any source, whose prescribed a MSR is less than 5 years, are required to serve 1 year in addition to the MSR previously incurred.

(2) Division officer tour: Officers are required to serve a minimum of 24 months (for Submarine Officers) or 28 months (for nuclear-trained Surface Warfare Officers) as a division officer following nuclear propulsion training.

c. Officers selected to nuclear propulsion training who are commissioned from any source, whose prescribed minimum required service is less than 5 years, are required to serve 1 year in addition to the minimum required service previously incurred.

d. Newly commissioned officers entering nuclear propulsion training following assignment to any postgraduate program shall have their postgraduate performance reviewed by Office of the Chief of Naval Operations (OPNAV), Nuclear Propulsion Program Management Branch (N133) prior to receiving final orders to training. They are required to serve for the longer of the following:

(1) 5 years from the date of completion of graduate education.

(2) A minimum of 24 months (for submarine officers) or 28 months (for nuclear-trained surface warfare officers) as a division officer following nuclear propulsion training.

e. Officers who do not successfully complete nuclear propulsion training, provided the assignment to such course of instruction was at the officer's own request, shall be required to serve on active duty for a period equal to the officer's normal period of minimum required service, plus the time spent under instruction, unless released sooner to inactive duty or discharged by NAVPERSCOM.

MILPERSMAN 1520-060

NURSE CANDIDATE PROGRAM

Responsible Office	CNO (N13)	Phone:	DSN	223-2326
			COM	(703) 693-2326
			FAX	223-1189

Governing Directives	SECNAVINST 1120.6B
	SECNAVINST 1920.6B
	DODI 6000.13

1. **Purpose**. This program gives qualified individuals the opportunity to complete the requirements for a baccalaureate degree in nursing and earn a commission as a Nurse Corps officer.

2. **Eligibility**. Applicant must be

a. a civilian or an enlisted member of a Reserve component of one of the Armed Forces not on active duty.

b. 18-34 years of age on date of commission.

c. Enrolled in or accepted for transfer to a program accredited by a nationally recognized nursing accreditation agency that confers a baccalaureate degree in nursing. The program must be completed within 24 months of enlistment as an OCUI2.

3. **Nurse Candidate Program (NCP) Selectees**

a. Selectees will sign the NCP Agreement prior to enlistment and acceptance of orders as an NCP candidate. Commanding Officer, Naval School of Health Sciences (NSHS) Bethesda, MD, maintains administrative responsibility for NCP students.

b. While enrolled in school the NCP student will be in an inactive status as an Officer Candidate Under Instruction second class (OCUI2), U.S. Naval Reserve.

c. Interested individuals should contact a Medical Programs Recruiter at the closest Navy Recruiting District (NAVCRUITDIST) for complete details. Commander, Navy Recruiting Command maintains responsibility for the NCP applicants.

4. Terms and Obligations Upon Graduation

a. Upon conferral of baccalaureate degree, the NCP graduate will be appointed as Nurse Corps, United States Naval Reserve (Designator 2905) at a grade in accordance with DODI 6000.13 and concurrently discharged from enlisted status. There should be no break in service.

b. The total commissioned obligation is 8 years. Time not spent on active duty will be spent in the inactive Reserves. Service obligation does not commence until the candidate graduates, is commissioned and begins active duty.

c. Candidates who enter this program during the 4th year of their nursing program will agree to serve on active duty as a Nurse Corps Officer for 4 years. Candidates who enter the program during the 3rd year of their nursing program will agree to serve on active duty as a Nurse Corps Officer for 5 years.

d. Appointees will be retained under the administrative control of NSHS, Bethesda, MD, pending assignment to the next available Officer Indoctrination School class at Newport, RI, following appointment and passing the NCLEX-RN. The NCP and subsequent appointment as a Nurse Corps Officer are governed by SECNAVINST 1120.6B.

5. License Requirements

a. Nurse Corps officers must obtain and maintain a license to practice as a registered professional nurse from a state, territory, or the District of Columbia based on a licensing examination provided by the National Council of State Boards of Nursing and administered by one of its member boards of nursing. The exam must be taken at the first opportunity following graduation and prior to reporting for active duty.

b. Obtaining and maintaining a license to practice nursing is the responsibility of the officer. Officers who fail to become licensed may be reappointed in a different competitive category to complete any incurred active-duty obligation or separated under the guidance of SECNAVINST 1120.6B and 1920.6B.

MILPERSMAN 1530-020

UNITED STATES MILITARY ACADEMY AND AIR FORCE ACADEMY PREPARATORY SCHOOLS

Responsible Office	NAVPERSCOM (PERS-444)	Phone:	DSN	882-4058
			COM	(901) 874-4058
			FAX	882-2676

1. **Policy.** An enlisted member in the Navy or Navy Reserve holding a letter of appointment as principal, alternate, or competitor to the United States Military Academy or Air Force Academy, issued by the Department of the Army or Department of the Air Force, if found qualified by the service concerned, may request transfer

TO...	OR...
Preparatory School Detachment Fort Belvoir, VA	7625 Student Squadron Air Force Academy Preparatory School Colorado Springs, CO

depending on their nomination, for a course of instruction.

2. **Medical Examinations Required**

a. Final-type medical examinations are authorized and directed to be conducted at the local level with complete reports thereof furnished direct

TO...	OR...
Adjutant General Department of the Army Attn: AGPB-M Washington, DC	Surgeon U.S. Air Force Academy Attn: Chief, Physical Standards Branch Colorado Springs, CO

The candidate will not be transferred until final medical clearance has been received from the Army or Air Force.

b. Navy or Navy Reserve members not medically qualified may, if they so desire, take the entrance examinations at the station nearest to their place of assignment.

3. **Physical Requirements**. Physical standards are generally the same as for admission to the Naval Academy with the exception of vision. Detailed information setting forth these physical requirements may be obtained

FROM...	OR...
Registrar United States Military Academy West Point, NY	Director of Admissions United States Air Force Academy Colorado Springs, CO

4. **Responsibility for Maintaining Records**

a. Records, including the pay accounts, of Navy or Navy Reserve personnel assigned to the **Military Academy Preparatory School** shall be maintained by:

Commanding Officer
Naval Station Anacostia Annex Washington
Washington, DC

b. The records of those assigned to the **Air Force Academy Preparatory School** shall be maintained by:

Officer in Charge
Naval Administrative Unit
Continental Air Defense Command
Ent Air Force Base
Colorado Springs, CO

5. **Beginning of Classes/Reporting Deadline**

a. The Military Academy and Air Force Academy Preparatory School classes convene the first week in September and candidates may not be ordered for the course of instruction at the Preparatory Schools after this deadline date.

b. Regular Navy or Navy Reserve members receiving a letter of appointment after this date will take the entrance examination at the examining station nearest to their place of assignment.

c. Military Academy candidates appointed after the March examination will undergo a special examination given in June at West Point, NY.

d. Authorization and specific instructions required to report for these examinations will be issued by Navy Personnel Command (NAVPERSCOM) to individual appointees who are not in attendance at the Military or Air Force Preparatory Schools.

6. **Disposition of Members Not Qualified or Disenrolled**

a. Enlisted members of the Navy or Navy Reserve found not qualified, or who are disenrolled for any reason from the **Military Academy Preparatory School**, shall be immediately transferred to:

Commanding Officer
Naval Station Anacostia Annex Washington
Washington, DC

b. Those disenrolled from the **Air Force Academy Preparatory School** shall be transferred to:

Officer in Charge
Naval Administrative Unit
Continental Air Defense Command
Ent Air Force Base
Colorado Springs, CO

c. Those disenrolled from either Preparatory School shall be reported to NAVPERSCOM for further assignment.

NAVAL ACADEMY PROGRAM

Responsible Office	CNO (N731C)	Phone:	DSN	224-5438
			COM (703)	614-5438
			FAX	225-5698

Governing Directives	10 U.S.C. 12731 OPNAVINST 1531.4F Marine Corps Order 1530.11G
-------------------------	---

1. **Purpose.** The United States Naval Academy provides 4 years of college education training as midshipman, United States Navy, leading to a commission as an ensign in the Line (or, in certain cases, the Restricted Line or Staff Corps) of the Navy or second lieutenant, Marine Corps.

2. **Candidate Requirements.** Each candidate for the Naval Academy shall be

- a. a United States citizen of good moral character.
- b. unmarried with no dependents.
- c. 17 years of age and shall not have reached their 23rd birthday on 1 July of the year in which admitted to the Naval Academy.

3. **Standard Nomination**

a. To be considered for an appointment to the Naval Academy, an applicant shall obtain a nomination from one of the authorized sponsors prescribed by law, and shall qualify scholastically, physically, and medically. Detailed procedures are prescribed in the Naval Academy catalog published annually.

b. The majority of nominations for appointment to the Naval Academy are made by U.S. Senators and Representatives. Other nomination sources are the President, Vice President, the Secretary of the Navy, and civil officials of Puerto Rico, the Virgin Islands, American Samoa, and Northern Marianas Islands.

4. Presidential Nominations/ Appointments

a. The President may appoint 100 midshipmen each year. These appointments are limited by law to children and adopted children of officers and enlisted personnel, Regular or Reserve, of the Army, Navy, Air Force, Marine Corps, or Coast Guard who either are on active duty (other than for training) and have served continuously on active duty for at least 8 years, or are retired, or who died while they were retired with pay or granted retired or retainer pay, other than those granted retired pay under 10 U.S.C. 12731. Stepsons and stepdaughters are not eligible.

b. The President may have a maximum of 65 midshipmen attending the Naval Academy at any one time who are children of deceased or disabled veterans, or children of servicemen or civilians in a prisoner of war or missing in action status. Eligibility for nomination under this quota is limited to children of the following:

(1) Members of the Armed Forces of the United States who were killed in action or died of, or have a service-connected disability rated at not less than 100 percent resulting from, wounds or injuries received or diseases contracted in, or preexisting injury of disease aggravated by active service. The determination of the Veterans' Administration as to service connection of the cause of death or percentage of disability is binding upon the Secretary of the Navy.

(2) Servicemembers who are currently prisoners of war or missing in action.

(3) Civilians who have been designated to be in a prisoner of war or missing in action status, and are currently in that status.

c. The President may appoint 20 midshipmen from among members of the Naval Reserve Officer Training Corps (NROTC/NJROTC/MCJROTC) or honor graduates of educational institutions designated by the Army, Navy, and Air Force as "honor school with distinction."

d. NROTC candidates may be nominated each year by the Professor of Naval Science of each educational institution in which an NROTC unit is established. Each candidate must be enrolled in the NROTC at the time of entrance to the Naval

Academy. Senior military instructors at NJROTC and MCJROTC units may each nominate three candidates to the Naval Academy for appointment under this quota.

e. Each honor school may nominate three honor graduates to compete for these appointments. Included in the three may be students who are expected to be honor graduates in June of the year of admission to the Naval Academy. These nominees are not eligible for appointment unless they subsequently fulfill the requirements enabling them to be honor graduates at the time of their graduation. Eligible students should apply to the head of their school for nomination.

5. **Secretary of the Navy (SECNAV) Appointments.** SECNAV may appoint 170 enlisted members of the Regular and Reserve Navy and Marine Corps to the Naval Academy each year. Reservists must be on active duty, or must be members of a drilling unit of the Reserve, be recommended by their commanding officers, and have maintained efficiency in drill attendance with their Reserve units. Midshipmen USNR of the Regular NROTC Program are not eligible for appointment under this quota. Application procedures are prescribed in OPNAVINST 1531.4F and Marine Corps Order 1530.11G.

6. **USNA Superintendent Nominations.** The Superintendent of the Naval Academy may nominate for appointment each year 50 persons from the country at large. Persons nominated under this paragraph may not displace any appointment authorized, and may not cause the total strength of midshipman at the Naval Academy to exceed the authorized number.

7. **Children of Medal of Honor Awardees.** The children of persons awarded the Medal of Honor may be appointed, provided they are qualified in all other respects.

8. **Enlisted Members.** Any enlisted man or woman in the Navy or Marine Corps, or the Naval or Marine Corps Reserve on active duty, may also apply to the Military Academy, Air Force Academy, or Coast Guard Academy. In addition, enlisted members who apply to any of the service academies and are not selected for direct entry are automatically considered for entrance into that service academy's preparatory school.

9. Application Address. All applications should be addressed to:

Superintendent
U.S. Naval Academy
117 Decatur Road
Annapolis, MD 21402-5019

MILPERSMAN 1531-020

DISPOSITION OF MIDSHIPMEN DISENROLLED FROM THE NAVAL ACADEMY

Responsible Office	Naval Academy	Phone:	DSN	281-7000
	(Midshipmen		COM	(410) 293-7000
	Personnel		FAX	(410) 293-2310
	Officer (3A))			

References	(a) DODD 1332.23 of 19 Feb 88, and implementing directives of Secretary of the Navy (SECNAV)
	(b) 10 U.S.C. 651
	(c) 10 U.S.C. 6959
	(d) 10 U.S.C. 516
	(e) 10 U.S.C. 6962
	(f) 10 U.S.C. 6963
	(g) SECNAVINST 1531.2B
	(h) BUPERSINST 1900.8B

1. **Policy**. Per reference (a), this article governs the disenrollment of all United States (U.S.) citizens appointed as midshipmen at the Naval Academy.

2. **Military Service Obligation (MSO)**. A midshipman who enters the Naval Academy directly from civilian status assumes a MSO for a minimum of 6 years under the provisions of reference (b). A midshipman who fails to fulfill the agreement to complete the course of instruction and accept a commission

- may be transferred to the active duty Navy in an appropriate enlisted status, and
- may be ordered to active duty for a period of time not to exceed 3 years as provided in reference (c), or
- may be required to remit monetary recoupment per reference (d).

3. Resumption of Enlisted Status

a. As provided in reference (e), enlisted and inducted members of the Armed Forces who accept an appointment as midshipman at the Naval Academy while serving a period of obligated service (OBLISERV) as an enlisted member, or while serving under an enlistment contract, shall not be discharged from that contract. Upon separation from the Naval Academy for reasons other than the acceptance of a commission in a regular or Reserve component of the Naval Service, a midshipman shall have the appointment terminated and, unless otherwise directed by Assistant Secretary of the Navy for Manpower and Reserve Affairs (ASN(M&RA)), shall resume enlisted status as discussed in this article.

b. Time served as a midshipman shall be counted in computing the unexpired portion of an enlistment contract or period of OBLISERV. In the case of disenrolled midshipmen who have been granted a deferment of active duty to complete undergraduate degree requirements, the period of deferment shall not be counted in computing the unexpired portion of an enlistment contract or period of OBLISERV outlined in an agreement whereby a midshipman accepts an Academy appointment. Completion or partial completion of a service obligation acquired by prior enlistment in no way exempts a disenrolled midshipman from being transferred to a Reserve component and ordered to active duty.

4. Agreement upon Acceptance of Appointment as Midshipman, U.S. Navy. Superintendent, Naval Academy shall ensure the **Agreement upon Acceptance of Appointment as Midshipman, U.S. Navy** at the Naval Academy is properly executed and witnessed prior to the admission of each midshipman.

5. Reason for Resignation. A midshipman who tenders a resignation shall state a specific reason for such action. Prior to final disposition, each case will be considered to determine if the circumstances fall within the guidelines of MILPERSMAN 1910-154 and 1910-156.

6. Types of Disposition at Disenrollment. Four types of disposition are possible upon disenrollment from the Naval Academy. Disenrollment is authorized by letter from Secretary of the Navy (SECNAV), or as prescribed by SECNAV, or designed in appropriated regulation, as follows:

a. **Discharge** from the Naval Service, provided the midshipman is determined to be in one of the following categories:

(1) Entered the Naval Academy from civilian status and is disenrolled prior to commencement of Second Class Academic Year.

(2) Is disenrolled from the Naval Academy because of physical disqualification for military service. A midshipman so disenrolled who is already in an enlisted status will be discharged from that status per this manual. In each case of this nature, the individual letter from SECNAV authorizing disenrollment from the Naval Academy will direct separation from the Naval Service as well.

(3) Has less than 12 months of active or reserve service remaining on an enlistment contract per reference (b); however, SECNAV may direct completion of a reserve obligation not exceeding 8 years per reference (b).

(4) Is recommended for discharge from the Naval Academy and from the Naval Service for unsatisfactory conduct or inaptitude under reference (f) and such recommendation is approved by SECNAV. Midshipmen for whom separation from Naval Service is not approved by SECNAV will be processed as directed.

(5) Is found deficient at any examination and recommended for discharge from the Naval Service for failure to meet academic requirements "despite determined efforts" as recommended by the Naval Academy Academic Board under references (g) and (h). Midshipmen not recommended for discharge and waiver obligation because they failed to meet academic requirements "despite determined efforts" will be processed as given elsewhere in this article.

b. **Reassignment in the Navy Reserve**, but not ordered to immediate active duty if the midshipman

(1) is a First or Second Classman whose assignment to the Navy Reserve is directed by SECNAV in the separation letter, but for whom the active duty requirement is waived;

(2) has been granted deferment of active duty by ASN(M&RA) for the purpose of completing undergraduate degree obligation.

c. **Ordered to immediate active duty** if the midshipman

(1) entered the Naval Academy from active duty or any Military Service and has 12 months or more of active duty obligation remaining;

(2) directed to report for active duty under reference (c).

d. **Ordered to remit monetary recoupment** for education benefits received while attending the Academy if not recommended for active duty service to meet those obligations or if the member fails to complete ordered active service.

7. **Assignment to Immediate Active Duty.** Assignment to immediate active duty in enlisted status, other than in fulfillment of a previous enlistment, shall be governed by the following:

a. A midshipman who is disenrolled after commencement of the Second Class Academic Year, except for physical disqualification, will normally be transferred to active duty Navy Service for not less than 2 years of active enlisted service under reference (c).

(1) As noted earlier, per reference (h), when disenrollment occurs as a result of academic deficiencies despite determined efforts by the midshipman, the Naval Academy Academic Board may waive the active duty in enlisted status provision.

(2) Disenrolled midshipmen shall be processed per this manual when, for reasons of hardship or dependency, or other unsuitability for military service, further service is considered inappropriate.

b. In the letter or endorsement concerning the disenrollment of a midshipman, Superintendent, Naval Academy shall recommend whether the midshipman should be ordered to active duty; and if so, for what period; or in the alternative, the amount of monetary recoupment recommended for the member to remit to meet educational benefits received per Academy attendance.

c. Unless the midshipman is determined ineligible for enlisted service by reason of physical disability, each case shall be carefully and individually reviewed by ASN(M&RA) in regard to such service. ASN(M&RA) will then order the period of active enlisted service, if any.

d. The period of active enlisted service will normally be as follows:

(1) Two years when disenrollment occurs prior to commencement of the First Class Academic Year.

(2) Three years when disenrollment occurs after commencement of the First Class Academic Year, but prior to completion of the course of instruction.

(3) Any First Classman who completes the course of instruction, and declines to accept an appointment as a commissioned officer, will be ordered to active enlisted service for 4 years.

(4) Other periods of active enlisted service in unusual situations as determined by ASN(M&RA). The periods recommended should not be for less than 2 years, nor more than 4 years.

e. A first- or second-class midshipman recommended for disenrollment from the Naval Academy for academic deficiency whose active duty is not waived by the Academic Board may request deferment of the start of the active duty to obtain a college degree. Requests for deferment will be granted when ASN(M&RA) determines that deferment is in the best interests of the Navy, based on consideration of the following factors:

(1) The demonstrated reliability or unreliability of the individual as it would affect the risk that the payback would never occur.

(2) An assessment of the benefit to the Navy of further education of the individual, including the possibility of commissioned service.

f. To request deferment, the individual must acknowledge the active duty obligation, be accepted at an accredited 4-year college or university, and provide a statement or other indication from the institution that they can fulfill the degree requirements within the time requested. Deferment will not

normally be granted beyond **July 1st of the year following the year** in which the ex-midshipman's Naval Academy class graduates. Requests should be submitted via the Superintendent to ASN(M&RA).

8. **Paygrade**. The paygrade of disenrolled midshipmen (ordered to active duty or inactive duty in enlisted status) shall be as follows:

a. Paygrade E-1, if appointment is terminated prior to completion of 4 months.

b. Paygrade E-2, if appointment is terminated after the completion of 4 months, but prior to completion of 1 year.

c. Paygrade E-3, if appointment is terminated after 1 year.

d. Paygrade and rating held at the time of admission to the Naval Academy if serving a concurrent enlistment in the Naval Service, except such members who are eligible shall be advanced to a higher paygrade per the above, citing this article as authority.

9. **Deferral of Active Duty**. Disenrolled midshipmen granted a deferral of active duty shall not have the period of deferral included in any seniority computations.

10. **Processing of Disenrolled Midshipmen Separated from Naval Service**. Disenrolled midshipmen separated from Naval Service shall be processed under the following procedures:

IF ...	THEN ...
the midshipman is being disenrolled from the Naval Academy,	prepare letter authorizing separation.
an enlisted member of the Naval Service with less than 12 months remaining on member's 8-year, reference (b), obligation,	<ul style="list-style-type: none">• issue a DD 214 per reference (g) and• dispose of the service record as provided in this article;• execute any active service or reserve service ordered, or notify DFAS of any monetary recoupment ordered by ASN(M&RA).
an enlisted member of the Naval Service, who is physically disqualified for further enlisted service,	ASN(N&A) approval required.

11. Providing Transportation. For purposes of providing transportation, a disenrolled midshipman assigned to the Navy Reserve is considered as a midshipman whose appointment has been terminated rather than a Navy Reservist who has been released to inactive duty.

12. Processing of Disenrolled Midshipmen to Immediate Active Duty

a. Members will be transferred to Headquarters, Naval District, Washington, D.C., except in the case of midshipmen who are at their home of record in a "separation pending" status, who will be transferred to the naval facility closest to their home of record. A DD 214 (Rev. 2-00), Certificate of Release or Discharge from Active Duty, will be prepared per reference (g). The station concerned will make the member available to Enlisted Placement Management Center (EPMAC) for general detail.

b. Disenrolled midshipmen without prior enlisted service will have NAVPERS 1070/600, (Rev. 5-00), U.S. Navy Enlisted Service Record, prepared by Superintendent, U.S. Naval Academy, prior to transfer to Headquarters, Naval District, Washington, D.C., unless additional service is required to cover a period of active enlisted service assigned by SECNAV. The member's signature is not required on the DD 4 (Rev. 1-01), Enlistment/Reenlistment Document Armed Forces of the U.S. NAVPERS 1070/613 (10-81), Administrative Remarks, will contain an entry setting forth the circumstances pertaining to disenrollment. Forward the original DD 4 and a copy of NAVPERS 1070/613 to Navy Personnel Command (NAVPERSCOM), Executive Services Section (PERS-313C).

c. Midshipmen who entered the Naval Academy from inactive duty in the Navy Reserve who desire to remain on active duty will be required to sign a NAVPERS 1070/613 agreement to remain on active duty for a minimum of **24 months** including time spent at the Naval Academy.

References	(a) CNO memo of 01 Feb 2010 (b) JAGINST 1212.2B (c) DoDI 1322.10 of 29 Apr 2008 (d) DoDI 1322.06 of 15 Nov 2007 (e) OPNAVINST 1420.1B (f) SECNAVINST 1920.6C
-------------------	---

1. Policy

a. If applicable, minimum required service incurred as a result of disenrollment from a special Navy training program (with the exception of graduate/advanced education) is **in addition to** that incurred upon commissioning and any other minimum required service that may have been incurred. Minimum required service incurred as a result of failure to complete a fully or partially funded graduate/advanced education opportunity, as defined in paragraph 3 below, is to be served concurrently with other obligated service (OBLISERV) incurred before entering the graduate/advanced education program.

b. Chief of Naval Personnel (CHNAVPERS) promulgated guidance on the authority to discharge or release Active Duty probationary officers to meet budgetary and force size requirements in reference (a). Refer to this document for specific guidance using the following link
<[http://www.public.navy.mil/bupers-npc/officer/communitymanagers/Documents/POCR%20Board%20Business%20Rules%20\(Feb%202010\).pdf](http://www.public.navy.mil/bupers-npc/officer/communitymanagers/Documents/POCR%20Board%20Business%20Rules%20(Feb%202010).pdf)>. This guidance applies to probationary officers who have failed to meet warfare qualifications, professional standards, or community-specific requirements. The officers to be discharged under this

authority are those who currently qualify for, or become qualified for, inclusion in one or more of the categories listed below:

(1) Officers who attrite for any reason from a course of instruction or training required to attain or maintain a designator.

(2) Officers who did not attain or who lose their warfare qualifications.

(3) Officers who did not obtain or maintain required security clearances.

(4) Officers who did not attain or maintain required professional licensure or certification.

(5) Officers who did not meet the following community-specific requirements:

(a) Submarine: Officers who did not qualify as engineer officer.

(b) Judge Advocate General (JAG): Officers who twice did not select for the JAG Corps career status board per reference (b).

(6) Other community-specific requirements approved by CHNAVPERS.

2. **Nuclear Power Training Programs.** Officers who do not successfully complete nuclear propulsion training, provided the assignment to such course of instruction was at the officer's own request, shall be required to serve on Active Duty for a period equal to the officer's normal period of minimum required service plus the time spent under instruction unless released sooner to Inactive Duty or discharged by Navy Personnel Command (NAVPERSCOM).

3. **Graduate and Advanced Baccalaureate Education Programs**

a. Per reference (c), officers who receive a fully or partially funded graduate or advanced education and who fail to earn a graduate degree of the level and discipline that they were selected by the Navy to obtain, or another graduate degree for which the Navy has a validated requirement and has permitted

them to pursue, shall have a service obligation equal to three times the number of months of graduate schooling received through the first year. This obligation is to be served concurrently with other OBLISERV incurred before entering the graduate and or advanced education program.

b. Per reference (d), officers who participate in a fellowship, training with industry (TWI), scholarship, or grant, and who fail to complete the education or training, shall have a service obligation equal to three times the number of months completed of the fellowship, scholarship, TWI, or grant. A service obligation is not required if the education or training away from regular military duty does not exceed 26 weeks, or it involves work on a project of value to the United States rather than the fulfillment of requirements of an academic degree. This obligation is to be served concurrently with other OBLISERV incurred before entering the graduate or advanced education program.

c. Seaman to Admiral-21 Program disenrollees will be issued permanent change of station orders and are required to complete 5 years of enlisted service from the date of program disenrollment or the remainder of their current enlistment, whichever is longer, per reference (e).

4. Language Training Course

a. Officers disenrolled **voluntarily** from a language training course, provided they were assigned to such course of instruction at their own request, shall be required to serve on Active Duty for a period equal to their normal period of minimum required service plus 1 year for each 6 months or fraction thereof of instruction received.

b. Officers disenrolled **involuntarily**, provided they were assigned to such course of instruction at their own request, shall be required to serve on Active Duty for a period equal to their normal period of OBLISERV, plus the time spent under instruction.

5. Aviation Training

a. Officers disenrolled from aviation training for any reason shall be required to serve on Active Duty for a period equal to the officer's normal period of minimum required service plus the time spent under instruction, except for officers that

have laterally entered aviation training from another designator who will incur 3 years of OBLISERV to be served concurrently with existing required service.

NOTE: Under reference (f) an officer may be released from any portion of incurred minimum required service at the discretion of Secretary of the Navy (SECNAV).

b. An officer who is disenrolled for a psychological reason shall be required to serve incurred minimum required service if so recommended by medical authorities and approved by NAVPERSCOM.

c. An officer disenrolled because of physical disqualification shall remain on Active Duty until completion of incurred minimum required service, unless released earlier by SECNAV.

MILPERSMAN 1542-010

LATERAL TRANSFER INTO NAVAL AVIATION

Responsible Office	BUPERS-313	Phone:	DSN COM FAX	882-3353 (901) 874-3353 882-2063
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. Policy

a. This article promulgates policies, procedures, and responsibilities for lateral transfer into naval aviation. A lateral transfer board will determine selectees for training leading to designation as naval aviators (pilot or naval flight officer).

b. The board will base selection on past performance, physical qualifications, age, year group, needs of the applicant, and needs of the Navy.

2. Applicability of this Article. This article is applicable to Regular and Reserve officers desiring lateral transfer or change of designator. Eligibility criteria for initial entry and commissioning into aviation training are addressed in MILPERSMAN 1131-010.

3. Service Criteria for Consideration. The following service-related criteria must be met in order to be considered by the board:

a. Applicants must hold a commission as ensign or above in the Regular Navy or the Navy Reserve, and not presently reside in the aviation (13XX) community.

b. **Applicants for Pilot Training.** Applicants must not have been previously separated from any flight training program of the Army, Navy, or Air Force, except by reason of being temporarily physically disqualified. This provision may be waived by Navy Personnel Command (NAVPERSCOM), Aviation Officer Career Management Division (PERS-43) on a case-by-case basis as needs of the Navy dictate. Individuals who have previously attrited from naval air training, for reasons other than

temporary physical disqualification, must route their application to Chief of Naval Air Training (CNATRA) (Code N311) for endorsement prior to routing it to NAVPERSCOM:

**Chief of Naval Air Training
(N311)
Naval Air Station
Corpus Christi, TX 78419-5100**

c. Applicants for Naval Flight Officer Training.
Applicants must not have been disenrolled for any reason, other than physical or flight failure, from any military flight training program. This provision may be waived by Navy Personnel Command (NAVPERSCOM, PERS-43) on a case-by-case basis as needs of the Navy dictate. Individuals who have previously attrited from naval air training, for reasons other than physical, must route their application to Chief of Naval Air Training (CNATRA) (Code N311) for endorsement prior to routing to NAVPERSCOM:

**Chief of Naval Air Training
(N311)
Naval Air Station
Corpus Christi, TX 78419-5100**

d. Officers Serving in Afloat Billets. Officers are required to attain their warfare qualifications before receiving orders to naval aviation training. Exceptions to this provision may be granted only under extraordinary circumstances (e.g., when applicant's age warrants such considerations, ship in extended overhaul, assigned to pre-commissioning unit, etc.).

e. Officers can expect assignment to Naval Aviation Schools Command (NAVAVSCOLSCOM), Pensacola, FL for flight training within 1 year from approval for lateral transfer, change of designator, or at projected rotation date, whichever occurs earliest.

f. While outstanding performance remains the key, timing is also critical. Commissioned officers applying for flight training must be junior enough to permit normal career progression upon completion of training. Generally, the applicant should not have completed more than 2-1/2 years of commissioned service upon application for flight training.

4. **Academic Criteria for Consideration.** The following academic-related criteria must be met in order to be considered by the board:

a. Applicants must have successfully completed the requirements for a baccalaureate degree from an accredited institution.

b. Applicants must meet Aviation Selection Test Battery (ASTB) minimum scores.

(1) **Applicants for Pilot Training.** Applicants will attain a minimum score of "4" on the Academic Qualifications Rating and "5" on the Pilot Flight Aptitude Rating.

(2) **Applicants for Naval Flight Officer Training.** Applicants will attain a minimum score of "4" on the AQR and "5" on the Flight Officer Aptitude Rating.

c. Results are valid for an indefinite amount of time and the minimum time between tests is 30 days. The original examination answer sheet must be sent to Naval Operational Medical Institute (NOMI) (Code 3411) for certification. United States applicants may take the ASTB at any recruiting district. Remote CONUS military facilities, or deployed or overseas commands may request temporary custody of the ASTB from the following address:

**Naval Operational Medical Institute
(NOMI-341)
220 Hovey Road
Naval Air Station Pensacola
Pensacola, FL 32508-1047**

5. **Physical Criteria for Consideration.** The following physical criteria must be met in order to be considered by the board:

a. **Pilot Applicants.** Applicants must not have passed their 27th birthday at the time of the convening date of the lateral transfer board. For applicants with prior active duty military service, waivers may be granted on a month-for-month basis up to **24 months** for active duty served prior to their 27th birthday, to maximum age of 29.

b. **Naval Flight Officer Applicants.** Applicants must not have passed their 27th birthday at the time of the convening date

of the lateral transfer board. For applicants with prior active duty military service, waivers may be granted on a month-for-month basis up to **48 months** for active duty served prior to their 27th birthday, to maximum age of 31.

c. **Applicants Older than 27 at the Convening Date of the Lateral Transfer Board.** Applicants are required to submit a formal waiver request to BUPERS (BUPERS-313).

**Bureau of Personnel Command
Aviation Officer Community Manager
(BUPERS-313)
5720 Integrity Drive
Millington, TN 38055-0003**

d. **Flight Physical.** Applicants must be physically qualified and aeronautically adapted for duty involving the actual control of aircraft or duty involving flying as a naval flight officer. Applicant flight physical documentation should be submitted to Naval Operational Medical Institute (NOMI-342) for review and endorsement. The flight physical must be completed and submitted to NOMI-342 prior to the convening date of the lateral transfer board. Methods of submission are web-based program Aeromedical Electronic Resource Office (AERO) or encrypted e-mail at: NOMI-physquals@med.navy.mil. Submissions can be marked "Please Expedite for Lateral Transfer Board Convening [date]."

6. **Submission of Request.** Officers who meet the above eligibility requirements may request pilot/naval flight officer training by submitting a lateral transfer package per MILPERSMAN 1212-010 with inclusion of the ASTB official score letter (sample format below).

7. Contents of Letter Request:

From: [Grade, name, branch of service, last 4 SSN/designator]
To: Commander, Naval Personnel Command (PERS-433E)
Via: Commanding Officer, _____

Subj: REQUEST FOR [PILOT TRAINING/NAVAL FLIGHT OFFICER
TRAINING]

Ref: (a) MILPERSMAN 1542-010

Encl: (1) Aviation Selection Test Battery (ASTB) Official Score Letter

1. I hereby apply for [pilot training/naval flight officer training] under reference (a).

2. The date of my birth is [date]. [Note: If age is greater than 27 at time of the convening date of the lateral transfer board, submit a separate age waiver request via chain of command to BUPERS (BUPERS-313).]

3. [One of the following certifications must be included as paragraph 3:]
[For pilot training:] "I certify that I have not been previously separated from any flight training program of the Army, Navy, or Air Force for reasons other than temporary physical disqualification." [Or for naval flight officer training:] "I certify that I [have/have not] been previously separated from a flight training program of the Army, Navy, or Air Force for reasons other than physical or flight failure." [If requesting a waiver for pilot/NFO training, indicate reasons for previous disenrollment and add CNATRA as a via addressee.]

4. I [will receive/received] a baccalaureate degree in [field of study] from [university or college] on [date].

5. I [will accept/accepted] a commission as [grade] in the line of the Regular Navy/Navy Reserve on [date]. My commissioning source was [indicate USNA, NROTC, scholarship, NROTC College, OCS, ECP, etc.]. At the time of this application I have had [fill-in] years, [fill-in] months of commissioned service.

6. I took the ASTB examination on [date] at [location] and scored [fill-in]. Enclosure (1) is forwarded per reference (a).

7. [For 11XX:] I became qualified in my warfare specialty on [fill-in date] after [fill-in] months on board my command. [If not warfare qualified, a waiver must be requested. If applicable, CO should address this issue in his command endorsement.]

8. I received a flight candidate physical on [date] at [location/command] and was tentatively found [qualified/unqualified] for aviation training. On [date], this physical was submitted to NOMI-342 for final approval.

9. My home and work e-mail/phone numbers are: [fill-in]

10. This is my [first/second/etc.] request for flight training. [Provide details of previous applications including: programs applied for, command attached to, date and results.]

11. I agree:

a. [For Pilot training:] To not resign from Naval Service during the course of instruction and to serve on active duty for a period of 8 years or until completion of previously incurred obligated service, whichever is longer, subsequent to completion of training within the Naval Air Training Command, unless released earlier by the Navy.

b. [For NFO training:] To not resign from naval service during the course of instruction and to serve on active duty for a period of 6 years or until completion of previously incurred obligated service, whichever is longer, subsequent to completion of training within the Naval Air Training Command, unless released earlier by the Navy.

c. That the period of minimum service specified in the paragraph above will be served whether or not I retain the designation of naval aviator or naval flight officer for the full period, unless released earlier by the Navy.

d. That if I am disenrolled for any reason I will serve on active duty until completion of incurred minimum required service, unless released earlier by the Navy.

e. That if I am disenrolled because of physical disqualification, I will serve on active duty until completion of previously incurred minimum required service, unless released earlier by the Navy.

f. That I will serve on active duty at least 2 years from the date of the designator change to Aviation (13XX).

MILPERSMAN 1542-020

AVIATION OFFICER CROSS-TRAINING IN DIFFERENT TYPE AIRCRAFT

Responsible Office	NAVPERSCOM (PERS-432)	Phone:	DSN	882-3965
			COM	(901) 874-3965
			FAX	882-2721
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. Policy

a. An aviation officer of the 131X or 132X designator, upon completion of flight training or other functional training, normally will be assigned to a type squadron consistent with the member's background and training. Assignment to subsequent flying sea tours normally will be to a squadron of the same type (e.g., VAW/VAQ/VFA/HSL/VP). This career pattern has proven most effective in preparing the officer for subsequent duties of increased responsibility; however, aviators without a warfare specialty (fleet support helo, jet, and prop) and aviators with FNAEB classifications of A3 may utilize aviation officer cross-training as a means to continue an aviation career. In addition, undermanned communities may draw aviators from other communities to help balance aviation manning.

b. An officer who is accepted for transition from one warfare specialty to another shall incur 60 months obligated service upon completion of training. Officers with no warfare specialty shall incur 30 months obligated service upon completion of training. Any officer failing to complete training shall be returned to original community and incur 24 months obligated service upon detachment of training duty station. Additionally, officers who transition because their community is dissolved, or because their community transitions to a follow-on platform, will incur no additional obligation.

2. Request Requirements

a. An officer who has received an observed fitness report in his or her first warfare specialty tour and has not yet been selected for lieutenant commander (LCDR) may apply for a warfare transition.

b. An officer desiring assignment to flying duty not commensurate with previous training, as stated above, shall submit a request by official letter to Navy Personnel Command (NAVPERSCOM) (PERS-432E) with an endorsement from the member's commanding officer (CO).

3. Format of Request

a. The following format is requested for an applicant's official letter: (Use proper letter format.)

From: (Individual's name)
To: Commander, Navy Personnel Command (PERS-432E)
Via: Commanding Officer, _____

Subj: AVIATION OFFICER CROSS-TRAINING REQUEST

Ref: (a) MILPERSMAN 1542-020

1. Per reference (a), formally request transition to [VFA, VAW, VP, HSL, etc.; choose a primary and secondary.]

2. [Narrative paragraph delineating aircraft qualifications achieved, any significant aviation-related honors earned, and any additional comments on first tour flying experience. Carrier aviators shall note number of day/night arrested landings.]

3. [Narrative paragraph explaining the value of the cross-training to the Navy. The closing statement should read, "**I agree not to tender my resignation until completion of obligated service.**"]

[Signature of Requester]

b. A copy of your current flight physical or letter from the flight surgeon stating the medical service group (1,2,3) is also required. The CO letter of endorsement shall be written with the understanding that if the individual is accepted, the individual may detach within 2 months upon release of the results or completion of current deployment. Requests shall be considered on the basis of the officer's overall performance, needs of the service, and career timing.

4. **Processing Requests**. The board meets semi-annually during June and December. Requests, as described above, must be submitted by the first day, 1 month prior to the board for processing (1 May submittal for the June board and 1 November submittal for the December board). Any additional information (endorsements, recommendations, qualifications) to update an individual's package may be submitted after the May or November deadline. All additional information must have a cover sheet directed to NAVPERSCOM (PERS-432E).

MILPERSMAN 1542-030

PATROL SQUADRON (VP) NAVAL FLIGHT OFFICER (NFO) PROGRAM FOR AVIATION OPERATIONS LIMITED DUTY OFFICER (LDO)/CHIEF WARRANT OFFICER (CWO)

Responsible Office	NAVPERSCOM (PERS-432)	Phone:	DSN	882-3948
			COM	(901) 874-3948
			FAX	882-2721

1. **Purpose.** This article provides applicant procedures to Aviation Operations LDO/CWO (designators 632x or 732x) applying for VP NFO Program.

2. **Background.** To meet increasingly complex undersea warfare (USW) and surface warfare (SUW) systems in P-3C and new P-3C AIP aircraft, a mission need for NFO qualified Aviation Operations LDO/CWO was established and approved by Chief of Naval Operations. These experienced Aviators will fill mission readiness needs in flying positions as Navigators/Communicators (NAV/COMMS) and Tactical Coordinators.

3. **Policy**

a. Application for the NFO Program is open only to Aviation Operations LDO/CWO of 632x or 732x designator. Officers with more than 19 years total active duty as of 1 January the year in which they apply will not be considered. No time-in-service (TIS) waivers will be granted. Officers selected must obligate to serve 6 years active duty upon qualification as an NFO.

b. Selectees will receive permanent change of station (PCS) orders to Aviation Preflight Indoctrination and Basic Naval Flight Officer training in Pensacola, FL, then report to Inter-Service Undergraduate Navigator Training in Randolph Air Force Base (AFB), TX. Upon completion, officer will report to VP-30 FRS before receiving final orders to a Patrol Squadron. Training pipeline is approximately 18 months in length.

4. **Request Requirements**

a. Applicants must either be serving as Aviation Operations LDO/CWO, or selected with a confirmed commissioning date for Aviation Operations LDO/CWO in order to apply.

b. Command must administer and member must meet minimum NFO requirements of U.S. Navy and Marine Corps Aviation Selection Test Battery, per BUMEDINST 1532.1K.

c. Applicants must have a current NFO flight physical and meet current Navy physical readiness standards.

5. **Format of Request.** The following is requested for an applicant's official letter: (Use proper letter format.)

From: (Individual's name, SSN, designator)
To: Commander, Navy Personnel Command (PERS-432M)
Via: Commanding Officer, _____

Subj: APPLICATION FOR CONSIDERATION UNDER THE PATROL SQUADRON
(VP) NAVAL FLIGHT OFFICER (NFO) PROGRAM FOR AVIATION
OPERATIONS LIMITED DUTY OFFICER (LDO)/CHIEF WARRANT
OFFICER (CWO)

Ref: (a) MILPERSMAN 1542-030

Encl: (1) Copies of all FITNESS reports since commissioning
(2) Copy of current NFO flight physical or
Flight Surgeon statement

1. I request to be accepted into the VP Naval Flight Officer Program (LDO/CWO) for FY-__. My qualifications for the program: (fill in, i.e., previous duty assignments, T/M/S aircraft)

2. I agree to obligate to serve SIX years active duty upon qualification as a Naval Flight Officer.

3. Personal statement from the applicant with reason(s) for applying.

[Signature of Requester]

6. **Command Endorsement**. Commanding officer endorsements shall include the following:

a. U.S. Navy and Marine Corps Aviation Selection Test Battery results for NFO:

(1)	Academic Qualifications Rating
(2)	Flight Officer Flight Aptitude Rating
(3)	Flight Officer Biographical Inventory

b. A statement certifying officer meets Navy physical readiness test (PRT) standards

c. A statement concerning officer's potential as a NFO.

7. **Processing Request**. Board will meet annually in September. Applications, as described above, must be submitted by 1 August. Any additional information (endorsements, recommendations, awards and qualifications) to update an individual's package may be submitted after the August deadline. All additional information must have a cover sheet directed to NAVPERSCOM (PERS-432M).

			FAX	882-2753

1. Policy

a. All Navy Reserve flag officers on inactive duty, in an active status, must perform a minimum of 2 weeks Annual Training (AT), consistent with their mobilization billets.

b. Commander, Navy Reserve Force (COMNAVRESFOR) is authorized to issue inactive duty training (IDT) orders, with or without pay, to Navy Reserve flag officers (see Appropriate Training Sites).

2. Appropriate Training Sites. Places considered appropriate where flag officers may perform AT, Active Duty for Training (ADT), and IDT, other than their mobilization billets are listed in the table below:

IF performing	THEN appropriate assignments are
AT	<ul style="list-style-type: none"> Headquarters of Commander, Navy Reserve Force Director of Navy Reserve Commander, Navy Reserve Readiness Commands Seminars at the Naval War College or the National War College Seat of Government activities
ADT	<ul style="list-style-type: none"> Member of Selection Boards President of Inactive Duty Selection Boards (provided officer has had prior selection board experience)
IDT	<ul style="list-style-type: none"> Commander, Navy Reserve Readiness Commands As other commanders when requested and as warranted Support Duty: <ul style="list-style-type: none"> Speaking at public affairs or patriotic celebrations Acting as the personal representative of Chief of Navy Reserve, or others at changes of command, awards, inspections, and funeral ceremonies

3. Security Requirement. Eligibility for a Top Secret clearance is required for Navy Reserve flag officers, including flag officers selectees, on inactive duty in an active status. COMNAVRESFOR is responsible for requesting required investigations and issuing clearances in the case of such flag officers.

Reference	(a) Uniform Code of Military Justice (UCMJ)
------------------	---

1. Policy

a. A member may be declared a deserter

(1) immediately, if the facts and circumstances of the member's absence, without regard to the length, indicate the member committed the offense of desertion as defined in reference (a), article 85;

(2) if the member has been absent without authority for 30 consecutive days; or

(3) immediately, if member is absent without authority, without regard to length of absence, and has gone to or shown intention of going to any foreign country, or remains in any foreign country and requests or accepts any type of asylum or residence from that country or its governmental agencies.

b. The member's parent command is responsible for all documentation throughout the deserter process. If a member has been transferred, the next gaining command is considered the parent command.

c. Members are considered to have returned to military control when they

(1) surrender to military authorities;

(2) are delivered to military authorities;

(3) are apprehended by military authorities; or

(4) have died. A member will continue to be listed as a deserter until Navy Personnel Command (NAVPERSCOM), Corrections and Programs (PERS-00D1) is notified of the member's death by

(a) certified death certificate based on confirmed death by state or local investigative officials;

(b) Naval Criminal Investigative Service report concluding member was lost at sea;

(c) coroner's report identifying the member's body after death;

(d) personnel casualty report from the CO of the member's command stating the details of the member's death; or

(e) court papers stating how member died (case-by-case basis).

Note: If the date of death precedes the date of declaration of desertion, the parent command is responsible for determining whether removal of the status of deserter (or unauthorized absence (UA)) is appropriate.

d. Termination of UA is a legal term for the purpose of criminal aspects, and will form the basis of a later charge and specification per reference (a). Termination of UA occurs when a member:

(1) surrenders to military authorities;

(2) is apprehended by military authorities;

(3) is apprehended by civil authorities on behalf of the military authorities solely on the basis of the member's absence or desertion from the military; or

(4) is made available by civil authorities after an arrest for a civil offense.

2. The following topics are covered in the MILPERSMAN articles listed in the table below:

Topic	See MPM
Apprehension of Absentees and Deserters	1600-020
Acceptance and Disposition of Returned Deserters	1600-030
Procedures for Commands to which Enlisted Absentees are Attached	1600-040
Procedures When an Enlisted Absentee Returns to Naval Jurisdiction	1600-050
Declaration of Desertion	1600-060
Declaration of Return from Desertion	1600-070
When a Deserter Surrenders/is Delivered to a Naval Hospital	1600-080
Removal of Marks of Desertion	1600-090
Lost Time	1600-100
Assignment to Navy Correctional Custody Units (CCU)	1600-110

References	(a) 10 U.S.C. Chapter 47, Uniform Code of Military Justice (UCMJ)
	(b) NAVSO P-6064, Manual for Courts-Martial (MCM)

1. Policy

a. Responsibility for coordinating apprehension and return of unauthorized absentees normally rests with the member's commanding officer (CO). Units may request assistance directly from:

**Navy Absentee Collection and Information Center (NACIC)
5720 Integrity Drive Millington, TN 38054-5028
1-877-663-6772**

b. Responsibility for accurate declaration of Navy deserters rests primarily with member's CO. NACIC is responsible for coordinating apprehension and return of Navy deserters from civil law enforcement authorities.

NOTE: Naval activities will not apprehend, collect, or transport Navy deserters, and will not facilitate release of Navy deserters from civil authorities, unless authorized by NACIC.

2. **NACIC**. Managed by Navy Personnel Command (NAVPERSCOM), Corrections and Programs Office (PERS-00D1), NACIC operates 24 hours a day. Responsibilities include control, accounting, and dissemination of information concerning members classified as deserters, providing timely and complete deserter information to civil law enforcement agencies, and initiating the return of deserters apprehended by civil authorities. NACIC is the only entry point of warrants for desertion into the Federal Bureau of

Investigation, National Crime Information Center's "wanted persons" file.

3. **Rules for Apprehension**

a. Naval personnel will not normally apprehend suspected absentees and deserters outside confines of military installations.

b. Members of the Armed Forces may only apprehend absentees and deserters under circumstances prescribed by article 7(b) of reference (a) and rules for court martial (RCM) 302(b) of reference (b).

c. Any civilian officer having authority to apprehend offenders under laws of the United States, or of a state, territory, commonwealth, possession, or the District of Columbia, is authorized to apprehend deserters from the Armed Forces and deliver them to custody of those forces. This authority is derived from article 8 of reference (a) and RCM 302(b) of reference (b).

d. United States authorities may apprehend absentees and deserters in foreign countries only when authorized by an international agreement with local authorities, or when such apprehension is within purview of an existing international agreement. In the latter case, possible international implications and adverse foreign reactions must be given careful consideration. Outside jurisdiction of the United States, major commands will take such initial actions as the local situation may warrant (within primacy of international agreements) to secure cooperation in apprehending absentees and deserters.

4. **Command Actions.** Commands are responsible for monitoring a member's status while confined by civil authorities or hospitalized. Absentees will not be declared deserters when circumstances surrounding absence are beyond their control, such as:

- a. Civil arrest and confinement;
- b. Hospitalization; or
- c. Other unusual circumstances determined to be unintentional.

5. **Military Attachés or Mission Chiefs.** Military attachés or mission chiefs in foreign countries will not accept the surrender of a deserter or absentee and return them to military control, unless the United States is directly responsible for the presence of that member in the country where assistance is requested. Normally, such deserters and absentees will be advised to report (at their own expense) to a proper United States military installation within United States or overseas. Unless they are citizens of the country in which assistance is requested, absentees and deserters will be reported to authorities of such foreign countries with a view towards deportation. If a Service member is known to have departed a foreign country or is deported, the military attaché or mission chief will make arrangements to have the member taken into custody upon arrival within a territory where United States military officers have the authority to apprehend.

MILPERSMAN 1600-030

ACCEPTANCE AND DISPOSITION OF RETURNED DESERTERS

Responsible Office	NAVPERSCOM (PERS-00D)	Phone:	DSN	882-4451
			COM	(901) 874-4451
			FAX	882-2626
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Policy.** Any military installation or command manned by active duty members may receive absentees and deserters. Absentees and deserters should be subsequently transferred to the nearest installation of their branch of service which has the facilities to process absentees and deserters. Navy Absentee Collection and Information Center (NACIC) will direct the movement of apprehended Navy absentee deserters.

2. **Procedures**

a. **Officers** will be returned to the command from which they deserted, regardless of length of absence, unless otherwise directed by NACIC.

b. **Enlisted** personnel absent for 119 days or less will normally be returned to their original duty station from which they deserted; however,

(1) deserters absent from an overseas shore activity, unit homeported overseas, or a deployed unit absent from homeport for more than 90 days consecutively, who return to military control within the 48 contiguous United States, Puerto Rico, Alaska, or Hawaii; will be transferred to the Navy processing unit closest to the point of apprehension or surrender.

(2) for deserters absent from an overseas shore activity, unit homeported overseas, or a deployed unit, who return to military control in an overseas area, other than where the parent command is located, contact NACIC for guidance.

(3) deserters absent from an overseas shore activity or unit homeported overseas for 119 days or less who return to

military control in the overseas area where the parent command is located, will normally be returned to their parent command for disciplinary processing.

(4) deserters absent 119 days or less who are assigned to an at-sea ship or unit not deployed will be returned to transient personnel unit (TPU) at homeport of unit for further transfer to the unit upon return to port.

(5) deserters absent 119 days or less who are assigned to an at-sea submarine (not deployed), will be returned to the submarine's parent squadron, group, or the TPU at the submarine's homeport.

(6) deserters absent for 120 days or more will be returned to the Navy processing unit closest to the point of apprehension or surrender. Navy processing activities for the purpose of this article are listed below:

- (a) TPU, Puget Sound, Silverdale, WA
- (b) TPU, Jacksonville, FL
- (c) TPU, Norfolk, VA
- (d) TPU, San Diego, CA
- (e) TPU, Pearl Harbor, HI

(7) deserters absent 119 days or less who commit suicide or are otherwise deceased will remain the parent command's responsibility for all reporting requirements (PCR, CACO, etc.). Reporting requirements for deserters absent 120 days or more will be the responsibility of NACIC.

c. When a member fails to return to a command after being issued technical arrest orders (TAO) by NACIC,

(1) the **receiving command** will

(a) notify NACIC via naval message or E-mail at nacic-ops@navy.mil of the member's status within 48 hours after a member's failure to return via TAO.

(b) forward member's personnel documents retained by the command and health records to NACIC via registered mail, if they have them.

(2) **NACIC** will

(a) roll the member's unit identification code (UIC) to NACIC's deserter UIC (Bureau of Naval Personnel (BUPERS) deserter account) following receipt of the naval message or E-mail.

(b) complete DD 553 Deserter/Absentee Wanted by the Armed Forces, signed by the officer-in-charge or assistant officer-in-charge, and enter a new arrest warrant into the National Crime Information Center (NCIC) System. DD 553 may be accessed by using the following link:
<http://www.dtic.mil/whs/directives/forms/dd/ddforms0500-0999.htm>.

(c) coordinate, via brig escorts, the movement of members assigned to the deserter UIC who are subsequently apprehended to the nearest TPU, regardless of absence or desertion length.

Note: In the event a member successfully returns via TAO, the respective command shall notify NACIC of such within 48 hours via naval message. NACIC must be in receipt of this message before transmitting a return to military control message.

d. Waivers of the above policy may be authorized if substantial extenuating circumstances exist. If a deserter cannot be returned to the parent command within 30 days from date of return (excluding hospitalization), notify NACIC and inform Navy Personnel Command (NAVPERSCOM), Corrections and Program Office (PERS-00D) requesting a waiver of this policy. Waiver request shall be by message and inform the parent command and immediate superior in command.

PROCEDURES FOR COMMANDS TO WHICH ENLISTED ABSENTEES ARE ATTACHED

Responsible Office	NAVPERSCOM (PERS-00D)	Phone	DSN	882-4451
---------------------------	--------------------------	-------	-----	----------

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone	Toll Free	1-866-USK-NPC
------------------------------------	-------	-----------	---------------

Reference(s)	(a) U.S. Navy Regulations, Chapter 8, Section 1, Article 0808, Page 50 (b) DJMS Procedures Training Guide (DJMS PTG, Part 1, Chapter 2, Section F)
---------------------	---

1. Procedures upon Initial Absence

a. Take the following actions:

(1) List member on the daily absentee report as prescribed per reference (a). Ensure full identification data is recorded as well as time and date of start of absence.

(2) Provide a copy of the daily absentee report to the servicing personnel support detachment (PERSUPP DET) or personnel office (PERSOFF).

(3) Inspect the local living quarters for clues to member's whereabouts.

(4) Question co-workers, peers, and witnesses about possible whereabouts.

(5) Inquire of local hospitals (military and civilian).

(6) Inquire of local law enforcement agencies (military and civilian).

(7) Check with the servicing PERSUPP DET or PERSOFF for member's requested distribution of funds and inquire of that institution as to a recent withdrawal of funds.

(8) Inquire about possible whereabouts from member's next-of-kin or local friends.

(9) Inquire about member acquiring recent long-distance transportation arrangements from local transportation management office.

(10) Inquire about recent visits and the member's possible over-powering concerns which might have caused or contributed to the absence from local religious and counseling services.

b. If the member's whereabouts remain unknown and foul play is suspected, strong consideration should be given to request the assistance of professional criminal investigative agencies. This is of special importance at overseas locations.

c. If circumstances indicate the person does not intend to return, declare the member a deserter (manifest intent) per this article.

d. In foreign ports where the aid of civil authorities is required, the commanding officer will furnish a copy of the DD 553, Deserter/Absentee Wanted by the Armed Forces to the nearest consulate of the United States (U.S.).

e. If unauthorized absence (UA) is less than 24 hours, make a permanent NAVPERS 1070/613 Administrative Remarks entry in the electronic service record (ESR) with the exact hours and date, both beginning and ending, and circumstances of UA. Immediately provide a copy of the NAVPERS 1070/613 to the servicing PERSUPP DET or PERSOFF for verification and submission to the official military personnel file (OMPF).

f. If absent over 24 hours, provide the information to the servicing PERSUPP DET or PERSOFF for preparation and distribution of the NAVPERS 1070/606 Record of Unauthorized Absence per reference (b).

2. **Procedures on the 5th Day of Absence.** The disbursing office will stop all allotments. The command will notify the member's next-of-kin via the following letter with a copy to the regional chaplain of the appropriate Navy region within the geographical location of the member's next of kin addressee:

"I regret the necessity to inform you that your (son/daughter/husband/etc.), (insert rate and full name), who enlisted in the Navy on (date) and was attached to (parent command), has been on unauthorized absence since (date). Should you know of the member's whereabouts, please urge member to surrender to the nearest naval or other military activity immediately. The gravity of this offense increases with each day of absence. At this time all pay and allowances, including allotments, have been suspended pending return to Navy jurisdiction. Should member remain absent for 30 days, we will be required to declare member a deserter and information will be provided to the Federal Bureau of Investigation (FBI), National Crime Information Center Wanted Persons File, which is available to all Federal, state, and local law enforcement agencies. A Navy regional chaplain living near you is available for counsel in resolving this serious problem. Communication with a chaplain in this situation is considered confidential. If you desire to confer with a regional chaplain regarding this unauthorized absence, you may contact the regional chaplain of the appropriate Navy region, address, and telephone.

3. **Procedures When a Member Fails to Report on Transfer Orders.**

In the event a Sailor fails to report, refer to MILPERSMAN 1600-120 and follow the procedures to verify and report the member's status.

4. **Additional Procedures when Member Misses Movement.** Make the following permanent NAVPERS 1070/613 entry in the ESR:

"(date): Missed sailing of this vessel from (place of sailing) on (date), enroute to (destination). Member (had/did not have) knowledge of the scheduled time for movement, and (had/did not have) knowledge of the ship's destination. Movement of this vessel (was/was not considered substantial - i.e., not merely a shift of berths in homeport, etc.)."

Immediately provide a copy of the NAVPERS 1070/613 to the servicing PERSUPP DET or PERSOFF for verification and submission to the OMPF.

NOTE: If member misses movement from a foreign port, furnish the nearest U.S. consul a report containing information regarding the disposition to be made of any absentee, should the member be apprehended or seek consular aid after the unit's departure.

MILPERSMAN 1600-050

PROCEDURES WHEN AN ENLISTED ABSENTEE RETURNS TO NAVAL JURISDICTION

Responsible Office	NAVPERSCOM (PERS-00D1)	Phone:	DSN COM FAX	882-4451 (901) 874-4451 882-2626
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

References	(a) Uniform Code of Military Justice (UCMJ)
-------------------	---

1. **Procedures when a Member Returns to Parent Command.** Take the following actions:

a. If the absence was less than 24 hours, the servicing personnel support detachment (PERSUPP DET) or personnel office (PERSOFF) will prepare NAVPERS 1070/613 Administrative Remarks entry per MILPERSMAN 1600-040. NAVPERS 1070/613 can be accessed by using the following link: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

b. If the absence was greater than 24 hours, the servicing PERSUPP DET or PERSOFF will prepare and distribute NAVPERS 1070/606 Record of Unauthorized Absences per MILPERSMAN 1600-040. NAVPERS 1070/606 can be accessed through the Navy Standard Integrated Personnel System (NSIPS).

c. If the member returned after 10 days, notify the next of kin (NOK) of the member's return and forward a copy of the NOK notification letter to the regional chaplain of the appropriate Navy region originally notified per MILPERSMAN 1600-040.

d. If member was declared a deserter, follow the procedures per MILPERSMAN 1600-070.

e. Initiate appropriate disciplinary and administrative separation action as desired.

2. Procedures when Member Returns to a Command other than Parent Command. Take the following actions:

a. Communicate immediately with the member's parent command and obtain confirmation of member's status.

b. Read the member his or her rights before questioning and verify the date and hour that the absence began per article 31(b) of reference (a),

c. Contact Navy Absentee Collection and Information Center (NACIC) at 1-877-663-6772 to determine if the member has been declared a deserter. If the member is verified as a deserter, follow the procedures outlined in MILPERSMAN 1600-070.

d. Coordinate transportation for the Service member to return to his or her parent command. Since there are no means to temporarily house members in this status (except in military facilities), it is essential that the most direct and immediate transportation be secured. If used, passenger reservation requests (PRRs) must state that the member is traveling under technical arrest orders (TAOs) in a disciplinary status, or failed to report in compliance with funded official change of station or temporary additional duty (TEMADD) orders.

e. For a surrenderee traveling in connection with funded permanent change of station (PCS), temporary duty (TEM DU), or TEMADD orders, endorse the orders with the following remarks:

"I understand that all expenses and travel costs in connection with this transfer, which are in excess of the original costs of my (PCS/TEM DU/TEMADD) orders, will be charged against my pay record."

f. If member is not in possession of an original copy of his or her funded orders, then a TAO must be issued and a NAVPERS 1070/613 entry made indicating member is not in possession of funding (PCS/TEM DU/TEMADD) orders.

g. If the surrenderee is not traveling under funded orders, the servicing PERSUPP DET or PERSOFF will issue TAOs using a NAVCOMPT 536 Standard Transfer Orders. Clearly indicate on the orders "TRANSFERRED IN A DISCIPLINARY STATUS" and include the following statement:

"(DATE) I acknowledge receipt of these orders. I have read and understand that failure to comply with these orders render me liable to charges of further unauthorized absence, disobedience of orders, and or manifest desertion as the circumstances warrant. I also understand that all expenses and travel costs in connection with this transfer will be charged against my pay record." (Signed by authorized official (rate/rank/name)).

h. In addition to the endorsement on the NAVCOMPT 536 for personnel traveling on unfunded orders, the servicing PERSUPP DET or PERSOFF will prepare a NAVPERS 1070/613 entry as follows:

"I understand that all expenses and travel costs in connection with this transfer which are in excess of the original costs of my (PCS/TEM DU/TEMADD) orders will be charged against my pay record. Written technical arrest orders were issued and delivered this date transferring (rate/rank/name) to (name of parent command) in a disciplinary status in his or her own custody to report no later than (hour and date). I acknowledge receipt of such orders and acknowledge this statement being entered in my service record."

(Signature of member and date)

Witnessed:

i. Provide the original TAO, DD 139 Pay Adjustment Authorization, and NAVPERS 1070/613 to the member and forward a signed copy of each to the gaining command.

j. Ensure the absentee's appearance does not reflect discredit to the naval service. Utilization of DD 139 for haircut and clothes may be required.

MILPERSMAN 1600-060

DECLARATION OF DESERTION

Responsible Office	NAVPERSCOM (PERS-00D1)	Phone:	DSN COM FAX	882-4451 (901) 874-4451 882-2626
---------------------------	---------------------------	--------	-------------------	--

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone: Toll Free	1-866-U ASK NPC
------------------------------------	------------------	-----------------

References	(a) DoDI 1325.2 of 16 Nov 2012 (b) 10 U.S.C. §877-§934 (c) BUPERSINST 1610.10C (d) NAVSUP 485, Naval Supply Procedures, Volume 1 (Rev. 4) (e) NAVSUP 490, Transportation of Personal Property (Rev. 5)
-------------------	--

1. **Policy.** Date and time of desertion always start from the initial unauthorized absence (UA). If UA after leave or liberty, UA and desertion commence at the time leave or liberty expired.

2. **Procedures.** When conditions outlined in MILPERSMAN 1600-010 are met, use the following procedures:

a. **Declare.** Declare the member a deserter by preparing and transmitting DD 553 Deserter/Absentee Wanted by the Armed Forces per reference (a). DD 553 may be accessed by using the following link:

<http://www.dtic.mil/whs/directives/infomgt/forms/index.htm>.

Include information and additional personnel documentation as indicated below:

(1) Write "unknown" in the fields for which information is not available and leave block 4 (Distribution) and block L DIP Control Number of the DD 553 blank.

(2) Provide amplifying information per form directions in block 19 (Remarks) and note the following:

(a) Command point of contact, e-mail, and telephone numbers.

(b) If this is a case of desertion under aggravated circumstances as detailed in enclosure (3), page 8, paragraph 4 of reference (a).

(c) If the individual is suspected of other reference (b) offenses and what article(s) is or are applicable.

(d) If the individual holds the paygrade of E-7 or above.

(e) Any information that would assist investigators in locating the individual.

b. **Evaluation and Fitness Report.** Complete close-out evaluation and fitness report per reference (c), upon deserter reaching the 120 day mark and is rolled into the deserter UIC.

c. **Forward Documentation.** Forward the following by quickest means possible:

(1) DD 553.

(2) Copy of OPNAV 5580/1 Incident Report (if applicable). You can access OPNAV 5580/1 by using the following link provided:
<https://navalforms.documentservices.dla.mil/web/public/home>.

(3) Photograph of the member, if available. An electronic photograph file may be obtained from the command's personnel support detachment (PERSUPP DET), pass and ID office (common access card (CAC) photograph file), or the servicing defense eligibility enrollment reporting system (DEERS) office.

(4) Copy of latest leave papers or last known address.

d. **Declaration.** DD 553 is mandatory for creation of a warrant, serves as the official declaration notification, and must be received by Navy Absentee Collection and Information Center (NACIC) to take a deserter into custody. Timely deserter status declaration shall be accomplished as follows:

(1) **Transmit Electronically - Required.** Commands shall transmit DD 553 and other required information via one of the following:

(a) **E-Mail** (scanned copies and encrypted) nacic-ops@navy.mil

(b) **Mail - Required.** Mail all required documentation with the exception of the DD 553 to

Officer-in-Charge Navy Absentee Collection and Information Center 5720 Integrity Drive Millington, TN 38054-5028 Phone: (901) 874-2522 DSN: 882-2522 Toll free: 1-877-663-6772
--

e. **Deserted from Foreign Port.** If member is deserted from a foreign port, forward a copy of DD 553 and a picture (if available) to the nearest United States consulate.

3. **Critical Precaution**

a. Desertion cases are complicated because, in most cases, absentees return to activities that do not have immediate access to the returnee's official military personnel file (OMPF) or electronic service record (ESR). Information contained in these records is always required to adjust pay accounts and for evidence to sustain desertion and UA charges. Incorrect ESR processing and documentation may result in unnecessary delay or difficulty trying, convicting, and punishing offenders at court martial. Ensure complete, timely, and accurate submission of all documentation.

b. Commands are responsible for the accurate completion and submission of DD 553, timely deserter status declaration, and completing appropriate ESR and OMPF entries prior to forwarding records and documents to NACIC. Deserter packages and forms received by NACIC that are incomplete or inaccurate will be returned to the command for correction and personnel will not be placed in a deserter status by assigning a Navy Personnel Command (NAVPERSCOM) deserter unit identification code (UIC) 41104.

4. **Disposition of Personal Effects and Personnel Documents**

a. **Personnel Documents.** Retain all hard copy documentation for deserter's personnel documents, and medical and dental records on board for **120 days**. On the **121st** day, forward all records via registered mail to

Officer in Charge Navy Absentee Collection and Information Center 5720 Integrity Drive Millington, TN 38054-5028
--

Mark outside envelope "**DESERTER - DO NOT OPEN IN MAIL ROOM.**" Ensure the following documents are included and are completed accurately to prevent return to the command for reprocessing:

(1) NAVPERS 1070/606 Record of Unauthorized Absence.

(2) NAVPERS 1070/613 Administrative Remarks.

(3) Copy of NAVSUP 29 Inventory of Personal Effects Lost - Abandoned - Unclaimed (S/N 0108-LF-500-0803). NAVSUP 29 may be accessed by using the following link:
<https://navalforms.documentservices.dla.mil/web/public/forms>.

(4) Copy of DD 553 Deserter/Absentee Wanted by the Armed Forces.

b. **Decommissioning Units.** Decommissioning units will send records to NACIC, with annotation on NAVPERS 1070/613 included in the records citing when the unit is to be decommissioned. Contact NACIC within 60 days of decommissioning date to arrange for deletion of these members from the command's enlisted distribution and verification report (EDVR) (accounting category code (ACC) 109 - Deserter).

c. **Overseas or Deployed.** Commands will send NACIC all applicable records and documents after

(1) A member has been absent for 31 days or more and has been declared a deserter from:

(a) An overseas shore activity;

(b) A unit homeported overseas; or

(c) A deployed unit absent from homeport for more than 90 days consecutively.

(2) The member had a previous period of desertion.

Annotate in block 19 (remarks section) of DD 553 that the command meets the requirements of this paragraph and wants (or does not want) the deserter transferred to the deserter UIC (41104) as soon as possible.

d. **Personal Effects.** Dispose of personal effects per reference (d), part D, paragraph 1256 and reference (e), chapter 6, paragraph N6000.B and send to the following address:

Officer in Charge Cheatham Annex Fleet and Industrial Supply Center Norfolk 108 Sanda Avenue Williamsburg, VA 23187-8792

e. **On Board Ship Automatic Teller Machines (ATM).** Any monies in a deserter's ATM account on board a ship will be handled per reference (e), chapter 6, paragraph N6000.B.

5. **Action by NAVPERSCOM**

a. Upon receipt of DD 553, NACIC will change the member's on board personnel accounting status to Deserter ACC 109. Upon return to military control, NACIC will change the member's ACC to the appropriate status. Allow 60 days for this transaction to reflect on the command's EDVR. NACIC will transfer member to NAVPERSCOM Deserter UIC (41104) upon receipt of records per paragraphs 4a through 4c. All enlisted members assigned to UIC 41104 will be escorted to the closest transient personnel unit (TPU) for processing (as in MILPERSMAN 1600-030, paragraph 2b(6)) irrespective of length of absence and desertion. All officers will be handled per MILPERSMAN 1600-030, paragraph 2a.

b. Replacements will be provided per priorities in the requisition system and availability of assets.

References	(a) DoD Instruction 1325.02 (b) 18 U.S.C. §922
-------------------	---

1. Procedures

a. MILPERSMAN 1600-050 provides actions to be taken upon the return of a deserter to military control per reference (a). The activity to which a member returns will submit a DD 616 Report of Return of Absentee (**via encrypted e-mail**) and a return of deserter message (exhibit 1) to report the member's return to military control per MILPERSMAN 1600-060. Exhibit 1 must be submitted even if the deserter has been, or will be, discharged.

Note: Exhibit 1 must be sent via secure means as it contains personally identifiable information (PII). Ensure proper safeguards are taken to protect the contents of exhibit 1 and any other documents forwarded concerning the deserter. Encrypt and digitally sign all e-mails that contain PII. If the e-mail fails to send because of encryption issues, do not send unencrypted, as that action constitutes a PII breach and must be reported. Instead, contact your information assurance manager for assistance. PII is defined as information about an individual that, if lost, stolen, or compromised would cause undue harm and unwarranted invasion of personal privacy.

b. The deserter's parent command to which the member is assigned for disciplinary action or disposition is responsible for completing NAVPERS 1070/606 Record of Unauthorized Absence.

c. **Surrenderrees.** Members who surrender will not be placed in civilian jails. Navy Personnel Command (NAVPERSCOM), Corrections and Program Office (PERS-00D1) or the Officer in Charge, Navy Absentee Collection and Information Center (NACIC) may grant an exception in unusual circumstances.

d. **Apprehendees.** Commands will not pick up or escort deserters unless authorized by NACIC. NACIC will determine the disposition and transport, or coordinate the transport if an escorted local move is required. **Do not accept deserters from civilian authorities until approval is obtained from NACIC.** NACIC must be advised if the member is being held by civil authorities for civil charges. NACIC will issue a military detainer and arrange escorts for the deserter's return to military control. If the deserter is convicted and sentenced to confinement, NACIC will assign responsibility of the member's case to an area coordinator for review and appropriate action.

e. Per reference (b), the Navy is required to notify the FBI of the final disposition of all military deserters. All Navy activities will provide the deserter's final disposition to NACIC (via message) within 60 days of the deserter's return. Include a description of the venue (non-judicial punishment or type of court-martial), conviction status, list of offenses, list of punishment awarded, charges dismissed, discharge, and characterization. Requests for extensions to exceed the 60 days may be made (via message) to COMNAVPERSCOM DET NAVABSCOLLINFOCEN MILLINGTON TN//001//.

2. **Information**

a. If a member was declared a deserter erroneously, notify NACIC and Defense Finance and Accounting Service (DFAS), Cleveland by message **immediately** to prevent undue financial hardship, and to prevent the member from being entered in, or to remove the member from, the FBI Center's wanted persons file.

b. A declared deserter discharged in absentia, as authorized by COMNAVPERSCOM, is considered returned to military control for administrative purposes the day of discharge. The discharging activity must transmit the notification message (exhibit 1) to clear member from the deserter files. Indicate in the remarks section the authority used for the discharge in absentia.

c. Once a declared deserter is discharged from the Navy, is placed on the temporary disability retired list, or starts appellate leave after physically returning to a command, it is imperative that exhibit 1, DD 214 Certificate of Release or Discharge from Active Duty, and other appropriate documentation reflecting the member's separation from service be transmitted to NACIC. Documentation is required in order to reflect the member accurately in the enlisted master file, remove the status of desertion, and clear the warrant for arrest from the National Crime Information Center.

MILPERSMAN 1600-080

WHEN A DESERTER SURRENDERS/IS DELIVERED TO A NAVAL HOSPITAL

Responsible Office	NAVPERSCOM (PERS-00D1)	Phone:	DSN	882-4451
			COM	(901) 874-4451
			FAX	882-2626

1. Absentee UA from Naval Hospital while under Treatment

a. When a member surrenders or returns to military control to a hospital they were assigned for treatment,

(1) if member was under TEMADD orders, return them to their permanent duty station for disciplinary action upon completion of treatment.

(2) if member was under TEMDU TREATMENT or TEMDU orders, disciplinary action will be taken by the commanding officer (CO) of the hospital; however, if disciplinary action warrants courts-martial action, the CO may have the member transferred to the nearest disciplinary activity for court-martial action and further disposition.

b. When a member surrenders or returns to military control to a hospital after being absent from another activity,

(1) if member requires medical treatment that results in a period of hospitalization of 30 days or more, comply with the procedures set forth above.

(2) if member required no medical treatment, or medical treatment of less than 30 days, the member will be returned to their permanent duty station for disciplinary action and/or disposition upon completion of treatment, if applicable.

NOTE: The CO of the naval hospital conducts preliminary inquiry or pre-trial investigation on return of deserters or absentees transferred for disciplinary action but with extended hospitalization, provided such action does not interfere with medical treatment.

MILPERSMAN 1600-090

REMOVAL OF MARKS OF DESERTION

Responsible Office	NAVPERSCOM (PERS-00D1)	Phone:	DSN COM FAX	882-4451 (901) 874-4451 882-2626
-------------------------------	---------------------------	--------	-------------------	--

1. Procedures

a. A mark of desertion entry will be removed as an erroneous entry when member's records are closed for desertion, but member

(1) was subsequently tried and convicted or acquitted of Unauthorized Absence (UA), or

(2) subsequently was charged with UA and a request for discharge for the good of the service under Other Than Honorable (OTH) conditions has been approved.

b. A mark of desertion will not be removed when a member has been charged with desertion, and when member's request for discharge for the good of the service under OTH condition has been approved by the separation authority.

c. All other cases, including the following, will be sent to Navy Absentee Collection and Information Center (NACIC) for final disposition:

(1) When there is a determination by a board of medical survey that the member was mentally incompetent at the time of absences; or

(2) when the records show that the member was under military control at the time the desertion entry was made.

d. The mark will be removed by submission of NAVPERS 1070/607 (Rev. 12-75), Court Memorandum. The mark must be removed as soon as practical after trial and promulgation of sentence. Action taken will be reported to NACIC via letter or message, with a copy to the command's disbursing office that holds member's pay records.

MILPERSMAN 1600-100

LOST TIME

Responsible Office	NAVPERSCOM (PERS-00J)	Phone:	DSN COM FAX	882-3164 (901) 874-3164 882-2615
---------------------------	--------------------------	---------------	-------------------	--

References	(a) 10 U.S.C. 972 (b) DOD 7000.14-R, DOD Financial Management Regulations, Volume 7A, Military Pay Policy and Procedures Active Duty and Reserve Pay
-------------------	---

1. **What is Lost Time?** The table below defines the different types of lost time per reference (a).

LOST TIME due to...	IS DEFINED as periods of...
unauthorized absence (UA)	UA in excess of 24 hours that is not excused as unavoidable by the member's commanding officer (CO) per reference (b).
confinement by civil authorities or confinement by military authorities for civil authorities	confinement by civil authorities (foreign or domestic), or confinement by military authorities for civil authorities in excess of 24 consecutive hours that are not excused as unavoidable by the member's CO. confinement by civil authorities (foreign or domestic) in excess of 24 consecutive hours for an offense which results in court-martial conviction that has been approved and upheld.
confinement by military authorities	military confinement in excess of 24 consecutive hours while awaiting action of higher authority or during trial by court-martial conviction and while serving sentence of a court-martial that has been approved and upheld.
sickness due to misconduct (SKMC)	hospitalization or incapacitation in excess of 24 consecutive hours due to injury, disease, or the intemperate use of drugs or alcohol which are found to be due to the member's own misconduct.

2. **Rules About Lost Time.** Follow the below rules when determining lost time:

a. There must be an absence of more than 24 consecutive hours before any period can be considered as lost time.

b. The calendar day during which absence first occurs, regardless of the hour, is counted as a day of absence from duty. The calendar day of return, regardless of the hour, is counted as a day of duty. **A calendar day begins at 0001 and ends at 2400.**

c. When time is lost, normal expiration of enlisted dates must be extended by the number of days lost on a day-for-day basis. This applies to expiration of

- (1) enlistment.
- (2) extension of enlistment.
- (3) active service.
- (4) obligated service.
- (5) current contract.

d. The requirement to make up lost time does not apply to Fleet Reservists, retired personnel, or members placed on appellate leave. While lost time will be added to the current enlistment to calculate the correct expiration of active obligated service (EAOS), such lost time does not preclude administrative separation or punitive discharge.

NOTE: Time a member spends on appellate leave is counted as active duty time for computing longevity; however, this time is not counted for pay purposes unless the member's Bad Conduct Discharge (BCD)/Dishonorable Discharge (DD) is subsequently dismissed or set-aside and the member is recalled to active duty, or recalled for the purpose of administrative separation processing by reason of Review Action (MILPERSMAN 1910-126).

e. Members transferring to the Fleet Reserve or Retired List will merely have their lost time deducted from their final active service computation.

f. **Examples:**

95 09 30	(Fleet Reserve transfer date)
<u>75 01 28</u>	(commenced active duty)
20 08 02	(total active duty)
<u>01</u>	(plus 1 day when adding inclusive dates)
20 08 03	
<u>01 02</u>	(minus lost time during career)
20 07 01	(adjusted total active service)

g. When there is lost time, the member's Pay Entry Base Date (PEBD) and Active Duty Service Date (ADSD) must be adjusted. Refer to reference (b) to determine how an absence effects pay and allowances.

h. If member is apprehended by civil authorities while in an authorized absence status (leave or liberty), and is subsequently confined by civil authorities pending trial, and member's EAOS is imminent, the command may

(1) retain member in the Navy by reason of "In Hands of Civil Authorities (IHCA)" pending outcome of the civil matter and a final determination on lost time (if any), or

(2) process for administrative separation based on commission of a serious offense (provided the Government has sufficient evidence to show by a preponderance of evidence that misconduct did occur).

i. Incarceration by civilian or military authorities suspends the running of the member's active service obligations (unless member is granted regular leave that has already been earned). While incarcerated, such time may be considered lost time; however, a final determination cannot be made until criminal charges are resolved. If convicted, the CO may declare the time lost to not be excused; if acquitted, the CO may declare the time lost to be excused (entitled to back pay if applicable).

3. **Computing Lost Time**. Below are some examples of how to compute lost time.

IF...	THEN there is...
UA commenced 0800, 9 March, and ended 0800, 10 March (24 hrs)	no lost time since UA did not exceed 24 hours
UA commenced 0800, 9 March, and ended 0830, 10 March (24 hrs, 30 min)	1 day lost time - 9 March
UA commenced 2345, 9 March, and ended 0015, 11 March (24 hrs, 30 min)	2 days lost time, 9 and 10 March NOTE: First day of absence is a day of absence and the day of return is a day of duty.
confined by civil authorities while on liberty at 1700, 9 March, and was convicted by the civil authorities on 5 April and was released to military control on the same day	27 days lost time - 9 March to 4 April
confined by civil authorities while on liberty 1700, 9 March and was acquitted of all charges on 5 April and released to military control the same day	no lost time (member was acquitted) NOTE: Time is not charged as lost time because it is excused.
confined by civil authorities while in UA status (UA commenced 1 Mar), at 1400, 9 March and was acquitted of all charges on 15 March and released to military control the same day.	14 days lost time - 1-14 March NOTE: Member was UA when confined, all time is considered lost time even though the member was acquitted of the civil charge.

MILPERSMAN 1600-110

ASSIGNMENT TO NAVY CORRECTIONAL CUSTODY UNITS (CCU)

Responsible Office	NAVPERSCOM (PERS-00D1)	Phone:	DSN	882-4444
			COM	(901) 874-4444
			FAX	882-2626

References	(a) SECNAVINST 1640.9C, Department of the Navy (DoN) Corrections Manual
	(b) OPNAVINST 1640.10, Manual for the Operation of a Navy Correctional Custody Unit (CCU)
	(c) Uniform Code of Military Justice (UCMJ)

1. **Policy**. Per references (a) and (b), the correctional custody program is designed to provide a means of disposing of minor disciplinary infractions (normally reference (c), article 15 offenders). This program provides a maximum opportunity to effect a change in behavior, military bearing, attitude, and to return to the member's command as a productive Sailor. A member who is being processed for administrative separation (ADSEP) is not awarded correctional custody.

2. **Authorized Correctional Custody Units (CCUs)**. The following is a list of authorized CCUs:

- a. Jacksonville, FL PCF/CCU
- b. Norfolk, VA Brig/CCU
- c. Pensacola, FL PCF/CCU
- d. Puget Sound Brig/CCU
- e. Pearl Harbor Brig/CCU
- f. Yokosuka, Japan PCF/CCU

3. How to Transfer a Member to a CCU. Follow the steps below to transfer a member to a CCU.

Step	Action
1	Contact the desired CCU to determine <ul style="list-style-type: none">• space availability, and• required clothing items while in a CCU.
2	Arrange and provide transportation. Because all assignments are temporary additional duty (TEMADD), all transportation costs will be incurred by the member's command.
3	Obtain certification of member's fitness for assignment to a CCU. Medical authority will document fitness on SF 600 (Rev. 6-97), Chronological Record of Medical Care.
4	Prepare TEMADD orders.
5	Ensure on the day of transfer, the member wears the proper uniform of the day and has a regulation haircut.
6	Transfer the member with the following items in the member's possession: <ul style="list-style-type: none">• TEMADD orders.• Copy of NAVPERS 1626/7 (Rev. 12-88), Report and Disposition of Offense(s).• Service, medical, and dental records (the pay record will be retained on board member's parent command).• Copy of SF 600 (Rev. 6-97), Chronological Record of Medical Care documenting fitness.• Required clothing items (civilian clothes are not authorized while in CCU). <p>NOTE: If the member does not have required clothing items, the member shall be required to purchase the missing items using DD 504 (Rev. 9-01), Request and Receipt for Health and Comfort Supplies.</p>

4. Commanding Officer's (CO's) Responsibilities. The CO shall:

- a. visit the CCU during the member's assignment (if operations and command mission permit);
- b. designate a command representative to make weekly visits to the member and attend pre-release orientation (if operations

and command mission support. Unless operations are continuous out of area from the location of the CCU, weekly visits are mandatory); and

c. upon member's return, ensure the member is assimilated back into the command in a positive and productive manner.

MILPERSMAN 1600-120

PROCEDURES FOR REPORTING MEMBERS AS FAILED TO REPORT UNDER PERMANENT CHANGE OF STATION (PCS)/ TEMPORARY DUTY (TEMDU) ORDERS

Responsible Office	CNIC (N141)	Phone:	DSN	288-4319
			COM	(202) 433-4319
			FAX	(202) 433-2389

References	(a) Enlisted Distribution and Verification Report User's Manual (EDVRMAN) (b) BUPERSINST 1306.77A (Manual for the Administration of Transient Personnel Units (TPUS))
-------------------	--

1. **Policy**. Personnel (officer and enlisted) under permanent change of station (PCS)/temporary duty (TEMDU) orders who fail to report must be researched and action taken per the MILPERSMAN and reference (a). Per MILPERSMAN 1600-040, if a member has been transferred from the parent command and is determined to be on **unauthorized absence (UA)** or a **deserter**, documentation throughout the UA/deserter process becomes the responsibility of the gaining command to which the member was directed to report.

2. **Personnel Support Activity Detachment (PERSUPP DET)/ Personnel Office Responsibilities**

a. Verify **Prospective Gain (PG) Report** to determine if there are expired prospective gains.

b. Research status of expired prospective gains to ensure absence is not a result of modification or cancellation of orders.

c. Verify the **Enlisted Master File (EMF)** to determine status of orders, actual detach date if available, authorized delay in reporting, etc.

d. Contact transferring command to verify status of member and obtain substantiating documentation as appropriate.

e. Access the **Navy Standard Integrated Personnel System (NSIPS) Gain Panel** to create a "Failed to Report" Gain. (It is

imperative that the steps outlined in paragraphs 2b through 2d be completed prior to the execution of the steps outlined in this and subsequent paragraphs. This will ensure that **adverse pay actions** are not erroneously submitted.)

f. Prepare NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks per MILPERSMAN.

"(date) Issued orders by (name of transferring command) to report to (prospective command) not later than (hour and date). Failed to report per such orders and is on unauthorized absences from that time and date."

g. Ensure all pay and allowances are stopped on the 10th day after **Failed to Report** date.

(1) Disbursing office will stop all allotments.

(2) Notify the member's next-of-kin (NOK) via the following letter, with a copy to the staff chaplain at the appropriate Navy Reserve Readiness Command (NAVRESREDCOM) within the geographical location of the member's NOK addressee: (Use proper letter format.)

"I regret the necessity to inform you that your (son/daughter/husband/etc.), (insert rate and full name), who joined the Navy on (date) and was attached to (parent command), has been on unauthorized absence since (date). Should you know of the member's whereabouts, please urge the member to surrender to the nearest naval or other military activity immediately. The gravity of this offense increases with each day of absence. At this time all pay and allowances, including allotments, have been suspended pending their return to Navy jurisdiction. Should member remain absent for 30 days, we will be required to declare member a deserter and information will be provided to the Federal Bureau of Investigation (FBI), National Crime Information Center Wanted Persons File, which is available to all Federal, state, and local law enforcement agencies. A Navy Reserve chaplain living near you is available for counsel in resolving this serious problem. Communication with a chaplain in this situation is considered confidential. If you desire to confer with a Navy chaplain regarding this unauthorized absence, you may contact: Staff Chaplain, Navy Reserve Readiness Command, (address and telephone)."

h. Open a **skeleton service record** and request **duplicate service record** from Navy Personnel Command (NPC), Records Management/Policy Section (PERS-312E).

i. Access the **NSIPS Legal Panel** and create a record of **Unauthorized Absence Report**.

j. Access the **NSIPS Transient Tracking Panels** to set prospective loss date (PLD) and update status information as changes occur.

k. PERSUPP DET/parent commands will follow procedures outlined in the MILPERSMAN and refer back to **Declaration of Desertion** part of reference (b) for personnel who fail to report after 30 days.

3. **Status Request Message Exception**. When the current activity, indicated by the **unit identification code (UIC) in Column 3 of the Enlisted Distribution and Verification Report (EDVR)**, is a student account at a Navy Recruit Training Command (NAVCRUITRACOM) or Service School Command, do not request status of the member by message until the ultimate reporting date in the Standard Transfer Order (STO) or Standard Transfer Document (STD) (if held), or the EDA in the EDVR, is expired by at least 30 days. This exception is required in recognition of training setbacks and delays that may occur in self-paced courses of instruction.

References	(a) U.S. Navy Regulations 1990, Chapter 11, article 1129 (b) BUPERSINST 1610.10C
-------------------	--

1. **Policy**. Reference (a) require records be maintained on naval personnel which reflect their fitness for service and performance of duties. Fitness reports on officers and chief petty officers, and evaluation reports on other enlisted personnel are used for many career actions including selection for promotion, advanced training, specialization or subspecialization, and responsible duty assignments. Timely, realistic, and accurate reports are essential for these tasks.

2. **Guidance**. Use procedures in reference (b) when preparing and submitting fitness reports on officers and chief petty officers, and evaluation reports on other enlisted personnel.

MILPERSMAN 1610-020

DISQUALIFICATION OF OFFICERS FOR DUTY INVOLVING FLYING

Responsible Office	NAVPERSCOM (PERS-432D)	Phone:	DSN	882-3969
			COM	(901) 874-3969
			FAX	882-2721
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

References	(a) OPNAVINST 3710.7U (b) BUPERSINST 7220.29A (c) OPNAVINST 5350.4D (d) SECNAVINST 1920.6C (e) COMNAVAIRFORINST 5420.1C (f) DoD 7000.14-R, DoD Financial Management Regulation
-------------------	--

1. **Definition.** In this article, the term "Naval Aviator" refers to both pilots and naval flight officers (NFOs). When it is necessary to distinguish between pilot and NFO, the sentence will specify which kind of aviator is affected.

2. **Termination of Orders to Duty Involving Flying.** Termination of orders to duty involving flying is an administrative action designed to ensure that only those officers who can safely and competently perform assigned flying duties are so assigned. Although in many instances the permanent revocation of flight status may appear to have an adverse impact on the individual concerned, such action is intended to be neither punitive nor disciplinary. Qualification for aviation service is conditional and dependent upon an officer maintaining current physical and professional qualifications, and continually displaying the potential for utilization in operational flying billets.

3. **Medical Disqualification**

a. As per references (a) and (b), aviation officers who are temporarily medically incapacitated are considered qualified for aviation service unless such incapacitation continues for a period of more than 365 days.

(1) Disqualification for aviation service will be effected on the first day following a period of 365 days that commences on the date of incapacitation.

(2) Officers disqualified for medical reasons will not be requalified for aviation service until so certified by appropriate medical authority.

(3) Aviation Career Incentive Pay (ACIP) and months of operational flying (MOF) credit shall not be authorized for any period during which an officer is considered disqualified.

(4) Commanding officers (COs) or immediate reporting seniors are responsible for ensuring the termination of ACIP under current directives.

b. Aviation officers whose medical incapacity has been determined to be permanent are disqualified for aviation service on the date specified by Navy Personnel Command (NAVPERSCOM).

(1) Pilots or NFOs in this category will be redesignated to 130X and may apply for a lateral transfer to a new community.

(2) Officers with over 15 years of active aviation service may retain the 131X or 132X designator at the discretion of NAVPERSCOM.

4. **Drug Abuse.** Any Naval Aviator (pilot or NFO) who is identified as a drug abuser under reference (c) (one who has illicitly used or possessed any narcotic substance, marijuana or other drug, or possessed drug paraphernalia) shall have their flight status and authority to wear the Naval Aviator insignia permanently revoked and shall be processed under reference (d).

5. **Voluntary Termination of Flight Status**

a. Naval Aviators (pilots and NFOs) who voluntarily request termination of flight status shall be immediately suspended from flying duties by their COs and directed to submit, within 5 days, an official request for such termination to NAVPERSCOM, General Aviation Assignment Division (PERS-43Z). A report on the case by a flight surgeon shall accompany the request. Officers who voluntarily terminate their flight status can expect to receive a 130X designator and be immediately reassigned to a non-flying billet where they are encouraged to

request redesignation into another community per MILPERSMAN 1212-010. The date of suspension of flight status shall be included in the CO's forwarding endorsement and shall be used as the effective date for termination of ACIP. Copies of the request shall be forwarded through the chain of command for information or comment.

b. COs should counsel officers concerned that a voluntary termination of flight status is considered permanent by NAVPERSCOM and requests for reinstatement will not be approved.

6. Field Naval Aviator Evaluation Boards (FNAEBs) - Definition.

Per reference (e), FNAEBs are administrative boards convened to evaluate the performance, potential, and motivation for continued service of any Naval Aviator ordered by competent authority to appear before such a board. These boards shall review and evaluate the overall performance and the specific element of performance or behavior that is the cause of the evaluatee's appearance before the board. These boards are fact-finding, evaluative bodies which shall make recommendations as specified in the "Recommendations" paragraphs of this article, through the chain of command to the type commander (TYCOM). These boards are not bound by formal rules of evidence and may consider and include in the record any type of evidence deemed credible, authentic, and relevant to the case. These boards are neither judicial nor disciplinary bodies and shall make no recommendation for disciplinary action as a result of their evaluations. Any disciplinary action accruing from the same circumstances or events that are the reason for convening an FNAEB shall be kept completely separate from such boards.

7. Grounds for Convening a FNAEB. A FNAEB shall be convened for all Class A and B flight mishaps except in those cases where the aircrew's performance is not in question. Normally, for circumstances not involving a flight mishap, the decision to convene a FNAEB is left to the discretion of the respondent's CO or immediate superior in command (ISIC). Higher authority may direct a FNAEB when considered necessary. A FNAEB should be convened when the following conditions exist:

a. The aviator has demonstrated faulty judgment in flight situations. This may be evidenced by violations of flight discipline or repeated minor incidents of any kind in which aeronautical judgment is a factor.

b. The aviator has demonstrated a lack of general or specific flight skill. This may be evidenced by failure to satisfactorily complete all or any part of a prescribed training syllabus or failure to achieve required qualifications. In the case of pilots this may also be evidenced by mishaps or near mishaps involving pilot skills.

c. The aviator has demonstrated certain habits, traits of character, emotional tendencies, or lack of mental aptitude or motivation that make it questionable to continue the member in assigned flying duties.

d. The aviator has failed to comply with minimum annual flying requirements for reasons within the member's control.

e. The above conditions are provided as a guide and are not in any way restrictive. Command discretion must be exercised when an aviator is deemed professionally unfit for flying for any reason not specified above.

8. **Fair and Impartial Hearing.** Naval Aviators whose aeronautical ability has come into question must be provided a fair and impartial hearing. They shall be told specifically the reason for being ordered to appear before an FNAEB. Their case shall be heard by an impartial board comprised of pilots or NFOs and a flight surgeon; they shall be allowed to be present during all open proceedings of the board; and they shall be given an opportunity to offer rebuttal, call witnesses, and present evidence in their own behalf. The foregoing principles are according to customary standards of fairness in administrative proceedings.

9. **FNAEB Composition**

a. A pilot FNAEB shall consist of a minimum of three pilots and a flight surgeon; an NFO evaluation board shall consist of a minimum of three NFOs when practical and a flight surgeon. Pilots may serve instead of NFOs but at least one member of the board must be an NFO. The Unrestricted Line (URL) members shall be senior to the member involved. The senior URL member shall be the senior member of the board.

b. Members must be thoroughly versed in the type of flight operations involved and should possess mature judgment. No member shall serve who is considered to be a prospective witness or interested party. A flight surgeon serving as a member of a

board shall not simultaneously serve as a witness before the board. A second flight surgeon must perform interviews and provide required evaluations and statements. Deviation from this policy shall be made only in cases when the services of two flight surgeons are not available and when the subject appearing before the board has been completely apprised of entitlements in this matter and has waived them in writing. Officers who have been ordered to serve as members of an FNAEB should make themselves familiar with the contents of this article.

10. **Recommendations**

a. The field board and subsequent endorsers should recommend one of the following classifications for aviators under consideration:

(1) Type A: Continuation in a flight status.

(2) Type B: Termination of flight status.

b. Variations under each of the above types may be recommended when circumstances warrant. Appropriate sub-recommendations may be as described in the following paragraphs.

11. **Recommendations - Type A.** Type A - Continuation in a Flight Status, appropriate sub-recommendations:

a. Type A (1) - Retain in present duty assignment.

b. Type A (3) - Transfer to another activity operating different aircraft. This classification cannot be recommended below the TYCOM level.

c. Type A (4) - Probationary flight status for a specified period of time. An applicable Type B recommendation shall be included in order to cover those cases which fail to successfully complete the probationary period. Under these circumstances, the CO shall forward appropriate documentation of the individual's failure to satisfy the terms of probation along with the original board report. Further training may be recommended in any of the above instances.

12. **Recommendations - Type B.** Type B - Termination of Flight Status, appropriate sub-recommendations:

a. Type B (1) - Retention of right to wear the insignia.

b. Type B (2) - Revocation of right to wear the insignia. Revocation of this right is considered appropriate when board action is the result of dishonoring naval aviation or willful and flagrant violation of established rules, regulations, and directives.

c. Type B (3)-Retention of the right to wear the insignia with eligibility for orders to duty involving the operation of Unmanned Aircraft Systems (UAS). This classification cannot be recommended below the TYCOM level.

13. **Aviation Career Incentive Pay (ACIP)**. Per reference (f), an officer's ACIP may be suspended when the status of future aviation service is uncertain. The CO shall suspend the member's ACIP effective on the date of the first Type B recommendation by contacting NAVPERSCOM, Aviation Career Incentive Pay Action Officer (PERS-435A). If the member is subsequently returned to aviation service, ACIP eligibility will commence effective on the date of suspension. If the final action of NAVPERSCOM is a Type B, the member will be disqualified for aviation service effective on the date of suspension per reference (b).

14. **Distribution of Record of Proceedings**. The record of proceedings shall be sent to the TYCOM, or equivalent, via the CO of the member concerned and the chain of command per the following:

a. Upon convening an FNAEB, the convening authority (CA) is directed to send a copy of the approving letter to the TYCOM.

b. The senior board member of each board shall submit to the first endorser the report of board proceedings not later than 14 working days from the convening order to final report.

c. The individual concerned shall be provided with a copy of the board's completed report and offered 5 working days to comment thereon.

d. CA and subsequent endorsers: take appropriate action and forward the package so that it arrives at the next endorsing command within 7 calendar days.

e. The processing goal for TYCOM final disposition is 10 working days.

15. **Final Approval Authority.** The TYCOM shall be the final approving authority for all classifications. A copy of TYCOM approved B(1) and B(2) packages will be forwarded to NAVPERSCOM to facilitate further detailing/reassignment of the officer.

16. **Special Cases.** Because of the nature of their assignment, certain special cases may be governed by special instructions:

a. Naval Aviators undergoing refresher training may be given special consideration if additional flight time and instruction are considered necessary for qualification.

b. Naval Aviators on temporary additional duty (TAD) who fail to successfully complete all phases of a formal course of aviation instruction shall be returned to their parent command for normal processing as described in the preceding paragraphs. When an aviator fails to successfully complete a prescribed course of aviation instruction while en route between permanent duty stations, the circumstances shall be immediately reported to NAVPERSCOM.

c. Medical officers undergoing training leading to designation as Flight Surgeon or Aerospace Medical Examiner, and Medical Service Corps officers undergoing training leading to designation as Aerospace Physiologists or Aerospace Experimental Psychologists who fail to make satisfactory progress shall be made the subject of a report containing full information regarding deficiencies shown, together with a recommendation for disposition, via Chief of Naval Air Training (CNATRA) to Chief, Bureau of Medicine and Surgery (BUMED), with a copy to NAVPERSCOM.

17. **Reinstatement of Flight Status**

a. A former Naval Aviator shall not be reinstated in a flight status when:

(1) Authority to pilot naval aircraft or the NFO's detail to duty involving flying was terminated because of a voluntary request.

(2) Authority to pilot naval aircraft or the NFO's detail to duty involving flying was terminated as a result of FNAEB action.

(3) Age, grade, specialty, or previous flight experience of the pilot or NFO indicate that the member may not be expected to satisfactorily fill operational flying billets if reinstated.

b. A former Naval Aviator who was physically disqualified but has been returned to a qualified status and does not meet any criteria in para. 17a may apply to have his/her designator returned to 131X or 132X. Each request for restoration of authority to pilot naval aircraft or restoration as an NFO will be addressed to NAVPERSCOM, via the chain of command (including an Air Type Commander) and shall be accompanied by a completed SF88 (Rev. 10/94), Medical Record - Report of Medical Examination. The Naval Aviator Evaluation Board in the Navy Department will review each case and submit a recommendation to NAVPERSCOM. Those officers whose requests are approved will be reassigned to an activity where their return in effective flight status can be best accomplished.

MILPERSMAN 1610-030

PROCEDURES FOR COMMANDS TO WHICH INACTIVE RESERVE PERSONNEL (OFFICER OR ENLISTED) FAIL TO REPORT FOR INVOLUNTARY ACTIVE DUTY

Responsible Office	NAVPERSCOM (PERS-461)	Phone:	DSN	882-4553
			COM	(901) 874-4553
			FAX	882-4683

1. **Policy**. Commands will follow these procedures when an inactive duty member (officer or enlisted) fails to report as directed for involuntary active duty (Mobilization).

2. **Procedures**

a. The command to which the member fails to report shall prepare NAVPERS 1070/613 (Rev. 10-81), Administrative Remarks using information contained on the copy of the member's orders showing the date and hour the member failed to report. The entry should read:

"(Date): Issued involuntary (active duty/active duty for training) orders by (authorizing command) to report to (reporting command) not later than (hour and date). Failed to report in compliance with such orders."

b. When the member has failed to report, the command to which the member failed to report shall:

(1) Notify the command, which ordered the member to involuntary active duty, and provide that command a copy of NAVPERS 1070/613.

(2) Put the member in an Unauthorized Absence (UA) status. Ensure RUA is entered as the member's Inactive Manpower Status (IMS) code in Navy Standard Integrated Personnel System (NSIPS). If the member has declared intention not to report prior to the report date, immediately upon the member's failure to report, list the member as a deserter (manifest intent) per MILPERSMAN 1600-040.

(3) If the member fails to report within 30 days of the required report date, declare the member a deserter per MILPERSMAN 1600-060.

(4) If the member is returned to military control after being UA 180 days or less, continue to execute the involuntary orders. The commanding officer (CO) may take appropriate disciplinary action and may initiate administrative separation processing per the MILPERSMAN. Members returned to military control after 180 days UA will be processed by Navy Absentee Collection and Information Center (NACIC) per MILPERSMAN 1600-060.

MILPERSMAN 1610-040

NAVPERS 5354/2 (REV. 2-02), NAVY EQUAL OPPORTUNITY (EO)/SEXUAL HARASSMENT (SH) FORMAL COMPLAINT FORM

Responsible Office	CNO (N134E)	Phone:	DSN	882-4561
	Navy Equal		COM	(901) 874-4561
	Opportunity	TOLL FREE WITHIN U.S.		(800) 253-0931
			FAX	882-2617

References	(a) U.S. Navy Regulations, 1990 Chapter 11, Section 5, Article 1150 (b) Uniform Code of Military Justice (UCMJ), Subchapter 11, Section 938, Article 138 (c) OPNAVINST 5354.1E
-------------------	--

1. **Purpose**. NAVPERS 5354/2 (Rev. 2-02), Navy Equal Opportunity (EO)/Sexual Harassment (SH) Formal Complaint Form, is designed to simplify the process of filing formal complaints. It is self-contained and carries the complaint process from beginning to end.

2. **Alternate Formal Procedures**

a. Alternate avenues for filing complaints currently available to military personnel are contained in references (a) and (b).

b. NAVPERS 5354/2 does not replace or precede these alternate avenues except in cases involving allegations of sexual harassment and discrimination.

3. **Informal Resolution System**

a. The Informal Resolution System, as outlined in reference (c), should be used to resolve the conflict unless the behavior involved is clearly criminal (e.g., rape, assault). Before employing NAVPERS 5354/2, individuals may first attempt to informally resolve complaints with the person or persons involved.

(1) A third person may be called upon to assist in the resolution.

(2) Assistance of the immediate supervisor in resolving the complaint may be requested as the circumstances require.

(3) If the object of the complaint is the complainant's immediate supervisor, present the complaint to the next senior in the chain of command.

b. If the complaint cannot be resolved between the complainant and the persons involved, or with the help of immediate supervisors, submit a request either in writing or orally in a timely manner for Commander's Request Mast.

c. When informal resolution of the complaint is considered unsatisfactory, formal procedures for redress (relief) may be used.

4. **When NAVPERS 5354/2 Cannot Be Used.** NAVPERS 5354/2 may not be used to challenge

a. nonjudicial punishment (NJP);

b. courts-martial;

c. administrative board or selection board procedures and results;

d. general policies of Department of Defense (DoD) and Department of the Navy (DoN), including the instructions and other documents promulgating such policies;

e. complaints that may be redressed under other DoN procedures (i.e., Board for Correction of Military Records (BCNR); and

f. relief-for-cause proceedings and decisions.

5. **Completion and Guidance.** Detailed completion and guidance and a sample of NAVPERS 5354/2 is in reference (c). NAVPERS 5354/2 may be obtained through normal supply channels (stock number 0106-LF-982-4900).

6. **Equal Opportunity Advice Line**. Additional questions about discrimination or sexual harassment may be referred to the Equal Opportunity Advice Line:

1 (800) 253-0931; or
(901) 874-2507 (Overseas call collect)

7. **Commander's Responsibility**. In all cases, it is the commander's responsibility to inform complainants of their right to submit a formal complaint and the method for making the submission. Commanders who become aware of a complaint that the parties involved have elected to resolve informally, should investigate the complaint, as appropriate, and document resolution for the record. This will permit the commander to verify resolution of the complaint in the event of future inquiries.

References	(a) BUPERSINST 1610.10C (b) U.S. Navy Regulations, 1990 (c) Uniform Code of Military Justice (UCMJ) (d) SECNAVINST 1920.6C (e) OPNAVINST 6110.1J (f) JAGINST 5800.7E, Manual of the Judge Advocate General (JAGMAN) (g) NAVSUP P-1, Naval Supply System Command Manual (h) NAVMED P-117, Manual of the Medical Department (i) Defense Joint Military Pay System (DJMS) Procedures Training Guide (PTG)
-------------------	--

1. **General Provisions.** General provisions are applicable to all officer cases involving performance or conduct.

a. If it is expected that disciplinary or adverse action (military or civilian) may be taken against an officer, the officer should not execute transfer orders until such action has been resolved. When a modification of orders is necessary, the below listed personnel (PERS) codes at Navy Personnel Command (NAVPERSCOM) should be notified by the member's commanding officer (CO) regarding the circumstances provided with recommendations and requested to issue orders as may be appropriate:

(1) NAVPERSCOM, Officer Performance and Separations Branch (PERS-834); and

(2) NAVPERSCOM, Career Management Department (PERS-4) applicable detailee division (e.g., PERS-41, 42, 43, 44, etc).

b. Additionally, if it is expected that disciplinary action (military or civilian) may be taken against an officer that has been selected for or is currently in the Naval Nuclear Propulsion Program training pipeline, or an officer with current nuclear additional qualification designators, the below listed offices should also be notified of the circumstances:

(1) Office of the Chief of Naval Operations (OPNAV), Nuclear Propulsion Program Management Branch (N133); and

(2) NAVPERSCOM, Submarine Officer Career Management Division (PERS-42).

c. When misconduct or deficiencies in performance are discovered after the submission of the report of fitness, a supplemental report of fitness, per reference (a), should be submitted as appropriate.

d. Except as provided in MILPERSMAN 1070-020, an officer must be given notice of and an opportunity to respond to all adverse matters which are being forwarded to NAVPERSCOM for inclusion in the officer's official record. The officer's intention not to make a statement shall be indicated in writing or by the expiration of a stated period of time within which the member (after having been so advised) was afforded such an opportunity and failed to submit a statement. Any doubt as to whether a particular matter is adverse will be resolved in favor of the officer by referring it to the officer. Direct the officer's attention to reference (b), article 1122 for guidelines regarding such statements.

e. COs shall inform NAVPERSCOM, PERS-834 by appropriate means of communication (letter or encrypted e-mail) of incidents involving officer performance or conduct which may be of public interest, or those which will require action by NAVPERSCOM concerning the officer's status. Unless indicated otherwise, these initial reports are intended for information and appropriate action, and not for inclusion in an officer's official record. Point of contact (POC) information shall be provided.

f. When practical to do so with clarity and without prejudice to the officer concerned, facts or details requiring reports to be classified should be omitted. Information should not be classified solely because it is embarrassing or derogatory to the member. Unless required for security reasons,

reports of nonjudicial punishment (NJP) should be designated "For Official Use Only" and transmitted in double envelopes. The outer envelope should be addressed to NAVPERSCOM (PERS-834) and the inner envelope marked "Officer Performance, For Official Use Only," as appropriate.

2. Misconduct - General Court-Martial

a. When court-martial charges have been preferred against an officer, the CO will immediately send a copy of the charges and specifications with explanatory information to NAVPERSCOM (PERS-834). The CO will keep NAVPERSCOM (PERS-834) informed of the status and disposition of the charges. Unless indicated otherwise, these reports are intended for information and appropriate action, not for inclusion in an official record.

b. At the conclusion of trial, the CO will forward the Report of Results of Trial letter to NAVPERSCOM (PERS-834). The report is to include a copy of the charges preferred, the disposition of each, and the final sentence adjudged as an enclosure.

c. If a discharge or dismissal was not awarded, but a guilty finding was determined on any of the charges, the CO is to provide a recommendation on whether the officer should be required to show cause for retention. The letter shall be sent via the officer if a recommendation for separation or show cause is included in the report.

d. If a recommendation to separate or to show cause is being made and the reporting officer is not a flag officer, the report of results of trial shall be submitted via the first flag officer in the chain of command. Chief of Naval Personnel does not require multiple endorers, as this may unnecessarily delay the report being received at NAVPERSCOM. However, this does not preclude fleet, type, or group commanders from requiring the reports to be forwarded via operational or administrative channels.

3. Misconduct - NJP

a. When a decision is made to impose NJP on an officer, the command shall notify NAVPERSCOM (PERS-834). The initial notification may be made via encrypted e-mail and must provide the following:

- (1) Officer's rank, name, last four of SSN, designator;
- (2) Command POC;
- (3) POC phone number and or e-mail address; and
- (4) A brief description of charges and specifications.

b. If a recommendation is likely to be made to detach the officer for cause, include NAVPERSCOM (PERS-4) as an addressee to alert both detailers and placement officers. A back-fill will depend on billet prioritization.

c. When NJP is complete, the authority imposing punishment shall immediately notify NAVPERSCOM (PERS-834) by letter (i.e., Report of Nonjudicial Punishment) as soon as the results are final (i.e., when the officer declines to appeal, does not appeal within the required time, or after the appeal has been adjudicated). Refer to Exhibit 1.

d. If the officer imposing NJP is not a flag officer, the Report of Nonjudicial Punishment shall be submitted via the first flag officer in the chain of command. Chief of Naval Personnel does not require multiple endorser as this may unnecessarily delay the report being received at NAVPERSCOM. However, this does not preclude fleet, type, or group commanders from requiring the reports to be forwarded via operational or administrative channels.

e. The officer's CO or the authority imposing the punishment will include requests/recommendations and an explanation for each in the Report of Nonjudicial Punishment on the following issues:

- (1) Whether it is requested the officer be detached for cause (DFC);
- (2) Whether the officer's misconduct warrants promotion, delay, or removal (if on a promotion list); and
- (3) Whether the officer should be required to show cause for retention.

f. The Report of Nonjudicial Punishment will be forwarded via the officer concerned for acknowledgment and an opportunity to submit a statement. The originating command will normally be

the second via addressee and may provide comments (as appropriate) on the officer's statement.

g. The letter report should be forwarded for flag endorsement as discussed above.

h. The following information and documentation should be forwarded with the report of NJP:

(a)	Offenses for which punishment was imposed.
(b)	A brief description of the circumstances surrounding the offense(s).
(c)	The punishment awarded.
(d)	A copy of the punitive letter (if one is given).
(e)	A copy of the investigation and other documents which were considered at NJP to include rights statements.
(f)	A copy of the NAVPERS 1626/7 Report and Disposition of Offense(s).
(g)	A summary of any statement, if made by the officer at NJP.
(h)	A copy of the appeal and the letter denying an appeal, or the officer's written declination to appeal.
(i)	A dated acknowledgment by the officer, that the officer has reviewed the Report of Nonjudicial Punishment, was advised of any adverse actions recommended (including detachment for cause (DFC) or show cause) by the command, and that the Report of Nonjudicial Punishment will become part of the officer's official record. The officer's acknowledgement or statement should be the first endorsement to the Report of Nonjudicial Punishment.
(j)	If an appeal is granted on only a portion of the NJP imposed, the Report of Nonjudicial Punishment should be submitted with a copy of the appeal letter, which will be included in the official record.

4. **Misconduct - Civil Offenses.** In civil cases where an officer has been arrested in connection with, or charged with a civil offense that would constitute an offense if charged under reference (c), the CO shall report initial pertinent information to NAVPERSCOM (PERS-834) by encrypted e-mail. This includes civil charges for drunk, impaired, or reckless driving. Subsequent status reports shall be submitted (as appropriate). When the results of the civil action become final, the CO shall submit a Final Civil Action Report to NAVPERSCOM by letter (Exhibit 2) following the same procedures outlined above in

paragraphs 3d through 3g. Since this letter may become a part of the officer's official record, it will include the following:

(a)	A brief description of the incident for which the officer was investigated, arrested, or tried.
(b)	A statement of the charges as filed (if applicable).
(c)	A statement of the pleading or findings (if applicable).
(d)	A statement of the sentence imposed (if applicable).
(e)	A statement listing any diversionary or mitigating actions (i.e., community service, attend Mothers Against Drunk Driving meetings, attendance at a specified class, etc.) allowed by the court resulting in a dismissal of the civil charges.
(f)	A copy of the civil court document reflecting final disposition of the matter.
(g)	The command action being taken or recommended.
(h)	A dated acknowledgment by the officer, that the officer has reviewed the Report of Final Civil Action, was advised of any adverse actions recommended (including detachment for cause (DFC) or show cause) by the command, and that the Report of Final Civil Action will become part of the officer's official record. The officer's acknowledgement or statement should be the first endorsement to the Report of Final Civil Action.

5. **Misconduct - Other.** There may be cases where an officer has committed misconduct but there is no NJP, court-martial, or civilian conviction to report. This could occur for several reasons, the most common one being because the member refused nonjudicial punishment and it was determined that the misconduct did not warrant court-martial. In such circumstances, if the officer's CO believes that the misconduct warrants show cause, the CO may forward a Report of Misconduct to NAVPERSCOM (PERS-834) following the same procedures outlined above in paragraphs 3d through 3g. The following information and documentation should be forwarded with the Report of Misconduct:

(a)	A brief description of the misconduct.
(b)	An explanation of why disciplinary action was not taken.
(c)	A copy of the investigation and other documents explaining the misconduct.
(d)	A copy of the NAVPERS 1626/7 Report and Disposition of Offense(s), if officer refused NJP.
(e)	A dated acknowledgment by the officer, that the officer has reviewed the Report of Misconduct, was advised of any

	adverse actions recommended (including detachment for cause (DFC) or show cause) by the command, and that the Report of Misconduct may become part of the officer's official record. The officer's acknowledgement or statement should be the first endorsement to the Report of Misconduct.
--	--

6. **General Administrative Requirements Regarding Nonjudicial Punishment, Court-Martial, Civil Action, or Other Report of Misconduct**

a. Sample letters for reporting misconduct (NJP, civil conviction, or court-martial) are provided in Exhibits 1 through 3.

b. The command submitting a Report of Misconduct will include the officer's current working location or temporary additional duty (TAD) location (if removed from current duty assignment) and a unit point of contact at the alternate work location or TAD location.

c. Upon receipt of a Report of Misconduct as discussed above, Commander, Navy Personnel Command (CNPC) will take the following actions as the show cause authority (SCA):

(1) **Probationary Officers (Less than 6 years of Commissioned Service)**. If the SCA determines the officer should show cause for retention, a letter of notification of intent to initiate administrative separation proceedings will be sent to the officer via the CO.

(2) **Non-Probationary Officers or Cases Seeking an Other than Honorable Discharge**. If the SCA determines that the officer should show cause for retention before a board of inquiry (BOI), a letter of notification will be sent to the officer via the regional commander (who will act as the convening authority (CA) on behalf of the SCA for the BOI). The regional commander will provide a copy of the notification letter to the member's CO and chain of command (as appropriate).

(3) In those cases where an officer is being required to appear before a BOI, the following requirements are germane.

(a) CNPC will provide a copy of the Report of Misconduct to the regional commander simultaneously with the request for the CA to conduct a BOI.

(b) If the member, in fact, elects to appear before a BOI, the regional commander will request a copy of the official military personnel file (OMPF) from NAVPERSCOM (PERS-834). The OMPF will be provided within 5 working days.

(c) From date of notification, the member has 10 calendar days to elect whether he or she desires to appear before a BOI or elect other alternatives. An officer's failure to acknowledge the notification and elect his or her rights to which entitled constitutes a waiver of those rights. In the absence of selection of their rights, the regional commander or CA will initiate BOI proceedings.

(d) Reference (d) requires a BOI to be held within 60 days of an officer's election to appear before a BOI. Extensions of this requirement may be requested (if necessary) to NAVPERSCOM (PERS-834) via the regional commander. An extension will not be granted, except in the most unusual of circumstances.

d. Whether probationary or non-probationary, if the officer is not required to show cause for retention, NAVPERSCOM (PERS-834) will notify the officer of this determination via the officer's CO.

e. Other actions recommended by the CO or flag officer, (i.e., detached for cause (DFC), promotion delay, and filing of official documents into member's record) will be completed.

7. **Misconduct - Impacting Pay Matters**. CO's or commanders will report the results of all cases of unauthorized absences and any punishment from NJP or court-martial which involves a forfeiture or fine via their local personnel support detachment (PERSUPP DET) or disbursing officer to the Defense Finance and Accounting Service, Cleveland Center (DFAS-CL). This report will be in addition to the aforementioned report. The report shall include the inclusive dates of the unauthorized absence and or the details concerning the forfeiture or fine.

8. **Substandard Performance**

a. If a commanding officer believes that an officer's performance is substandard and warrants separation for cause, per enclosure (3) of reference (d), the CO may forward a request for administrative separation for cause to NAVPERSCOM (PERS-834)

via the member concerned and the first flag officer in the chain of command, if the requestor is not a flag officer.

b. Enclosure (3) of reference (d) provides a full list of the types of substandard performance that warrant separation for cause. A few common reasons for requesting separation for cause due to substandard performance are discussed below:

(1) **Physical Fitness Assessment (PFA) Failure.** A CO must forward a request for administrative separation for substandard performance if an officer fails three PFAs in a 4-year period from the date of the last failure. The package must contain a PFA Failure Notification received by the member prior to the third failure, per reference (e). Separation for cause due to PFA failure is authorized by paragraph 1a(9) of reference (d) under substandard performance.

(2) **Adjustment Disorder.** In enclosure (3) of reference (d), adjustment disorder is not expressly listed as a basis under substandard performance for separation for cause. In order for a CO to request an officer who has been diagnosed with adjustment disorder be administratively separated for cause, the CO must articulate how the adjustment disorder is impacting the officer's performance to such an extent that separation for cause due to substandard performance, per enclosure (3) of reference (d), is warranted.
